**Local Students Wins  
Optimists Essay Contest**

Deanna Gilbert, John Korican and Linda Hansen

Deanna Gilbert, a senior at Manchester High School won the 1987 Essay Contest conducted by the Optimist Club of Manchester. The contest invited students to submit a 400-500 word essay on the subject "Freedom, Our Most Precious Heritage."

**Optimist Student  
Of The Month**

Mike Stidham has been honored as Manchester Student Optimist of the Month for December. He resides with his parents Hargus and Vicki Stidham in Manchester. Mike is a senior at Manchester High School. He is interested in teaching history and coaching. Mike is leaning towards Grand Valley State, Saginaw Valley or Ferris State. Mike played football all four years of high school. He was voted most improved player in 10th grade, most valuable lineman in 11th grade and this year was honored on All League in the Jackson and Ann Arbor area. In addition, he was selected to All State in the AP poll and Detroit Free Press honorable mention for All State. He is a member of the leadership class and National Honor Society and is an office aide this year. He also has made the honor roll all four years of high school. We congratulate Mike on his accomplishments!

Second place in the contest was awarded to Linda Hansen, a junior at Manchester High School. Third place was won by Jackie Miller, a senior at Manchester. As the first-place winner of the Optimist Club of Manchester contest, Deanna's essay will be entered against those of other Optimist club winners in the upcoming state contest. The winner will receive an all-expense-paid weekend seminar at the nationally recognized Freedoms Foundation at Valley Forge, Pennsylvania. From the 50 district winners, an international winner will be chosen to receive a \$5,000 scholarship. An expert panel of judges reviews the entries at each level of competition. Over 15,000 high school students across the United States and Canada annually enter the Optimist International Essay Contest. Deanna's essay appears on page 12.

**Optimist  
Oratorical  
Contest**

An oratorical contest open to all boys and girls who have not reached the age of 16 is being conducted by the Manchester Optimist Club. Medallions will be awarded to first place, second place and runner-up winners in each division. In addition, the first place winners of the contest will be eligible for further competition with a top prize of a \$1500.00 scholarship. The official oratorical contest subject is "DESTINY - CHOICE, NOT CHANCE." Contestants must speak on the official subject for not less than four minutes and not more than five minutes. Scoring is based on personal qualities, material organization, delivery and presentation, and overall effectiveness. For information concerning the contest, contact Rod Morrison, Principal, at the High School Office: 428-7333.

**Volunteers Make  
Ice Rink Possible**

by Becky Doyle

After last week's article stating that there would be no skating rink in Manchester this year, Councilman Wendell Reinhart received so much response from the community that he decided to try to do something about the situation. After contacting other council members it was decided that the major expenses to the Village was in overtime that was spent flooding the area. Reinhart found several volunteers who were willing to spend the hour or two each day putting down the initial layers of ice and the Public Works Department cleared snow from the area during regular work hours.

After about seven days of flooding the park, the ice will be ready for skaters, says Reinhart. He expected that to be sometime after the middle of this week. Hats off to some of the concerned people who cared enough to put in a few hours for the enjoyment of a lot of kids - and adults. Thank You Wendell, and thanks especially to Dan Fleck, who has been providing much of the manpower. If anyone else is willing to help, please call Wendell at 428-8540. It takes two to man one of the firehoses used in the operation.

**Red Cross  
Volunteer Report**

The Holiday Season found Manchester Red Cross volunteers busy as usual. Christmas Eve day, the Southeastern Michigan Red Cross Bloodmobile was parked at St. Mary's Church from 9:00 a.m. until noon collecting blood for Mott's Childrens Hospital. Mrs. James Warner was chairing this crew of volunteers: Mrs. Maryann Barker, Amanda Schaible, Mrs. James Landini, Mrs. Ronald Hawk and Mrs. Robert Krall. 1988 began with Chrysler Proving Grounds semi-annual clinics. The first, on January 4, was from noon to 6:00 p.m. with Mrs. Don Fowler assisted by Mrs. Herman Boelter and Mr. and Mrs. Delbert Ludwig. The second, on January 5, from 6:00 a.m. to noon was chaired by Mrs. Marvin Oates with Mrs. Ben Creason, Mrs. Jean Wheeler, Mrs. Alfred Sannes and Robert Panches assisting. Over 160 pints were collected at these three clinics to help the critically short blood supply for the area. The Ann Arbor office will be calling regular blood donors for the next few weeks, but those who wish to give at the Manchester Spring Bloodmobile on March 21 should not give after January 25. There

