Strange Man Committed Suicide At City Hotel Tuesday Night

Tuesday afternoon a well dressed man apparently 40 to 45 years of age, and a traveling man, called at Fred Widmayer's hardware store and asked to be shown a revolver. With but few words he purchased the weapon asking Fred to load it with cartridges. Fred gave him five cartridges, but noting the singular conduct of the man, told him he could put them in himself. The stranger then inquired about hotels and restaurants and left, going across the street to the Freeman house. At the hotel he registered as H.S. Davis and was assigned a room. He called for writing material, etc., and was shown to his room. He was out and in two or three times and finally appeared at the back part of the house and inquired of the girls if he could not go up the back stairs to his room. The girls thought strange of this and called the landlord, who told him to go up by way of the office. The fellow had previously paid his bill and when he did so, Mr. Jewett jokingly asked him if he was going to skip out.

It appears that he applied for a room at the Miller hotel and other places and finally went over to the city hotel and told Mr. Reichert that he could not get a room at the Freeman house, so Mr. Reichert gave him one. He at first asked to be called, then said "this bed feels good, let me sleep." Wednesday morning he did not appear and Mr. Reichert could not get any response when he rapped

on the door. He then notified Deputy Sheriff Dietle and they broke open the door and found the man apparently asleep. In his right hand he grasped a revolver and in his left an open knife. He was dead. A bullet hole was found back of his right ear, and he had undoubtedly taken his own life.

He had removed only part of his outer garments and had covered his head with the bed clothes, probably to muffle the report of the revolver. Justice Kelly being notified, searched the man's pockets and found an envelope addressed "Mrs. E.H. Dow, Carbondale, Pa." in which were two Michigan Central railroad tickets and trunk checks to match. One ticket was issued Feb. 4th at Chicago to Scranton, Pa., the other at Kalamazoo, Feb. 5th, to Chattanooga, Tenn. The Chicago check was No. 53,710, the Kalamazoo check No. 272,666.

In the pocket was found a scrap of paper on which was pasted a woman's picture and underneath was written "My wife". An identification slip dated 1-17-07, read: My name is E.H. Dow. Father's address is W.A. Dow, Sioux Falls, S.D. In case of accident wire Mrs. E. H. Dow, Carbondale, Pa. There was also a gold watch and chain, \$32.56 in money, two rings of keys, on one a tag appeared No. 333150. There was a receipt for \$25, also a receipt which reads: "Unity Lodge, No 130 A.F. & A.M., S.D., June 22, '06. Received of Bro. Dow, \$15 for Fellow Craft degree, A.H. Tuft, Secretary." Written on Freeman house letter paper was the following: "God bless my beloved mother, father, brother and sisters. Ask Hattie—it is not

Financial & Stress Assistance For Farm Families

The decade of the 70's saw agriculture in a position of increasing prices, land values, and rapid expansion of our farms. Those good times caused many farm families to increase the size of their business and in doing so, become highly leveraged.

The decade of the 80's has produced agricultural conditions just opposite of the 70's. Prices of all commodities have dropped, land value has decreased, and many farm families are now experiencing decreasing net worth, negative cashflows and increasing emotional and physical stress on themselves and their families.

Your Washtenaw County Cooperative Extension Service is pleased to announce two approaches to assist farm families through these difficult times. The first approach is the Farm Family Assistance Program. The second approach is the Extension Management Assistance Team.

The Farm Family Assistance Program is designed to allow farm

families to make an appointment for Farm Financial and Cashflow assistance and help with ways of coping with stress management. The farm family would make an appointment through their Extension Office and would travel to the Washtenaw County Extension office on January 29 and/or 30 to receive help from a team of Extension workers specially trained for this purpose.

The Extension Management Assistance Team is made up of the same Extension workers, and will provide the same assistance but on the farm instead of a central location.

The farm family will also need to contact their Extension Office to make arrangements for a visit by the Team.

If you would like to participate in either of these programs, contact your local Extension workers, Morse Brown, County Extension Director, Bill Ames, Extension Agricultural Agent, or Renee Deter, Extension Home Economist at 313-973-9510.

