

Sponsors Sought

Riders for the Saturday, May 16, St. Jude Children's Research Hospital Wheels For Life Bike-A-Thon are asking Manchester citizens to pledge a contribution for each mile they ride.

"Every mile our bikers go earns money bringing us closer to a cure for cancer. The life-saving study of childhood cancer at St. Jude has become critical to children all over the world" said Bike-A-Thon chairman Rita Burkhardt.

The ride starts at the Manchester Fire Hall at 9:00 a.m.; registration at 8:45 a.m. "If you haven't been asked to sponsor a rider, but are interested, please call 428-8083 and a rider will contact you." Rita said.

Each rider gets a lap card at registration, every time riders pass the checkpoint, we initial the card. At the end of the ride, we check and sign it to show that the rider earned what the sponsor pledged. Riders return to sponsors to collect the pledge.

Riders can still get sponsor-registration forms at the schools. Even if you can ride only one hour, please come, its fun, there will be refreshments and you'll be helping St. Jude's children.

Hospital To Hold Gala Spring Auction

Chelsea Community Hospital will hold a Benefit Auction on Saturday, May 2, 1987. The Spring Celebration auction gala will be held to raise funds for the furnishing of the new Intensive Care/CT Scanner Waiting Room for patients and families.

The theme of the auction is sports, leisure and travel. Many area businesses and individuals have made donations for auction items. The over 100 items will include travel packages, sporting goods, appliances, tickets to popular sporting events and gift certificates to fine area

Morel Mushroom Hunting Time

Mother Nature should give morel hunters a springtime gift—an excellent crop of delectable mushrooms that could draw 600,000 persons to Michigan's forests and fields in May and June, reports AAA Michigan.

Michigan's mild winter and early spring showers have provided hunters with nearly ideal conditions. Traditionally, black morels appear first in early May, followed by the whites and then the giant species in early June.

Their brief season makes them treasured by hunters from across the nation who flock to primarily the northern third of Lower Michigan to gather the delicacy.

Morels are identified by deeply pitted caps attached to the stem. Black morels have deep dark-cream to brownish-black pitted caps. White morel tops vary from light cream to yellowish-brown.

There are "false" morels which have pitted caps, but they are restaurants.

In addition, a variety of art and antiques will be offered. Donations by Benjamin Bower, Mary Sue Compton, Peter Severn and Nanette Kennedy of Jackson will be included.

The auction is to be conducted by the firm of Braun and Helmer. "Lloyd Braun and Jerry Helmer conducted our first auction. They provide fun and entertainment along with excitement. Their talent and charisma will help to make this gala event a success" said Patti Harris, Chairman of the Spring Celebration.

If you would like more information about the Auction, call Chelsea Community Hospital at 475-1311, Ext. 319 or 390.

attached to the top of the stem, much like a shade on a lamp, and should not be eaten.

The morel's taste has been described as delicate, chewy, nut-like and reminiscent of a fine sirloin steak. Low in calories and cholesterol, morels are ideal for those watching their weight.

Morel hunters can find success in a variety of locations, including fields; woods; near old, young and dead trees; in desolate areas; in backyards and in both sunshine and shade. Some hunters have secret places they refuse to divulge.

Commercial morel hunters often compete with the hobbyist for choice sites. Dried morels can sell for about \$200 a pound and a fresh pound goes for around \$20.

Morels are so popular that legislation (HB-4768) has been introduced to name it Michigan's state mushroom.

Morels are the stars of festivals in Harrison (May 1-3), Mesick (May 3-9), Lewiston (May 9), Boyne City (May 9-10) and Grayling (May 9-10 and 16-17). Parades, cooking demonstrations, contest, craft fairs, and morel hunting are highlights.

Because morels are often confused with other mushrooms and many species are toxic to humans, AAA Michigan advises that the inexperienced and children be accompanied by expert hunters.

Hunters should only pick unblemished mushrooms and not pull the mushroom from the ground. Instead, pinch or cut the base of the stem so as not to disturb the mycelium, the underground network from which more mushrooms spring.

Harvested morels should be kept in a paper or net bag, or basket. Plastic bags retard the flow of air and cause morels to decompose quickly.

Do not eat any wild mushrooms raw, including morels, as many species are indigestible and can cause gastric discomfort.

Morels Spring Up in Michigan

A mild winter and early spring rains have created ideal conditions for morel mushrooms with peak hunting times from early May to early June. Morels appear first in Southern Michigan and then spread north. Black morels usually emerge first, followed by the whites. Although morels may be found almost anywhere, results are generally best near hardwood trees, apple orchards and along roadsides. AAA Michigan recommends that first-time hunters go with an experienced guide since some mushrooms are toxic to humans. Only unblemished specimens should be selected for eating. Harvested morels should be stored in paper or net bags or baskets. Plastic bags retard the air flow and cause the morels to spoil quickly. Five Michigan cities with mushroom festivals are listed above.

Hit or Miss

by Farley

"This world would be a rather dull place if we didn't have the heritage that pigs have left on civilization", claims David Gerber, a swine specialist at Ohio State University.

History has treated the porkers like dirt he says, and adds that most of God's creatures have been given credit for adding to civilization's benefits. They must have had a better press agent because the hogs are subjected to the great amount of ridicule they have been given, have been accused of having dirty noses and of being fat and lazy.

When he has a chance a hog will only hang out in a dirty wallow only to cool off. Pigs do have an odor all their own but it is due to their environment and because they don't sweat, defends Stan Ernst, an extension news specialist at Ohio State University.

That they lack intelligence too is not so, they are in the same category as the mule claims to be not stupid, at least the four legged kind. That might not sound like much but hogs unlike the more glamorous horse will not eat or drink more than they need so the phrase "eating like a hog" or the modern version "pigging out" is hogwash says Mr. Ernst. He ought to know. He was raised on an Ohio hog farm. He reminisces that hogs have been known for many years as "mortgage lifters". "Back in the days when a farmer had no way to ship corn to market he would feed it to the hogs and then drive them to market. He claims the hogs are still "mortgage lifters" and during the present recession in agriculture. He says hogs are still in the black, paying some bills.

Figs have a long history and drawings of boards on the walls of the prehistoric caves attest to that. Wall Street still might be Main Street if it weren't for the caves. The nation's financial center gets its name from a wall built to keep out roving swine herds says history.

Even Uncle Sam owes his existence to the pig, says a history written by William Hedgepiece. It seems that Uncle Sam was Sam Wilson, a New York Pork producer who shipped barrels of salted pork to American troops during the War of 1812 and this pork was stamped U.S. which became Uncle Sam. Newspaper cartoonists added the character and Uncle Sam came to represent the Federal Government.

Cincinnati, called the "Queen City" of the west was called "Porkopolis" and was a meat packing metropolis until the packing houses moved westward to Chicago.

According to reports every part of a pig is used by man except the squeal. Besides hams and pickled pig's feet the pig provides insulin for the control of diabetes and ardenal cortizone extract for the treatment of Addison's disease and epineprine to treat bronchial asthma and whooping cough.

Hog's hide is used to cover severe burns and is a major source of quality gelatin used in ice cream and other desserts. Heart valves from pigs have been transplanted to human hearts and certain enzymes from the hog's stomach are used in chewing gum. National Pig Day was observed a month or so ago but the pigs still need a press agent for it was not observed with any great amount to hoopla nor respect.

First Lady Awards Program Started

Michigan's unsung heroines, those women whose outstanding contributions to the community have gone unrecognized, will be honored as part of the Sesquicentennial celebration. First Lady Paula Blanchard and the Michigan Women's Commission with the Sesquicentennial Commission are sponsoring the Michigan 150 First Lady Award program.

Citizens in every Michigan county will have the opportunity to nominate and honor unsung heroines in their local area. In addition, each county will have the opportunity to select a specified number of local nominees to be considered by a state selection committee. This committee will select 150 women from throughout Michigan to receive a Michigan 150 First Lady Award.

Nominations for the award may be submitted by individuals or groups. Forms for this purpose are available from Alice Swainson, 10301 Hogan Rd., Manchester, MI 48158, 428-8009 and Nancy T. McKinney, 1104 West Madison, Ann Arbor, MI 48106, 665-5171, your local Sesquicentennial contact person. Nominations must be submitted to them by June 11 or must be postmarked no later than June 10.

This Year's Fair Entertainment Promising

Entertainment for the 1987 Manchester Community Fair sounds quite promising for everyone. Tuesday night August 25th, starts it off with the parade, which is always a hit far and wide. Our parade chairmans, Jim Mann and Jim Jenter have always done a great job and we plan on another good effort for them.

The crowning of the 1987 Fair Queen will take place right after the parade. In the Entertainment tent, at 8:30 p.m. and 9:30 p.m., there will be Belly Dancers, they will put on two shows to the delight of the audience. Wednesday, August 26th, and Thursday, August 27th, brings the return of Tracey Lynne and the Mountain Express. Tracey is wonderful to watch and listen to. She entertains you with her ever present smile and snappy songs. Friday night, August 28th, brings a group all the way from West Virginia. "The Short Crick Flatpickers". If bluegrass music stirs your blood you'll enjoy this group.

Saturday night, August 29th, completes the week with one of our all time favorites, The "L" Three Dulcimers. This group has performed for us before and has been a big hit. To top things off Saturday night some lucky person will win the 50-50 drawing with the proceeds going into the land fund.

ZBA Requests Volunteers

The Village of Manchester is requesting volunteers to serve on the Zoning Board of Appeals. This appointment is predicated on a commitment to serve the community.

In order that the objectives of the ordinance be more fully understood, equitably applied and that there be provided a means for a competent interpretation we ask for volunteers to this board. The intent is to add flexibility to the ordinance, insure the safety of the public and that justice be done. The Board hears appeals regarding the rulings of the zoning administration concerning the enforcement of the provisions of the ordinance. Interested parties are requested to inform the Village Clerk by 4:00 on May 4, 1987.

 Rip Van Winkle slept for 20 years but that was before his neighbors had radios.

 One of our neighbors suggests that the zipper on a woman's pocketbook be placed on the bottom because that is the place where everything she wants is always to be found.

Park Improvement Would Be Timely

Trees, Shrubs And Flowers Might Be Growing Toward Future Beauty Of Place

Manchester Enterprise March 29, 1928

Contemplating the beginning of concreting M-11 between Saline and Napoleon and the paving through this village and the building by the state highway commission of a fine wide cement bridge across the Raisin River in the village, the Common Council has voted to install a boulevard lighting system through the village in order that Manchester may assume as attractive an appearance as the surrounding cities.

So far as business blocks and residences are concerned she has long been regarded as one of the most progressive appearing villages in the state.

