Hit or Miss

by Farley

We have heard tell that lately the Third World, formerly known as The Orient, is rapidly becoming Westernized. For instance, a recent visit to Bangkok in Thailand, which was formerly Siam, found there are quite a number of fast food shops including McDonald's Golden Arches, Wendy's and several independents which are doing right well.

Then too, there have been made other radical changes in Thailand's basic customs which have been influenced by Western customs. For example at one time, the women of that country for centuries have been merely housekeepers, cooks and servants for their lord and master. When their husbands gave a dinner for business associates or friends, the women provided the food, prepared it in their outdoor kitchens and served it to the

menfolks only. When done with this, they retired to their kitchens where they dined and where they remained while the menfolks adjourned to their living rooms to discuss business affairs and to socialize.

Things have also changed in China. There are now in Shanghai a large number of fast food establishments, but there are some differences. The hamburgers in this area are not the big sellers there. The basic food of the Chinese is rice and fish and some pork but not a great deal of beef and so the most popular item there is the fish fillet sandwich but American soft drinks are known everywhere and increasingly popular and rice cakes are usually available.

In Japan fast food eaterys are available and popular in most places. There is now available what is known as a "dream house" which is available in any suburbia

Interfaith Thanksgiving Service

November 26, 1986

This year's Community Thanksgiving Service will be held at Sharon United Methodist Church Wednesday, November 26, at 7:30 p.m. It is a service that combines the congregations of Bethel United Church of Christ, Emanuel United Church of Christ, St. Mary's Catholic Church, Manchester United Methodist Church and Sharon United Methodist Church. They invite all in the Manchester area to join in this service of gratitude.

It will be an evening of song and praise. The pastors of the five churches will participate with Reverend Hayden Carruth providing the Thanksgiving message. A reception will follow in the Sharon Fellowship Hall.

In place of an offering of money the pastors suggest that each family bring canned or packaged food; enough to feed a family of four for one meal. These products will go to Manchester Family Service in its effort to provide food for those in need during the holiday season.

"Flowers For Algernon" November 21 and 22nd

On November 21st and 22nd the Manchester High School Players will be presenting the play FLOWERS FOR ALGERNON. FLOWERS FOR ALGERNON is the compelling story of Charlie Gordon (Rob Gillow), 32 years old and mentally retarded, who undergoes experimental surgery

which may increase his intelligence. The surgery is first performed on Algernon, the lab mouse, increasing his intelligence four-fold. The operation is tried on Charlie, who rapidly changes to a genius, exceeding the expectations of his teacher and the doctors (Julie Post and Alice Swanberg), who created the operating technique. As Charlie approaches the peak of his brilliance, Algernon shows frightening symptoms of regression. The play becomes a race against time in which Charlie tries to find a way to keep his newly acquired intelligence.

Performances will be at 8:00 p.m. in the High School Auditorium. Tickets are \$2.50/ students and \$3.00/adults. Hope to see you there!

School Closing In Severe Weather

Winter weather is fast approaching. In the event that severe weather and/or road conditions exist, the Manchester Community Schools will implement procedures to respond to the conditions. Road conditions at selected areas throughout the district will be checked. The Superintendent and Transportation supervisor will be communicating with the County Road Commission, National Weather Service, Police Department and local school districts in an effort to gather appropriate information.

If it is determined that road conditions are hazardous, appropriate procedures will be implemented. Continued On Page 7

S.A.A.C. To Meet

NEATNESS COUNTS

It's an old saying but nowhere is it more applicable than here in our pharmacy. For every drug package has to be carefully marked and then stored alphabetically in its exact proper place under the right protective conditions. Our pharmacy counter is always kept antiseptically clean so that there is no chance of a drug becoming contaminated while we are filling your prescriptions.

Neatness also counts when it comes to people and that is why all of the people in our pharmacy make it an extra point to be well-groomed from their fingernails and shoes to their lab jackets.

"A GREAT MANY PEOPLE ENTRUST US with their prescriptions, health needs and other pharmacy products. We consider this trust a privilege and a duty. May we be your personal family pharmacy?"

Letter To The Editor

Enclosed is a tribute to Miss Stables, a former Manchester 5th grade teacher. I wrote this two years ago when a favorite teacher composition was assigned to my classes. I was writing with the kids.

Because so many folks in Manchester were fortunate enough to have Miss Stables for a teacher, I thought you might use it as a filler in the ENTERPRISE.

