Chicken Broil Brings More Than Money

Over the past 33 years, the Chicken Broil has given much to the community of Manchester. This article was supposed to tell how much the actual value of those things by today's prices might be.

Instead of giving you cash value, however, this writer would like to remind the public of all the things the Chicken Broil brings to Manchester that have no assigned monetary value.

At the Chicken Broil, boys learn sometimes for the first time what it means to really work hard to complete a job. They learn that it doesn't matter whether it is hot or rainy, there is still a job to finish. And they can take pride in the accomplishment of that job.

The men learn what it is like to work with friends and neighbors - people they see every day but may never see in the workplace. And they learn what it is like to work hard to put a meal on the table.

Women learn that sometimes men can be just as good or better at barbecuing chicken and it sure is nice to sit back and watch them do it!

As well as all these, the community has learned that it can accomplish more as a whole than as individuals. We have learned that it is possible to make improvements that might otherwise never have been made. The results of the Chicken Broil have given us a pride in the community that we can all feel.

Being a part of that community spirit and being able to contribute to the Chicken Broil effort brings us all together as neighbors and friends, working for one goal. That immediate goal may be serving up a bunch of chicken dinners, but the by-product of the cohesive effort is a proud, independent and closely knit community.

Mill Run Saturday, Aug. 1

On Saturday, August 1st the fourth annual Manchester Mill Run will be held. The races and fun run/walk are being held in conjunction with the Manchester Street Fair. All proceeds will go towards the Manchester Senior Citizens, Manchester Athletic Boosters and Manchester Band Boosters. It is being sponsored by Baker's Dozen, Krauss

These are the things of value that this writer sees as a result of the Chicken Broil. The annual event is a lasting benefit to the community that draws its people closer together each year in their efforts to produce the best Broil yet. And each year does seem - a little bit - better than the year before.

Hats off to Manchester - may all your chickens be plump and juicy!

Bloodmobile Reminder

Nows the time for people who have never donated blood before to do it, says the American Red Cross Blood Services. Red Cross also reminds previous blood donors that blood can be donated every eight weeks, up to five times a year.

The summer Bloodmobile for the Manchester Area will be July 20, at the American Legion Hall in Manchester. The American Legion will host this open clinic from 12 noon to 6 p.m. The Auxiliary is furnishing the canteen as well as workers for the complete clinic. The Chairmen for the Day will be Mrs. Mary Smith and Mrs. Helen Hosmer.

Blood can be donated by anyone who is in good health, weighs a minimum of 110 pounds and is between 17 and 70 years old. Donating blood is relatively painless and takes less than 45 minutes from registration to a post donation snack of juice, sandwiches and cookies. The actual donation takes less than 10 minutes. So please mark July 20, on your calendar and BE A SUMMER BLOOD DONOR.

Tire Theft Gives Officers The Laugh

Desperate Desparado Deftly Disappears During Day - Sheriff's Sleuths Say He Is Slick

Manchester Enterprise July 28, 1927

There was considerable excitement in town Monday morning when a fellow who has been in and about town several weeks was apprehended and locked up in the village jail for the theft of two tires from the delivery car of G.H. Breitenwischer.

From time to time of late tires have been missed, also other accessories, and gas from the American Oil Truck run by Webster Schill and from Burch's filling station. The latest theft was two new tires from the Breitenwischer car.

Monday morning the fellow was a name that nobody seems to know exactly but is of the "gargle" variety with a strong hint of Polish, drove boldly up through town from the alley alongside the Houck store where he had been parking it for some time, and when he stopped some observing person noticed the two new tires, also two spares where there had commonly been none.

Well there was some reconnoitering while Jack Cathey held him in conversation and Phil finally "pinched" him fair enough and he was in due form placed in the village bastle.

The goods under suspicion were identified and it was ascertained that the car he drove had been stolen at Saginaw or at least one of the two sets of license plates found came from there.