In the center of the village,

Scholarship Awarded

Mark A. Ball, son of Leon and Eileen Ball of Manchester, recently was selected as a recipient of the State of Michigan's 1986-87 Congressional Teacher Scholarship Award.

Ball was one of four Eastern Michigan University students to receive the \$5,000 scholarship. The award is given to students who graduate in the top 10 percent of their high school class and who plan to teach mathematics, science, computer science or a foreign language at a Michigan pre-school, or elementary or secondary school. Ball, 21, is an EMU junior with a major in mathematics education. As a freshman, he was a recipient of EMU's Recognition of Excellence Award. He is a 1984 Manchester High School graduate.

near the public park, the Methodist, Catholic and Emanuel's Evangelical churches and the new Emanuel's church house, all fine-looking structures, denote the religious tendency of our citizens.

The N.Y.C. Railroad station, a fine brick building with well-kept grounds attracts the attention of many strangers driving through the village.

A little farther west on M-11 was located the home of one of the first settlers in the village, the late William S. Carr, and in later years it was the home of his son, Cornelius C. Carr, who in his lifetime decided the property should belong to the village and be known as Cornelius Carr Park, after his widow shall have passed away. It was really a most generous gift and the Common Council accepted it and our citizens are thankful for it.

Some have expressed the wish since we have been promised a paved road past the property and through the village, that preliminary work could now be done towards laying out at least plans for a suitable park. Trees and shrubbery and perhaps a driveway with a large flower bed in front and on the east side of the property would help to make the drive through the village more attractive.

The Enterprise knows that for many years past it was Mr. Carr's habit to contribute money to every movement for a public gathering here, such as Homecoming day, 4th of July, Decoration Day and others, which showed his public spirit, and this was always done without solicitation. And the giving of his homestead property for a park and playground for the village in coming years is another evidence of his love for his native village. If some work of improvement could be commenced while yet men and women who knew and respected him are still living, they would be pleased.

Mr. Carr's widow, who occupies the home, is a daughter of the late John Sanborn, another of our early pioneers, and we learn that she fully coincided with the act of her beloved husband.

Kindergarten Round-Up

Manchester Community Schools will be holding Kindergarten Round Up on May 8th at Nellie Ackerson School. Any parent of a child who will be five on or before December 1, 1987, is advised to contact Klager School at 428-8321 to receive Kindergarten Round Up information.

Area Obituaries

Skodak, Frank Carl
6600 Portage Lake
Munith, MI

Age 70, died suddenly on Saturday, April 18, at his home. He was born January 12, 1917, in Milan, the son of Michael and Frances (Motika) Skodak. He married Agnes Major in Ann Arbor on May 25, 1944. She preceded him in death on February 26, 1963.

Mr. Skodak served in the United States Navy during World War II. He had 30 years of service at the Chelsea Spring and Rockwell International at the time of his retirement in 1976. He was a long time resident of the North Lake area and was a former member of the Inverness Country Club.

He is survived by one daughter, Mrs. David (Marilyn) Novoss of Manchester; four sons, Gary of Chelsea, Michael of Tennessee, Daniel of Pontiac, and Anthony of Munith; one brother, Joseph of Ann Arbor; seven grandchildren; and several nieces and nephews. He was preceded in death by two sisters, Mary DeMichael, and Sophie Smiley; and one brother, Anthony Skodak.

Funeral services were held Wednesday, April 22, 1987, at the Cole-Burghardt Funeral Chapel with the Rev. James Simmons officiating. Burial was at the North Lake Cemetery.

Memorial may be made to the Leukemia Foundation.

Merz, Ronald E.
1165 Rowena
Grass Lake, MI

Age 70, died suddenly Saturday, April 25, 1987. He was born September 25, 1916, in Bridgewater Township the son of Louis and Lena Bethke Merz. He had been an employee of the Double A Products Co. retiring in 1978.

Mr. Merz was a member of Emanuel United Church of Christ. He is survived by two sons, Richard of Jackson, Robert of Manchester; four grandchildren; one brother, Irvin Mertz of Manchester; one sister, Mrs. Geraldine Barnett of Manchester. He was preceded in death by a son James in 1962.

Funeral services were held Tuesday, April 28, 1987, at the Jenter Funeral Home. Rev. Robert Macfarlane officiated with burial following in Oak Grove Cemetery.

A toastmaster is a man who eats a meal he doesn't want so he can get up and tell some stories he doesn't remember to people who have already heard them.

Research has found that the hibernating ground squirrel, if you care, wakes up every two weeks to go to the bathroom and get a bite to eat and check the mail and then goes back to sleep for another two weeks.

Shakespeare Reading Club

The club members met at the home of Mrs. Lowell Parr on April 21, 1987. The speaker, Bonita Daisher, gave a review of the book "Enthusiasm makes the Difference" written by Norman Vincent Peale. She discussed how the Enthusiasm of Colonel Harland Sanders, Dr. Robert Schuler, Henry Ford, the Wright brothers, S.S. Kresge and Calvin Coolidge helped them make their lives more successful.

Our next meeting will be held on Tuesday, May 5, at the home of Mrs. Henry van der Schalie at 2:00 p.m. Her topic will be "weeds - friend or foe".

Birth Announcement

Bruce and Stephanie Carlton are pleased to announce the birth of a son, Matthew Ames Carlton, born April 14, 1987, weight-8 pounds and 7 ounces, length-20 1/2 inches. Matthew has one brother, Benjamin, age 2 1/2.

Paternal grandparents are Tom and Patty Carlton of Clinton. Maternal grandparents are Bill and Linda Ames of Manchester.

Rogers Corners Farm Bureau

Rogers Corners Farm Bureau meeting will be held Friday, May 1, 1987, at 8:00 p.m. at the home of Luke and Barbara Schaible.

American Legion Auxiliary

American Legion Auxiliary will meet at the Legion home, May 13, 1987, at 7:30 p.m.

Manchester Athletic Boosters

The Manchester Athletic Boosters will hold their monthly meeting on Wednesday, May 6th, at 8:00 p.m. in the High School Library. All are welcome!

School Hot Lunch Menu

Monday, May 4 - Chicken Patty on Bun, Onion Rings, Dill Pickles, Fruit Cocktail and Milk.

Tuesday, May 5 - Home-made Italian Spaghetti with Cheese, Broccoli Sticks, Crushed Pineapple and Milk.

Wednesday, May 6 - Chicken Nuggets, Hash Brown Patty, Vegetable Sticks, Crushed Pineapple and Milk.

Thursday, May 7 - Hot Turkey Sandwich with Gravy, Mixed Vegetables, Chocolate Pudding and Milk.

Friday, May 8 - Fruit Punch, Taco's with Sauce, Lettuce, Tomato and Cheese, Buttered Corn, Fresh Fruit and Milk.

Originally, facial tissues were to be used as filters for gas masks during WWI.

Recreation Task Force

The REC/RAP held at the KofC Hall, April 23rd, was attended by 85 Manchester Area young people.

A complete futuring session was led by Barb Fuller, and the group identified their Prouds (Strengths), Sorries (weaknesses), and Future Images for the area. Some of the Prouds were: the Cement Plant, Athletic Field, Small Town, Chicken Broil, Fair, the Street Fair, 4th of July Party, Frank's Pizzeria and the Dairy Queen. Sorries: included "no place to hang out", "no place to socialize", poor work-out equipment and gym equipment, and the dirty river.

The young people targeted three projects as their most preferred future images by signing up to participate in the planning and implementation of those ideas: 1) Dance Hall. 2) Skateboard Park including 1/4 and 1/2 Pipe. 3) Recreation Center with a swimming pool and work out area, emphasizing a desire for weight lifting facilities.

The Recreation Task Force held the REC/RAP to get a true

perspective and ideas of what the area youth really need and want rather than try to second guess what might be desirable.

At the May 7th meeting the Recreation Task Force will draw up a plan to work with interested young people in making these ideas become realities.

Special thanks to Knights of Columbus for use of their hall, Jay Clouse who Video taped the evening, the IGA, Frank's, Bethel United Church of Christ, Wacker's General Store, Manchester Jaycees, Manchester Substance Abuse Awareness Committee, Manchester Enterprise, St. Mary's Church, Mary Kallawaard, Rod Morrison, Manchester High School Principal; Brian Schick, Manchester Middle School Principal; Wes Gall and the Manchester High School Leadership Class and all of the Manchester Merchants who displayed the posters.

Thanks kids, for the great turn out. Now the Recreation Task Force knows that you are really interested in additional recreational facilities and activities and we are not just dreaming or spinning our wheels!

The Recreation Task Force held the REC/RAP to get a true

Engagements Announced

Jennifer and Jim

Linda and Randy

Gina and Mark

Martha Meadows and William Haeussler are announcing the engagement of their daughter Jennifer Ann to James Leonard Nisbett son of Donald and Helen Nisbett of Clinton.

Jennifer is a graduate of Manchester High School. She is graduating in June 1987 with an Associates Degree in Early Childhood Education from WCC. Jennifer is employed at Cardines Corner.

James is a graduate of Clinton High School and is currently serving in the United States Army.

Jennifer and Jim are planning an August 21 wedding.

Mr. and Mrs. James Furlong of Royal Oak are announcing the engagement of their daughter, Linda, to Randy E. Uhr, son of Mr. and Mrs. Earl Uhr of Manchester.

The future bride graduated from Kimball High School in Royal Oak and earned a B.A. in mathematics from Western Michigan University in 1980. She is employed by Stone and Simons, Advertising in Southfield. Her fiancé is a 1977 graduate of Manchester High School and is employed as the parts manager at K&W Equipment, Inc.

A September 12, wedding is planned.

The engagement of Gina K. Bragg to Mark J. Rose is being announced by her parents, Walter and Donna Bragg of Manchester. Bride-elect is a 1984 graduate of Manchester High School and is attending Eastern Michigan University, studying Early Childhood Education. Her fiancé is the son of Charles and Audrey Rose of Tipton. He is a 1981 graduate of Clinton High School and is presently attending Siena Heights College. He is employed as a draftsman/designer at Johnson Controls in Manchester.

An August wedding is planned.

"It is not of so much consequence what you say, as how you say it. Memorable sentences are memorable on account of some single irradiating word."

Boys Track

MICHIGAN CENTER 97 1/2
MANCHESTER 99 1/2

Despite losing to a good Michigan Center team, our boys had a super day! Many personal best, and career bests were established.

