MACPA Lists 20 Tips To File Your Tax Return

(Prepared by the Michigan Association of Certified Public Accountants).

Every year, filing your income tax becomes more complicated. Over the past 12 months, taxpayers have heard more information about their income taxes, as compared to recent years, because of the Tax Reform Act of 1986. But many will be glad to know that this year, for the last time, they can still file under the old rules, according to the Michigan Association of CPAs.

Here are 20 tax tips to refresh your memory on the old tax laws.

- The 1986 Tax Reform Act will have virtually no effect on this year's tax return.
- The IRS provides copies of old returns for \$4.25 a piece.
- Single individuals should itemize their deductions when they exceed \$2,480. Next year this will rise to \$2,540.
- Married couples who file jointly should itemize their deductions when they exceed \$3,670. This will rise to \$3,760 on your 1987 return.
- Itemized deductions include unreimbursed expenses for medical and dental care, interest payments, state and local taxes, sales taxes, charitable contributions, casualty and theft losses and certain job and investment costs. Next year, some of these will be eliminated while others will be restricted.
- A married working couple can deduct 10 percent of the lower-paid spouse's earned income

up to \$3,000 - which can reduce a couple's tax bill as much as \$1,500. This is the last year you can take this deduction.

7. Sharp increases in annual income may qualify you for income averaging, a formula that gives you a tax break. This will be impossible to take advantage of after this year.

8. If you pay someone to care for a child or another dependent while you are at work, you may qualify for a tax credit of up to \$720. \$1,440 for two or more dependents.

9. If you moved to be closer to your job in 1986, you may be able to deduct the moving costs, including temporary housing, from your taxable income.

10. If you contributed to a political campaign in 1986, you can get a tax credit of up to \$50 (\$100 on a joint return).

11. Even if you do not itemize deductions, you can deduct fully charitable contributions made in 1986. Under the new tax law, this deduction will only be available to those who itemize.

12. If you donated to charity more than \$500 in furniture, clothing or other non-cash items, you must file a new IRS form - 8283.

13. If you donated to charity more than \$5,000 in non-cash contributions or more than \$10,000 in nonpublicly traded securities, you must also report it on Form 8283, but you need to have it signed by a qualified appraiser and the recipient of the donation.

14. You can contribute to an IRA until April 15, 1987, and lower your 1986 tax bill while

saving for retirement. Many people will find that, because their income exceeds set limits, they will not be able to make a tax deduction contribution to an IRA for 1987.

15. You can contribute up to \$2,000 of your 1986 earnings to an IRA and twice as much if you are married and both you and your spouse work. Married persons - when only one spouse works - can contribute up to \$2,250. This will remain true, but will also be restricted.

16. Even if you apply for an extension to file your return, there are no extensions to the IRA contribution deadline.

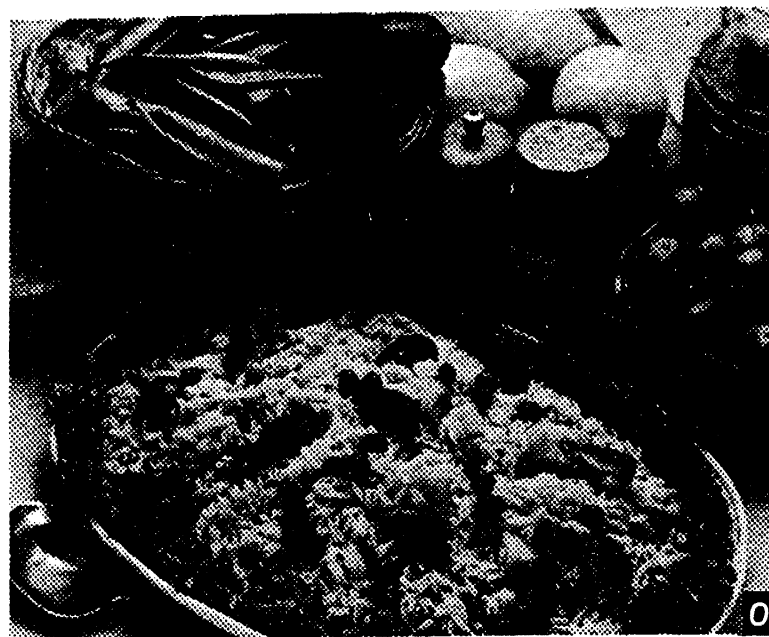

17. You can contribute to an IRA even after you begin making withdrawals, as long as you have earned income or receive alimony and are under age 70½.

18. Custodial fees for IRA or Keogh accounts are deductible if they were paid with funds outside the account. Next year, this will be part of your miscellaneous deductions.

19. You can get a four-month extension for filing and incur no late payment or filing penalties, if you pay at least 90 percent of your 1986 tax bill by April 15, 1987. But, you will have to pay interest on any taxes you owe.

20. You can still claim a deduction for the cost of hiring a CPA to prepare your tax return. This is true under the Tax Reform Act of 1986 as part of your miscellaneous deductions. Those that exceed two percent of your adjusted gross income will be deductible. However, even if you don't qualify, you might find it well worth the money.

Curry Powder Creates An Unusual Rice Salad

The rice salad pictured above has several advantages over ordinary salads: It can be prepared ahead of serving. It can be served at room temperature (making it totable to potluck suppers). And it has the lovely scent and exotic flavor of an Indian curry. The curry powder, a blend of many spices, is sauteed first in oil to smooth and mellow the spices before adding minced onion and lemon juice to the dressing.

RAINBOW RICE SALAD WITH CURRY

- 1 tablespoon instant minced onion
- 1 tablespoon water
- 1/4 cup vegetable oil
- 2 teaspoons curry powder
- 1/8 teaspoon salt
- 2 teaspoon ground black pepper
- 2 tablespoons freshly squeezed lemon juice
- 3 cups hot cooked white rice (unprocessed)
- 1 package (10 ounces) frozen peas, thawed.
- 1-1/4 cups cherry tomatoes, quartered
- 1 cup peeled cucumber cut in 1-inch chunks

In a small bowl combine onion and water; set aside for 10 minutes to soften. In a small skillet over medium-low heat heat oil until hot. Add curry powder, salt and black pepper; stir until curry is golden, 1 to 2 minutes. Stir in onion and lemon juice. In a large bowl combine rice, peas, tomatoes, cucumber and curry mixture. Serve warm or chilled on lettuce leaves, if desired.

YIELD: 6 portions
about 5-1/2 cups

120TH YEAR VOLUME NUMBER 24

Black Walnut On The Farm

M. A. C. Specialist Favors Growing At Least A Few Trees On Every Farm.

Manchester Enterprise December 18, 1924

Old fashioned folks on the farm have always enjoyed an occasional evening in the winter cracking hickory nuts and walnuts, eating apples, popcorn and doughnuts, in a washed down with a dipper of cider.

Generally they gathered 'round the kitchen stove or sat in front of the fireplace, if they happened to have one. The open hearth fire lighted the room as well as warmed it, giving a cheer on a cold or stormy night that was sure to engage the family in cheerful conversation.

And this brings to mind the days spent in the late fall days roving the field, hillsides and valleys in search of nuts. Oh boy, what fun we had. And speaking of this brings to our attention the growth of nut-bearing trees. There are places on almost every farm where such trees should be planted and grown. It is nothing at all to raise such trees and they grow quite rapidly, and besides furnishing a supply of nuts, the

timber, especially walnut, is extremely valuable.

R. F. Kroodma, forestry specialist at the Michigan Agricultural College, advocates the planting of black walnuts. He says, "bury the nuts, shucks on, as soon as they drop from the tree in the fall, put two nuts in each hole about one and a half inches deep. If you fear that animals will dig them up, store the nuts in a damp, cool place until spring with alternate layers of nuts and sand that can be kept damp, especially in the spring."

There are out of the way places that make ideal locations for a walnut grove, or plant them along the fence. They make a good shade and present a fine appearance.

While talking about walnuts, why not experiment in growing English walnuts? There are some bearing trees in Michigan and the nuts are of good size and fine in flavor.

