120TH YEAR VOLUME NUMBER 14

USPS NO.327-460

THURSDAY, JANUARY 22, 1987

Josh Billings On Bed-Bugs

Manchester Enterprise
January 30, 1868

I never seen ennybody yet but what despised bed-bugs. They are the meanest ov awl crawling, creeping, hopping, or biting things.

They dassent tackle a man bi dalite, but sneak in, after dark, and chaw him while he iz fast asleep.

A musketo will fight you in broad dalite, at short range, and give you a chance tew knock at his sider—the flea is a game bug, and will make a dash at you even in Broadway—but the bed-bug is a garroter, who waits til you strip and then picks out a mellow place to eat you.

If I waz ever in the habbit of swearing, I would not hesitate to damn a bed-bug rite to his face.

Bed-bugs are uncommon smart in a small way—one pair of them will stock a hair mattress in 2 weeks with bugs enuff to last a small family a whole year.

It don't do enny good to pray

when bed-bugs are in season; the only way to get rid ov them is tew bile up the whole bed in aquafortis and then heave it away and buy a new one. Bed-bugs when they have grone aul they intend to, are about the size of a bluejay's eye, and have a brown complexion, and when they start to garrote are az a grease spot, but when they git through garroting they are swelled up like a blister.

It takes them three days to get the swelling out of them. If bed-bugs hav enny distiny tu fill, it must be their stummuks, but it seems to me they must hav bin made bi aksident, just as slivers are, tew stick into somebody.

If they waz got up for some wise porpose, they must hav took the wrong road, for there kant be enny wisdom in chawing an man aul night long, and raisin a family besides, tew foller the same trade.

If there iz some wisdom in aul this, I hope the buggs will chaw them folks who kan see it, and leave me be, because I am one ov the hereticks.

1987 Fair Dates Set

The Manchester Community Fair will be held August 25 - 29, 1987.

Several members of the Fair Board attended the 102nd Michigan Association of Fairs and Exhibitions Convention in Grand Rapids, at the Amway Grand Plaza. The convention was held January 8 - 11, 1987. At the convention there were general

meetings, workshops, and table topic discussions, all to help the 91 fairs in Michigan with problems and give them new ideas. There was also entertainment showcases on Thursday and Friday.

While at the convention a contract was signed with the carnival motor city shows.

If interested in helping with the fair call Carol Britten at 428-8474 or 428-8589.

Student Of The Month

Brian Gebhardt with parents Al and Delores Gebhardt and Optimist member Rod Morrison

Brian Gebhardt, pictured with his parents Delores and Al Gebhardt and Optimist Member Rod Morrison, has been honored as Manchester Optimist Student of the Month for January of 1987. Brian was a member of the Leadership class in 10th grade. He has lettered in football, basketball, and baseball all 3 years of his high school career at Manchester High School. He has raised a steer on the Manchester Optimist Steer Club his 7th thru 10th grades. He has been on the honor roll all 3 years of high school and was recently elected to the National Honor Society this year. Brian was a member of the Leadership class in 10th grade. He has remained busy in the summertime while working at Manchester Stamping the past 3 years. Brian plans to attend college when he graduates in 1 1/2 years. We are proud of Brian and his parents for this honor.

Double A Products: A Victim of Vickers' Restructuring

by Becky Doyle

Last Thursday morning, employees of Double A Products Co. in Manchester learned officially that the Manchester plant was slated to close permanently. The plant, which manufactures valves and pumps to be used in hydraulic systems, is a division of Vickers Incorporated, a TRINOVA Company.

Double A is only one of several plants across the country and in Europe that are affected by the restructuring plan Vickers has put into operation.

"They told us the closings would take place over the next 12 to 15 months," said Richard A. Kuntz, Manager of the Accounting Department. "By then everything is supposed to be relocated and running smoothly." The valve manufacturing at Double A will move to a Vickers plant in Searcy, Arkansas, and the pump division will be moved to an unspecified location.

Of the 242 employees, only about 55 will remain when Double A closes, said Kuntz. Those employees are the 25 bargained-for and 27 office employees of the Power Systems division, which will remain in operation indefinitely. Power Systems produces a complete system assembly, and is not involved in the manufacturing of individual parts. In addition, Vickers may offer to relocate some personnel to other plants across the country, he said, and a few more people may be needed to continue the operations at Power Systems, which has no billing or accounting division of its own.

Plant Manager Bill Johnson told the employees that he had only found out about the closing on Monday. It was very difficult, he said, to continue business as usual

for the few days prior to the general announcement.

Many of the details have not yet been worked out, but operations will continue for the next 3 to 4 months before tapering off. Double A is also the exclusive North American distributor for Staffa Motors of Great Britain, and will continue that operation for 4 to 6 months.

Communications Manager Paul DuRocher (of Troy), who has been named official spokesman for Vickers on any matters concerning Double A's closing, says the company will make efforts to help employees with resumes and contacting other prospective employers.

"They will meet individually with our Personnel Department in the plant," he said. In closing another location, Vickers had hired an outside firm to help its employees with resume writing and job searches, but they did not plan to do that here, he said.

While the official word may have come as a surprise to some, rumors have been circulating since Vickers bought the company three years ago, according to Accounts Payable Manager Bill Schwab. Schwab has been employed by Double A since 1952, a total of 35 years this July. He expects to remain with the company for most of the year, but has no idea yet of where he will go when the plant closes.

"It (the plant) has been here a long time. A lot of people in Manchester will have to look for other jobs," he said. When asked if he would relocate if Vickers offered him a position, he said, "Sure, I'm willing to work anywhere." But he added that his loyalty to Manchester was probably stronger than his loyalty to Vickers, and he would rather accept a local offer to remain in

the area. While the closing will effect plant employees most directly and immediately, it will result in changes in the entire Manchester community. Double A represents a sizable tax base which generated some \$45,000 in local revenues last year, as well as supporting local agencies and school and community service projects.

"It will probably be a year or so before the village sees any direct effect," said Village Manager Dan Naimowicz. "I imagine there will be a little less of the lunch traffic than there used to be, though." He added that he didn't think there would be an immediate panic or that homes would be put on the market in a rush to leave town, but admitted that nobody seems to know just how many local residents are employed at the plant.

Double A was responsible for 5 percent of the total tax income in the Village, but Naimowicz remains guardedly optimistic.

"Who knows? We may have a new tenant in those buildings by the end of the year." Both the Duncan Street plant and the Main Street location of Double A would be vacated by early 1988 according to the vague timetable released by Vickers.

Mayor and Village Council President John Hinkley was less willing to speculate.

"We're all very depressed about it, of course," he said, referring to the announcement. "I really can't say any more than that."

The Double A Products plant in Manchester was built in 1940 and has remained a vital part of Manchester for almost 50 years.