Sincerely,
Mary Harrington Lloyd

SHE REMEMBERED

Orson Wells didn't take me to the Valley of the Kings on my first visit. Miss Stables, my fifth grade teacher, was the travel guide who unfolded stories of wonder about the pyramids and the Valley of the Kings. With her at the helm, I remember the Nile River ride, the dusty walk across the desert, Egyptian children hawking scarabs, persuasive peddlers selling rides on knobby-kneed camels, and finally the towering Cheops. We scampered up the awkward steps of the pyramid to enter a long narrow passage that led to the burial chamber of a pharaoh that had

After ringing the bell repeatedly, I was finally greeted by Miss Stables. "Hello, Miss Stables." And before I could identify myself, she responded. "Why, Mary Jean, how nice of you to come."

Imagine! Thirty-four years had elapsed and still she remembered! An amazing accomplishment for anyone, especially this teacher — who had opened the windows of the world and taught me to see — because now Miss Stables was blind.

Spelling Bee Contest

On October 27, two groups of 7th and 8th grade students met at the Manchester K of C Hall in order to determine a champion speller in the Michigan state K of C Spelling Bee program.

Students from Manchester were: Jenny Binder, Julie Hamilton, Melissa Preis, Shannon Salyer, Amy Scherdt, Galle Weiss, Benjamin Winzenz and Jamie Winzenz.

Students from Clinton were: Stephanie Baley, Teresa Brownlee, Jamie Callison, Bart Kirk, Jennifer Marsh, Bob Ochoa, Michelle Rittichier and Kevin Williams.

Judges were Manchester teacher Laura Young and Clinton teacher Pat Schneider. Registration and refreshments were handled by Grand Knight Tom and Mrs. Ruth Burch. Chairman D. Imber presented awards to the following: Champion speller and winner of the Webster Collegiate Dictionary - Jamie Winzenz; Runner-ups were: 1st - Benjamin Winzenz; 2nd - Jenny Binder; 3rd - Shannon Salyer.

The next level of competition was in Lansing on November 2. Our students did well but didn't place as finalists.

first half with the score knotted at 20-20. The second two periods belonged to Clinton as they won 60-35. Renea Drouare was our high scorer with 7 points, as Kim Lockridge and Tracy Schuler posted six each.

On Thursday night, we hosted the Trojans from Whitmore Lake. We knew we had to play super defense as they brought an All-State forward with them. Half the battle was history and we found ourselves down 7 points. I had a feeling it would be hard to come back. We fought and fought hard in the third period, but fell further behind, 38-27. With only eight minutes remaining in the game, we began our comeback. Our solid offense and tough defense closed the gap considerably. At the 1:28 mark we were only four points back. This was as close as we came as the game ended 51-43.

Dawn Brady led our scorers hitting for 14 points, as Tracy canned 11. Whitmore Lake had four starters scoring, three of whom hit for a total of 13 total points. The other 38 points were made by Shelley Watson, their All-State forward.

This coming Thursday we trek to Hudson to play Napoleon in the first round of the District playoffs. A victory assures us of a Saturday contest with Addison.

super year, sporting a five and zero record. This is how the tallies went: 24-14 over Sand Creek, 8-0 over East Jackson, 20-0 trouncing of Napoleon, 18-0 shutout of Tecumseh and a 36-8 thrashing of Clinton.

The emphasis this year was on team effort. Because the boys worked well together, they improved as the season progressed.

Offense was led by: Lance Fielder, John Ward, George Stripp, Patrick Clark and Mike Riske.

Defense was led by: Jim Buono, Lance Fielder, Mark Schulze, George Stripp, Chris Maitland, John Ward, and Mike Riske.

Our eighth grade team went four and two for the year. Because they had a six and zero record last year, they now progress to the High School with a ten-two overall record. How the scoring went this year: 28-16 downing of Sand Creek, a 0-12 loss to East Jackson, 20-14 edging of Napoleon, 30-0 shellacking of Vandercook Lake, and a painful loss to Clinton, 0-44.

Offense was led by: Jesse Widmayer, Mike Blumnauer, Brian Leach, Jon Uphouse and Tony Panches.

Defense was led by: Andy Pagel, Jesse Widmayer, Jeff Gilow, Mike Hall, Brian Leach, Duane Hopkins, Jay Gilow and Mike Blumnauer.

The coaches for this year's campaign were: Brian Schick, John Korican, and Bob VanCamp.

PROPOSED VILLAGE OF MANCHESTER ORDINANCE NO. 151 UTILITY HEARING OFFICER ORDINANCE ADOPTED: NOVEMBER 3, 1986 EFFECTIVE: UPON ADOPTION

An Ordinance to provide for the appointment of a Utility Hearing Officer and to establish proceedings for hearings on disputes with customers concerning charges by utilities owned or operated by the Village

SECTION I. HEARING OFFICER: APPOINTMENT, TENURE, COMPENSATION

The Village Council shall appoint a Utility Hearing Officer, who shall serve at the pleasure of the Council and who shall receive such compensation, if any, as is established by resolution of the Council from time to time.

