121ST YEAR VOLUME NUMBER TEN

USPS 327-460

THURSDAY, DECEMBER 24, 1987

Greetings to All

Financial Aid Meeting Wednesday, January 13

For parents of seniors or college students it is once again time to begin thinking about filling out financial aid forms for college or vocational or technical school. This can be a very complex and time consuming process. To help parents with these forms a workshop will be held in the high school study auditorium at 7:30 p.m. on Wednesday, January 13, 1988.

All aspects of the financial aid process will be explained including the few significant changes from last year. A film

strip will be presented which will show the different types of financial aid. The financial aid forms will be given out as well other written information. There will also be a discussion on guaranteed student loans and other types of loans. This meeting is open to both parents and students.

Christmas Meal

Chelsea Community Hospital will once again be offering a traditional Christmas meal to the patients and staff on Christmas Day. On Friday, December 25, 1987, all patients will be invited to bring a guest to the Hospital for either the noon or evening meal, compliments of Chelsea Community Hospital.

The meal entrees will include honey baked ham, stuffed chicken breast, yams, dressing, broccoli with hollandaise sauce, and an assortment of desserts and beverages.

The noon meal will be served between 11:30 a.m. and 1:00 p.m. and the evening meal will be served between 5:30 p.m. and 6:30 p.m.

Chelsea Community Hospital wishes to share the joy of the Holiday Season. While no one wants to be hospitalized during this time, the sharing of a meal may help to brighten the spirits of those who are.

"Tie One On" Suggested By The Season

There are big plans by Michigan law enforcement to "tie one on" this holiday season.

In an effort to keep the importance of driving sober on the minds of Michigan drivers, law enforcement agencies from across Michigan will join Mothers Against Drunk Driving (MADD) in a holiday campaign to discourage drunk driving. This idea is to tie a bright red ribbon to the antenna or door handle of each patrol car during the Christmas and New Year's holiday season, indicating to other drivers that drunk driving is not acceptable behavior.

"If a driver plans to tie one on this season, we hope this is what they use," said State Police Director Colonel Rich Davis.

"The ribbons will serve as a reminder to motorists that drunk driving is a serious offense, one which all Michigan law enforcement agencies are trying to combat." Ribbons will appear on patrol cars from now until January 2, 1988.

Alcohol continues to be involved in nearly half of all fatal traffic crashes in the state. Last year, more than 800 people were killed in state alcohol-related traffic crashes.

The county Sheriffs are also taking an aggressive approach to the campaign. "Any program which helps stop drunk driving has the support of the Michigan Sheriffs' Association," said Bud

Manchester Enterprise
December 21, 1905

Of all the beautiful legends, of all beautiful verse, of all stories told in all the life of the whole world, there is no tale so wondrously beautiful as the story of the Christ-child. Every man and every woman must recall those long-ago, faraway days when first the story was told them, the story of the little babe in the manger, of the star of Bethlehem, with its rain of fire, the shepherds, the wise men and the doings of the angels. And with this memory come back other memories, mental visions of those whom we loved and who have passed away; of all the sweet joys of childhood, when the world was a playground instead of a workshop; of fond dreams and childish disappointments. Christmas day is a time when we must pause on the journey and rest by the wayside, sparing the golden hours for reverie and tasting the sweets of generosity and tender charity.

According to our way of thinking it is a beautiful thing that once a year, one may have the privilege of doing something nice for those to whom one is devoted.

The pleasure is so great that on Dec. 26 one should decide to put a little of the Christmas spirit into daily existence.

Perhaps you don't know it, but it is true nevertheless that the more you give the more you will have. There is certainly some great, wonderful power that takes away from those who are grasping and selfish, and who helps along all those whose hearts swing true.

By all manner of judgement and beliefs we must concede that, so far as doing good is concerned, all days should be Christmas. To bestow neckties on Dec. 25, and cross words all the other 364 days of the year is to be like the common sinner who cheats his neighbor during the week and prays most energetically on the

Sabbath. It isn't the gift, it's the love and thoughtfulness that prompt it. The woman who gives because she feels it a duty is practising deceit, and belittling herself! If one wishes not to bestow a holiday remembrance let one at least have the courage of one's feeling and sentiments and be true and honest about it. No human soul wants a present that is given grudgingly.

There is such a keen pleasure in doing for others that it inspires one to work, to greater endeavor and to better purposes and higher ambitions. What is there in other earthly things half so satisfying?

The woman who buys pretty clothes has the satisfaction of looking at her reflection in a mirror, but the satisfaction is as shadowy, as flitting, as unreal as the vision she beholds. The woman who fills her house with beautiful furnishings rejoices for a certain time and then the beautiful things lose in interest. The woman whose bank account grows with the years knows that she is safe from poverty, but you can't get any more heart warmth out of a bank book than if it were an icicle.

Let me tell you something. It is in her heart that you will find genuine contentment. No matter what horrible anxieties she has suffered, what dreadful troubles she has dragged wearily through, what pain and cares have been hers, she is the one who knows the calm, sweet comfort that comes when she looks out into a gray sky and realizes that she has done good for some one, that she has brought a smile to quivering lips, a light to discouraged eyes, life to a heart without hope.

She doesn't have to wait until Christmas. Every day is that-and

Mass of the Resurrection will be celebrated Wednesday, December 23, 1987 at 10:00 a.m. at St. Mary's Catholic Church in Manchester. Rev. Father Raymond Schlinkert will officiate. Interment will follow in St. Mary's Cemetery.

PEACE
on earth...

4-H Workshop

Washtenaw County residents interested in the 4-H Horseback Riding for Handicappers program are invited to attend a workshop January 15-16, 1988 at Kettunen Center, in Tustin.

The workshop is designed to benefit persons currently involved in a county Horseback Riding for Handicappers program, as well as those interested in starting one. Program objectives include increasing awareness of resource materials available to counties and providing program development concepts for both seasoned and new programs.

The workshop will also provide technical assistance to certified instructors and enhance the working relationship skills of county committee members.

Reservations for the workshop are due Wednesday, January 6, 1988.

This workshop is sponsored by the Michigan 4-H Foundation through a grant provided by Michigan Harness Horsemen's Association, 4650 Moore Street, P. O. Box 349, Okemos, Michigan 48864 and Country Fresh, Inc., c/o Delton Parks, President, 2555 Buchanan Ave., SE, Grand Rapids, Michigan 49508.

Birth Announcement

Greg and Kris Kerwin of Sharon Township are proud to announce the birth of their daughter, Stephanie Ann, born November 18, 1987, at St. Joseph Mercy Hospital. She weighed 6 pounds 14 ounces and was 20 1/2 inches long.

"New Beginnings"

For Those Who Grieve

One of the most difficult experiences in life is to have lost a loved one by death, divorce, or estrangement. Those who grieve over a loved one, have strong feelings such as sadness, anger, guilt, emptiness, hopelessness and loneliness. While their emotions are on a rollercoaster they feel ignored and misunderstood at the very time they need understanding.

A group called "New Beginnings" not only offers that understanding but offers a great deal of information, guidance, and support for those who are grieving. Those who have lost a loved one, are invited to participate in "New Beginnings" seminar, which meets once a week for six weeks with an ongoing support group, thereafter. There is also a teen group available for the teens in the community, that have lost friends, parents, brothers or sister. Kim Cundiff, Tammy Reed, and Ryan Tucker are the leaders for the teens.

The seminar will focus on the following topics:

- 1) The different steps of grief.
- 2) A doctor tells us how grief affects our health.
- 3) Memories.
- 4) How our values change.
- 5) How grief affects the total person.
- 6) New Beginnings.

The seminar will be conducted by Reverend Dr. Weikart the founder of "New Beginnings." Larry and Mary Dunham will coordinate the program, which will begin January 11, 1988 at "Dimensions" the Saline Community Hospital's new wellness center. It is located at 400 Bemis Road, Saline, Michigan. The group is free of charge and will start at 7:30 p.m. sharp. If you have any friends who you feel need understanding, bring them along.