Admission Day Celebration

On Monday, January 26, beginning at noon, at the Washtenaw County Courthouse, Main and Huron Streets in Ann Arbor, there will be an Admission Day Celebration in honor of Michigan's admission into the Union as a state 150 years ago. This Sesquicentennial Event will occur simultaneously in all of Michigan's 83 counties and is being sponsored by the local Sesquicentennial Committee. All Washtenaw County residents are invited to attend the ceremony and help celebrate with the cutting of a birthday cake.

The hour will start with bell-ringing. Every church and organization with an "exterior bell" in your community is urged to participate. Ringing is to begin at 12:00 noon and stop on or before 12:02 p.m.

The program will be short, patriotic and fun!

Hit or Miss

Approximately a year ago it was summarily announced that, after sixty years of faithful service to the area, the Clinton State Police post would be abandoned and together with the former Blissfield post area would be moved to Adrian. The reason for this action was given as "to increase the operating area." A building on the grounds of the Girl's Training School there was named as the site of the headquarters and \$200,000 was allocated for modernization and improvement. It was also proposed that the Blissfield and Clinton posts be given to the local police departments for their use.

The Blissfield and Clinton areas and the area in southwestern Washtenaw county was surveyed

it was said, some five years before and the decision to move was based on this report. It was said that this action would result in the "efficiency of the local operation". However most of the inhabitants of the area do not think that this so-called survey of five years ago should have any great influence on any preparation for action at present because of the phenomenal growth of the area during the past five years. The area in question consists of the southern part of Bridgewater, Manchester and Norvell townships and the northern portions of Cambridge, Franklin, Macon and Tecumseh townships.

So the inhabitants asked for a meeting to discuss the proposition and some 100 residents gathered

Named To Dean's List

One hundred forty Adrian College students were named to the Dean's List for the 1986-87 first semester. To achieve this honor, a student must maintain a 3.50 grade point average (on a 4.0 scale) on the basis of at least 12 credit hours.

Vivien Townsend daughter of Mr. and Mrs. Edward Townsend of 321 West Main Street, was on the Dean's List from the Manchester area.

Engagement Announced

Mr. and Mrs. Leon Ball of Manchester are pleased to announce the engagement of their daughter, Michelle Ann, to Bruce Michael Detting, son of Mr. and Mrs. Charles Detting of Ann Arbor.

The bride elect is a 1985 graduate of Manchester High School and is attending Eastern Michigan University where she is a Sophomore. Michelle hopes to enter the Occupational Therapy Program in the fall.

Bruce was graduated from Manchester High School in 1978. He is currently employed by O&W Inc. of Ann Arbor.

The couple is planning an August 8th wedding.

Task Force Meeting

The first Manchester area Recreation Task Force meeting was held January 14th, at the home of Dianne and Bill Schwab of Manchester.

This is one of the Task Forces formed at the Futuring Meeting that was held December 6, 1986. Our goal is to identify the needs for additional recreational activities and facilities, for all ages, and to find ways to fill those needs.

We are always looking for and need your suggestions to be successful.

If you would like to attend the next meeting to be held Thursday, February 5th, 7 to 9 p.m. at Dianne and Bill's, please come.

If you are unable to attend but have any suggestions please call any of the following who attended the last meeting: Barb Fuller, Chairman; Lucille Bruner, Bill Cannon, Michaela Conway, Dorothy Davies, Dianne and Bill Schwab, Jan Uzelac.

The Recreation Task Force would also be interested in any information you may have about other areas that have success with similar programs and/or some of the pitfalls that should be avoided.

Tax Aid Offered To Seniors

Appointments to prepare senior citizens' Michigan tax rebate forms and home heating credits are now being accepted by the Washtenaw County Council on Aging.

This free service is extended to property owners and renters who are 65 and over throughout Washtenaw County. It is offered in the home or at the Council on Aging office. Call 665-3625 for an appointment.

Local Youth Wins Essay Contest

Brad Wilson of Manchester High School has placed first in the Optimist Club Essay competition, according to Jim Datsko, Club Essay Committee Chairman.

The winning entry will now be submitted to the Optimist District Competition in Detroit for judging against other Optimist Club winners from throughout Michigan.

The winner at the District Competition will be awarded an expense paid trip to the Freedoms Foundation at Valley Forge for a four day seminar on freedom and patriotism, funded by the Optimist International Foundation.

Taking second place in the competition was Steve Samonek, with third place being awarded to Karen Poley both of Manchester High School.

Following is the winning essay:

Freedom, Our Most Precious Heritage

To be free is an honor. It is an honor that every person on earth should be able to experience in life. Freedom should be honored

and treasured, and not taken lightly. Freedom was fought for by our forefathers, and was won by honesty, independence, and courage. Of all our family heritage, freedom is one that cannot be forgotten.

The people who have lived in a country without freedom notice how wonderful it is to live in a country with freedom. In America where freedom runs rampant, you can be whatever you want to be. How far you succeed in life is up to you. How happy you are in what you do is up to you.

What is freedom? Freedom is like a bird. The bird flies high and reaches for the sky or the bird can swoop down to the ground. The bird can fly forever into the horizon or stop along the way to relax, whatever the bird chooses to do. It's like infinity and you are the operator. You can travel as far or as high as you want to, or you can pleasantly travel along. There are no restrictions to how high you can climb.

Freedom is honesty. Everyone can be honest about their thoughts. Most important though, people can be honest to themselves and be honest in what they do. Freedom is an honesty that should not be abused.

Freedom is independence. People are able to do whatever they want to do. Independence is loud in the ears of Americans. Independence Day is a small reminder of what our forefathers fought for.

Freedom is also courage. Courage to take on the world and work on their own to make a living. Courage to take control over you life and courage to accept the responsibilities that freedom brings with it.

The people who fought for freedom with courage and bravery and without them, we would not have life as we have it today.

Freedom is a gift from the early Americans to us. This gift should be honored and respected. As we have freedom now, we should help other countries to have it also. They may not want a Democratic system such as ours is today, but they should have the choice to pick which government they wish.

Freedom is our most precious heritage. This should never be forgotten and always be remembered. Freedom is a vital part of everyone's life.

Freedom is our most precious heritage. This should never be forgotten and always be remembered. Freedom is a vital part of everyone's life.

Freedom is our most precious heritage. This should never be forgotten and always be remembered. Freedom is a vital part of everyone's life.

Freedom is our most precious heritage. This should never be forgotten and always be remembered. Freedom is a vital part of everyone's life.

Freedom is our most precious heritage. This should never be forgotten and always be remembered. Freedom is a vital part of everyone's life.

Freedom is our most precious heritage. This should never be forgotten and always be remembered. Freedom is a vital part of everyone's life.