**Budget Deficit To  
Effect 1987-88 Spending**

by Becky Doyle

Village residents will be facing about two years of austerity, according to Interim Village Manager Emory Garlick, as a result of overexpenditures in the 1986-87 fiscal year. In his preliminary financial report, Garlick estimated the deficit at approximately \$143,210. Although the figures in Garlick's report cover a different period than the Village's March 1 through February 28 fiscal year and are currently unconfirmed by the auditors, it is likely that the Village will face a substantial deficit carryover.

Earlier in the year, Don Limpert resigned because those preliminary figures were not made public. But those figures have already changed although the deficit remains tentative until audited. "The records from the previous Village Manager were so muddled up that it is impossible to take it out of the Village computer sheets that he had established. We can't track it," said Garlick. The figures that he used were "strictly from the records of the Treasurer" he said, and were based on cash transactions January 1 through December 8 and his projection for the rest of December's expenses. He also outlined several measures that would reduce expenditures in the coming year by about \$85,500, still leaving about \$54,500 that would have to be trimmed from the budget for the new year. However, these figures do not take into account any expenditures that are reimbursible from bonds.

Those recommendations include reduction of the DPW staff by one man, and passing on the cost of

garbage pick-up to village residents - reductions which have already been approved and acted upon by the Village Council. Other recommendations included reduction of 1/2 police officer in the contract with the Sheriff's Department and staff reductions in the Village Offices. The staff reductions include the position Garlick now holds. He plans to leave on January 31 and does not recommend that he be replaced. Garlick encouraged strong leadership within the Council and hiring Dick Kuntz as Business Manager on a contract basis, which he estimated would save about \$25,000. Increases in office staff time to make up the work done by the Village Manager would reduce the savings to about \$11,000 according to Garlick's plan.

Reconstruction of the financial picture will probably take a good deal of time. "Realistically speaking, I doubt we will have the financial information for 1987-88 prior to August or September at the earliest. It might be as late as October or November," said Garlick. That means that the Village will continue to operate without an accurate budget while trying to counteract the previous over-expenditures. According to Dick Kuntz, who has not yet seen the audited figures, it will be possible to have some accurate picture of funds available as the accounting is gradually brought up to date.

According to Kuntz's time schedule, presented to the Village Council at the Work Session Monday night, the books would be brought up to date over a period of 10 months and would be finalized and current in February of 1989.

**"Affability Wins"**

Manchester Enterprise  
July 22, 1886

If nothing succeeds like success, there is no surer road to this consummation than affability. It should be one of the cardinal principles of every persons life, in whatever business he may be engaged, to study to please rather than to displease, and nothing tends more to this end than the cultivation of the habit of being affable at all times and in all places where circumstances do not forbid. All successful business are aware of this fact, and will not hesitate to attribute their rise to this trait of character. All men are not alike gifted with this attribute, to be sure, but most certainly all persons have it within their power to cultivate it. Nothing pleases a person better

than to be treated with respect and civility when he enters a place of business, whether it be to make purchases or in pursuit of information. Human nature is the same everywhere, and the old "country store" method of trading had elements of success in it which can never be ignored. When the farmer drives up to the store, the merchant is on hand to meet him as soon as he alights from his wagon. They exchanged all the news of the day while bartering their goods and part with mutual good will. All salesmen on the road fully understand the importance of affability with every customer, and strive to cultivate a good fellowship which will make them

## Senior Citizens News

The sunrise was pretty this morning. This past week with the below zero weather was bearable because the old sol was with us. As I speak of other old souls (just in age, not attitude), two of our local ladies celebrated their 88th birthdays on January 10, congratulations! Come to exercise at 11 a.m. each Thursday and your soul will be brighter as your body will feel better. Sauerkraut and kniffls will be served and bingo enjoyed this Thursday, January 14.

Friday, January 15: Seniors leave the Center at 10 a.m. for Plymouth and their spectacular Ice Sculpture Show. This weather this year should guarantee no ice melting and if you'd like to go along on the bus, call Helen Knickerbocker at 428-7239 immediately.

Monday, January 18: a shopping trip to Arborland is planned. Departure time is 9:30 a.m., call Helen.

