Lynda Kosinski Selected DAR Good Citizen

selected on the established qualities of leadership, dependability, service and patriotism. She will advance to the State Good Citizen Competition in December by taking a written examination, submitting a transcript of her grades and letters of recommendation. State award winners will receive educational scholarships and will advance to the National Scholarship Competition.

Lynda, a senior at Manchester High School, will be attending Michigan State University next year and major in business administration with a pre-law emphasis. Recently Lynda was the local winner of the Century III Leadership Scholarship Competition. She is advancing to the state level in that competition as well.

Manchester High School is very pleased to announce that Lynda Kosinski has been chosen as the school's Daughters of the American Revolution Good Citizen Award winner for 1985-86. Lynda is the daughter of Mr. and Mrs. Bert Dawdy of 10656 Clinton Road in Manchester.

Because our youth hold the future in their hands, the Daughters of the American Revolution established a Good Citizen Contest in high schools in 1934 to recognize and encourage outstanding young people in the pursuit of high ideals. Lynda was

Area Merchants Christmas Open House Sunday

The 5th annual Manchester area merchants "Christmas Open House" will be held on Sunday, December 1st, from 12 to 5 p.m. Area merchants will offer terrific bargains and special discounts that day. Local restaurants will feature menu's in keeping with the day.

Santa will arrive by his horse drawn buggy at 1:00 p.m. He will be at the Old Mill on Main Street until 4:00 p.m.

Thanksgiving

Good friends, good fun,
love and laughter...
may all the joys of this
special Thanksgiving
holiday be yours to share.

The November meeting of the Manchester Area Chamber of Commerce was held November 13, 1985, at the K of C Hall. Thirty-three members and guests were present at the noon luncheon and program.

Daniel Naimowicz, new Village Manager of Manchester, explained his operating procedure including the use of daily logs with records of contacts. He discussed the sewer system funding, four options for organizing police protection, and economic development resources. He would like input from the community to determine the preferred future development of Manchester.

The Chamber Board of Directors met November 20th at the Mill. Plans for the holiday reception on December 12th at the K of C Hall from 5-7 p.m. were completed. Decorating will be done the morning of the party at 11 a.m. Several members have volunteered to help. All members are urged to attend the reception and to bring guests. There will be a \$3 charge per person.

On December 3rd at 7 p.m. in the K of C Hall, First of America and The Community Betterment Committee will sponsor a security seminar for local merchants and their employees. Thomas Hanselman, First of America Security Officer, will discuss counterfeiting, credit card fraud, bad checks, and identifications. Employees that deal directly with the public should attend. Business owners should phone Joe Marshall at 428-9357 or Mark VanBogelen at 428-8380 to indicate the number of people attending so that adequate plans can be made.

Joe Marshall reported for the Community Betterment Committee. Santa will be in Manchester on December 1, 7, 8, and 15. Merchants will be asked to extend their hours on days having special events. Joe said there are numerous ways for Manchester to get outside publicity. For example, the Ann Arbor Area Chamber of Commerce Visitors and Conference Bureau will include the Manchester Antique Mall in its advertising packet. The Travel Editor of the Detroit Free Press is interested in doing a photo story on Manchester.

The next Board meeting will be December 18th at 12 noon in The Mill. Directors are to bring a rough draft of their division's goals and objectives. From these reports, Jim Mann will coordinate an effort to draw up job descriptions for all of the divisions.

Days Of Thanks For God's Mercy— English Custom

Ours By Adoption

Made A Stated Instead Of Special
Day Is Only Change That Has
Taken Place

Thanksgiving day, like most of what we have, is not our own, being English in its origin and receiving merely new significance from its adoption. Englishmen have always followed the custom of setting aside days to commemorate public blessings. The discovery of the Gunpowder plot was marked so and, similarly, special events have been marked. We have made it a stated instead of a special day and that is all of the American character that it has and it was not until New England had been settled eighty years that it became a stated day, and there it was a stated, annual day for a long, long time before it obtained national adoption in any shape.

The first public Thanksgiving observed by the Plymouth colony was in the autumn of 1623. A long drought was met by a day of fasting and prayer. The drought ended, abundant rains came, good crops followed and the Puritans remembered the event in a Thanksgiving day. Oliver Cromwell's victories they similarly marked. From that time until the union with the Massachusetts Bay colony in 1691 seven Thanksgiving days were observed.

First Thanksgiving
The Massachusetts Bay colony kept its first Thanksgiving day as soon as the last of Governor Winthrop's ships arrived in Boston harbor. "So now," says the chronicler, "all the whole fleet being safely come to their port they kept a public day of Thanksgiving, July 8, 1630, to give thanks to Almighty God for all His goodness and wonderful works which they had seen on the voyage." Here was the old English custom of Thanksgiving for a special thing. Nearly every year after that a similar public day of thanks was observed in this colony for some special thing. In 1633 it was for "bountiful harvests and a great arrival of persons of special use and quality."

