Give Credit Where Credit Is...

(Prepared by the Michigan Association of Certified Public Accountants.)

Need Cash? Want to borrow some money? If you're a regular borrower with a few paid-up loans under your belt and a wallet full of credit cards, chances are you'll have no trouble borrowing money. But, if you've never had the need to borrow money or buy on credit, you could be considered a poor credit risk. Why? Because the Philosophy of many lenders can be characterized by a slight modification of a familiar saying, "Give credit where credit is..." It seems that those with credit can get more and those without must first prove themselves. A prudent policy, no doubt, but one that can make life difficult for the first time borrower.

To avoid being faced with a problem when the need for credit arises, the Michigan Association of CPAs suggests that you establish a credit rating in advance of your need. Whether you're newly-married or newly-single, if you've never had credit in your name, you should start working on establishing a credit rating.

When you apply for a loan or credit card, lenders turn to credit bureaus to check on your status as a borrower. Contrary to what many people think, it is not the credit bureau who decides how good or bad a credit risk you are. It simply collects information about you and sells it to lenders who then determine whether they think you are credit worthy based on their standards or credit scoring system. Your credit file generally contains basic identifying information like your name, address, Social Security number, date of birth, employment history, etc. The credit bureau knows where you have loans and how timely you are about repaying them. They keep track of any judgments filed against you and whether any of your bills have been turned over to a collection agency.

Obviously, if you've never used credit, a credit bureau cannot report on what kind of payer you are and therein lies the problem. With no credit history to rely on, a lender may be reluctant to provide you with a loan.

To establish a credit rating, you should start small. Begin by opening a savings and checking account at the same financial institution. While this does not actually establish credit, it does develop a banking relationship. And later you may apply to this institution for a credit card.

Normally, the easiest credit cards to get are those with a single purpose - perhaps a department store or a gasoline company. Apply to stores of companies where you tend to shop most often. If your application is approved, your credit limit will, as a rule, start off low - maybe just \$500. But as you demonstrate your credit worthiness, it's likely the store will increase your credit line.

Once you receive your credit cards, be sure to use them. Just having been granted a credit card does nothing to establish a credit rating. You must use your credit and demonstrate a pattern of timely repayment. If you're using a credit card strictly to establish a credit rating and don't want to be faced with interest charges, be sure to pay your bill in full each month within the grace period allowed. And, be careful not to exceed your credit limit.

After a period of using and repaying on your cards, you are ready to apply for a national bank credit card such as MasterCard or Visa. Your chances of approval may be best at the financial institution where you opened your savings and checking account. Again, you'll probably be given a low credit limit to start, with increases as your reward for prompt payment. Bank credit cards may carry more weight on your credit rating than store charges because they are more difficult to obtain.

There are those who advocate that you should apply for a

personal loan as another step toward establishing a credit rating. But, if you don't really need the money, this may be costly, since there is no grace period for interest charges. If you do decide to take out a loan for the sole purpose of establishing a credit rating, deposit the loan proceeds in an interest-bearing account. This way the interest you earn can help offset the interest you will pay. Keep in mind you will probably have to pay income tax on the interest income and the tax reform act phases out the deduction for interest paid.

After you've gone through all the trouble of establishing credit, you'll want to continue to use your credit in a sensible manner. Don't have any more cards than you need and don't get into any more debt than you can handle. Most experts agree that your credit debts (excluding mortgage and car payments) should not exceed 10% of your take-home pay.

Be selective in choosing the right form of credit to meet your borrowing needs. The right choice can save you a significant amount of money. Shop around for the best deal in credit cards. If you use your credit card mainly for convenience and pay your bill in full each month, you need not be very concerned about the annual percentage rate on your card because you will not be charged interest. You should look for a card with no fee and a long grace period. But if you tend to stretch your payments out, it's to your advantage to find a card with a low interest rate.

You should keep receipts for all charge purchases until your bills come in and then check your receipts against the bills. Many billing errors have been discovered this way.

It's a good idea to prepare a list of all your credit cards, with

account numbers and the address and phone numbers of the banks or stores that issued them. Keep this list at home in a safe place. If your cards are lost or stolen, immediately notify everyone on your list. When you call, note the date and time and get the name of the person you spoke to. Then follow up your call with a letter.

CPAs urge you to establish a credit rating in advance of your need and once you have, make every effort to keep your rating unblemished.