Tuesday, January 19: Clergy presentation will be given by Pastor Falk at 11 a.m. Oven fried Chicken is on the lunch menu, Center activity will follow with more than sewing. Come and enjoy this project.

Wednesday, January 20: Our area folks who reside at Cedar Knoll and Chelsea Methodist Home will be visited. The bus will leave at 11:30 a.m. Come along for the ride and enjoy winter's beauty without having to drive.

Thursday, January 21: More exercise at 11, walk in the gym to warm up so you may enjoy the beef stew more readily. These meals are so tasty, make your reservations the day before and come see. Bingo follows and is always a favorite game of exercising your mind in concentration (at least I have to, but some of you are very sharp).

Bill Knapp Restaurants have added another bonus to bonus points for the months of January and February. They are giving DOUBLE POINTS to all who eat there and ask for them when you pay your bill. Bring them home, either deposit them in one of our canisters, or give them to an active senior member. These points will count up in purchasing needed items for furnishing our Center. Thanks.

## Road To Recovery Needs Drivers

The American Cancer Society's Washtenaw County Unit needs more members for its Road to Recovery program. This is a group of volunteers who drive cancer patients to and from local medical centers for treatment.

Transportation is a major problem for many Michigan cancer patients. For instance, one cancer patient requiring radiation therapy could need anywhere from 20 to 30 trips in six weeks. A patient receiving chemotherapy might report for treatment weekly for up to a year. In many cases, a patient is driven to hospitals or clinics by relatives or friends. But even they must occasionally seek alternative transportation. That's where Road to Recovery comes in. These volunteers drive patients to medical facilities for life-saving treatments. The schedules are flexible. If you have a car and can spare as little as one morning or afternoon a month to help somebody along the road to recovery, call the local American Cancer Society office at 971-4300.

## Shakespeare Reading Club

The club met at the home of Alta Parr on January 5, 1988. Annette van der Schalie's topic "Geology and Ecology of the Manchester Area" was presented in an exciting way complete with "Show and Tell" on fossils borrowed from a museum.

Our roll call was a "Favorite Spot in the Manchester Area". Many places were selected along with a discussion on the 21 acre Sharon Hollow Nature Preserve which was told about in the January 7th Manchester Enterprise.

Our next meeting will be held on Tuesday, January 19 at 2:00 p.m. at the home of Hazel Walker. Her topic will be "Queen Isabelle".

## Army Hometown News

Pvt. Paul E. Duvall, son of Louis E. Duvall of Manchester, has completed one station unit training (OSUT) at the U. S. Army Infantry School, Fort Benning, Georgia.

OSUT is a 12-week period which combines basic combat training and advanced individual training.

The training included weapons qualifications, squad tactics, patrolling, landmine warfare, field communications and combat operations. Completion of this course qualifies the soldier as a light-weapon infantryman and as an indirect-fire crewman.

Soldiers were taught to perform any of the duties in a rifle or mortar squad.

He is a 1987 graduate of Manchester High School.

## THE MANCHESTER ENTERPRISE

150 East Main Street Phone 313-428-8173 Manchester, MI 48158 USPS No. 327-460

The Manchester Enterprise was established in 1887 and is published each Thursday at 150 East Main St., MANCHESTER, Michigan, with second class postage paid at Manchester, Michigan 48158. Edward E. Steele, Publisher Lenore A. Steele, Editor. POSTMASTER: Send Form 3972 To: Manchester Enterprise, 150 East Main St., Manchester, Michigan 48158. DEADLINES: All Display Advertising and Pictures (Black & White ONLY) Are Due By 5 p.m. Every Monday For Same Week Publication. All Classified Advertising and News Articles Are Due By 10a.m. Every Tuesday For Same Week Publication.

## DIAL -A- GARDEN

The following is a monthly schedule of Dial-a-Garden, the system of prerecorded daily gardening tips sponsored by the Washtenaw County Cooperative Extension Service. The system is in Operation 24 hours a day, 7 days a week. Interested persons are invited to call 971-1122 at their convenience to listen to timely, up-to-date gardening information.

Thursday, January 14 - Storm Injury on Trees.

Friday, January 15 - Growing Fruit Trees.

Monday, January 18 - NO NEW TAPE, MARTIN LUTHER KING DAY.

