Manchester School Superintendent Resigns

The Board of Education of the Manchester Public Schools has accepted the resignation of Dr. Eugene Thompson as Superintendent effective 2-14-86. The resignation is a result of differences of opinion regarding the operation of the school district between Dr. Thompson and several school board members. Attempts to reconcile these differences have not been successful.

Dr. Thompson has chosen to resign rather than have these personal differences interfere with the effective operation of the school district. The school board wishes to emphasize that this action in no way reflects on Dr. Thompson's administrative abilities or dedication to his position.

Manchester Board of Education
February 11, 1986

Letter of resignation follows:

February 11, 1986

Board of Education
Manchester Community Schools
Manchester, MI 48158

Honorable Board Members:

Pursuant to the terms of our agreement, dated February 11, 1986, I hereby resign as Superintendent of Schools of the Manchester School District

Attorney Re-Elected Board President

Local attorney, Stanton Roesch, has been re-elected President of the Board of Directors for Saline Community Hospital.

A member of the Hospital Board since 1961, Roesch has served as President for the past 9 years. Before being elected to the top post, Roesch was Board Secretary for 10 years.

Also re-elected as officers of the S.C.H. Board were Vice-President, William Howard; Secretary, Thomas Collins; and Treasurer, Wesley Exelby.

Newly elected to the Board are James Cullip of Milan, Vice President and Milan Branch Administrator of National Bank of Detroit Ann Arbor; Marie Tallas of Milan, retired from family owned Milan Screw Products; and Milton Weidmayer of Ann Arbor, a C.P.A. with St. John, Raham and Weidmayer.

Re-elected to three-year terms of the Board: Lee Boatwright; George Bowman; James Byatt, M.D.; Wesley Exelby; Erwin Frederick, Ernest Girbach; and William Meister.

effective February 14, 1986, and assume employment as an Educational Consultant to the Manchester Community Schools.

I have been Superintendent of the Manchester Schools since 1979, and have enjoyed the challenges presented; however, I feel the time has come to search for other opportunities and to apply the experiences I have had in Manchester.

I will assist the Board in any way in facilitating a smooth administrative transition and am eagerly anticipating our new professional relationship.

Sincerely,
Eugene Thompson
2939 Whittier Court
Ann Arbor, MI 48104

The Manchester Area Historical Society held its monthly meeting on Monday, February 17, in the Blacksmith Shop.

Following the meeting, Loring Ebersole, Gerald Swartout, and Louis Vogel described Wildcat Banking in general and the Bank of Manchester in particular.

There are several stories of how the term wildcat came to be used for these banks: They were located in remote areas; the bank notes had pictures of panthers and other wild cats on them; and the money paid to bounty hunters for killing various wild cats were called wild cat certificates.

The Bank of Manchester was organized in November 1837, with \$100,000 in capitalization. It issued bank notes in \$2, \$3, \$5, and \$10 denominations. They were used much like checks are today.

The panel told of money being rushed from one bank to another just ahead of the bank examiner. A letter written by Thomas Fitzgerald, State Banking Commissioner, was read. In it he cautioned people from having anything to do with several banks including the Bank of Manchester. He described it's notes as worthless trash and accused the people associated with the bank of fraud and trying to cheat hard-working people.

The panel brought samples of the bank notes and some tokens for us to see.

Focus Hope Director Speaks At St. Mary's

Father William Cunningham, the Founder and Director of Focus Hope will offer a special Lenten Mass at St. Mary's Church at 7 p.m. on Tuesday, February 25th. A reception for Father Cunningham will follow immediately after Mass in the church hall. The entire Manchester Community is invited to hear this remarkable man.

Father Cunningham has won national acclaim for his efforts to address the problems of the poor and disadvantaged. Over 40,000 people receive food each month through the work of Focus Hope. On the job training programs, programs for feeding Senior Citizens, programs for pregnant mothers and programs for encouraging understanding between all races and ethnic groups are just a part of the work accomplished through Focus Hope.

Father Cunningham is a gifted speaker and his sermon is sure to be a highlight of this Lenten Season for those who are able to attend.

Zion Lutheran Church
Wednesday, February 26, 7 p.m. Lenten Supper, 7:30 p.m. LENT III Worship.

Hit or Miss

Of late we have been deluged with reminders to "Buy American" or "Made in the U.S.A." and it seems to us that is very sound advice. We have been deluged with foreign-made shoddy goods for too long. One of the main departments of this campaign has had to do with the automotive world, but when we analyze what the American car consists of, we are puzzled. The following figures were recently released by the Arthur Anderson Company as follows:

One of the most common items to be imported in increasing quantities over the next ten years are automobile engines and engine components manufactured in countries other than the United States and Canada:

Ford Motor Company - Thunderbird Turbo Coupe; a turbo charged 2.3 liter fuel injected four cylinder engine available as an option in it is made in Brazil.

Cougar X-R7 - a turbo charged 2.3 liter electronic fuel-injected engine with four cylinders available as an option is made in Ford's operation in Brazil.

Mustang SVO - a turbo charged 2.3 liter engine four cylinders available as an option which is made at Ford's operation in Brazil.

Escort - a manual gearbox is made by Mazda in Japan and a two liter optional diesel is made by Mazda.

Lynx - a two-liter optional diesel engine is made by Mazda.

Tempo - a two liter optional engine made by Mazda.

Topaz - a two liter optional engine made by Mazda.

General Motors Corporation Pontiac Sunbird - the 1.8 liter four cylinder engine is made by General Motors operation in Brazil. The five speed gear box is made by Isuzu of Japan.

Buick Skyhawk - the 1.8 liter four cylinder engine is made by the General Motors operation in Brazil.

Oldsmobile Ferata - the 1.8 four cylinder optional engine is made by General Motors in Brazil.

Chevrolet Cavalier - the five speed gearbox is made by Isuzu.

American Motors Corporation Alliance - the engine and gearbox are made by Renault in France.

Encore - the engine and gearbox are made by Renault.

Chrysler Corporation Plymouth Horizon - the 2.6 liter four cylinder engine is made by Renault of France.

Dodge Omni - the standard 2.6 liter engine with four cylinders is made in France by Peugeot.

Plymouth Voyager - the minivan - is with an optional 2.6 liter four cylinder engine which is made by Mitsubishi of Japan.

Technically the cars containing these engines and gearboxes are "American Made" that is they

are assembled here but why should the engines and other parts be brought in? Probably because they can be done so more cheaply than here and there is not sufficient Tariff on them to make up the differential between labor here and there. Just another problem that evidently needs consideration by our Congress.

In Kichener, Ontario, there is a domestic bird breeder who is growing 70 pound turkeys with expectations that there will soon be 100 pound birds.

Go stand next to a wall. Put your right foot sideways against it, too. Keep them there. Now try to lift your right foot. Can't do it can you? Thought not. Nobody can.

A farmer in Alabama kissed his wife and six children goodbye and tossed off a double jigger of strychnine. He said he couldn't face a world set afire by heavenly vengeance. That was in 1910 when Halley's comet appeared in the sky.

Even when birth control and death are reckoned with, China now adds to its population 25 people every minute.

Great distances are a puzzle to most of us. For example: From Anchorage, Alaska, for instance, it would take as long to fly to Houston as to London and just as long to fly to London as to Tokyo.

Soup Label Collection Ends February 24th

The 1986 Campbell Soup label collection period ends February 24. We sincerely appreciate your cooperation but we need more labels! Please save labels from all Campbells soup, V-8 juices, Swanson canned and frozen foods, Franco-American products, Recipe Dog food, Juice Works, Mrs. Paul's Frozen Food and Prego. You may send the labels to any Manchester school to be sent to the Middle School, give them to any middle school student or deposit them at the local I.G.A. Thank you again for your support.

Manchester Middle School

Monday, February 24, Lemonade, Submarine Sandwich, Potato Chips, Dill Pickles, Peach Half, Milk.

Tuesday, February 25, Hot Turkey Sandwich with gravy, Buttered Corn, Molded Fruit Salad, Milk.

Wednesday, February 26, Hot Dog on bun, French Fries, Vegetable Sticks, Applesauce, Milk.