Brad Uphouse had bests in the Long Jump - 18'3", the High Jump - 5'8", good for two 1st places. Darryl Kuebler was 3rd in the Shot Put - 34'7 1/2". Denny Steele tossed the Discus 103'3" for a personal best. Steve Samonek jumped 9'6" in the Pole Vault for a best. Jon Arney had a career best in the 110 Highs - 16.1, and 300 lows - 40.9 good enough for two more 1st places. His 300 low time ranks him in the top 2 or 3 on the Jackson County Honor Roll. Mike Brokaw was 2nd - 12.1 in the 100 m another personal best. Our 400 relay team of Allan Carson, Mike Brokaw, Dan Platt, Brad Wilson, won in 48.3. Dan Platt ran - 24.9 in the 200 m for a 2nd place finish, and another personal best. Brokaw - 58.8 in the 400 m. Brian Weidmayer 3rd in the 3200 m - 11:50.1. Our 1600 relay Arney - 58.1, Platt - 54.2, Uphouse - 54.8, Brokaw - 57.1 took 1st in a sizzling 3:39.2. This time places them 2nd on the Jackson County Honor Roll. That's the best time in 10 years at Manchester, with a little more improvement it could possibly get them to the Class C State Championships.

Other personal best included:

Eric Alstrom 6:02.0 in the 1600 m. Steve Andrews - 5:25.0 in 1600 m. Brain Weidmayer - 5:24.0 in 1600 m. Brian Ball - 5:51.0 in 1600 m. Jon Walz - 2:34.0 800 m his first try ever in this event. I think we could have a good 800 m runner in Jon. Allen Carson - 25.6 in the 200 m.

If we work even harder, and maintain our momentum we should do quite well at the League and Regionals. Congratulations guys.

Senior Power Day 1987

"Aging America - It's Everyone's Future"

More than 6,000 persons from across the state will fill the auditorium of the Lansing Civic Center and the State Capitol on May 12, 1987, to commemorate the 18th annual Senior Power Day, the largest event of its kind in the nation.

Senior Power Day is planned and organized by the representatives from Michigan's major senior citizen organization, assisted by the 14 regional area agencies on aging and the Area Agencies on Aging Association of Michigan. Sandra K. Reminga, Executive Director of the Area Agency on Aging 1-B, serving the counties of Livingston, Macomb, Monroe, Oakland, St. Clair and Washtenaw, says that "Senior Power Day is a vital tool for illustrating the voice and power of Michigan's older adults, especially

when it comes to influencing the legislation that affects them".

The Senior Power Day platform is prepared by the steering committee, ratified by the seniors attending the event, and presented to the Governor and legislature. This year's platform has a focus on health and contains planks relative to Elder AID, for independence and dignity; long-term; mental health and wellness; and public and private insurance.

Among the activities are a keynote address by Tess Canja, retired Executive Director of the Area Agencies on Aging Association of Michigan, and a response to the platform by Governor James J. Blanchard and other legislative leaders. Older adults will also enjoy a wide range of exhibits at the Consumer's Fair, a public hearing hosted by the Commission on Services to the Aging, and a march to the Capitol.

The theme for the 1987 Senior Power Day is "Aging America - It's Everyone's Future." The event is chaired by Mrs. Rosella Neumann of Alpena.

Auxiliary Offers Scholarships

Chelsea Community Hospital Auxiliary will present \$500.00 scholarships to qualified area students. To be eligible for a scholarship, a student must be enrolled full-time in a health career program for which certification is given, or a degree is granted, and must be a resident of the hospital service area.

Scholarship applications are now available at Chelsea Community Hospital and may be picked up at the information desk near the main entrance. Applications may be obtained between 9 a.m. and 7 p.m. The completed applications should be returned as indicated on the form with the deadline being Saturday, May 30, 1987.

After initial screening, personal interviews will be conducted for the candidates deemed most highly qualified. The awarding of the scholarship will be based on academic achievement and sincere interest to further education in a health-oriented field.

Chelsea Community Hospital has given over \$8500.00 in scholarships since 1979.

Tune-Up Deadline Near

Wednesday, May 6, is the deadline for registration for the Third Annual McAuley Spring Tune-Up Run and Walk set for Saturday, May 16.

Both the 4.8 mile run and 1 mile walk will start at 9 a.m. in front of Reichert Health Building on the campus of Catherine McAuley Health Center, East Huron River Drive and Clark Road, Ann Arbor.

If you miss the registration deadline, the only other time to sign up is from 6 to 9 p.m. Friday, May 15, at Reichert Health Building. There is no day-of-race registration.

For the 4.8 mile run, trophies

will be awarded to the first overall male and female finishers and the first male and female finisher in each age division. Medals will be awarded to second and third place finishers in each division.

The registration fee is \$8 for adults, \$5 for children under 14 and \$5 for seniors 60 and over. The fee includes a T-shirt, canvas tote bag and key chain. All participants will receive ribbons. Refreshments will be available at the finish line.

For more information, or to obtain an entry form, call 572-4033.

The hermit crab's home is an empty sea snail shell. When the crab grows too big for the shell, it hunts for a larger one.

Notice Of Public Hearing Sharon Township Zoning Board Of Appeals

A public hearing will be held at 7:30 p.m. EDST on Wednesday, May 6, 1987, at the Sharon Township Hall, 18010 Pleasant Lake Road, to consider an application for a variance from the Sharon Township Zoning Ordinance. This application from Raymond Jacob, Jr. would permit two-family use of a house in an area zoned A-1 Agricultural. This house is located at 7807 Sylvan Road, in the S 1/2 of SW 1/4 of Section 22, (T3S, R3E) of Sharon Township, tax parcel 15-22-300-006.

Please direct written comments on or before May 5, 1987, to: Sharon Township Zoning Board of Appeals, Paul Kluge, Chairman, P.O. Box 84, Manchester, MI 48158-0084.

Special Meeting - Fireworks
April 18, 1987

Manchester Township Board

April 20, 1987

PROPOSED SYNOPSIS

Manchester Township held a special Board Meeting at the township hall on Monday, April 20, 1987. Meeting opened at 8:04 p.m. with the Pledge of Allegiance. All Board members present. Also Constable Moore, Township Attorney Roesch, two Huron Valley Night Hawk representatives and thirty-seven interested persons.

Reason for meeting-Resolve problems with Huron Valley Night Hawks.

Mr. Glaser and Ms. Kwiecinski, representatives of HVNH, stated they were not aware that the township could limit events. They are locked in this year and cannot cancel any runs.

Fourteen persons voiced their opinions.

Two races that are scheduled were not listed in schedule given to township. Supervisor told members of HVNH that they MUST keep us up to date on the changes.

Discussion ensued. Letter received from Eleanor and Rhoades Murphy noted.

Board passed resolution to limit the Huron Valley Night Hawks to seven sanctioned runs and one party for August 15 & 16 for 1987.. to specifically insure the Board that they will control the loud speakers, as per Court Order, start no earlier than 11:00 a.m.

The City of Brighton was mentioned and their disastrous 4th of July 4 years ago. Schook said Bob Rhee is trying to obtain insurance history from prior years and thinks he has a Fireworks Company which is interested in putting on its own Fireworks display. It is most likely that they would hire Schook and other firemen as individuals definitely, not as firemen.

The Mens Club want to work on it and either have other meetings or send word through Fielder. This would entirely eliminate involvement by the township and avoid the whole issue of the township's responsibility insurance wise, except for helping to pay for the insurance policy.

Dorothy Burch

"Compromise is the art of slicing a piece of cake in such a way that everyone believes he received the biggest piece."
Jan Pearce

Notice Freedom Township Board Of Appeals

Notice is hereby given for a Public Hearing and meeting of the Board of Appeals on Monday, May 4, 1987, at 7:30 p.m. in the Freedom Town Hall, 11508 Pleasant Lake Road. Purpose of the meeting is for consideration of Request for Variance from the provisions of the Freedom Township Zoning Ordinance on the following:

1. Property at 11360 Bemis, tax code N-14-34-300-004, to build on 10 acres with less than 300' of road frontage.
2. Property at 8521 Pleasant Lake Road, of Freedom Township, to build a garage and storage building on 6.7 acres at E 1/2 of the E 1/2 of the NE 1/4 of section 24, T3S, R4E.
3. Property on Lima Center Road of Freedom Township to set up a mobile home on the premises for temporary use while the permanent home is under construction on 14.6 acres at parcel E at W 1/4 corner of section 3, T3S, R4E, Freedom Township.

Klager Happenings

How did he do it? The magician's assistant floats in the air before astounded students!

Parents and children were fascinated by magician James White's wonderful tricks.

Left to Right - Dana McCalla, Sara Campbell, Adam Corwin, Mary Ann Fillyaw, Stacey Turner, Bobbi Jo Silkworth and Eric VanBogelen read their parts in the play "The Little Red Hen."

Sara Campbell read the part of the duck.

In their textbook, students from Mrs. Henry's class recently read a play called "The Little Red Hen". Using cloth and fabric crayons, they each drew a puppet of one of the characters. Mrs. Henry sewed the puppets together. Then the children were ready to perform. They took their play "on the road". The first stop was at the school office. Mrs. Okey and other staff members really enjoyed the play.

Bike-A-Thon Rolls In

Rita Burkhardt, chairman for the Manchester St. Jude Children's Research Hospital Wheels For Life Bike-A-Thon, announced names of key volunteers for the May 16th event.

The volunteers are Nancy Bihlmeyer of Saline, Sarah Laskowski, Barb Eversole and Dorothy Jacob all of Manchester and Sharon Gebis of Tipton.

"These volunteers, excited about the Bike-A-Thon which benefits kids with cancer, are determined to make this ride a community party. St. Jude Children's Research Hospital is the largest cancer research institution in the world. It's an important and wonderful project to support."

Sponsors forms are available at the schools and the Manchester IGA.

The Wonder and Mystery Of Chemistry

Mr. Mark Spaulding tells Klager students about the properties of liquids.

Bringing in an expert is one way of learning more about a special subject. The Klager P.T.O. sponsored a Mobile Education program called "The Wonder and Mystery of Chemistry". The demonstrator was Mr. Mark Spaulding who discussed the properties of liquids, solids and gasses and then demonstrated a variety of experiments. He placed a heavy emphasis upon good safety procedures.

Freedom Township Board

April 14, 1987

PROPOSED SYNOPSIS: The meeting was called to order at 7:35 p.m. with all Board Members, Zoning Inspector, and Townhall Manager present. Minutes were approved as read. Treasurer Report \$43,620.72 in General Fund and \$124.10 in the Liquor Fund.

The following changes on Townhall rentals were made: graduations without alcohol, \$50; graduations with alcohol, \$75; County or District group meetings, \$40; meetings with refreshments, \$20; meetings without refreshments, \$10.

The Noise and Animal Control Ordinances, Ordinances to Establish the Office of Ordinance Enforcement Officer and Amendment to the Freedom Township Zoning Ordinance to provide for issuance of Appearance Tickets and Authorize the Ordinance Enforcement Officer to issue and serve tickets were adopted.

The 1987-88 budget was adopted. A letter was read from the Zoning Inspector, Mr. Bihlmeyer, stating that effective June 1, 1987, he will only issue zoning permits and handle zoning matters.