The Michigan Association of CPAs (MACPA) has a brochure available to individuals interested in learning more about credit cards. To obtain a complimentary copy of "Choosing a Credit Card - These 25 Tips May Save You Money," write the MACPA at P.O. Box 9054, Farmington Hills, MI 48333.

## Seegert Ends Career As Two-Time All-American

For the second time in her four-year career, senior Alicia Seegert of Manchester, Mi, has been named to the NCAA softball All-American team. Seegert and teammate Vicki Morrow were both selected to the second team All-American squad. Last season, Seegert became the first Michigan player to be chosen an All-American as a first team selection.

Seegert added first team All-Big Ten and All-Mideast Regional honors to her growing list of accomplishments. In each of the past three seasons, Seegert has been named to an All-Big Ten team (1984, '86 first team, 1985 second team). Seegert was also recognized by the University of Michigan as the recipient of the 1987 Marie Hartwig Award signifying Michigan's Female Athlete of the Year.

In her four years at Michigan, Seegert established herself as one of the most prolific offensive players in the school's history. To say Seegert rewrote Michigan's recordbooks would be an understatement. She holds both the single season and career marks for at bats (194/665), hits (72/240), doubles (10/28), home runs (5/11), RBIs (36/96), and career average (.360).

1987 marked the final season for Seegert in a Michigan uniform. As was the case in her freshman and junior seasons, Seegert led the Wolverines in batting (.351). She also was the team leader in triples (4), and was second in runs scored (30), doubles (4), and stolen bases (8). Seegert connected for two or more hits in 20 of Michigan's 56 games. Big Ten opponents were the

## Annual School Election Monday, June 8

The Annual Election of the Manchester Community Schools will be held on Monday, June 8, at the high school. The polls will be open from 7 a.m. to 8 p.m.

Voters will be asked to determine a millage increase for the Washtenaw Intermediate School District. The proposition is:

**Washtenaw Intermediate School District, Michigan Special Education Millage Proposition**

Shall the 2 mills limitation (\$2.00 on each \$1,000.00) on state equalized valuation on the annual property tax previously approved by the electors of Washtenaw Intermediate School District, Michigan, for the education of handicapped persons be increased by 1.5 mills (\$1.50 on each \$1,000.00) on state equalized valuation?

This millage would run INDEFINITELY.

There are 2 four year seats on the Board of Education to be filled. John T. Gaughan and Paul Kluge are running unopposed for the vacancies. Vote Monday, June 8.

## Hotel Men Do Lack Loyalty

Claim Made By Agricultural Commissioner L. W. Watkins At Lansing.

Manchester Enterprise August 16, 1923

Lansing, Aug. 14. - Restaurant and hotel keepers of Michigan display a deplorable lack of loyalty to the agricultural products of the state, according to L. Whitney Watkins, state commissioner of agriculture, who is advocating a comprehensive campaign to advertise Michigan's agricultural products to tourists who come to Michigan.

"Michigan produces more than a million bushels of cherries annually and I believe our sweet cherries are the best grown in the country, yet in the hotels throughout the Grand Traverse region, the heart of the cherry belt, we find it impossible to procure a dish of sweet cherries and fresh cherry pie seems to be unknown," said Mr. Watkins.

"The same thing holds true in the grape belt. During the height of the apple, peach and plum season last year it was impossible to buy these fruits in our hotels because inferior imported fruits were being served. One of the members of the agricultural

by farley wasn't their fault. After analyzing the excuses of both groups it was found that those who were gloomy and depressed were right - that they were at fault but they couldn't accept it and they had to find someone else to blame it on.

One prominent psychologist said that those who had the gloomier outlook on life blamed only themselves for their miserable performances. However those who meander happily through life with smiles on their faces usually found some other reason for their failings.

They blamed their teachers for not doing a good job or for being unfair or that some distraction had prevented them from doing their best work. It just

## Groundbreaking Ceremony Held For New Gazebo

Groundbreaking ceremonies were held at 2:30 Sunday afternoon for the new gazebo planned for the community and to be located on the Commons near Main and S. Macomb Streets. The old one was portable and could be moved from location to location as needed. No doubt many readers can remember Frank Lowery doing this for the Village when he was their maintenance man. It is hoped the new gazebo will serve the same community functions from its permanent location on the Commons.