SECTION II. HEARINGS

A. The Utility Hearing Officer shall conduct a hearing at a reasonable time and place following receipt of a written request by any customer of any Village-owned or operated utility, including but not limited to Village-owned or operated sewer and water facilities, to take evidence and adjudicate any dispute between the customer and the Village utility concerning charges for utility services. The Hearing Officer shall cause a written notice of the time and place of the hearing to be mailed to or delivered to the customer.

B. The hearing shall be conducted in an informal manner, and in all respects conducted in such a manner consistent with due process to the customer as to promote the fair, speedy, and inexpensive resolution of disputes. The record for hearing shall consist of file materials and originals or copies of documentary evidence offered at the hearing, plus written findings and conclusions of the Hearing Officer. A verbatim record shall not be required. A form shall be developed under the direction of the Village Manager for use at the hearings, which shall include provisions for requests for hearings, lists of witnesses and documentary evidence, and factual findings and conclusions of the Hearing Officer.

C. The utility and the customer may offer witness testimony or documentary evidence and each party may present a written summary of its position. The Hearing Officer may admit and consider evidence of a type commonly relied upon by average people in the conduct of their affairs, without regard to formal rules of evidence. Neither party may be represented by an attorney, unless the Hearing Officer finds affirmatively that the customer is in need of legal representation, in which case both parties may be represented by an attorney at their own expense, but the utility may elect not to be represented by an attorney at its option.

D. The Hearing Officer shall make written findings of fact and conclusions, which may be to affirm the bill submitted by the utility, to reduce the bill, or to cancel the bill in its entirety. The customer and the utility shall be supplied with a copy of the written findings and conclusions at the end of the hearing.

SECTION III. APPEALS

Decisions involving more than \$500.00 may be appealed to the Village Council by the customer. The Village Council shall rehear the matter de novo during an appeal. Notwithstanding any provision of this Ordinance, the rights of the customer and of the utility to remedies provided by the courts are preserved, and neither party shall be required to utilize or to exhaust this administrative remedy before seeking legal remedies in the courts.

SECTION IV. CONFLICT OF ORDINANCE, EFFECT OF PARTIAL INVALIDITY, SEVERABILITY

A. In any case where a provision of this Ordinance is found to be in conflict with a provision of any Michigan statute or any ordinance or any adopted code of the Village of Manchester, the provisions which establish the greater degree of protection of the rights of the customer shall prevail.

B. If any section, sub-section, paragraph, sentence, clause or phrase of this Ordinance should be declared invalid for any reason whatsoever, such decision shall not affect the remaining portions of this Ordinance, which shall remain in full force and effect; and to this end the provisions of this Ordinance are hereby declared to be severable.

SECTION V. EFFECTIVE DATE

This Ordinance shall take effect upon adoption.

Manchester Area
Historical Society

The regular monthly meeting of the Manchester Area Historical Society was held on Monday, November 17, at the Emanuel Church Hall.

Mary MacDonald, Assistant Director and Curator of Exhibits of the Dearborn Historical Museum, spoke about collecting Teddy Bears. She brought along 60 cute, cuddly, collectible bears to illustrate the wide range of bears available over the years.

The first Teddy Bear was made by Morris Michtoni who later founded the Ideal Toy Company. The bears were named for President Teddy Roosevelt. Early bears have a hump on the back, moveable legs and head, and glass eyes. One of her Steiff bears is now worth \$1,500.

Mary recommended a soft bear as a gift for young and old patients in the hospital. They are comforting and brighten up the day for someone confined to his or her bed.

Refreshments were served by Mary Blossom, Virginia Fielder, Maggie Tapping and T.V. Ludwick.

Federal Surplus Foods To Be Distributed

Federal Surplus Foods will be distributed in the Manchester area on Friday, November 21st from 10:00 to 12:00 at the Manchester United Methodist Church, 501 Ann Arbor Street.

(M-52). Cheese, butter, cornmeal and rice are expected to be available.

If there are any questions about the program, call Mrs. Reck at 428-8852 or the CSA office in Ann Arbor at 994-1650 and ask for Federal Foods Information.

1985 Food Security Act

What Does It Mean To Washtenaw County Farmers?

By: Gary Rinkenberger, District Conservationist

The 1985 Food Security Act or "1985 Farm Bill" as it is usually called, has four conservation provisions: (1) The Conservation Reserve Program (CRP); (2) Swampbuster; (3) Sodbuster; and (4) Conservation Compliance. Each provision has specific requirements that will affect Washtenaw County farmers who participate in USDA commodity programs.

Each provision applies to either reducing erosion or protecting existing wetlands. The CRP takes highly erodible land out of production for at least ten years. The land is always stabilized with grasses and sometimes even trees are planted if the landowner desires.