Many thanks should be given to first: Saline Community Hospital for donating their facility at no charge for a much needed community program. Also to all the newspapers in the area for their support in the advertising. A thank you to all the group leaders for their time, love and support. The group leaders are: Charleen Beagle, Lorna Bush, Katherine Marunick, Pastor Kay Keller, Bill Combs, Kim Cundiff, Tammy Reed and Ryan Tucker.

If you are interested and want more information call Larry or Mary Dunham at 429-4954 or 769-1718 or Joann at 429-1509.

also clear snow for a short distance from the driveway in the direction of approaching traffic.

"That way the view of a motorist entering the roadway from a driveway is not obstructed," explained Maury Witteveen, MDOT's chief of maintenance.

"When clearing your driveway," he said, "push the snow away from the roadway and to the sides of the driveway for its full length and the problem of the high snow banks blocking a driver's view will be eliminated."

Witteveen said large businesses should make special arrangements ahead of time to remove snow from their driveway entrances and driveways. In some cases it may be necessary to truck snow away from parking facilities.

Violators leave themselves open to fines and lawsuits for public liability and property damage. For a charge to be filed, a police officer must witness the violation or a citizen must file a complaint.

All property owners and persons hired to remove snow are responsible for maintaining safe traffic conditions and preventing careless snow-removal techniques.

EMU December Graduates

Eastern Michigan University conferred degrees upon approximately 1,300 students December 13, 1987 in winter commencement ceremonies held in Eastern Michigan University's Bowen Field House.

Approximately 1,000 seniors were candidates for bachelor's degrees and 309 graduate students were eligible to receive advanced degrees.

The commencement address was delivered by G. Mennen Williams, former Michigan governor and retired chief justice of the Michigan Supreme Court.

Eastern Michigan University candidates for Bachelor's Degrees from Manchester included: Mark Arnette, BS; and Kari L. Riley, BBA.

Prevent Careless Snow Removal

Property owners piling snow high along roadways and shoulders or pushing it to the opposite side of the street can cause hazardous conditions for motorists, and the Michigan Department of Transportation (MDOT) warns that it's also against the law.

State law (P-A 82 of 1978) prohibits businesses and citizens from dumping snow on roadways and shoulders or piling it so high at driveway entrances that it obstructs the vision of motorists.

The department recommends residents keep the shoulder in front of their driveways clear and

Shakespeare Reading Club

The club members enjoyed our Christmas Party at the home of Lenora Parr on December 8, 1987. A delicious meal was prepared by our food committee, Lenora Parr, Jeanette Kirk and Margaret Kulenkamp. Our entertainment committee of Hazel Walker and Annette Van der Schalie put us in the holiday spirit. We had a gift exchange and also enjoyed the reading of the beginning of the club 90 years ago. A record has been kept of every meeting since the club was founded. We close our 90th year along with Michigan's 150th year!

Our next meeting will be held on Tuesday, January 5, 1988 at the home of Alta Parr. Annette Van der Schalie's topic will be "Geology and Ecology of the Manchester Area".

American Legion Auxiliary

The American Legion Auxiliary met at the Legion Hall on December 9, 1987, with 29 members and 1 guest present. Before the meeting, a delicious potluck dinner was enjoyed by all, and the committee, consisting of Virginia Motluck, Yvonne Huber and Doris Bersuder, presented a most enjoyable evening.

Committee reports were given. Helen Popkey reported the urns at Wurster Park had been decorated for the holidays.

Members present voted to make a donation of money to the U.S.O. and also to the Vietnam Veterans of America party to be held at the Ann Arbor V.A. Hospital during the Christmas Season. Edna Knauss, Jacqueline Armentrout and Ruth Oates attended the Ann Arbor Veterans Hospital Christmas Gift Exchange on November 30, 1987.

They reported they were kept busy helping hospitalized veterans select Christmas gifts for their relatives; they also were involved in wrapping the gifts.

Alice Alexander and Vivian Middlemiss reported that 22 cards and gifts had been sent to Manchester area service men and women. Della Widmayer stated that 3 Gold Star Mothers had been remembered at this time of the year.

Our next meeting will take place on January 13, 1988. Refreshment Committee will be Marcia Chartrand, Mary Walter and Kay DuRusell.

Cigarette Tax To Help Wayne County

A cigarette tax increase designed to help Wayne County pay its debts was approved today by the Michigan House, and an area lawmaker who opposed the bill said it was "ill-advised and unfair."

State Representative Margaret O'Connor (R-Ann Arbor) said the key bill in the Wayne County bailout package calls for a 4-cent per pack cigarette tax increase. The legislation passed on a 56-49 vote.

"I don't think every taxpayer in the state should be responsible for paying off Wayne County's debts," O'Connor said. "This plan penalizes my constituents for problems they didn't create."

O'Connor said that this is the second time in four years that the county has asked for help from the state. Wayne County has a chronic budget problem, particularly in providing indigent health care.

"This package is being sold as permanent reform, but I am not convinced that the county will enact the cost-cutting moves that are needed."

"Despite today's vote, I think it's likely that Wayne County could be back in the near future looking for another bailout," O'Connor concluded.

Holly & Ivy Lore

In early times ivy was considered feminine and holly masculine. People thought they were necessary to ensure the blessing of good luck and fertility.

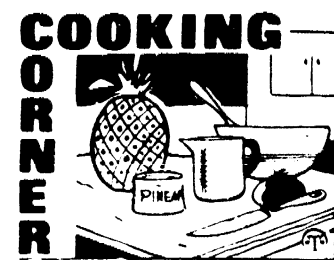

People believed that the Burning Bush from which God spoke to Moses was holly.

The holly was also thought to have protection powers from thunder, lightning, and witches.

"Feeding the Wren"

December 26 is celebrated in Ireland as St. Stephen's Day. On that day "Feeding the Wren" is a custom that has to do with a legend of St. Stephen. In the Bible, Stephen was the first Christian martyr. The legend says that Stephen was hiding in a bush and betrayed to his enemy by a wren.

Irish children observe the Feast of Stephen by placing a wren in a cage and hanging it over a bush. Then they collect money for charity from house to house.

A festive, fruit filled, colorful punch can spark your holiday entertaining.

CHRISTMAS PUNCH

- 1 can (46 oz.) Dole Pineapple Juice
- 2-1/2 cups fresh orange juice
- 1/2 cup fresh lemon juice
- 1/3 cup grenadine syrup
- 1 can (12 oz.) ginger ale
- 1 can (20 oz.) Dole Sliced Pineapple in Juice, frozen*
- 2 cups frozen melon balls
- Ice cubes

In a punch bowl, combine pineapple juice, orange juice, lemon juice and grenadine. Add ginger ale. Garnish with frozen sliced pineapple and melon balls. Add ice. Makes 2-1/2 quarts.

*To make frozen pineapple garnish, remove one end of can and freeze. Submerge can in hot water to loosen; drop pineapple into punch.

French Bake A Yule Log

No French Christmas celebration would be complete without a "bûche de Noël," the traditional Christmas cake baked and decorated to look like a Yule log.

- 6 egg whites — let egg whites warm to room temperature.
- 3/4 cup sugar
- 6 egg yolks
- 1/2 cup unsweetened cocoa
- 1 1/2 teaspoons vanilla extract
- dash of salt
- Confectioners' sugar

In a large electric-mixer bowl, at high speed, beat egg whites until soft peaks form. Add 1/4 cup sugar, 2 tablespoons at a time, beating until stiff peaks form. With same beaters, beat egg yolks at high speed, adding remaining 1/2 cup sugar — again 2 tablespoons at a time. Beat until mixture is very thick — about 4 minutes. Beat in cocoa at low speed, add vanilla and salt. With a wire whisk or rubber scraper, gently fold the cocoa mixture into the beaten egg whites, just until they are blended. Grease bottom of a 15 1/2 by 10 1/2 by 1 inch jelly roll pan; line with waxed paper; grease paper lightly. Spread batter evenly in pan and bake in preheated 375 degree oven for about 15 minutes — just until surface springs back when gently pressed with fingertip. Sift confectioners' sugar, in a 15 by 10 inch rectangle on clean linen towel. Turn cake out on sugared towel; lift off pan; peel paper off cake. Roll up, jelly-roll fashion, starting with the short end — towel and all. Cool completely on rack, seam side down for at least 1/2 hour. Now make the filling:

- 1 1/2 cups heavy cream, chilled
- 1/2 cup confectioners' sugar
- 1/4 cup unsweetened cocoa
- 2 teaspoons instant coffee
- 1 teaspoon vanilla extract

Combine the ingredients in medium bowl. Beat with electric mixer until thick — if you make it ahead — refrigerate. Now unroll cake, spread with filling to 1 inch from edge; reroll. Place seam side down on plate — cover loosely with foil. Refrigerate 1 hour before serving. To serve: sprinkle with confectioners' sugar and decorate with angelica and cherries. Serves 10. You make the chocolate log a week ahead, then freeze it, wrapped in foil. Let stand at room temperature to thaw for about 1 hour before serving.