Chestnuts can be grown here, and in fact are, but not to any extent. But, walnut timber is in demand and the trees are almost sure to grow when other things will not. However, the best success is assured on rich, moist well drained land.

Manchester Community Fair

The warm weather is coming and its time to get out the gardening tools. Just think how big the squash could be by fair time. Don't forget when you plant your garden to put in a little extra so that you can take some to the fair and show your friends and neighbors what you can do. As always, there is plenty of room in the exhibit tent, so plan on bringing lots of produce. Along with the produce bring all the arts and crafts you have been working on this winter, the woodwork, sewing, knitting and photography. The Manchester Community Fair will be held August 25 - 29, 1987. So be prepared to enter your projects at the fair. The next Fair Board Meeting will be held on Monday, April 13, 1987, at 8:00 p.m. in the basement of the Emanuel Church. Please feel free to attend.

Lenten Community Choirs Concert

On Wednesday evening, April 8, a special Community Lenten Choirs Concert will be held at Emanuel United Church of Christ at 7:30 p.m. The service will be one of lessons and anthems. The readers will be the Church Pastors, Rev. Robert Macfarlane, Rev. Evans Bentley, Rev. Hayden Carruth, and Fr. Raymond Schlinkert. Four Manchester Church Choirs will be participating. Reflecting on the texts of the crucifixion taken from the Gospels will be the following anthems: "Jesus our Lord is Crucified" by David Paxton sung by the Sharon Methodist Church, and directed by Sharon Miller; "He Was Wounded for Our Transgressions" by Craig Courtney sung by St. Mary's Catholic Church, and directed by Fred Vipond; "Out of the Deep" by Mozart sung by Emanuel's Choir and directed by Marijim Thoenes; and "Father in

National Library Week

1987 has been proclaimed the Year of the Reader. Help observe this year long celebration by visiting the Manchester Township Library during National Library Week, April 5-11.

Thy Presence Kneeling" by Nick Strimple sung by Manchester Methodist Church Choir and directed by Millie Gillies.

In addition to the anthems sung by individual choirs, there will be three Lenten anthems which will be sung by all of the choirs. They will be "Ave Verun" by Mozart, "Thou Knowest Lord, the Secrets of Our Hearts" by Purcell, and "Lord Remember Not Our Offences" by Purcell.

The program will also offer special Lenten Organ Music played by Fred Vipond, Helen Norman (Organist at Manchester Methodist), and Laurie Bluemlein (Organist at Christ Our King Lutheran in Ann Arbor), as well as Bell Choir Music from Emanuel Church.

This fine yearly ecumenical worship unites Manchester's worshippers as they share together of the Apostles's Creed, "I believe in the forgiveness of sins, the resurrection of the body, and the life everlasting". Save the date of Wednesday, April 8, at 7:30 p.m. at Emanuel Church.

Hit or Miss

by farley

Strange indeed are the things that folks will do to get their names remembered as having done something important. All you have to do to prove this is to take a look at "Guinness World Book of Records".

Wrote John Milton a long time ago, "Fame is the spur and the desire of glory clings even to the best men longer than any other passion".

Most men desire to leave their footprints on the sands of time not willing to recognize that the tide comes in sooner or later and sweeps these footprints clear away.

Probably a thousand or even ten thousand years from now (which is only a minute of eternity) fellows like Darwin or Newton will only be remembered dimly if at all if this little planet is still populated by beings with the gift of memory.

I don't think that by then the chap who got into the Book of Records will seem very important nor will the one whose record says he crawled 23 miles or so on his hands and knees, seem so very important.

I would rather be remembered for just a few years by living people such as good parent, a good neighbor or friend or an upright citizen.

We have many impressive buildings with their donors names carved into them but these names have been forgotten by all those

Oratorical Contest Winners

Left to Right: Melissa Hawk, Rachel Rodriguez, Michelle LaRue, Melanie White.

Michelle LaRue and Jamie Winzenz were judged first place winners in the Manchester Optimist Club's Annual Oratorical Contest held at their recent meeting. Michelle is the daughter of Mr. and Mrs. Brian LaRue. Jamie's parents are Mr. and Mrs. Wayne Winzenz. In the girl's division, Melanie White, daughter of Mr. and Mrs. William White, placed second.

Left to Right: Paul Reese, Jamie Winzenz, Dennis Gehringer.

The Runner Up award was presented to Rachel Rodriguez, daughter of Mr. and Mrs. Rodolfo Rodriguez. Also participating was Melissa Hawk, daughter of Mr. and Mrs. Ron Hawk. In the boy's division, Dennis Gehringer, son of Mrs. Dottie Alexander, was second and Paul Reese, son of Mr. and Mrs. Ernie Reese, was Runner Up. Each of the contestants received a Certificate of Participation, and the six winners were presented with a medallion. All the students orations were on the official topic for this year: Promise Yourself. Ted Tapping, Oratorical Contest Chairman, expressed the thanks of the club to three faculty members of the Manchester Community Schools for their assistance in promoting this contest in their classes: Mrs.

Nancy Kruse, Mrs. Nondus Buss, and Mrs. Mary Nobsch. Also commended for their role as contest judges were Mr. Dan Abernathy, Mrs. Mary Kallewaard, and Mr. John Swainson. The two first place winners will compete at a regional contest on April 11, in Flint. Winners from the regional contest will compete for \$1000 scholarships at a state contest in May.

1986 Donations Becktel Named Senior Citizens Top Agent News

The following individuals and organizations were among those making donations to the Manchester Township Library in 1986.

United Methodist Women, Ruth Huffman, Melvin and Laura Bialecki, Anne Pniwski, Claire Reck, Russell Smith, Thelma Stremmer, Merrill and Jane Korth, John and Pat Sahakian, Phil Grenney, Martha Stoner, Sally Pobjowski, Elaine Watson, Mary Sue Moore, Pat Swaney, Mae Hardenbergh, Mary Boutell, Lois Jewell, Mr. and Mrs. Aaron Nathan, Joan Gaughan, William Kulenkamp, Elta Clark, Shakespeare Reading Club, Robert Kensler, Jean Riley, Owen Cathey, Judy Mann, Mike Minor, Diana Roberts, Dorothy Scully, Don Weir, Dr. Henry Eames, June Jenter, Annette Van der schalie, Lois Koda, Nancy Sippel, Don and Ann Fowler, Sallie Anderson, Herrick Foundation, Manchester Area Historical Society, Doris Mahoney, Manchester Plastics, Inc., and Manchester United Way.

Larry Becktel, of Manchester, local agent for Farm Bureau Insurance Group, has been named one of the company's top agents of 1986, based on his excellent record of sales and service for the year.

As one of the year's top agents, Becktel received Farm Bureau Insurance Group's "All American" award during the company's recent annual sales convention in Grand Rapids. The award, reserved for the company's top producers, recognizes agents for their outstanding sales achievements and superior client service.

Becktel was also honored at the convention for earning three Seals of Excellence, including the Claims Seal, recognizing him for the overall high quality of his insurance business.

Softball Meeting

An organizational meeting for the 1987 Manchester Men's Softball League will be held at McGlynn's Tavern on Wednesday, April 8, at 8 p.m. prompt. Representatives of teams interested in participating should attend. Rules, scheduling, and fees will all be covered.

Players who would like to participate, but who are not on a team, should also attend.

Birth Announcement

Deana Marie is the new girl at the home of Neil and Mary Girbach of Saline. She was born March 20, 1987, at Beyer Hospital. She weighed 8 pounds and 2 ounces and measured 22 inches tall. Deana's big brother is Richard Neil, 2½ years old. The happy grandparents are Mr. and Mrs. Walter Egeler of Manchester and Mr. and Mrs. Orrin Girbach of Saline.

School Hot Lunch Menu

Manchester schools will bring bag from April 6, to April 10.