Tuesday, January 19 - Dwarf Fruit Trees.

Wednesday, January 20 - Pear Varieties to Try.

## Hospice Needs Volunteers

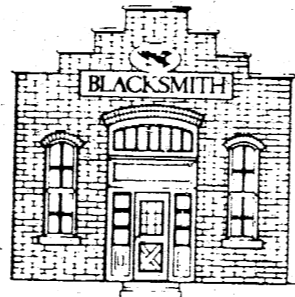

Hospice was a place of shelter during early or medieval times for travelers on difficult journeys. Today, Hospice is an organized

program of care for those who are near the end of life's journey.

Hospice of Washtenaw, a non-profit health care agency, trains and utilizes volunteers.

Hospice volunteers are the backbone and heart of Hospice.

At the present time our need for volunteer office assistants is great. If you would like to volunteer two or three hours a week on a regular basis, please phone Nancy Herc at the Hospice Office, 995-1995.

The Manchester Area Historical Society will meet on Monday, January 18, at 7:30 p.m. in the Blacksmith Shop, 324 East Main Street. Our speaker for the evening will be Frau Gisela Schmidt. Frau Schmidt is visiting Manchester this year as the Fulbright Exchange Program visiting scholar. She is teaching German at Manchester High School and will speak to us about Germany.

Please join us on January 18 to hear this interesting program.

## Letters To The Editor

On behalf of the congregation of Emanuel United Church of Christ, I wish to express our appreciation for the ministry and service which has been shown to our community by The Rev. Evans Bentley, Pastor for four years at Sharon United Methodist Church. As he and his family move from Manchester to a new ministry in Morenci, we want him to know that we have been touched by his spirit of cooperation, his approachable manner, his words from the pulpit, and his friendship. Evans, Betsy, and Sarah, we wish you Godspeed, and success in your future ministry. Very Sincerely,

Rev. Robert B. Macfarlane  
Pastor, Emanuel Church

## CITIZENS OF MANCHESTER TOWNSHIP

This letter is in regard to the Special Election to be held in Manchester Township on Tuesday, January 19, 1988.

The existing situation involving the approximate three acres that the Township Board rezoned from AR (agriculture-residential to GC (general commercial) had a building (formerly a chicken egg factory) covering much of the parcel and there was no indication of agricultural use of the parcel in the future.

A local contractor purchased the property and requested the

rezoning so that he could store his equipment and material used in association with his contracting business.

This is not a unique situation in the Township nor for the entire County. The concept of AR-agriculture-residential zoning, meaning active farming does not exist in many, many instances and the number of active farms continues to decrease. Economic realities affect the small AR zoned parcels most. They are not suited for "farming" as it is done today with expensive machinery designed to work large acreages. Other AR zoned usages are limited.

The major non-farming use of our agriculture land continues to be the 10 plus acre building site, technically called "farms" which excludes them from the Michigan State law intended to limit the splitting up of larger parcels into building lots. The residual of the 10 acres plus (usually 10.1) acres after a house is build is also not suitable for farming and often lies idle. This idle land contributes little to the township or its owner. It is a very wasteful use of our ever decreasing land resource.

It is clear that ways to more efficiently use small parcels of land must be found. If the existing zoning ordinances, most of which are over fifteen year old, do not completely cover situations, it is the responsibility

of the Township officials to recognize it. Present and future of the Township must be considered and actions such as rezoning or amending ordinances must be taken.

There are members of our community, who feel we should now freeze everything and never consider any more changes. This is not realistic and is unfair to those wishing to progress and keep pace with the ever changing conditions.

The subject of this costly Special Election is an excellent example of a condition that required and received action from the Township officials. The old chicken house was falling down and becoming a totally non-productive eyesore. There was no indication that this path of deterioration would change. A local contractor who provides a service, is needed in this community, and can be used by everyone in the community, expressed an interest in using and improving the property, investing money to demonstrate the improvements that can be expected.

The majority of the Township officials felt that this new use of the property constituted an improvement to our community and took necessary action to allow it to proceed.

ONLY PERSONS REGISTERED OUTSIDE THE VILLAGE LIMITS are permitted to vote in the Special Election on Tuesday, January 19, 1988.

A "YES" vote supports the Township Board's rezoning decision on the Grossman Road property.

