"Thanksgiving Spirit"

Manchester Enterprise
November 19, 1986

By Helen Bruce Wallace

What is the Thanksgiving spirit we bring to our holiday?

We know what it was in the good old days when savages lurked and famine stalked for the undoing of men and women who, tucked away in crevices among the ancestral cradles, candlesticks and tankards that cumbered the Mayflower, were finally dumped on an inhospitable shore.

We know what it is aimed to be. But what in reality it is, this spirit that is supposed to run rampant on the last Thursday of November?

How many Americans even remember the origin of the holiday and the purpose to which it was dedicated, much less even sum up their blessings, individual and national?

We've had merry Thanksgivings given over to pumpkin pie, turkey and catching up broken or stretched family ties; we've had frivolous Thanksgivings when we have shouted ourselves hoarse and run the risk of pneumonia for our favorite football hero, or have laughed and cried with the rest of the holiday keeping matinee through; we've had sad Thanksgivings when loneliness has caught us up in her grip and the memories of brighter days have seared our quivering hearts; but who of us has had a thankful Thanksgiving?

Not many of us, if we would be honest enough to confess it. Yet why not?

It is what the day is for—to take stock of our blessings and give credit for them.

Who of us is so down in our luck as to be blessingless? Surely in 365 long days there have been a few when something good has come our way.

If there have been then it is only good manners, if nothing else, to make acknowledgement of them.

Somehow most of us are better mathematicians when we reckon our woes than when our blessings are computed.

No adding machine is necessary to get at the sum total of our misfortunes. We multiply with lightning rapidity the times our friends have failed us, our business has come a cropper, or our health has gone to the bad.

An hour of toothache makes more impression than a year without the dentist; one stock that drops will cause more agony of mind than a twelvemonth of inflation gives pleasure; a slight will rankle where a kindness is forgotten.

We can see how they, poor hungry, half-forgotten terror-stricken Puritans had much to be thankful for; but if they had the Indian, we have the railroads to mutilate us.

It will make new women of us if we once learn to reckon our mercies. There is no greater sweetener of the disposition and smoother of the tangles of life, than to think on the things we have to make us happy.

If we would grow into sour, disgruntled women with whole baskets of chips on our shoulders

and bunch of grievances to make us the terror of our acquaintances let us acquire the habit of thinking all the world better off in blessings than we are.

The Thanksgiving spirit need not, nay, should not be limited to one day once a year. Spread it over 365 days, and throw in the nights, but make Thursday, the 26th, a gala day of thankfulness when the accumulated mercies of many months will be summed up and gratefully acknowledged.

Gratitude is expensive, or should be, so the direct result of the true Thanksgiving spirit is to pass the mercies along.

From our store of blessings some scraps should be culled for those less favored. The lonely, the sick in the hospitals, those to whom Thanksgiving joys are unknown all should come in for a share of our attention, that their day may be made brighter and they, too, have a chance to reckon their causes for Thanksgiving.

Manchester United Way Exceeds Their Goal

Campaign Chairman, James Datsko, reported contributions and pledges total \$44,683.30 which is \$2,183.30 over the \$42,500 campaign goal. In the midst of this Thanksgiving week we remember that the United Way is about helping people in need; families, senior citizens, the homeless, disabled, the ill and the hungry. Manchester once again has shown their concern for others through their generous donations.

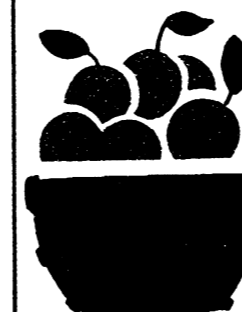

Chairman James notes that appreciation should go to all divisions and contributors and particularly noteworthy is that fact that the Industrial division substantially exceeded their goal, helped in a large part by Johnson Controls. Manchester United

Way expresses gratitude and thanks to all contributors and volunteers. It was a combined effort as this year's slogan said ... Go Dutch! Let's Give Much!, and you did! Thanks to you, it works for all of us.