The gazebo has been designed by Hobbs and Black, Ann Arbor Architects. Twenty feet in diameter and built with two access stairs, it will be constructed of maintenance free materials, provided with electricity, crowned by a weathervane custom fabricated by local blacksmiths and fitted with a memorial plaque.

Council convened as Zoning Board of Appeals at 7:15 p.m. After reviewing Gerry Mann's appeal Tapping offered a motion, supported by Harris, to allow Mr. Mann to build the garage as planned if he would move the garage over 2 feet, which would put the garage 4 feet from the property line. May 16, 1986

Re - Insurance on Senior Citizens Bus

In accordance with our conversation on May 14, 1986, I want to pass on to you the following information.

After checking through our files and talking with Mr. John Oros, Municipal Consulting Managers Inc., and Mr. Robert Travis, Village Attorney, I have come to the conclusion that we can continue to insure the 1978 Dodge Van but you will have to get your own insurance on the 1983

Forti-Bus. I recommend that you do this immediately. Please send a copy of your insurance to us for our records.

If I can be of any further help please let me know.

Sincerely Yours,  
Constance M. Schaffer  
Village Clerk

The following actions are among those taken by Council: The Council voted to support the concept of the development of the Industrial Park. Council agreed to close Main St. and Adrian St. the alley from 6:00 a.m. to 6:00 p.m. on August 1, 1987 for the street fair. It was decided not to approve Change Order #2 to Union Construction until Naimowicz had a chance to check to see if the Engineers responsibility to handle the changes.

Council decided that people renting the K of C Hall should apply for a Parking Permit that would allow them to park on the Street after 2:00 a.m.

The Water Tower Bids were received, filed and passed on to the Engineers to review. Council gave their permission to allow the churches to set up tents in Wurster Park to be used for Vacation Bible School from 7:00 a.m. to 8:30 p.m. on July 27, 28, 29, and 30.

After reviewing the first draft of the Water Only Meter Ordinance, Council asked to have the words (Unsewered Water) added to help clarify the meaning.

Council discussed roofs on three different buildings that may need repair.

# Letter To The Editor

A first class Artistic evening was presented at the Manchester High School with the bands Spring Concert and the Spring Arts Festival.

The concert began with the High School Brass Ensemble. "A Purcell Suite" on trumpet: David Hemmang and Cheryl Blumenauer; Trombone - Sarah Corwin; Euphonium - Amy Fielder; Tuba - Karl Schook. You were great.

They were followed by the Middle School Band 7th and 8th graders. I believe every adult had a toe tapping. They played with such bounce and pride. After all the 8th graders were No. 1 this year, you were outstanding. Congratulations. Stacie Williams received the eighth grade Directors Award, she also played a solo "Daises" with Jackie Miller at the piano. Beautiful Stacie.

The fifth grade band played "Best in Class". Miss Hurbis accompanied them on a flute at the piano was Dayna Hock. Your band was so good and the applause was great.

They were followed by "Concerto for flute in G", soloist Krista Sahakian, piano Jackie Miller. Beautiful Krista.

Then came the sixth grade, they have a good size band. They are really good!! We may have a new winner on the way.

Then they were followed by soloist Cheryl Blumenauer singing "You Light Up My Life", piano Dayna Hock. Beautifully done Cheryl.

Then we had a piano solo by Jackie Miller "Pagodas" by

Debussey. beautiful, beautiful Jackie. I would like to congratulate all the soloist in the program for their confidence and poise, you were great.

Then came the greatest, the High School Band, two time winners with a very special treat, Mr. Eric Becher, Director of the University of Michigan Marching Band. He conducted the band in "Block M", thrill, thrill.

After their concert, awards were given by Band Director Miss Hurbis who received gifts and gave awards. Their hearts were in their voices as they spoke. John Phil Sausa Award of excellence in Music to Robert Gillow; Harmony Award to Heidi Haselschwerdt; Musical Excellence and Leadership Award to Amy Fielder. Red carnations were given to teachers assistance. David Hamming, Alton Gehring, Colin Anderson, Heidi Beasley, Heidi Haselschwerdt, Dayna Hock and Amy Fielder.

The three seniors were given gifts from Miss Hurbis, Heidi Haselschwerdt, Kerry Mann and Robert Gillow.