The key element to each provision is to apply an acceptable conservation plan into the farm management. The Soil Conservation Service and the Soil Conservation District have the responsibility to assist farmers to develop acceptable conservation plans to assure compliance with the Security Act provisions. Contact the Soil Conservation Field Office for conservation planning assistance.

Bridgewater Township Planning Commission

Minutes
November 10, 1986

The meeting was called to order at 8 p.m., by Gerald Marion, Chairman, at the Bridgewater Township Hall.

Present: Gerald Marion, Chairman, Gabriel Dull, Louise Fraumann, Sec., Karen Weidmayer, Mark Iwanicki. Absent: Victor Mann, Deanna Becklehamer. Attending: Harlin Fraumann, Zoning Insp.

The minutes of the meeting of October 13, 1986, were approved as read.

OLD BUSINESS:
A continued discussion of the Private Road Ordinance was the main topic in the ensuing working session.

This topic will be further discussed at the next meeting after receipt of Private Road ordinances in other Townships.

The Township Board will be asked at the Board meeting whether they favor a separate Private Road Ordinance or whether they prefer it to be part of our Zoning Ordinance.

Enforcement seems to be an important question, and therefore the Township Board's opinion is sought.

NEW BUSINESS:
The Reporter's error in the Ann Arbor News of Sunday, November 8th, was noted. A member or members of the Planning Commission will be at the County Planning Commission Meeting on November 13th, to make sure that it is understood that the General Development Plan is under discussion, and not

our Zoning Ordinance. The next meeting will be December 9, 1986, at 8 p.m. at the Township Hall. The meeting was adjourned at 10:10 p.m. on motion by Fraumann and Dull.

Respectfully submitted,
Louise Fraumann, Secretary

Good Times Begin With Safety

Many farmers host hay rides this time of year and at the advice of Bill Pelts, begin each ride with safety precautions. Make sure the wagon, hitch, and tractor are in good condition and that all is well lighted. Make sure your guests understand that you expect them to ride safely. Several hayrides in the last few weeks have ended in tragedy. You may be liable for damages. Good times also end with safety.

Freedom is nothing else but chance to be better.

---Albert Camus

Life would be infinitely happier if we could only be born at the age of eighty and gradually approach eighteen.

---Mark Twain

Cosmetic makers brought out a very expensive after shaving lotion some years ago. Experts said that the men wouldn't buy it. They won. The men didn't buy it but the women bought it as gifts. Pessimistic marketing consultants found that men would not buy anything that couldn't get them drunk or run their cars.

Q: How can I hear better when outside noise drowns out conversation?

A: Hearing aids can give you sharper, clearer, more precise sound in the midst of interfering noise such as household appliances, large crowds or traffic. They can control noise automatically, let you hear and understand better, and more clearly.

Manchester Village Council Proceedings

Approved Minutes
Special Meeting
November 7, 1986

President Hinkley called the special meeting to order at 8:10 a.m. Present: Hinkley, Tapping, Limpert, Reinhart, Becktel, Marshall and Naimowicz.
Hinkley stated that he had contacted both David Petsch and Terry Harris in regards to filling the vacant seat on Council. Motion by Limpert, supported by Becktel, to appoint Terry Harris to fill the vacancy created by the resignation of Jack Zaborowski. Ayes - all.
Council then directed their attention to the review and payment of the Union Construction and McNamee, Porter and Seeley bills. After considerable discussion, it was moved by Limpert, supported by Reinhart, to hold invoice numbers

16090 and 16094 for further information, invoice number 16093 in the amount of \$4256.74 be paid subject to it being indicated that it is the final bill for that portion of work, invoice number 16092 in the amount of \$30,800.00 be paid upon delivery of 'as built plans and specifications'. Discussion followed. Limpert amended his motion to pay invoice number 16092 in the amount of \$30,800.00. Roll Call Vote: Ayes - all.

Naimowicz recommended that the payments be applied to the innovative plant design drawings. He further stated that the analysis of the four designs be finished by Glen Burkhardt, of McNamee, Porter and Seeley. Limpert commented that once the plans were delivered Council would do their own analysis. Council instructed Naimowicz to hold the check until Glen Burkhardt delivered additional drawings of the stormwater sanitary project currently under way. Limpert commented that the Industrial Park plans be delivered prior to payment.

Discussion and explanation of Union Construction's bill followed. Motion by Reinhart, supported by Marshall, to pay Union Construction's bill subject to three things - verifying the adjustment on the six inch service lateral, verifying that we are not paying twice for the eight inch service lateral, and proof of insurance on stored materials. Roll Call Vote: Ayes - all.
Motion by Becktel, supported by Marshall, to adjourn at 8:44 a.m.