Freedom is our most precious heritage. This should never be forgotten and always be remembered. Freedom is a vital part of everyone's life.

Freedom is our most precious heritage. This should never be forgotten and always be remembered. Freedom is a vital part of everyone's life.

Freedom is our most precious heritage. This should never be forgotten and always be remembered. Freedom is a vital part of everyone's life.

Freedom is our most precious heritage. This should never be forgotten and always be remembered. Freedom is a vital part of everyone's life.

Curtis of Bridgewater and maternal grandparents are Dr. and Mrs. Edward Doermann of Toledo, Ohio.

She Might Have Lived Longer If..

Grandma passed on the other day. She was 101.

She was an excellent pie maker although her recipes were in her head, not on paper. She always used lard for her crusts, rather than the fancy, low-cholesterol cooking oils of today.

She often had a piece of pie for breakfast. Along with a fried egg, cooked in bacon grease.

For here meals she liked fried potatoes and some kind of red meat. She frequently fixed fried liver sausage. It was delicious.

Ice cream was another of her favorite foods. She loved a big, gooey Sundae. She also ate her share of candy and other sweets.

She didn't jog or do aerobics. Probably never took a vitamin pill either.

One wonders how long she would have lived if she had eaten right and taken better care of herself.

One wonders how long she would have lived if she had eaten right and taken better care of herself.

One wonders how long she would have lived if she had eaten right and taken better care of herself.

Public Notice

STATE OF MICHIGAN
 PROBATE COURT
 COUNTY OF WASHTENAW

PUBLICATION NOTICE
 DECEASED ESTATE

FILE NO. 87-85797 SE

Estate of LILLIAN K. HUDE, Deceased. Social Security No. 366-01-7066 D

TO ALL INTERESTED PERSONS:
 Your interest in the estate may be barred or affected by this hearing.

TAKE NOTICE: On February 19, 1987, at 9:00 a.m., in the probate courtroom, Ann Arbor, Michigan, before Hon. John N. Kirkendall Judge of Probate, a hearing will be held on the petition of John R. Markwart requesting that John R. Markwart be appointed Personal Representative of Lillian K. Hude who lived at 520 Garfield, Chelsea, Michigan and who died January 4, 1987; and requesting also that the will of the Deceased dated October 16, 1978, be admitted to probate, and the heirs of the Deceased be determined.

Creditors are notified that copies of all claims against the Deceased must be presented, personally or by mail, to both the Personal Representative and to the Court on or before March 13, 1987. Notice is further given that the estate will then be assigned to entitled persons appearing of record.

Family coffee hour follows all Sunday services.

Dutch Sports Report

Varsity Basketball
 Brian Gebhardt

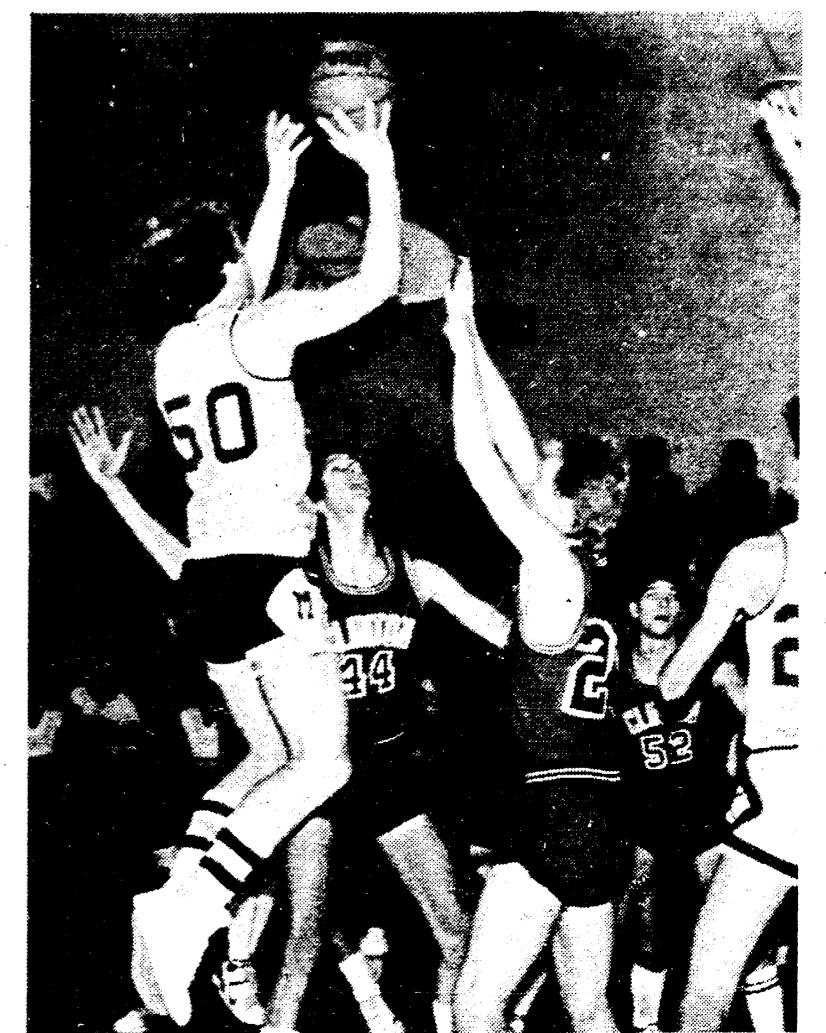

Varsity Upsets Grass Lake

by jon

Tuesday's match-up against League-leading Warriors turned out to be no contest. The Dutch used a full court press and scorched the nets, shooting 59% from the field to bury them 78-54. Sophomore Tom Mann led all scorers, canning 22, as Brad Uphouse hit 5 field goals and 6 of 6 freebies to total 16 points. Bryan Barnard had his best offensive attack of the young season with 11 points.

Friday was a complete turnaround as we faced the winless Napoleon Pirates and fell 61-46. This contest was close through three periods and ten minutes, as we trailed by only 3 points. At this point the game got rough and there were trips to the free throw line. This is where the game was lost. We hit a mere 2 of 11 free throws as they sank 23 of 33. This made the final score 61-46. Brad was our high scorer tonight, popping for 11.

Be with us on Friday night as we host undefeated East Jackson.

JV Basketball
 Ray Overton

Little Dutch Red Hot

by jon

Our JV Basketball squad continued their win streak by trouncing both opponents this week.

On Tuesday we visited the Grass Lake Warriors, and downed them 59-50. Our next contest was also on the road as we bused to Napoleon. We had little problem sailing past the Pirates, 76-55.

Solid offensive players were: Jason VanDeven, Mike Brokaw, John Korican, Ray Overton, and David Mitchell.