Mr. and Mrs. Hurbis were present and were very proud of their daughter, as we all are in Manchester. She is a gem. Congratulations Miss Hurbis for the best Spring Concert we have ever had.

The Spring Arts Festival was breathless, the beauty the students put on paper, you had to see it to believe it. Many people wanted to buy pictures. I hope they are displayed around town to

share with the people that missed the Art Festival.

## LEAGUE MEET

Great efforts in this one! This league is strong in track, and we finished with 43 points good enough for 5th place. Our 2 mile relay team of Lewis Major, Nick Miller, Steve Andrews and Brian Weidmayer finished in 3rd place in 9:31.6 and earned All-Conference honors. Brad Uphouse in his first year of track took home All-Conference honors in the high jump, placing 3rd overall and jumping 5'9". Jon Arney showed the league who was the best 330 low hurdler by winning the event in 40.1, thus being crowned "League Champion". He then took All-Conference honors again by finishing runner-up in the 110 high hurdles, in 15.7. The mile relay team of Brad Uphouse, Jon Arney, Dan Platt and Brad Wilson ran away from everyone in being named "League Champions" in 3:37.0. Again getting All-Conference honors. The closest team to them was Michigan Center in 3:42.6 Congratulations

## JACKSON COUNTY MEET OF CHAMPIONS

This meet is for the top 8 runners in each event, in the Jackson County area. Class A, B, C and D schools are all part of the meet. Running against each other. Jon Arney qualified for the 110 high hurdles, and 300 low hurdles. He finished 6th in the 110 high in 15.9. Then in the 300 lows he finished 4th in a time of 40.1. This earned Jon All-Jackson County honors. This is a quite an accomplishment considering he's running against the best from the larger "A" schools, and other "B", "C", and "D" schools. A perfect honor for a very special youngman. Congratulations Jon!!!

## STATE MEET

### Jon Arney Places 12th

Jon Arney ended an illustrious career here Saturday by placing 12th in the 300 low hurdles, in 40.3. Not his best time of the year, but an outstanding performance for someone who has come down with Hay-Fever and ran in 90° heat in that condition. In the 110 high hurdles Jon didn't place, but he defeated our "Regional Champ", and our "League Champ" in that event, to avenge some earlier losses. The community should be proud to have someone like Jon representing them at the State Championships.

# Dutch Spring Sports

by Jon

On Wednesday, May 20, our girls met Vandercook Lake in a double-header. Our bats were booming to the ringing of 28 hits, scoring 27 runs to sweep the Jayhawks. Winning pitcher Jennifer Barnard, now 9 and 5, was aided by Sara Samonek's 5 RBI attack. In the nightcap, we won 15-5 by a 16 hit onslaught by Sara Scully, Kim Lockridge, Nikole Reinhart, Heidi Minick and Sara Samonek. Nikole was the winning pitcher and now evens her record to 4-4.

Also on Wednesday, our boys met Saline. The Hornets pitching was overpowering as they surrendered a mere two hits in each game. The only bright spot for the Dutch was the first game home run by Shawn Nickerson.

On Friday, May 22, Pre-District games were hosted by both boys and girls teams. Our boys came out on top over Napoleon to advance to the state playoffs. Unfortunately, our girls faced the 28 and 7 Gabriel Richard squad and lost.

On Saturday, May 30, our boys traveled to Blissfield to meet Vandercook Lake in the second round of the State Playoffs. Our 5-23-1 Dutchmen trying for an upset fell short, 3-1. We got super pitching from Tim Golding as he hurled a 3 hitter. Scott

Gross banded out 2 of our 3 hits. \*\*\*\*\* On Tuesday, May 26, the Ann Arbor News hosted the Track Meet of Champions. Although this year's team wasn't mentioned, there were some honored athletes from the past. An outstanding track performer of 1977 was Pete Tassie. A two-time winner in 1982 and 83 was Kari Agin.

## Notice Of Public Hearing

On Proposed Amendment To Freedom Township Zoning Ordinance

The Township of Freedom ordains; Amendment to the Freedom Township Zoning Ordinance to extend the hours of extraction operations and to delegate authority for such extension to the Freedom Township Planning Commission. The Aforesaid hearing will be held at the Freedom Township Hall on Monday, June 8, 1987, at 8 p.m. A copy of the text change may be seen at the home of the secretary, 6200 Ernst Road, prior to the date of the hearing.