The stage seemed all set to give the "stranger within our gates" a trip "over the road," but wait—this individual with the unpronounceable name must be some observer with an eagle eye and also a dash of inquisitive nature. When he was locked up he undoubtedly observed a key hanging on a perfectly good nail in rather close proximity to the cage door. After he had been left alone that inquisitive pump got to working and he experimented to see if he could reach the key through the bars—he could, and also it fitted exactly the lock that kept him from freedom. Exit unobserved! So when they went to give him a joy ride to court he was evidently far, far away—and had left no thanks for use of the key! Well, Monday night it was reported he was seen near the Bowler barn on Water street and again chiefs, deputies and volunteering assistants gathered with sleuth-like quietness on the spot, but neither the call of "halt in the name of the law" nor a search of the premises revealed him—the bird had flown again!

Tuesday he was reported around Norvell and again at the Wm. Johnson farm. Search was made for him and even the looming ramparts of the would-be cement plant in this village were searched, but not even his shadow was seen around there. And he hasn't been seen since, at least by those who were looking for him.

'Tis said he has a wife and baby in town and some day he may return to see them, then perhaps he may be courteous enough to leave a note of thanks for use of the key.

What Is Americanism?

Americanism is love of America, loyalty to her institutions as the best yet devised by man to secure life, liberty, individual dignity and happiness. It is the willingness to defend our country and flag against all enemies, foreign and domestic.

The Emil Jacob Post 117 of the American Legion Auxiliary of Manchester is asking all those in charge of planning a meeting in the community to join them in a reaffirmation of patriotic spirit and citizenship by opening each meeting by reciting the Pledge of Allegiance together. You and the attendees of said meeting, by performing this act of patriotism, declare for the future a continued republic, united in freedom and dedicated to the preservation of equality for all. The American Legion and Auxiliary urges you to carry on this great American legacy.

A reprint from the Wolverine Auxiliaire by Jean McKenzie.

Now, wouldn't it be a patriotic education if the Manchester School system would follow the above message? Perhaps after 12 years of repeating the 'Pledge of Allegiance,' a real sense of 'Flag Pride' would be so great there would be no need for another 'Saturday-Night Vandals' article. With luck, we may even have prayer back in our schools.

Have a safe and happy July 4, 1987.

American Legion Auxiliary Americanism Chairman, Edna H. Knauss

Some of us are saying, 'I wonder what we've done to deserve this' and 'We must not be living right' because of the long absence of rain. Soon we may not be able to turn the faucet off and I will be complaining again about the gloom—never satisfied. We appreciated the wagon train and the hot and tired folks (and horses) who passed by last week. This is a great example of Michigan and America in celebration thank you.

Supervisor announced that the meeting would be conducted under Robert's Rules of Order and the meeting would be taped. Anyone who wished to be recognized, step forward and give their name.

Clerk Lentz read the minutes of the Annual Meeting of June 28, 1986. Moved by Keith Johnson and supported by Mike Scully, to accept the minutes of June 28, 1986 as read. Voice votes, yeas, all. Carried.

Budget for 1987-88 presented in the amount of \$218,830. Ann Fowler questioned what the administration fee was. Supervisor explained that the Township could no longer run on the millage and this was desperately needed in order to have minimum services. The 1% administration fee is a fee added to the total amount of your tax bills. Fowler noted that the amount would cover the library and the roads. No raises for the Board members included in proposed budget.

Budget reflects Fire Departments request for equipment and a \$1.00 per hour raise for firemen. Koebbe asked if Fire Chief got raise. Supervisor stated that it was not decided yet. (1:10 p.m. fire whistle blew-all firemen departed.) Trustee Widmayer suggested that we might present fire statements that are sent to townships that have contracts with us at the Annual Meeting.

Moved by Ann Fowler, supported by Olga Nickels, to accept 1987-88 budget as presented. Voice vote: Yeas, all. Carried.