THANKSGIVING

May this special time of year bring you closer to those you love. As we celebrate the spirit of brotherhood, we wish you all a healthy, happy day.

Aviation Hall of Fame Created

A "Michigan Aviation Hall of Fame" is being established in Lansing to pay lasting tribute to men and women who have contributed to the advancement of aviation in Michigan.

Three men and one woman will be the first to be inducted into the Hall of Fame at dedication ceremonies at the Clarion Hotel in Lansing December 17. They were elected by the board of trustees of the Michigan Aviation Hall of Fame, Inc., a corporation of more than 100 members.

The four are C. B. "Sandy" Sanderson of Sault Ste. Marie, John F. X. Browne of Bloomfield Hills, Talbert "Ted" Abrams of Lansing and the late Mary Von Mach of Detroit.

Others will be added from year to year.

Keynote speaker at the induction ceremony will be T. Allan McArthur, newly appointed administrator of the Federal Aviation Administration (FAA).

Sanderson was highly decorated for his service as a U.S. Air Force representative to China during World War II. He spent 38 years as an FAA flight examiner issuing more than 1,000 pilot certificates. He has flown more than 27,000 accident-free hours.

Browne holds 23 world records on international flights in light aircraft, including flights around the world, over the North Pole

and across the Pacific. Abrams, who founded Abrams Aerial Survey Corp. in 1923, pioneered the development of aerial survey cameras that are used around the world today.

The late Ms. Mach was the first woman to own and operate an airplane in Michigan and the first Michigan woman pilot to be awarded a transport pilot license.

Information about tickets to the induction ceremonies December 17 is available from the Bureau of Aeronautics, Michigan Department of Transportation, telephone 517/373-1834.

- should you? Will it fit into your diet?

Managing a healthy diet is difficult, especially in the holiday season. Many medical conditions curtail how far you can bend on your meal plan, making holiday eating more of an issue.

Chelsea Community Hospital's Diabetes Education Program is sponsoring a Holiday Cooking Festival on Monday, December 7 at 7:30 p.m. in the Private Dining Room, to answer these questions. Pre-registration is required and can be made by calling the secretary at extension 3935 by November 30. Julie Say, a registered dietician, will present tips on holiday eating and drinking, provide recipes, and let you sample some of these recipes. A door prize will be awarded along with other prizes in a drawing for those attending. Bring your friends, relatives and your holiday palate.

Awards Banquet December 2nd

The Manchester Athletic Boosters will hold their Fall Athletic Awards Banquet Wednesday, December 1st in the Cafeteria at the High School at 7:30 p.m.

The holiday season is a time for celebration with many types of food and beverages. During this time, you resolve to stick to your diet, not be tempted by delicacies, and absolutely not put on a few pounds. Yet your willpower will be definitely tested. In addition, you may be offered alcoholic beverages at the Christmas party

Returning Tax Windfall

On November 18 the House of Representatives voted 102 - 0 to cut state income taxes by returning the \$177 million federal tax reform windfall to Michigan taxpayers. When fully implemented a family of four would save \$91 a year. Personal exemptions would be increased from the current \$1,500 to \$1,600 this year, \$1,850 in 1988 and \$2,000 in 1989. The House-approved bill retains the \$3,000 personal exemption for senior citizens, blind, deaf and disabled persons. It also extends the home heating credit program for seniors and low-income taxpayers.

Quick Senate action was necessary to allow the state Treasury Department to print 1987 tax forms, timely distribution of which would enable seniors and other taxpayers to file early returns in order to receive early refunds.

But on November 19 the Republican-controlled Senate delayed tax relief for the people of Michigan by not agreeing to the unanimously approved House plan. After rejecting the House-passed bill, the Senate adjourned until December 1, making it unlikely that agreement can be reached on the windfall before then.

As a result, the Senate has once again delayed tax relief for the people of Michigan. And the Treasury Department is unable to begin printing tax forms, delaying the opportunity for Michigan taxpayers to file early returns in order to receive early refunds. That means seniors, for instance, who need to file for property tax credits early in December will not be able to do so.