Since 1700 the annual Thanksgiving has been observed in all New England, and the clergy with commendable zeal have improved the occasion to "get in their

work" on topics which the Sunday sermon would not admit of. It is said that a collection of New England Thanksgiving day sermons arranged chronologically would be a complete index and annotation of the social and political questions that have engaged attention for the last two centuries.

When Dutch Gave Thanks

But New England did not monopolize the custom. The first Dutch in New York gave public thanks on extraordinary occasions and the journals of the Continental congress show eight appointments by that body of Thanksgiving days, recommending to the executives of the various colonies the observance, and with one exception the congress suspended on the Thanksgiving days that it had appointed.

The Protestant Episcopal prayer book, ratified in 1789, appoints the first Thursday of November as a Thanksgiving day unless another day shall be appointed by the civil authorities, and it was frequently observed in New York before the civil authorities fell into the custom of appointing similar days. On several occasions bishops of the Episcopal and of the Roman Catholic church have issued letters recommending the observance of such a day and prescribing forms. The plenary council of the latter church at Baltimore, in 1885, recommended that the observance of the day be regarded as a church feast, but nothing further has since been done concerning it and it stands here simply as a civil observance.

Thomas Jefferson's Attitude

George Washington issued thanks, giving proclamations twice and during John Adams' administration two also were issued. Jefferson would have none of them. In a letter to Rev. Mr. Miller, in 1808, after setting out that the national government was interdicted by the Constitution from intermeddling with religious institutions not only because of the provision for the free exercise of religion but also because of the powers reserved to the states, with which, if with any human authority, must rest religious discipline, he says:

"But it is only proposed that I should recommend, not prescribe, a day of fasting and prayer. This is, that I should indirectly assume to the United States an authority

Letter To The Editor

Many people in the School District have donated time and money to the completion of the great new athletic complex. Let us be thankful for this community spirit and dedication.

May we now concentrate on another area of our youth's development? New uniforms are needed for the High School Band. They currently have thirty eight members with no uniforms for the thirty incoming freshmen who wish to participate. Band Boosters are conducting a campaign to raise funds to help the School District purchase new Band uniforms. The old ones can't be matched.

Let's give our Band youth a boost with a little more of this community spirit.

Thanks for listening,

Icy Bridges Pose Motorist Hazard

Unwary motorists beware! Cool fall mornings can produce a real hazard for drivers, warns the Michigan Department of Transportation (MDOT).

The hazard is a thin coating of ice formed on unprotected bridges which tends to freeze before the road surface becomes icy.

The reason bridges freeze and the road does not is that cold air blows beneath bridge surfaces causing temperatures to remain colder. So even when road surfaces are clear and dry, bridges may be dangerous.

Usually icy bridges are more of a problem in late November and early December in the Lower Peninsula, even earlier in the Upper Peninsula. Travelers on Michigan's highways are urged to approach bridge crossings with

Manchester Cooperative Preschool Fall News

Derick Hanewald and Megan Kennedy have fun at preschool with zipper hand puppets.

Temporary Postmaster Donna Hofmeyer tells preschoolers about out of town and Manchester mail slots.

The children at the Manchester Cooperative Preschool have had a busy fall this year doing a variety of activities.

They've learned about community helpers and visited the Manchester Post Office with Mrs. Hofmeyer. The Monday, Wednesday, Friday Class also walked to the Village Bakery where they ate ice cream donated by Mr. and Mrs. King. Costumes of police officers, firefighters and nurses' hats as well as doctor's kits were made to play with while they learned.

Special "Me Books" were made by each child with their hand-prints and footprints in them to take home and keep. They all found out how special they are in the way they look and by the things they liked.

In October they visited a garden of giant pumpkins at the home of Paul and Helen Kemner. They also carved a giant pumpkin for the classroom. Apples were also investigated, peeled and chopped by the children. Stars were found inside of the apple along with a core and it's seeds. To culminate the unit the children made applesauce and apple cinnamon muffins for a special snack.

During Halloween everyone dressed up and had a Halloween Fun Day with special games including a Halloween obstacle course to climb, jump, crawl and slide through. Halloween safety was also talked about. After singing Halloween songs, they ate special snacks that they decorated.

It has been a very busy but fun fall. All sixty children at the Manchester Cooperative Preschool and their teachers' Eloise Kemner and Sherrie Finkbeiner now look forward to an exciting and fulfilled winter.