Jean Little, Secretary

The South and West Washtenaw Consortium building trades students will be showing the results of their year long efforts by holding an open house on Saturday, June 7 from 12:30 - 4:00 p.m. The house is located at 3133 Textile Road, about 2 miles North of Saline, overlooking the Brookside Golf Course. The 1871 square foot three bedroom ranch has many features including a great room with cathedral ceiling, first floor laundry room, 2 1/2 baths and full walk out basement.

The project has been under the supervision of instructor Robert Therman and assistant Mary Nichols. The house was constructed by students from Chelsea, Manchester, Milan, and Saline. The Manchester High School students were Jeff Brown, Richard Derby, Paul Duvall, Buck Houghton, Toby Riley, William Riley, Jim Schiel, Corey Schmitt, Denny Steele, and Jonathan Walz. The students have worked throughout the year, many times in very inclement weather to reach this finished product. This is one of the larger houses built by students, had an asking price

of \$167,500 and has already been sold. The project is funded by a non-profit corporation, SWWC Student Building Trades Program, Inc. with all proceeds going to support the continuation of the building trades program. The Board of Directors consist of the following: Jake Haas, President; Robert Daniels, Vice President; Robert Porter, Secretary/Treasurer; David Mieras, Executive Secretary; and Directors: Glen Macomber, Diana Gardner, Dean Warner and Greg Briggs. The Board treated the students to a luncheon held at Travis Pointe Country Club on May 27. Outstanding accomplishments by each student were recognized and Chelsea's Jeff Hackworth and Manchester's Corey Schmitt were selected as the most outstanding students.

### Hit or Miss

lining - that is is more likely to contain rain."

One chap is said to have remarked "If things always have a way of getting better how come the funeral parlors do such a business?" And then somebody told him that "After the storm comes the rainbow." But this miscreant replied that "After the storms then comes flooded basements."

And speaking of attitudes one chap wants to know if you ever saw in a history book of Abe Lincoln with a smile on his face. He seems to have been the gloomiest man ever to be president.

And of course an uncouth character has remarked that the president usually has a slap happy smile on his face because as he himself is accused of saying that he doesn't know what is going on. This same sourpuss said the other day that we had one president who was gloomy because we had the capacity to shoot at each other with a short-range cannon and now we have one who is happy at a time when man has the capacity to destroy itself.

Another columnist--they are the fellows who know all of the answers--says that we should look at the show-business folks who get their pictures in the

magazines attending parties. He wonders why they shouldn't look happy with all the "hootch they have consumed and the powder they are snorting". They don't know which of their ends are up! (Maybe he didn't get invited to the party).

But I hope that the above mentioned research proves that people who smile a lot are support to those who don't. The scientists probably will consider that smiling is unnatural while frowning is natural and that probably gravity pulls our faces downward. One smarty pants has remarked that if we were supposed to smile all the time we would have been born with our heads on upside down.

department tried to procure an order of fresh peas in a restaurant in Hart recently. This is the center of the pea growing area, yet all he could get was an order of canned peas that came from another state.

"We have the best flavored and are approaching the best packed fruits and vegetables in the country. Among discriminating buyers our products command a higher price than the products of other localities, but Michigan has yet to sell its products to its own people. I can conceive of no finer way to co-operate in educating the

people to the high standing of Michigan agriculture, than to place the fruits and vegetables of the state on every hotel table. The agricultural department is confident that once the high quality of our products is shown to the people of this state and our guests from other states, there will be an unprecedented demand for Michigan products the country over. The missionary work is in the hands of the hotel keepers.

"Several thousand bulletins are sent out by this department monthly to the citizens of Michigan and to prospective tourists and settlers. We will incorporate in these bulletins an honor roll of all the Michigan hotels and restaurants that serve and specialize in Michigan fruits and vegetables. Owners of these hotels are asked to send their names to the department of agriculture at Lansing."

Mr. Watkins in the same statement issues an appeal to the housewives of Michigan, that they "as loyal citizens of the state, buy and use Michigan products, for in no other way can they do as much to help the Michigan farmer."

## Chicken Broil Time!

If it's summer in Manchester, the Chicken Broil must be right around the corner. Mark your calendars for Thursday, July 16th, and plan to do no cooking that evening. Let the men of our town do it for you. Once again, the armies of the Chicken Broil will be out in force to cook up 10,000 or more chicken halves in the time-honored fashion. Radishes will roll, cabbage will transform itself into the famous secret slaw, and if all goes well, the skies will smile down on one of the biggest

suppers in America.