Quite frankly, we do not understand why the Republican-controlled Senate cannot reach agreement on what is essentially the same tax proposal they agreed to earlier this year. The House will remain in session and stands ready to resolve this issue quickly so that the people of Michigan can receive the tax relief they deserve.

Money Management

Home Loan Points May Not Win You A Deduction

If you bought or refinanced your home this year, you should be aware of the rules surrounding the deductibility of certain costs incurred in the process of financing house points.

According to the Michigan Association of CPAs, home mortgage or equity loan points are generally deductible, but there are some provisions that may force you to spread the deduction over the life of the loan.

The term "points" is sometimes used to describe certain charges paid by a borrower. They are also called loan origination fees, maximum loan charges, or premium charges. If the payment of any of these charges is only for the use of money, it could be deductible.

Points are treated as prepaid interest and are generally deducted over the period of the loan unless they are incurred on a loan to buy or improve your principal residence. In this case, points are deductible in the year paid, provided: 1. The loan is secured by your principal residence; 2. The charging of points is an established business practice in your geographic area in which the loan is made; 3. The points paid did not exceed the number of points generally charged in your area.

In order to get a deduction for points, the loan document should clearly establish that the points were not paid for any specific services that the lender performed in connection with your account under the loan contract. Separate charges should be indicated on the loan agreement. In addition, you should write a separate check for the points. Don't have the points paid out of the mortgage proceeds as they may then become deductible over the term of the loan.

To determine the annual deduction allowed for points spread over the life of the loan, the IRS as a matter of "administrative convenience," allows most people to allocate the points ratably. That means you can

divide the total cost of the points by the total number of periodic payments due over the life of the loan. That figure is then multiplied by the number of payments made in the current year.

Suppose, for example, that in June of this year you paid \$3,600 in points that do not meet the tests for full deductibility in the current year. The term of the loan is 30 years with payments made monthly. That means for this year's taxes, you may deduct \$60 of the point cost. (\$3,600 divided by 360 payments times 6 payments made.)

Generally, points you pay in refinancing a mortgage, regardless of how you arrange to pay them, are not deductible in full in the year you pay them unless they are paid in connection with the purchase or improvement of a home. If, however, you used only a portion of the loan on home improvements, then only a portion of the points is deductible.

Say, for example, that you took out a home equity loan of \$50,000 of which \$25,000 was spent on home improvements and \$25,000 on

consolidating other debts. At the time of closing you paid two points of \$1,000. According to the IRS, you may deduct only 50 percent of the points this year with the other half deducted over the life of the loan. This is because only half of the loan went for home improvements.

CPAs advise you to closely examine when and how you paid any points to determine their deductibility. If you are not sure, consult your tax professional.

Council For The Arts

More than 20 elementary schools in Washtenaw County have a chance to see live theater performances of plays like "Beauty and the Beastie," "Rumpelstiltskin" and "Rip van Winkle" throughout the fall thanks to a special granting partnership.

The Ann Arbor Recreation Department matched funds which the Washtenaw Council for the Arts received from the Michigan Council for the Arts. The Michigan Council for the Arts in turn received funding from the National Endowment for the Arts. The concept behind the funding program is to generate new funding for the arts at the local

level. This is the third year that WCA has participated in the national program.

The grant was used for the Goodtime Players Company, an adult professional company in the Cultural Arts Division of the Recreation Department. The Goodtime Players wrote six original children's shows and are currently touring with these plays.

Locations were carefully chosen under the guidance of school officials from county districts including Ypsilanti, Willow Run, Whitmore Lake, Manchester, Chelsea, Milan and Dexter. Nancy Berg, Cultural Arts Coordinator for the Ann Arbor Recreation Department says, "We really appreciate this matching grant-it allows us to reach schools in the county which could never afford to pay for our shows. The principals at each location invited us to return because the children enjoyed the plays so much."