Manchester Village Council Proceedings

Approved Minutes
January 5, 1987

The regular meeting of the Manchester Village Council was called to order by President Hinkley at 7:00 p.m. with the Pledge of Allegiance. Present: Hinkley, Tapping, Limpert, Reinhart, Becktel, Harris, Marshall, Wiedmayer and Spork. Also, in attendance: Robert Lowery, Tom Walton and Glen Primrose.

Farm Maintenance Studies May Be Deductible

Expenses for education relevant to a farmer or rancher's current employment may be deductible, the Internal Revenue Service says.

To qualify, the expenses must meet at least one of two specific guidelines. Taking the course of study must be mandatory for continuance in one's current employment status—for example, a veterinarian required to take a course to retain his or her state license. If not, the course must be helpful in maintaining or improving skills which are required in one's present employment—for instance, a farmer or rancher taking a course in machinery or engine repair or welding for the purpose of maintaining farm or ranch equipment.

However, not all educational expenses are deductible. Expenses for education that prepares one for a new trade or business—such as a farmer studying law—may not be deducted, even if the education may be required or beneficial in the taxpayer's present employment. Similarly, the expense for study to help meet the minimum educational requirements for a current position is not an allowable deduction, for example, a full-time engineering student who has a part-time job in a minor engineering capacity.

Educational expenses included amounts spent on tuition, books, supplies, laboratory fees, similar items, and certain travel and transportation costs. Educational expenses other than travel and transportation are itemized deductions and should be listed on Schedule A (Form 1040) as miscellaneous deductions. Travel and transportation are deducted as adjustments to income using Form 2106.

Additional information on educational expenses appears in the free IRS Publication 508, *Educational Expenses*, available by using the mail order form in the tax package, or by calling or writing the IRS.

The Clerk read the minutes from the December 15, 1986 regular meeting, the December 19, 1986 special meeting, and the December 31, 1986 special meeting.

Motion by Tapping, supported by Harris to approve the December 15, 1986 minutes as read. Ayes-all.

Motion by Becktel, supported by Marshall to approve the minutes of the December 19, 1986 special meeting as read. Ayes-all.

Motion by Reinhart, supported by Limpert to approve the minutes from the December 31, 1986 special meeting as corrected. Ayes-all.

APPROVAL OF AGENDA

The agenda was approved as written on a motion by Becktel, supported by Harris, carried unanimously by a voice vote.

CORRESPONDENCE

The Clerk presented to Council a letter from Mr. Richard Kuntz on file. Council asked to have this letter discussed under the managers report. A letter from Jake Haag, Norvell Wagon Train, was also read and turned over to Sgt. Spork and the Village Manager to handle.

PUBLIC PARTICIPATION

None.

ACCOUNTS PAYABLE

Council deferred accounts payable until the Village Manager arrived.

SHERIFFS REPORT

Sgt. Spork reported that the Sheriffs Report would be presented at the next regular Council Meeting. Items up for discussion were: A crime prevention program, changing the speed limit in the Village to 25 mph, and the hand-i-cap parking space in the 200 block of Main Street.

DPW REPORT

Wiedmayer will have DPW Report ready for the next regular Council Meeting.

Wiedmayer presented the following items to Council for discussion: Selling the old police radios to the Village of Clinton, purchasing hand held radios for DPW, the water samples taken from Hallers home on Macomb Street. After discussion on each of these items Council asked

Wiedmayer to make a list of all surplus equipment that could be bid out for sale and to check into pigging out the sewer line on Macomb Street.

ACCOUNTS PAYABLE

The Village Payables in the amount of \$88,402.07 were presented to Council for payment.

After considerable discussion Reinhart moved, supported by Becktel to hold all McNamee, Porter and Seeley bills until the Village Manager and the Village Clerk meet with McNamee, Porter and Seeley accountants and have all bills clarified in writing, item for item. Roll Call Vote: Ayes-all.

Motion by Becktel, supported by Harris to submit the Manchester Electric bill in the amount of \$117.30 to Union Construction Co. Roll Call Vote: Tapping-yes, Limpert-no, Reinhart-yes, Becktel-yes, Harris-yes, Marshall-yes, Hinkley-yes. Motion approved.

Motion by Becktel, supported by Marshall to send the Electronics Service Center bill in the amount of \$770.50 to our insurance company for payment. Roll Call Vote: Ayes-all.

Motion by Becktel, supported by Harris to approve the remainder of the bills. Roll Call Vote: Ayes-all.

PLANNING COMMISSION

Marshall had nothing to report.

TREASURERS REPORT

Accounts as of January 2, 1987.

General Fund	118,954.31
Construction Fund	285,681.37
Retention Fund	20,973.64

Major Street Fund	5,376.20
Local Street Fund	496.44
Park Impv. Fund	57.84
Tax Account Fund	6,552.73

Construction fund CD made \$1,202.46 interest in December.

Cashed in on 12/24/86 and balance put in Construction Fund checking.

Cash Savings Acct. 118,536.10 Transferred \$60,000 from General Highway to Cash Savings Account.

Sue Koebbe, Treasurer

Motion by Limpert, supported by Tapping to accept Treasurers Report. Ayes-all.

MANAGERS REPORT

Naimowicz presented Managers report - on file.

Items discussed: 1987 Waste Water Treatment Plant grant funds, Industrial Park, Transfer Site, and Richard Kuntz's letter.

After discussing the letter from Richard Kuntz concerning his accounting services, Council decided on a resolution to commend Mr. Kuntz and to send a letter of thanks to Double A.

Motion by Limpert, supported by Becktel to make a resolution

and to send a letter to Richard Kuntz commending his twenty years of faithful service to the community. Ayes-all.

Motion by Tapping, supported by Marshall to send a letter of thanks to Double A for the use of their computer. Ayes-all.

Naimowicz stated that the transfer site review would be on the next agenda.

Mr. Glen Primrose approached Council and presented a letter from Michael Scully - Fire Marshall, and pictures in regards to the removal of six underground fuel storage tanks located at 101 W. Main St.

Council went on to discuss next years Budget. Naimowicz stated that he could provide a tentative Budget for discussion at the next meeting.

NEW BUSINESS

Sewer rates - Naimowicz asked to have the recommendation of new sewer rates on the next agenda.

Motion by Tapping, supported by Becktel to adjourn at 9:50 p.m.

Hit or Miss

at the Clinton High School. Also present were a representative of the Michigan State Police and the State Senator and Legislative Representative but they said they were unable to offer any possibility of a change in the plans as made, that this decision was entirely up to the State Police officials who did not have to ask for an approval for their action. So plans have gone forward since then and on January 5, the Clinton Post began moving to Adrian. The county seat newspaper reported that Blissfield and Clinton were unhappy with the action. But it is not only the two villages that are unhappy, it is the entire area which is so conscious of our problems. We have been told that some 80 percent of the traffic violations, complaints and requests for assistance were from the US 12 area. Conditions reported in a survey of five years ago were not of any great import today. The astounding growth of this area during the past five years was not considered, which seemed to point out that the decision was only a political action which was not expedient.