"January Thaw" Big Success

"January Thaw" Rick Shear, Alice Swanberg, Jacqueline Davis, Dan Platt

"January Thaw" Dan Dezarov, Rick Shear, Julie Post

Under the direction of Nancy Kruse, the cast of this comedy maintained our interest throughout. The actors were: Rick Shear, Julie Post, Dan Dezarov, Rob White, Kristin Vedder, Dan Platt, Jacqueline Davis, Jill Fielder, Alice Swanberg, Melissa Beasley, Jamie Hall, Dawn Brady, Trai Whiting, and Brian Ball. Behind the scenes and production staff consisted of: Kris Miller, Kris Post, Neil Swanberg, Ardella Swanberg, Amy Fielder, Louis Major, Jackie Miller, Bud Ball, Mary Dettling, Rob Gillow, Linda Hansen, Karen Haeussler, Melissa Hawk, Darryl Kuebler, Jeremy Koons, Dawn Wenk, Laura Boyer, Susan Davis, Margaret Hurbis and Brad Wilson.

I was able to witness only the dress rehearsal on Thursday night, and from what I saw and have since heard, the play was a success.

Area Student Receives Top Science Honors

A 7th grade Middle School student has achieved top honors in the 29th annual Southeast Michigan Science Fair. Krista Sahakian, daughter of John and Pat Sahakian, earned 1st Place in the 7th and 8th grade model category. In addition to this award, she also captured first place recognition from the University of Michigan Women in Science, and received the Marine Corps Achievement in Science award. Her project applied a Twyman-Green interferometer illuminated by a helium neon laser to prove the wave nature of light. Judges and visitors were impressed with her thorough understanding and ability to explain the principles involved. Krista plans to use the interferometer in future projects to explore related electro-optic phenomena. Her trophies included a \$100 prize, a gold medal, a ribbon and plaque. The U of M recognition will qualify Krista for summer science programs. Area residents are proud of her achievement. This is the first time a Manchester student has been so distinguished in this regional event.

Free Car Wash April 25th

Middle School Boosters have scheduled the second annual Free Car Wash for Saturday, April 25th. Cars, vans, trucks, and fire engines all are welcome to a free hand wash and dry by Middle School students in the Emanuel Church parking lot between 9 a.m. and 5 p.m.

How can it be free? Pledges from Manchester area businesses and individuals have been collected, promising a donation to the Middle School Boosters' fund drive for every vehicle washed. So the wash itself is free! itself is free!

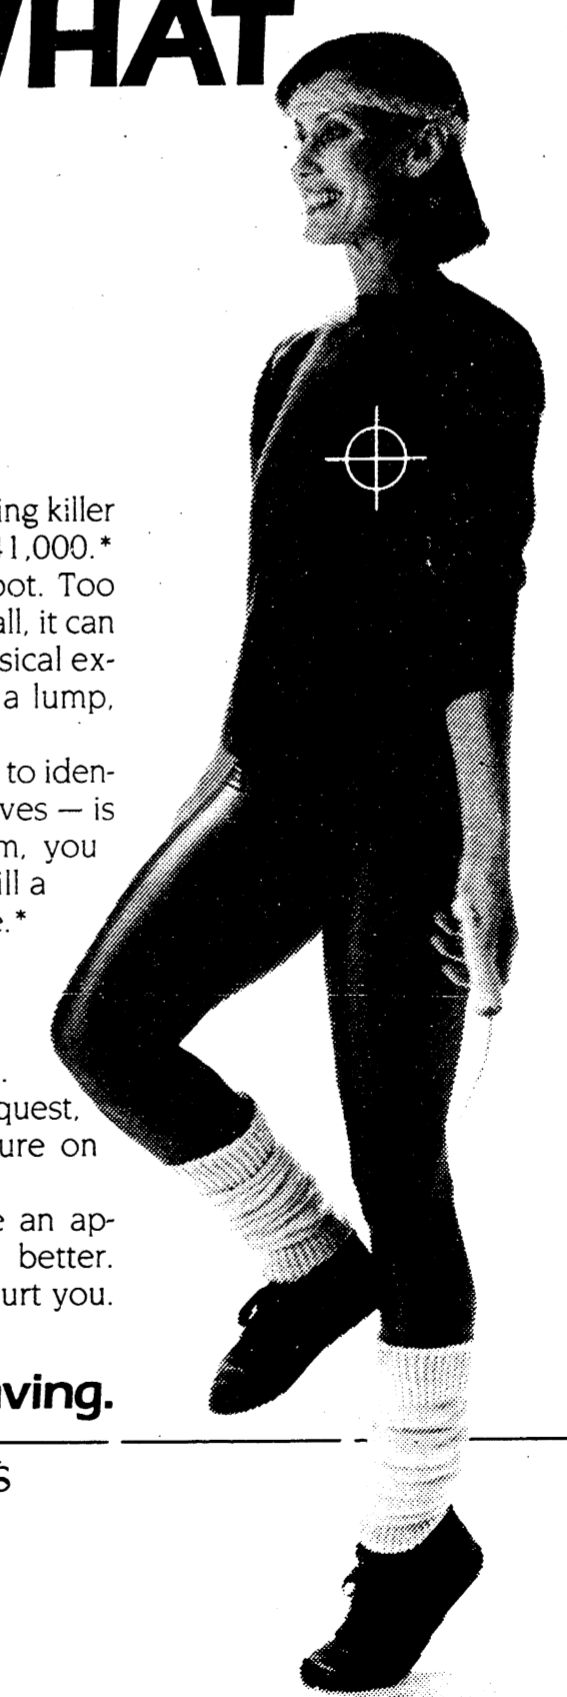

Last year, close to \$3,000 was raised from car wash pledges and donations. Funds were used to provide materials and activities for academic programs, extracurricular activities and athletics which the tight Middle School budget could not provide.

New stage curtains (replacing a set which had literally worn to shreds), a copy machine and some Middle School sports for both girls and boys were made possible by the proceeds of last year's Free Car Wash.

If you would like to pledge a penny a car, or more, to the 1987 Free Car Wash, call the Middle School at 428-7442.

If you'd simply like a free wash-no strings attached, drive around to the Emanuel Church parking lot between 9 a.m. and 5 p.m. on Saturday, April 25. The kids will be delighted to see you!

MAMMOGRAPHY SPOTS WHAT THE EYE CAN'T SEE.

This year, breast cancer will be a leading killer of women. It will claim more than 41,000.* The problem is, it starts as a tiny spot. Too small to see. Too small to feel. So small, it can take years before discovered by physical examination. By then the spot will be a lump, with a cure rate of only 60%.*

Very simply, the most effective way to identify breast cancer early — and save lives — is mammography. With a mammogram, you can detect breast cancer while it's still a small spot, and nearly 100% curable.*

If you're 35 or older, you should ask your doctor about scheduling a mammogram. If you don't have a doctor, we'll be glad to refer one. Just call us (313) 429-1555. At your request, we'll also send you our free brochure on mammography.

Remember, the sooner you make an appointment for a mammogram, the better. Because what you can't see, might hurt you.

The results can be lifesaving.

Here's a tip... a Tax Tip.

Here are some pointers to help get your refund sooner.

- use the peel-off label and pre-addressed return envelope.
- round off dollar amounts.
- use the correct tax table.
- sign and date your return.

TAX-UP
A Public Service of the IRS

Manchester Township Board

Proposed Minutes:
March 25, 1987

Special meeting of the Manchester Township Board was held on the above date. Meeting called to order at 8:00 p.m. with the Pledge of Allegiance. Board members present: Supervisor Fielder, Clerk Lentz, Treasurer Burch and Trustees Widmayer and Macomber. Also present were Twp. Attorney Stanton Roesch and twelve interested persons. Reason for meeting: Meet with officers of the Huron Valley Night Hawks to resolve the number of events for 1987, etc.

Supervisor started the meeting by saying that the Board is concerned with the number of events scheduled for this year and we must negotiate the number down. He would like to cut the number down to seven events.

Attorney Roesch said the original definition dating back to the late 60's were a. sanctioned events b. organized club events and that there were 2-4 sanctioned events per year and the rest were club events.