Thursday, February 27, Beef Burrito with Chili, Tossed Salad with Dressing, Crushed Pineapple, Milk.

Friday, February 28, Crispy Fish Filet, Oven Brown Potatoes, Buttered Green Beans, Bagelette with butter, Fresh Fruit, Milk.

Free Group Meetings For Women's Health

Free group meetings for women who have had a lumpectomy, a relatively new treatment for breast cancer, began Wednesday (Feb 19) at the University of Michigan Medical Center.

Each session will cover an individual topic, such as nutrition, exercise, radiation therapy, stress management, research, advances in cancer treatment or other topics of group interest.

The meetings will be led by social worker Claudia Kraus, A.C.S.W., and Diane Sommerfeld, R.N., both of the UM Medical Center's Breast Care Center.

explained. Lumpectomy, followed by radiation therapy, is now an established alternative to a mastectomy for some kinds of breast cancer.

Parking will be available in the visitor parking structure attached to the Taubman Center.

First of America Declares Dividend

A quarterly dividend of \$.35 per share of common stock was declared today by the board of directors of First of America Bank Corporation.

Also declared was a dividend on the 9% Convertible Preference stock. A dividend of \$2.475 per share will be distributed on April 15, 1986.

Western Michigan Deans List

A total of 929 students are included on the dean's list for the fall semester of the 1985-86 academic year at Western Michigan University.

To be eligible, students must have compiled at least a 3.5 grade point average (on a scale of 4.0 being all A's) in at least 14 hours of graded class work.

Rights Act and with Section 504 of the Social Rehabilitation Act of 1973.

Application Deadline April 1st

If you're 19 years or younger and think you might enjoy raising wild ring-necked pheasant chicks, or you're an adult and would like to sponsor such an effort or provide land for the raising or releasing of such birds, then the 4-H Pheasant Habitat Program wants you!

The Department of Natural Resources Wildlife Division and Michigan State University's Cooperative Extension Service 4-H Youth Program have established a program to bring back Michigan's dwindling pheasant population.

Though the 4-H Pheasant Program is open to young persons throughout the State, release of the birds must be in an area where pheasant habitat is most suitable and where the birds have an opportunity to survive.

Ten to 35 chicks and 10 pounds of starter feed will be donated by the DNR's Wildlife Division to each participating member in exchange for the raising of the chicks to 12 weeks in a fenced pen while retaining or establishing proper habitat for release of the birds.

Applications and an introductory brochure may be obtained from DNR's Wildlife Division, P.O. Box 30028, Lansing, MI 48909/517-373-1263; any DNR District or Field Office; the 4-H Program Office, MSU, E. Lansing, MI 48824/517-355-0180 or MSU Cooperative Extension Service County Offices.

Manchester Village Planning Commission

Regular Meeting
January 21, 1986

CALL TO ORDER

The meeting was called to order at 7:30 p.m. in the Council Room of the Village Hall. Members present: Kwolek, Lowery, Stautz, Limpert, Smith, Marshall, Walton, Kalleward and Leeson. APPROVE AGENDA

The agenda was approved after the addition of the Sign Permit Application for River Raisin Medical Associates. In addition, two items were raised for inclusion in future agendas: a letter to the Assessor concerning Agricultural zoning of some land within the Village and consideration of intended use of land as one of the items to be reviewed in evaluating petitions for rezoning. MINUTES OF PREVIOUS MEETING

Minutes of the December 17, 1985, meeting were approved as read, upon a motion by Lowery, seconded by Stautz, and carried unanimously on a voice vote. There was some discussion concerning the Policies listed in the Minutes.

COMMUNICATIONS

Limpert made reference to the letter of the Village Attorney concerning proper placement of notices of Public Hearings. Limpert stated that the letter did not answer the question he had raised. He asked that all Commissioners receive copies of the Public Act referred to in Chapter 53 of the Village Code, and made a motion that the matter be laid over for discussion at the February Planning Commission meeting. The motion was supported by Marshall and carried unanimously.

SIGN PERMIT APPLICATION

The application for signs at the medical practice building, corner of West Main and Washington Streets, was reviewed. The Chairman noted that the sign met the requirements of the Village

Code. There was discussion concerning the fact that the sign was installed prior to the granting of a permit. Limpert asked if the application fee had been paid and the Chairman answered that it had. A motion was made by Walton to approve the sign permit. The motion was withdrawn due to the lack of time for discussion on the matter, since Public Hearings were scheduled to begin at 8:00 p.m.

RECESS AND RECONVENING OF MEETING

The meeting was recessed at 8:00 p.m. for Public Hearings, and reconvened at 8:50 p.m.

OLD BUSINESS - PROPOSED ORDINANCE REGULATING DISH ANTENNAS

Smith recommended that the proposed ordinance be sent to Council with a recommendation to approve it, so that there would be something on the books to regulate placement of satellite dish antennas, even though some new information might be available from news articles about Federal Communications Commission action concerning satellite dishes. Limpert made a motion, supported by Walton, to table the proposed amendment for further study and to furnish a recommendation to Council within 45 days. Members voted as follows on a roll-call vote:

Walton - yes; Marshall - no; Smith - no; Limpert - yes; Leeson - no; Stautz - yes; Lowery - yes; Kalleward - no. There being a tie vote, the Chairman cast a "yes" vote and the motion was carried.

OLD BUSINESS-AMENDMENT CONCERNING APARTMENTS IN C-2 DISTRICT

A motion was made by Limpert that the Commission recommend that Council approved the amendments as presented. Supported by Smith. The motion was carried unanimously on a roll-call vote.

HISTORIC DISTRICT STUDY COMMITTEE

Marshall reported on the Study Committee's progress. They may recommend that the Village seek both State and Federal Historic District designation.

NEW BUSINESS - ZONING BOARD OF APPEALS MATTER AT 103 EAST MAIN STREET

Limpert requested that the ZBA appeal be discussed out of order of the Agenda, due to the length of business before the meeting and his wish not to keep the concerned parties waiting any longer. The Commission agreed.

There was discussion concerning hardship as a reason for granting a variance. There was discussion of possible limitations: two years or the length of the lease; number of employees; no sign to identify Double A Products Co.; employee parking off Main Street.

Jim Scully, from the public audience, suggested that a variance be tied to the lease between Beal and Double A.

Commissioner Smith asked about masking the front windows. Beal said that the window area would be filled, perhaps with flowers and plants, when warm weather permitted. He also said that the sign on the building would say "Beal Building" only.

Leeson asked if any noxious fumes or exhaust would be part of the operation at the site and Beal said no; a representative of Double A confirmed this.

Jack Zaborowski spoke from the audience as a businessman on Main Street, supporting the use for Double A.

A motion was made by Limpert and supported by Marshall that the Commission recommend the ZBA grant a variance as follows:

- 1) As allowed in Article 8, Section 5.652 "hardship variance" with the following conditions:
- 2) Granted to Sam Beal and Double A for use for non-retail printing for a period of the life of the lease.
- 3) Use of the first floor and basement only at 103 East Main.
- 4) Employee parking of Double A restricted to public lot during business hours.
- 5) Variance not transferrable.
- 6) No identification sign on front of building on behalf of Double A Products.

The motion was carried unanimously on a roll-call vote. FORMS FOR SITE PLAN APPROVAL

A motion was made by Smith to table this matter until the next Regular Meeting, due to the length of this meeting. Supported by Limpert. Carried unanimously on a voice vote.

SMITH ASKED THAT INFORMATION BE OBTAINED ON WHETHER OR NOT A PLANNING COMMISSION MEMBER SHOULD VOTE UPON A MATTER WHEN THE COMMISSIONER IS A PROPERTY OWNER.

SMITH ASKED THAT INFORMATION BE OBTAINED ON WHETHER OR NOT A PLANNING COMMISSION MEMBER SHOULD VOTE UPON A MATTER WHEN THE COMMISSIONER IS A PROPERTY OWNER.

