

Transportation In Michigan's History

"King Mud" Once Ruled The Roads

By Edward J. Boucher

Even as a territory before 1837, Michigan had a governor—never a king. Yet, references to a ruling monarch of sorts appear in writings of early state officials, notably Horatio S. Earle, the first state highway commissioner, who declared war on the "mighty monarch mud, who rules the road to the exclusion of everyone."

Why such a fuss over something so simple as mud?

To a large degree, the history of early roadbuilding in Michigan is a history of a fight against mud. When roads turn to mud, nothing moves, not even horses or pedestrians, much less motor vehicles.

With the exception of the western Upper Peninsula and a few other hilly areas, the first settlers found Michigan terrain flat to gently rolling—good news for roadbuilders, travelers and transportation.

The bad news was that Michigan, now nicknamed the "Water Wonderland," had 36,000 miles of streams and rivers to be bridged or forged, 11,000 lakes to be avoided and an estimated 11 million acres of wetlands to be circumvented.

Another impediment was the heavy clay loam soil that turns to mud every spring, and every time it rains. Testifying to the necessity of roads for survival in a new land, Nineteenth Century Michigan law required all male inhabitants over

21 to perform work, or pay for work, on roads in their respective areas. The only exceptions stated in the law were "disabled veterans, paupers, idiots and lunatics."

Despite what was then an all-out effort to construct and maintain wagon roads, every spring—and when it rained—"King Mud" took over the roads, stopping all travel and transportation except by rail or water.

Early settlers fought back with brush, sticks, stones, hay and logs laid down on roads. The first real—although short lived—victory over mud came in 1837 when the Michigan Legislature granted a charter to a private road company to construct a plank toll road between Ann Arbor, Plymouth and Detroit.

In 1848, the Legislature passed a general plank road law, authorizing any company to build and operate plank toll roads. Lumber then was plentiful in Michigan.

The so-called plank road craze was on, with a total of 202 companies receiving charters for operation. Eventually, 1,179 miles of plank road were constructed and operated in Michigan.

For the first time in state history, horse-drawn and pedestrian traffic was free to travel during spring thaws.

Yet, water—and mud—began to demolish planks almost as soon as they were laid. Aided by Michigan's humidity, mud splashed up from the roadbed, preventing planks from drying. Under such conditions, planks had to be replaced every three years.

The cost of maintaining plank roads put many private road companies into bankruptcy. By 1900, virtually all plank roads had disappeared.

King Mud was back. By then, however, roadbuilders were experimenting with brick, asphalt, stone, wooden blocks and combinations of clay, gravel and sand. Bricks were introduced in the 1870s and asphalt in the 1880s. Builders gave more attention to the road base and to draining water from roads before it could be churned to mud.

Clay for bricks was plentiful in Michigan and throughout the Midwest. Bricks were easy to replace and stood up well under traffic. It was easy to repair a brick road surface.

Brick surfaces, however, were rough and slippery when wet or covered with snow or frost. They played havoc with steel-rimmed wagon wheels and early motor trucks and cars with hard rubber tires. As vehicle speeds increased, more and more brick surfaced roads disappeared, usually under some form of asphalt covering. Some brick surfaces still survive in many cities and towns. Bricks, however, normally were used only in cities and towns, not on long stretches of roadway between cities.

Today, all of Michigan's 9,500 mile system of highways and freeways is paved with either concrete or asphalt as are nearly all of the 18,000 miles of city streets.

Only 39,000 miles of the 89,000 mile system of county roads are paved, leaving a 50,000 mile playground for King Mud. These roads are usually surfaced with mixtures of clay, gravel, sand or stone with improved drainage, making travel possible most of the year—give or take a little mud or dust.

For most Michigan motorists and transporters, the battle with King Mud has been won.

The war, however, still goes on. Every spring, mud briefly rises from beneath pavements to create potholes to pester motorists. On the unpaved roads, mud sometimes makes a complete comeback, although usually only for brief periods.

There, motorists still get stuck and spin their wheels—and curse mud—just as their forebears did years ago.

THE MANCHESTER ENTERPRISE

120TH YEAR VOLUME NUMBER 29 USPS NO. 327-460 THURSDAY, MAY 7, 1987

Manchester's Annual Boat And Canoe Race

Spring has finally arrived in Michigan bringing with it clear skies, warm weather and plenty of sunshine. The arrival of spring always heralds the annual Manchester Amateur Boat and Canoe Race held on the historic Raisin River.

This race is jointly sponsored by the Optimist and Jaycees Club of Manchester. 1987 will mark the 21st anniversary of the canoe and boat race, which attracts hundreds of people throughout Southeastern Michigan.

Fellows Bridge is the traditional starting point for the race and is located on Sharon Valley Road, about two miles west of the junction of Sharon Valley Road and state Route M-52 at the north edge of Manchester. Sharon Valley Road begins right behind the Case International Equipment dealer.

The 1987 race will be divided into five different categories: 1. Ladies canoe open partner; 2. Open boat choose partner; 3. Man and woman canoe; 4. Open canoe choose partner; and 5. Father and child canoe. The race will begin promptly at 1:00 p.m., with the ladies canoe open partner group going first.

Entry fee for the race is \$5.00 per person. Children under 13 may register for free, but each canoe must have at least one

person aged 13 years or older. Registration forms are now available at Krauss Pharmacy in Manchester, or from Bruce Bates at 313-428-9616.

Trophies for first and second place will be given to the winners of each event. Free refreshments will be provided for all participants at the Knights of Columbus Hall (next to the Village Post Office) following the race.

Everyone is invited to attend this annual event, even if you don't plan to enter the race, it is fun to come and cheer the contestants on to victory from the Main Street Bridge.

Manchester Area Chamber Of Commerce

"Harvesting Hometown Jobs", a video presentation of ideas for fostering economic growth among existing businesses, will be shown at the Wednesday, May 13, luncheon meeting of the Manchester Area Chamber of Commerce.

The video was produced for the National Association of Towns and Townships.

A service representative of Michigan Bell has also asked to be on the program. The Chamber has prepared a form which can be used by local businesses to record telephone problems, and will be providing a tabulation and reporting service to increase the telephone service company's awareness of problems experienced by Manchester-area users.

The Chamber of Commerce lunch is served at noon at the K of C Hall. For reservations, call 428-7194 by Monday, 11. Cost of the lunch is \$4.00.

A Letter From California

Manchester Enterprise May 10, 1986

The following letter was written by Will Hough, son of M.H. Hough of this village, to his sister, Mrs. LaMar Brown of Ypsilanti. He is formerly of the Cliff House falling into the ocean with a fearful splash, while facts are that building was very slightly damaged. By the way, we visited that famous or perhaps notorious Cliff House, last summer and my impression was of a big, dirty, sour smelling, beer saloon on a windy coast.