However a considerable number of residents of this area which, despite the assurance of officials that service will not be curtailed in the area, fear that needed services will be somewhat unavailable but they hope that will not be the case. They are fearful that they are losing greatly needed protection. They have asked however that the State Police be thanked for their very efficient service during the more than 60 years of service. It was inaugurated shortly after World War I when the State Constabulary became the State Police organization with a post at Tipton in a small headquarters. A few years later it outgrew its post there and with the assistance of the Clinton Village and Township government was moved to a location on E. Michigan Avenue in Clinton and when it outgrew that space to a portion of the Township Library and then again when more space was needed for its operation the State built the recent headquarters here. I think that everyone in the affected area of this change will miss the blue uniformed chaps who have been a respected and welcome addition to our community in many ways.

Perhaps their operation, as we have intimated, is to be as efficient and satisfactory as it has been in the past but it is difficult to lose a friend as a part of the community when so many of the affected area's folks haven't been made aware of a reason for the change. We sincerely hope that we can be convinced and wish everyone connected with the move the very best in all instances for the future.

It still would have been nice if the folks of the affected area could have been asked to participate in the action and their "on the spot" knowledge been a part of the decision.

A statement from State Police headquarters in Lansing states that the date for the new post to be activated was Monday, January 12, when the personnel of some 20 officers and assistants took over. The accompanying story stated that Lenawee County had been the only one in the state to contain two State Police posts and that the "change in the traffic flow had made them obsolete."

We doubt that any State Police officer has, in recent years, driven on US 12 from Saline through Clinton to the Irish Hills and Walter J. Hayes State Park or the race track at Cambridge Junction most any time but particularly during tourist season when this

area has become a great deal more popular each year. Now Adrian has three police organizations to serve them—the State Police and the city police and the Lenawee Sheriff's force which should make that area very well protected from all harm.

Turkey Hunting Deadline

February 1, is the deadline for turkey hunters to submit license application cards for the 1987 spring turkey hunting season. This year 17,640 licenses are available.

The first of 39 hunting periods will begin April 20, the last hunting period will end May 20. More than 12,000 square miles will be opened to hunting.

Application cards for resident and senior resident turkey licenses are available at all DNR license issuing offices and most license dealers, and from DNR Information Services in Lansing (517-373-1220).

Nonresident applications will be available only at DNR Information Services. Residents of Illinois, Indiana, Ohio and Wisconsin may obtain an application by calling 1-800-443-2796 with a current Visa or Master Card charge account.

All applicants must pay a fee to obtain an application card this fee includes the cost of the turkey license and a \$3 nonrefundable processing fee. Hunters may apply individually or with one partner and may select up to three periods to hunt, though only one period will be assigned.

Successful applicants will receive their 1987 wild turkey

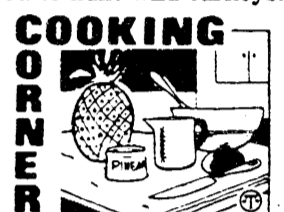

hunting license in the mail before March 15. Unsuccessful applicants will not be notified, but will receive a refund before March 22.

"We're expecting a very good harvest this season, comparable if not better than the record harvest of 2,361 turkeys taken in 1986," said John Urban, DNR Wildlife Specialist. "An increase in hunting periods (now 39) and expansion of hunting areas (now 18) this year resulted from a DNR survey of turkey hunters conducted in 1986, coupled by a substantial increase this past year in the turkey population," added Urban.

Hunting hours for the spring turkey season will run from 5:30 a.m. to 4:00 p.m. in the Lower Peninsula and 5:00 a.m. to 3:00 p.m. in the Upper Peninsula.

Bag limit remains one bearded turkey per hunter.

A 1987 wild turkey hunting license and a 1987 small game stamp (unless hunting on one's own land where one resides) are required to hunt wild turkeys.

Quick and easy to make for one or a crowd. An ideal after school snack.

PINEAPPLE HULA FLOAT

- 1 can (6 oz.) or 3/4 cup Dole Pineapple Juice
- 1 scoop vanilla ice cream
- 2 ounces lemon-lime soda

Combine pineapple juice and ice cream in tall glass. Top with lemon-lime soda. Serve with straws. Makes 1 serving.

NOTICE!!

Due to the cancellation of the January 19, 1987 meeting of the Bridgewater Township Board it is Rescheduled to be held on January 26, 1987, at 8:00 p.m. at the Bridgewater Township Hall.

Karen Weidmayer
Township Clerk

NOTICE

Regular Meetings of the Manchester Village Council are held on the first and third Mondays of each month. Meetings are held in the Council Room, second floor of The Village Hall, beginning at 7:00 p.m. Council reserves the right to move any Council Meeting to the first floor subject to changing regulation and to accommodate any Handicapped persons.

Constance M. Schaffer,
Village Clerk

Choosing The Right Tax Form

(Prepared by the Michigan Association of Certified Public Accountants.)

Now that the new year is here, it is time to think about filing your income tax. Even if you don't prepare your own taxes, you need to know what form you can use so you can compile the right information, according to the Michigan Association of CPAs.

There are three forms taxpayers can use to file their federal income tax return. The longest form is the 1040. On it, you can claim all your income and take all your deductions. With all of the required tax forms, it can be many pages long. Form 1040A is a simpler version of the 1040 and is used by taxpayers who meet certain criteria. The third form and the easiest to file is a 1040EZ.

Before you can decide which form to file, look at your financial records for 1986. The amount of income you earn and where it comes from will determine which form you can file.

1040: The 1040 form can be used to report any type of income including wages, interest, dividends and such. This form is actually a combination of forms-called schedules-which different taxpayers file depending on how they earn their income and incur their deductions.

You should use form 1040 if you have income from several of the following: salary, capital gains, taxable Social Security benefits, interest, rental property, your own business and other income.

You should also use this form if you take a lot of deductions. If you have mortgage interest payments, itemized deductions, moving expenses, Keogh or IRA contribution deductions and other deductions, you may need to file this form.

1040A: This form is less detailed than the 1040 and its schedules. Taxpayers can use this form if they meet certain criteria. First, your taxable income must be less than \$50,000 and consist solely of wages subject to withholding, ordinary dividends, interest income or taxable

unemployment compensation. Second, your itemized deductions cannot exceed the zero bracket amount of \$3,670 if you are married filing jointly or \$2,480 if you are a single individual or a head of household, or if your itemized deductions are \$1,835 as a married person filing a separate return.