Dutchmen Dazzle In Home Stands

by Jon

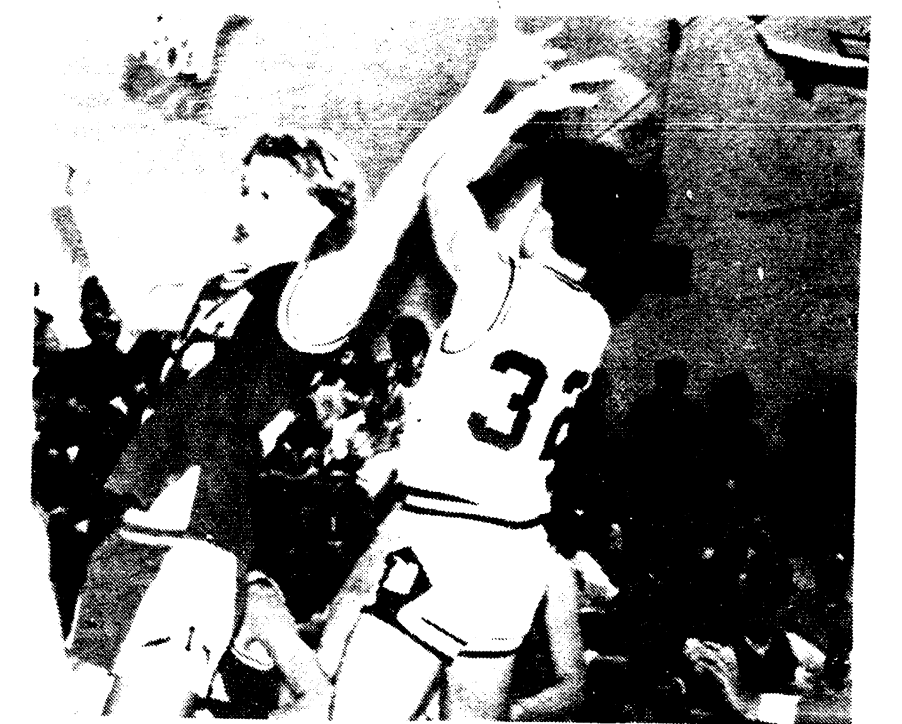

We hosted non-league opponent Ida on Tuesday night and came away with a nail-biting one point victory. Friday night saw us welcome Hanover Horton, the first league game of the season. As I wheeled into the gym, I thought to myself, how could we recreate Tuesday's excitement? And wow, we did it by knotting the score at the end of regulation time and winning the contest in overtime.

The first game of the week saw Ida take a one point margin after 8 minutes of play, 17-16. The tables turned in the second period as we out scored them, 20-19. As half the battle was history, the scoreboard read 36-36. In the third stanza, we played fired up basketball as our defense held them to 14 while our offense popped for 21. We are now in the final period of the game and with about 5 minutes left, we stood atop by 11. Ida began rallying and not only tied the tally but went ahead by 3 in the closing minutes. As they stood ahead one point with ball control, our Brian Gebhardt stole the ball, setting up John Korican's winning shot. As the screaming and hollering died down, the scoreboard read 69-68.

Jason Van Deven led the Dutchmen, hitting for 14 points as Tom Mann popped for 12. John Korican and Nick Miller contributed 20 points, 10 each.

Our little Dutch got crushed by Ida.

Friday's contest against the Comets from Hanover Horton

John Korican Fires

began our Cascade Conference play. We gathered in the jump ball and immediately scored 8 straight points. Hanover called time to regroup. This really settled them down as we ended up leading by only one point at the end of the period. We did outscore them 16-13 in the second period to leave the half time score 29-25. The third stanza of play saw the Comets crawl closer by outscoring us 17-14, to trail by only one, 43-42. We are now into the final 8 minutes of regulation time and although we have had the advantage throughout, Hanover has been close. (At this point, I'd like to bring your attention to the new rule, this year, in high school basketball. If you shoot the ball from 17 feet out, you collect 3 points. (Well, with 31 seconds to go in the game with us up by 2 points, the Comets took advantage of the 3 point play, hitting this bomb to put them up by 1 point. We were able to tie at the conclusion, thus forcing overtime. We again got the jump in the 3 minute overtime period and Bryan Barnard quickly

drove it home. What continued to happen from this point on was Hanover gunning from 3 point range and missing their shot, so fouling us. We made 7 of 9 free throws to ice the victory easily 68-56.

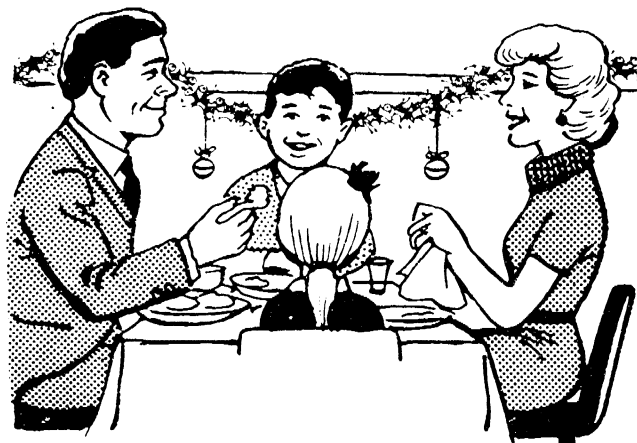

Junior Bryan Barnard led all scores by shooting the lights out with 22 points. Tom Mann, Brian Gebhardt and Brad Uphouse also had big nights as they scored 14, 13 and 10 respectively.

This now closes out our contest for the year 1987 with a 3 and 1 record. Our next meeting will be January 5, as we host Whitmore Lake.

Our little Dutch lost to Hanover Horton, Jr. Varsity players have to have time together to learn to play as a team. When key members are gone ahead for Christmas vacation, it makes it even rougher.

MEXICAN HOLIDAY
Perhaps the most spectacular Christmas sights in Mexico City are giant light displays depicting such traditional themes as a pinata, a candlelight procession and a Madonna.

Happy HOLIDAY!

May the glow of Christmas brighten your lives all year long.

more-to her.

There is a woman I know, and she had nothing at all-father, mother, brother or sister or even a home. But she had something else that lots of people have not, and this is courage-and she was only a slip of a girl, too. But she worked very hard for quite a number of long years, and now she has many things which she has always wanted-little luxuries that every woman loves-pretty things in her home and pretty things to wear.

The other day in a shopping crown she met another woman who like herself, had carved a little niche in the world of hard work, and this other woman said:

"Aren't you proud of yourself for having accomplished something? I am."

The first woman was silent for a moment. Then she said:

"No, I am not proud of myself. I can't be-yet. I've done very little compared with what I want to do, and learned so little when I wished to learn so much. But I

am tremendously happy that when I want to buy some little comfort for somebody or send a box of flowers to somebody or give a little child a happiness it is in my power to do so. My years of work have been worth this mighty sweet reward.

Won't you try to let a little more of the holy spirit of the hour sink into your soul, and won't you remember that your stay and mine and your neighbor's and everybody's is dreadfully limited here in this pleasant vale of smiles and laughter? There's no telling where any of us will be this time next year, so live this Christmas as happily and as generously as you can.