I expect the news since the 18th inst. has cured any desire you may have had to be in California. You are old enough to know better than believe all newspaper stories. I have received as postmaster, a prospectus of a new book, "The Complete History of the San Francisco Disaster and Mount Vesuvius horror." I wrote the Columbia Publishing House at Chicago this morning that I had looked it over and thought it

unfortunate that it was not accurate, but contained hysterical rumors which they had not taken time to verify; for instance, they print an illustration showing the Cliff House falling into the ocean with a fearful splash, while facts are that building was very slightly damaged. By the way, we visited that famous or perhaps notorious Cliff House, last summer and my impression was of a big, dirty, sour smelling, beer saloon on a windy coast.

I have revised my ideas of earthquakes. My early impressions derived from books were wrong. Earthquakes are nothing like as dreadful as writers lead us, or try to lead us to believe, in their efforts to make a good story. Still they shake hard enough so that I consider it unsafe to live in high buildings in this country. The tenant in our house in Oakland wrote that our chimney was ruined and much plastering broken off, but cousin

plastering broken off, but cousin *has done written that chimney is cracked and there is a crack in plaster in parlor, but no plaster at all fallen or appearing to be loose.* The shake occurred 5:14 a.m. by my watch, April 18th. Florence and I were both wide awake when it came on, there was no noise, except the creaking of the timbers of the building, as it was shaken, and we plainly heard water falling as it was stopped out

of the big wind mill tank, about 15 rods away. We lay where we were in bed while the quake lasted which was probably a full minute. We noticed we were swung on the bed springs feeling much like motion of a hammock. Our only sensation was wonder, no fear nor discomfort. As soon as it ceased I jumped up and stuck my head out of the window, but could see nothing at all unusual except the water still seeping out of the tank. I could see the Sierra mountains plainly but they looked just as usual. And they say that was the worst quake ever known in California.

There was some loss of life from falling bricks, etc., and of some big buildings in cities. The terrible fire following caused immense property loss but most of the people escaped. Railways and boats carried away free all who wished to leave as fast as they could handle them.

Donations of a great many cars of food, etc. were brought in and distributed, all free, and there was less suffering than there would have been in most any other place. I think they had a much easier time than those who were burned out at Chicago. Eggs are 12 1/2 cents a dozen and butter only 15 cents a pound in the Oakland market, right now, which is but half of the cheapest

Hit or Miss

Manchester, New York - 1,698
Manchester, Tennessee - 7,250
Manchester, Vermont - 583
Manchester, Indiana - 7,854
Manchester, Pennsylvania - 2,122

The other day a friend of mine was visiting at my home and was idly scanning a news item there in from Manchester, New Hampshire and on the next page an item from Manchester, Tennessee. Reading them over he remarked that places named Manchester seemed to be some what common, that he wondered how many towns there were named Manchester. So we got out a new Atlas which we had received a short time previously and decided that our readers might be interested in a list of these sister and brother places in these United States so here they are together with their populations:

Manchester, Connecticut - 49,771
Manchester, Georgia - 4,796
Manchester, Iowa - 4,942
Manchester, Maine - 800
Manchester, Massachusetts - 51,511
Manchester, Michigan - 1,651
Manchester, Ohio - 2,513
Manchester, Maryland - 1,838
Manchester, Missouri - 6,191
Manchester, New Hampshire - 96,936

It was often asked if the friendship between Bob Hope and Bing Crosby was real, but Crosby once answered this by saying that there is nothing in the world I wouldn't do for Bob Hope and there is nothing that he wouldn't do for me. We spent our lives doing nothing for each other.

Senior Citizens News

Can it be May already? All the flowering trees and bushes are delighting our senses as we walk around beautiful Manchester. It is agreed that this is the only way to really see the details - get out and walk.

Our May birthdays will be celebrated on Thursday the 7th in the dining room of Emanuel UCC. If you were born in May and are at the magic age of 55 or older, come to a free lunch which will feature swiss steak and cake. Bingo will follow for those of you who wish to stay to enjoy the fun. It begins at noon and you are especially invited.

Monday, May 11 - Seniors will leave the Center at 9:00 a.m. on a shopping trip to Westland. Call Helen Knickerbocker 428-7239 if you wish to go along on our trips.

Tuesday, May 12 - Clergy presentation will be given by Pastor Carruth at 11:00, with fish almonde on the noon lunch menu. At 12:30, Julie Say from Chelsea Hospital will talk and show a film on Hypertension. This is also the date for Senior Power Day in Lansing (Correcting the calendar date of the 13th). Craft or sewing will follow Ms. Say's presentation.

Wednesday, May 13 - Seniors will leave the Center at 10:00 for the Saline Hospital Program and visit to our Manchester area folks at the Home. Chamber of Commerce luncheon meeting will begin at 12 noon for those in town.

Thursday, May 14 - Exercise at 11:00, followed by a ham loaf lunch and bingo will round out this day.

Looking ahead to Friday, May 15 - Local home visits will be

made to our shutins and departure time will be 1:00 p.m. from the Center. Come join this group as they make their way, you might meet an old friend. We wish you a happy Mother's Day on the 10th (and all year long!) When you honor your mom or someone else's, give her a hug and a beautiful day by your presence.

College News

Listed below are the many Manchester area students who are degree candidates for spring commencement exercises at their respective Universities:

University of Michigan - Melissa M. Bunney, graduating with honors, Bachelor of Arts; Siobhan R. Gorman, Master of Science.

Northern Michigan University - Colleen Burch, BSN in Nursing.

Wendy Watson, a senior majoring in art, received a certificate for outstanding student in art by the Art Division at Siena Heights College here.

Wendy is the daughter of Joyce and Barney Watson of Manchester.

Thirty-six Hope College juniors have been inducted into Mortar Board, a national honor society which recognizes students for scholarship, leadership and service.

The new member from the Manchester area was Kathryn A. Miller.

Notice

Due to the lack of a sponsor Ala-Teen will temporarily not be meeting on Wednesday, 8:15 p.m. at Emanuel Church.

Obituary

Kappler, Homer E. Cedar Knoll Rest Home Grass Lake, MI

Age 72, formerly of Manchester died Monday, May 4, 1987, at St. Joseph Mercy Hospital. He was born September 10, 1914, in Manchester the son of Reuben and Emma Wolfe Kappler.

He was a Army Veteran of WWII, and past Commander of the Manchester American Legion, Post #117.

He is survived by two brothers, Alvin and Robert both of Manchester; three sisters, Ruth Lauer and Edna Zoris both of Bradenton, Florida, and Margaret Higgins of Tecumseh. Several nieces and nephews.