If your itemized deductions are greater than your zero-bracket amount or you have to itemize your deductions, then you have to file form 1040.

1040EZ: This is by far the easiest form for taxpayers to file. However, there are restrictions that make many taxpayers ineligible to use it.

The first restriction is that you have to be single. On top of that, your taxable income has to be less than \$50,000. Also, the only income besides wages (and tips) allowed is from interest and it cannot exceed \$400. The final restrictions are that you cannot itemize deductions or claim any credits when filing your return.

Meeting just one or two of these requirements is not enough. To be able to use this form you must meet all these requirements. If you don't, then you should consider using Form 1040A.

Letting someone else prepare your taxes. Depending on how complicated your income tax is, you might want to consider finding someone else to prepare your taxes. By using a certified public accountant (CPA), you can save yourself a lot of time and energy. Also, it is the CPA's job to know all of the tax laws and to make sure that you take every deduction and credit for which you are eligible.

Especially now, with the new tax reform laws, it might be wise to consult a professional to plan new tax strategies for the future.

Whether you prepare your own taxes or have a professional do it for you, be sure to check your return for accuracy and make sure it is signed. Keep a copy for your records and be familiar with the information it contains. File it with your other financial information so that you have access to it if necessary.

Varsity Volleyball
Dawn Leach

A Personal Profile

by jon

Dawn is a Junior at MHS and has played Volleyball for three years. This is her first year at the Varsity level and she plays back row, front row blocker and alternate hitter. Dawn is a very accurate server with 39 out of 42 this season, which is a 93% average. She has earned two stars in tournament games and three in regular contests. Of the 10 matches the Lady Dutch have had this season, she has served perfectly in 7 of them. Coach Kelly Haight says she is a very hard worker, is present for all practices and is a great asset to the team. After Volleyball, Dawn will don Softball cleats.

Volleyball Squads Split

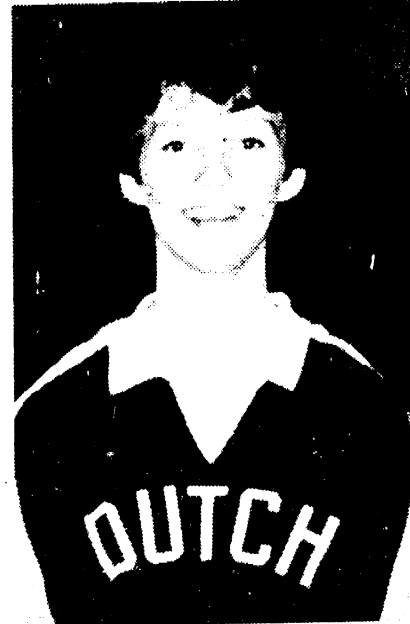

by jon

On Monday we hosted the Michigan Center Cardinals. In the first matchup of the evening our JV's won their first game of the season. The scoring went 15-5, 12-15 and 15-2. Vanessa Salyer had a big night, serving 18 of 19 for 15 points. Nikole Reinhart had 5 for 5 serving and 6 of 6 sets. Nikole and Kim Lee received their towels and stars for perfect serving. Connie Zimmer received her second star after finishing 4 for 4. Connie still hasn't missed a serve this season.

In the Varsity contest, we won in two straight sets, but not easily. Amy Bragg led the point scoring with 9, as the game scores were 15-13, 15-13. In sets, Jennifer Barnard was 19 of 19 with six assists, and Rockie Weber had 20 of 21. In the spiking department, Renea Drouare had 10 for 12, as Amy Bragg had 12 for 14. Amy had a perfect night, serving 14 of 14.

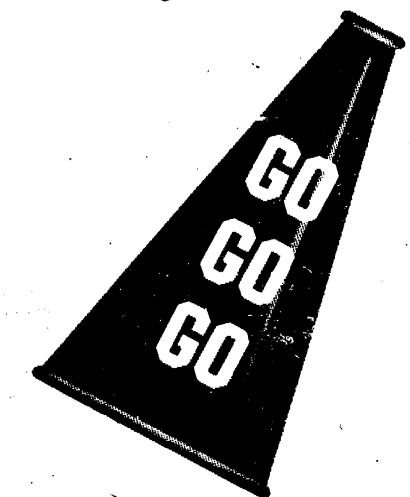

Wednesday saw Hanover Horton come to town and leave victorious in both contests. Our JV's just could not get on track, as they fell 12-15, and 7-15. Star winners for this game were: Angie Campbell, Stacey Wilde, Kim Lee, Amy Major and Jean Kuhl.

Our Varsity suffered their first League defeat as the scoring went

JV Volleyball
Vanessa Salyer

2-15 and 10-15. Rockie Weber had 12 for 13 sets as Renea Drouare had 6 of 8 hits. Erin Davis went 6 for 6 serving.

Senior Citizens News

Fifty-five or over and have a January birthday? Manchester Area Senior Citizens invite you to a free meal at their January "Birthday Bash" on Thursday, January 22. If your January birthday wasn't published in the January-February Trumpeter, come anyway! All we ask is a reservation (call 428-8359) and the favor of your presence at 12:00 noon at the Emanuel United Church of Christ Fellowship Hall. Subsequent birthdays will be celebrated in the same manner on the first Thursday of each month. Exercise will begin at 11:00 a.m. on the 22nd, fish almonidine will be served and play bingo afterwards.

Tuesday, January 27. You may exercise either before or after your blood pressure is taken at 11:00 a.m. Swiss steak is served at noon lunch and "Health Insurance for Seniors" is the topic of the Chelsea Hospital program at 12:30. Mary Helen Davis will be topic leader.

Wednesday, January 28. Potluck fun at the Center at 12 noon. Thursday, January 29. Senior Leader's will meet at 10:00 a.m. at Washtenaw Parks and Recreation Building in Ann Arbor. Those of

us at home will enjoy exercise at 11:00, macaroni and cheese au gratin for noon lunch and bingo.

Looking ahead: On Saturday, January 31, seniors will leave the Center at 5:30 p.m. for Chelsea and "Mexico East, Land of the Mayas". If you can go, call Rubena Boelter, 428-8655, to make your reservation.

And that signals the end of another month, heavens, wasn't it just New Year's? I have made a resolution to keep "mum" on the afternoon of the Super Bowl Game, wouldn't want to disappoint Andy Rooney, who lectured us good on 60 minutes. We can quit, or write long letters, or go shopping--such nonsense, huh? Have a happy day!

Country Doctor

Dr. Schuerer was a country doctor extraordinaire. He had no fake-smiled receptionist in a glassed office to request patient information about employment, age, sex, religion, height, weight, military status, bank accounts or next of kin. Dr. Schuerer wasn't encumbered with Blue Cross, Red Cross, Super-Med, HAP or IHP forms and guidelines. Without a numbered sign-up sheet, we simply waited our turns while we leafed through old Life magazines.