According to Night Hawks, the definition is still pretty much the same. They stated that the events will not be started before 11:00 a.m. and would be completed by 5:00 p.m. They own 38 acres and most of the races are in the hollows and should be no noise except at Mrs. Murphy's. They need to have some events to help with expenses. They feel they went over court order

properly and tried to abide by the rules. They want to be good neighbors. They feel they are getting blamed for others that are using their property unauthorized. If a person uses the club grounds when gate is locked and does not have a club card, they are trespassing. The Night Hawks will have a meeting April 4, 1987. They will take this information back to the club and call the Supervisor as soon as possible with the outcome and follow it up with a letter within a week of the meeting.

Various citizens complained of the following: A. Number of events. B. Noise - including loud speakers. C. Starting and stopping time. D. More traffic and more acceleration each year. They feel it is ruining their quality of life.

Supervisor reminded the citizens that the Huron Valley Night Hawks ran before the Ordinance was adopted.

Attorney Roesch says the Board has the authorization to restrict the number of events reasonably.

Request was made to notify public of upcoming meetings with the Night Hawks in the Manchester Enterprise. It was noted that notices are posted at the Township Hall.

Lois C. Shaw suggested that the Huron Valley Night Hawks be requested to limit their events to three years, this to be their own club members and that the noise restriction be enforced as per Township Ordinance. She was

supported by George Konopatzki. Moved by Burch, supported by Lentz to be adjourned at 8:48 p.m. Roll Call: Macomber, yea; Widmayer, yea; Burch, yea; Fielder, yea; Lentz, yea. Carried. Meeting adjourned at 8:48 p.m.

Wilma E. Lentz, Clerk

Celebrate Life!

Members and friends of the Manchester United Methodist Church choir are planning a 1987 repeat performance of "Celebrate Life".

The group will be performing on Sunday, April 5th, at 7:30 p.m. at the Westside United Methodist Church in Ann Arbor, on Sunday, April 12th, at 4:00 p.m. at the Manchester United Methodist Church in Manchester and on Sunday, May 3rd, at 7:30 p.m. at the Oakgrove United Methodist Church in Howell.

Christian Film Ministry

Christian Film Ministry Saturday evening April 4, 7:30 p.m. Chelsea Community Hospital in the Woodland Room.

"Twice Given" A true dramatic love story of a couple caught in the struggles of real life with death plague of bacterial meningitis hovering over their life! Filled with sacrificial love and total commitment between man and wife! The victor is LOVE!!

This is a total faith ministry. All love gifts will be an encouragement to this ministry and tax deductible. For further information call 313-428-9343.

Women's Lenten Breakfast

The Annual Women's Lenten Breakfast will be held Wednesday, April 25, 1987, at Emanuel United Church of Christ beginning at 9:30 a.m. Following breakfast, a program will be presented on "Women of the Bible". Reservations should be made to the Emanuel Church office, 428-8359, between 9 a.m. and 3 p.m. Reservation deadline is Monday, April 13. All ladies of the community are invited to attend this annual event.

Lenten Services

The Sharon United Methodist Church has set up the following schedule for Lenten Services and invite any in the community to join in worship at these special services.

Thursday, April 2 - the Lenten service will be held at 8:00 p.m. with Rev. Ron Iris, former pastor, preaching. There will be a potluck dinner at 7:00 p.m. preceding the service.

The choirs of the Manchester area churches will present a special Lenten music program at the Emanuel United Church of Christ on Wednesday, April 8, at 7:30 p.m.

Congratulations Jolly Farmerettes

The parents of the ten girls in the Jolly Farmerettes say congratulations girls and thank you leaders for a job well done.

Washtenaw County 4-H Spring Achievement was held Saturday, March 21, 1987, at Saline High School. Each one of our girls took a blue ribbon on her sewing project. Sarah Feldkamp, Jodi Parr and Jennifer Bailey went on to take top construction honors in the Young Miss, Junior Miss and Senior Miss Divisions, respectively. Sarah Feldkamp also took honors on a cross-stitch pillow she made. In the evening at the Style Revue, Wendy Haeussler, Meghan Hakes, Michelle Mann, and Marie Ball were selected to represent the top five models in each of the divisions. Meghan Hakes was then chosen as top model in the Junior Miss Division. We are very proud of all the hard work these girls displayed in these projects.

The members of the group are Jennifer Bailey, Marie Ball, Melanie Ball, Sarah Feldkamp, Wendy Haeussler, Meghan Hakes, Michelle Mann, Jodi Parr, Sara Samonek and Melissa Steele.

Our leaders are Paula Lantis, Mary Kay Bailey, Elaine Feldkamp, Nancy Haeussler, Denise Kuebler, Mary Lowery and Carol Samonek.

Tornado Procedures Announced

As tornado season approaches, the Manchester Community Schools would like to remind parents and students of the procedures which will be followed in the event of tornado danger.

The United States Weather Bureau has divided tornado signals into two classifications. The first is called a tornado WATCH. This watch is issued where tornados MAY occur during the next several hours. The size of the average tornado watch area is approximately 100 miles wide and 300 miles long. The second signal is defined as a tornado WARNING. This means that a tornado has actually been sighted in the area or that its presence has been detected by radar.

If a tornado WATCH is broadcast BEFORE 1:30 p.m. all children will be sent home. If the tornado WATCH is broadcast AFTER 1:30 p.m. the children will be dismissed at their regular time.

If a tornado WARNING is issued, students will not be dismissed from school. If the tornado WARNING remains in effect at the normal end of the school day, students WILL NOT BE DISMISSED but will remain at their emergency stations. Parents may personally pick up their children during a tornado warning. Parents must check with school offices before removing students from school. Neighbors will not be permitted to pick up other children unless a written statement giving permission to release the students to a

neighbor has been filed in the school office.

In the event of a tornado WATCH, all extra-curricular activities, meetings, and adult-community education classes, scheduled within the time range of the WATCH will be cancelled. If a WATCH is announced during an activity, the activity will be cancelled immediately and students sent home.

If a tornado WARNING is issued during an extra-curricular activity, all students will be taken to the nearest appropriate shelter and retained until the WARNING has ended or released to the care of their parents or legal guardians.

A Look At Drinking and Driving

Sgt. Ron Sherrod, of the Washtenaw County Sheriff's Department, will talk about "Drinking and Driving: A Deadly Mix," at 7 p.m. Tuesday, April 7, in the Education Center at Catherine McAuley Health Center, Ann Arbor.

Sherrod's presentation is part of the free chemical dependency lecture series sponsored each week by the Chemical Dependency Program at CMHC. According to Sherrod, alcohol-related highway deaths are the number one killer of 16 - 24 year olds. In 1985, more than 55 percent of all auto fatalities in Washtenaw County were alcohol related.

Sherrod also will show the very moving film "The Deadliest Weapon in America."

For further information, call 572-4300.

MANCHESTER VILLAGE PLANNING COMMISSION

Regular Meeting
February 10, 1987

CALL TO ORDER

The Regular Meeting of the Manchester Village Planning Commission for February was called to order at 7:35 p.m. by Chairman Kwolek in the ground-floor meeting room of the Village Hall. Commissioners present: Kwolek, Lowery, Daverman, Walton and Kallewaard, and ex-officio Commissioners Marshall and Naimowicz. (Ex-officio Commissioner Hinkley joined the meeting at 7:58 p.m.)

APPROVAL OF AGENDA

The agenda was amended to include two items: Presentation by Howard Parr on behalf of the Manchester Area Historical Society, and amendment to the site plan for East Main Street duplexes, J. C. Hendley, developer. The amended agenda was approved on a motion by Lowery, supported by Daverman, carried unanimously on a voice vote.

REQUESTS FROM PUBLIC TO ADDRESS THE MEETING

There were no new requests to address the meeting.

MINUTES OF PREVIOUS MEETING

Minutes of the January, 1987, Regular Meeting were read aloud by the Secretary, and approved as read on a motion by Walton, supported by Daverman, carried unanimously on a voice vote.

NEW BUSINESS - GLEN PRIMROSE, THE SITE PLAN REVIEW

The applicant presented the site plan and application form for development of commercial property at 101 East Main Street, corner of Clinton. Also present were Richard Fry of Fry and Associates, Ann Arbor, the firm which prepared the site plan.

Commissioner Daverman explained that he had worked on the site plan and therefore would not take part in the general discussion or the vote.