Low-Income Fuel Bill Assistance

Applications for the low-income fuel-bill assistance will be taken by the Washtenaw County Community Services Agency (CSA) starting Monday, January 6, 1986.

The locations of the CSA staff members who take applications will be the public offices of Detroit Edison and Michigan Consolidated Gas Companies in Ann Arbor and Ypsilanti.

In Ann Arbor, the Detroit Edison office is at 423 S. Main St., and applications will be taken there on Monday and Friday from 9:00 a.m. to 12 noon and 9:00 a.m. to 4:00 p.m. on Tuesday and Thursday.

In Ypsilanti, the Detroit Edison Office is at 64 N. Huron, and applications will be taken there on Monday, Wednesday and Friday from 9:00 a.m. to 12 noon and from 1:00 p.m. to 4:00 p.m.

The Michigan Consolidated Gas Company, business office at 4641 Washtenaw Ave., between Ann Arbor and Ypsilanti, will be a site for applications on Monday and Friday from 1:00 p.m. to 4:00 p.m. and Tuesday, Wednesday and Thursday from 9:00 a.m. to 4:00 p.m.

Intake will also be done at the following agencies:

Manchester Family Services, at 865 W. Main St., in Manchester. Call 428-8862 for an appointment.

To be eligible for assistance, applicants must present proof of income, which must not exceed the following guidelines:

One person household - \$6,563 per year; two person household - \$8,813 per year; three person household - \$11,063 per year; four person household - \$13,313 per year; five person - \$15,563 per year; six person - \$17,813 per year. The limit increases by \$2,250 for each additional family member.

Applicants must also present their most recent fuel bills when applying. The amount of assistance varies from \$50 to \$200, depending on income and amount of the heating bill. Payments are made directly to the gas company, fuel oil dealer or electric company. CSA makes the necessary arrangements to delay threatened shut-offs of gas or electricity. This also includes participating oil companies.

Applicants who receive public assistance must contact their nearest D.S.S. (Department of Social Services) office.

1986-87 School Budget Work Begins

The administration and the Board of the Manchester Community Schools has begun work on the 1986-87 budget. An attempt will be made to reinstate the programs which have been

continued on page 8

WELCOMING THE NEW YEAR

Renee Foster and Sarah Waters

Students in Room 6 are learning that children around the world, welcome the New Year in different ways.

In Ecuador, children celebrate the New Year by collecting old clothes and stuffing them to make a scarecrow to represent the old year.

Everyone writes a resolution and pins it into the figure. At midnight the scarecrow is removed and the New Year begins with each new promise.

Renee Foster and Sarah Waters pin their resolutions to the class scarecrow. Some of the

resolutions made by the children: Jon Way - In 1986 I will get all my work done.

Aaron Millheim - I will feed the ducks without my mom reminding me everytime.

Lizzy Steele - I will not call other people names in 1986.

Heather DuRussell - I will try to get to school on time.

Ryan Fielder - I will go to bed on time when my mom and dad tell me.

Ralph Brooks - I promise to drink all of my milk in 1986.

Landon Burkhardt - I promise to be good in 1986.

Hit or Miss

by Farley

The holidays are over and everyone has seemingly recovered and too everyone has received their Federal and State income tax forms and has at least glanced at them so now we need something else to occupy our minds and the most logical subject right now seems to be Halley's Comet. The radio and TV and the newspapers have been generous with their instructions as to how to see and where to see the comet and have said that from now until third week in January is the best time to see the visitor from outer space so if you haven't done so yet pick a clear night and scan the eastern sky for it and you will be rewarded with a sight which occurs only once in 75 years.

Although it was a long time ago we can remember way back to 1910 when the comet last visited us. We were at that time only

seven years old but the comet's visit made on us, a very lasting impression.

We remember standing on the steps of the house in which we lived with my mother and father and seeing the over sized star with its glowing tail trailing along behind and hearing tell that this visitor, according to several religious prophets, would crash eventually into the earth and end it all and we can remember that the members of an Adventist church in our neighborhood were so impressed with this fact that the women of that church were, one and all, making white muslin "ascension" robes for each member of the family.