Patients were identified by

Sweet Adelines Open House

When you hear the word "Barbershop", do you think of red and white striped poles? The Ann Arbor Chapter of Sweet Adelines, Inc. do not think of the overgrown candy canes; they think of traditional and popular music sung in fourpart harmony, of being on stage and in the spotlight, and - how sweet it is - applause!

American Legion Auxiliary

The American Legion Auxiliary met at the Legion Home on January 14, 1987; 14 members were present. Also present, were 2nd District President, Alice Pliska, and 2nd District Treasurer, Margaret Boyson. Alice Pliska spoke about the need for our support of the needs of the hospitalized veterans. From donations received from various units, two wheel chairs have been donated to the Ann Arbor VA Hospital on behalf of the 2nd District. Also, one of Ms. Pliska's projects is the Penrickton Center for Blind Children located in Taylor, Michigan.

Miscellaneous reports were given by Committee Chairmen. Girls State registration cards have been provided to Mr. Parsons at the High School. Poppies have been ordered for "Poppy Day" which will be May 14, 15 and 16.

Our next meeting will be held February 11, 1987, with the refreshment committee being Mara Rigg, Mary Smith and JoAnn Schiel.

As part of their Michigan Council for the Arts supported Community Awareness Program, the chorus is sponsoring an Open House on Tuesday, January 27, at their rehearsal facility, the Glacier Way Methodist Church, 1001 Green Road, Ann Arbor, at 8:00 p.m.

In order to dispel visions of barbershop poles, the evening will include an introduction to the American folk art of four-part harmony singing - barbershop style; a casual performance by the chorus and a reception at which questions can be answered on a one-to-one basis.

So if you sing, or dream of performing on stage, there is an organization worth learning about - The Ann Arbor Chapter of Sweet Adelines.

Your IRA after the new tax law...
Just as valuable as ever

If you are not covered by a company pension plan, the new tax law still allows you to tax-deduct all your IRA payments. Considering that--plus the fact that our IRA pays such high interest and guarantees a lifetime retirement income--an annuity from FB Annuity Company is still your best choice for an IRA.

Making your future a little more predictable.

Health Talk THE SPINE

Why the spine is called the "backbone" is pretty hard to understand. Maybe it's because no one ever stopped to consider that a solid bone doesn't often get around to bending in all sorts of directions like the human spine.

Actually there are 24 movable segments, or vertebrae in the "backbone", or spine. Between each segment is a soft cushion called a disc. The disc serves as a ball bearing and shock absorber for the vertebrae.

Inside the spine is a tube which contains the spinal cord, the lifeline of the Nervous System. The spinal cord runs from the brain through the spinal column. Between the vertebrae are pairs of nerve trunks leading from the spinal cord and carrying millions of nerve fibers to the various parts of the body.

Displacement of any of the vertebrae or the discs of the spine impinges delicate nerve fibers, and vital organs and Tissues served by the nerves can be affected. Dis-ease is the result.

The Spinal Column, the Spinal Cord and the Nervous System are the areas in which the chiropractor is scientifically trained. He locates the impingements and, by gentle adjustments removes the offending pressures and restores the vital flow of nerve energy to the affected areas. Nature's healing from within restores the feeling of health and well-being. Another Health and Life article from the office of:

Surplus Federal Foods will be available in the Manchester area on January 23, Friday, at Manchester United Methodist Church, 501 Ann Arbor Street from 10:00 to 12 noon. Cheese, honey and rice are expected. In case of school snowday, distribution will be Saturday, January 24th, same time, same place.

The oxygen in the earth's crust weighs almost as much as all the other chemical elements put together.

The Attraction of Grasses

Think of "landscaping grasses" and most of us picture an expanse of manicured green lawn. But there are many other kinds of grasses that can be used in place of shrubs or perennials: tall, graceful, murmuring grasses that look great all-year round (with once-a-year cutting); some that can be plucked to make dry-grass arrangements; and, as a bonus, most are highly attractive to wildlife (especially to birds and butterflies) for both food and shelter.

Meadows and prairies are primarily grasses. The grasses lie thick under the showy meadow wildflowers—sort of like the noodles under a colorful pasta sauce (though I admit that image may have occurred to me in one of my hungrier moments). At any rate, the flowers give the whole mass flavor and character, while the grasses give a meadow substance and structure.

Whether your yard can accommodate a meadow or just a spot or two of decorative grasses, here are some native kinds to consider:

- **Switch grass (*Panicum virgatum*):** A tall (4 to 6-foot), dense-stemmed grass that hisses and rustles pleasantly in winter winds. It's a good soil binder, and is often used in erosion control work. Its dense growth makes it good wildlife habitat and its large seeds attract a wide variety of sparrows. Its bleached blond winter color enhances a landscape.
- **Big bluestem (*Andropogon gerardi*):** Another tall (4 to 6-foot) grass, a mainstay of midwestern U.S. prairies, and as excellent a forage for cattle as it once was for buffalo. Its early-summer first leaves are blue, but its flowering heads are deep purple. Its texture is quite delicate.
- **Indian grass (*Sorghastrum nutans*):** Another tall grass, and one in color-

ful but subtle bloom in early to mid-August. It sprouts readily in full sun in good warm soil. It forms a dense clump, thereby lending itself well to individual plantings. A fascinating side-feature: the dried seeds wriggle and writhe, jump and twist when moistened with water—probably a help to these light seeds in reaching the soil through dense, unburnt prairie thatch.

• **Broom sedge (*Andropogon virginicus*):** A relative of big bluestem, it is intense pinkish-orange in winter, spectacular against new-fallen snow. Its tiny seeds are relished by a number of sparrow species.

If you'd like to seek out some native grasses available for landscaping you'll find a good resource in *Grasses, an Identification Guide* by Lauren Brown. There's still time this winter to harvest some seeds from nearby meadows or to order seeds from a nursery or mail-order house that sells grasses, as species or within mixtures. Why not give grasses a try?

120TH YEAR VOLUME NUMBER 15 USPS NO. 327-460 THURSDAY, JANUARY 29, 1987

Hit or Miss

by farley

Thanks to the several of you who were kind enough to say that you liked the "this and that about these and those" which we used to fill a column or so with. We looked in the shoe box on our desk and found more of the same and so here are some of them.

What are the seven wonders of the modern world? Various scientists say that they are: Telephone, X-ray, Automobile, Radio, Television, Airplane and Nuclear Energy.

Chances are that you got your first job at a McDonald's. One out of every 15 people did so.