Primrose explained his search for a site on Main Street. He explained features of the site plan, and listed the dimension variances which he was simultaneously requesting from the Zoning Board of Appeals. These variances include:

1. Lot area smaller than required (the existing lot already is nonconforming in this respect).
2. Lot width shorter than required (the existing lot already is nonconforming in this respect).
3. Lot coverage greater than required (from 25% to 34%).
4. Front and east side setbacks shorter than required (the front setback to be even with the front of the existing houses adjoining to the west, and the east side setback to be the same as the existing building on the lot).
5. Transition strip adjoining the residential zoning to the west to be shorter than required for part of the strip (the required 15 feet to be met for the area of new construction, but the existing building to remain where it already sits, cutting into that 15 ft. transition strip).
6. Off-street parking less than required (of 19 spaces required by the proposed plan for development, 14 would be provided on-site and the variance is requested to allow 5 parking spaces along Clinton Street).

Daverman assisted in this part of the presentation by reading from the previously-filed petition to the Zoning Board of Appeals.

It was noted that most of the items petitioned for were the result of the existing nonconforming lot and building, not the result

of new plans. Marshall asked if the site had been surveyed. It had not; existing stakes on the lot had been relied upon in preparing the site plan. Kwolek asked about exits from the proposed second-floor apartments. They would be at the south (back) and the west side. Daverman added that the owner was considering moving the retail entrance to the front (north) side rather than the corner, and such a change might be made before the site plan was presented to Council.

Lowery advised that, after looking over the plan and the actual site, he would advise that provision for stormwater runoff be changed, to run into the existing storm sewer on the west side of the property by the retaining wall. This was agreed to and the spot identified on the site plan by Naimowicz. Lowery also suggested that the proposed shrubs might not be a sufficient barrier at the west side of the parking lot. He proposed that the retaining wall be higher or have a rail at the top. He also requested a copy of a survey map, which was then furnished.

Marshall asked for clarification of where the roof drain would empty to a storm sewer. Naimowicz showed where the roof drains could run to the street. Primrose explained that the sewer line serving the existing building had not been located even after investigation by the Village. He therefore requested that no new sewer work be required as part of the site plan, but agreed that if a problem resulted after construction he would accept that responsibility.

After some further discussion, a motion was made by Lowery, supported by Walton, that the application be accepted as a combined preliminary and final site plan. This motion was carried unanimously on a roll-call vote, with Daverman not voting.

A motion was made by Lowery, supported by Kallewaard, that the Planning Commission recommend Council approval of the site plan, contingent upon the Village engineers verifying that the provisions for stormwater runoff were adequate.

This motion was carried unanimously on a roll-call vote, with Daverman abstaining. The application for site plan

Manchester Planning Commission

approval will be forwarded to Council for the March 2, 1987, meeting, to coincide with the simultaneous petition to the Zoning Board of Appeals for the Variances described above.

NEW BUSINESS - HOWARD PARR, MANCHESTER HISTORICAL SOCIETY

Howard Parr was present to explain the Society's plans to build a gazebo in Wurster Park, as explained earlier in the year to Village Council. He showed a drawing of the proposed structure and asked for clarification of the procedure the Society should follow to gain approval of its plans. After discussion, Commissioners agreed that the regular site plan approval process should be followed, but that the Commission would ask Council to waive the fee. The Chairman recommended that Daverman and Hinkley act as a committee to work with the Historical Society as needed to select a recommended site in the park.

UPDATE ON ITEMS COVERED IN PREVIOUS MINUTES

1. The new ordinance regulating fences was adopted by Council.

2. Budget meetings of the Council have been held. The

meeting old BUSINESS meeting soon.

OTHER OLD BUSINESS
Naimowicz reported that management of the project proposing to build a new post office in the Village had been transferred from the Detroit office to the Chicago regional office, so that new Post Office officials were now involved in the planning.

NEW BUSINESS - A. & J. TRAVEL SERVICE, APPLICATION FOR SIGN PERMIT

The application was reviewed as submitted. It was noted that the proposed sign met the dimension and use regulations of the existing code. A motion to approve the sign was made by Lowery, supported by Daverman, and carried unanimously on a voice vote.

ADJOURNMENT

The meeting was adjourned at 10:10 p.m. on a motion by Walton, supported by Kallewaard, carried unanimously on a voice vote.

Mary Kallewaard, Secretary

Care For Your Heart In The 80's

Saline Community Hospital is pleased to present CARE FOR YOUR HEART IN THE EIGHTIES, a program in its Senior Health Education Series. Among the topics to be discussed in this session is how the development of new drugs, diagnostic techniques, and therapeutic procedures have affected the treatment of common heart and vascular problems. In addition, Saline Community Hospital's cardiac rehabilitation program, Pumper Power, will be explained, including the value of exercise in improving cardiovascular functioning.

M. Ali Khan, M.D., Board Certified in Internal Medicine, will lead the session. Dr. Khan is Medical Director of the Pumper Power program at Saline Community Hospital.

Also taking part in the lecture will be Anne Haven, R.N., B.S., Coordinator of the Pumper Power program.

Questions from the audience will be answered by both Dr. Khan, and Ms. Haven, and blood pressures will be taken free of charge, from 10:30 - 11:00 a.m.

This free lecture will take place Wednesday, April 8, 1987, from 11:00 a.m. - 1:00 p.m. in the Blue Room of Saline Community Hospital.

For further information, or to discuss transportation assistance, please call 313-429-1505.

Sharon Anderson motioned PTO send \$20 to Mr. VanRaden, Terri Scott seconded.

PTO will be checking into having sand trucked in to cover some concrete which is exposed around the playground equipment.

PTO is planning a school rummage sale, tentative date is May 2nd.

Respectfully submitted,
Cathy Moran

Ten Trees - Free

The National Arbor Day Foundation is giving ten free Colorado Blue Spruce trees to everyone who becomes a Foundation member during April, 1987.

The free trees are part of the nonprofit Foundation's effort to encourage tree planting for conservation and beautification throughout America.

"Colorado Blue Spruces were selected for this campaign because of their many uses in the home landscape," John Rosenow, the Foundation's executive director, said. "They lend beauty to their surroundings with their silver blue-green color and compact conical shape. They can be used as individual ornaments, and energy-saving windbreak, a privacy screen, or as living Christmas trees."

The ten free Colorado Blue Spruces will be shipped postpaid in April or May with enclosed planting instructions. The six to twelve inch trees are guaranteed to grow, or they will be replaced free of charge. The Foundation will give the ten free trees to each new member contributing \$10 during April.

To become a member of the Foundation and to receive the free trees, a \$10 membership contribution should be sent to the TEN BLUE SPRUCES, National Arbor Day Foundation, 100 Arbor Avenue, Nebraska City, NE 68410, by April 30, 1987.

PTO Minutes

March 23, 1987

Council members not present were: Ann Gordon, Sherry Barker, Mary Kay Kennedy, Linda Steele, Diane Hughes, Amy Cohn, Ralph Brooks, Kathleen Jefferson, Mary Noshish and Kathy Donnellon.

Minutes and Treasurer's Reports were read and approved.

Sharon Anderson motioned PTO buy a music cart and some bells and some xylophones for Mrs. Miller's music class. Margaret Goodrich seconded.

Pat Sahakian mentioned the school board is hiring a consultant to inspect the cost of the Middle School playground drainage.

NEW BUSINESS
We thank Mike VanRaden from Green Thumb Landscaping, for spending time inspecting Klagers grounds. We greatly appreciate his time and many good suggestions.