Moved by Ann Fowler, supported by Lyle Widmayer, to allow the Treasurer to use bank/savings and loan of her choice that is most beneficial to the Township. Voice vote: Yeas, all carried.

Moved by Fowler, supported by Burch, to grant approval for assessor to hire part time secretary for assessing duties.

Motion by Marshall, supported by Limpert, to accept the Mayors re-appointment of Ted Tapping as Mayor Pro-Tem. Ayes-all.

Motion by Harris, supported by Tapping, to accept Joe Marshall as Planning Commission Representative.

Councilman Limpert initiated a discussion concerning what should be brought to Councils attention and what should be handled as administrative decisions to reduce time spent by Council on administrative duties during Public Meetings.

The idea of an Industrial Park committee handling the sale or development of the Industrial Park was also discussed.

The third item of concern was the condition of streets inside the Village limits, and to set up a street improvement program.

Limpert offered a motion, supported by Bechtel, to acquire bids from at least two engineers for any future work done in the Village. Roll Call Vote: Ayes-all. Council adjourned at 9:40 p.m.

Hit or Miss

by Farley

Thanks to the chap who went to the trouble of informing us that he and others had enjoyed my recent column of assorted short subjects about various things all of which we hope we tinged with at least a bit of humor. You have inspired me to assemble another similar group of incidents which I hope will prove to be equally entertaining.

We were told that Edna Ferber the well known author of some years ago received a form from the company who published "Who's Who In America" which listed all of the notables in these United States in the various fields. She was asked to fill it out and return it forth with which she did as follows:

The first line of course was to list her name and address and then the third line was headed "Born" to which she responded with the word "Yes", and this was headed on the next line with the word "Sex" to which she responded "Occasionally". It was said that this caused some consternation when received but unfortunately we never saw what became of it after it was edited by the recipient or do you suppose it was published as she wrote it?

We read some time ago a biography of President Woodrow Wilson who was accused of having no sense of humor whatever, but this book shows that this was untrue.

It seems that the second in command of one of the bureaus of our government passed away

very unexpectedly and suddenly and the second in command, who had, during his service at this bureau had occasion to come in contact with the President personally in his duties. So he, as soon as he hears of the chairman's death, asked to see the President and was granted his request. He expressed his sympathy profusely and then asked the President if he could count on him to do his utmost to see that he could be promoted to head the committee. This he did even before the unfortunate one had even been buried.

After Wilson had heard the chap ask if he had any objections to his becoming the chap to take the deceased ones place sat for a few minutes and then, without changing his expression, said that he had not the slightest objection to his taking the deceased's place if the undertaker did not. This we were told concluded the interview.

Some years ago we were driving down Michigan Avenue in Detroit and along about Howard or Abbot Street we came to an area where at that time there were several pawn shops where the unfortunates could pledge their possessions for much needed cash. Many of these pledges were of course, not redeemed and after some time were displayed in the shop window and offered for sale. There was most everything there from watches to bass fiddles - a considerable assortment and in the middle of the display window was a large hand lettered sign which read "Why be cheated

elsewhere, come here." This was probably the most honest statement that could have been made at this time and place.

And here's a serious idea for those opposed to smoking. We note that it was one of the most creative notes from history. The anti-tobacco fanatics of the 18th century in Iran overpowered anybody caught smoking a pipe and rammed the pipe through the smoker's nose and dragged the unfortunate one through the streets.

O'Connor Votes Against Bill

State Rep. Margaret O'Connor voted against the key bill in the Governor's tax shift package "because it is part of an illadvised plan to increase taxes on many individuals and businesses to pay for taken property tax credits for some homeowners."

The bill, House Bill 4613, would provide a maximum of \$100 to homeowners with household income of less than \$50,000. It would raise taxes on retirees, lottery winners, members of the armed forces, financial institutions, utilities and Michigan-based insurance companies. It was passed by the House on a vote of 60 to 43.