Clarence L. Fielder,  
Supervisor

\*\*\*\*\*

Tuesday, January 19th, is a Special Election to decide if the Manchester Township Board's rezoning of three acres near Austin and Grossman Road should be overturned. John Schaible

of 1986.

Years ago this property was used as a cage laying-house for five thousand chickens. For many years it sat in disrepair, old cages lying outside, the roof falling in and overgrown with weeds. John Schaible has cleaned up the mess around the building, bricked the front and made it an asset for the township. John is using the building to store the equipment he uses in his masonry business.

When John purchased the property, he was under the impression that it was a permitted use for his business. He later found that he should have the zoning changed. He applied to the township for this change. The Manchester Township Planning Commission studied the property and surrounding area. They found that across the road was commercial property, near by was a body shop, veterinary clinic, feed store and a cemetery. The Planning Commission then recommended to the Township Board to approve the change to General Commercial. After a public hearing, the Township Board agreed with the Planning Commission and approved the rezoning.

Now a few people in the township are upset and would rather have a run down old chicken coop to drive by than a well-maintained building. We doubt if any of them lived here when there were 5,000 chickens in that building! They have asked

that there be a Special Election, at quite an expense to the taxpayers, to over-turn the Township Board's decision. We feel what John Schaible has done with this property is an improvement for all of us. We also feel that the men and women on our Planning Commission and Township Board studied this issue very thoroughly and came to a very good decision. Please support your local officials and get out on Tuesday, January 19th and vote YES!

Jim Samonek  
Dave Kirk  
Willard Mann

## School Hot Lunch Menu

Monday, January 18 - Cheeseburger on Bun, Onion Rings, Dill Pickles, Pineapple, Milk.

Tuesday, January 19 - Boneless Rib-B-Q, Escalloped Potatoes, Buttered Carrots, Bagelette & Butter, Dessert, Milk.

TAKE NOTICE that Manchester Township Planning Commission will hold a public hearing on the conditional use application of Virginia H. Cunningham to maintain a mobile home for use by her mother under Section 13.13(A2) of Ordinance Number 9, Manchester Township Zoning Ordinance on premises located at the southeast corner of Sutton and Hogan Roads, situated in Manchester Township, Washtenaw County, Michigan described as:

That part of the SE ¼ of Section 12, Town 4 South, Range 3 East, Manchester Township, Washtenaw County, Michigan described as: Beginning at the center post of Section 12 and proceeding thence N 84°47'24" E along the East and West ¼ line of Section 12, 694.85'; thence along the Westerly right-of-way line of the Michigan State Highway Department, THENCE SOUTHERLY ALONG SAID WEST LINE, 286.02 feet ALONG THE ARC OF A CURVE CONCAVE TO THE WEST, THAT HAS A SAID RADIUS OF 24,430.28 feet AND A CHORD OF 286.02 feet THAT BEARS S 10°08'56" E; THENCE S 88°53'04" W, 1035.20 feet; THENCE N 1°06'56", 432.00 feet along THE N S ¼ LINE OF SAID SECTION 12, TO THE PLACE OF BEGINNING.

Said public hearing to be held on January 25, 1988 at 8:00 p.m., at the Township Hall, 275 South Macomb Street, Manchester, Michigan.

MANCHESTER TOWNSHIP PLANNING COMMISSION

### Animal Waste Management Meeting

An Animal Waste Management Meeting(s), sponsored by the Cooperative Extension Service of Michigan State University will be held on Thursday, January 28, 1988 at 9:45 a.m. - 3:00 p.m. (livestock producers) and 7:00 p.m. - 9:00 p.m. (rural/urban) at the Michigan Livestock Exchange (1 1/2 mile north of Manchester on M-52).

The meetings are open to the public including community decision makers, members of the livestock industry, state agency representatives and others.

The program during the day is designed for the livestock producer. Educational information will be presented on animal agriculture in Michigan, utilization of manure as a resource, storage, treatment and runoff control, economic considerations, water and air problems, rural/urban conflicts, and the current laws and regulations pertaining to animal waste.

Reservations for lunch may be made through the Washtenaw Cooperative Extension Service Office. Mail check for \$5.00/person made payable to the Cooperative Extension Service, Box 8645, 4133 Washtenaw Road, Ann Arbor, 48107, Attention: J.W. Ames by Tuesday, January 26, 1988.