Now that we think of it we wonder what became of these carefully made garments. Maybe they were carefully stored away and will be resurrected for use

MONEY MANAGEMENT \$

Monthly Financial Maintenance Saves You Money

(Prepared by the Michigan Association of Certified Public Accountants)

Are you planning your financial future? Would you like to turn over a new financial leaf for 1986? Do you feel as though you squandered much of your money on unimportant items in 1985?

To manage your money wisely in 1986, organize your financial life with a monthly program. According to the Michigan Association of CPAs, by performing some financial maintenance each month, you'll gain better control over your money. Here are some ideas to help you in 1986.

January - The sooner you make a contribution to a 1986 IRA, the more tax-free earnings you'll accumulate. If self-employed, open a Keogh. An IRA or Keogh will lower your current tax liability and build a retirement nest egg.

February - Draw up a budget. Figure out your fixed expenses for each month of the year. Include rent or mortgage payments, utilities and any other expense which you do not control.

March - Plan to reduce taxes this year. Estimate your 1986 taxable income. Make sure you're not having too much withheld from your weekly paycheck.

April - Deal with debt. If you are in debt because of credit cards, consider consolidating credit card loans.

December - Catch up on recordkeeping. Making sure all receipts will be available for filing 1986 income taxes.

January - Figure out your net worth. Add up your assets - your house, car, personal possessions, current investment values, cash surrender value of life insurance and your savings.

February - Determine how your estate will be divided in the event of your death. If your taxable estate is greater than \$500,000 and you die in 1986, the excess will be taxed at progressive rates of 37 to 55 percent.

March - Retirement planning is advisable for almost everyone over 30. In your 30's, consider contributing the maximum amount to an IRA.

April - Deal with debt. If you are in debt because of credit cards, consider consolidating credit card loans. Credit card debts frequently carry annual interest rates that are higher than other loan rates.

When they would like to retire

September - Catch up on recordkeeping. Making sure all receipts will be available for filing 1986 income taxes. Organize all receipts, old bills and budgeting aids.

October - Determine how your estate will be divided in the event of your death. If your taxable estate is greater than \$500,000 and you die in 1986, the excess will be taxed at progressive rates of 37 to 55 percent.

January - Figure out your net worth. Add up your assets - your house, car, personal possessions, current investment values, cash surrender value of life insurance and your savings.

February - Determine how your estate will be divided in the event of your death. If your taxable estate is greater than \$500,000 and you die in 1986, the excess will be taxed at progressive rates of 37 to 55 percent.

March - Retirement planning is advisable for almost everyone over 30. In your 30's, consider contributing the maximum amount to an IRA.

When they would like to retire

itemized deductions beyond the zero bracket amount. Beware of year-end tax law changes and consider hiring a CPA for year-end advice.

December - Catch up on recordkeeping. Making sure all receipts will be available for filing 1986 income taxes.

STATE GOVERNMENT

Governor James Blanchard (D), The Capitol, Lansing, Michigan 48909, (517) 373-3400.

Adult High School Completion Program

The High School Completion Program is designed to help adults and out-of-school youths move forward by allowing a relaxed and mature means of earning a high school diploma.

WHO MAY ENROLL? All persons sixteen years of age or older and have not completed high school. Adults need not be residents of Manchester School District.

WHAT IS THE COST? FREE tuition and books will be offered to all Michigan residents taking credit subjects who fall into one of the following categories:

CREDIT EVALUATION - We realize adults learn much outside of school; therefore we give high school credit for the following experiences: work, military, G.E.D. test results, and other areas.

INCLEMENT WEATHER - If classes must be cancelled due to bad weather, listen to WJR, WPAG, WNRS, or LIEN radio stations after 1:00 p.m.

HIGH SCHOOL COMPLETION CLASSES

Table with columns: COURSE, CREDIT, TIME, DAY, WEEKS, LOCATION. Includes Amer. History II and English classes.