"This plan is a weak attempt to deceive Michigan property owners who are demanding significant relief. It also sends the wrong signal to job providers, who will not be encouraged to bring capital and jobs to Michigan, nor to retain what is here now," Rep. O'Connor commented.

There are several groups in the Legislature and state government working on major plans to reduce the reliance on the property tax, she said. Some of those studies will also address the key issue of school finance, which the Governor's plan ignores, she noted.

"We can do better, much better, than this," Rep. O'Connor explained. My vote will be there when a genuine property tax relief measure is brought before the House. But I cannot pass off a charade like this to my constituents as my answer to this serious problem."

"I am a believer in punctuality though it makes me very lonely." E.V. Lucas

Wedding Bells Ring

Sharon Elaine Fritts, daughter of Mr. and Mrs. Harold Wm. Fritts and Peter Leroy Haeussler, son of Mr. and Mrs. Armin G. Haeussler both of Saline, were united in marriage on Saturday, May 16, 1987. Wedding vows were exchanged at West Side United Methodist Church in Ann Arbor with Rev. Elwood Berkompas officiating. Matron of honor was Marcia Ticknor, sister of the bride from Ann Arbor and Armin Haeussler of Saline served as his son's best man. Groomsmen were Bruce Haeussler of Tecumseh and Hugh Haeussler of Ann Arbor, brothers of the groom. Ushers were Bruce Fritts of Britton and Barry Fritts of Ann Arbor, brothers of the bride. Serving as flower girls were Molly Ticknor of Ann Arbor and Casie Fritts of Britton, nieces of the bride; Marie Haeussler and Laura Haeussler, nieces of the groom from Tecumseh. The brides nephews serving as

ring bearers were Ryan Ticknor of Ann Arbor and David Fritts of Britton; candle bearers were Brandon Fritts of Britton and Kyle Fritts of Ann Arbor; acolytes were Brian Ticknor of Ann Arbor and Gary Fritts of Britton. The bride made her chapel length dress of white satin and chiffon appliqued with lace, beads and sequins. The veil and headpiece were trimmed in matching lace. Assisting at the reception held at the American Legion in Ann Arbor were Phyllis West, aunt of the bride from Saline who made the wedding cake, Peggy West, cousin of the bride from Seattle, Wash.; Judy Fritts of Britton and Glenna Fritts of Ann Arbor, sisters-in-law of the bride; Sandy Haeussler of Ann Arbor and Shirley Haeussler of Tecumseh, sisters-in-law of the groom. The couple honeymooned in Niagara Falls, Canada and traveled east to Maine. They now reside in Saline.

Parents Can Help Their Children Say No

Parents of pre-teenagers can help their children say "NO" to alcohol and other drugs by practicing these 10 steps. You may want to place this Quick List in an area where you can review it often.

TALK WITH YOUR CHILD ABOUT ALCOHOL
Parents can intervene to help change mistaken ideas their children may have obtained from peers and the media, such as "everybody drinks."

LEARN TO REALLY LISTEN TO YOUR CHILD
Children are more likely to communicate when they receive positive verbal and nonverbal cues that show their parents are listening.

HELP YOUR CHILD FEEL GOOD ABOUT HIMSELF OR HERSELF
Self-regard is enhanced when parents praise efforts, as well as accomplishments, and when they correct by criticizing the action rather than the child.

HELP YOUR CHILD DEVELOP STRONG VALUES
A strong value system can give children the courage to make decisions based on facts rather than pressure from friends.

BE A GOOD ROLE MODEL OR EXAMPLE
Parents' drinking habits and attitudes may strongly influence their children's perceptions about alcohol.

HELP YOUR PRE-TEEN DEAL WITH PEER PRESSURE
Children who have been taught to be gentle and loving may need parental "permission" to assertively say "no" to negative peer pressure.

MAKE FAMILY POLICIES THAT HELP YOUR CHILD SAY "NO"
It's helpful when parents verbalize specific family rules against alcohol use by minors and the consequences of breaking those rules.