Fr. Enzo Addari, the Residential Program Director at the St. Louis Center in Chelsea, even wrote to thank the troupe for giving his students a chance at a more normal life by bringing their talents to the center. One play, "Gotta Dance. Gotta Sing" appeals to adults, too, so the company is taking it to some senior citizens centers.

Heath Goodell shot this 11 point 193 pound buck on November 16, 1987. Heath turned 14 in October and this is his first year to be able to deer hunt.

Holiday Meals-On-Wheels

It use to be that Grandma lived next door or down the block, received family and friends regularly and was, of course, part of every holiday festivity. That is no longer true as sons, daughters and grandchildren are spread across the country with increasing responsibilities which allow only rare visits and few family gatherings.

That means that many older adults will be alone for the holidays again this year. It may not be your grandmother or grandfather but it may be a neighbor or someone who lives in your community.

Many of these older adults are homebound, frail, handicapped without any contact with the outside world except for the volunteers who deliver MEALS-ON-WHEELS. But these government funded meals are delivered only Monday through Friday. That means that no meals arrive on weekends or holidays and no friendly greeting from anyone on those days.

In 1986, the Area Agency on Aging 1-B initiated the HOLIDAY MEALS-ON-WHEELS program so that the elderly will not be forgotten during the holidays but will receive a festive meal and a holiday greeting from someone who cares.

Over 4,500 older adults are eligible for home delivered meals in the Livingston, Macomb, Monroe, Oakland, St. Clair and Washtenaw Counties area served by Area Agency on Aging 1-B.

This year, three special holiday meals are being delivered, Thanksgiving, Christmas/Chanukah and one other chosen by the service providers.

Just \$4.75 will provide a meal for someone who would otherwise be without. Contributions may be sent to Area Agency on Aging

1-B, Attention: HOLIDAY MEALS-ON-WHEELS, 29508 Southfield Road, Southfield, Michigan 48076.

If you would like to volunteer to help deliver meals, please call (313) 569-0333.

Winter Driving Skills

Have you lost your "snow legs"?

Winter is coming, and state traffic engineers say it's time to start thinking snow and safe driving. These crisp fall mornings can create problems for drivers unprepared for change in the road surfaces.

"One of the best things a driver can do is make sure his vehicle is winterized," said Bill Lebel, a traffic engineer with the Michigan Department of Transportation (MDOT). "This means having good wiper blades, and a lot of washer fluid, and making sure your tires are in good shape."

Chilly fall mornings are perfect for a thin coating of ice to appear on bridges even when the roadway remains frost-free. This is caused by cold air blowing underneath bridge decks, causing temperatures to remain colder than on the road surface.

"Icy bridges are usually more of a problem in late November and early December in the Lower Peninsula, and even earlier in the Upper Peninsula," Lebel said. "Drivers should use particular care when approaching bridge decks, even if it isn't snowing."

The best thing to keep in mind as winter approaches is to drive defensively, Lebel said, and be alert to potential trouble spots. "You should lower driving speeds, and give yourself more time to get there," he said. "Then give yourself more stopping time"

Class of the Week

Kindergartners enjoy the story "Best Friends" in Mrs. Hankamp's a.m. Kindergarten Class.

Mrs. Sherri Hankamp's morning kindergarten class is the Class of the Week. Children were surprised with the honor on Monday morning when Mrs. Henry, principal, surprised them with the big award poster that

indicated they were the Class of the Week. During their special week, they can expect surprise activities, privileges and recognition. A display mural of their work is shown at the Ben Franklin store.

Preparing For The Christmas Program

Hidi Merzweiler a 1st grader in Mrs. Savage's room provides the sounds from a tambourine in perfect harmony to the children's voices in the song, Christmas Day.

Sounds of Christmas songs are coming from Mrs. Miller's classroom as children learn new songs in preparation of Klager's Annual Christmas Program. Mrs. Miller and Mrs. Kemp, Physical Educa-

tion teacher, are coordinating the songs and activities as they plan an exciting program for parents and friends. The program is planned for December 16, 1987 at 7:00 p.m. at the High School gym.