Table with columns: COURSE, CREDIT, TIME, DAYS, WEEKS, LOCATION. Includes Amer. Govt., American History, and English classes.

her fault, but she no doubt has some light on the cause. Traveling to the EAST. "Wire Mrs. E.H. Dow, 283 S. Duluth Ave., Sioux Falls, S.D., and Carbondale, Pa. "Send body to Sioux Falls, S.D. Justice Kelly gave all the evidence due weight and decided that it was such a plain case of suicide that an inquest was not necessary. He wired the parties mentioned and ordered Jenter, the undertaker, to take the body to his establishment and prepare it for transportation or burial. This morning Justice Kelly received the following dispatches in reply to those he sent last night: "Carbondale, Pa.—Wire Mrs. W.A. Dow, Sioux Falls, S.D. for disposition of body. Mrs. D.H. Dow." "Sioux Falls, S.D.—What arrangements has Mrs. E. H. Dow made regarding shipment of body. W.A. Dow." "Chattanooga.—Will advise fully tomorrow. Wire particulars. W.A. Dow." Justice Kelly is awaiting further instructions as the Enterprise goes to press.

Hit or Miss

this month when Gabriel blows his trumpet and summons the worthy to enter into heaven.

We were told recently a tale which proves in many instances that the female is the brighter sex in an emergency.

It seems that during a rush hour in the freeway down towards Detroit one evening, a rather attractive young lady pulled her car to the left lane of the highway and turned her direction lights signally for a left turn. She waited for a break in the oncoming traffic in the other lane but when a break came she didn't move but just sat there.

A car behind her had driven up almost touching her bumper and still behind him another car had stopped so close that the car

ahead could not pull over into the right hand lane around the car waiting for the left turn so there he was trapped.

After a few minutes this chap started blowing his horn insistently and finally rolled down his window and yelled at the car ahead. After a couple of minutes the driver of the offending car opened her door and emerged smiling then walked to the car behind and said to the driver, "I'm very sorry sir, but I have flooded my car and can't get it started - perhaps you could help me."

He said he would try and she smiled again and said "If you will I will be glad to get behind the wheel of your car and blow your horn for you."

The horn blower walked to the offending car and after some time managed to get it started. The young lady thanked his profusely and drove away still smiling.

That I think was a lesson in practical diplomacy.

How old will you be in 1999: That's the year of the major war as predicted by Nostradamus. He also predicted that the human race will survive until 7000.

To whom did Abraham Lincoln bequeath his estate? He didn't. He was one lawyer who left no will.

The first outboard motor was built by a Frenchman named Gistave Trouve in 1881. It was a battery powered chain driven motor with a three bladed propeller. Fifteen years later Americans on Long Island adapted a gasoline motor as an outboard.

"A La Mode" means in the manner of. Had nothing to do with ice cream originally.

Billie Burke, an actress of yesteryear said, "Age doesn't matter unless you're a cheese."

Air Force Hometown News

Anthony W. Joseph, son of Willard Joseph of 626 Parr St., Manchester, MI, and Glenna M. Joseph of Royalton, Ky., has been promoted in the U.S. Air Force to the rank of airman first class. Joseph is a vehicle operator and dispatcher at Keesler Air Force Base, Miss., with the 3880th Transportation Squadron. His wife, Mary, is the daughter of Walter Auxier of 107 Nancy Lane, Georgetown, N.Y.

There is one phone on Pitcairn Island where the Bounty mutineers settled after they set Captain Bligh adrift in the South Pacific. To call there by radio phone costs \$11.88 for three minutes.

Council Proceedings

Hinkley said to table the matter until more information is received. Naimowicz recommended that Council have Gisting write one more strong letter to Dihydro about the water filter problem. Council agreed. Koebbe moved, supported by Becketl to approve the following resolution:

WHEREAS, the Village of Manchester, a Michigan Municipal Corporation, has received discharge Permit No. MI0023507 dated November 22, 1985, from the Water Resources Commission of the State of Michigan, pertaining to a schedule of modifications and standards for the Village of Manchester Waste Water Treatment Plant; and WHEREAS, the Village Council of the Village of Manchester finds that an appeal of the provisions of the permit is not warranted; and

WHEREAS, the Village Council is desirous of accelerating the effective date of the permit in order to facilitate the issuance of certain permits required for development of real estate within the Village; NOW, THEREFORE, BE IT RESOLVED that the Village of Manchester hereby waives the right to petition the Michigan Water Resources Commission to challenge the conditions of Permit No. MI0023507 issued to the Village of Manchester, and asks that the permit become effective immediately.