ENCOURAGE HEALTHY, CREATIVE ACTIVITIES
Hobbies, school events, and other activities may prevent children from experimenting with alcohol, tobacco, or other drugs out of boredom.

TEAM UP WITH OTHER PARENTS
When parents join together in support groups, they can take steps that will reinforce the guidance they provide at home.

KNOW WHAT TO DO IF YOU SUSPECT A PROBLEM
Parents can learn to recognize the telltale signs of alcohol abuse and even experimentation.

Manchester Area Historical Society

Manchester Township, along with the State of Michigan, is celebrating its Sesquicentennial this year. To recognize this event, the Washtenaw County Historical Society will present a certificate to Township Clerk Wilma Lentz on Heritage Day, July 16, at 2 o'clock ceremony on the Commons on West Main Street between South Washington and South Macomb Streets in the Village of Manchester.

Manchester Township was founded on March 11, 1837 and the first township meeting was held at the school house in the Village on April 3, 1837. At that meeting the following officers were elected: James H. Fargo, supervisor; William D. Clark, Clerk; Samuel Palmer, Joseph S. Clark and Fordis Foster, Justices; Joshua L. Smith, James Stevens, and Thomas Morgan, Assessors; Commissioners of Highways, Erastus Palmer, Levi B. Pratt, and Henry Hay; School Inspectors, John B. Case, Thomas Stockwell, and John B. Crane; overseers of the poor, Morris Frost and Levi B. Pratt; Constables, George Roberts and Samuel Foster; Collector, George Roberts. Five path masters were also elected. The duties of these men in addition to road overseer were to act as fence viewer and pound master in their respective districts.

The first resolutions passed were a wheat famine. The price of wheat rose to 10 shillings per bushel from the previous year's price of 4 shillings. Pork was worth \$30 to \$35 per barrel.

Manchester Township forms the main section of the Bur Oak Plains of Washtenaw and the River Raisin flows through the township.

The Heritage Day festivities will get underway at 1:00 p.m. with demonstrations of crafts such as spinning, weaving, rug hooking, and candlemaking. At 2:00 p.m. Attorney General Frank Kelley will dedicate the new gazebo and the Glen Erin Pipers will entertain. The Sesquicentennial Certificate will also be presented.

July 16, is also Chicken Broil day in Manchester. The public is invited to come early and enjoy the Heritage Day program prior to the chicken broil.

Manchester contributed its quota of men to the Territorial militia for the Toledo War. They were under the command of Col. James H. Fellows. In 1838 a wild cat bank was established in Manchester and issued its own currency. It went broke as did other wild cat banks and many people lost money.

Dr. Bennett F. Root was the first regular physician to settle in the township, in 1834. The early settlers suffered greatly from fever and ague, dysentery, and scarlet fever. It was not uncommon for Dr. Root to see 40 to 50 patients every 24 hours. Many times there were more sick people in the community than well people, however, there were very few deaths.

In the summer of 1835 there was a wheat famine. The price of wheat rose to 10 shillings per bushel from the previous year's

Outdoor Food Safety Tips

Don't let warm weather and the threat of food poisoning spoil your barbecue or picnic - store foods properly during summertime outings to reduce risks posed by salmonella bacteria, Michigan Department of Agriculture (MDA) officials suggest.

"Warm temperatures, coupled with mishandling of foods on the part of picnickers, usually result in more food-borne illnesses," Dr. Edward Heffron, director, MDA's Food Division said. "Generally, food should be kept hot, cold, or not at all."

Salmonella, the most common cause of food-borne illness, thrives in moist, high-protein foods which are stored in warm temperatures. Most bacteria multiply at temperatures between 110-140 degrees and can survive in temperatures from 70-140 degrees. The primary causes of salmonellosis are improper holding temperature, mishandling and improper cooking of foods.