There's something else, too. If you are going to help a little child hang up a tiny stocking, and if you are now answering all sorts of questions about Santa Claus and chimneys and reindeers and if, on Christmas Eve, you go to a little bedside and kiss the sweetest little lips in all the world, fall upon your knees and thank God, for you are blessed!

A Merry Christmas to you all.

The Office of Services to the Aging (OSA) has begun its search for 1988 Michigan Project Independence Award Nominees. This annual honor, the fourth such tribute, will be awarded to two Michigan senior service programs, one urban and one rural. Nominees must be able to demonstrate that their service enhances or in some way promotes the dignity and independence of the seniors they serve. The area from which nominations are being accepted this year is volunteer services.

Nominations are made by the 14 regional Area Agencies on Aging, according to a criteria set forth by OSA. The up-to-twenty-eight nominees are then evaluated by a review and selection committee comprised of aging network representatives. The winners will be honored during Senior Power Day festivities in April and will be highlighted in a feature story in A.I.M., (Aging in Michigan), a bimonthly magazine published by OSA. The deadline for submission is Friday, February 6, 1988. Volunteer programs serving older adults and interested in being considered for nomination should contact their local Area Agency on Aging.

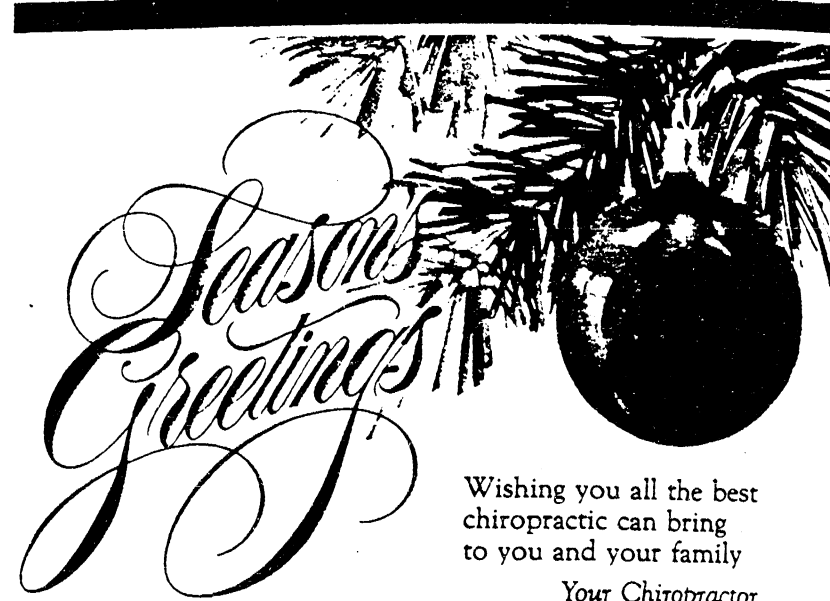

"Tie One On"

Continued from page 1

Grysen, executive director. "Municipal and township law enforcement agencies throughout our state are urging people to tie this one on during the holidays," said Thomas Hendrickson, executive director of the Michigan association of Chiefs of Police. "Local law enforcement agencies will join with the State Police and Sheriffs in the Display of red ribbons symbolic of our concerted efforts to reduce drunk driving."

Mothers Against Drunk Driving Executive Director

Bethany Goodman welcomes the support. "MADD is very enthusiastic about the response by Michigan law enforcement agencies in joining our red ribbon campaign," Goodman said. A press briefing was held at the State Police Second District Headquarters in Northville today to announce the "Tie One On" program. Representatives of the State Police, Sheriffs and Chiefs of Police helped MADD members tie red ribbons to patrol cars from the three law enforcement agencies.

Proper Snow Shoveling Can Reduce Back Pain And Injury

Have you ever heaved a shovel full of wet snow only to suddenly feel a stabbing pain in the back?

A heaping shovel of snow improperly lifted can exert an estimated 100 to 200 pounds of additional pressure on the vital lumbosacral disc, leading to possible excruciating low-back pain and sciatica. The disc - the lowest one in the spinal column - carries most of the body's weight and is often the primary site of disc protrusion.

This winter incorrect shoveling practices will again cause pain and injury to the low back and limbs, warns Stanley Gilbert, D.C. of Manchester Chiropractic Clinic.

To help avoid or aggravate back and limb pain this winter, Gilbert recommends these 10 safety tips:

1. Don't shovel if you've had serious spinal, lung or cardiovascular conditions or are older and out of shape.
2. Do simple warm up exercises first to limber up.
3. Dress warmly; wear an extra-long garment to protect the low-back muscles from cold air.
4. Always stand erect and bend from the knees, not from the waist; handle small-to-moderate loads at a time.
5. Push rather than lift the snow where possible; deposit it close by instead of twisting and throwing it over a wide area.
6. Use your arms, legs, feet and thighs in a smooth, coordinated motion to deposit the snow near you.
7. Change grip and stance often to avoid overusing the stronger side of your body.
8. Pace yourself, don't overexert, and rest frequently.
9. Don't shovel in extremely frigid weather.
10. If your health is a risk factor, don't take a chance; ask your neighborhood youngsters to shovel for you.

Lifting a heaping shovel of snow without bending the knees can be a major factor in contributing to severe stress in the spine, cautions Dr. Gilbert. A shovel of wet snow weighing 10 to 15 pounds held in front of the body can increase the pressure on the lumbosacral disc by 15 times the weight lifted, he added.

Other causes of shoveling-related pain and injury are lifting and throwing too much snow at a time, twisting and bending from the waist and overexertion, according to Dr. Gilbert.

In addition to low- and upper-back pain, poor shoveling techniques can trigger sciatica (a shooting pain and sensation in the leg), and brachial neuralgia (a burning, tingling, numbness or pain down the neck, shoulder and arm.)

The heart also handles a big load while shoveling. Exertion and frigid air can put a burden on the cardiovascular system.

Holiday Happiness

The Spirit of Christmas cannot be put into a box tied with pretty ribbons. No amount of money can buy it, and no store can sell it.

The Spirit of Christmas lives within us. But only when we share it with others can we know its power to brighten the lives of those we touch with our kind acts and words of good will and peace.

At Christmas and always, may your heart find joy in sharing, and may you be surrounded by those you love.

Best Wishes for a Merry Christmas

Village Council Proceedings

**Approved Minutes
December 7, 1987**

The regular meeting of the Manchester Village Council was called to order at 7:01 p.m. by President Hinkley with the Pledge of Allegiance. Present: Hinkley, Tapping, Limpert, Reinhart, Becktel, Marshall, and Garlick. Absent: Harris. Also present: Brad Roberts, Kathy Roberts, Mike Balent, Gary Wiedmayer, Bob Macfarlane, Becky Doyle, Helen Keniser, Diane Schwab, Gerry Mann, Eleonora DeLiscia, David Little, Chris Spork, Pat Fielder and Glenn Burkhardt.

The minutes of the November 16, 1987, regular meeting and the November 23, 1987, special meeting were presented to Council for approval.

Becktel offered a motion, supported by Tapping, to approve the November 16, 1987, minutes as written. Ayes - all.

Motion by Reinhart, supported

by Marshall, to approve the November 23, 1987, minutes as presented. Ayes - all.

APPROVAL OF AGENDA
Becktel made the motion, seconded by Marshall, to approve the Agenda as written. Ayes - all.

CORRESPONDENCE
Several pieces of correspondence were presented to Council for review. After some discussion the following decisions were made:

Tapping offered a motion, supported by Marshall, to appoint Comerica Bank-Detroit as Transfer Agent, Paying Agent and Registrar on the \$500,000.00 bond issue at a flat rate of \$500.00 per year, payable in advance. Roll Call Vote: Ayes - all.

Council asked Hinkley to write a letter to Mr. Naimowicz informing him that he has reached the end of his 13 week disability and that as per his contract his insurances will be cancelled as of December 9, 1987.