Manchester Township Planning Commission Notice Of Public Hearing

The Manchester Township Planning Commission will hold a Public Hearing at 8:00 p.m. on April 27, 1987, at the Manchester Township Hall, 275 South Macomb Street, Manchester, Michigan, on the following Amendment to the Manchester Township Zoning Ordinance to delete Section 16.07 and substitute the following:

"Section 16.07 — All signs and billboards shall conform to the regulations as set forth in this Ordinance and its amendments. Any sign or billboard not conforming shall be deemed a nonconforming use and shall either be made to conform or shall be removed by the owner within thirty (30) days after notice thereof served upon such owner by certified mail by the Township Clerk. If the owner of said sign fails to remove such nonconforming sign or billboard, it shall be deemed a violation and the property owner shall be charged with a violation and subject to the provisions of this Zoning Ordinance."

and to delete Section 16.08 and substituting the following:

"Section 16.08 — APPLICATIONS, FEES, HEARINGS, AND PERMITS

Application for a permit by the owner of property where signs shall be erected shall be made to the Planning Commission by filing the completed application forms furnished by the Planning Commission with the Township Clerk, and submitting the required data, exhibits and information. Such application shall be accompanied by a fee paid by said property owner, except that no fee shall be required of any governmental body or agency. No part of the fee shall be returnable to the applicant. Such application shall contain the applicant's name and address in full; a statement that the applicant is the owner involved; the address of said property involved; an accurate survey drawing of said property showing the existing and proposed location of all buildings and structures thereon; the types thereof and their uses; a statement and supporting data, exhibits, information and evidence regarding the required findings set forth in this Ordinance; and authorization of the Township, its officers and agents to enter upon said property for the purposes of inspection and for removal of said billboard as provided by this Ordinance. Provided no permit shall be required for signs erected under Section 16.02 or subsections A and B of Section 16.03 of this Ordinance.

150 YEARS MICHIGAN

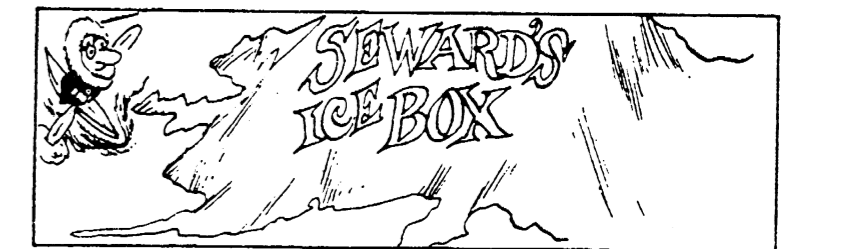

Sesquicentennial Ambassadors

The Krugers are attempting to canoe from the Arctic Ocean to Cape Horn at the southern tip of South America - a distance of 21,000 miles.

"The biggest hazard of the Intracoastal Waterway is all the boats," said Valerie. "They crisscross the Waterway causing wakes". If the wakes on the Waterway or the waves on the Gulf get too high, the Krugers will attach their canoes pontoon style.

Prior to reaching Pensacola, the Krugers had a couple of surprises including at Aberdeen, Mississippi, along the Tennessee Tombigbee barge canal system, they were greeted by city officials. Like Michigan, the city of Aberdeen is celebrating its Sesquicentennial.

The other surprise was at Gulf Shores, Alabama, when "snowbirds" (tourists) from Michigan gathered at dusk, built a bonfire, and greeted the Krugers as they canoed the Intracoastal Waterway.

Seward's Icebox was the derisive name given to the Alaska Territory when the U.S. purchased it from Russia at a cost of less than two cents an acre.

Assembly Honors Students

Champions "English Essay" Left to Right: Kristine Houck, Linda Hansen, Jackie Miller, Mr. Leonard Hastings.

Several students at Manchester High School were honored recently at an all school assembly for their participation in the "Cascades Conference Academic Games." The academic coaches were introduced and they, in turn, introduced members of their team. Each student was presented a T-shirt made up in school colors with the lamp of learning insignia. The assembly was the culmination of many weeks of practice in preparation for the annual academic games. Manchester competed against all ten conference schools in English, English Essay, Social Studies, Business, Sciences and Math.

Social Studies Team Left to Right: Alice Swanberg, Craig Houck, Tracie Robichaud, Jeff Mann, Bryan Pratt, Tony Privatte, Mr. John Korican.

Freestyle Wrestlers Earn Medals

Back Row Left to Right: Brian Gebhardt, Rob White, Mrs. Astrida Panches. Front Row Left to Right: Kris Wagner, Jennifer Barnard, Pat Preston, Lisa Booth.

Cadet Freestyle wrestling, on Friday, March 27th, was held at Jackson Northwest High School. Shane Clouse wrestling at 126 pounds brought home a bronze 3rd place medal. Kids Freestyle Wrestling, on Saturday, March 28th, was also hosted by Jackson Northwest High School. Rob Swett, at 130 pounds, brought home a gold 1st place medal for the 2nd consecutive week. Stacey Clouse, wrestling at 90 pounds, was awarded a silver 2nd place medal.

Math Left to Right: Jackie Miller, Craig Scully, Amy Fielder, Jon Arney, Mr. Jim Fielder, Dan Dezarov, Matt Royle.

Hit Or Miss

English Left to Right: Christine Hawk, Kris Miller, Kris Vedder, Mr. Leonard Hastings, Heidi Huber, Michelle Sannes.

of a multitude who walk in and out of them in the many years to come. If these men had left behind them for their friends and neighbors to remember the common every day records of kindness and consideration that they showed them their names would probably be far more remembered than now. The love of fame may be the "last infidelity of noble minds" but it is surely present in most of us, but we are prone to remember those who were villains not heroes. History remembers for instance says Sir Thomas Browne, the name of the chap who destroyed the Temple of Diana but not the name of the one who built this masterpiece. Nero too is remembered for having murdered his mother, and for the execution of the Christians that ended with the deaths of St. Peter and St. Paul.

Notice Of Public Hearing On Proposed Amendment To Freedom Township Zoning Ordinance
An Ordinance to amend the Freedom Township Zoning Ordinance and Provide for the issuance of Appearance Tickets and Authorize the Ordinance Enforcement Officer to issue and serve Appearance Tickets with respect to all Zoning Violations, Misdemeanors, Pursuant to P.A. 366 of 1984.
The aforesaid hearing will be held at the Freedom Township Hall on Monday, April 13, 1987, at 8 p.m.
A copy of the text change may be seen at the home of the secretary, 6200 Ernst Road, prior to the date of the Hearing.
Freedom Township Planning Commission
Jean Little, Secretary

Getting into record books is a useless fate. That's where Adolph Hitler and Joseph Stalin reside with Abraham Lincoln and Mahatmas Gandhi appear next to Saint Bernard and Bluebeard. It has been said that it is only those that we live among that we affect as a person. If we fail them all of our buildings and inscriptions will not make up for blemishes on our living present.
The Sibertains once paid their taxes with garlic which was probably a good idea.
Fasting among the Christians centuries ago permitted a snack at the ninth hour after the sunrise at a time called "nonces" which usually occurred about 3:00 p.m. but the hungry devout cheated somewhat at midday and it became "noon".
"A cold is both positive and negative. Sometimes the eyes have it and sometimes the nose."
William Lyon Phelps

LIFE - HEALTH
Nagging Backaches
Few ailments can be as aggravating, not to mention painful, as a constant, nagging backache. Backache may result from a fall, a sudden movement, an accident, a cold, or some completely unnoticed happening. Whatever the contributing factor, the direct cause of the ache and pain is easily traced to a pinched or impinged nerve. Once the pressure or "pinch" is removed, the pain departs and that normal healthy glow returns. Home remedies, sedatives and similar treatments may bring temporary relief, but it remains for the Chiropractor to trace -- the cause -- of the persistent pain through scientific procedures. Then with gentle spinal adjustment -- remove the cause and bring quick, longlasting, effective relief. The Chiropractor, through training and experience is thoroughly familiar with the spinal column and the nerves which carry vital nerve energy to all parts of the body. With skillful hands, the Chiropractor aligns the spine, removes the irritating pressures and replaces exasperating pain with glowing health and well being. Another health and life article for the office of:

Cards of Thanks
I would like to thank all of the people who remembered me in their prayers while I was in the hospital and since returning home; also for all the people who sent cards and came to visit me. A special thank you to Father Schlinkert for all his support and masses and to all the relatives and friends who brought food and flowers. To all of you a very special and grateful thank you.
Elwin Benedict
A very belated "thank you" to all those that planned and gave us the wonderful party for our 50th Wedding Anniversary on February 27th. Also the plants, flowers, gifts, cards and phone calls. It will never be forgotten.
Art and Margaret Ekin
We wish to thank neighbors, friends and family who sent flowers, food and cards expressing sympathy during the loss of our mother.
The Family of Lucille Ross