Salmonella bacteria are most commonly found in meat, poultry, salads, and dairy products. Symptoms of salmonella poisoning usually appear 12-36 hours after

ingestion and include vomiting, fever, and diarrhea.

According to Heffron, the risk of salmonella poisoning can be greatly reduced if consumers:

- * Thoroughly cook all meat - especially pork and poultry - to an internal temperature of 165-170 degrees or until no part of the meat is pink.

- * Avoid "counter-top-thawing." Meats spoil approximately four times faster at room temperature than when refrigerated.

- * Prevent cross-contamination by washing hands, utensils, and cutting boards with hot, soapy water between uses on different food products. Do not let surface-touching uncooked meat touch cooked meat until thoroughly washed.

- * After cooking, store hot foods at 140 degrees or above and cold foods at 40 degrees or below until serving.

- * Do not carry foods in the trunk of a car unless well insulated in cold or hot containers. During picnics, leftovers can be preserved by wrapping in newspaper and storing in an insulated container.

- * Do not keep leftovers unless they are held above 140 degrees or refrigerated within two to three hours.

4th of July and Fireworks Are Synonymous

The Fourth of July and fireworks have become synonymous, but in Michigan the latter have become a legal question that may trip up unsuspecting citizens. Col. Rich Davis, director of State Police, and the State's Fire Marshal, said he has directed Fire Marshal Division officers to be responsive to citizen inquiries regarding fireworks. "I know there's a great deal of confusion over what is legal and what isn't," Davis said, "and I encourage people to contact the State Police for information."

According to Fire Division officials, the only fireworks which may be sold legally at the retail level and used by the general public are restricted to: toy paper caps, snakes, toy smoke devices, toy trick noise makers, wire sparklers (size #14 or less), flitter sparklers, and both cone and cylinder fountains.

Any other fireworks are illegal for sale and use unless proper permits are obtained from the local governing body. Fireworks which send a projectile into the air, spin, twirl, or emit an audible report (excluding toy paper caps and trick noise makers) are illegal. Local jurisdictions may have more restrictive ordinances.

Many children, and adults as well, are seriously burned or injured each year while playing with fireworks. In 1986, 240 people were treated in hospital emergency rooms for injuries associated with fireworks. Over

half of the injuries were burns and many of the injuries involved the hands and face. Sixty-two percent of the victims were 16 years of age or younger. The State Fire Marshal stresses that caution should be used and offers several safety precautions: Make sure fireworks are legal for use by local ordinance and state law; Check for manufacturer's label and instructions for use on all fireworks-illegally manufactured fireworks rarely have either; Carefully follow instructions for use; Provide adult supervision and don't allow very young children to handle fireworks; Light only one device at a time; Ignite fireworks outdoors and away from buildings and combustible materials; Do not try to relight or handle malfunctioning fireworks. Soak them in water and throw away; Don't attempt to alter or use fireworks in a manner not intended.

Persons having any questions concerning the safety and legality of any fireworks are advised to contact any State Police post or their local police or fire department for assistance.

USPS NO. 327-460

THURSDAY, JULY 9, 1987

Annual Chicken Broil, Heritage Day Thursday, July 16th

Attorney General Frank Kelly

State Attorney General Frank J. Kelly will be the dedication speaker of the new gazebo on Thursday, July 16, at 2 p.m. on the Commons on West Main Street between South Washington and South Macomb Streets. Heritage Day festivities will begin at 1 p.m. with 19th Century craft demonstrations on spinning, weaving, rug hooking, candlemaking, basketmaking, quilting, plants and herbs, and clothing. A restored wagon of the type used by the early settlers to this area will be on display and the Glen Erin Pipers will provide the entertainment. Manchester Township will be honored by the Washtenaw County Historical Society with a certificate commemorating its founding 150 years ago.

Frank J. Kelley, Michigan's 50th Attorney General, was born and raised in Detroit. He received his Juris Doctor degree in 1951 from the University of Detroit. He was appointed

Attorney General on January 2, 1962, was elected to a full term in November of that year, and has been re-elected seven times since then.