THE SECRETARY REPORTED THAT THE COUNCIL HAD ACTED ON THE

Commissioner's recommendation and appointed Dan Naimowicz as Deputy Zoning Inspector; also that the one applicant who had responded to the published notice had now withdrawn his application. Limpert requested that the Council officially adopt the Job Description for Zoning Inspector.

Member Leeson exited at 9:15 p.m.

RECORDING SECRETARY

The Commission will work with the Village Manager on this matter. Limpert recommended information on revenue generated by zoning applications and on the budget for the Planning Commission, and that budgeting be placed on the agenda for the next Regular Meeting.

NEW BUSINESS - UNION CONSTRUCTION CO. REZONING PETITION

The applicant had withdrawn the petition during the Public Hearing for Clarification of some items.

The Chairman noted that there would be discussion at a future meeting of an amendment to make it possible to consider intended uses of land along with other considerations when a rezoning is requested.

SMITH ASKED THAT INFORMATION BE OBTAINED ON WHETHER OR NOT A PLANNING COMMISSION MEMBER SHOULD VOTE UPON A MATTER WHEN THE COMMISSIONER IS A PROPERTY OWNER.

Continued on page 14

Engagement Announced

The engagement of Coleen L. Hartman to Daniel S. Bedrosian has been announced by the couple. Coleen is the daughter of Mr. and Mrs. George Hartman of Trenton. Daniel is the son of Mr. and Mrs. Sidney Bedrosian of Plymouth (formerly of Manchester). A late summer wedding is planned.

Civility costs nothing.
English proverb

Local GOP Addressed

"A clear vision of the future with organized strategies to achieve that vision is vital to the success of our nation and the state of Michigan." Congressman Newt Gingrich (R-Georgia) told a group of enthusiastic area Republicans including Michigan gubernatorial candidates Dick Chrysler and Dan Murphy, this past Saturday.

Gingrich, founder of The American Opportunity Society and in Michigan to promote the candidacy of Congressman Jack Kemp (R-New York) for President in 1988, addressed the breakfast gathering sponsored by The Young Republicans of Washtenaw County, saying that Michigan Governor Jim Blanchard has taken credit for the positive effects of the national recovery on the Michigan economy while "squandering two years of opportunity to use this economic momentum to bolster the state's attractiveness to business ratings," "currently 45th out of the fifty states," lower taxes and reduce unemployment." Gingrich likened Blanchard's performance to taking advantage of a windy day on a sailboat, using the wind to represent the robust national economy. He contended that

Gingrich concluded by encouraging the audience, of primarily younger Republicans, to get involved in government at the grass roots level and praised the initiative of those present in promoting the "vision of opportunity for all Americans."

Blanchard has no vision for the future and questioned what would happen "when the wind quits blowing and it's up to the Governor to power the boat."

The Republican Party, Gingrich further explained, has often been misunderstood and criticized because it is "the party of change and change naturally fosters insecurity and suspicion." But that change, he feels, fulfills a vision of national strength, opportunity and social responsibility, while in the Congressman's view, the Democratic Party is "hopelessly locked into the past; locked into pouring our tax dollars into programs and initiatives to support the welfare state that historically do not solve the real problems." The GOP, Gingrich remarked, is "becoming the party of preference" because it "understands and promotes ethnic America's basic values of education, hard work, savings and family." He then cited the popularity of President Ronald Reagan as reinforcement of this argument, pointing out that Reagan appeals to these same values.

Gingrich concluded by encouraging the audience, of primarily younger Republicans, to get involved in government at the grass roots level and praised the initiative of those present in promoting the "vision of opportunity for all Americans."

Resolution adopted to send to the Manchester Township Planning Comm. Article XV for approval for zoning ordinance. Mark Gistingier will replace Wilma Lentz as contact person for the Sesquicentennial. Fielder reported on various items. Meeting adjourned 9:50 p.m.

additional pictures Thursday Appraisal Research provided at our request. Various announcements made.

Board instructed Clerk to write SEMCOG and voice our concerns of the proposed Post Office across from the Fire Hall for safety purposes and to encourage them to leave it where it is now located. Private drives/roads discussed. Amended General Fund budget and Assessing Card budget by formal Resolution.

Resolution adopted to send to the Manchester Township Planning Commission for approval or disapproval a zoning request change for Janet H. Uzela.

Board of Review will be March 10th and March 11th.

Correspondence presented. Approved the continuing services of Post, Smythe, Lutz and Ziel as our auditors for 1986. Federal Revenue Sharing Hearing set for March 10, 1986, at 7:30 p.m. for the additional monies received for this fiscal year. Proposed uses: Roads, transfer site.

Resolution adopted to send to the Manchester Township Planning Comm. Article XV for approval for zoning ordinance. Mark Gistingier will replace Wilma Lentz as contact person for the Sesquicentennial. Fielder reported on various items. Meeting adjourned 9:50 p.m.

Submitted by Wilma E. Lentz, Clerk Approved by Clarence L. Fielder, Supervisor

Little, president, conducted the business meeting with reports from the standing committees.

The yearly theme, "Women in Art" was continued by Mrs. Karen Hinkley. Karen, an art major specializing in fibers, was naturally led to report on America's contribution to the art world, patchwork quilting. She has been quilting since 1979 and usually has at least 3 quilts in various stages of completion.

Modern day women usually quilt by choice as an artistic and creative outlet and an expression of loving warmth through a quilts use. However, the early pioneer women quilted for necessity and often expressed the "blues" of women. The quilts they stitched often told the story of their hardships as well as their joys. "A Pioneer Woman" by Mrs. A.A. Smith, "Pioneer Woman" by Joanna Stratton and "Voices from the Kansas Frontier" were excellent sources for the description of the difficult life of the pioneer woman and the occasional chance to socialize at a "quilting bee".

Quilting lost its popularity when machines were in common use. However, as any art form, quilting was never completely abandoned and is once again quite popular. Karen showed examples of traditional and contemporary patterns and displayed pictures of quilts she has completed. Her first quilt and an example of applique were carefully examined. The program was thoroughly enjoyed by the 15 women present. A greater appreciation of quilting was experienced by all.

The March 11, meeting will be held at the home of Mrs. Eleanor DuRussel with musicians as the program topic. Pick a sweet orange by examining the novel. Choose the ones with the biggest holes.

Manchester Township Board Meeting

February 10, 1986

Proposed Synopsis of Manchester Township Board meeting held on February 10, 1986, at 8:00 p.m.

Department of Corrections Report

State Corrections Director Robert Brown, Jr. today issued a report which concluded that at least \$74 million dollars would be needed annually to comply with many recommendations of the House Corrections Committee.

The report, prepared by the Michigan Department of Corrections, said at least 1,732 new prison beds, or the equivalent of about three new prisons, and \$36 million in capital outlay also would be needed.

The estimates are in response to recommendations made late in 1985 by the House committee, which had investigated the department's release policies and practices.

"The purpose of our response is simply to give Michigan lawmakers and citizens information on the costs and consequences of these recommendations, so far as these can be anticipated. Once law makers have this information they will be able to determine whether such changes are in one best interest of the state," said Brown.

Brown said the department was unable to provide information on the financial impact of some of the House recommendations because the full implication of some recommendations is not yet known. He cited, as examples, the House committee's recommendation that all prisoners participate in the department's halfway house program for the last one-third of their sentences not to exceed one year, and the recommendation that sentencing guidelines be enacted that would eliminate the Parole Board.

Brown said the mandatory participation in the half-way house program would require several changes in state law, one of which would require prisoners serving for sex crimes to go into the program, something not permitted now. In reacting to this recommendation, Brown said, "It appears to us that the most serious impact of this recommendation would be a strong and predictable reaction from law enforcement officials and citizens of local communities to the fact that persons placed in community residential programs would no longer be screened in any way."

He said such a policy might

result in the loss of the entire program which would be very costly.

Brown also said sentencing guidelines, while supported by the department, might substantially increase the state's prison population. He cited the situation in California where flat prison terms have contributed to the state's need to add 20,000 beds to its system.