Read At Night Program

Boys and girls at Klager are ready to begin their second year of the R.A.N. program, which stands for Read At Night. This program encourages students to read at night. This leisure reading serves to strengthen the students reading and study skills. Reading for pleasure is a worthwhile hobby that merits encouraging.

Students and parents record the number of minutes read daily. Weekly, children are rewarded with tags to indicate the number of minutes read. The accumulated minutes are indicated on the tags, and on ribbons when children have read 5, 15, 25 and 35 hours. For children that surpass the 35 hours certificates, ribbons and other surprises are presented. This program will continue until April 4, 1988.

If you see a child with a T-shirt

that says "I R.A.N. 100 hours" or a ribbon or badge indicating "I R.A.N. — hours or minutes", please give him/her a word of praise. This event is coordinated through the Manchester PTO.

Family Bread Baking Month

You're invited to celebrate National Family Bread Baking Month with the Washtenaw County Extension Service. A hands-on, bread baking workshop will be held at the County Service Center, 4133 Washtenaw, Ann Arbor on Monday, November 30, 1987 at 7:30 p.m.

In easy stages, you will be led through the steps to make a loaf of Golden Grain Bread. Each participant will be able to take home their own loaf to share with family and friends or to enjoy themselves. It's a fun experience for people of all ages and a great change for families to work together.

According to Marion Prince, Extension Home Economist, "We view this activity as one that appeals to everyone and one that helps us to meet our goals of aiding families in extending their financial resources, improve nutrition and balance work and

family responsibilities."

"In today's world, when so many parents both work outside the home and with so many single families, more and more children are helping with meal preparation. Bread is one of the most satisfying foods to make, and one that children can learn easily. It adds nutritional value to meals and is much less expensive to make at home than it is to purchase in the store."

"Because November has been proclaimed National Family Bread Baking Month, we felt it was particularly appropriate to hold this workshop at this time."

Cooperative Extension Service programs are open to all without regard to race, color, national origin, sex or handicap.

Pre-registration is required for this unique program: just call 971-0079. A \$2.00 fee will cover cost of materials.

The first modern Olympics was held in Athens in 1896.

King Daughters To Meet

Manchester King's Daughters will meet at 12:30 p.m. on December 3rd at the Methodist Church.

This is the annual Potluck. Please remember gifts for the Mott's Children Family Store.

By Michael A. Guido, Meteor, Georgia

One night a mother said, "Johnny, run outside and get me the mop."

"I'm afraid of the dark," he sobbed.

"Don't be afraid," she replied, "Jesus is there."

Timidly little Johnny opened the door and, looking into the black night, said, "Jesus, please hand me the mop."

But Jesus won't do for you what you can do for yourself.

He will, however, give you faith for your fear, wisdom for your problems, strength for your weakness, and power for your temptation - if you ask Him.

Then you'll be able to say with St. Paul, "I can do everything God asks me to do with the help of Christ who gives me the strength and power."

To clean a badly stained broiler pan, sprinkle heavily with dishwasher detergent or dry laundry detergent. Cover with dampened paper towels and let stand an hour or so.

DVA Donate Van To VA Medical Center

Manchester veterans need not worry about transportation to and from the Veterans Administration (VA) medical center in Ann Arbor.

That hospital will be one of 19 VA medical facilities to receive a van from the nonprofit Disabled American Veterans (DAV) on Tuesday, November 17. The donation was made possible through a cooperative effort of the DAV's national organization and its Department of Michigan.

The van will be driven by volunteers from local DAV Chapters and DAV Auxiliary Units. These volunteers will be participating in a nationwide DAV National Transportation Network. Overseeing the program at the VA Medical Center in Ann Arbor will be DAV Hospital Service Coordinator Ray Purvis.

The number of DAV-donated vans across the country will increase to 24 by the end of the year. The one-million-member organization hopes to fully meet the transportation needs of veterans at all of the VA's 172 medical centers before the end of 1988, donating vans wherever

necessary.