Roll Call Vote: Ayes - all. Motion approved. Naimowicz reported that McNamee, Porter and Seeley have come up with an Innovative Treatment Plant Design, and the last day for funding request is

December 20, 1985. He said he would like a resolution for permission to sign the letter attached to the application. Tapping moved to grant Naimowicz permission to sign the letter attached to the application for funding from the Small Community Set Aside Program, supported by Becketl. Roll Call Vote: Ayes - all. Motion approved. Naimowicz said there is a problem in the design of the East side sewer system of the Phase I Traditional Plan and McNamee Porter & Seeley are requesting a resolution to revise the plan.

Tapping moved to approve the new method of storm water separation in Phase I, of the Facility Plan, cost of \$80,000.00, subject to further investigation, supported by Nieuhaus. Roll Call Vote: Ayes - all. Motion approved. Kallewaard moved that we accept the proposal from McNamee, Porter & Seeley for the Consolidated Energy Audit for \$5,500.00, supported by Zaborowski. Roll Call Vote: Ayes - all. Motion approved.

Becketl moved to purchase the Tandy Computer Package for \$6,487.00, supported by Tapping. Roll Call Vote: Ayes - all. Motion approved.

Tapping moved to purchase a four line Telephone System for the Village Buildings at a cost of \$4,671.00, supported by Nieuhaus. Roll Call Vote: Ayes - all. Motion approved.

Nieuhaus stated all the steps that led up to the decision that will be made at the Council Meeting on the four proposals for the Police Department. Several citizens spoke on the local Police Department vs. Washtenaw County Sheriff Department. Council discussed the issues. Naimowicz thanked Don Stele

for his cooperation during this difficult time. Nieuhaus moved to contract with the Washtenaw County Sheriff Department for 3 1/2 officers, subject to the following: 1. Our attorney review of the contract. 2. Fraternal Order of the Police satisfaction to Disolution Clause, Article 5; Section 5, 2 of the Police Contract. 3. Sheriff's review of Council's letter of understanding, supported by Tapping. Roll Call Vote: Ayes - Tapping, Koebbe, Nieuhaus, Kallewaard, Hinkley, Nays - Zaborowski, Becketl. Motion approved.

Koebbe moved to recommend that the Washtenaw County Sheriff Department take Donald Steele on as one of the Village Police Officers for an indefinite period, supported by Nieuhaus. Roll Call Vote: Ayes - all. Motion approved.

Tapping, Nieuhaus, Hinkley volunteered to work on the contract with the Sheriff Department. The wording for the Bond Proposal was tabled until the Special Meeting. Zaborowski moved to adjourn, supported by Koebbe. Meeting adjourned at 9:08 p.m.

Driver Education Mandatory

The Attorney General of the State of Michigan has ruled that public school districts are obligated to provide driver education classes for students. Awareness of this ruling has brought a major change in the plans of the Manchester Board of Education.

Originally planned as a program reduction, the Board has been required to include the program in the 1985-86 budget. This means that driver training classes will be available for students at the end of the current school year as usual.

While aware that some parents have already provided private classes for their students, the Board has moved to reinstitute the program. According to Superintendent of Schools, Gene Thompson, the Board literally had no choice in the matter. "We were of the belief that the program could be eliminated, and were simply told by a higher authority that we could not proceed on this course", said Thompson.

1986-87 School Budget

eliminated primarily at the elementary and middle school levels.

Superintendent Thompson stated, "I'm looking forward to working actively with the Board and the Citizen's Advisory Committee on the new budget. It will not be an easy process, however. It is fairly easy to look at the numbers and project the need for additional revenue in June. Short of reducing school district programs even further

STORY TIME

After a cold lunch-recess, nothing feels better than to return to a warm classroom and a good book. First graders listen intently to Mrs. Gregerson read a favorite story.

the Board will have little option but to request new millage from the voters."