He is preceded in death by three brothers, an infant sister, and an infant brother.

Graveside services were held Wednesday, May 6, 1987, at the Sharon Townhall Cemetery. Rev. Robert Macfarlane officiated. Military graveside services were also held.

Miss Majorette Of Michigan 1987

The Chelsea Baton Corps and Booster Club under the direction of Rita Wilson-Howard will sponsor the 1987 Miss Majorette of Michigan contest on Saturday, May 9th. The event will be held at the Chelsea High School beginning at 9 a.m., lasting all day and will involve baton twirlers from across the state.

The contest will consist of solo twirling, strut routines and modeling events for competitors ages 1 thru 20 years. In addition, an open baton twirling contest

Manchester Township Board

April 30, 1987

PROPOSED SYNOPSIS MANCHESTER TOWNSHIP:

Special Board Meeting, Township Hall, 7:30 p.m. April 30, 1987. All Board members present. Also John Oros and Cheray Chester representing Michigan Township Par Plan Insurances. Our insurance rates will rise approximately 10% for 1987-88. This does not include workmen's comp. Oros explained in detail many aspects of our insurance coverage. Chester and Oros departed at 8:47 p.m. It was noted that Burnham and Flower did not respond for insurance information that we requested. Budget for 1986-87 discussed. We have an extremely tight

budget for the remainder of the year. Due to lack of funds, mainly from the high cost of the transfer site and loss of Federal Revenue Sharing money, salt brine will not be applied this spring. Supervisor explained that 1987-88 budget will be even tighter and recommended that the Board consider imposing a 1% administration fee on the 1987 taxes. The other alternative would be to have a special election and ask for additional millage. The 1% would take care of the minimum needs for the Township. Amended General Fund budget for 1986-87 by unanimous roll call vote.

Meeting adjourned at 9:18 p.m.

Submitted by Wilma E. Lentz, Clerk Approved by Clarence L. Fielder, Supervisor

Training Session For Volunteers

The American Cancer Society's Lumpyectomy Education and Assistance Program (LEAP) is a peer counseling and support group for women who have had a diagnosis of breast cancer and for whom the treatment prescribed is a combination of lumpyectomy and radiation.

Women who have themselves had a lumpyectomy and radiation treatment and are interested in volunteering as contact visitors are invited to attend a training session at the Pittsfield Township Hall on Saturday, May 9, from 9:00 a.m. to 4:30 p.m.

For more information, please call the American Cancer Society Office at 971-4300.

Manchester Village Council

April 20, 1987

APPROVED SYNOPSIS: The regular meeting was called to order at 7:00 p.m. by Mayor Pro-Tem Tapping. The minutes of the April 6, 1987, meeting were read and approved as corrected.

Several pieces of correspondence were received and handled by Council. Council asked to have it made a matter of public record that we received notification of the request to have the Ownership of the Back Door Party Store transferred from Edgar Duane and Patricia Ann Todd, to Eldon D. and Marilyn M. Lamb.

Gerry Mann approached Council and requested an appearance in front of the ZBA Board. Hinkley entered at 7:16 p.m.

The following reports were presented and approved: Sheriffs Report, DPW Report, and the Managers Report.

Mr. Glen Burkhardt from McNamee, Porter and Seeley was present to discuss the April 15, 1987, letter from the DNR concerning the lack of a permit for the Riverside Pump Station Alterations. Mr. Burkhardt also presented Council with a letter of apology from McNamee, Porter and Seeley and a plan of action to remedy the situation.

Motion by Tapping, supported by Marshall, to replace damaged ceiling tiles and light fixtures in the Senior Citizens Hall. Roll Call Vote: Six-yes, Limpert-no.

Motion by Limpert, supported by Tapping, to pay Union Construction in the amount of \$59,236.00 subject to seeing a bonafided change order authorizing the work. Roll Call Vote: Ayes-all.

Motion by Limpert, supported by Becktel, that if there are any expenses resulting from McNamee, Porter and Seeley failing to get the Act 98 permit prior to the work being done that McNamee, Porter and Seeley be responsible. Ayes-all.

After some discussion Limpert offered a motion to include three houses on Clinton St. and three houses on Riverside, which would be the R2B Zone adjacent to the CBD. Roll Call Vote: Tapping-yes, Limpert-yes, Reinhart-no, Becktel-no, Harris-yes, Marshall-no, Hinkley-yes. Motion approved.

Tapping moved to accept Daniel Reinecks bid for \$355.00 per mowing, which showed a \$15.00 increase over last year, supported by Becktel. Roll Call Vote: Ayes-all.

Motion by Tapping, supported by Limpert, that there be no committees appointed the same as last year. Roll Call Vote: Ayes-all.

Wiedmayer presented a bid from Zimmerman to stripe lots and streets in the amount of \$1091.00. Moved by Becktel, supported by Harris, to accept the bid. Roll Call Vote: Ayes-all.

Limpert made a motion, supported by Tapping, to sign Tanners Quit-Claim Deed. Roll Call Vote: Ayes-all.

After reviewing the Blossoms claim and reading the letter from the Insurance Company, Tapping offered a motion supported by Harris, to pay the Claim in the amount of \$135.00. Roll Call Vote: Ayes-all.

Council Adjourned at 10:40 p.m. Constance M. Schaffer Village Clerk

Last Day of Registration SCHOOL ELECTION

NOTICE OF LAST DAY OF REGISTRATION OF THE ELECTORS OF MANCHESTER COMMUNITY SCHOOLS WASHTENAW AND JACKSON COUNTIES, MICHIGAN

TO THE ELECTORS OF THE SCHOOL DISTRICT:

Please Take Notice that the Annual School Election of the School District will be held on

Monday, June 8, 1987

The last day on which persons may register with the Appropriate city or township clerks, in order to be eligible to vote at the Annual School Election called to be held on Monday, June 8, 1987, is MONDAY, MAY 11, 1987. Persons registering after 5 o'clock, p.m., on Monday, May 11, 1987, are not eligible to vote at the Annual School Election.

Persons planning to register with the respective city or township clerks must ascertain the days and hours on which the clerks' offices are open for registration.

This Notice is given by order of the Board of Education.
Thomas G. Golding
Secretary, Board of Education

ADDENDUM

PLEASE TAKE FURTHER NOTICE that the Intermediate School Board of Washtenaw Intermediate School District, Michigan, has called a special education millage election to be held in the intermediate school district on the same day as the Annual School Election.