"The DAV Transportation Network was established last spring when budget constraints forced the VA to terminate beneficiary travel benefits for nearly all veterans using VA facilities for medical treatment," said DAV National Director of Voluntary Services Bruce Nitsche. These benefits were paid to veterans to help them cover the costs of getting to and from the VA hospital or clinic.

"Among those affected by the benefit cut were most veterans seeking treatment of service-connected disabilities, as well as indigent veterans who have virtually no other source of health care," Nitsch said.

"The DAV simply could not stand aside and watch hundreds of thousands of veterans being left without health care simply because they live some distance from a VA hospital and had no means of transportation. Thanks to contributions from grateful Americans, many of them right there in Manchester, we were able to respond to this great need."

Incentive Grants Program

State Rep. Charlie Harrison, Jr. (D-Pontiac), DNR officials, community and conservation leaders announced today the introduction of a bill to establish a new program to encourage community involvement in caring for their water resources.

The Great Lake Shoreline Cleanup Incentive Grants Program, proposed by Governor James J. Blanchard in his State of the Great Lakes report, will offer grants to communities or organizations for cleanup of their water resources.

The bill will provide matching grants up to 50 percent for cleanup of Great Lakes beaches or major tributaries of the lakes similar to those which have occurred on the Rouge and Kalamazoo rivers.

"It is essential that we find ways to personally involve our citizens in the protection of our precious water resources," said Rep. Harrison.

"This program should be a catalyst to communities all across the State to form local support groups to care for local water resources and educate their communities about them," said Thomas D. Martin, Director, Office of the Great Lakes.

Eligible cleanups can include the clearing of debris; building, storing or removing structures to ease public enjoyment of the resource; diminishing bank erosion along tributaries; and other cleanup activities. The DNR will award grants based on matching community

resources being offered, the extent of community involvement and support for the project, the extent to which it stimulates an awareness of the resource, the project's effectiveness, a commitment to ongoing efforts to protect the resources, protection of an endangered or threatened species, wetlands, or other environmentally sensitive areas, and a balanced geographic distribution of grants.

Grants will not be available for cleanup of toxic pollution problems or simply to contract for work to be done. It is anticipated that if the bill is enacted, an initial appropriation of \$100,000 will be sought.

New County Courtroom

The Washtenaw County Probate Court has recently inaugurated a new courtroom at the Mercywood Neuropsychiatric Hospital. The Court is attempting to locate an American flag and a Michigan Flag on standards to be placed in the courtroom. Up to this point, we have been unsuccessful in obtaining the flags.

of an existing hazard and doesn't inform the hunter." Nelson says there are some "common sense" approaches that hunters should take when using someone else's land.

"The sportsman has a tremendous responsibility. Number one is to approach the landowner and ask for written permission to use his land. That's the law. I think it's important for the sportsman to ask what the boundaries are, to find out if there are any livestock or construction in the area, so their field of fire is not putting any person, livestock or property in jeopardy," he said.

"The sportsman may wish to offer the landowner some type of compensation or leasing to hunt, which is provided for by law," Nelson suggested. "If hunters use the land of another and are willing to offer a few dollars for that privilege, it may make that landowner a lot more interested in allowing someone to hunt."

Take Heart In The Kitchen

There are many confusing messages in the media about diet and heart disease: messages exhorting us to take Omega 3 oils, avoid red meat, give up eggs, use olive oil, etc. Learn the facts about diet and heart disease at a public program. Take Heart in the Kitchen, presented by Marion Prince of the Cooperative Extension Service. Mrs. Prince is an Extension Home Economist and Registered Dietitian.