The Manchester Cooperative Preschool admits students of any race, sex, color and nationality or ethnic origin.

Council To Review Options of Police Protection

RE: Police Protection

The Village of Manchester is reviewing all options for providing local, accountable police protection. Currently there are four options. To date no decision has been made.

The first option is to promote from within. The Chief would be appointed from existing personnel based on past performance and length of service. The second and third option involves hiring a Chief from outside. One would entail using a non-road patrol chief. The other would require layoff of current personnel in order to put a newly hired Chief on the road. (With current labor law this is not so simple as it may seem.) The fourth option is to contract with the Sheriff. In order to accurately assess this option it was necessary to identify the questions that arise when one considers local protection. The following questions were identified as necessary in order to compare the relationship of a local municipality to police service provided by the Sheriff.

Visitations were made to Dexter, Ypsilanti Township, Northfield Township and calls were made to other municipalities that had used the Sheriff. The following questions were asked about the Sheriff when used for local police:

1. CHOOSE CHIEF

Who chooses the Chief. Dexter answered that they interviewed three fully trained sergeants and choose the one that they wanted.

2. VISIBLE AND PERSONAL

Are they visible and personable? Northfield said absolutely. Dexter agreed.

3. INFLUENCE

Can certain individuals exert "influence" over ticket writing, etc. Unanimously no!

4. DIRECT CONTROL

Will they implement local directives, example radar, etc?

Yes. Ypsilanti Township suggests that local management is the key to a successful relationship.

5. WILL THEY ASSIST AT

- a) Dances - Yes
- b) Ballgames - Yes
- c) Chicken Broil - Yes
- d) Fair - Yes
- e) Crossing Guards - Yes

6. WHAT HAPPENS TO CURRENT EMPLOYEES

The qualified employees of the current department will be taken into the Sheriff Department.

7. CAR REPLACEMENT

There are current mutual aid agreements that will continue with surrounding communities.

SPECIAL NOTE:

Budget, capital outlay, and legal liability are all transferred to the county. This can be significant since many suits against police can result in settlements which local municipalities can not afford.

GENERAL COMMENTS:

The Village of Dexter uses the Sheriff for their local protection. Within eight years two complaints have been voiced and rectified. They exceeded the budget by \$400 and had to justify a few overtime hours. This constitutes a favorable report as does their performance in Northfield. Ypsilanti Township is phasing in local protection and emphasized that contract administration is the key. This issue has not been considered in Chelsea. In Scio, the Sheriff provides for off hour shifts.

SUMMARY

Financially the Chief in administration is the most costly unless that person is a road patrol person. The Road Chief is most difficult to implement. Promoting from within could be a smooth transition if feasible. The Sheriff competes financially and performance wise but may have an edge in the area of legal liability. No matter which option Council chooses we are committed to a local, personal, professional enforcement agency in

Manchester. This review was completed to answer non-technical questions.

It is understood that a local department and the variety of options available has a positive review when asking the same questions on choosing a chief, visible and personal, influence, direct control, will they assist at, what happens to current employees, and car replacement.

By 1995, four years at a state-supported school will cost \$50,000 or more. Private colleges already cost this much. And most of us simply don't have that kind of money to spare. That's why Comerica offers some good solutions to the problem. If you have small children, we can suggest several long-range deposit plans that let you accumulate assets gradually. By the time your child is ready for college, the money will be waiting. If your "child" is a strapping six-footer, we have more immediate solutions. One popular choice is Equity Line, a credit line

Two Sunday Worship Services Offered

Expanded opportunities for worship during the four Sundays in Advent will be available at Emanuel United Church of Christ, 324 W. Main Street, Manchester.

Two Services of Worship are planned for 9 a.m. and 10:30 a.m. in the Sanctuary, beginning Sunday, December 1st. Instrumentalists and Soloists are scheduled for the early service and the Adult Choir will sing at the later service.

On the first Sunday of Advent, Harpist Miss Kristina Steffenson will be guest soloist on her harp, and children will participate in a "Hanging of the Greens" ceremony. Then, on December 8, the Emanuel Bell Ringers will perform and new members will be received into the life of the congregation.

Emanuel's Church Council and its Pastor, Rev. Robert Macfarlane, invite to Worship all in the community who wish to deepen their faith and their relationship with God, as together we welcome the advent of the Christ Child into our lives. Choose either 9 a.m. or 10:30 a.m. whichever is better for your family.

Manchester To Compete In National Academic Contest

Students at Manchester High School will compete with teams from hundreds of schools across the continent in the National Knowledge Master Open on December 4. The Open is the largest academic contest in which junior and senior high students participate without traveling to a central competition site.