The Prince of Wales keeps getting richer each year because every time an individual of property dies without leaving a will in Cornwall, the estate goes to the prince. At last reports he was getting about ten such estates a year.

In the Sears Roebuck catalog of the early 1920s there were about 5,000 accessories that you could bolt, strap, button, wire or otherwise attach to a Model T Ford.

The country's first concrete road was built in 1909 at Detroit and the first brick paved road was laid near Marshall, Michigan in about the same year.

You are sane say many psychiatrists, when you can take somebody else's point of view.

What U.S. Grant liked for breakfast was a sliced cucumber soaked in vinegar. This was in the days when folks didn't eat uncooked cucumbers.

The broythers of Hong Kong mark their where abouts with old barber poles. No doubt this disappoints many a sailor who was looking for a haircut.

The sensitive question of the Middle Ages was "Which came

Former Resident Man of the Year

Joe Kirk, son of Edward and Dorothy Kirk of Manchester, was recently honored as the Community Service Man of the Year by the Shafter, California Chamber of Commerce.

The honoree, who provided patriotic decorations and a flag ceremony for the annual banquet was surprised by the award. He was further surprised finding his mother and father from Michigan in the audience.

The award testimonial was presented by Cathy Prout, Shafter City Council Member, Mayor Pro-Tem.

Change In Sports Schedule

Due to the installation of new bleachers in the High School gym, there has been a change in two sporting events.

The Girl's Volleyball home game scheduled for February 2, with Napoleon will be held at Napoleon instead of Manchester. Time is 6:30 p.m.

The Boy's Basketball game scheduled at home with Hanover Horton on February 3, will be re-scheduled for March 3, at Manchester beginning at 6:00 p.m.

It's Campbell Soup Time!

Manchester Middle School is collecting labels to be exchanged for Audio-visual equipment. The collection period ends on February 15, 1987.

Please save labels for all Campbell soups, "V-S" juices, Swanson canned and frozen foods, all Franco-American products, Recipe dog food, Mrs. Pauls frozen foods, and Vlasic pickle products.

You may send the labels to any Manchester school to be sent to the Middle School or give them to any Middle School student or deposit them at the local I.G.A.

Manchester Chamber Of Commerce

Post Office Update

Jim Scully presented the program at the January 14, 1987 meeting of the Manchester Area Chamber of Commerce. Jim said local people would like to keep the Post Office in the downtown area and liked the present location.

He reviewed the history of the present post office. The Post Office was started in June 1959 and built by K of C members with local help. The U.S. Postal Service had a 20 year lease from 1959 to 1979, followed by several extensions. In 1985 the Postal Service expressed an interest in changing locations.

Concerns cited by the Postal Service as reasons for change were: traffic problems, parking space, possibility of patrons driving into the river, and the need for 4,000 square feet of space. The K of C sought to address each of these concerns. They learned that the accident rate around the Post Office is the lowest in the Village. The K of C Hall and kitchen are 3,900 square feet. The members hired Hobbs and Black, a well known architectural firm in Ann Arbor, to develop a plan to convert the hall and kitchen into a post office that would be an efficient facility for mail flow and fit into the Turn-of-the-Century theme of the Village.

The architects obtained a set of specifications from a recently completed post office of similar

size, which they used to design structural modifications, prepared drawings, and a book. The proposal was submitted to the Postal Service in March 1986.

There are two important aspects to the K of C proposal. They would use private funds to make the construction and site changes such as leveling and extension of the parking lot and the property and building would remain on the Village tax rolls. The only response they have had to the proposal is that the Postal Service would prefer to build new. The Postal Service has an option on the property across from the Township Fire Hall. Some residents have expressed concerns about traffic problems and patron safety at a post office in that location during fire runs.

Answers to some questions from the audience: The Postal Service uses Federal funds and can put the Post Office where it wants; the desires of village residents do not have to be considered. Investigation of sites and recommendations are made by a private consultant to the Postal Service. Saline has a renewal for a 3-year lease because no better location has been found. Manchester is now on an automatic 1-year renewal lease. President Mark VanBogelen announced that the program for the February 11, general meeting will be an update on the Manchester Industrial Park.

Fatal Accident

Manchester Enterprise December 10, 1986

But three weeks have passed since the Enterprise was called upon to record a sad and fatal railroad accident, which cast a gloom over our quiet village. To-day we are compelled to note a similar accident, which occurred almost at the same place, and proved fatal to one of our young and promising citizens. Lawson W. Leap, aged 24 years, was employed as breaks-man of the accommodation or freight train, and while in the act of climbing a car to adjust the breaks, at our station on Tuesday morning last, his foot slipped and the wheels crushed his left leg above the knee. Drs. Lynch and Selfe were called and the unfortunate sufferer was removed to his residence. The engine immediately proceeded to Jackson and returned with Dr. Chittock, who, assisted by our Physicians, amputated the limb. Mr. Leap lingered until half past five O'clock and expired. He leaves a mother and two sisters, also a large circle of friends to mourn his untimely death. He was a sober, industrious, unassuming young man, the main support of a widow mother and young sister. The funeral sermon was preached by Rev. Wm. Tilley, at the Baptist Church to-day, and was listened to by a large concourse of citizens. As soon as the accident became known, a subscription was circulated and liberally signed, to defray the expenses of the unfortunate young man. Conductor Curtis and his associates rendered all assistance at their command. This train is indeed unlucky. We understand that eight persons have lost their lives by it during the last year, and Mr. Curtis barely escaped death, while coupling cars last Spring. Mr. Leap was upon the train that crushed Bertie Doty, also upon the train that ran over Mrs. Fox at Tecumseh, and it seems strange that he should meet his sad fate after so much warning. The bereaved friends have the warmest sympathy of our citizens, also the officers and employees of the road, who are ever ready to extend aid to relieve those who suffer by these accidents. "In the midst of life we are in death."

STRESS

Everybody Has It.
Everybody Talks About It.
Now You Can Do Something About It.

Systematic Stress Management™

The Proven Way to Relax

What is Systematic Stress Management™

Systematic Stress Management is a highly structured program that teaches people to cope more effectively with stress in their lives. Participants learn a systematic technology that is designed to prevent and minimize all types of stress. The methodology is effective, relatively easy to learn, and can be readily utilized in a person's normal living and working environment.

- In Systematic Stress Management™ you will learn:**
- How to determine your present level of stress and reduce it.
 - How to identify the causes of stress in your life.
 - How to relax your mind and body within seconds.
 - How to recognize erroneous, self-defeating thoughts and replace them with realistic, relaxing beliefs.
 - How to organize your life and use your time more effectively.
 - How to appropriately express yourself.
 - How to avoid illness through proper nutrition and fitness.
 - How to communicate effectively.
 - How to handle occupational and family stress.