The following proposition will be submitted to the vote of the electors at the election:

SPECIAL EDUCATION MILLAGE PROPOSITION

Shall the 2 mills limitation (\$2.00 on each \$1,000.00) on state equalized valuation on the annual property tax previously approved by the electors of Washtenaw Intermediate School District, Michigan, for the education of handicapped persons be increased by 1.5 mills (\$1.50 on each \$1,000.00) on state equalized valuation?

Electors residing within the intermediate school district must be registered with the appropriate township or city clerk by 5 o'clock, p.m., on Monday, May 11, 1987, in order to be eligible to vote.

Orchestra Visits Klager School

As part of their grant supported educational outreach program, the Ann Arbor Chamber Orchestra performed for Klager students Thursday.

The program included a variety of musical pieces highlighting various parts of the orchestra. Music director, Carl Dachler, spoke to the students about each selection and directed their attention to different aspects of each piece the orchestra played. Each musician also talked about his/her particular instrument and briefly demonstrated its sound. What a fabulous performance!

The Ann Arbor Chamber Orchestra, led by director Carl Dachler, plays for Klager Students.

Klager students were fascinated to hear each instrument in the orchestra demonstrated.

**IF YOU DIDN'T CHECK 5 1/2%,
YOU'RE LOSING INTEREST.**

If your bank is like a lot of banks, they've lowered their savings account interest rate. Most in this area have. But at Citizens Trust, things are different. Our Statement Savings Account continues to pay a steady 5 1/2%... compounded monthly for an effective annual yield of 5.64%.

So what are you waiting for? The sooner you open a Citizens Trust Savings Account, the sooner you'll be getting the kind of interest you deserve: a full 5 1/2%.

Health Center Volunteers Needed

Want to make your summer count, both for yourself and others? Volunteer work at Catherine McAuley Health Center is a great way to serve the community, to learn new skills, get an inside look at Health Center professions and provide some of the extra help and care that is so important to patients and staff.

Information meetings will be held on Saturday, May 9, at 10 a.m. and Tuesday, May 12, at 7 p.m. for students who are at least 14 years of age, interested in volunteer work at the Health Center this summer. Both meetings (you need only to attend one) will be in the Education Center at St. Joseph Mercy Hospital at 5301 Huron River Dr. Teens need to be available for at least nine weeks between the time school ends in June and Labor Day.

There are a variety of jobs teens can do including work on nursing units, messenger and escort services, clerical jobs, library and information services. (Remember, having been a volunteer can greatly enhance a job resume or a college application.)

Please call 572-4159 for more information about this exciting and worthwhile way to spend some summer hours!

Search For Unsung Heroes Continues

Nominations are now being accepted for WCC's annual community recognition awards, established in 1981 to recognize those hard-working people who get plenty of results - but few accolades.

The deadline for nominations is May 15; winners will be announced at a reception June 17. The awards are given in four categories:

***COMMUNITY SERVICE AWARD** - recognizes someone who has given extraordinary volunteer service over a period exceeding one year.

***COLLEGE SERVICE AWARD** - honors Washtenaw County residents who have served WCC in an outstanding way.

***COMMUNITY ACTIVITY AWARD** - for college staff members who give uncommon efforts to improve life in the community beyond WCC's campus.

***ORGANIZATION AWARD** - recognizes volunteer or service organizations which provide exemplary service to the area beyond the scope of their normal activities.

A special committee of community residents and college staff will evaluate nominees and choose recipients.

Nominations in the form of a brief letter can be sent to the Office of College Advancement,

Room 232 Student Center Building, Washtenaw Community College, 4800 E. Huron River Drive, P.O. Box D-1, Ann Arbor, MI 48106. For more information call 973-3629.

Wildflowers To Blossom

Many of the wildflowers planted along state highways in 1986 will be visible this summer of Michigan's sesquicentennial year.

But before they appear, teams of Michigan Department of Transportation (MDOT) workers will start planting seeds in another dozen locations throughout the state.

Although the department encouraged the natural establishment of wildflowers for a number of years, actual planting was minimal until 1986 when it gained the support of the Federated Garden Clubs of Michigan.

The statewide organization has just given MDOT a check for \$9,500 completing its \$15,000 pledge to finance the planting of wildflowers along state highway rights of way.

Landscape contracts to beautify nine major highway entrances to the state will include the planting of acres of native Michigan wildflowers. Among them are black-eyed susan, lupine, blazing star and milkweed and a variety of asters, goldenrods and coneflowers.

Locations include Interstate 94 Freeway at New Buffalo and Port Huron, US-31 at Niles, US-131 at Three Rivers, I-69 at Coldwater, US-23 at Dundee, I-75 at Monroe and Sault Ste. Marie, and US-2 at Ironwood.

Dexter Homes Tour

There is much, old and new for young and old, to be enjoyed on the Homes Tour in the Dexter area May 15th. Sponsored by the Dexter Heritage Guild, the Tour includes eight houses and the Dexter Area Museum at 3343 Inverness Street in Dexter (near the green water tower.) Points of interest will be easily identifiable by outdoor signs, and can be visited in any sequence. Tickets for the Tour will be available at the Museum; donation \$5.50.

Proceeds go to the Dexter Area Museum. The time of the Tour is 10 a.m. to 4 p.m. and 6 p.m. to 8 p.m.

The Tour includes 1. Dexter Area Museum, 2. Wally/Bene Fusilier, 3. Gordon Hall (not open 6 p.m. - 8 p.m.), 4. May Mast., Home of Bill/ Martha Hill, 5. Bruce/Doris Waggoner, 6. Eddy/Janet Going, 7. Pete/ Nancy Walker, 8. John/Sandy Hansen, 9. Robert/Sherry Devine.

Michigan's History

In 1915, a concrete-cast structure replaced the wooden pavilion that surrounded the mineral well in Mineral Well Park on West Lake Street, Petoskey. Named the Bear River Gazebo, a mineral well in the middle of the gazebo once provided fill for people's water jugs. A bathhouse stood behind the pavilion where visitors from all over the country could bathe away their ills in its highly acclaimed mineral waters. In 1917, Vice President Thomas R. Marshall and his wife spent a month in Petoskey, visiting the well daily to partake of the

"health-giving" waters. Today, only one of the three mineral wells that existed in the area still provides water. Located about 12 feet from the Bear River Gazebo, a fieldstone artesian well drinking fountain still springs high-mineral-content water. Mineral Well Park is full of historical sites: the Mitchell Street Bridge, a World War I Memorial Garden and a Peace Pole. For more information on attractions in Petoskey, contact the Michigan Travel Bureau, 1-800-5432/YES or 1-800-722-8191 (TDD).