On that one day of the year, a stranger driving through Manchester can find out exactly what those signs at the village limits mean, the ones that say "Home of the Famous Chicken Broil." The deputies directing traffic and the clouds of smoke rolling from the athletic field are not signs of a major fire, and the horses pulling wagon loads of commuters from the high school are not evidence of a time warp. This dinner, big enough to feed Paul Bunyan, is Manchester's main event, and it is still going strong after 33 years.

So, you fans of chicken and tradition, plan to come out on July 16th for an annual treat. Serving starts at 4:00 p.m., and there will be the usual take-out line for those who want to eat at home. Profits will go to a worthwhile local project. Tickets are available from Broil volunteers and many local businesses for \$4.50 before the Broil and \$5.00 at the gate.

## Junior Playground Site Moved

Jr. Playground activities planned to start at 1:00 p.m. on June 15, will not be held at the Middle School as previously announced. The recreation activities will take place in the Klager School Multi-Purpose Room for the remainder of the program.

## MHS Student To Represent Manchester In Europe

Jacqueline Davis, a junior at Manchester High School, will visit Europe this summer as a member of the Blue Lake International Symphony Band.

The 98-piece Band will depart from Detroit on June 17, and return on July 15. While in Europe, it will tour Belgium, Holland, Luxembourg, Switzerland, and West Germany.

The Band will be conducted by Mr. William Gourley, Director at Chelsea High School.

Also participating in the month-long European tour will be a 90-member Symphony Orchestra which will tour Belgium, Holland, Austria and West Germany, and a 65-voice Choir which will also perform in Belgium, Holland, and West Germany.

Most of the 250 talented young Blue Lake musicians who will make the European trip are from Michigan, but a few are from Ohio, Illinois, Indiana, Wisconsin, Missouri, Iowa and Washington.

Jacqueline, who plays the clarinet, has been traveling to Blue Lake once a month since the fall of 1985 to rehearse with the Blue Lake group. Blue Lake, one of the nation's largest summer music camps, is located about 15 miles north of Muskegon.

Jacqueline is the daughter of Kay and Milton Davis. In addition to music, Jacqueline is also involved with the Drama Club, Manchester S.A.D.D. Chapter, National Honor Society and Lamb Club.

## Types of Schools Are Explained

Manchester Has One Of The Three Agricultural Schools In Washtenaw County

Manchester Enterprise  
May 29, 1984

It is important that the public keep itself informed in matters of schools and school administration. No public enterprise in any community is more generously contributed to by public taxation or is a source of greater pride than our public school of what ever nature or grade. Each community very commendably thinks it has the best. But along with generous expenditure of

## Hit or Miss

When you look at the other commercials the car dealers aren't the only transgressors in the field. Take the jeans commercials composers for example. They depict, says my friend, wierdo jeans wearer in outer space sunglasses, and females wearing jeans and their undies and chunky fellers wearing jeans and nothing else, who slouch around on the street corners.

One of his favorite commercials he says, contains the two down-home blues singers who warble about their joys about their jeans. Remember this one? The jeans are pre-washed and faded to match their faded work shirts and their beat up work shoes. It made him he says, want to become a mellow down-home blues singer.

Among other things that I've investigated are the beer commercials. I won't drink a certain beer because a certain clever dog laps it up. Then there is Dick Butkis and Rodney Dangerfield and Micky Spillaine and a bunch of rumpots carrying on like they were looped.

On the other end of the commercials as they are presented is the one showing well dressed superintendent, the handsome executive in a \$1,000 suit standing in a sleek office of a New York high rise making powerful decisions who then rides home to one of the Westchester suburbs. There he deserves and gets a certain kind of beer, which he richly deserves, and that's what lies at the end of the road to success in this here country.

Maybe so, and the way things are going, perhaps it is all too true. There's many more of these what someone has called imbecilic s--- pitches but this is enough or too much for now at least.

Michigan now has about 110 of the Smith-Hughes schools in operation. Of this number 82 are receiving federal aid. This is an average of one school for each county of the state. Washtenaw county has three of these schools: Ypsilanti, Milan and Manchester.