Each school entered needs only an Apple II computer and a special contest disk prepared by Academic Hallmarks, the educational software publisher which presents the Knowledge Master Open twice each school year. The students as a team will attempt to answer 200 multiple choice questions that are relevant to secondary school curriculum areas including literature, geography, current events, history, music, math, government, science, art and many other categories.

Competing teams are instructed to call the company's headquarters in Colorado on contest day to obtain the secret password to gain access to the disk's 200 never-before-seen questions. The program tracks each team's scores based on speed and accuracy, and the encoded scores are phoned to Knowledge Master headquarters where final standings are determined.

The number of schools represented has risen from 85 in the first contest in the fall of 1983 to 650 last spring. Over 1000 teams are expected in the upcoming match. This is the first time Manchester High School has competed in the Open according to academic coach Richard Parson.

Hit or Miss

We just saw the figures showing that this area is the recipient of the biggest apple crop in history but apples need some help from the advertising world even though apple pies are the leaders of the pie variety favorites in these United States - they need help to spread the virtues of the some 6,000 varieties known to exist.

There is much more than the most frequently requested varieties which include Jonathans, Red and Golden Delicious, Granny Smith, McIntosh and Rome Beauty. In the supermarket produce areas, those names ring in your ears all the time but there are many oddball varieties which one should know and try. You never hear about them. And what's become of the old standbys which we used to see in the orchards? There were Harvest (the earliest ones - delicious to eat or in sauce or pies), Snows, Pippins and Northern Spies and others like the sweet apples Tallmans? They seem to have vanished except when bought at the orchards.

If you want to widen your taste for apples getting to know the oddballs is worth the effort say the experts but it takes considerable effort as the apple season is winding down. Oddballs are distant cousins to the old standbys in that they are the result of experimentation by horticultur-

alists and hobbyists in the orchard owners fields. New seeds are being cultivated and the trees grafted. These oddballs go by such exotic names as Tydeman, Early Blaze, Sapphire Reds and Bazaara Apples. Why can't we find Gray Starks for sauce, Spencer for baking or for eating or cooking? It has a lot to do with economics. They're grown in small quantities and these supplies are inconsistent and consumer knowledge about them is next to nothing. If their names do not ring a bell don't feel bad, even the people in the produce business don't know them. May we present some of them:

Early Blazer; an early apple with a taste similar to a Jonathan.

Empire; Semi-tart and juicy. A cross between a Jonathan and McIntosh. Grown in Michigan and New York for eating and sauce.

Mutsu; Semi-firm, sweet-tart juicy apple from California for eating and salads.

If you want to try an oddball apple ask the produce manager at the super market. Maybe he has some in the storeroom and check the small specialty fruit stores. When buying apples watch for bruises and with a color appropriate to the variety and be sure that they stand in a cool dry airy place. Here are some cooking tips for apples, according to a book, "The Joy of Cooking." An apple of poor flavor can be improved in cooking by the addition of lemon juice. After paring save the cores and skins and simmer them in water to cover. Then use the liquid to moisten the dry apples during cooking. To prevent browning, dip each slice in lemon juice or some other tart fruit juice. Here are other oddballs with a description of their taste:

Winter Banana; a taste similar to a Golden Delicious, for eating or cooking.

Cortland; sweet-tart taste similar to a McIntosh and a Jonathan, from Wisconsin.

Prima; early season apple from Wisconsin for cooking.

Russet; an eating apple from Michigan. A very firm apple that people used to store in the ground.

Sapphire; taste similar to Jonathan, for eating.

Tydeman; an early season apple similar to a Jonathan or a McIntosh. Does not store well, mostly for pollination, from New York.

Big Buck Contest Open To All Deer Hunters

The Department of Natural Resources (DNR) Wildlife Division again joins with Commemorative Bucks of Michigan, a non-profit organization, to host the fifth annual Michigan Big Bucks Awards Program.

All archery, firearm, and muzzleloader deer hunters, both resident and non-resident, who take large antlered whitetailed deer in Michigan this year are encouraged to enter the racks of their deer in this annual competition.

"Each year this program recognizes and awards the archery, firearm and muzzleloader deer hunters who take the largest typical (symmetrical) and non-typical (non-symmetrical) white-tailed deer rack during that year's Michigan deer season," explains Ed Mikula, DNR Wildlife Division Chief. "The program also helps maintain Michigan's all-time records on whitetailed buck deer," he adds. "Commemorative Bucks of Michigan, which will be scoring all the racks received, has demonstrated the ability to run a high quality, statewide contest, and we at the DNR are pleased with our continued association with them in this program."

Classifications for the contest include typical and non-typical racks taken by: 1) any weapons, 2) muzzleloader, and 3) bow and arrow. Categories of participants will include: 1) all hunters, 2) women hunters, and 3) hunters under 18 years of age.