Other responses to House recommendations include:

- Replace good time with disciplinary credits at an annual cost of \$7.4 million and capital outlay totaling \$26.1 million.
- Increase staffing and supervision in halfway house facilities at a cost of \$49.9 million annually.
- Expand the increased staffing and escapee apprehension project for half-way houses at an annual cost of \$5.1 million.
- Eliminate extended furloughs for halfway house participants and require that participants spend at least 60 days in minimum security before placement in the program at a cost of about \$5.2 million annually and \$9.94 million in capital outlay.

MONEY SAVING IDEAS

Americans could save \$20 billion on home heating costs—and still keep warm—by turning back the thermostat and using electric or kerosene heaters to keep occupied areas warm, according to Dr. Walter Dow of Robeson Industries.

The key is choosing the right heater and using it right and efficiently. Electric models are convenient, reasonably priced and use readily available "fuel". Kerosene heaters heat a room better, faster and cheaper than electric units, but require more attention.

Today's heaters are safer than ever. Look for tip-over switches, automatic shut-offs and improved protective grills and cleaner-burning kerosene models, like Robeson's Klean Burn II.

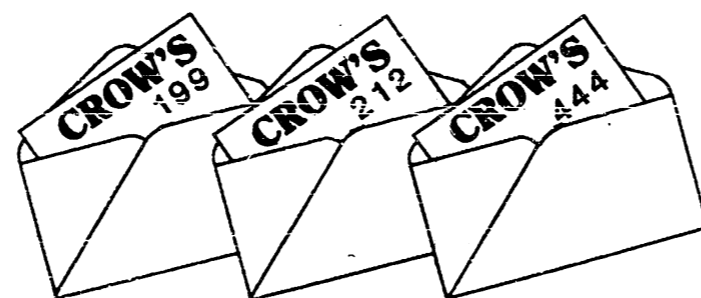

At-home safety is important, too. Place heaters in low-traffic areas, at least 3 feet away from draperies or furniture. Use only 1-K kerosene and store it in a tightly sealed, clearly marked can. Don't use an electric heater on the same circuit with other high-wattage appliances, and be sure extension cords can handle the 1,500 watts electric units use.

Two out of three adults in the United States will wear glasses at some time.

Pigeon babies are sometimes called "squeakers".

These three Crow's Hybrids have shown outstanding performance in our area. We still have an adequate supply of all three and I'd like to talk to you about your needs for this coming season. All of our Crow's Hybrids have outstanding yield potential, a strong root system and the bred-in ability to retain more sunlight. Crow's Hybrid Corn Company, Milford, IL, Nevada, IA and Greenville, OH. I hope to see you soon.

SPECIAL MEETING

Bridgewater Township will hold a Special Meeting February 24, 1986, at 8:00 P.M. at the Township Hall (10990 Clinton Road) for the purpose to discuss and finalize a New Insurance Policy.

Bridgewater Township Clerk
Karen Weldmayer

NOTICE MANCHESTER TOWNSHIP BOARD OF REVIEW MEETING

Notice is hereby given to all persons liable to assessment for taxes in the Township of Manchester, County of Washtenaw, State of Michigan.

That the assessment roll of said Township as prepared by the assessing officer will be reviewed by the Board of Review at:

**MANCHESTER TOWNSHIP HALL
275 SOUTH MACOMB STREET
APPEALS AND CONFERENCES
WITH TAXPAYERS**

will be heard on

MONDAY, MARCH 10, 1986

9 a.m. to 12 Noon and 1 p.m. to 4:00 p.m.

TUESDAY, MARCH 11, 1986

1:00 p.m. to 4:00 p.m. and 6:00 p.m. to 9:00 p.m.

at which time the Board of Review will be in session. Upon request of any person who is assessed on said tax roll or his or her agent and upon sufficient cause being shown, said Board of Review will correct the assessment as to such property in such manner as will in their judgment make the valuation just and equal.

Such assessment tax roll as reviewed and approved by said Board of Review will be the assessment roll of said Township of Manchester for the year 1986.

The County Board of Commissioners of Washtenaw County has proposed the following starting ratios for Manchester Township for the year 1986:

Agriculture	56.72
Commercial	49.09
Industrial	49.15
Residential	50.11
Personal	50.00

Army Hometown News

Pvt. Alfred L. Bommer, son of Wesley W. and Donna B. Bommer of 7010 Schneider Road, Manchester, has completed the field artillery surveyor course at

Fort Sill, Okla. During the course, students were taught mathematics, map reading and the operation of survey equipment.

About half as much hot water is used in the average shower as in the average bath.

Sons of the Legion To Meet

The Sons of the American Legion will meet Thursday, February 20th, at 7:30 p.m. at the Legion Home. Jeff and Andrew Hughes to furnish refreshments.

death notices

Anna Mary Lepshis
607 Parr Road
Manchester

Age 83, died Saturday, February 15, 1986, at Chelsea Community Hospital. She was born January 8, 1903, in Pennsylvania, the daughter of Anthony and Agnes Strombus. On January 2, 1918, she was married to Vincent William Lepshis; he preceded her in death on May 4, 1979.

Mrs. Lepshis was a member of St. Mary's Catholic Church and Altar Society, also the Washtenaw County Farm Bureau.

Survivors include four daughters, Mrs. Gaylord (Frances) Knauss and Mrs. George (Elizabeth) Daubner both of Manchester, Mrs. Clark (Mary) Eckles and Sephia Mikolusky both of Ann Arbor; one sister, Margaret Krizanek of Farmington Hills; eight grandchildren; five great grandchildren; several nieces and nephews. She was also preceded in death by one sister.

Funeral services were held Wednesday, February 19, 1986, with Rev. Father Raymond Schlink officiating. Burial will be in St. Mary's Cemetery.

Memorial contributions may be made to the American Cancer Society or American Heart Association.

E. Lavon Hudkins
327 South Macomb St.
Manchester, Michigan

Lavon Hudkins, age 66, died in her home Wednesday, February 12, 1986, following a long illness. Born September 30, 1919 in Stockbridge, she was the daughter of Calvin and Mary Ashmore. Her husband, Cecil, preceded her in death on September 19, 1962. She was employed by the Manchester IGA for 25 years, retiring on January 1, 1986 as assistant manager, and had been a friend of Emanuel United Church of Christ.

Surviving are six daughters, Margaret McCann of Leslie, Maxine Alexa of Ann Arbor, Marcia Bunney and Mary Jean Brady, both of Manchester, Marlene Loyd of Pinckney, and Malinda Hudkins of Flint; eight grandchildren; two great grandchildren; several nieces, nephews, and dear friends, Dave Minick family, Betty Bash, Alma Arnett and others. She was preceded in death by a daughter, Madelyn, on April 11, 1979; three sisters and two brothers.

Funeral services were held Saturday, February 15, 1986 at the Jenter Funeral Home, with Rev. Robert B. Macfarlane officiating. Burial followed in Oak Grove Cemetery.

Memorial contributions may be made to the American Heart Association or St. Joseph Hospital Cardiology Development Fund.

Raymond A. Wiedmayer
Manchester, Michigan

Raymond Wiedmayer, age 68, died Wednesday, February 12, 1986, at the Evangelical Home, Saline. He was born December 2, 1917 in Saline, the son of William and Christina (Hartman) Wiedmayer. On November 30, 1945, he married Alice M. Feldkamp in Saline; she survives.

Mr. Wiedmayer was a member of the Bethel United Church of Christ, Freedom Township. He was employed by the Saline Mercantile for 25 years and retired from Ford Motor Company, Ypsilanti Plant, in 1979. He was an Army veteran of World War II.

Surviving in addition to his wife Alice, are two sons, James and his wife, Lora, of Saline; and Gary and his wife, Diane, of Manchester; five grandchildren, Scott, Ryan, Eric, Jason and Hillary; five brothers, Clarence, Arthur and Edwin, all of Saline, Paul of Clinton and Willard Bredernitz of Ypsilanti; one sister, Mrs. Dorothy Collins of Florida; one aunt, Gertrude Hartman of Saline; many nieces, nephews and cousins. Two sisters, Erma Alber and Elsie Bredernitz, preceded him in death.