Getting Around to Getting in Shape
Here's news of a new twist on an old way to feel fit: an exercise cycle—with a motor. It may sound like a conflict in terms but an electronically-powered micro-processor monitored fitness machine can guide you through a programmed full-body workout. The more effort you exert against the resistance of the motor, the greater the aerobic conditioning you can achieve.
The computerized link between you and the Exercycle is the Personal Exercise Planner (PEP). It lets you build an exercise program tailored to your goals by selecting the length of your total workout, the exertion periods and the level of effort. It fluidly choreographs your arms and legs to the movements of six sophisticated exercises: rowing, swimming, chin-ups, sit-ups, stretching and cycling.
According to the American Heart Association, regular exercise may reduce your chance of suffering a heart attack. Fifteen to 30 minute workouts at least three times a week are recommended by
A different kind of exercise bicycle can be a way to gain total fitness.
that group to help you achieve cardiovascular fitness, muscle toning and weight loss.
Before embarking on any new fitness routine, consult your doctor to establish your limits. The ideal workout encourages you to exercise in your "target zone" for at least 20 minutes. That is, your exertion is between 70 and 85 percent of maximum heartbeat capacity, which will achieve cardiovascular fitness while staying within the limit of safety.

Money Management

MACPA Gives Tax Tips For Small Businesses

(Prepared by the Michigan Association of Certified Public Accountants).

Tax reform is affecting everyone, from the individual taxpayer to large and small businesses alike. There are many items in the new law that became effective January 1, 1987, and many small businesses will have to adjust to them, even if that date is not the beginning of their new tax year, according to the Michigan Association of CPAs.

It is hard to accurately predict what the overall effect of tax reform will be on small businesses, but now is the time to anticipate these affects and plan for the future.

One advantage of tax reform for the small business will be the overall drop in tax rates. Under the old law, corporate tax rates hovered as high as 46 percent. Under the new tax law, this top rate has dropped to 34 percent. Also, individual rates are now lower than corporate rates which may encourage many small business owners to make some decisions about their corporate structure.

Since the individual rates are lower than corporate rates, many small businesses will find that it will be advantageous to switch to an S-corporation structure where the income of the business is taxed to the individual owners.

S-corporations offer the same legal advantages of corporations, but usually, they do not pay taxes. The shareholders pay

taxes at their individual rates on their share of the company income.

Filing for S-corporation status is relatively simple. It requires filing Form 2553 with the IRS. However, there are several restrictions which could prohibit some corporations from making the switch. S-corporations are allowed only 35 shareholders and all must be U.S. citizens or residents. Also, corporate shareholders are not allowed and neither are company-owned incorporated subsidiaries. They can also offer only one class of stock and they cannot file for change of status after the fifteenth day of the third month of their new fiscal year.

Many states do not recognize the special status of S-corporations and tax them at the higher corporate rates. And now, under the Tax Reform Act of 1986, all S-corporations, as well as partnerships, have to adhere to a calendar year unless they can prove that they have a "substantial" business purpose for having a different taxable year.

Another change in the tax law that will be important to small business is the change in the election to expense business property. The new law also repeals the investment tax credit for property placed in service after December 31, 1985, except for property covered by transition rules. In addition, the tax law modifies the Accelerated Cost Recovery System by providing more accelerated depreciation for revised classes of assets. The

new expensing limit allows business owners to deduct up to \$10,000 of personal property placed in service during the year. For every dollar of qualifying investment in excess of \$200,000, however, the \$10,000 limit is reduced by one dollar.

As mentioned earlier, one of the biggest changes in the tax law for small businesses is the drop in corporate tax rates. But, figuring the actual tax liability for the first year may be a bit confusing. The new, lower tax rates become effective July 1, 1987. For businesses that have a fiscal year-end after this date, blended rates will apply. To figure the actual tax dollars they owe, these businesses will have to figure their taxes twice, once under the old rates and once under the new ones. Then, they will have to figure the number of days they operated under each set of rates, divide it by 365 (number of days in a year) and multiply that number by the rate. It isn't simple, but required. However, it is likely to save small businesses some money.

Retirement plans may also have to be revamped to reflect new, more liberal minimum coverage and participation standards for qualified plans. These rules are generally effective for plan years beginning after December 31, 1988, and are likely to cost small businesses more money.

A possible alternative is a 401 (k) deferred compensation plan. The IRS is required by the new law to establish a prototype plan by May 1, 1987, for businesses to adopt. This will allow the employee to contribute as much as \$7,000 annually to the plan while still allowing the employer to contribute in excess of this amount.

These are only a few of the changes in the Tax Reform Act of 1986 that small business owners need to be aware of to effectively plan for the future. They will also have to reevaluate their book-keeping and accounting procedures and revamp their travel and entertainment budgets. Every small business should have a good professional support group to help it operate efficiently. Now is the time for small business owners to talk to these professionals and to make some important financial decisions for the future.

Michigan's History

On March 3, 1875, only three years after Yellowstone National Park became the country's first national park, Congress established Mackinac Island National Park, making it the nation's second. Twenty years later, when the federal government turned the fort and park over to Michigan, the island became Michigan's first state park. Today many visitors can relive Michigan's stirring past, which has been recaptured in the island's many restored buildings. Fort Mackinac, originally built by the British in 1779, represents a history of the conflicts and struggles between the British, the French, and the colonial Americans. The American Fur Company trading post was an important headquarters for the business that created the John Jacob Astor fortune. Other buildings are historically interesting: The Beaumont House, City Hall, Biddle House, Mission Church, and the Geary House. The Grand Hotel on Mackinac Island, the largest summer hotel in the world, celebrates its centennial this year. No auto-

mobiles are permitted on Mackinac Island, and travel to this dreamland from the past is by ferry. For ferry rates and admission prices to historic sites, contact the Michigan Travel Bureau at 1-800-5432/YES, or 1-800-722-8191 (TDD).

Scoliosis Association

The Lenawee-Monroe Unit of the Scoliosis Association of Michigan will hold its next meeting, Thursday, April 9, at the Milton C. Porter Center, Adrian, at 7:30 p.m. Marilyn Pinheiro Ph. D. will give a brief overview of recent scoliosis research. The meeting is open to all interested persons.

The Lenawee-Monroe Unit is a support group which provides an opportunity for scoliosis patients, and their families and friends to discuss scoliosis (the sideways curve of the spine). The group also promotes public awareness and school screenings. For more information please call Dorothy Heinlen at 313-529-3038 or Renata Snyder at 517-423-3164.

120TH YEAR VOLUME NUMBER 25

USPS NO. 327-460

THURSDAY, APRIL 9, 1987

Brooklyn

Manchester Enterprise
April 15, 1987

Last Saturday we paid a flying visit to the village of Brooklyn, and found it one of the most lively, enterprising and thrifty towns in the state. Its locality is actually picturesque and lovely. It is situated on the Raisin River which furnishes a splendid water power, and adds much to the beauty of the village. The village has quite a number of business houses of different branches and all seem to be doing a good trade.

There are four churches in the place, and also a new school house which has just been completed at a cost of about fifteen thousand dollars. The building stands in a beautiful and commanding site. The people are a little feverish on the railroad question, and are rejoicing in the hope, whether forlorn or not I can't say, but hope not, of securing the route of the Ypsilanti & Hillsdale road via Manchester and Brooklyn. The town, with the help of the railroad would almost, if not quite, double itself in two years. For agriculture, horticulture and manufacturing, this place could not be surpassed by any in the

state. The land in the vicinity of Brooklyn is rolling, neither too flat, nor too broken, and is of the richest, most alluvial and productive soil. The price and terms for farm lands are reasonable and accommodating. The prospects for a large yield of wheat were never more flattering in the history of the country.

The country about Brooklyn is thickly settled, and the land is owned by wealthy and generous farmers who have worked hard and long to make it what it is. We notice on our way that several farmers are preparing to build, either barns or dwelling houses, and among them is Edmond Dorr, who is now getting out the timber for a new house.