20th Century Club

The Twentieth Century Club met at the home of Florence Kocesi, assisted by Jo Simmons, with 19 members present.
The program - Genealogy - was given by Robert Lessa, father of Karen Hinkley. The book, KNOWING YOUR ANCESTORS by Ethel Williams, was suggested a good start if you are interested in your family history. Talking to relatives and keeping notes are very important.
December 18th will be our Christmas Party at the home of Karen Hinkley. Instead of a gift exchange, members are to bring baby articles.

Eating Right Brings Good Health In Later Years

During the last 20 years, research has revealed a link between nutrition and good health. Many chronic diseases, including high blood pressure, heart disease, cancer, osteoporosis and diabetes, have been linked to types of foods that people habitually eat.

Recent research suggests a relationship between high salt consumption and high blood pressure; low calcium consumption and osteoporosis; high fat, low fiber diets and certain cancers; and high blood cholesterol and heart disease. Eating the proper foods, however, can help lower your risk of these chronic health problems.

Eating right is particularly important for older Americans. As people age, they may need fewer calories, but their need for essential nutrients remains the same. In fact, it becomes even more important to select the right foods to maintain a healthy diet as you grow older.

In a recent study, many older Americans indicated that, while they were aware of the importance of nutrition, they were not sure what constituted nutritious, well-balanced meals. This confusion often results from conflicting information from family members, friends and the media.

The key to eating right is variety. No one food supplies all the vitamins, minerals, proteins and carbohydrates you need for a healthy life. You should select foods each day from each of the major food groups and choose different foods within those groups, too.

The major food groups include fruits; vegetables; cereals and other foods made from grains, such as breads; milk and dairy products, such as cheese and yogurt; and meats, fish, poultry, eggs and dry beans and peas. Fruits and vegetables are good sources of vitamin A, vitamin C, folic acid, fiber and many minerals.

Whole-grain and enriched breads, cereals and other grain products provide B vitamins, iron, protein, calories and fiber. Fiber helps prevent constipation and promotes healthy digestive tracts. It may also help reduce your risk of cancers of the colon and rectum, according to recent evidence.

Meats, poultry, fish and eggs supply protein, fat, iron and other minerals, as well as several B vitamins.

Dairy products are major sources of calcium and many other nutrients. Recent research suggests that calcium may play a role in preventing osteoporosis.

Making selections from this variety of healthy foods can provide you with the variety of essential nutrients you need—without unnecessary calories. You should adjust the number and size of your portions to reach and maintain your desired weight.

Older people who eat a varied diet will not generally need vitamin and mineral supplements. There are no known advantages and some potential harm in consuming excessive amounts of any nutrient. Some medications, however, may interact with nutrients, and a doctor may prescribe supplements in such instances.

Another important part of healthy eating is cutting down on fats, sugar and sodium. Think about ways that you can eat less of them. More and more evidence indicates that eating less fat may lower your risk of colon, breast, prostate and skin cancers and may also reduce your risk of heart attacks and strokes.

Another reason to reduce your consumption of fats, as well as of sweets and alcohol, is to keep your weight down. These foods are all high in calories, but low in nutrients. If losing weight is important to you, eat more of a variety of foods like fruits, vegetables and whole grain breads and cereals. And increase your physical activity. Eating right—and regular exercise—is the best prescription for keeping your weight where you want it.

You may not even have to make big changes in your diet in order to eat healthier. If you plan to change your diet to a healthier one, follow these simple steps.

First, take stock of the foods you eat in a given week. Go over your list to see if you're eating a variety of healthy foods. If not, start to add the ones you're missing and reduce your intake of the ones that aren't as healthy.

Identify foods that have been linked to health problems. Check the product labels to see if foods are high in fat, salt or sugar. You may be surprised to discover the high level of salt in breakfast cereals, sugar in ketchup and fat in mayonnaise.

Follow the supermarket ads in your local newspaper to see what healthy foods are on sale.

You don't have to change your eating habits overnight. When you're used to eating and cooking in certain ways, it can be tough to change. But try it over time by adding healthy foods, reducing your fat, salt and sugar intake and changing a few of your cooking methods. You'll find that eating right is easy, inexpensive and sure to make you feel and look your best.

Going to Columbus?

Wolverine football fans traveling I-75 to Columbus, Ohio, Saturday, November 22, should not find any significant travel delays, according to AAA Michigan. Columbus-bound motorists should allow at least four hours to drive 208 miles from Detroit or 191 miles from Ann Arbor. Ann Arbor-area motorists can travel south to Findlay via US 23, I-475 and I-75. From Detroit,

CAREGIVERS SALUTED DURING THANKSGIVING

Thanksgiving is a time each year to focus on the joys of family and friends. This year, there's an added dimension to this celebration.

The week beginning November 24 has been proclaimed by Congress as National Family Caregivers Week in recognition of the contributions made by family members who selflessly care for frail and disabled family members at home.