Funeral services were held Saturday, February 15, 1986 at the Robison-Rahn Miller Funeral Home, Saline, with Rev. Roman Reineck officiating. Burial followed in Bethel Church Cemetery.

Memorial contributions may be made to The Evangelical Home-Saline, or the charity of one's choice.

Great Chili Cook-Off Call For Cooks

The Great Chili Cook-Off Hot Air Balloon Festival, sponsored by Health Care Network, will be held May 3 and 4, 1986, at the Saline Farm Council Grounds. The weekend of events is a benefit for the National Kidney Foundation of Michigan.

The ICS sanctioned cook-off on Saturday, May 3, has spaces for 50 cooks. This cook-off follows the rules established by the International Chili Society, forbidding beans or other fillers. The winner of this event will win a trip for two to compete in the ICS World Championship Cook-off in California.

The "anything in pot" Renegade Cook-off on Sunday, May 4, has spaces for 40 cooks. This cook-off allows contestants to use beans, spaghetti, and other fillers. The winner of this event will win a trip for two to Las Vegas and a guaranteed spot in next year's sanctioned cook-off.

Registration for both cook-offs are being accepted through March 14, 1986. To receive a registration form, call the Kidney Foundation toll-free at 1-800-482-1455.

Diet Wars

A recent cover of U.S. NEWS & WORLD REPORT proclaimed

America's "diet wars". If you followed the story to the inside, you know there's a lot of controversy about what we eat. Fortunately, the trend seems to be back to a common sense approach. No longer are Americans so willing to heed the advice of "diet gurus." Even people with some standing in the nutrition field may have to eat their words.

According to U.S. NEWS, nutritionists are taking a second look at some of the things they've been critical about. Eggs, for instance, have been bad-mouthed for contributing to high blood cholesterol. In reality, blood levels in some Americans are not effected by cholesterol in any food. Heredity is a much more important factor.

Even salt's contribution to high blood pressure is being reconsidered. Only about a third of the Americans with high blood pressure are sensitive to salt.

And remember the scare stories about bacon and how nitrates used to cure meats could become cancer causing nitrosamines. Even before we knew that, it was explained that you would have to eat an awful lot of bacon to be at risk.

According to Dr. Elizabeth Whelan of the American Council on Science and Health, there's no need to recommend major modification in the all-American diet.

Dutchmen Wrestling Report

The Central League Meet was held on Wednesday, February 12th, at Michigan Center. The Flying Dutchmen came in 4th. The team scores were Grass Lake

Shawn Ion (126) Junior

Kevin Duvall (98) Freshman

Shane Clouse (105) Freshman

157, Michigan Center 148 1/2, Napoleon 147 1/2, Manchester 106 1/2, Vandercook Lake 76 1/2.

The Dutchmen came home with 8 medals. They are Kevin Duvall (98) and Shane Clouse (105) each with a 2nd place medal; B.J. Lee (112), Allan Carson (126), Shawn Ion (122), Karl Schook (167), Tom Heath (185) and Mark Fenelon (198) each with a 3rd place medal. Congratulations Dutchmen!

The Districts were held on Saturday, February 15th at Napoleon. The Dutchmen are pleased to have B.J. Lee, who placed 3rd, to be able to go on to the Regionals. The Regionals will be held at Morenci this Saturday. Congratulations B.J., and Good Luck!

Insurance Programs Talk Set For Feb. 24th

Catherine McAuley Health Center will sponsor a discussion on "Medicare, Health Maintenance Organizations and You" from 11 a.m. to noon Monday, February 24, at the Milan Senior Center, 147 Wabash, Milan.

The first half hour will be devoted to a discussion by Chris Schwartz, of patient accounts, on Diagnostic Related Groupings - DRG's - and how they affect Medicare and Medicaid payments.

The second half of the program will be a discussion by Joseph Martinez, director of marketing for McAuley Health Plan, on health maintenance organizations as an alternative form of health care insurance.

For information, call 572-9824. McAuley Health Plan is a health insurance organization affiliated with Catherine McAuley Health Center in Ann Arbor.

Winter Concert To Be Presented

The Ypsilanti Community Band will present its winter concert on Thursday, February 27, at 8:00 p.m. in the Ypsilanti High School Auditorium.

This will be the YCB's first performance under the baton of Paul Stanifer, a dynamic and dedicated conductor who makes the trip each week to the YCB rehearsal from his home in Temperance, Michigan, where he resides with his wife and two children.

Stanifer taught in the Bedford, Michigan, Public Schools for 17

years before turning to his present career in management and sales with EBS Fund Raising.

While at Bedford, his bands enjoyed continuous success, receiving top music festival ratings. Stanifer conducted Musical Youth International for their 1980 tour to Morocco and Spain and for their 1981 tour to the British Isles. He has also been band conductor at the Blue Lake Fine Arts Camp.

The band is currently in its eighth season and welcomes new members. For more information, please call 462-7670.

Admission to the concert is complimentary.

YOUR FLOWERS AND PLANTS Helpful Hints

By Merlin Olsen
A dish garden is to green plants what a mixed bouquet is to flowers, a pleasing combination of different varieties artfully arranged and appropriate as a gift for many occasions.

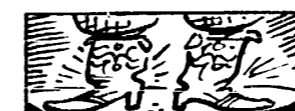

The dish garden gets its name, according to FTD florists, from the fact that the plants often are arranged in a low, dish-like container.

Sometimes the plants are inserted into common soil. They also can be in tiny, individual pots which are then arranged in the container and fastened to the bottom with florists' clay.

Dish gardens demonstrate the enormous variety of shapes, textures and shade that exist in the green plant world. To add further color, they can be accented with a few fresh flowers or flowering plants. The flowers can simply be removed when they wilt, after which the plants provide lasting enjoyment.

This type of plant gift also is called a European garden. When they are made only of different types of cacti, they may be called Western gardens.

Among those who might especially enjoy receiving a dish garden are hospital patients and people convalescing at home, men, office workers, and people who enjoy plants but who have limited space for displaying them.

Before King George IV of England ordered a set of boots made to fit each of his feet, shoes were designed to be worn on either foot.

Dutchmen Victorious

Earlier in the week we visited Hudson and came away on the short end of the stick, but on Friday, we bounced back to win over Grass Lake, 37-33.

We jumped to an early advantage over the Warriors by out-scoring them 12-6 in the first period. Unfortunately, the second eight minutes saw them rally and pass us to hold the lead at half-time, 19-16. In the final two stanzas of the battle, we assumed control, both offensively and defensively, to seal the victory.

Kevin Creech led our scorers with 11, as John Curley popped for 10, and Bart Rickelmann added 8.

Our Little Dutch also won, 45-35.

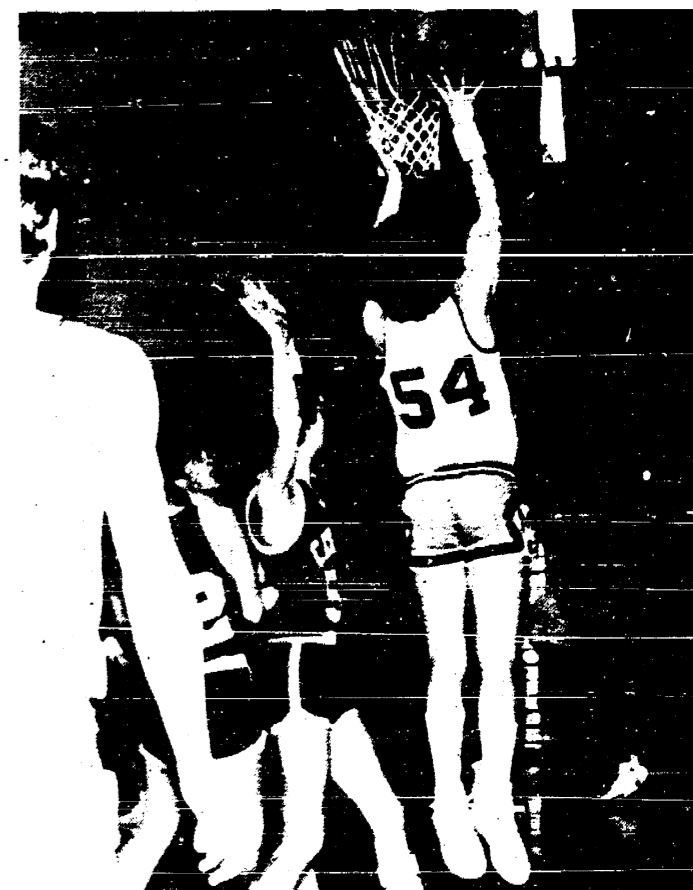

Dutch Spikers Have A Tough Week

Hanover-Horton came to town Monday and overpowered us. In the JV match, we played solid defense and offense but it wasn't good enough, as they won 6-15 and 4-15. Top players were Sara Samonek, Jennifer Barnard, Sherry Rickelmann and Heidi Beasley.