We are always pleased to see improvements going on in the rural districts, but we cannot see why the farmers do not take more interest in the railroad matter. Should the proposed route via Brooklyn be secured, the farmers in that vicinity will surely reap a large benefit there from, and should therefore take hold of this matter and help to build up their villages into cities of distinguished note.

Health-O-Rama April 11th

Chelsea Community Hospital in cooperation with Channel 7, Blue Cross/Blue Shield of Michigan, and United Health Organization will once again offer Project Health O Rama. On Saturday, April 11, 1987, between 9 a.m. and 1 p.m. free health screenings will be offered at Chelsea Community Hospital. Health screenings will be offered by a variety of health professionals from the Hospital and within the hospital service area. Screenings include height/weight, vision, glaucoma, blood pressure, hearing, oral/dental screening, pulmonary function testing, colorectal screening kit (\$3.00 fee), women's health education and blood work (\$8.00 fee) to screen for protein, cholesterol, diabetes, gout, kidney disease, liver disease and anemia. Health services are valued at over \$140.00.

Health screening is not meant to replace a physical examination by a health care provider. Screenings are available to anyone 18 years or older. No advance registration is required. For further information call 475-1311, extension 401.

Named New Medical Director

Chelsea Community Hospital is proud to announce that Virginia Johnson, M.D. is the new medical director for the Women's Health Center. A specialist in family practice, Dr. Johnson hopes to expand the Center's services to include primary care for all women's health needs. Virginia Johnson is a graduate of the Michigan State University College of Human Medicine and completed her family practice residency at St. John's Hospital in Detroit. She has been in private practice in Manchester and Clinton for the past seven years.

On April 1, 1987, Dr. Johnson began her duties as medical director for the Women's Health Center on a part-time basis. She will continue in Manchester as well, part-time.

Hit or Miss

by farley

The other day we were informed by a supposedly reliable publication that a new millionaire was created in these United States every 29 minutes. We thought about this for a few minutes and then sat down in front of the TV to await developments. We couldn't see why we couldn't be the next one if we so desired but time marched on and upon checking our watch we found that 39 minutes had passed since we started to time our waiting for developments but nothing happened. We thought that perhaps something might have happened so we waited another ten minutes but still nothing occurred. I appealed to my wife for help but she said that I had no appreciation of the mathematical problems or statistics or probabilities involved. That was a terrible thing to say about me.

Then she started to laugh and I asked what she was laughing at. She replied that she was laughing at a creulous chap sitting there waiting for something to happen while it will not be time for Dr. Ruth for another forty minutes. (By the way we also read that the TV station at Colorado Springs, CO had signed up to show Dr. Ruth at 9:00 a.m. was not popular. That was just not the time for the good Dr. They would have to cancel or change the broadcast time).

Then as she turned to leave the room she remarked "Did you ever stop to think of the odds preyden for someone who has never bought a ticket?" And so I reluctantly gave up the whole idea as 47 minutes had already passed since I started to keep time. I guess the professor who started the whole thing must have been wrong—dead wrong!

Did you note what a heck of a time George Washington has in getting his birthday time set? George was actually born on

February 11, it is said, then they changed the calendar to the Gregorian reckoning in 1752 and this made his birthday come on February 22. This seemed to be well established. Then the U.S. Government established President's Day also to be known as Washington-Lincoln Day and so now George's birthday falls on any date between February 15 and February 22.

Another interesting news note that you may have missed is the one about the mother from Moody, Alabama where the mother has been charged with a felony when she hit a principal with the same paddle that he had used to spank her son. The sheriff said the women was charged with second-class assault after the assistant principal was hit with the same paddle that was used to punish her son, a second grader. It was said that the boy came home and told his mother that the principal had paddled him. His mother went to school and asked to see the paddle. She took the paddle and went home with it. The next day she returned to the school and hit the principal twice on the head with it. Mother will be arraigned in court shortly.

The U.S. Military in 1940 wanted a candy that wouldn't melt in the hand no matter what the climate was and so Forrest Mars and Bruce Marries created one, and called it by the initials of their last names.

Historical notes indicate that the Iroquois Indian men were committed by their own law to plan or stop any war if their women so insisted, and yet they called them uncivilized.

A wild turkey prefers to walk but it can really fly and it can do something other birds can't. It can take off vertically.

Spiders are not insects. Insects have six legs. Spiders have eight.

Among the South Pacific Islanders known as Micronesians one working person is expected to support the whole family and a check up showed that there were an average of nine members to a family.

Vehicle licenses are nothing new. Chris Columbus had to pay such a tax in 1604 to get a license to ride a mule.

Few things are more precious or rare than getting a bill that is less than the estimate.

In spite of constant change civilization maintains a balance of sorts. While there are fewer horse thieves there are more politicians.

K Of C Hold 12th Annual Drive

The 12th Annual Knights of Columbus Drive to help the mentally retarded will be held this weekend, April 10th, 11th, and 12th. The Knights and their helpers will be dressed in colorful hats, carrying canisters and wearing bright yellow aprons emblazoned with "K of C Help the Mentally Retarded."

In 1986 Manchester's Knights of Columbus Council gave \$1180 to the Saint Louis School in Chelsea, and \$1,000 to the Milton Porter School in Tecumseh. This year's Program Chairman is Robert Panches.

Emanuel Choir To Sing Easter Choral Concerto

On Palm Sunday, April 12, at the 10:30 a.m. Service of Worship and Rite of Confirmation, the Adult Choir of Emanuel United Church of Christ in Manchester, will perform Johann Pachelbel's Easter choral concerto, "Christ lag in Todesbanden" ("Christ Lay in Grim Death's Prison"). They will be accompanied by a string ensemble from the University of Michigan, and harpsichordist, Avis Spike. Soloists include Marie Garlick, Sheryl Adrion and Alice Swanson. The work will be conducted by Dr. Marijim Thoene, organist/choir director.

The Easter choral concerto, "Christ Lay in Grim Death's Prison," by Pachelbel is based on Martin Luther's hymn by the same title. The hymn has seven verses and describes the dramatic battle between the forces of life and death. The hymn tune can be heard in the three choral verses in long note values while the rest of the choral parts are heard in faster note values.

In performing Pachelbel's choral concerto, Emanuel's choir will be expressing the profound faith in Christ's resurrection in a melody much older than Luther's. Martin Luther was notorious in "borrowing" other tunes and altering them to suit himself. His hymn "Christ Lay in Grim Death's Prison" has its origins in the Middle Ages. It was entitled "Victimae Paschali" ("To the

Paschal Victim") and was sung as the Easter sequence in the Roman rite in 1050. The text of "Victimae Paschali" describes the triumph of Christ over death. The people were so moved at hearing "Victimae Paschali" that they created a "folk hymn" to be sung in their own language to be sung after the Latin "Victimae," "Christ ist erstanden" ("Christ has Arisen"). Luther borrowed the two Easter melodies and merged them into his "Christ Lay in Death's Strong Grasp."

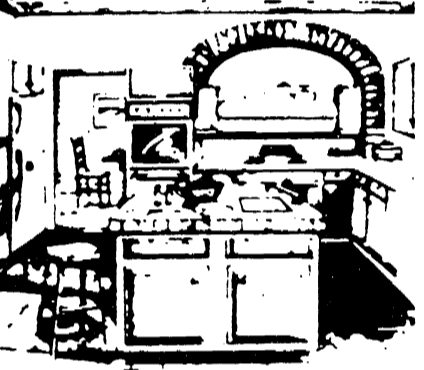

In medieval times it was common practice for a unique liturgical drama to take place on Good Friday and Easter Sunday. On Good Friday the priests and church people would process to an isolated field and the priests would bury the host (representing Christ's body). On Easter Sunday a procession would return to the field, retrieve the host and march to the cathedral. They would knock at three doors of the cathedral, the first two doors would remain locked. When they knocked at the third door it opened and the people were admitted (symbolic of Christ's arising from the grave after three days). In the service, the sequence "Victimae Paschali" was sung by the choir when the host was raised by the priest. The people responded by singing "Christ ist Erstanden" ("Christ is Arisen").