Boys Track

VANDERCOOK LAKE 86
MANCHESTER 51

Another good effort by our boy's team. But lack of depth in many events kept us from winning this one. Billy Day vaulted 9'0" for 2nd place to start the scoring. Darryl Kuebler took 3rds in the shot put 35'6", and discus 88'6". Jon Arney extended his unbeaten streak in the 300 lows in dual meets with a 42.3 clocking, and also won the 110 highs in a swift 16.0. Mike Brokaw and Allen Carson went 2nd and 3rd in the 100m. Then came back and took 1st and 3rd in the 200m, Mike 25.0 and Allen 25.8. Dan Platt won the 400m in 56.5. Brad Uphouse finished 3rd in the high jump. Nick Miller ran 5:18.1 for 1st place in the 1600m, and also placed 3rd in the 3200m, 12:39.5. Brian Weidmayer finished 3rd in the 1600m and also 2nd in the 3200m, 11:46.0. Our 800m relay team of Mike Brokaw, Jon Arney, Brad Uphouse and Dan Platt took 1st in 1:39.1. And our 1600m relay team of Brad Uphouse, Jon Arney, Dan Platt and Brad Wilson won in 3:44.9. Nice going boys.

MANCHESTER 86
GRASS LAKE 50

Finally, the hard work and dedication has paid off. Our boys beat Grass Lake in dual meet action Thursday. This was a total team effort and just what this team needed. Billy Day 2nd in the pole vault 8'0". Darryl Kuebler 2nd in the shot put 35'3". Denny Steele 2nd in the discus 107'11". Brad Uphouse 1st in the high jump, 1st in the long jump. 3200m relay of Nick Miller, Brian

Weidmayer, Steve Andrews and Jon Walz 1st in 9:37.2. Jon Arney won the highs in 15.9, the 300 lows in 41.6. Dan Platt won the dashes in 11.8 100m, 24.7 200m. He placed 2nd in the 400m 54.9 and ran on the winning 400 relay with Allen Carson, Mike Brokaw and Brad Wilson. Nick Miller won the 800m in 2:20.8 and was 3rd in the 1600m 5:22.0. Ryan Burkhardt 2nd in the 110 highs 20.7. Mike Brokaw 2nd in the 100m 11.9. Steve Andrews took 2nd in the 800m 2:21.7. Burkhardt 3rd in the 300 lows 51.1. Our 800 relay won in 1:38.3. Allen Carson, Mike Brokaw, Jon Arney and Brad Uphouse. The 1600m relay team of Allen Carson, Steve Samonek, Jon Arney and Jon Walz won in 4:00.2.

The biggest race of the day was in the 200 meters, where Dan Platt, Brad Uphouse and Mike Brokaw ran a picture perfect 1st, 2nd and 3rd place to sweep that event. All three of them were within 2 tenths of a second, Dan 24.7, Brad 24.8 and Mike 24.9. I knew this day would come sooner than later with this special group of youngmen. Congratulations Guys!

HUDSON RELAYS
Again the boys ran well. We brought home 12 medals from this one. Our sprint medley relay of Jon Arney, Mike Brokaw, Brad Uphouse and Dan Platt finished 2nd. The middle distance team of Nick Miller, Brad Wilson, Allen Carson and Lewis Major took 1st place. Our 1600 meter relay of Brad Uphouse, Jon Arney, Dan Platt and Mike Brokaw took 2nd for our last 4 medals. Nice job guys.

The Past Two Weeks In Sports

Girls Softball

Our girl's softball team took on the Warriors from Grass Lake and left the game victorious, 8-5. We were aided by an 8 run, 3rd inning explosion, ignited by Melissa Beasley with a 3 run double. Catcher Erin Davis had 3 hits and 2 RBIs on this day. *****

Our Girl's softball team split a double-header against the Trojans. In the first game, we won big, 12-2 behind pitcher Jennifer Barnard. Two or more hits were supplied by Kim Lockridge, Renea Drouare and Erin Davis. In the second game the tables were turned as East Jackson won 12-1. *****

On Tuesday, April 28, our girl's softball team met Hanover-Horton for a twin bill. Success was the name of the day as we won both games, 9-4 and 17-3. Lady Duteh with two or more hits were Rockie Weber, Erin Davis, Sara Samonek and Kim Lockridge. Winning pitchers were Nikole Reinhart in the first contest and Jennifer Barnard in the second. *****

Boys Baseball

Our boy's baseball squad fell 2-0 to Grass Lake. Hurler Tom Golding allowed only five hits and struck out 7, but still lost. *****

Our baseball squad took on the Panthers from Stockbridge on Monday, April 20. This contest went into extra innings tied at 5, but Scott Gross's double off the fence scored Bart Rickelmann to win 6-5. Jason Van Deven was the winning pitcher, relieving starter Brian Gebhardt. Brian slid into home plate, reportedly spraining his ankle. It was later confirmed that his leg was broken. Dutchmen having 2 or more hits were Brian, Shawn Nickerson, and Scott. *****

In the boy's baseball confrontation, East Jackson dominated taking both games of the double-header, 6-1 and 16-3. Dutchmen having two or more hits were Jon Kempfer, Shawn Nickerson, Bart Rickelmann and Greg Lee. *****

Also on Tuesday our boy's faced the Comets, but unfortunately dropped both contests, 11-2 and 12-9. Dutch having two or more hits Jason Van Deven, Bart Rickelmann, and Bryan Barnard.

Girls Track

On April 23, our girl's track squad was overpowered by Michigan Center. Kristin Houck was our only runner to win an event. She broke the tape first in the 100 yard dash in 13.66 seconds, and also placed second in

the 400 yard dash, and third in the 300 low hurdles. *****

Last Thursday was a big day in sports as our track squads hosted Grass Lake, and our baseball teams trekked to East Jackson. Congratulations go to our boy tracksters for posting their 1st season win. Our girls weren't quite so fortunate, as they were defeated 84-44. Amy Major had her best performance of the season, as she placed 2nd in the 200 yard dash, 3rd in the 100 dash, and 3rd in shot put. Krisitn Houck took a first in the long jump, was 2nd in the 400 yard dash, and 2nd in the 300 yard hurdles. *****

Summer Leagues Need Coaches

Manchester Summer Recreation is in need of people to help coach in their youth baseball and softball leagues. Any individual interested in helping coach Little League boys aged 10-12 years old, Girl's Slowpitch aged 13-15 years old, or Sandy Koufax baseball aged 13-14, should contact Jim Fielder at 428-7150. The leagues will start around the second week in June.

Dutch Trivia

by jon

The answer to the last Trivia question is: Rik Stetler, Varsity Baseball Pitcher.
This week's question is on Track - Who are these hurdlers??

A MOTHER'S DAY GIFT THAT INVESTS IN A LIFETIME.