It was decided that the Industrial Park ad-hoc (Limpert,

Garlick, Hinkley) committee should meet to discuss the future of the Park.

Council directed the Clerk to return a bill from Concordia College giving them Mr. Naimowicz's new address.

Council asked Clerk Schaffer to refer the letter from Robert Holiday to the Planning Commission for review.

PUBLIC PARTICIPATION

Rev. Bob Macfarlane, chairperson of the Community Resource Center, was present to update Council on the accomplishments of the past year. The Resource Center Committee has been dealing with the unemployment created by the shutdown of Double A Products. Rev. Macfarlane reported that they will be moving to a new address, 122 W. Main St., Manchester, Michigan.

Becky Doyle confronted Council on the Blight Ordinance and that as per his contract his insurances will be cancelled as of December 9, 1987.

Mr. Gerry Mann asked Council about his insurance claim of several months ago. Garlick promised to check into the matter immediately.

REPORTS
Garlick presented the DPW and Treatment Plant reports to Council for review - on file.

Sgt. Spork presented Council with the new shift bids. A short discussion on the Blight Ordinance and street lights followed.

TREASURER'S REPORT
Bank balances as of November 30, 1987, are as follows:

General Fund - \$78,268.14; allocated to rebuilding, -23,390.74; allocated to equipment, -8,992.68; Balance - \$45,884.72.
Water and Sewer - 19,316.13;

General Highway - 11,239.08; Major Street - 3,714.72; Local Street - 1,183.64; Park Improvement - 3,732.74; Tax Account - 0; Construction Fund - 19,309.82; Retention Fund - 10,423.90; Debt Service - 0; Dental, Prescription, Optical - 109.92; Cash Savings - 88,972.70; First of America CD, 30 day - 100,000.00; First of America CD, 90 day - 100,000.00.

BREAKDOWN FOR CURRENT ACCOUNTS PAYABLE:

General Fund - 21,343.21; Major Street - 725.26; Local Street - 558.27; Sewer and Water - 7,821.37; Parks - 23.30;

Motion by Becktel, supported by Tapping, to receive the Treasurer's Report as given. Ayes - all.

ACCOUNTS PAYABLE
After Council reviewed the payables, Reinhart offered a motion, supported by Marshall, to pay the bills in the amount of \$30,471.20. Roll Call Vote: Ayes - all.

INTERIM VILLAGE MANAGER'S REPORT

Garlick presented Council with the Interim Manager's Report - on file. Items discussed were DPW new policy, meeting with Washtenaw County Road Commission, Computer and Litigation between the Village and Mister Rubbish.

Garbage Collection Contract
Garlick reviewed the Garbage Collection Contract with Council. After some discussion Becktel offered a motion, supported by Marshall, to accept the contract as written up by the Village Attorneys. Roll Call Vote: Ayes - all.

DPW Contract
Garlick presented Council with the new DPW proposal and Contract language. Under the new proposal the DPW would take a one

year wage and benefit freeze retro-active back to July 1, 1987. On July 1, 1988, DPW would get 5% wage increase and a \$14.00 a month benefit increase. On July 1, 1989, DPW would receive a 3% wage increase. Brad Roberts said that the employees agreed to the one year wage freeze to help out the village but if Council finds out that they have the money the DPW would like some consideration in the matter. Becktel thanked the DPW for agreeing to the freeze.

Motion by Marshall, supported by Reinhart to adopt the DPW contract with the modifications discussed. Roll Call Vote: Tapping - yes, Limpert - no, Reinhart - yes, Becktel - yes, Marshall - yes, Hinkley - yes, Harris - absent.

Staff Wages and Assignments
Garlick presented Council with a wage and assignment sheet for the office staff. After a lengthy discussion Limpert offered a motion, supported by Becktel, to do a study on combining the Village Clerk and Treasurer jobs. Roll Call Vote: Tapping - yes, Limpert - yes, Reinhart - yes, Becktel - yes, Harris - absent, Marshall - no, Hinkley - yes.

ZBA Action
Marshall offered a motion, supported by Becktel, to rescind Ordinance #162, ZBA Ordinance, allowing the Village Council to continue acting as Zoning Board of Appeals. Roll Call Vote: Tapping - yes, Limpert - no, Reinhart - yes, Becktel - yes, Harris - absent, Marshall - yes, Hinkley - yes.

Engineers Recommendation for \$500,000.00 Bond Program
Garlick presented Council with the Engineers recommendations on the \$500,000.00 bond - on file. After some discussion Reinhart offered a motion, supported by Marshall, to approve the recommendations as presented. Roll

the General Fund and \$564.10 in the Liquor Fund.

Various communications were read. Three bids for a water softener were reviewed. Approved purchase of water softener for Townhall from Village and Country Soft Water Co. in Chelsea for \$1,195.00. Approved reducing insurance coverage on garage from \$35,500 to \$25,000.

Gary Mitchell and Eugene Mann were appointed to another term on the Zoning Board of Appeals. Norman Wend and Richard Toehm were appointed to another term on the Planning Commission.

Payments were approved for voucher #2084 through #2117. Meeting was adjourned at 9:45 p.m.

Submitted by, Mildred Guenther, Clerk
Approved by, Eugene Mann, Supervisor

Manchester Township Board

**Proposed Synopsis
December 14, 1987**

The meeting was called to order at 8:00 p.m. with the Pledge of Allegiance. All Board members present. Also three other people. Approved various minutes as submitted.

List of bills paid since last meeting presented. Treasurer reported \$25,303.05 in the General Fund. Approved payment of General Fund bills for \$5,975.65.

Board approved private road agreement signed by the Duffs, Steven Siple, Bialeckis and the Moores. After the contractor is done with the road, it must be

approved by the Township Board prior to Mr. Duff receiving a building permit.

Supervisor to obtain information from the D.N.R. as requested by the Planning Commission.

Clerk announced that the Special Election has been certified for January 19, 1988 and announced the election inspectors.

Adopted Resolution to amend the General Fund budget. F.D. incident Number 87-144 discussed.

Accepted the resignation of Dorothy Burch, Treasurer, effective December 20, 1987 with regrets.

Appointed as Treasurer from December 20, 1987 to November 20, 1988, Jeannine Uphouse. Permission granted to purchase filing cabinet for use of Planning Commission.

Supervisor reported update on various violations. Other reports also submitted. \$5.00 per parcel will be charged for summer school tax collection for 1988. Supervisor to negotiate with Clinton and Columbia.

Meeting adjourned at 8:58 p.m.

Submitted by, Wilma E. Lentz, Clerk
Approved by, Clarence L. Fielder, Supervisor

65 MPH Becomes Law

Michigan's new 65 MPH speed law began November 29. After months of legislative debate on how the bill should read, Governor Blanchard affixed his signature and Public Act 154 went into effect. Now the battle to keep down speeds on all roads, not just rural interstates, begins.

The Office of Highway Safety Planning (OHSF) was asked by the Michigan Association of Chiefs of Police, Michigan Sheriffs Association, and the Michigan State Police to coordinate the implementation of the new law. In so doing, the OHSF created a report which summarizes the many activities associated with the law.

Here is a synopsis of what the new law means:

*"Rural interstates" (720 miles in Michigan) are 65 MPH. Current Federal law prohibits other freeway limits from being raised.

*"Urban interstates" (483 miles) remain 55 MPH.

*"Non-interstates" (603 miles) remain 55 MPH (181 urban and 422 rural miles).

*Truck speed limit remains 55 MPH. Posting at the state line and international boundaries.

*School bus speed limit remains 50 MPH.

*Interstate routes are designated with an "I" (such as I-75, I-94, I-96, etc.).

*"US highways" (such as US-23, US-27, US-131) are not affected by this change.

*Radar detectors (commonly referred to as "Fuzzbusters") are not prohibited by this new law.