Participants will learn about the role of dietary fat as a risk factor for heart disease and understand the difference between cholesterol and saturated fat, and how they contribute to serum cholesterol. They will see foods that have "hidden fat", and substitute foods that would constitute a more healthful diet. There will be light snacks served. The program will be held December 2, from 1:30 to 3:00 p.m. at the Cooperative Extension Service Building at the County Service Center, 4133 Washtenaw. There is a \$3.00 fee to cover cost of food; pre-registration required, call 971-0079

Manchester Family Service Christmas Shop

Christmas is almost here and Manchester Family Service is counting the days until the annual "Christmas Shop" and distribution of Federal surplus foods on Thursday, December 17. St. Mary's Catholic Church will host the "Shop" again this year from 9 a.m. to 3 p.m. The "Shop" is free clothing, household items and used toys, etc. for low income households in Manchester School District and all of Manchester Township and that portion of Bridgewater Township in the Clinton School District. Food and clothing orders are also given to eligible families, many of whom are DSS, Salvation Army, and SSI clients.

The Manchester Schools have planned the annual canned and packaged food drive to fill the boxes given to those in need. Each school has a drive plan and schedule to meet the December 14th deadline. Grace Rogers is the agency contact for this project.

Organizations and industries were informed of the Christmas Project through letters early in November. Many gifts and special assists have been registered with the agency. It is not too late to add to that Christmas good cheer during the first two weeks of December.

For assistance call the following numbers: Claire Reck, 428-8852; Grace Rogers, 428-7940; Dianne Schwab, 428-8976. Likewise, if one has time to help the agency in any way, please call by December 14. Nothing should be delivered to the church without specific permission with time and date from the agency, see about numbers. Monetary gifts may be sent directly to the treasurer, Merrill Korth, 410 Adrian St., Manchester, 48158.

A Day At The Fair

Manchester Enterprise
October 1, 1885

Secretary Graves of the Lenawee county Agricultural society had said so much about what a good fair they were going to have at Adrian this year that we concluded to take a day after the paper was printed and served to our readers and go and see what we could, so we took the Friday morning train and as we stopped at Tecumseh about the first person we met was our friend Fred Field of the news who shared a seat with us.

The cars were not crowded, still there was a good representation from towns on the Jackson branch.

On arriving at the city, our first stop led towards the post office, where we found Stearns of the Press directing the affairs of the office like one to whom the yoke had long been fitted.

We next visited the Times and the Press and Record offices and had a pleasant visit with all hands. We accepted the kind invitation of Bro. Smith of the Record to take dinner with him, after which we visited the Telephone office and inspected the new switch boards lately put into the exchange. Superintendent Mason with his able assistant is building up a large exchange, equipped on the latest plans.

At the outlay of 10 cents we were carried to the fair grounds and as we stepped from the carriage and gazed around at the pumpkin field through which we had just passed and which is directly in front of the grounds we could but admire the tact of the officers in selecting so appropriate a frontage. Entering the grounds we found a large crowd of people assembled and from the show of agricultural implements of all kinds, carriages, engines and in fact everything usually seen at a first-class fair we were at once

convinced that the people of Lenawee county knew the value of advertising. The show of vegetables was splendid and among the exhibitors were found our friend Abner Wilson, who makes a business of gardening with a large display of vegetables and blue and red tickets. We wandered around until we found the sheep pens and there we found Frank Sheeler of Cambridge, who is known the county over as one of the most successful breeders and dealers in fine wool sheep in the country. Wherever he shows sheep he is sure to carry off a majority of first prizes and his show of colored pasteboards at the fair was up to the usual number although he had some excellent sheep to compete against. We would like to have some of our farmers who have lost interest in sheep since the decline of wool, look at his flock of yearlings.

There were as fine cattle exhibited as we ever saw, and hogs; when it comes to hogs, the Lenawee farmer can show with any of them. We also saw some good horses, elegant carriage horses, and some good steppers, but the most of them seemed to come from Tecumseh.

We thought that we would see the races but the horses were such rapid steppers that they actually shook their shoes off and the races were delayed. So we gave up in despair. We afterwards learned that the races were all very good. They brag of their track and say that it is very fast well that's about what the people are down there, except when it comes to newspaper advertising, they are very slow-the Adrian merchants, we mean, in that regard.

We were pleased with the fair and everybody else seemed to be. They have good grounds and buildings and perhaps they will get the state fair their next year. We hope so.