This Mother's Day invest in the health and emotional well-being of a woman you care about. Give her a gift certificate for the MammaCare Breast Self-Examination Program at Saline Community Hospital. It's one of the best methods for detecting breast cancer early, when the curable chances are still near 100%*.

We are offering the complete MammaCare Program at a specially reduced Mother's Day cost of only \$35. This includes:

- A 90-minute, one-to-one training session.
- An instruction kit with a silicone breast model for practice.
- A return visit to perfect self-examination techniques.
- A lifetime telephone consultation service.
- A gift-certificate card and envelope.

To give the MammaCare Program for a Mother's Day gift, or for more information, just call us at (313) 429-1555.

Notice Of Public Hearing

Village Of Manchester - Zoning Board Of Appeals

A Public Hearing will be held before the Zoning Board of Appeals on Tuesday, May 19, 1987, beginning at 7:15 p.m. in the Council Room of the Village Hall, to hear comments on the Appeal of Gerry and Betty Mann, seeking a variance from the 15 ft. side set back to a 2 ft. side set back for the construction of a garage. A copy of the Appeal Application is available for inspection at the Village Hall during regular business hours. Persons wishing to comment on the proposed variance but unable to attend the Public Hearing may submit written comments either in person or by mailing to Constance M. Schaffer, Clerk, Village of Manchester, 120 South Clinton Street, Manchester, Michigan 48158. Written comments should be received no later than Thursday, May 14, 1987, at 4:00 p.m.

Leadership Week

This past week of April 27 - May 1, was the National Student Leadership Week. Because of this the Manchester Leadership class has been honoring students for leadership skills. We asked the sports coaches, club advisors and teachers to select students who they felt showed good leadership

qualities. We were looking for someone who has the respect of his/her peers for their dedication, honor, and loyalty to Manchester High School. Someone who makes our High School a better place because of their efforts and example for others. This would

be a person we would want representing our school and community anywhere and would be proud of them doing it.

ACADEMIC LEADERS:
 Ryan Burkhardt, Jamie Hall, Eric Creech, Jim Diedrich, Annette Schook, Dawn Wenk, Linda Hansen, Julie Post, Jackie Miller, Tracie Robichaud, Brandon Lenski and Heidi Huber.

A PUBLIC NOTICE

For too many years, the American Medical Association and its "constituent" state associations, being political organizations, have taken it upon themselves to put their stamp of "approval" or "disapproval" on anything and everything relative to health care. And too often, the vast majority of the public has accepted their pronouncements as an indisputable truth.

It is no secret that one of the tools the American Medical Association and its "constituent" state associations have used to ridicule and restrict Chiropractic has been their constant statement that a doctor of Chiropractic's education quantity and quality was inferior.

By their own admission, the American Medical Association has lost its credibility to take a position on anything outside the medical field. On November 17, 1986, the American Medical Association entered into a court settlement to eliminate a law suit brought against the AMA and the Iowa Medical Society for restraint of trade by over 120 Iowa doctors of Chiropractic.

As part of that settlement the American Medical Association freely acknowledged that they neither have nor had any knowledge of the content nor the quality of courses taught in Chiropractic college.

If the American Medical Association will promote a position on something as important as the competency of education of another health care profession without facts and then maintain that for years — how can any other opinion the American Medical Association has ever presented "in the public interest" be viewed as anything other than a political, self-serving statement for the benefit of its members at the expense of the general public.

HOW WELL EDUCATED IS YOUR CHIROPRACTOR?

Today's Doctors of Chiropractic Have Six or More Years of College

Have you ever wondered just how much education your chiropractor has? The facts may very well surprise you.

Today, at least six years of highly specialized college training are required to graduate and earn licensure, and chiropractic has gained recognition as a comprehensive, scientifically sound force among the healing arts. Only chiropractic concerns itself with the interrelationship of structure and body functions, and only chiropractic effectively utilizes natural, drugless methods of treatment — primarily spinal adjustments.

The Doctor of Chiropractic readily acknowledges that the early, formative years of chiropractic education — like those of medicine — left much to be desired. But this is true of every science and profession.

Look at these typical basic educational requirements for medical school graduates as compared to those for Doctors of Chiropractic.

Chiropractors must meet stringent educational requirements, including approximately 600 hours of externship, which qualifies them for licensure in all states and Canadian provinces. In many states, they must pass a basic science examination — the same examination that is given to medical students. They must also pass a rigid chiropractic board examination. And their state probably requires continuing educational seminars for annual license renewal.

If you have friends who are uninformed or misinformed about chiropractic education, why not share this knowledge with them. They, too, may benefit from today's scientific chiropractic care.

YOU ARE IN GOOD HANDS WITH CHIROPRACTIC!

Medical Class Hours (Minimum)	Chiropractic Subject	Class Hours (Minimum)

Herrick Open House

The Rehabilitation Program at Herrick Nursing Home proudly announces its fifth anniversary. To celebrate this event, an open house, unveiling the expansion of the program, will be held May 17th from 2-5 p.m. The program's mission is to teach each client to function to his/her maximum potential, to educate and counsel the families, and to raise public awareness to the problems of the traumatic brain injured and neurologically impaired.

Walt Jeryc O.T.R., Rehabilitation Coordinator for the unit, proposed the idea 6 years ago with the sponsorship and medical direction of Dr. Gordon Guild. The idea was to better coordinate physical, occupational and speech therapy treatments with nursing, medical care, and community and family efforts in the recovery and rehabilitation of these individuals. To this date a number of clients have been integrated into the community through the assistance of this program.

Wedding Bells Ring

Mr. and Mrs. Richard Mulcare

Mr. and Mrs. Dave Robison

The best man was Jay Strong of Manchester with the groomsmen Glenn Wiley of Manchester and the ushers being Brian Getty of Manchester and Bob Vriesman of Grand Rapids. The reception followed at the American Legion in Saline. The couple honeymooned in Datona Beach, Florida for one week. The couple now live in Saline, Michigan. The bride is a 1986 graduate of Manchester High School. The groom is a 1983 graduate of Manchester High School.

On April 25, 1987, Chris Getty of Saline and Richard Mulcare of Saline were united in marriage at the First Baptist Church of Saline with 200 guests present. The parents of the bride are Mr. and Mrs. Clark Getty of Manchester and the parents of the groom are Richard Mulcare of Manchester and Ms. Mary Ann Mulcare of Ann Arbor. The Rev. David Siegel of Saline performed the ceremony. The matron of honor was Mrs. Haifa Vriesman of Grand Rapids with bridesmaid Mrs. Trisha Wiley of Manchester.