There is no charge to enter this awards program. Before official measurements (antler size and mass) can be taken, however, a hunter must dry the rack a minimum of 60 days before taking it to be scored. A score will be recorded and submitted for award consideration by an official Commemorative Bucks of Michigan measurer, providing the antlers attain minimum score requirements.

For a list of official Commemorative Bucks of Michigan measurers, contact your local DNR Office, or call or write Commemorative Bucks of Michigan, 4365 S. Commerce Road, Union Lake, MI 48085/313-863-8620.

All hunters whose deer are entered in the 1985 Michigan Big Bucks Awards Program will receive a certificate recognizing their accomplishment. An awards dinner, typically held in the Spring, will award the two top scorers in the respective classifications with a plaque from Commemorative Bucks and a pewter belt buckle from the DNR.

Annual Appeal Launched

Saline Community Hospital's Annual Appeal has been launched with the mailing of letters to friends of the hospital citing special needs at the health care facility.

The Hospital Development Council, chaired by David Carpenter, is asking the community to donate to help meet these needs. More than \$200,000 worth of equipment is needed for the Emergency Department, Intensive Care Unit and the Surgical Department of the hospital. Of that total, more than \$50,000 is needed to purchase highly specialized orthopedic equipment for the hospital's expanded orthopedic services.

"The people in the communities served by the hospital have always been most generous when asked for support," Mr. Carpenter said. Support for the hospital comes from individuals, foundations, the hospital family, business and industry.

"This institution was built by the residents of the communities it serves," Mr. Carpenter noted. "It is gratifying to note that, despite the reduction in payments by Medicare and Medicaid, Saline Community Hospital continues to be able to purchase high technology equipment with the continued strong support of those communities."

Information on giving opportunities at the hospital may be obtained by telephoning the Development Department at 429-1580.

Fire Department Visits Klager School

Herbert Widmayer, Gary Wiedmeyer and Don Steele present fire safety rules to Klager children.

Fire safety was the topic when representatives of the Manchester Fire Department visited Klager School last week. Students learned about the job of the fire department and what they should do in case of a fire.

Firefighters, Gary Wiedmeyer, Herbert Widmayer and Don Steele demonstrated some fire fighting equipment and showed amazed children how an ordinary person can become transformed into an almost outer space looking creature when wearing full protective fire gear.

The firemen also recommended that every family choose a meeting spot well away from their house, at which to gather if they should be forced to evacuate their home. Meeting in a pre-arranged place makes it easier to be certain that all family members are safely away from a fire.

ANNOUNCEMENT

We are pleased to announce that the Large Animal portion of Eames Animal Clinic (ie, horses, cattle, sheep, and swine) is now under the direction of David C. Bucholtz DVM, and in association with James A. Moore DVM.

THE VETERINARY STANDARD will be located at 11271 Pleasant Lake Road, next to the Aura Inn in Freedom Township. Our office phone number is 428-8580, and will be staffed daily 7 a.m. till 3 p.m. After hour calls and emergencies will be promptly handled through our answering service at 668-3084.

We will be an ambulatory practice. This means that all of our actual veterinary work is done at your home or farm. Our office is used exclusively for business management, inventory supply, and over the counter dispensing.

We hope this format will provide you with the very best of veterinary care, which your horse, herd, or flock so richly deserves. We welcome any comments or suggestions you may have to help us provide a better Animal Health Service.

Looking forward to seeing you this fall!

Cheese Rabbit Fits Buffet Service

Cheese Rabbit can be served as simply as Sunday night supper for the family or dressed up to fit a buffet for guests. Once called "savories," and often "rarebits," these thick cheese mixtures can be served warm over English muffins, toast, rice or noodles.

According to Webster's International Dictionary, the correct term is "Welsh Rabbit." The term "rarebit" developed because it was jokingly referred to as a "rare bit." Food lore tells us the name "rabbit" was given this dish when a Welshman served it as a substitute for game. When topped with a poached egg, it is called "Buck" or "Golden Buck"; and, when made with tomatoes, the name is "Woodchuck." The Joy of Cooking prefers to use "rarebit," so you are encouraged to use the name you like.

This rabbit recipe from American Dairy Association uses a base of cream of mushroom soup. Onion, curry powder and Worcestershire sauce enhance the flavor of the sharp Cheddar cheese.

For the buffet, put the Cheese Rabbit into an electric skillet or chafing dish. You can also use a hot tray to keep it warm in a heatproof casserole or pot.

A colorful salad mold looks appetizing and adds the goodness of fruit and yogurt to the buffet meal. Choose a seven-cup mold in an interesting shape as a focal point for the buffet.