The American Association of Retired Persons (AARP), with its membership of more than 23 million people over the age of 50, is honoring the nation's caregivers during this special week through a Caregivers Award program in Washington, D.C.

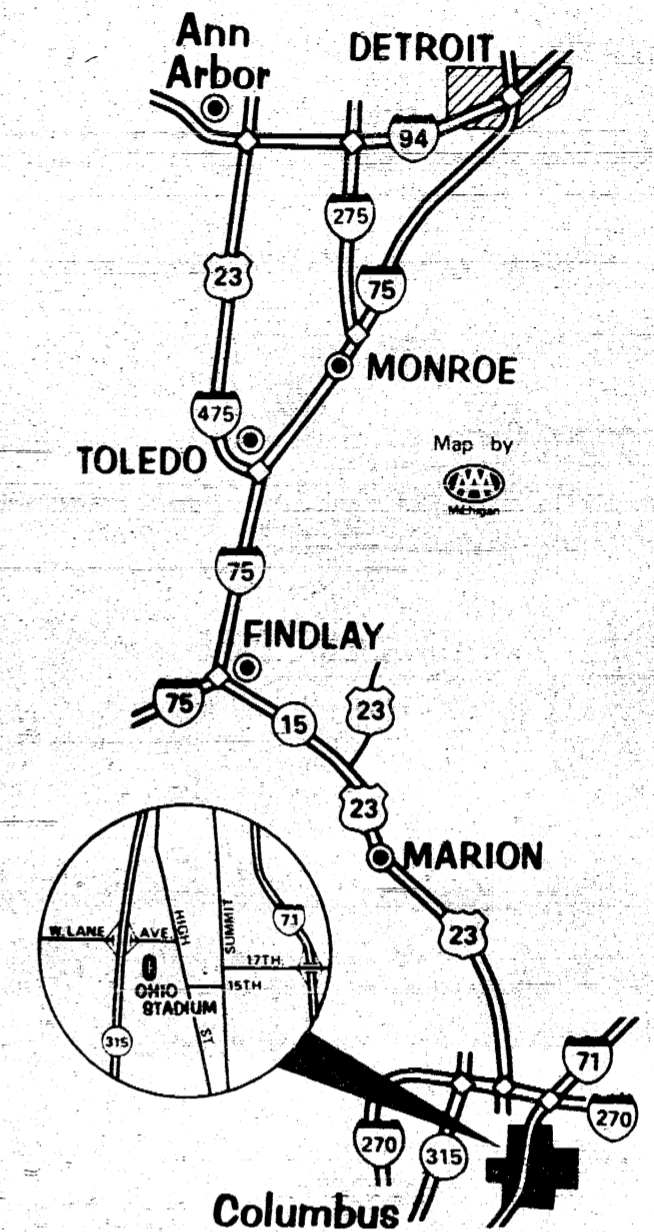

"We want to recognize the vital importance of caregivers to our nation," said Cyril F. Brickfield, AARP Executive Director. "And we know that most family caregivers are mid-life and older women."

It is estimated that family members provide 80% of the care needed by older relatives. As persons continue to live longer, the need for in-home caregiving is increasing.

"Most people would rather stay at home with family and friends, and it is only the caregiver who can make this possible," Brickfield emphasized. "AARP salutes them for their strength and commitment to what is a rewarding, but demanding job."

travelers can connect with Ohio-15 by taking I-275 or I-75 south. From Findlay, go south via Ohio-15 and US 23 to I-270 west, then south via Ohio-315 to one of three marked parking exits. Parking spaces adjacent to the stadium are sold out for the game, but traffic will be directed to parking lots west of the stadium. The parking fee is \$4. Kickoff is scheduled at noon.

School Band Visits Klager

Amy Major, flute section, demonstrates the flute.

Manchester High School Band led by Amy Fielder.

Students in the Manchester High School Band came to Klager as a follow-up to our Music Teacher, Mrs. Miller's, instruction on various instruments of the band and orchestra.

Guest At Klager

Alta Weber, guest pianist, and Mrs. Miller, our Music teacher.

Mrs. Alta Weber came to Klager as a guest pianist to entertain our students in Mrs. McClure's classroom. She has also promised to come and visit us again at Christmas time.

Animal Health Reminder

The Michigan Veterinary Medical Association wishes to remind animal owners of two common fall poisonings. Horses are susceptible to the toxic effects of the dried leaves and bark of Red Maple (*Acer rubrum*). When eaten, these cause the red blood cells to break apart or otherwise become unable to carry oxygen. The horse may actually suffocate unless it receives treatment, which may

include blood transfusions. Horse owners are advised to rake and remove the fresh leaves from the pasture before they dry. Michigan State University reported three horses affected with the poisoning during the last week of October.