The goal for presentation of the first draft of the budget to the full Board is February 17. Following that date many hearings and meetings will be scheduled for full public review of the budget.

Ferdinando Gorges inherited Maine quite a while ago and sold it in 1677 to Massachusetts for \$6,000.00.

Klager School Happenings

SNOW TIME

Mother Nature does it all the time, but six-sided snowflakes are not easy to make as students in Mrs. Shaw's third/fourth grade class discovered. Julie Luckhardt shows one of the cut paper designs that will be pinned on the board to make a "Frosty" display.

Hints for Homemakers

If your floors squeak, an easy way to silence them is to dust talcum powder or drip glue into the cracks.

To make a clean sweep of cleaning driveways, sidewalks, garages, basements, vehicles, decks and exterior walls, you can now use a water-powered broom. This Hydro-Sweep™ from Dazey also cleans concrete, asphalt, stucco, tile, brick, stone and wood. Washes away mud, leaves, sawdust, grass clippings, and spills on decks and patios. It has a no-slip grip and a water-saver valve. It connects to any garden hose.

Do your windows stick? Use wax to rub the groove in which the sashes run. Do this in dry weather and you'll protect the wood from future dampness.

Attention! Expectant and New Mothers

"The Advantages of Breast-feeding to Mother and Baby" will be discussed at the January 14th meeting of LaLeche League of Manchester. The meeting will be held at the Emanuel UCC, 324 W. Main Street, at 7:30 p.m. All women interested in breast-feeding and good mothering are invited to attend La Leche League meetings. The discussions are held to encourage mothers who wish to breastfeed their children and are informal in content. Babies are always welcome at League meetings.

A library of books regarding pregnancy, childbirth, breastfeeding, parenting and nutrition is maintained by our group so that mothers can read further on topics that interest them. Many of these books are not readily available elsewhere.

For advice, encouragement, or additional information on LLL or nursing, please call Marsha Chartrand, La Leche League Leader, at 428-8831.

Agriculture In Action

A Rapidly Changing Rural America

People who live in the metropolitan areas of the country probably have an outmoded perception of rural America. They tend to think that rural means farming and ranching, declining population, isolation, lack of services, poor educational opportunities, and so on.

The facts are quite different. The past 20 years have witnessed unprecedented increases in employment and population in cities, small towns and the open country of rural America. Viewed as a whole, non-metropolitan or rural areas have become much more similar to metro areas, yet they are far more diverse among themselves.

Economists and rural sociologists at the U.S. Department of Agriculture have come out with a report on the social and economic structure of rural America that divides the 2,443 non-metro counties into seven classifications, rather than looking at them as a whole. Actually, between 1970 and 1980,

population increased 16 percent in those counties - about twice the rate of metropolitan counties.

Counties dominated by farming number only 702, less than a third of the non-metro counties and only 13 percent of the non-metro populations. It is in these counties that farmers have the most political clout; but they represent a small minority of congressional districts.

A Value Added Tax

For now, Americans have escaped a tax that is a familiar form of revenue collection in Europe, the value added tax. The U.S. House of Representatives turned down the new tax as a means to fund toxic waste clean-up. A value added tax or VAT is similar to a sales tax on goods and services, but it's levied on the value added during each state of production or distribution.

The VAT proposed for Superfund would have amounted to a tax of .08 percent on sales of all manufactured products, with some exceptions. Instead, the House decided to increase existing taxes on petrochemical companies to pay the costs of the \$10 billion Superfund over five years.

The Senate bill for reauthorization of Superfund does contain a VAT, but the senate wisely instructed its conferees to ignore it when they go to conference with the House.

The VAT was opposed by the American Farm Bureau Federation as a hidden tax and one that would set a dangerous precedent. Indeed, some politicians' mouths water when they consider a VAT because it is hidden in the prices consumers pay and it has the potential to raise lots of money. A 10 percent VAT on goods and services would raise more than \$150 billion.