The following work projects by the W.C.R.C. for 1987-88 were approved: Steinbach Road, Haab Road and Bethel Church - Schneider Road corner.

Approved payment of all bills,

voucher #1931 through #1948. There being no further business, meeting was adjourned at 10:40 p.m.

Submitted by, Mildred Guenther, Clerk
Approved by, Eugene Mann, Supervisor

Bridgewater Township Planning Commission

April 13, 1987

The Meeting was called to order at 8 p.m. by Gerald Marion, Chairman, at the Bridgewater Township Hall.

Present: Gerald Marion, Karen Weidmayer, Victor Mann, Mike Iwaniki, Gabe Dull and Louise Fraumann. Absent: Deanna Becklehamer. Attending: Harlin Fraumann, Zoning Inspector.

The minutes of the meeting on February 9th, 1987, were read and approved as read.

OLD BUSINESS
Karen Weidmayer presented the current zoning map from the County Planning Commission records. After discussion, and an effort to update it, it was decided to make a comparison of all maps and the computer print-out from the county.

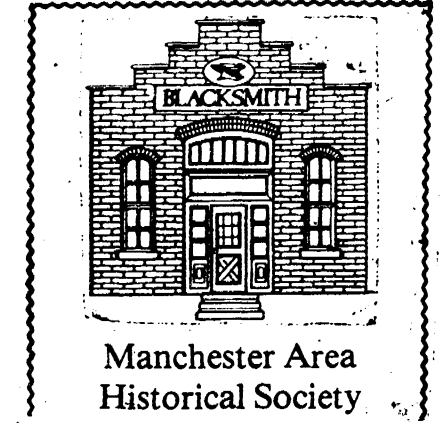

After a working session to do this, it was decided to have Karen Weidmayer present the map to the Township Board for their comments.

It was moved and seconded, Fraumann and Mann, to adjourn. 9:50 p.m.

Next meeting: May 11, 1987, 8 p.m. Bridgewater Township Hall.

Submitted by, Louise Fraumann, Secretary

Manchester Area Historical Society members planning to go to Clinton on May 5th, should meet at the Blacksmith Shop at 6:15 p.m. to pool rides. Call Betty Cummings, 428-7628, if you have questions or need a ride.

Arthritis Support Group

Bring your dancing shoes to the next meeting of the Arthritis Support Group on Monday, May 11, 1987. Dance to the nostalgic sounds of music from the 20's through the 60's! The group will meet in the 5th floor classroom of the Reichert Health Building (Catherine McAuley Health Center) from 7:00 to 9:00 p.m. New members are welcome. Call Mary Winkel 434-8432 after 5:00 p.m. or Gina Frankhart 572-5735 for information.

Klager students thrilled to a magical display presented by magician James White. Sponsored by the PTO the magic show included tricks to delight all ages. Birds appeared from nowhere, steel rings tangled and untangled and an assistant floated in mid-air. How was it done? Amateur magicians had some ideas, but true to their code of silence, they weren't telling.

Ordinance No. 15 Freedom Township Noise Ordinance

SECTION 1 - Declaration Of Policy

It is hereby declared to be the policy of Freedom Township that the peace, health, safety, and welfare of its citizens require protection from excessive, unnecessary, and unreasonable noises from any and all sources in the community. It is the intention of the Freedom Township Board to control the adverse effect of such noise sources on the citizens under any condition of use, especially those conditions which have the most severe impact upon a person.

SECTION 2 - Definitions

For the purposes of this Ordinance, certain terms are defined as follows:

A. "dBA" means the intensity of a sound expressed in decibels read from a calibrated sound level meter utilizing the A-level weighting scale and the fast meter response, as specified in American National Standards Institute Standard S 1.4-1971.

B. "Commercial" means a use of the property for purposes other than residential, agricultural, recreation-conservation, or public lands as those uses are defined in the Freedom Township Zoning Ordinance, now enacted or as subsequently amended.

C. "Property Line" means the line which represents the legal limits of the property owned, leased, or otherwise occupied by a person, business, corporation or institution. In cases involving sound from an activity on a public or private street or other public or private area or right-of-way, the "Property Line" shall be the nearest boundary of the right-of-way or area.

D. "Residential" means a use of property for temporary or permanent dwelling purposes, or agricultural, recreation-conservation or public lands uses as the same is defined by the Freedom Township Zoning Ordinance now adopted, or hereafter amended.

E. "Noise Level" is the maximum continuous sound level or repetitive peak level produced by a source or group of sources as measured with a precision sound level meter using "A" weighting scale, and the meter response function set at "Slow".

F. "Precision Sound Level Meter" is a device for measuring sound level in decibel units within the performance specifications in the American National Standards Institute Standard S 1.4, "Specification for Sound Level Meters."

G. "Emergencies" are essential activities necessary to restore, preserve, protect, or save lives or property from imminent danger of loss or harm.

SECTION 3 - General Prohibition

It shall be unlawful for any person to create, assist in creating, permit, continue, or permit the continuance of any unreasonably loud, disturbing, unusual or unnecessary noise which annoys, disturbs, injures, or endangers the comfort, repose, health, peace or safety of others within the limits of Freedom Township.

Section 4 - Specific Prohibitions

The following activities are prohibited if they produce clearly audible sound beyond the property line of the property on which they are conducted:

A. The operation, between 10 p.m. and 7 a.m., of power tools, equipment, or machinery, on properties adjacent to residential properties.

B. The sounding, between 10 p.m. and 7 a.m., of any bell, chime, siren, whistle, or similar device, except:

1. To alert persons to the existence of an emergency, danger, or attempted crime.

C. The operation or playing between 10 p.m. and 7 a.m. of any radio, television, phonograph, drum or musical instrument, or the firing of any firearms.

D. The operation or use between 10 p.m. and 7 a.m. of any loudspeaker, sound amplifier, public address system or similar device used to amplify sounds.

E. The use of any drums, loud speakers, musical devices or other instruments or devices for the purpose of attracting attention by the creation of noise to any performance, show or sale, or display of merchandise.

The prohibitions of this section shall apply even if the sound level produced by a prohibited activity does not exceed the applicable level specified in the following section.

SECTION 5 - Maximum Permissible Sound Levels

No person shall conduct or permit any activity which produces a dBA beyond his property line exceeding the levels specified in Table 1. Where property is used for both residential and commercial purposes, the residential sound levels shall be used only for measurements made on the portion of the property used solely for residential purposes.

TABLE 1 Use of Property	7 A.M. to 10 P.M.	10 P.M. to 7 A.M.
RECEIVING THE SOUND		
RESIDENTIAL	61	55
COMMERCIAL	71	61

SECTION 6 - Limited Exemptions

The following limited activities are exempted from the sound level limitations of the foregoing section.

A. Construction, repair, remodeling, demolition, drilling, wood cutting or excavation work conducted between 7 a.m. and 10 p.m. which does not produce a noise level exceeding 86 dBA beyond the property line of the property on which the work is being conducted.

SECTION 7 - General Exemptions

The following activities are exempted from the sound level limitations of this ordinance.

A. Emergency work necessary to restore property to a safe condition following a fire, accident or natural disaster, to restore public utilities, or to protect persons or property from an imminent danger.

B. Sound made to alert persons to the existence of an emergency, danger, or attempted crime.

C. Parades, concerts, festivals, fairs or similar activities, provided that the same are conducted subject to any sound limitations established by the Freedom Township Board or Board of Zoning Appeals, in the granting of any permit for the approval of such activities.

D. A farm or farm operation shall not be found to be a violation of this Ordinance if the farm or farm operation alleged to be a violation conforms to generally accepted agricultural and management practices according to policy as determined by the director of the Michigan State Department of Agriculture.

SECTION 8 - Temporary Exemptions.

A. The Freedom Township Board is authorized to grant a temporary exemption from the maximum permissible sound levels established by this Ordinance, if such temporary exemption would be in the public interest and there is no feasible or prudent alternative to the activity, or the method of conducting the activity, for which the temporary exemption is sought.

B. The following factors shall be considered by the Freedom Township Board in determining whether to grant a temporary exemption:

1. The balance of the hardship to the applicant, the community and other persons in not granting the variance against the adverse impact on the health, safety and welfare of persons adversely affected or any other adverse effects of the granting of the variance.

- The nearness of any residence or residences, or any other use which would be adversely effected by sound in excess of the limits prescribed by this Ordinance.
- The level of the sound to be generated by the event or activity.
- Whether the type of sound to be produced by the event or activity is usual or unusual for the location or area for which the variance is requested.
- The density of population of the area in which the event or activity is to take place.
- The time of day or night which the activity or event will take place.
- The nature of the sound to be produced, including but not limited to, whether the sound will be steady, intermittent, impulsive, or repetitive.

C. A temporary exemption must be in writing and signed by the Clerk and Supervisor of the Freedom Township Board and must set forth the name of the party granted the exemption, the location of the property for which it is authorized, the date (s) and time (s) in which it is effective and the dBA level(s) authorized.

D. A temporary exemption may be granted only for the period of time for which it is reasonably necessary to conduct the activity, which in no case shall exceed 30 days.

SECTION 9 - Variances

Persons wishing to continue activities which commenced prior to the adoption of this Ordinance and which create noises in excess of the permitted levels may seek a variance from the Freedom Township Board. Such a variance may be granted if the Board finds that strict application of the Ordinance would cause a hardship and that there is no reasonable and prudent alternative method of engaging in the activity.

SECTION 10 - Penalty

Any person who violates a provision of this Ordinance shall be guilty of a misdemeanor. If the person responsible for an activity which violates this Ordinance cannot be determined, the owner, lessee, or occupant of the property on which the activity is located, shall be deemed responsible for the violation. A person found responsible for a violation of this Ordinance or who violates this Ordinance shall be guilty of a misdemeanor, and shall be punished by a term of imprisonment not to exceed ninety (90) days, a fine not to exceed \$500, or both, or any part thereof, plus costs of prosecution.

SECTION 11 - Service of Appearance Tickets By Ordinance Enforcement Officer

In addition to the above penalties in Section 16.10, the Ordinance Enforcement Officer may institute any appropriate action or proceedings to prevent any noise or use on and about any premises which is in violation of the provisions of this Ordinance; to restrain, correct, abate such violation, by any appropriate civil or criminal proceeding. The Ordinance Enforcement Officer may appear before the District Judge, Magistrate, or Clerk, and file a Complaint charging the person violating this Ordinance with the offense specified, praying for the arrest of the person, or in lieu thereof, issue and serve an Appearance Ticket with respect to the class of offenses heretofore described as misdemeanors in Section 16.10 above, by serving upon a person the Appearance Ticket when the Ordinance Enforcement Officer has reasonable cause to believe that the person has committed the offense of violating a provision of this Ordinance. The Ordinance Enforcement Officer is authorized to issue appearance tickets pursuant to Public Act 366 of 1984.