On April 11, 1987, Kay Eversole of Manchester and Dave Robison of Saline were united in marriage. The parents of the bride are LaVern Eversole of Manchester and the late Annabelle Eversole. The parents of the groom are Helen Robison of Saline and the late Manley Robison. The wedding took place at the St. Paul's United Church of Christ in Saline with the Rev. Baldmann performing the ceremony. The bride carried a Cascade Bouquet of white carnations with wine roses and pink sweet heart roses. The brides matron of honor

was Dawn Neigebauer of Manchester, sister to the bride. The bridesmaids were Debbie Heskett of Oklahoma, sister to the bride; Jill Bondy of Saline, friend of the bride; Laura Honor of Manchester, friend of the bride and Karen Kuhn of Manchester, cousin to the bride. The grooms best man was Carl Bauer of Saline, friend of the groom. Ushers were Dale Finkbeiner of Saline, friend of the groom; Duane Finkbeiner of Saline, friend of the groom; Ron Weisenreder of Saline, nephew of the groom; Roger Roehm of Clinton, cousin to the bride; Mark Neigebauer of Manchester, brother-in-law to the bride and Howard Robison of Saline, brother to the groom. The ringbearer was Thomas Moore of Saline, nephew to the groom with the flower girl being Jennifer Heskett of Oklahoma, niece to the bride. The reception followed the ceremony at the Tecumseh

Products Union Hall with Joanne Roehm and Lisa Roehm of Clinton as the hostesses. The couple will reside in Saline. The bride is a graduate of Manchester High School and is working at Xycorn in Saline. The groom is a graduate of Saline High School and is working at Tom Nowatzke Sales in Milan as a Trailer Mechanic.

Calling All Bikers

St. Jude Wheels For Life Bike-A-Thon needs you! Join the ride, Saturday, May 16, with a rain date of May 23. Contact your neighbors, get sponsors and ride to help St. Jude Children's Research Hospital, the largest treatment and research center for childhood cancer. Be a partner in the exciting ride for success. If you can't ride let the riders know that you care, by supporting the Wheels For Life Bike-A-Thon. You'll be sending the message loud and clear. Childhood cancer can be cured. Join hands with St. Jude Children's Research Hospital and Manchester. Your generous pledge encourages the bike riders while demonstrating to children with cancer your friendship is real. Say yes for Wheels For Life. Sponsors sheets may be picked up at Manchester IGA and the schools or call 428-8083.

A Letter From California

price we ever paid there. San Francisco was a very profitable market for the farmers here and they have lost that market for the present, as most of her population is now receiving food in plenty without money and without price. It will be soon built up again. There will be insurance money to pay for nearly half, I guess, and there were some very rich men there and lots of gold. They have more chance to invest it now and they will. I still think Michigan where you are, is a pretty good place.

Will.

How do you get premium homeowner's insurance at a discount?

No problem.

Auto-Owners Homeowner Policy discounts do just that. There are a number of premium discounts you might qualify for, and they could reduce your costs by as much as 40 percent! Get broad homeowners coverage, from a reputable source—at the price you want. Just ask your "no problem" Auto-Owners agent about homeowner's discounts. It's no problem with Auto-Owners.

Cards Of Thanks

A special thank you to all the businesses who purchased ads in our program for Miss Majorette of Michigan to be held May 9th at Chelsea High School. These ads will help defray the extra expenses of six out of state judges, trophies and medals. Thanks for your support. Chelsea Baton Corps

The Middle School Boosters would like to thank all those who helped us have another successful car wash.

The Emanuel Church, High School, Middle School, Village of Manchester, Ted Stautz, Bakers Dozen, Kleinschmidt's, Napoleon Lawn and Leisure, State Highway Department, Manchester Fire Department, High School Athletic Department, Manns Feed Mill, K of C Hall, Back Door Party Store, Manchester Enterprise, Jim and Carol Wiethoff, Ron and Erica Frye.

All area businesses that let us put up posters and flyers. All who helped wash cars and of course all who had their cars washed.

John A. Clark

Our sincere thanks to the many friends, relatives, and neighbors for their prayers and support during the long illness of our beloved husband, step father, and grandpa, for all the cards, donation's, flower's, food and the nice dinner the American Legion Auxiliary post #117 put on. A special thanks to my good friend Grace Hanson, Nurse Valerie Hancock, Dorothy Boath, Dr. Kielharn, Rev. McKenzie and Jenter Funeral Home. God bless each and everyone.

Money Management

Financing Your Debt - The New Math

(Prepared by the Michigan Association of Certified Public Accountants).

It used to be simple... If your old car absolutely refused to go another mile and you needed money to buy a new one, you went to the bank for a car loan. If the coat you've been dying to buy just went on sale and you didn't have enough cash to pay for it, you might charge it to your credit card. And if the tuition cost at the college your son has selected is out of your reach, a student loan was the usual answer. But, according to the Michigan Association of CPAs, the old ways of financing your debt may not make the most sense these days, particularly in light of the new tax laws.

First and foremost, the new tax law calls for a phasing out of the deduction of interest costs for consumer debt. Consumer debt includes credit cards, personal loans, student loans, car loans and loans against life insurance policies. For 1987, only 65 percent of the interest paid is deductible. In 1988, the amount deductible drops to 40 percent; 20 percent in 1989; 10 percent in 1990. As of 1991, no portion of the interest paid on consumer debt will be deductible.

The new tax law will make all consumer credit more expensive, but the most expensive of all will be credit cards. Although the time has come to reexamine financing tactics, changing people's borrowing habits may be difficult. Let's face it, the American consumer loves plastic. It's easy and it's convenient and lenders know this. While other interest rates have dropped dramatically, credit card charges have not. The average credit card rate at the beginning of this year

was just under 18 percent.

But with the phasing out of interest cost deductions, now it's wiser than ever to use your credit card as a convenience only. By charging purchases during the month and paying off your total balance within the bank's grace period, you can avoid interest charges. If this is feasible within your budget, you should look for a card with a generous grace period. If you plan to pay your balance in full every month, the interest rate the card carries doesn't matter because you won't be charged any interest. On the other hand, if you plan to extend your payments over a period of time, it's to your advantage to shop around for the bank with the lowest annual percentage rate.

Or, better yet, maybe you should look into a home equity loan. Although home equity loans may not be right for everyone, they certainly have become the hottest ticket in town.

For the uninitiated, your home equity is the appraised market value of your house less the amount of any outstanding mortgages. A home equity loan, then, is basically a loan or line of credit, secured by a mortgage on your home. You may use a home equity loan for any purpose - to buy a car, finance a vacation or consolidate your debts.