Dogs and cats (as well as children) are very susceptible to the toxic effects of antifreeze (ethylene glycol). When ingested, this sweet-tasting liquid interferes with kidney function and frequently results in death, especially if treatment is not begun immediately. When changing antifreeze, properly dispose of any that is unused as well as the old. Clean up spills since even small amounts may be harmful.

If you suspect either type of poisoning has occurred, contact your veterinarian immediately.

Free Hearing Tests

There will be free hearing tests, given by the University of Michigan Communicative Disorders Clinic, at Turner Clinic on Thursdays, November 20, and December 11, from 9:00 a.m. to 12:00 noon. These dates are in addition to the Health Fair Days.

American Legion Auxiliary Meeting

The American Legion Auxiliary met at the Legion Home on November 12, 1986, with 20 members present. Reports were given by various committees. Dues should be paid before the end of this month.

The Community Service Committee, being Helen Hosmer and Helen Popkey, has asked that we keep track of hours spent doing community work so that an accurate accounting can be given in our annual report.

JoAnne Schiel and Alice Alexander, of the Veterans Affairs and Rehabilitation Committee, are in the process of compiling a list of current addresses of area service men and women. JoAnne and Alice also purchased 36 Christmas gifts from Manchester businesses, which were delivered to the Ann Arbor VA Hospital for the Christmas Workshop to be held December 1, 2, and 3. Other units also donate

gifts for the purpose of hospitalized veterans to be able to select gifts for Christmas giving.

Phyllis Baker presented a 40-year Certificate and guard pin to Ruth Oates. This year, both Ruth and Geraldine (Huber) Mulrenin (now of Florida), celebrated 40 years of continuous membership in the auxiliary.

The registration fee for Girls State has been sent in. Girls State will take place in June at Mt. Pleasant.

Our December 10th meeting will be held in the American Legion Hall at 6:00 p.m. It will consist of a potluck dinner. The committee for this event will be Helen Hosmer, Alice Alexander and Joyce Stein.

Fall Sports Recognition Night

There will be a Fall Sports Recognition program held Monday, November 24, at 7:00 p.m. in the High School Study Auditorium. The public is invited to attend. There will be a short Athletic Boosters meeting following the program. All members are urged to attend.

Addresses Needed

The American Legion Auxiliary is compiling a list of names and addresses of area service men and women. Please contact JoAnne Schiel (428-7544) or Alice Alexander (428-7961) with any new names or current addresses.

Is YOUR IRA DEDUCTION VANISHING?

Beginning in 1987, persons covered by another qualified retirement plan will have their IRA deduction eliminated or severely reduced. Most wage earners, however, can deduct the full legal amount of their 1986 IRA contribution from their current federal tax return. Talk to Great Lakes Federal Savings about your 1986 IRA contribution. Visit your nearest branch, or open your IRA the easy way, by calling 1-800-DIAL-GLF. It's safe, sure and your earnings will continue to grow tax-sheltered. But hurry. Your IRA deduction may vanish soon.

Money Management

Tax Reform: It's Impact On Year-End Tax Planning

(Prepared by the Michigan Association of Certified Public Accountants)

If you're like many Americans, you're probably wondering how tax reform will affect you and whether it means more money in your pocket and less in Uncle Sam's. But just sitting back and waiting to see what happens won't help, according to the Michigan Association of CPAs. Now is the time to initiate year-end tax strategies to help you make the most of your money.

Before you can determine how to plan for the potential impact of the tax reform bill, prepare a projection of your 1986 income and expenses. Determine what your taxable income and corresponding tax bracket will be in 1986 and attempt to project what your income and expenses should be in 1987.

By accelerating deductions and deferring income, many taxpayers can take advantage of current and future tax breaks.

If your taxable income will be lower this year than your projections for 1987 or you find yourself in an Alternative Minimum Tax situation where income is taxed at a relatively low rate of only 20 percent, it might pay to accelerate income into this year and defer certain deductions into next year.

For those of you who will have more taxable income this year and fewer deductions in 1987, your overall tax strategy should be to

defer as much taxable income as possible into next year, since your personal income tax rates may be lower. You should also consider accelerating as many deductions as possible this year.

Deductions to concentrate on are state and local sales taxes, consumer interest payment deductions, medical expenses and miscellaneous expenses, since they will either be eliminated or more difficult to take after December 31, 1986.

Another deduction you should look at is charitable contributions. They can add up, especially for those of you who donate regularly to certain groups such as your church, civic organization or favorite charity. This deduction will still be fully allowed under the new tax bill, but only to those who itemize their deductions. Now is the time to take account of exactly how much you contribute to charitable causes.

Other deductions you should consider are state and local estimated taxes, real estate and personal property taxes. Consider making any payments by December 31, that are due in January. These could be worth more in 1986 than in 1987.