AstroFest Presentation To Be Held

"First Spacecraft to Uranus: A Preview" is the topic of the 155th AstroFest film and lecture presentation at The University of Michigan. The free public program is set for 7:30 p.m. January 10, in Auditorium 3, Modern Languages Building.

Voyager 2 will approach the previously unexplored planet and its rings and moons later this month. "Uranus is not just a new world," according to Jim Loudon, AstroFest director and staff

astronomer at the U-M Exhibit Museum, "but a whole new kind of world. It has the most extreme seasons of any planet in the solar system."

The program also includes an update on previous Voyager discoveries and a preview of the March spacecraft blitz on Halley's Comet.

AstroFest is sponsored by the U-M's Exhibit Museum and Department of Aerospace Engineering.

Cooperative Extension Service

When Percy Spencer found a melted chocolate bar in his pocket he was mystified. He wondered if his scientific work with radar could be connected. Later, others confined these microwaves in a box to cook food.

A program to teach how to use microwaves for more than just heating coffee or melting chocolate will be presented by the Cooperative Extension Service at the County Service Center, Hogback and Washtenaw on January 14, at 7:30 p.m. Marion Prince, Extension Home Economist will explain the basic principles of successful cooking in a microwave oven, demonstrate a variety of dishes and explain how to adapt your favorite recipes. She will discuss the appropriate utensils to use in the oven and will show how to prepare meats, vegetables and sauces.

The program, "Microwave and Beyond" is a part of the monthly series "Corner on the Kitchen" which is open to all regardless of race, color, creed, sex, national origin or handicap. Reservations are required and can be made by calling the Cooperative Extension Service office at 973-9510. A \$3.00 fee will be collected at the door to cover food for tasting.

Ginger Cookies

Do your sweetheart a special favor. Make spicy ginger cookies—they're nutritious treats for the taste buds.

- | | |
|------------------------|--------------------|
| 3/4 cup margarine | 2 tsp. baking soda |
| 1 cup sugar | 1 tsp. cinnamon |
| 1 egg, slightly beaten | 1 tsp. ginger |
| 1/4 cup molasses | 1 tsp. sugar |
| 2 cups flour | |

Cream the margarine and cup of sugar. Beat in the egg and molasses.

Sift the flour with soda and spices, and mix with the wet ingredients. Chill the dough. Shape into balls about 1 inch in diameter, roll in sugar and place 3 inches apart on an oiled baking sheet. Bake at 350° F for 15 minutes.

Yield: 24 2-inch Cookies

Cards of Thanks
We want to thank the Legion and Auxiliary, Post 117, for the beautiful plant for Christmas.
John and Marian Clark
We truly appreciate the fast response of our fire department. All the firemen who came and were concerned about our well being.
Special thanks to Mike Wurster who alerted us of the car fire in the garage - his quick action, he pulled the car out with his pickup. I know he inhaled quite a bit of smoke. Thank you to Vivian Middlemiss and Irene Wurster for stopping to inquire and all others who were concerned.
Thanks to Fred Heinrich for cleaning a big mess in the garage - good of Fred.
God Bless you all. Bud & Deslyn Johnson
In loving memory of our sister: Iva L. Nortley who passed away 2 years ago January 7, 1984.
2 years has passed dear sister Since God has called you home. To be with him in heaven Around the snow white throne. God knows how much we miss you Never shall your memory fade. Loving Thoughts shall always wander To the spot where you are laid.
Loved and sadly missed by Bessie, Arlene, Richard, Nieces and Nephews
Christmas Eve Thank-You
I would like to thank all those people in the village and surrounding area who participated in the annual Luminaria. It was beautiful! Best wishes for a Happy New Year. Special thanks to all my helpers.
Your candleman, Luminaria Chairman, Forest Walz
We would like to thank relatives, neighbors, friends, Jenter Funeral Home, Rev. Hayden Carruth, Pastor Barry Cantrell, Victory Baptist Church, Drs. Okey, Johnson, Eccles, for the flowers, memorials, in the death of our dear mother, grandmother, and sister, Marie Langowski.
Jerry & Carol Langowski & family Dorothy Rogers Lillian Hlavka Robert Adams
Dear Anonymous Friends, Thank you for caring this Christmas season. God Bless you all. Betty