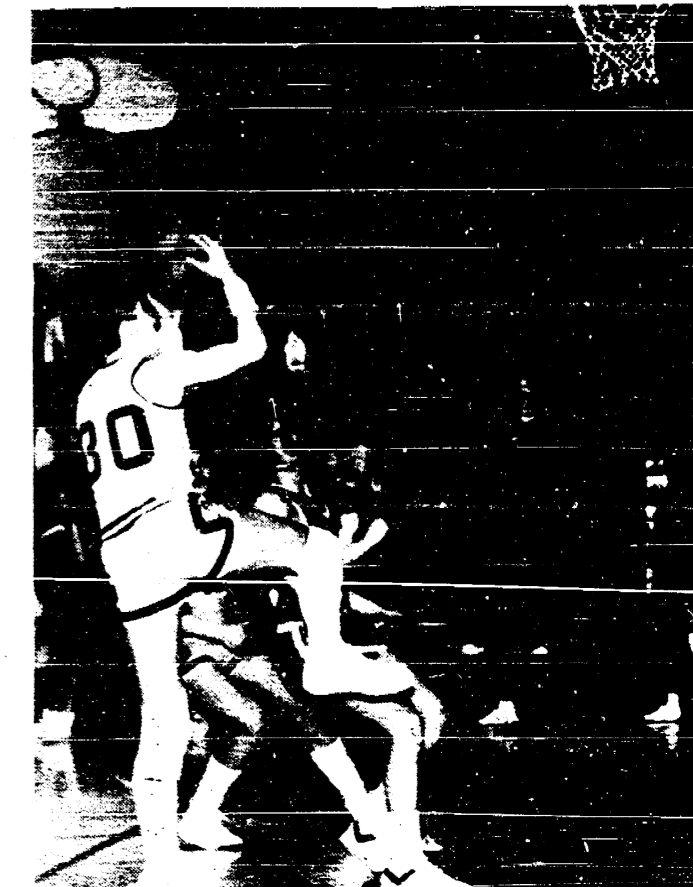

In the Varsity contest, we took the bull by the horns and won easily, 15-2. The Comets recaptured momentum to take the second game, 4-15, and continued to assert their power by taking the third and deciding game, 8-15. Top players were Renea Drouare, Nicki Bragg, Ami Bragg, Rocky Weber and Treasa Rose.

On Thursday we traveled to Vandercook Lake to square off against the Jayhawks. In the JV game we played well, but fell 6-15 and 10-15. We had three top scorers, all with 4 points apiece. They were: Vanessa Salyer, Heidi Beasley and Jennifer Barnard.

In the Varsity Battle, we played the best Defense we've had all year. Unfortunately, the Hawks mustered all their talent to beat us 12-15, 8-15. Top players were Ami Bragg, Beth Evans, Jodi Brokaw and Treasa Rose.

Freedom Township Board Meeting

February 11, 1986

Proposed Synopsis of regular meeting of Freedom Township Board held on the above date at the Township Hall with all Board members present. Meeting opened at 7:30 p.m.

Minutes were approved as read. Treasurer reported \$19,615.35 in General Fund, \$1,157.49 in Federal Revenue and \$101.60 in Liquor Fund.

Communications were read. Supervisor Mann reported W.C. Road Commission meeting on February 28, 1986, at 1:00 p.m. at the Road Commission office.

A new form for Fire Department Service Fees was approved. Raymond Fanzel was appointed for one year on the Board of Review. Trustees Weidmayer and Haussler gave reports from the M.T.A. Convention which they attended January 30. Board voted to hold Annual Meeting on April 5, 1986, due to last Saturday in March being Easter weekend. General Fund bills were approved as presented. Meeting was adjourned at 9:25 p.m.

Submitted by Mildred Guenther, Clerk Approved by Eugene Mann, Supervisor

"Only Lunatic Fringe Vote Against Seat Belts"

The American Association for Automotive Medicine (AAAM), praised the British Parliament's recent decision to make the national seat belt law permanent in Great Britain. Passed provisionally by the Parliament in 1983, the law there contained a "sunset" clause to be reviewed in three years.

The House of Commons met recently to debate the issue and voted overwhelmingly (217 to 25) to retain the law. The House of Lords had approved the measure

by a 2 to 1 margin a week earlier. Since the British law was originally passed, seat belt use has risen to over 90 percent, and has resulted in a 23 percent reduction in deaths and 26 percent fewer serious injuries from vehicles crashes.

George Robertson, member of Parliament (M.P.), described the law as "the most successful road safety message Britain has ever seen." Robertson reported that the law has saved "at least 130 million pounds" in medical costs.

During further testimony, Austin Mitchell, M.P., said that "the only arguments that have been advanced against the proposal have been made by the provisional wing of the lunatic fringe of the Libertarian lobby." He went on to add, "Thanks to the three-year trial period, 1,000 people who would be dead if they had not made seat belt wearing compulsory are alive today...and some 18,000 serious injuries have been avoided...."

When reviewing the evidence to support the retention of the law by the British Parliament, Barry Sheerman, M.P., said, "Every other authority, including...London University, the British Medical Association, the Royal College of Surgeons, and everyone who has monitored the situation agree."

Elaine Petrucelli, executive director of the AAAM, hoped that acceptance of American seat belt laws would be as widespread as in Britain. "The fledgling laws in the first seventeen states here can have the same impact in reducing serious and fatal injuries if we can get people to comply like the British have."

New York was the first to pass a seat belt law in January 1986. Recently, Connecticut, New Mexico, California and Massachusetts passed their state laws. After one year in New York, compliance is around fifty percent. Even with that moderate level of use, officials estimate 165 lives have already been saved in the first nine months of 1986 compared to the previous five year average.

The nose cleans, warms and humidifies over 500 cubic feet of air every day.

State's Top Young Swimmers To Compete

Several nationally-ranked young amateur swimmers will be among 500 competitors vying for State Championship berths in the Ann Arbor Swim Club 1986 Red Lobster Invitational Age Group Swim Meet, on Friday, Saturday and Sunday, February 21, 22, and 23.

The 500 swimmers, representing nearly 40 swim clubs statewide, will comprise 3,100 entries in 112 events. Competition will be in four age-group categories for both boys and girls: 10 and under, 11-12, 13-14, and Open.

The A-level United States Swimming (USS) sanctioned meet is the final qualifying event before this season's Michigan State Short Course Championships.

The competition, sponsored by Red Lobster Inns of America and the Ann Arbor Swim Club, will begin at 4:30 p.m. Friday, February 21, at Huron High School, 2727 Fuller Road. The meet will continue with events from 7 a.m. to 7 p.m. Saturday and Sunday, February 22 and 23, at Pioneer High School, 601 West Stadium Boulevard.

The three-day event will conclude with an awards ceremony following the competition Sunday evening. A representative of Red Lobster, the nation's largest chain of seafood dinnerhouses, will present trophies to the top three teams overall, based on points. Medals will be awarded to the first through sixth individual finishers in each of the 112 events.

The video cassette recorder was invented in 1961.

Birth Announced

Daniel and Shannon Fleck and their daughters, Robin, Jennifer and Rachel, proudly announce the birth of Dan Allen Fleck, II. Dan was born February 4, 1986, at St. Joseph Mercy Hospital in Ann Arbor.