SECTION 12 - Effectiveness

The within Ordinance shall be effective thirty (30) days after its first publication subsequent to adoption.

ADOPTED: April 14, 1987
PUBLISHED: April 30, 1987

Mildred Guenther, Clerk

Ordinance No. 6E Amendment To Freedom Township Zoning Ordinance

AN ORDINANCE TO AMEND THE FREEDOM TOWNSHIP ZONING ORDINANCE AND PROVIDE FOR THE ISSUANCE OF APPEARANCE TICKETS AND AUTHORIZE THE ORDINANCE ENFORCEMENT OFFICER TO ISSUE AND SERVE APPEARANCE TICKETS WITH RESPECT TO ALL ZONING VIOLATIONS, MISDEMEANORS, PURSUANT TO P.A. 366 OF 1984.

THE TOWNSHIP OF FREEDOM ORDAINS:

SECTION 1.

The Freedom Township Zoning Ordinance, adopted March 15, 1975, as amended, be and the same is hereby amended by the addition of the following sub-paragraph D. to Section 20.10, VIOLATIONS:

D. SERVICE OF APPEARANCE TICKETS BY ORDINANCE ENFORCEMENT OFFICER.

In addition to the above remedies, the Ordinance Enforcement Officer may institute any appropriate action or proceedings to prevent any erection, construction, alteration, repair, maintenance or use which is in violation of the provisions of this Ordinance; to restrain, correct, abate such violation; to prevent the occupancy of any building, structure or land; to prevent any act, conduct, business, or use in and about any premises in violation of this act, by any appropriate civil or criminal proceeding. The Ordinance Enforcement Officer may appear before the District Judge, Magistrate, or Clerk, and file a Complaint charging the person violating this Ordinance with the offense specified, praying for the arrest of the person, or in lieu thereof, issue and serve an Appearance Ticket with respect to the class of offenses heretofore described as Misdemeanors in A. above, by serving upon a person the Appearance Ticket when the Ordinance Enforcement Officer has reasonable cause to believe that the person has committed the offense of violating a provision of this Ordinance. The Ordinance Enforcement Officer is authorized to issue appearance tickets pursuant to Public Act 366 of 1984.

SECTION 2.

All other provisions of this Ordinance not inconsistent herewith, be and the same are hereby ratified and reaffirmed.

SECTION 3.

This amendment shall be effective thirty (30) days from adoption and publication.

ADOPTION DATE: April 14, 1987

THE SEARCH FOR HEALTH

What Are Canker Sores?

Canker sores and fever blisters cause discomfort and annoyance to millions of Americans. Scientists at the National Institute of Dental Research are seeking ways to better control and ultimately prevent these bothersome infections. While progress is being made in an effort to understand their causes and find new treatments, no effective means are yet available to prevent or cure them. Certain measures, however, have been found to control the pain associated with them and, in some cases, to hasten their healing. Canker sores and fever blisters are sometimes confused. It is important to differentiate between them so that they can be treated properly.

The medical term for canker sore is aphthous stomatitis or aphthous ulcer.

Ordinance No. 17 Freedom Township Ordinance

AN ORDINANCE TO ESTABLISH THE OFFICE OF ORDINANCE ENFORCEMENT OFFICER; TO PRESCRIBE THE DUTIES OF SAID OFFICE; TO AUTHORIZE THE TOWNSHIP BOARD TO APPOINT ANY PERSON OR PERSONS TO SAID OFFICE; AND TO AUTHORIZE THE ORDINANCE ENFORCEMENT OFFICER TO ISSUE AND SERVE APPEARANCE TICKETS WITH RESPECT TO A PARTICULAR CLASS OF OFFENSES, PURSUANT TO P.A. 366 OF 1984.

THE TOWNSHIP ORDAINS:

SECTION 1. Ordinance Enforcement Officer.

There is hereby established the office of the Ordinance Enforcement Officer within the Township of Freedom, Washtenaw County, Michigan.

SECTION 2. Appointment and Removal.

The Township Board of Freedom is hereby authorized by resolution, at any regular meeting of said Board, to appoint any person or persons to the office of Ordinance Enforcement Officer for such term or terms as may be designated in said resolution. Said Board may further, by resolution, remove any person from said office, in the discretion of said Board, with or without cause.

SECTION 3. Definition of Duties in Detail.

The Ordinance Enforcement duties herein authorized shall include, among others, the following: investigation of ordinance violations; serving notice of violations; issuing appearance tickets pursuant to Public Act 366 of 1984 for violations; appearance in court or other judicial proceedings to assist in the prosecution of ordinance violators; and such other ordinance enforcing duties as may be delegated by the Township Board.

SECTION 4. Duties.

A. The Ordinance Enforcement Officer is hereby authorized to enforce all ordinances of the Township of Freedom, whether heretofore or hereafter enacted and whether such ordinances specifically designate a different official to enforce the same or do not designate any particular enforcing officer.

B. The Ordinance Enforcement Officer shall enforce the Zoning Ordinance (No. 6); and the Noise Ordinance, (No. 15). Where a particular officer is so designated in any such ordinance, the authority of the Ordinance Enforcement Officer to enforce the same shall be in addition and supplementary to the authority granted to such other specific officer.

C. The authority of such Ordinance Enforcement Officer shall also be in addition and supplementary to the authority vested in the Township Supervisor by state statute. The ordinance enforcing authority of the Township Ordinance shall continue in full force and effect and shall in no way be diminished or impaired by the terms of the within Ordinance.

D. In addition to the above duties, the Ordinance Enforcement Officer may institute any appropriate action or proceedings to prevent any erection, construction, alteration, repair, maintenance, or use which is in violation of the provisions of any Ordinance; to restrain, correct, abate such violation; to prevent the occupancy of any building, structure, or land; to prevent any act, conduct, business, or use in and about any premises in violation of this Ordinance, by any appropriate civil or criminal proceeding.

SECTION 5. Saving Clause.

The provisions of the within Ordinance are hereby declared to be severable and the invalidation of any one or more of the same by any judicial determination or statutory or constitutional provision shall not invalidate the remainder of said provisions or Ordinance.

SECTION 6. Ratification of Consistent Provisions.

All other provisions of this Ordinance not inconsistent herewith, be and the same are hereby ratified and reaffirmed.

SECTION 7. Effective Date.

This Ordinance shall be effective thirty (30) days after adoption.

ADOPTED: April 14, 1987

Mildred Guenther, Clerk

rences are variable. Some people do not have more than one or two canker sores a year. Others may experience a continuous series of mouth ulcerations.

Women are twice as likely to have canker sores as men. About 90 percent of the time similar oral ulcers are found in other members of the family. The disease is not contagious, however, and it is not limited to any climate or economic condition.

What causes canker sores? The cause is not known. The ulcers tend to appear when the patient has experienced some physical or emotional stress. A study of a group of university students revealed that canker sores were more likely to develop during examination periods than dur-

ing vacations. They may flare up occasionally with the onset of menstruation.

If left untreated, canker sores usually heal in 10 to 14 days. In severe cases they may leave scars. Neither vitamins nor special foods help the condition unless a specific deficiency exists. Although physical and emotional stress are serious factors in the intensity and severity of the disease, tranquilizers seem to give little relief.

Fortunately, canker sores can be helped by other treatment. A clinical study done at NIDR has shown that holding a suspension of tetracycline in the mouth for a few minutes and then swallowing it is helpful. The antibiotic reduces healing time,

Ordinance No. 16 Freedom Township Animal Control Ordinance

SECTION 1 - Definitions

For the purpose of this ordinance:

A. Animal means live stock, poultry, dogs, cats and reptiles.

B. Live stock means horses, stallions, colts, gelding, mares, sheep, rams, lambs, bulls, bullock, steers, heifers, cows, calves, mules, jacks, jennets, burros, goats, kids, swine and any other fur bearing animals being raised in captivity.

C. Poultry means all domestic fowl, ornamental birds and game birds.

D. Owner when applied to the proprietorship of an animal means every person having a right of property in the animal, and every person who keeps or harbors the animal or has it in his care, and every person who permits the animal to remain on or about any premises occupied or controlled by him.

E. Reasonable Control means a dog shall be deemed to be under reasonable control when such dog is on the premises of its owner or when such dog, not being on the premises of its owner, is with and under the control of its owner, his agent or some member of the owner's family.

SECTION 2

Requiring that Dogs be Licensed and Vaccinated

A. It shall be unlawful for any person to own, keep or possess any dog over the age of six (6) months, within the Township of Freedom that does not at all times wear a collar with a license and vaccination tag attached thereto as provided by the laws of the State of Michigan.

B. It shall be unlawful for any person except the owner or the authorized agent of such owner to remove any license or vaccination tag from a dog.

An Ordinance Relating to the Keeping and Control of Certain Animals.

SECTION 3

Prohibiting Dogs from running at large.

A. It shall be unlawful for the owner of any dog in the Township of Freedom to allow such dog to stray beyond the premises of such owners unless under reasonable control, or for the owner of any female dog to permit said female to go beyond the premises of such owner when she is in heat unless such dog is held properly in leash; Further it shall be unlawful for the owner of any dog not to have such dog under reasonable control at all times.

SECTION 4

Barking Dogs and Ferocious Dogs and Cats

A. It shall be unlawful for the owner of any dog in the Township of Freedom to allow such dog to howl, bark, whine or otherwise create noise disturbing or annoying other persons in their reasonable use and enjoyment of premises other than the premises of such owner.

B. It shall be unlawful for the owner of any dog or cat that is vicious, ferocious, or which without provocation, has bitten or otherwise injured any person to own or allow such dog or cat to be kept or maintained in the Township of Freedom, unless so confined as to prevent injury or threat of injury of any person by such dog or cat.

SECTION 5

Prohibiting Offensive Keeping of Animals

It shall be unlawful for the owner of any animal in the Residential Area of Freedom Township to allow such animals to be kept or maintained on premises in any manner causing noxious or offensive odors to be emitted from such premises.

SECTION 6

Prohibiting Livestock and Poultry Entering Private Lands.

It shall be unlawful for the owner of any live stock or poultry in the Township of Freedom to allow such live stock or poultry, while under the control of such owner, to enter upon lands of other persons without the consent of the owner or lessee of such lands.

An Ordinance Relating to the Keeping and Control of Certain Animals.

SECTION 7

Requiring Enclosure of Livestock and Poultry

It shall be unlawful for the owner of any livestock and poultry in the Township of Freedom to allow such livestock and poultry to be kept or maintained on any premises without such livestock and poultry being enclosed within pens, shelter or fences in a manner to prevent such livestock and poultry from straying beyond premises.