MANCHESTER CHIROPRACTIC CLINIC

DR. STAN GILBERT

LISTEN TO YOUR BODY
It will tell you if something is wrong

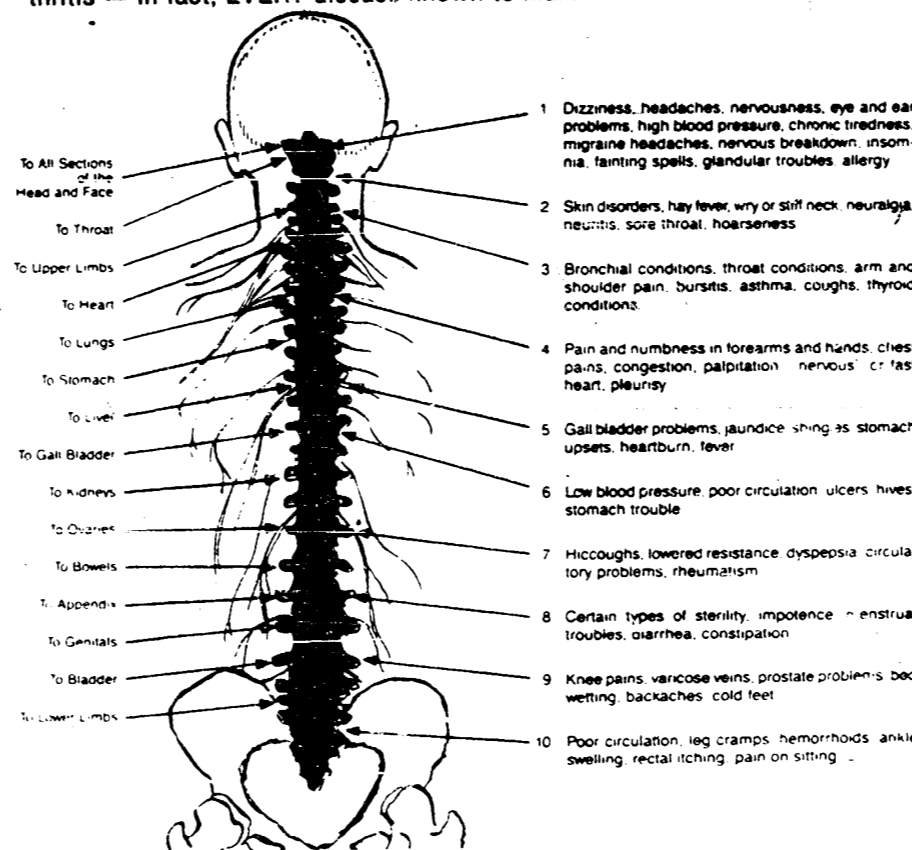

PINCHED NERVES MASQUERADE AS MANY HEALTH PROBLEMS

Nerves control each and every function of the human body. Nerves transmit all sensations to the brain... control all movement... make possible sight, smell, taste and hearing.

Nerves maintain the balance and keep the body temperature at 98.6 degrees F. Nerves control the blood pressure, stomach action, blood flow, speech and breathing. In fact, every function taking place in your body is under the control of the nerve system. Therefore, it doesn't take much imagination to understand what can happen when a nerve is "pinched", when its function is diminished.

Pinched nerves can "mimic" every known disease.

Pinched nerves can meticulously mock all the symptoms of such disorders as asthma, pleurisy, sinusitis, bronchitis. Pinched nerves can faithfully copy the discomforts of skin diseases, allergies, sore throat, gastritis. Pinched nerves can exactly duplicate the frightening signs of coronary disease, meningitis, encephalitis, emphysema. Pinched nerves can even fabricate the actual physical changes of ulcers, eczema, bursitis, arthritis — in fact, EVERY disease known to man.

This has been proven in millions of cases in which an erroneous diagnosis was made... the treatment prescribed failed to get a response... and then a chiropractic examination later revealed pinched nerves as the culprit, the underlying cause.