Grandparents are Mr. and Mrs. Orville L. Tungate of Plymouth and Mr. and Mrs. Dan A. Fleck of Alpena.

Sulfite Regulation Extended

An emergency sulfite regulation, due to expire on February 3, has been extended by Governor James J. Blanchard for an additional six months. The regulation was requested by the Michigan Department of Agriculture (MDA) last July, in response to tests conducted by the department's laboratory, which found detectable amounts of more than 10 parts per million (ppm) of sulfites in samples of some products.

The regulation clarifies the authority of MDA's Food Division to require that placards be

displayed on bulk products containing certain amounts of sulfiting agents. Michigan already has a labeling law requiring that ingredients, including additives, contained in processed food products be listed on the container label.

Sulfiting agents are additives used to prevent spoilage and browning of foods. In the past few years, there have been reports of hypersensitive reactions, primarily among asthmatics, after consuming food containing sulfites, and several deaths have been linked to the consumption of sulfite-treated food.

Since the emergency regulation was filed, the U.S. Food and Drug Administration has announced three additional deaths attributed to a sulfite reaction, and has proposed to ban the application of sulfites to fresh fruits and vegetables, excluding potatoes.

MDA's Food Division is currently working with industry representatives to draft a permanent regulation. The department's laboratory will continue to routinely sample products for sulfite content.

"A dance is a measured pace, as a verse is a measured speech."

ARE YOU "PROGRAMMING" YOURSELF FOR HEALTH?

Like a computer, your body has to be programmed for best results. Rest, proper diet, sensible exercise and a good mental attitude are essential. Sometimes, even with all those, good health seems elusive. The difference could be a condition you haven't even noticed - a vertebra that has gotten out of position, perhaps from a fall long before. When that happens, the nerves that extend out from between the vertebrae aren't able to serve body organs as they should. Once the vertebra is restored to its rightful position, the body is given the opportunity to program natural health. A chiropractic checkup can be an important first step in programming health.

Area Agency On Aging

The Area Agency on Aging 1-B will conduct two Public Hearings for residents of Livingston, Macomb, Monroe, Oakland, St. Clair, and Washtenaw Counties. On March 14, the Hearing will be at 2:30 p.m. at the Ypsilanti Senior Citizen Recreation Center, 1015 Congress, Ypsilanti. The second Hearing will be at the Italian Cultural Center on March 20, at 1:30 p.m.

The Hearing on the Proposed 1987-1989 Area Plan will be held to receive testimony from individuals in the six-county area. Older residents, service providers, and other interested parties are invited to attend. Written testimony will be accepted thru March 20, at the Area Agency on Aging 1-B office, 29508 Southfield Road, Southfield 48076.

The Area Agency on Aging 1-B is the organization responsible for planning in the six-county region. The AAA 1-B is part of the federal aging network administered by the Administration on Aging, Department of Health and Human Services.

In Washtenaw County, copies of the Proposed Area Plan will be available after February 28, at the Washtenaw County Council on Aging, 505 Catherine Street, Ann Arbor. (313) 665-3625.

King's Daughters

The Kings Daughters will meet at the United Methodist Church on February 27, at 12:30 p.m. Everyone please remember to bring your sack lunch.

Changes In State Park Reservation System

Campers can now make phone reservations in Hartwick Pines, Ludington, Mears, Petoskey, South Higgins Lake and Warren Dunes State Parks, as well as written reservations say Department of Natural Resources staff. All state parks are now under a phone reservation system.

"We made this change to improve our service to the public," says Ron Nagel of DNR's Parks Division. These popular parks will only require a two-night minimum reservation like all other state parks in the Lower

Peninsula.

Upper Peninsula state parks will again take written and phone reservations with only a one-night minimum. As in the past, only 50 percent of the campsites in a given park are under the reservation system. The other 50 percent are available to the public on a first-come, first-served basis.

Reservation forms are available at all DNR state Park offices, the Information Service Center (517-373-1220), and the State Travel Bureau (517-373-1195). Phone reservations can be made by calling the park where you plan to go camping. "It isn't too early to plan vacations and make reservations," says Nagel. Over 57,000 reservations for use of state park campsites were made last year.

Washtenaw County Soil Survey Available

Soil surveys available from the Soil Conservation Service are intended for many different uses. They can help a homebuyer or developer determine soil-related hazards or limitations that affect homesites. They can help land use planners determine the suitability of areas for housing or onsite sewage disposal systems. They can help a farmer estimate the potential crop or forage production of his land. They can be used to determine the suitability and limitations of soils for pipelines, buildings, landfills, recreation areas, and many other uses.

Many people assume that soils are all more or less alike. They are unaware that great differences in soil properties can occur within even short distances.

Soils may be seasonally wet or subject to flooding. They may be shallow to bedrock. They may be too unstable to be used as a foundation for buildings or roads. Very clayey or wet soils are poorly suited to septic tank absorption fields. A high water table makes a soil poorly suited to basements or underground installation.

These properties and many others that affect land use are given in the Washtenaw County Soil Survey. The soil survey describes the properties of soil and shows the location of each kind of soil on detailed maps.

Major field work for the Washtenaw County Soil Survey was completed in the period 1968-1978. The published soil survey was first issued in June 1977 as a joint effort of the United States Department of Agriculture and local agencies in Washtenaw County. Recently, the Soil Conservation Service field office located at 6101 Jackson Road, received the second edition of Washtenaw County Soil Surveys. They are available to the general public.

The Soil Conservation staff invites you to stop at the office and pick up a copy. We will help you interpret the information so

Census Shows Elk Herd In Good Shape

A recent winter census of Michigan's elk herd by Department of Natural Resources (DNR) field personnel shows Michigan's elk population to be approximately 950, very close to last year's winter census of the herd which numbered 940.

"This falls pretty much in line with what we expected the number of animals to be," said Nels Johnson, DNR wildlife biologist, who headed the 60-man census team. "The calving season last June brought the herd up to 1,100. Good reproduction and survival through the winter has kept our herd about the same, even after the harvest of 119 elk last December during the State's fourth elk hunt."

MANCHESTER TOWNSHIP PLANNING COMMISSION NOTICE of PUBLIC HEARING

The Manchester Township Planning Commission will hold a public hearing at 8:00 p.m. EST February 24, 1986 at the Manchester Township Hall, 275 South Macomb Street, Manchester, Michigan on a proposed Amendment to the Manchester Township Zoning Ordinance to change the zoning from AR-Agricultural-Residential District to LI-Limited Industrial District of premises at 17951 West Austin Road, Manchester, Washtenaw County, Michigan, described as:

Commencing at NE corner of Section 9; thence N 89°17'18" W 507.40 feet, to POINT OF BEGINNING; thence S 0°13'22" W 368.0 feet; thence N 69°17'18" W 292.23 feet; thence N 0°30'47" E 367.99 feet; thence S 89°17'18" E 290.37 feet to Point of Beginning being part of the NE ¼ of Section 9, T4S, R3E. 2.46 acres.

MANCHESTER TOWNSHIP PLANNING COMMISSION
1/30/86 - 2/20/86

Planning Commission

owner within 300 feet of a property for which rezoning is requested.

SIGN PERMIT - RIVER RAISING MEDICAL ASSOCIATES

The application was again reviewed. There was discussion concerning another sign (for another business) already located on the property (or possibly within the right-of-way of Washington Street.) There was discussion of the building's status of use under a Conditional Use permit. A motion to approve the sign as presented was made by Walton and supported by Statutz. In a roll-call vote, members voted as follows: Walton - yes; Marshall - no; Smith - yes; Limpert - no; Statutz - yes; Lowery - no; Kalleward - yes. The motion was declared to have been carried on a vote of four to three.

Lenten Services At Sharon Church

The theme for the Lenten Midweek Services at the Sharon United Methodist Church is "How the Gospel Transforms Lives in Bible Times and Our Own." Services are Wednesdays at 8 p.m. Everyone is welcome to attend.

February 19th, the Rev. Hayden Carruth of the Manchester United Methodist Church will present a musical service.