CHEESE RABBIT
8 servings
1/4 cup (1/2 stick) butter
1/4 cup finely chopped onion
4 cups (1 pound) shredded sharp Cheddar cheese
1 can (10 3/4 ounce) condensed cream of mushroom soup
1/2 teaspoon Worcestershire sauce
1/4 teaspoon curry powder
1 egg, slightly beaten

Melt butter in heavy skillet. Sauté onion until tender. Add cheese and cook over low heat, stirring constantly until cheese melts and is blended with butter. Blend in soup, Worcestershire sauce and curry powder until thoroughly mixed. Add egg slowly, stirring constantly until well blended. Garnish with green pepper rings and pimento cut in star shapes, if desired.

TWO-TONE SALAD MOLD
8 servings

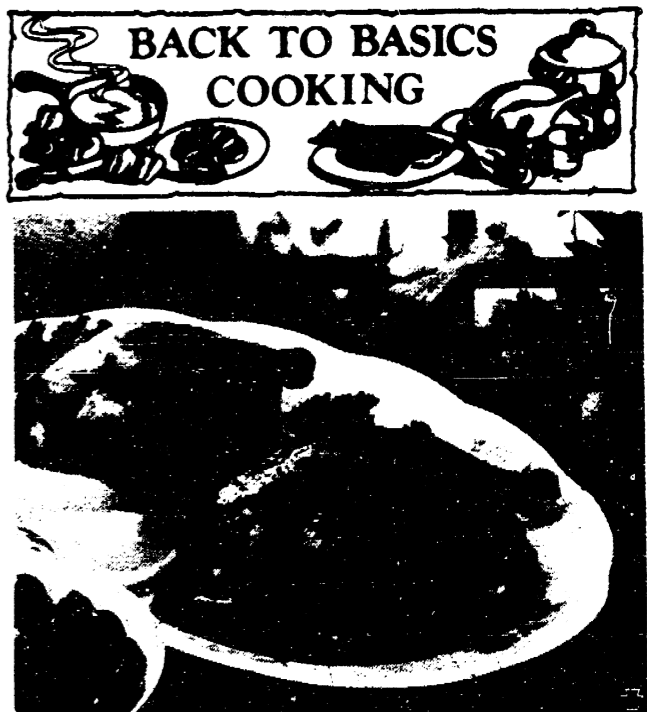

Orange layer:
1 can (11 ounces) mandarin orange segments
1 cup boiling water
1 package (3 ounces) orange flavor gelatin
1 carton (8 ounces) plain yogurt
3/4 cup finely chopped celery

Raspberry layer:
1 package (10 ounces) frozen raspberries, thawed
1 cup boiling water
1 package (3 ounces) raspberry flavor gelatin

For orange layer, drain orange segments, reserving 1/2 cup syrup; set aside. Pour boiling water over gelatin; stir until dissolved. Add reserved orange syrup. Chill until partially set. Add gelatin mixture to 1/2 cup yogurt slowly, blending thoroughly. Add raspberries. Add orange segments and celery. Turn into 7-cup mold. Chill until set but not firm.

For raspberry layer, drain raspberries, reserving 1/2 cup syrup; set aside. Pour boiling water over gelatin; stir until dissolved. Add reserved raspberry syrup. Chill until partially set. Add gelatin mixture to remaining yogurt slowly, blending thoroughly. Add raspberries. Pour over orange layer. Chill until firm.

BACK TO BASICS COOKING

You know fall is really on its way when you begin to see bright, fresh cranberries in the market. In this delightfully festive recipe, cranberry sauce, brown sugar, onion, cinnamon and low-sodium Kikkoman Lite Soy Sauce combine in a warm garnet-colored glaze for succulent Rock Cornish hens. The rich, flavor enhancing qualities of all-purpose, naturally brewed soy sauce are well known. The only difference in low sodium soy sauce is that 40 percent of the salt is extracted after brewing — a real plus for those concerned about the amount of sodium in their diet. This delicious glaze is brushed on the inside and out, so the tender, little hens have a delicate and mouth-watering flavor. This one recipe you'll want to serve all year long — not just at holiday time.

CRANBERRY GLAZED HENS

4 fresh or frozen Rock Cornish hens (thawed, if frozen)	3 tablespoons Kikkoman Lite Soy Sauce
1 can (8 oz.) jellied cranberry sauce	1 teaspoon onion powder
1 tablespoon brown sugar, packed	1/4 teaspoon ground cinnamon

Remove and discard giblets and necks from hens. Rinse under cold running water; drain well and pat dry. Combine cranberry sauce, brown sugar, lite soy sauce, onion powder, cinnamon and 3 tablespoons water in small saucepan. Heat over medium heat until cranberry sauce dissolves and mixture is smooth (do not boil). Remove from heat and cool slightly. Place hens, breast side up, on rack in shallow pan. Thoroughly brush cavities and skin of hens with glaze. Bake in 375°F. oven 70 minutes, brushing hens with glaze every 35 minutes. Cover hens loosely with aluminum foil; return to oven and bake 30 minutes longer, or until hens are tender. Let stand 5 minutes before serving. Makes 4 servings.