SECTION 8

Violations and Penalties

Any person violating any of the provisions of this ordinance shall upon conviction thereof be subject to a fine of not more than Five Hundred (\$500.00) Dollars, and the costs of prosecution thereof, by imprisonment in the County jail for a period not to exceed ninety (90) days, or both.

SECTION 9

Effectiveness

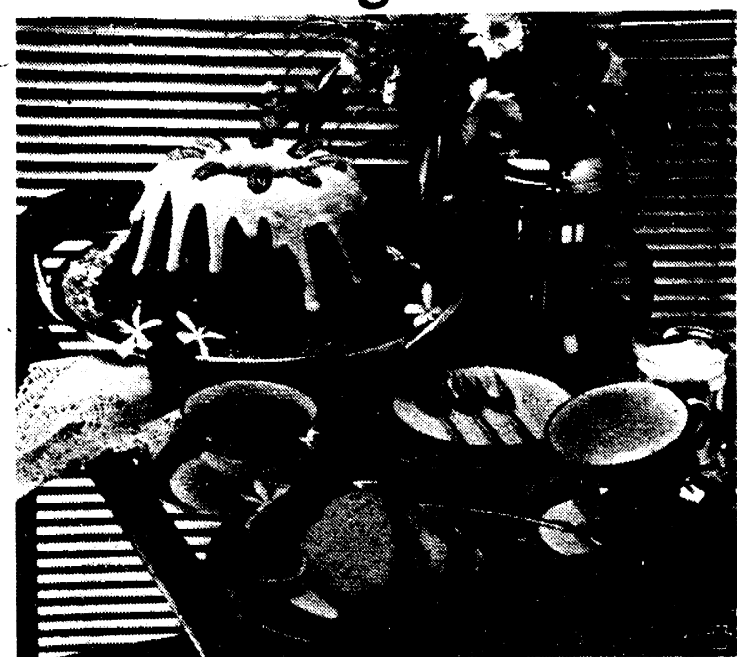

This Ordinance shall be effective thirty (30) days after its first publication subsequent to adoption.

Kahlua Orange Nut Cake

Blending beautifully with fresh orange juice, Kahlua is the flavor enhancer in this very versatile all-occasion cake with a crunchy nut crust and ribbon glaze topping. Kahlua Orange Nut Cake moves congenially from brunch to buffet to fireside chat. A nice treat to have on hand when friends drop by, this recipe freezes and keeps very well, too, making it a carefree as well as most welcome gift from your kitchen.

KAHLUA ORANGE NUT CAKE

- | | | | | | | |
|------------------|----------------|-------------------------------------|---|----------------------------|---------------------------------|---------------------------|
| Nut Crust | 1/4 cup Kahlua | 1/4 cup light cream (half and half) | 2 teaspoons finely grated fresh orange peel | 1/4 cup fresh orange juice | 3 cups sifted all-purpose flour | 3 teaspoons baking powder |
| | 1/4 cup Kahlua | 1/4 cup light cream (half and half) | 2 teaspoons finely grated fresh orange peel | 1/4 cup fresh orange juice | 3 cups sifted all-purpose flour | 3 teaspoons baking powder |
| | 1/4 cup Kahlua | 1/4 cup light cream (half and half) | 2 teaspoons finely grated fresh orange peel | 1/4 cup fresh orange juice | 3 cups sifted all-purpose flour | 3 teaspoons baking powder |

Prepare Nut Crust and press in even layer over bottom and sides of a 9 to 10-inch kugelhupf or other tube pan. Combine 1/4 cup Kahlua and cream. Grate orange peel and combine with juice. Resift flour with baking powder and salt. Cream shortening and sugar until fluffy. Beat in eggs, one at a time, until blended. Stir in dry ingredients alternately with Kahlua-cream and orange juice mixtures, beating only until smooth. Carefully turn into prepared pan. Bake on first rack below oven center, in 350°F oven, 50 to 55 minutes, until cake tests done. Remove from oven and cool in pan 10 minutes. Invert cake on wire rack and remove pan. Brush 2 tablespoons Kahlua over top of cake and cool. Drizzle Kahlua Glaze over top and let stand until set. Garnish with whole nuts, if desired.

Nut Crust: Mix together well, 1 cup finely chopped walnuts, cashews or pecans, 3/4 cup fine dry bread crumbs, 1/2 cup granulated or light brown sugar, 1/2 cup butter, melted.

Kahlua Glaze: Mix 3/4 cup powdered sugar (free from lumps) with 1 tablespoon Kahlua and 1 teaspoon each cream and melted butter until smooth.

Free Skin Cancer Testing

The Michigan Dermatological Society, in cooperation with the American Cancer Society, will conduct free skin cancer screening examinations at Michigan locations Wednesday, May 27, 1987.

In Washtenaw County, a screening program is scheduled at Arborland Mall, from 10:00 a.m. to 6:00 p.m. For more information about other free examination sites, after May 13th, between 9:00 a.m. and 9:00 p.m., call the Skin Cancer Hotline at 1-800-ACS-2345.

"Skin cancer is the most common cancer in America," said Howard Dubin, M.D. President of the Michigan Dermatological Society and Clinical Professor in the Department of Dermatology at the University of Michigan.

"Fortunately, skin cancer can be treated successfully if detected early. The free screening programs can aid in the early detection of the disease."

Participants in the program will be given a painless, visual examination of exposed skin areas by local dermatologists-medical doctors specializing in prevention, diagnosis and treatment of skin problems, including cancer. Free brochures will also be available, which discuss sunburn, wrinkles, premature aging of the skin, and skin cancer-which strikes over 500,000 Americans each year.

"We want to help people deal in a positive way with these problems," Dubin said.

Skin Cancer Detection Day is part of National Older Americans Melanoma/Skin Cancer Detection and Prevention Month, which runs from May 1 - May 31, 1987. All people, regardless of age, are encouraged to participate.

Beef Stroganoff

When the occasion calls for something elegant, this modified beef stroganoff fits the bill.

- | | |
|---|---|
| 1 lb. lean beef round freshly ground black pepper | 2 cups beef broth* 2 tbsp. tomato paste* 1 tsp. dry mustard |
| 1/2 lb. mushrooms, sliced 1 onion, sliced | 1/4 tsp. oregano 1/4 tsp. dill weed |
| 3 tbsp. oil | 2 tbsp. sherry |
| 3 tbsp. flour | 1/3 cup low-fat yogurt |

Remove all visible fat from the meat and cut into thin strips, about 2 inches long. Sprinkle with pepper and let stand in a cool place for 2 hours.

In a heavy skillet, sauté mushrooms in oil until tender. Remove from skillet, and sauté onions in the same oil until brown. Remove from skillet.

Brown meat quickly on all sides until rare. Remove and set aside. Blend the flour into the oil in the skillet and gradually add the broth, stirring constantly until smooth and slightly thick. Add the tomato paste, dry mustard, oregano, dill weed and sherry. Blend well. Combine the sauce with the meat, mushrooms and onions in the top of a double boiler. Cook for 20 minutes. Beat yogurt (to prevent it from curdling). Blend in the beaten yogurt 5 minutes before serving.

*Unsalted or low-salt products to reduce sodium content.

Sesquicentennial News

The official Sesquicentennial wagon pulled by two 2,000 pound giant Belgians was unveiled at the state Capitol, Wednesday, April 29.

The official Sesquicentennial wagon will lead 100 wagons and 500 participants June 14 - June 27, on a 13 day 11 city tour in honor of the Sesquicentennial.

The wagon is an authentic replica of a prairie schooner which brought early settlers to the midwest. It was fashioned after plans found in the Smithsonian Institution in Washington, D.C. and was part of the wagon train which travelled to Valley Forge to help celebrate the nation's bicentennial year in 1976. A gift

to Michigan from the state of Pennsylvania, the wagon is usually only on display at the Department of State's Cambridge Junction Museum.

Participating in the unveiling were Merri Jo Bales, executive director of the Michigan Sesquicentennial Commission, Wagon-master Kolleen Evans of Leslie, and Teamster Irving Hawkes of Litchfield. Also participating were Phil and Penny Darling-Rives Junction, who are refurbishing the wagon. The Darlings will be in authentic period costumes.

Executive director Bales will present the Teamster with a special Sesquicentennial plaque to be carried on the wagon. The unveiling, like the wagon train excursion itself, will be held rain or shine. The wagon will be on display at the east entrance to the Capitol between the Austin Blair statue and the front steps.

Subcommittee Established

A special subcommittee has been established in the Michigan House of Representatives to review proposed legislation to deal with the AIDS situation and a local lawmaker has been appointed to

that committee.

State Representative Margaret O'Connor (R-Lodi Township), a member of the House Public Health Committee, has been named by Chairman Michael Bennane to the AIDS Committee.

"The way the state deals with this potential epidemic will be critical to the future public health of all citizens in this state," O'Connor said. "In my opinion public health officials have not yet made the prevention of the spread of AIDS a top priority and I expect to use my position on this committee to bring this about."

This special subcommittee will be charged with coming up with recommendations regarding all legislative actions concerning the state's involvement in dealing with AIDS.

Recently, O'Connor spent a week in England looking at how the British government is attacking the AIDS problem there.

Presently, there are several bills pending in the House which deal with AIDS testing. They deal with testing of marriage license applicants, inmates in state prison and persons arrested for prostitution and certain other sex-related crimes.

"AIDS is a very serious public

health issue and I am pleased that I will be able to play a key role in designing needed legislation," O'Connor concluded.

Michigan's History

Henri de Tonty was the famous French explorer Rene Robert Cavalier de La Salle's "right-hand" man. Better known as "the man with the iron fist," because one of his hands was indeed a steel replica of a hand (he had lost his own while fighting in a war), he was a legendary figure who, according to local historians, discovered what is known today as South Haven. LaSalle had sent Tonty on a search mission for some missing men in 1679 when a storm hit, and Tonty and his crew were beached on South Haven's shore. There, they survived on berries, found inland, getting in taste of the "Flavorbest" fruit that has made southwest Michigan the fruit belt of today.

Present-day South Haven is a resort town welcoming tourists to its beaches, maritime museum, downtown shops, and waterfront activities. For travel information on South Haven, contact the Michigan Travel Bureau at 1-800-5432-YES or 1-800-722-8191 (TDD).

Senior Citizens News

On Thursday, May 7, you are invited to the May Birthday Bash at noon. All who are 55 years of age or older and will celebrate your natal day in the merry month of May—come and join us for a free lunch of swiss steak topped off with cake. Reserve it by the day before all senior lunches.

Meanwhile back to April 30 - Chicken Papri Kosh with Spatzen and bingo will be on the day's agenda.

Tuesday, May 5 - Chop Suey will be served. Craft or sewing will follow at the Center.