The second step in your year-end tax planning strategy is to assess your capital gains on your investments.

Beginning in January 1987, realized long-term capital gains will be taxed at the same rate as the rest of your income. To take advantage of the current relatively lower tax rate, you should consider selling any investments you have held longer than six

months that have proven to be particularly profitable.

Finally, the area you should review as part of your year-end tax planning is retirement funding. The tax reform bill will affect the most popular plans: IRAs and 401(k)s.

Currently, anyone who is employed or has their own business is allowed to contribute as much as \$2,000 a year, fully tax deductible, into an IRA account of their own. An individual and non-working spouse may contribute up to \$2,250.

This will change under the new bill. Married couples who have an adjusted gross income exceeding \$50,000 will no longer be allowed to take a deduction for an IRA if one or both are covered by an employer's pension plan. Single individuals with an adjusted gross income over \$35,000 will also be excluded if they are covered by a pension. Only those who are not able to participate in an employer deduction sponsored pension plan or make a maximum of \$40,000 as a married couple or a maximum of \$25,000 as an individual, will retain the full deduction.

Those who fall in-between the cut-off points for determining eligibility and are covered by a pension plan will find their available deduction will be phased out.

Those who find themselves totally excluded from this deduction can still contribute to an IRA and benefit from the tax

deferred income these accounts generate.

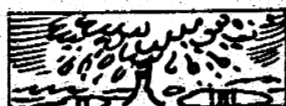

Another retirement savings plan that has received considerable attention under the tax reform measure is the 401(k). Beginning in 1987, it will also carry more restrictions for those who have found it to be an ideal way to put away extra savings for retirement.

Under the tax reform bill, the maximum contribution will be restricted to \$7,000, down from \$80,000. And, those who are eligible to contribute to IRAs will have to make a choice between the two programs as to which will offer a better tax deduction and a better retirement plan.

Three tips for retirement planning in 1986 are: 1) Take advantage of your eligibility to participate in any retirement plan for tax deductions this year. 2)

Open a new plan that is still available to you under the tax reform act. 3) If retired, defer taxable distributions from your IRAs, when possible, to save tax dollars under the lower tax brackets in 1987.

NOW is the most important time to plan your tax strategy for the next few years. Keep in mind that tax reform does not necessarily mean your tax burden will be lowered. CPAs advise that with careful, informed tax planning and the help of an expert, you can maximize your income under the new tax law.

Hit Or Miss

In America. These houses are known as two-by-four houses because the construction method uses lumber known as two-by-fours and these houses are now the rage in Japan. The home market has been very sluggish but during the fiscal year 1986, nearly 25,000 of the 690,206 homes built were of this style. Young couples are increasingly shopping for this style home. For instance, 39-year-old Takuo Nakamura, Vice-President of a design and marketing firm, and his wife and three children had been living in a traditional Japanese home with his parents and they think his new two-by-four home is wonderful. It resists earthquakes and fire and they enjoy living Western style. The insulation muffles outside noises and they have beds rather than futuri or mattresses on which the Japanese have slept, for centuries, and find them more comfortable. Half the households in Japan now own at least one bed and more than a million were sold last year. Then too, many more are using chairs rather than mats and the tatami manufacturers say makers of tatami mats are suffering. With wood floors in the

new houses, chairs are so much better than the old mats.

And so perhaps all this is progress for the many inhabitants of the Third World.

Good Citizen

Christine was selected on the established quality of leadership, dependability, service, and patriotism. She will advance to the State Good Citizen Competition in December by taking a written examination, submitting a transcript of her grades, and letters of recommendation. She will be honored on Saturday morning, February 21, 1987, at the Gerald Ford Library in Ann Arbor. State award winners will receive educational scholarships and will advance to the National Scholarship Competition.

Christine is a senior at Manchester High School who plans to attend Michigan State University next year and major in marketing. While at Manchester, Christine has been on the honor roll every year. She has been president of her class for the last three years and has been a two-year member of the National Honor Society. She has been a cheerleader for four years, including captain of the varsity during her junior and senior years. In addition, Christine was selected to represent Manchester at the Hugh O'Brien Youth Foundation Leadership Conference and the Washtenaw County Future Business Leaders Conference.

"Just Say No" Buttons

Ronald McDonald and Dana Hartman

Ronald McDonald visited the students at Klager School last week at an assembly on "Safety Rules" which included crossing the street, being courteous to crossing guards, bus safety, and car safety. The assembly ended with Ronald McDonald discussing how to resist the offer of drugs. "JUST SAY NO"

They know the secret of avoiding drugs. "JUST SAY NO!"

The Manchester Optimist Club donated posters and buttons to help our students become more aware of the effects of drugs and to help them "JUST SAY NO" if drugs are offered to them.