*Points and fines on limited access highways:

MPH	Points	Minimum Fine
56-60	0	\$10.00
61-70	1	\$20.00
71-80	2	\$30.00
81-85	3	\$40.00
86 or more	4	\$50.00

Seasons Greeting from Bridgewater Lumber

In Business For Over 50 Years

Helpful Kitchen Hints

If you're like many Americans, you're not getting the calcium you need each day. About 50 percent of men over 35 don't measure up to their 800 required milligrams of calcium daily. Half of 15 to 18-year-old teenage girls get less than 600 of their 1200 required milligrams of calcium daily. And fewer than 25 percent of women over 35 years of age have adequate calcium intakes. Two glasses of milk and an ounce of cheese satisfy an adult's daily calcium requirements.

To make your own whipped butter, soften butter at room temperature. (Or, microwave 1/2 cup butter on High power about 15 seconds or until softened.) Beat with an electric mixer on high speed until light in color and doubled in volume. Stir in some dried herbs, if you'd like to add a delicious dimension.

Add zip to a batch of popcorn. Toss it with grated Parmesan cheese instead of salt.

Spruce up a container of vanilla yogurt for an on-call, on-the-go breakfast. Stir in some berries; dried fruit bits; almond brickle pieces; nuts; chow mein noodles; granola; pumpkin seeds; jams or preserves; semisweet chocolate pieces; shredded lemon, orange, or lime peel; or toasted coconut.

A chunk of cheese makes a great edible serving dish for hot dips. Start with a 2-pound round or block of natural cheese that's about 3 inches thick. (Cheddar, Colby, Edam, Fontina, Gouda,

Monterey Jack or Provolone all do nicely.) Remove the waxed coating or rind. Use a grapefruit knife and a spoon to hollow out the cheese, leaving a shell about 1/2 inch thick. Place the shell in a microwave-safe casserole or loaf pan. Spoon your favorite dip into the shell. Microwave on High power for 3 to 4 minutes or till the sides of the cheese soften. Remove from casserole to serve.

Two glasses of milk and an ounce of cheese satisfy an adult's daily calcium requirements.

Money Management

An Early Look At Your Taxes Could Save You Money

The Tax Reform Act of 1986 has made it more difficult to find ways to cut your taxes—difficult, but not impossible.

According to the Michigan Association of CPAs, if you take some time now to review your tax position, you could save money when it comes time to file your return in April. While it may be too late to drastically reduce your tax bill, you should be able to at least trim it a bit. In fact, you should start your tax planning for 1988 at the same time you are reviewing your 1987 tax position.

Before you determine what moves to make to reduce your taxes, you need to prepare a projection of your 1987 income and deductions. While that may sound difficult, it is actually fairly easy.

Using your pay stub, bank statements and any other income documentation, multiply your income by 12 over the month. If your income is complete through the end of September, for example, you would multiply the figure by 12/9 because September is the ninth month of the year.

For example: Let's say your salary through the end of September is \$21,000 and your other income is \$1,500 through the end of August. To project your annual income, multiply \$21,000 by 12/9 and \$1,500 by 12/8 and add the two numbers together. In this case, the totals are \$28,000 in salary and \$2,250 in other income. You can do the same for deductions.

Once you've calculated your annual income and deductions, you can start to look for ways to reduce your tax bite. The first place to look is at an IRA. Yes, IRAs can still be fully tax deductible if you meet certain requirements. The full deduction remains in effect for single people with adjusted gross incomes below \$25,000 and for married couples with adjusted gross incomes below \$40,000, even if one or both spouses are covered by company pension plans. If you are single and your adjusted gross income is under \$25,000 or under \$50,000 if married and filing jointly and you are covered by an employer's pension plan, you can still deduct at least a portion of your IRA contribution. If neither you nor your spouse are covered by a pension plan, you can deduct up to a lesser of \$2,000 or 100 percent of compensation for yourself and up to \$250 for a non-working spouse regardless of your adjusted gross income.

In short, look at your projected adjusted gross income to see if you qualify for a full or partial IRA deduction. It could save you tax dollars come April 15.

You may also want to take advantage of a 401(k) plan if it is available where you work. You can still contribute up to \$7,000 to the plan. The contribution can reduce your taxable income, saving you tax dollars. If you are eligible for a 401(k), you may still be able to deduct IRA contributions. Look at the new IRA income rules and consult with a tax expert to determine whether you can deduct contributions to an IRA in addition to taking advantage of your 401(k)

you can start to look for ways to reduce your tax bite. The first place to look is at an IRA. Yes, IRAs can still be fully tax deductible if you meet certain requirements. The full deduction remains in effect for single people with adjusted gross incomes below \$25,000 and for married couples with adjusted gross incomes below \$40,000, even if one or both spouses are covered by company pension plans.

If you are single and your adjusted gross income is under \$25,000 or under \$50,000 if married and filing jointly and you are covered by an employer's pension plan, you can still deduct at least a portion of your IRA contribution. Look at the new IRA income rules and consult with a tax expert to determine whether you can deduct contributions to an IRA in addition to taking advantage of your 401(k)

If you have children, you may want to consider shifting family income by "gifting" certain assets to them. Under tax reform, a child under 14 can generally earn up to \$500 of investment income with no tax liability. However, if a child earns more than \$1,000 in investment income, it will be taxed at the parent's top marginal rate.

You may also want to consider deferring some of your income until 1988 when tax rates will be lower. In addition, look at the effect of accelerating payments on deductible expenses. Remember, interest on credit cards and consumer loans is 65 percent deductible this year, but only 40 percent deductible in 1988.

It is important to remember these are just suggested possibilities. Each person's tax situation will be different, so it is important to consult with a tax expert before you take any action.

According to the Michigan Association of CPAs, the time to see that expert is now rather than waiting until after the start of the new year.

A HOLY DAY - Christmas means many things, for it is a holy day as well as a holiday, a day of grace and gratitude. Most of all, it means joy and hope for the world. Beyond the fun and feasting, there is the spirit that may "work us a perpetual peace," a spirit of faith in the goodness and good will of people everywhere.

Let us journey in spirit to Bethlehem and welcome in our hearts the Prince of Peace.

Candy Shop Treats To Make

Butter Toffee

Yield: Approximately 50 pieces

- 2-1/4 cups sugar
- 1 teaspoon salt
- 1/2 cup water
- 1-1/4 cups (2-1/2 sticks) butter
- 1-1/2 cups chopped blanched almonds
- 1 cup finely chopped pecans
- 1 teaspoon vanilla extract
- 6 ounces milk chocolate morsels

Combine sugar, salt, water and butter in a heavy 3-quart saucepan. Heat to boiling over medium high heat. Stir in 3/4 cup almonds. Cook, stirring constantly, to hard crack state (300 degrees F to 310 degrees F). Remove from heat. Stir in remaining 3/4 cup almonds, 1/2 cup pecans and vanilla. Quickly pour into buttered 15 1/2 x 10 1/2-inch jelly roll pan; spread evenly. Sprinkle chocolate morsels over warm toffee. Spread evenly; sprinkle with remaining pecans. Cool completely. Break into pieces to serve. Store, covered, in refrigerator.

Chocolate Truffles

Yield: Approximately 36

- 1/2 cup (1 stick) butter
- 6 ounces unsweetened chocolate
- 1/4 cup whipping cream
- 1 cup confectioners sugar
- 1/4 cup finely chopped pecans
- 1/4 cup unsweetened cocoa
- 1/2 teaspoon cinnamon

Melt butter and chocolate in a medium-sized saucepan over low heat, stirring frequently. Remove from heat and stir in whipping cream. Gradually stir in confectioners sugar and nuts until smooth. Chill, covered, 12 to 24 hours. Shape into balls using about 1 teaspoon of mixture for each. Combine cocoa and cinnamon. Roll balls in cocoa mixture. Place each in a small paper cup. Store in tightly covered metal container in refrigerator. Remove from refrigerator and let stand at room temperature about 30 minutes before serving.