The Senior Citizens wish to applaud and thank the members of the National Honor Society of Manchester High School for the fine job they did on Saturday, April 25. It was an ideal day for all the work they accomplished for many of our area seniors who needed help with chores. Most teenagers are great kids and there seems to be a special rapport between the young and older folks. A special thanks is extended to their mentor, Astrida Panches.

Helen Knickerbocker reminds us that there are several trips coming up for your consideration. Monday, June 15 - Leave the Center at 9:00 a.m. on a mystery

shopping trip. Tuesday, June 16 - a visit to the Frankenthum Bavarian Festival. Sunday, June 28 - musical at Crosswell Theater in Adrian. On Saturday, August 8 - we plan a trip to the Star Theater in Flint to see the Bobby Vinton Show. Saturday, August 22 - 42nd Street, the play (more on this later).

A special trip is being planned beginning Wednesday, October 7, through the 14 for a Statue of Liberty tour. For trip information or reservation, call Helen at 428-7239.

Congratulations are extended to Mrs. Mary Wallace who will reach the age of 100 on May 5. She resides at the Saline Evangelical Home.

Local Volunteer Receives Honors

Hayden Carruth of Manchester recently was honored for his volunteer service by Catherine McAuley Health Center at a recognition banquet at the Holiday Inn West in Ann Arbor. Carruth is among 700 Catherine McAuley Health Center volunteers who donated a total of more than 43,000 hours of service over the past year in 110 different service areas.

"The value of their precious time and caring cannot be measured," says JoAnne Desmond, director of Volunteer Services. "Their help and concern add a special dimension to the Health Center."

Carruth represents just one of the many volunteer opportunities available at Catherine McAuley Health Center. Volunteers deliver flowers, work on patient units, provide care and assistance for patients undergoing chemotherapy, act as tour guides, make initial visits to patients in the name of Pastoral Ministry and much, much more.

Public Auction

The Manchester Methodist Church will hold a Public Auction at their parking lot, Saturday, May 16, at 10:00 a.m. Proceeds will go for the Lot Paving Fund. All donated items, except clothing, from members, friends and community supporters, will be much appreciated. Items will also be accepted for consignment.

Please contact any of the following persons: Wendell Reinhart, Terry Harris, John Rigg, Mike Croghan, Tom Walton.

GUESS WHO'S BEEN MARRIED 25 YEARS APRIL 28th

Congratulations Mom And Dad

Free Testing

Free testing for exposure to the HIV Virus is being offered to

recipients of blood transfusions from 1978 to late spring 1985 by the Southeastern Michigan Chapter of the American Red Cross in cooperation with the Washtenaw County Chapter. The

HIV Virus (formerly called HTLV-III) is associated with the cause of Aids (acquired immune deficiency syndrome).

Individuals who received blood during that time period and who

want to be tested are asked to call the Red Cross at 971-5344 for an appointment beginning April 22, 1987.

Test will be offered on a rotating basis at the Washtenaw

County Chapter office in Ann Arbor and at Southeastern Michigan Chapter Regional offices in Bloomfield, Dearborn, Detroit, Livonia, Roseville and Southgate. All test results will remain confidential.

Funding for the initiation of the testing program has been provided by the United Foundation and The United Way of Pontiac-North Oakland. It is estimated that it will cost \$25.00 to test and counsel each individual.

A positive test result does not mean the person will get aids. However, it indicates the individual has been exposed to the Aids virus and is capable of transmitting the virus to others. People whose test results are positive will be personally counseled regarding the implications.

Since 1977, when the evidence of the virus first appeared in this country, more than 38 million people nationwide received blood transfusions. When aids first appeared, it was not clear that it was caused by a virus or that it could be transmitted by blood.

Since January 1983, blood banks have screened donors for signs and symptoms of aids through a series of questions, and individuals known to be at risk for aids have been told not to donate blood. Since March 1985, shortly after the test was licensed by the Food and Drug Administration, all blood donors have been tested for evidence of exposure to the Aids Virus. All blood which tests positive is destroyed.

Individuals who are tested will be given an opportunity to contribute funds to the Southeastern Michigan Chapter of the American Red Cross in order to assure continuation of the program.

MANCHESTER CHIROPRACTIC CLINIC

227 EAST MAIN STREET
MANCHESTER, MICHIGAN 48158

STAN GLIBERT, D.C.

TELEPHONE:
313-428-7207

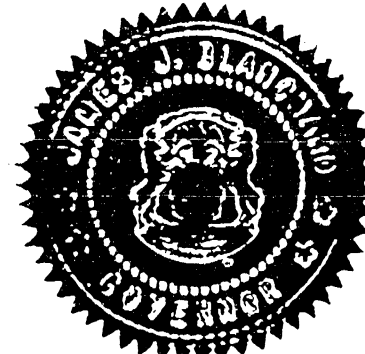

Each year during the month of May, hundreds of Michigan chiropractors unselfishly volunteer their time and talents to conduct free spinal screening exams in shopping malls and other public places for thousands of children and adults across our Great Lake State.

For the past thirteen years, the Michigan Chiropractic Council has conducted this statewide spinal screening campaign to assist citizens in realizing a greater understanding of proper spinal health care.

Potential spinal health problems, including scoliosis and the vertebra sibiluxation complex, are among the major priorities of this screening. General information about the spine and individual screening results are given to each participant. Doctors throughout our state will also distribute information to the electronic media, local newspapers and local talk shows. Speakers will address students and private organizations about proper spinal health care.

Therefore, I, James J. Blanchard, Governor of the State of Michigan, do hereby declare May 1 through 8, 1987, as SPINAL HEALTH CARE WEEK in Michigan. I urge all citizens to take advantage of the free spinal screening exams that are occurring throughout our state during this commemoration. Further, I encourage citizens to join me in applauding the efforts of the Michigan Chiropractic Council to promote good spinal health care.

Given under my hand on this thirty-first day of March in the year of Our Lord one thousand nine hundred and eighty-seven and of the Commonwealth one hundred and fifty-one.

James J. Blanchard

Where Are Your Social Security Benefits?

(Prepared by the Michigan Association of Certified Public Accountants.)

Picture this...The time has finally come. You're almost 65. After 40 years of hard work, you're ready to retire. You head for your local Social Security office to apply for benefits. But when you learn of the amount of your monthly benefit check, the amount is much less than you anticipated. What Happened?

It could have been any number of things. Perhaps you didn't give your employer your current Social Security number. Or maybe your employer made a mistake when reporting your income. Then again, maybe it was the Social Security Administration who credited your earnings to someone else's Social Security record.

Sheer numbers tell the story. The Social Security has well over 100 million Social Security contributors on file and each year receives some 200 million reports from employers and self-employed persons.

But not to worry...The Michigan Association of CPAs advises that there are a number of simple, preventative steps you may take to protect the benefits you are entitled to.

First, always exercise care when reporting your Social Security number to your employer. Keep your Social Security card handy and refer to

it when supplying your number to an employer. If you lose your card, contact your Social Security office for a replacement.

Another good check is to verify the correctness of the W-2 you receive from your employer. Be sure your name, address and Social Security number appear correctly. The box marked FICA Wages should show the total earnings from which your employer withheld Social Security taxes. This is the amount of earnings that is entered on your Social Security record.

If any of the information on your W-2 is not correct, you must immediately notify your employer who should issue a corrected W-2. It's a good idea to keep all pay slips, check stubs and W-2 forms as proof of your contributions.

As a further precaution, you should periodically request a check of your Social Security record, a measure the Social Security Administration itself recommends you do at least every three years. Just call, visit or write your local Social Security office and ask for form SSA-7004PC, "Request for Statement of Earnings."

The form is simple - you fill in your name, address, Social Security number, date of birth, signature and, if applicable, any other name or number you may have used. As an added feature, you may also request an estimate of the monthly benefit you will be entitled to when you reach 65 merely by writing on the card, "Please furnish benefit estimate."

It will be up to you to provide the records necessary to substantiate your claim of an error. The Social Security

Administration will need your employment records including names of employers, dates of employment and wages received. You'll be asked to show those W-2 forms you've been saving.

By following these simple measures you can ensure that, when the time comes, you will get the benefits you are entitled to. With 97 percent of all workers said to have earnings covered by Social Security, almost every worker in America is a consumer of Social Security. In recognition of National Consumers Week, the American Institute of CPAs, in cooperation with the United States Office of Consumer Affairs, has prepared a pamphlet which answers many common questions about Social Security. For your free copy, write to the Michigan Association of CPAs at: PO Box 9054, Farmington Hills, MI 48018.

Compare the earnings shown for the most recent years with the amounts reported on your W-2's or self-employment records. If you suspect an error, contact your Social Security office immediately. In most cases, the official time limit for correcting mistakes on your earnings record is three years, three months and fifteen days after the year in which the wages were paid or self-employed income earned.

Although there are exceptions to these time limits, it is in your best interest to check your record on a regular basis and promptly notify the Social Security Administration of any errors. It will be up to you to provide the records necessary to substantiate your claim of an error. The Social Security

Administration will need your employment records including names of employers, dates of employment and wages received. You'll be asked to show those W-2 forms you've been saving.

By following these simple measures you can ensure that, when the time comes, you will get the benefits you are entitled to.

With 97 percent of all workers said to have earnings covered by Social Security, almost every worker in America is a consumer of Social Security. Buying A Used Car

The Michigan Consumers Council has published a new brochure entitled "Buying a Used Car." The new publication covers such important purchasing

considerations as warranties and service contracts and actual mileage. A list of appropriate enforcement agencies that deal with purchasing problems is also included. All information is presented in a simple, straightforward manner for the first-time used car buyer as well as the experienced purchaser.

The brochure advises consumers to shop around for the best deal and to read all paperwork before they sign. Problems such as odometer tampering, verbal promises, and buying at a fair price are also covered.

A major feature of "Buying A Used Car" is the Used Car Checklist. The checklist provides a handy listing of interior and exterior features for inspection as well as what to look for under the hood and during the test drive. The Consumers Council strongly advises that the checklist be completed with the assistance of a qualified independent mechanic.

Copies of "Buying a Used Car" are available free of charge by writing or calling the Michigan Consumers Council, 106 W. Allegan St., 414 Hollister Building, Lansing, MI 48933; telephone 517-373-0947.

Why Spend Another Summer Peeling?

Owning a house that needs improvements can really get under your skin. There's the peeling paint. The weather-beaten roof. Or the crumbling driveway. And that's not to mention the fabulous deck you've been thinking about building all winter. Well, with the Home Equity Line of credit from First of America, you can take care of all your home improvements simply by writing a check. That's because you apply only once. And after approval, your home improvement funds are ready to use. Whenever you choose to use them.