February 26th, the Rev. Ronald Iris, former pastor of the Sharon United Methodist Church, will be speaking. Rev. Iris is presently pastor of the Millington United Methodist Church. A pot luck will be held at 7 p.m. prior to the service.

March 5th and March 19th, the Rev. Evans Bentley, pastor, will lead a special Bible study on "How

the Gospel Transforms Lives in Bible Times and Our Own."

The March 12th service will be a community service at 7:30 at the Manchester United Methodist Church presented by the choirs of the four churches.

On Thursday, March 27th, a Maundy Thursday Communion Service will be held at the Sharon United Methodist Church.

"Eye Care Is A Bright Eye-Deal!"

"Eye Care Is A Bright Eye-deal" is the theme of Save Your Vision Week, observed March 2-8, 1986, and is especially appropriate for today's adults over age 50, says Dr. Gregory L. Patera, president of the Michigan Optometric Association.

"Becoming older doesn't necessarily mean becoming less active in today's society, and frequent professional eye examinations and quality care can contribute to continued enjoyment of activities," Dr. Patera said. "Good vision is vital to all sorts of activities, ranging from driving and performing jobs outside of the home to hobbies, reading and other daily tasks."

Because presbyopia, a vision condition in which the crystalline lens of the eye gradually loses its focusing ability, becomes prevalent after age 40, annual vision examinations help individuals know when adjustments in eye-glasses or contact lenses are necessary to maintain good vision.

One day of the annual Save Your Vision Week observance is being set aside this year as "Improve Your Vision Day," specifically calling attention to the help that is available to correct vision problems and conditions, including presbyopia, for more full enjoyment of activities.

"Save Your Vision Week also points out the other important function of frequent professional eye examinations, and that is its role as preventive eye health care," Dr. Patera said. "Since eye diseases, such as glaucoma and cataract, also become more prevalent as we grow older, optometrists recommend annual eye and vision examinations for people over age 40. During a thorough optometric examination, these diseases, as well as some general health problems, can be detected and early detection and treatment can often lead to preserving good vision for prolonged enjoyment of activities of daily living."

Silver Wedding Anniversary Celebrated

Max and Donna Heckaman, of Norvell, Michigan, recently celebrated their 25th wedding anniversary.

A small dinner party, held at the Sveden House in Jackson, was given by their children Trent and Robin (Heckaman) Hammond, Alvin and Sally (Heckaman) Norvell, Neison, Wendy Heckaman and friend David Lapp, and Max Heckaman, Jr.

The Heckamans also have three grandchildren, Heidi Mae, Brandon Joseph, and David Scott.

"Farming can be complicated these days. Same goes for income taxes. So I go to H&R Block."

"With farming, one wrong step and it could cost you down the road. The same is true with tax preparation, and that's why I always go to H&R Block. My preparer is trained to know all the special problems that farmers face. And that saves me money. So I'll do the farm work while Block does the tax work."

New Service Available For Social Security Claimants

The Ann Arbor Social Security office announced a new service available to Social Security claimants. Yvonne Mitchell, District Manager in Ann Arbor, stressed that claimants filing for retirement, survivors and disability benefits can now phone ahead to make an appointment to file applications by phone or in person. Of course claimants can still come in and wait their turn. The availability of appointments has long been requested by some area residents but has only recently been made available. While conducted on a trial basis, the appointment system has proved popular with claimants and many have welcomed the added convenience. By having the claimants earnings record available in advance of the application interview, benefits can be figured and many potential problems pinpointed. In addition documents needed to support the claim can be identified and extra trips to the office can be avoided. In the case of phone interviews, usually no trip to the office is necessary.

To arrange for an appointment to file by phone or in person call 668-2074.

For more details on these or other provisions affecting your Social Security, Supplemental Security Income or Medicare benefits, phone 994-3810 or write to Social Security, P.O. Box 8666, Ann Arbor, MI 48107. The Social Security office is located in the Federal Building, 200 E. Liberty St., Ann Arbor, MI 48107.

Soil Conservation District Holds Annual Meeting

The 37th Annual Meeting of the Washtenaw County Soil Conservation District was held Tuesday, February 4, 1986, at the Pittsfield Union Grange Hall, Ann Arbor. Fifty-eight people braved the weather and ice-covered parking lot to attend the meeting.

Reports were given on Soil

Conservation District activities, USDA Soil Conservation Service farm planning assistance available and a report on forestry by the Department of Natural Resources, Area Forester.

An election of two District Directors was also held. There were 40 ballots cast with William Fishbeck, Superior Township and Dennis Huehl, Freedom Township elected to three-year terms.

Featured speaker for the meeting was Clayton Klein of Fowlerville, Michigan. Mr. Klein presented a travelog program entitled, "Cold Summer Wind" which described his canoeing adventures with his son, in the wilds of Canada's Northwest Territories. It was a most interesting and entertaining program.

The following awards were presented at the Meeting:

Five year District Service pins to Leonard Burmeister, Freedom Township and Charles Koehn, Sylvan Township for service as District Directors.

A special presentation of the "Walter Wolfgang Memorial" Conservation Farmer of the Year Award, for 1985, was made to Robert H. Schultz of Canton. Mr. Schultz has shown a commit-

ment to conservation both past and present by his use of such conservation practices as contour farming, cover and green manure crops and conservation tillage.

A door prize drawing closed the Annual Meeting as door prizes donated by ten county businesses were distributed. Six farm material suppliers and conservation practice installation contractors provided donations which supplied refreshments for the meeting, plus rental of the Grange Hall and featured speaker fee.

Cleary College Honors List

Students from 30 southern Michigan communities have been named to Cleary College's President's Honor List for Fall term 1985.

To be honored a student must earn a 3.5 grade point average while taking at least two classes for a minimum of six credit hours.

Students at Cleary, an independent business college, attend classes at the school's Washtenaw and Livingston branches.

Local students named to the President's Honor List include Vicki Hieber of Manchester.

Hot Apple Cider-The Perfect Coffee Substitute

Got those coffee price-hike blues? You've been checking around for a substitute but the traditional beverages don't seem to fill the bill? Well, fresh apple cider has plenty to offer. It can be heated like a cup of steaming coffee, and while it has many of the attributes of coffee, it eliminates the drawbacks. Fresh apple cider is all-natural, the rich brown juice that's squeezed out of the famous "apple a day keeps the doctor away" fruit. It's a healthful drink that in its own way provides as much stimulation and "wake-up-ness" as coffee does.

Coffee achieves that effect through its caffeine, a substance with known health risks when consumed in excess quantities. Apple cider is totally caffeine-free but helps clear out the early-morning cobwebs by its natural astringency and tartness - and tang. It's also an energy booster. Many people load down their coffee with refined sugar to get the extra pep that affords as it is

assimilated into the bloodstream. However, many nutritionists have concerns about the health effects of refined sugar, in contrast to the benefits of natural fruit sugars. Sweet unfermented cider is strong in natural sugars to provide quick energy.

And cider does that while being sparing of calories. Cider, like apples, is also low in sodium but with desirable levels of potassium, and it contains pectin, which is thought to have beneficial effects in relation to cholesterol formation.

Fresh apple cider is still widely available this time of year in Michigan, both in grocery stores and in farm markets. Those who press the cider have been experiencing increasing demand for it on a year-around basis in recent years, so they no longer quit pressing in late autumn. Many claim that this is the time of year when cider achieves its most robust flavor. The flavor is not diminished by heating, and it can be enhanced by a dash of cinnamon or cinnamon stick.

So try some hot apple cider for a rousing up-and-at-'em beverage in the morning, during work breaks and as a coffee substitute with meals!

Not Everyone Can Afford To Hang Around For The Right Time To Invest.

First of America Bank won't keep you dangling until the time is right to invest. Because we know the market isn't always ready when you are.

So we offer lots of opportunities for investment that you can take advantage of right away.

We can tell you about our interest bearing checking and savings plans.

And we'll explain our Certificates of Deposit

that earn fixed money market rates.

Just call or visit your First of America bank office today.

When you work with a First of America Customer Service Representative, you'll soon find yourself on solid financial footing.