Now that you've flipped the calendar to December, get cooking...it's candy-making season. The classy Chocolate Truffles and glistening Butter Toffee that follow may appear complicated, but looks are deceiving. They're surprisingly easy—even fun. Super-simple Chocolate Truffles are delicious confidence builders for the first-time candy-maker. They join the ranks of the easiest candies to prepare because you need no candy thermometer. Just melt together chocolate and butter. Stir in whipping cream, confectioners sugar and chopped pecans. Voila! Your first candy-making success! As for Butter Toffee, remember two things and you'll be

guaranteed perfect results. First, use only real butter. If another fat is used, the fat will separate onto the surface of the candy. Second, check the accuracy of your candy thermometer. One degree off either way can make the difference between success and failure. To check your thermometer, place it in a saucepan of boiling water. If it registers 212 degrees, it's right on the button. If your thermometer registers above 212 degrees, add the difference to the temperature. For example, if yours registers 214 degrees, then you should cook your candy 2 degrees higher than the recipes says. If your thermometer registers lower than 212 degrees, cook it to a lower temperature.

DIAL —A— GARDEN

The following is a monthly schedule of Dial-a-Garden, the system of prerecorded daily gardening tips sponsored by the Washtenaw County Cooperative Extension Service. The system is in Operation 24 hours a day, 7 days a week. Interested persons are invited to call 971-1122 at their convenience to listen to timely, up-to-date gardening information.

REPAIR YOUR DAMAGED WINDSHIELD FOR A FRACTION OF REPLACEMENT COST.

Most windshield breaks are repairable, and the cost is far lower than windshield replacement. The patented, proven Novus method can restore and repair windshields both structurally and optically, leaving damaged areas almost invisible. But act now! If crack damage spreads too far, it may become necessary to replace the entire windshield.

We come to you... Mobile Service Anywhere in Washtenaw County. MOST INSURANCE COMPANIES WILL PAY 100% OF REPAIR COST.

Free Brochure for Tree Plantings

Now is the time to be planning ahead for tree-planting projects next spring, and a free brochure is available from The National Arbor Day Foundation to assist. The free brochure, called Conservation Trees, uses colorful photos and illustrations and easy-to-understand descriptions to guide tree planting and care. The Conservation Trees brochure includes these sections:

- *How to use windbreaks and shade trees to save energy in your home.
- *How to attract songbirds to your yard.
- *How to save trees during construction.
- *How to save topsoil and help farm profits with shelterbelts.
- *The right way to plant trees.
- *The right way to prune trees.

"I wish," said a preacher, "that we could package religion in spray cans. It would be more popular." Maybe, for some prefer their religion in "short bursts." They're a little too bad to be good, so they'd like a "shot" every now and then just to be respectable, but not too religious.

There are many who'd like to make use of their religion only when they're "under pressure." They turn to God in their pain, but they turn from Him in their pleasure.

Many pastors would like a "hair-spray-can religion" for the "hard-to-hold" members so they'd "keep their religion in place all day." But the Lord will do that for you, if you'll turn your life over to Him. Why don't you do it now?

Cards of Thanks

Manchester Family Service takes this opportunity to THANK all those terrific VOLUNTEERS who helped in innumerable ways with the "Christmas Shop"; the many people who gave monetary gifts and the new and used material gifts for the Project; St. Mary's Church for hosting the 3-day-marathon and the whole community for its outpouring of Christmas Spirit.

HAPPY NEW YEAR TO ALL
 I would like to thank the Manchester Fire Department for their quick response to my car fire last week and special thanks to Mrs. Hardenbergh for her kind words and support.
 Kelly Patton

I would like to thank everyone for all the cards, visits and plants while I was in the hospital and since my return home. A special thank you to Rev. Bentley and Betsy for their visits, and also to my family for the care at home. All is greatly appreciated.
 Florence Widmayer

Washtenaw County Plumber/Pipefitter Joint Apprenticeship Program
 Applications will be accepted for the Plumber/Pipefitter Apprentice Program at 5300 West Michigan Avenue, Ypsilanti, Michigan, beginning February 1 through February 12, 1988. All applicants must personally pick up, and within one (1) week, return the necessary forms to the office. The office is open weekdays from 9:00 a.m. until noon. Applications will be available to all who are interested without discrimination because of race, color, religion, sex or national origin. Applicants must be at least 18 years of age and be residents of the County of Washtenaw or the Townships of Green Oak and Hamburg in Livingston County; or the Townships of Clinton, Tecumseh and Macon in Lenawee County. Each applicant will be required to have a high school diploma or G.E.D. certificate. *G.E.D. should have record of two semesters each of equivalent mathematics, science and shop courses.

Revising Family Recipes

Bring Your Family Recipes Into The Low-Cholesterol Age

Grandma's chicken and dumplings, Dad's favorite stuffing, Aunt Edna's gingerbread. They're family treasures, passed on generation to generation, by word of mouth, scraps of paper, sometimes even a formal "family cookbook."

Often these family recipes carry on a tradition of high-fat eating, according to the American Heart Association of Michigan (AHA/MI). Older methods of food preparation and use of "special occasion" ingredients, such as cream and butter, yield family menus that may not be best for the heart.

"You don't have to burn the family cookbook, though, to change to a heart-healthy lifestyle," according to Vernon Wendt, M.D., president of

AHA/MI. "Many family recipes can be revised and made heart healthy through simple substitutions of ingredients that are lower in fat."

Foods high in fat are major contributors in the food they eat, along with controlling high blood pressure and stopping tobacco use, Americans can reduce the death rate due to heart disease," Wendt said.

So, how can Grandma's chicken and dumplings be made more heart healthy?

For starters, the chicken can be steamed or boiled a day ahead and chilled. Poultry carries a layer of fat under the skin and several large fat deposits near the tail. When boiled, this fat is released in the chicken broth. By chilling the chicken and broth, the fat solidifies and rises to the top where it's easily skimmed off, leaving a tasty liquid which is lower in fat. Skin from the cooked chicken can also be removed before preparing the final recipe. The same technique can be applied to other chicken recipes, such as creoles, pot pies and stir fries.

Another healthy tip: Substitute other spices for salt when you season the chicken. Possible additions include garlic powder and thyme. American Heart Association Original Herb Seasoning lends itself to chicken recipes, too. It's available in most parts of the country from grocery

Rest Areas To Stay Open

Across the state, workers are getting ready to close some of the state's 79 rest areas and 96 roadside parks for the winter.

Ten rest areas statewide will close on December 15, and reopen April 1.

"Tourist use goes down in the winter and at the same time snow removal drives maintenance costs up," said Maurice Witteveen, MDOT's chief maintenance engineer. "Our rest stops are well-used in the summer, but when the snow comes, it's difficult to maintain the entrance and exit ramps in a safe manner."

Signs will be erected advising motorists of the temporary closure and the distance to the next open rest area.

Of the state's 96 roadside parks, located in the most scenic areas of the state, nine will remain open and at least eight will remain partially open during winter months.

"Winter maintenance is expensive," Witteveen said. "so every year we re-examine the closure program. First of all, we want to make sure closing a rest area represents a substantial savings. And we do not want to inconvenience tourists, since winter tourism is a vital part of the state's economy."

"Although we will have to close some parking lots because of snow, we do not want to close any lots that may result in a long walk for handicapped persons," he said.

"We can be wise from goodness and good from wisdom," Ebner-Eschenbach

Applauds House-Senate

An area lawmaker applauded a House-Senate joint crime package but warned that the legislation has several deficiencies that must be corrected in 1988.

State Representative Margaret O'Connor (R-Ann Arbor) said the anti-crime bills are a "first step" in helping law enforcement officials. The package includes provisions from the House Republican Task Force Report on Crime Reduction issued last May.

The major bills in the package would:

- require mandatory consecutive terms for anyone who commits a felony while on bond for another felony.

- allow prosecutors the right to appeal any issue which would not subject the defendant to double jeopardy.

- provide rights to victims of eight specific misdemeanor crimes and crimes committed by juveniles.

- enhance penalties for selling and distributing drugs on school property and for using minors to deliver drugs.

"These bills will help police officers, prosecutors and judges administer justice, but they are only a beginning," O'Connor said.

The lawmaker said that the package fails to address the issue of repeat offenders.

A bill in the package would reduce the minimum terms of mid-level drug dealers.