School Board Notes

**Manchester Community Schools
Regular Meeting
November 18, 1985**

The meeting was called to order by President Kent Talcott at 8:10 p.m.

All members were present. Superintendent Thompson advised that he had received a communication from Mr. John Wallace regarding a real estate matter which would require executive session.

Mr. Talcott reported that he had received a copy of a senate bill from a citizen regarding transportation procedure. He asked that it be reviewed by our department.

Minutes of the regular meeting of October 29, 1985, and the special meeting of November 5, were approved.

A financial report showing a balance of \$590,620 as of October 31, was approved. Bills in the amount of \$237,406 were paid.

Mr. Brian Knox, Boiler Engineer, was present for a final briefing with the Board. There are persistent problems with the new water softener. Mr. Knox advised that he had told the contractor that one more attempt could be made to repair the item but if this failed it was to be replaced. The boiler has been connected to the computerized control system and is working fine.

Mr. David Haffey from the accounting firm of Curtis, Bailey, Ekelby and Sposito was present to report to the Board. Mr. Haffey's annual audit reported sound business procedures and controls, but warned the district was operating on a "razor-thin" financial edge. Copies of the audit are available.

Mr. Robert Miller and Mrs. David Mieras from the South & West Washtenaw Consortium for Vocational Education were present to report on their study of graduates from Manchester High School. The study indicated that fifty percent of the graduates of the class of 1984 were involved in continuing education. Copies of the report are available.

Superintendent Thompson reported regarding the Out-of-Formula School District organization. He indicated that the cost of membership had dropped to

thirty five cents and that at some point in the near future he would probably recommend that the district obtain such a membership.

Superintendent Thompson indicated to the Board and audience that in committee he has suggested to the Board the concept of appointing a Citizen's Advisory Committee to work with the Board on financial and other matters. He indicated that this suggestion was based in the thought of better utilizing the expertise available in the community as well as establishing a wider base of informed persons.

The Board discussed the concept among themselves and with members of the audience. Mr. Gary Acree volunteered to investigate the idea in the community and to report back to the Board at the December meeting.

Mr. Bill Kemner was present from the Middle School Athletic Boosters to present a check to the Board in the amount of \$5,000 to pay for basketball and cheerleading at the Middle School. He reported that additional fund raising would provide the money necessary for wrestling and volleyball. The Board thanked him and the parents involved for their interest and involvement, and indicated their support.

The Board approved the administration's recommendation to appoint Walter Paszkiet as Varsity Basketball Coach, Curt Fielder as JV Basketball Coach, Kelly Haight as JV Volleyball Coach and Dan Jordan as Wrestling Coach. It was reported that a vacancy currently exists for the Varsity Volleyball position.

Two year contracts through June 30, 1987, were approved for Brian Schick, Middle School Principal, and JoAnn Okey, Klager Elementary Principal.

The resignation of Mary Schaffer, Special Education Teacher at Klager, was accepted.

Superintendent Thompson reported that administrators were working on the California Achievement Test Data report and that assistance had been requested from the test publisher

for statistical interpretation. It was reported to the Board that Mrs. Okey is currently reviewing state guidelines for the fourth grade Reproductive Health Program and would soon make recommendations to the Superintendent regarding review committee membership.

The Board authorized the Superintendent to proceed to hire teacher aides for the Kindergarten classes.

Superintendent Thompson presented his recommended 1985-86 budget to the Board with the recommendation that it be referred to the finance committee for study and final recommendations. As drafted the budget projects a balance of approximately \$40,000. Projected revenues are currently 3.56 million dollars. Projected expenditures are currently 3.50 million. The unreserved fund equity as of June 30, 1985, was a deficit of \$8,500.

President Talcott reported to the Board regarding the work of the grievance sub-committee. The committee had met with the WLEA to hear their statements regarding two grievances involved with teacher lay-off. After a lengthy and detailed report the Board approved the Committee's recommendations to deny both grievances. Mr. Talcott was authorized to write and sign the Board positions.

The Board moved into Executive Session at this point to discuss a real estate offer from Mr. John Wallace.

The meeting was adjourned at 11:15 p.m.