And at an attractive variable* annual percentage rate, we'll also waive the \$200 processing fee through June, 1987. As well as finance the closing costs of the loan. So send in the coupon, stop by or call us at 1-800-222-1983. Because when it comes to our Home Equity Line, all else pales by comparison.

We're Community Banks First.

Transportation In Michigan's History

"King Mud" Once Ruled The Roads

By Edward J. Boucher

Even as a territory before 1837, Michigan had a governor—never a king. Yet, references to a ruling monarch of sorts appear in writings of early state officials, notably Horatio S. Earle, the first state highway commissioner, who declared war on the "mighty monarch mud, who rules the road to the exclusion of everyone."

Why such a fuss over something so simple as mud?

To a large degree, the history of early roadbuilding in Michigan is a history of a fight against mud. When roads turn to mud, nothing moves, not even horses or pedestrians, much less motor vehicles.

With the exception of the western Upper Peninsula and a few other hilly areas, the first settlers found Michigan terrain flat to gently rolling—good news for roadbuilders, travelers and transportation.

The bad news was that Michigan, now nicknamed the "Water Wonderland," had 36,000 miles of streams and rivers to be bridged or forged, 11,000 lakes to be avoided and an estimated 11 million acres of wetlands to be circumvented.

Another impediment was the heavy clay loam soil that turns to mud every spring, and every time it rains. Testifying to the necessity of roads for survival in a new land, Nineteenth Century Michigan law required all male inhabitants over

The cost of maintaining plank roads put many private road companies into bankruptcy. By 1900, virtually all plank roads had disappeared.

King Mud was back. By then, however, roadbuilders were experimenting with brick, asphalt, stone, wooden blocks and combinations of clay, gravel and sand. Bricks were introduced in the 1870s and asphalt in the 1880s. Builders gave more attention to the road base and to draining water from roads before it could be churned to mud.

Clay for bricks was plentiful in Michigan and throughout the Midwest. Bricks were easy to replace and stood up well under traffic. It was easy to repair a brick road surface.

Brick surfaces, however, were rough and slippery when wet or covered with snow or frost. They played havoc with steel-rimmed wagon wheels and early motor trucks and cars with hard rubber tires. As vehicle speeds increased, more and more brick surfaced roads disappeared, usually under some form of asphalt covering. Some brick surfaces still survive in many cities and towns. Bricks, however, normally were used only in cities and towns, not on long stretches of roadway between cities.

Today, all of Michigan's 9,500 mile system of highways and freeways is paved with either concrete or asphalt as are nearly all of the 18,000 miles of city streets.

Only 39,000 miles of the 89,000 mile system of county roads are paved, leaving a 50,000 mile playground for King Mud. These roads are usually surfaced with mixtures of clay, gravel, sand or stone with improved drainage, making travel possible most of the year—give or take a little mud or dust.

For most Michigan motorists and transporters, the battle with King Mud has been won. The war, however, still goes on. Every spring, mud briefly rises from beneath pavements to create potholes to pester motorists. On the unpaved roads, mud sometimes makes a complete comeback, although usually only for brief periods.

There, motorists still get stuck and spin their wheels—and curse mud—just as their forebears did years ago.

MICHIGAN FESTIVAL SCHEDULE		MAY (Continued)	
1-3	Scandinavian & Indian Festival, Hart Plaza, Detroit	23-June 7	Rose Festival, Jackson
1-June 30	Brown Trout Derby, Tawas City	29-31	Around the World Festival, Hart Plaza, Detroit

Manchester's Annual Boat And Canoe Race

Spring has finally arrived in Michigan bringing with it clear skies, warm weather and plenty of sunshine. The arrival of spring always heralds the annual Manchester Amateur Boat and Canoe Race held on the historic Raisin River.

This race is jointly sponsored by the Optimist and Jaycees Club of Manchester. 1987 will mark the 21st anniversary of the canoe and boat race, which attracts hundreds of people throughout Southeastern Michigan.

Fellows Bridge is the traditional starting point for the race and is located on Sharon Valley Road, about two miles west of the junction of Sharon Valley Road and state Route M-52 at the north edge of Manchester. Sharon Valley Road begins right behind the Case International Equipment dealer.

The 1987 race will be divided into five different categories: 1. Ladies canoe open partner; 2. Open boat choose partner; 3. Man and woman canoe; 4. Open canoe choose partner; and 5. Father and child canoe. The race will begin promptly at 1:00 p.m., with the ladies canoe open partner group going first.

Entry fee for the race is \$5.00 per person. Children under 13 may register for free, but each canoe must have at least one

person aged 13 years or older. Registration forms are now available at Krauss Pharmacy in Manchester, or from Bruce Bates at 313-428-9616.

Trophies for first and second place will be given to the winners of each event. Free refreshments will be provided for all participants at the Knights of Columbus Hall (next to the Village Post Office) following the race.

Everyone is invited to attend this annual event, even if you don't plan to enter the race, it is fun to come and cheer the contestants on to victory from the Main Street Bridge.

Manchester Area Chamber Of Commerce

"Harvesting Hometown Jobs", a video presentation of ideas for fostering economic growth among existing businesses, will be shown at the Wednesday, May 13, luncheon meeting of the Manchester Area Chamber of Commerce.

The video was produced for the National Association of Towns and Townships.

A service representative of Michigan Bell has also asked to be on the program. The Chamber has prepared a form which can be used by local businesses to record telephone problems, and will be providing a tabulation and reporting service to increase the telephone service company's awareness of problems experienced by Manchester-area users.

The Chamber of Commerce lunch is served at noon at the K of C Hall. For reservations, call 428-7194 by Monday, 11. Cost of the lunch is \$4.00.

Kindergarten Round-Up

Manchester Community Schools will be holding Kindergarten Round Up on May 8th, at Nellie Ackerson School. Any parent of a child who will be five on or before December 1, 1987, is advised to contact Klager School at 428-8321 to receive Kindergarten Round Up information.

A Letter From California

Manchester Enterprise May 10, 1986

The following letter was written by Will Hough, son of M.H. Hough of this village, to his sister, Mrs. LaMar Brown of Ypsilanti. He is formerly of Litchfield, Mich., and is now agent for the Santa Fe road at Claus, not far from Oakland, Cal.

Claus, California Apr. 28, 1986

I expect the news since the 18th inst. has cured any desire you may have had to be in California. You are old enough to know better than believe all newspaper stories. I have received as postmaster, a prospectus of a new book, "The Complete History of the San Francisco Disaster and Mount Vesuvius horror." I wrote the Columbia Publishing House at Chicago this morning that I had looked it over and thought it

Free Skin Cancer Testing

The Michigan Dermatological Society, in cooperation with the American Cancer Society, will conduct free skin cancer screening examinations at Michigan locations Wednesday, May 27, 1987.

In Washtenaw County, a screening program is scheduled at Arborland Mall, from 10:00 a.m. to 6:00 p.m. For more information about other free examination sites, after May 13th, between 9:00 a.m. and 9:00 p.m., call the Skin Cancer Hotline at 1-800-ACS-2345.

"Skin cancer is the most common cancer in America," said Howard Dubin, M.D. President of the Michigan Dermatological Society and Clinical Professor in the Department of Dermatology at the University of Michigan. "Fortunately, skin cancer can be treated successfully if detected early. The free screening programs can aid in the early detection of the disease."

Participants in the program will be given a painless, visual examination of exposed skin areas by local dermatologists—medical doctors specializing in prevention, diagnosis and treatment of skin problems, including cancer. Free brochures will also be available, which discuss sunburn, wrinkles, premature aging of the skin, and skin cancer—which strikes over 500,000 Americans each year.

"We want to help people deal in a positive way with these problems," Dubin said.

Skin Cancer Detection Day is part of National Older Americans Melanoma/Skin Cancer Detection and Prevention Month, which runs from May 1 - May 31, 1987. All people, regardless of age, are encouraged to participate.

unfortunate that it was not accurate, but contained hysterical rumors which they had not taken time to verify; for instance, they print an illustration showing the Cliff House falling into the ocean with a fearful splash, while facts are that building was very slightly damaged. By the way, we visited that famous or perhaps notorious Cliff House, last summer and my impression was of a big, dirty, sour smelling, beer saloon on a windy coast.

I have revised my ideas of earthquakes. My early impressions derived from books were wrong. Earthquakes are nothing like as dreadful as writers lead us, or try to lead us to believe, in their efforts to make a good story. Still they shake hard enough so that I consider it unsafe to live in high buildings in this country. The tenant in our house in Oakland wrote that our chimney was ruined and much plastering broken off, but cousin

of the big wind mill tank, about 15 rods away. We lay where the quake were in bed while the quake lasted which was probably a full minute. We noticed we were swung on the bed springs feeling much like motion of a hammock. Our only sensation was wonder, no fear nor discomfort. As soon as it ceased I jumped up and stuck my head out of the window, but could see nothing at all unusual except the water still seeping out of the tank. I could see the Sierra mountains plainly but they looked just as usual. And they say that was the worst quake ever known in California.

There was some loss of life from falling bricks, etc., and of some big buildings in cities. The terrible fire following caused immense property loss but most of the people escaped. Railways and boats carried away free all who wished to leave as fast as they could handle them.

Donations of a great many cars of food, etc. were brought in and distributed, all free, and there was less suffering than there would have been in most any other place. I think they had a much easier time than those who were burned out at Chicago. Eggs are 12 1/2 cents a dozen and butter only 15 cents a pound in the Oakland market, right now, which is but half of the cheapest

Hit or Miss

Manchester, New York - 1,698
Manchester, Tennessee - 7,250
Manchester, Vermont - 583
Manchester, Indiana - 7,854
Manchester, Pennsylvania - 2,122

The other day a friend of mine was visiting at my home and was idly scanning a news item there in from Manchester, New Hampshire and on the next page an item from Manchester, Tennessee. Reading them over he remarked that places named Manchester seemed to be some what common, that he wondered how many towns there were named Manchester. So we got out a new Atlas which we had received a short time previously and decided that our readers might be interested in a list of these sister and brother places in these United States so here they are together with their populations:

We found that most of these Manchesters were founded by emigrants from England who honored their new homes with the names of their former homes. Most of the towns were settled in the migration from the east coast in the 1830-1850 period.

In our travels about the country we have found quite a few towns bearing fascinatingly curious names. Their derivations are fascinating in some instances and in other cases have been lost along the way. Among those long remembered are Jenkin - Jones, North Carolina; Cherubusco, Indiana; Bean Blossom, Indiana; Flin Flon, Northwest Territory, Canada; Sedro - Woollet, Oregon.

It was often asked if the friendship between Bob Hope and Bing Crosby was real, but Crosby once answered this by saying that there is nothing in the world I wouldn't do for Bob Hope and there is nothing that he wouldn't do for me. We spent our lives doing nothing for each other.