Mr. Kelley was the first state attorney general to create a Consumer Protection Division, an Organized Crime Division, an Environmental Division, and a Medicaid Fraud Division. He recently received the Wyman Memorial Award from the National Association of Attorneys General. This award is given to the attorney general who has done the most to advance the objectives of the Association and to further the course of justice in the United States.

The public is cordially invited to attend the Heritage Day events and to dress in the style that was popular in the early days of Michigan's statehood.

See The Fireside Heritage Crafters

During the annual Manchester Chicken Broil on July 16, there will be a dedication of an old time gazebo on the Commons. In participation will be the unique organization of the Fireside Heritage Crafters. The membership is from the Manchester area. The group includes a wide variety of ages from teenagers to Great-grandparents and relates more like a family than a club. Each person is actively involved with more than one craft, and can describe and exhibit the method of procedure.

New members are welcome in the league. Contact any member if you are interested in joining with this active group. Members are: Jan Vanden Hout; Edna and Claren Knauss; Tootie, Bob and Tod Armentrout; Sherry Brand; Marti, Annie, and Drew Vassoff; all of Manchester. Clinton members are Cheryl Matzinger and Richard Randolph. From Saline, Virginia Tobias; from Ann Arbor, Katy Carrasand from Chelsea, Kathy Clark.

Area Participants Needed To Carry Olympic Torch

One of Michigan's Sesquicentennial events will be the holding of a Sports Festival patterned after the Olympic games. This Sports Festival has a variety of events that include team and individual events, and open to all age groups of various abilities. Preceding the "State Games" will be an Olympic style "Torch Run" that will be carried throughout much of Michigan. Runners and Bikers are needed for a segment that stretches from Lansing to Farmington Hills, a distance about 61 miles. Tecumseh Is 100 Years Old

Celebrates Anniversary In A Highly Interesting Manner During July 3, 4, and 5.

Manchester Enterprise July 10, 1924

The one hundredth anniversary of the settlement of Tecumseh drew a large number of former residents of the village and community there last Thursday, Friday, Saturday and Sunday.

The program arranged by the committee, of which Joseph H. Smith was chairman, was one of the great interest and was thoroughly enjoyed. The floats were numerous and beautiful, depicting historical scenes, and the pageant presented by a cast of several hundred actors, was surely one of the finest that had been produced in the state. Many of our Manchester people who attended the Ypsilanti carnival last year saw the only one to surpass the Tecumseh pageant, if it really did.

In the store windows were shown an endless variety of relics of old times, long since almost forgotten—and great crowds stood gazing in wonder and astonishment at the crude things our forefathers and mothers used in their daily tasks in house and field.

While passing up and down the beautiful business section the visitor met for the first time in many years an old boy or girl schoolmate, which was surely one of the most satisfying features of the celebration. It was indeed a great pleasure to once more grasp the hand of a schoolmate and review the days when "readin', writin', and 'rithmetic were taught in the Brownsville, or upper and lower, district schools of the little village.

Many spoke of the joy that was brought to them when they "graduated from the district to the new high school building way back there nearly 70 years ago. Some could recall attending the old "university," a branch of the state institution at Ann Arbor. It seemed good to live over for a day the merry scenes of long ago.

There are a few of the old buildings and residences of say 60 to 80 years ago still standing, but they have been changed and improved more or less, besides shade trees surround them, making them almost unrecognizable. However, the old Episcopal church retains its original exterior appearance very well. Some of the former attendants of the church took occasion to attend services at St. Peter's Sunday afternoon and expressed themselves as delighted with the services and sermon, though the interior arrangement of the sanctuary has been greatly changed.

Rev. Frederick Hewitt, a former pastor of St. Peter's, gave a most interesting address at the M.E. church, eulogizing the pioneers Evans, Wing and Brown, who located the village, and spoke in praise of others who were responsible for its growth.