Days of Thanks

over religious exercises which the Constitution has directly precluded them from. It must be meant, too, that this recommendation is to carry some authority, and to be sanctioned by some penalty on those who disregard it; not indeed of fines and imprisonment, but of some degree of persecution, perhaps, in public opinion. And does the change in the nature of the penalty make the recommendation less a law of conduct for those to whom it is directed: I do not believe it is for the interest of religion to invite the civil magistrate to direct its exercises, its disciplines or its doctrines, nor of the religious societies that the general government should be invested with the power of effecting any uniformity of time or matter among them. Fasting and prayer are religious

exercises, the enjoying them an act of discipline. Every religious society has a right to determine for itself the times for these exercises, and the objects proper, for them according to their particular tenets, and the right can never be safer in their own hands where the Constitution has placed.

Colonial Heritage

But the observance of the day came as an old New England and New York custom, a Colonial heritage. Lincoln appointed November 26, 1863, as a day of national thanksgiving.

We have kept pace with the custom since and it has become a day of feasting and less of fast; a day of devotion to pleasure and rest, though withal a day of thanksgiving marked by scant church attendance and more or less quiet hours.

families in need. The 1985 Wishbook contains descriptions of the holiday needs of 21 local United Way member agencies. Volunteers interested in donating time, money, services or items such as food and toys may contact one of the 21 agencies directly. Wishbook requests range from food baskets to volunteers who can help handicappers buy and wrap their gifts for others. Many involve helping with an agency's holiday party.

The Wishbook is an excellent way for prospective volunteers to become acquainted with a particular agency while helping to share the holiday spirit. Opportunities for longer-term volunteer involvement are available at each agency. Wishes listed in the Wishbook supplement the regular services of the agencies, which are supported by United Way dollars. For a copy of the 1985 wishbook or for more information on how you, your family or group can share the spirit of giving, call Susan Caldwell or Liz Cramer at the United Way office, 971-8200.

Mr. Dennis Rice

between living things and the environment. Mr. Rice also discussed point source and non-point source pollution of water and showed slides from several parts of the county to illustrate the ideas presented. Thank you, Mr. Rice, for coming to our classes and helping us to better understand our world.

Erosion of soils reduces the productive capacity of the land. The amount of soil sediment carried into the oceans of the world has increased from nine billion tons per year before the introduction of agriculture to twenty-four billion tons per year in the late twentieth century. Farmland is being lost to mining and urban development at the rate of 220 acres per hour. Michigan has lost almost 40% of its prime farmland in the last thirty years. Food production increased by 150% between 1950 and 1980.

During that period the use of agricultural chemicals increased by 600%. Record production of food continues in the United States while farm prices are declining. Meanwhile, according to some studies, over half the people in the world do not get enough food. These are some of the facts that were presented by Mr. Dennis Rice of the Washtenaw County Soil Conservation District to Mr. Boyce's seventh grade science classes. The students are currently studying ecology which is the study of the interactions

Students Encouraged to Submit Essays

The State Bar of Michigan today announced the 1986 Law Day Essay competition is open to all seventh, eighth and ninth grade students in Michigan schools. Students are invited to submit original essays of not more than 300 words on this year's Law Day Theme, "Foundations of Freedom." Avis Hinks, Law Day Chairperson of the Michigan Lawyers Auxiliary, explained "This competition, sanctioned by the Michigan Education Association, is held by the State Bar and Michigan Lawyers Auxiliary to encourage young people to give thoughts to the importance of our laws and the administration of justice to the freedoms under which we live."

Awards for the top 1986 Law Day essays include U.S. Savings Bonds of \$200, \$150, \$100 and \$50, engraved plaques and dictionaries. Winners, their parents and their teacher will be guests at the state-wide Law Day luncheon to be held on May 1, 1986 at the University Club, Lansing.

Entries must be postmarked no later than March 1, 1986. More detailed information may be obtained by writing: Ms. Karen Adams, State Bar of Michigan, 306 Townsend Street, Lansing, MI 48933.

They must be composed entirely by the student and not consist of quotations from other works.

QUESTION OF THE WEEK

Where should I put my feeder to attract the largest number and widest variety of birds?

Answer:
For best results, put your feeder in the sun, yet away from the wind. Also, make sure that it is about six feet from sheltering trees and shrubs. Naturally, place your feeder where you can also watch and enjoy the birds' folly.

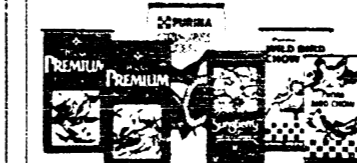

SPECIAL THIS WEEK

\$6.35

Contains real fruit ingredients and natural berry flavors birds love.

We're the answer to all your wild bird feeding needs.