Our first goal should be to enact this package and provide the tools needed by our law enforcement officials," O'Connor concluded.

Services Now Available At New Community Resource Center

Employment Services for those laid off from Double A Products Company will continue to be offered for the next six months by the staff of Washtenaw-Ann Arbor Livingston Training & Employment Center (WALTEC).

The new office is located at the Community Resource Center at 122 West Main Street, Manchester (under Dr. Eccles; medical office in the old Methodist Church). The two room suite will be open Monday through Friday, from 9 a.m. - 4 p.m., and appointments may be made by calling the new phone number at 313-428-7722, or you are welcome to just drop in and say "hello!"

Help is available there for resume writing, job interview preparation, job search assistance, and employment referrals. Those wishing extra college class opportunities can also get information there.

Beginning in the new year, a "Job Search Network" will be formed, which are small support groups, helping one another to cope with their layoffs, and their search for employment. If you may be interested in the Job Search Network, or any other aspect of what the Community Resource Center can offer, please contact the Employment Counselors at the Center, Cheryl Elfond and Cleo Guster.

The Chairman of the Community Resource Center Committee, which is made up of 52 Manchester and County residents, Rev. Robert Macfarlane, expresses thanks to many of the generous groups and individuals who have been so helpful in making the Center a reality. He invites anyone who is a concerned resident, to join the Committee at their next monthly meeting, which will be held on Thursday, January 21, 1988 at 7:30 p.m. in the Center offices, 122 W. Main, Manchester.

Double A Products has been extremely cooperative in helping the Center get started. Especially we'd like to thank Mr. William Johnson, Chief Operating Officer, Mr. Richard Kuntz in the office, and Mr. Michael Woodruff, Union Representative. Double A has given both financial assistance and furniture to outfit the two

new office rooms. Other assistance has already been received from Kay Ford of the Private Industry Council, Ruth Schelkun and Ann Beale of Washtenaw County Community Mental Health, David Little of Great Lakes Savings, Parish Partnerships of Washtenaw County, and major support from the Pastors and Congregations of the Manchester Churches. A special thanks is extended to the Village Department of Public Works men, Gary Wiedmayer, Brad Roberts, Mike Balent, and Ed Townsend, along with the help of Mike Minor, who so generously and cheerfully helped move many truck-loads of furniture from Double A to the Center.

Lambda Nu To Sponsor Benefit For MD

The Lambda Nu Sorority is sponsoring a Swiss Steak Supper to benefit the Muscular Dystrophy Association on January 20, 1988 from 5 to 8 p.m. at Emanuel United Church Hall. The menu consists of swiss steak, mashed potatoes, corn, cole slaw, rolls and butter, coffee, milk, and pie. The cost will be \$5.00 for adults, \$3.00 for children between 5 and 12 years old, with no cost for children under 5 years. Advance tickets are available from all members of Lambda Nu, from the Flower Garden, and from Keith's Barber Shop.

The church is located at 324 W. Main Street. More information can be obtained from Dawna Stockwell at 428-7821. The dinner is open to the public.

New Post Office For Manchester

Postal workers and patrons of the Ypsilanti, Willis, Saline and Manchester post offices can take heart. The new facilities scheduled for their communities will be built, according to U.S. Rep. William D. Ford, chairman of the House Committee for Post Office and Civil Service.

A week ago it appeared that plans for the new offices scheduled for the four Washtenaw County cities would have to be discarded. A U.S. Senate committee had recommended halting or delaying all new postal construction in an effort to make up a \$2 billion deficit.

That amount was needed because of a recent agreement by the government to pay health and pension benefits for postal employees who retired before 1972. Postal authorities had said the construction cutback would be linked to a canceling of Saturday mail deliveries so additional money could be saved.

At risk in the economic pullback was the proposed \$5 million post office for downtown Ypsilanti, a \$500,000 facility in Saline, a new building to replace the cramped, 800-square-foot rented structure in the village of Willis and a \$500,000, 4,144-square-foot building in Manchester. "The only construction which will be delayed will be facilities which are not yet fully planned, building which were to be planned in 1988. The Ypsilanti, Willis, Saline and Manchester structures are to proceed on schedule." The exact locations of the new offices in the four local communities have yet to be determined, but appropriations for construction have been approved by the federal government.

Benefit Your Town

Manchester Enterprise
February 25, 1886

There is no doubt our residents generally are desirous of having a hand in furthering the interests of our enterprising town, and to all such, we commend the the following rules, which if followed will certainly cause very satisfactory evidence of advancement in the direction desired:

- Talk about it.
- Write about it.
- Help to improve it.
- Speak well about it.
- Beautify the Streets.
- Patronize its merchants.
- Advertise in its newspapers.
- Elect good men to all offices.
- Speak well of its public spirited, enterprising citizens.

If you don't think of a good word to say don't say anything bad about it.

If you are rich, invest in something, employ somebody, be a "hustler."

Don't bark and growl at the assessor. He has taken his oath to do what is right.

Be courteous to strangers that come among you; they go away with good impressions.

Remember that every dollar

you invest in a permanent improvement is that much on interest.

Always cheer on the men who go in for improvements; your portion of the cost will be nothing only what is just.

Don't kick at any proposed necessary improvement because it is not at your door for fear that your taxes will be raised 15 cents. Don't throw stumbling blocks in the way of your town officers; they are generally public spirited men and spend lots of time in the public interest for which they receive no remuneration.

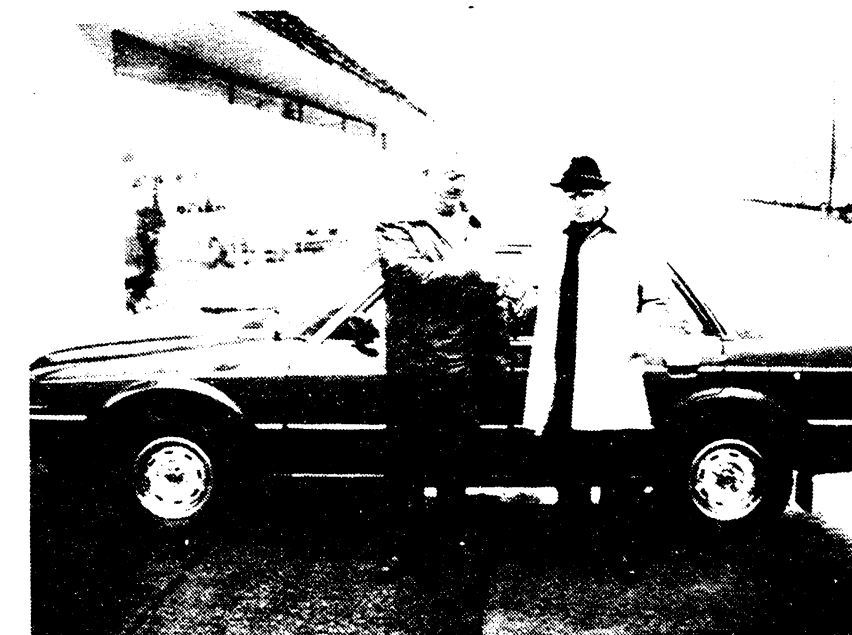

If during the week, anything of public interest, transpired which might appear in print to the credit of the community, tell it in the newspaper office so that it may be

Need A Ride New Year's Eve?

Don't drink and drive! As a public service, Midwest Ford of Manchester will drive you home and tow your vehicle free of charge between the hours of 10:00 p.m. and 2:00 a.m. Call 428-8343 for a Safe New Year!

Car Donated To St. Mary's

Each year Midwest Ford will be donating a car to one of the area churches, according to John Pope, General Manager. This year an '83 Honda valued at \$8,000 was presented to St. Mary's Catholic Church to use as they wish. Shown above is Russ Aiuto presenting the keys to Father Raymond Schlinkert.

Increase In Subscription Rate

Effective January 1, 1988, subscriptions to The Manchester Enterprise will be \$10.00 per year in state and \$12.00 per year out of state.

These prices reflect the rising cost of postage and newsprint which makes it necessary to raise our rates.