Generally, lenders will allow you to borrow from 75 percent to 80 percent of your equity. Many of these loans carry a variable rate which changes monthly. And because the loan is secured by your home, the rate can be quite low. The index most often used by banks is the prime rate, with most equity loans priced at 2 percent over prime. The fees banks charge for opening a home equity credit line vary. Some banks charge no fee at all, while the fee and closing costs at others range from a few hundred to a

few thousand dollars.

Once your loan is approved, you can borrow against your line of credit by writing a check or presenting a special credit card. You can borrow as often as you like, as long as you don't go over your credit limit. Interest is charged only on the amount borrowed.

But why, you ask, has the home equity loan suddenly taken on a new importance as a financing tool? Easy... Since this kind of borrowing is secured by your home, the interest you pay is fully deductible, as opposed to consumer credit interest which is only partially deductible. So an equity loan can provide substantial amounts of low cost, tax-deductible credit. The new tax law allows you to deduct, as mortgage interest expense, any interest paid on home equity loans up to the original purchase price of your house less the amount you owe on your mortgage, plus the cost of all improvements you have made. In mathematical terms:

PURCHASE PRICE - MORTGAGE BALANCE + HOME IMPROVEMENT COSTS = AMOUNT OF ADDITIONAL DEBT FOR WHICH MORTGAGE INTEREST WOULD BE DEDUCTIBLE.

An example: If you bought your house for \$100,000, have a mortgage balance of \$70,000 and made \$10,000 worth of improvements, you would be able to deduct the interest payments on a home equity loan of up to \$40,000.

Put another way, you may deduct all of the interest paid on your mortgage and your equity loan, provided that the total amount owed doesn't exceed the purchase price of your home plus the cost of improvements made.

Note: The tax treatment for

amounts borrowed above these limits is dependent on how the proceeds are used. If the amount is used for medical or educational expenses, the interest cost are fully deductible.

It is important to keep in mind that, since you're borrowing against the equity in your home, you run the risk of losing your home if you cannot repay. But if you're confident that you are borrowing within your means and can meet the lender's repayment schedule, a home equity loan can be a wise choice.

Keep in mind that at some point in the future, Congress may change the rules on home equity line of credit tax deductibility.

CPAs advise that there are many variables to be considered and factors to be weighed in deciding how you might best finance your debt. Because everyone's borrowing needs and circumstances are different, you might want to consider getting expert assistance.

Poppy Days May 15th & 16th

"Little flower of red
Proudly lift your head
You're the symbol
of heroes brave
Each poppy fair is for
a boy over there
Made by others
whose lives were saved
Let us help them live
Let us gladly give
For the Poppy of Sacrifice."

Alyssa Chartrand

On May 15 & 16 the red crepe paper poppy will be offered to the public by the American Legion and the American Legion Auxiliary. The remainder of the sacrifice of countless thousands in four wars is an annual event undertaken by the members of Emil Jacob Post #117 and the Auxiliary in Manchester. As we wear our poppies, we are reminded of our nation's war dead. We must also remember this is assisting the wars living victims. The poppy speaks to those who pause to hear its Message. It tells of the disabled veteran and the needy child, who will receive assistance from the Poppy Program. The poppy begins to assist before it leaves the hands of the disabled veteran. Making poppies helps speed the long hospital hours. For many it offers the only opportunity to earn money during the year.

The American Legion Auxiliary Unit #117 announces Alyssa Beth Chartrand as Miss Poppy for 1987. Alyssa is the daughter of David and Marsha Chartrand of Manchester, and is in the first grade at Klager School.

Alyssa is a member of the American Legion Junior Auxiliary, and is a Brownie in troop #729. She is on the stage crew in Klager's Play club production of "The Little Red Hen".

Alyssa's hobbies are reading, dance and camping.

Fire Destroys Senior Buses

By Becky Doyle

Both Senior Citizen buses, a DPW jeep and a garage owned by the village were destroyed by fire late Monday afternoon. The building, was used to store an orange jeep used by the Department of Public Works as well as the buses and miscellaneous village equipment. It is located on North Macomb Street behind the Senior Center.

Damage estimates were not available by press time and Mike Scully, Manchester Fire Chief, could not comment on the cause of the blaze.

"It's still under investigation by the Department," said Scully. "The State Fire Marshal won't be here until Wednesday, and by then we'll know more."

He added that he was sure from examining the ruins that arson was not a cause and he expected further investigation to confirm his own conclusions about the blaze, but was not yet ready to release those conclusions.

DPW employee Gary Wiedmayer said that the building was used for storage of fire hydrants, manhole covers, signs and other village equipment. He had no estimate of the amount of damage to village equipment until a physical survey could be made of the premises.

The building and vehicles were covered by insurance.

Brickmaking

One Of The Early Industries Of
The State Of Michigan.

Manchester Enterprise
April 10, 1924

The brickmaking industry of Michigan is one of the most important of its many diversified manufacturing interests. It began operations in 1826 when Titus Dort built the first brick plant in the state, located about a mile from the present financial center of Detroit. From this location the site of the plant was changed to a point on the Rouge River, near Detroit, which river runs through one of the richest and most abundant clay belts in Michigan. The early product of Titus Dort's brickplant was used to construct the arsenal buildings at Dearborn, which were built in the 30's, several of which still remain.

The advances made by the brickmaking industry during the first two decades after its introduction into the state were of little consequence, and outside the addition of a few small plants, remained at a standstill. The processes of manufacture are simple and only a meagre capital investment was necessary in the way of buildings and productive equipment. During the pioneering era farmers near

Detroit contributed a portion of the brick output, making an occasional batch now and then which they carted to the city and sold to individuals for purposes of building chimneys, fireplaces and the like. Brickmaking was engaged in by them only as a part time employment, however, by which they were enabled to acquire a little extra pin money.

The production of bricks was accomplished by mixing the materials into plastic form by hand. When in workable condition it was shaped in small box moulds. After removal from the molds the bricks were placed out in the open to dry, and the firing process, giving the bricks their hardness, and power to resist pressure, was performed in crudely devised kilns, cordwood being used as fuel.

Pioneers settling in the interior of the state first erected log

Celebrates 100th Birthday

Mrs. John Wallace Sr. (Mary) of Manchester celebrated her 100th birthday at an open house given by her children, on May 10, at the Knights of Columbus Hall in Manchester. Mary was born on May 5, 1887. Father Raymond R. Schlinkert was present to celebrate the special birthday mass. Attending were Mary's

children, John and Genevieve Wallace of Manchester, Dale and Mary Wallace of Clark Lake, and George and Becky Wallace of North Carolina. Mary has one son Vincent, who is deceased. Also present were 13 grandchildren, 24 great-grandchildren and 4 great-great-grandchildren. Mary now resides at the Saline Evangelical Home.