The evening program will center around the topics offered during the day with more emphasis placed on the rural/urban livestock issues. This program would be of benefit to those of you who live in rural areas and those who are involved in making decisions for the community. There is no charge for the program. Please call the CES office (313) 971-0079, if you plan to attend.

### Roundballers Split

by Jon

Tuesday night we welcomed the Trojans from Whitmore Lake. We held the advantage after 8 minutes of play, 22-19, but it was the second stanza that contributed to their demise as we outscored them by 14 points. We continued to function well, leaving the final 79-53.

Jason Van Deven led our scorers with 14, as John Korican hit for 11 and Brian Gebhardt posted 10.

Our Little Dutch were victorious as they beat Whitmore Lake 64-54.

On Friday evening we travelled to Vandercreek Lake and came up short, 66-71. We have a very

devastating full court press on defense, which we were able to apply until halftime where we led 34-33. Unfortunately, foul trouble made us stop pressing, which enabled Vandercreek to assume control of the game. We had 28 team fouls to their 13, which meant they shot 43 freebies hitting 25 of them, as we collected 6 of 16.

Tom Mann was just unstoppable tonight as he scorched the nets for 32. As well as I can remember, he is the first player to top 30 points since Rich Kennedy totaled 40 in the early 70's. Jason also hit for 12, as John hit for 10.

This now leaves our record at 4 and 2 overall.

Our Little Dutch continued their winning ways, 62-48.

### Wrestling Report

by Dan Jordan

Fresh back from Christmas break, the Wrestling team has come back looking somewhat stronger.

On January 6, the Jayhawks of Vandercreek flew into the friendly atmosphere of the Dutch. Fortunately the eyes of our grapplers were good and they shot down the birds in a close 42-36 contest.

On Saturday the team traveled to the Clinton Invitational. Thanks to great coaching by Rick Wiggard and Steve Vleck, they looked very good considering the number of underclassmen competing for Manchester. 198 pounder, Captain Mark Fenelon, has won another tournament pinning his way through the tournament. A fellow named Richard, may want to know Mark's record, it's a perfect 19-0. Heavyweight Hector Devulder, won 3 in the tournament to place him third. Jamie Winzenz at 112, did a great job placing third and Billy Day and Captain Bud Ball both placed fourth.

The team is at Gabriel Richard after coming back from Dansville this week; next Tuesday at

Napoleon and home next Thursday against Michigan Center.

### Volleyball Starts With A Bang

by Jon

On the varsity level, the season got under way last Saturday, as we trekked to Bath. There were 10 teams participating in this tournament, and oddly enough we lost our first game of the day against Saranac. We then proceeded to win the rest of our matches, setting up a championship face-off with Saranac whom we beat this time to win the first place trophy. 120 girls played and of these, 10 girls were chosen to the All-Tournament Team. Ami Bragg and Renea Drouare represented Manchester.

On Monday we hosted Whitmore Lake. The evening ended with easy victories both on Varsity and JV level. To close out the week, we hosted Jackson Baptist in a Varsity only contest on Thursday night, and showed total dominance, winning all the sets.

### Manchester Village Council

January 18, 1988

## Women's Night Out For The Health Of It

Join us for  
**"COPING WITH CHANGE"**

Jobs change, marriages evolve, children grow, friends come and go. The dynamic life of today's woman offers opportunity and growth. But too much change, too fast can also cause stress, and even lead to illness. Learning to cope with change is an essential survival technique.

## 'The Amazing World Of Light' Assembly

Klager students Laura Griffin, Justin Porter, Alexis PUNCHES and Patrick Busch assisted Al Ulman in 'The Amazing World of Light' assembly.

The Manchester PTO sponsored a special assembly for Klager students on January 8, 1988. The assembly, "The Amazing World of Light" was presented by Al Ulman for Mobil Education, Inc. The children learned about light in an entertaining presentation.

Mr. Ulman shared the characteristics of light, the sources of light, the characteristics and uses of laser light and the future possibilities for light. Klager students assisted Mr. Ulman in the "magical" illusions of light in the grand finale.

## Gumdrop Sculptures

Katie Tolen and Bobby Arkebauer carefully hold a sculpture made of gumdrops and toothpicks. Small groups of children worked together to create the interesting geometric forms. The students are in Mrs. Grantham's Third Grade classroom.

## HOMEOWNERS \*PLUS\*

HOMEOWNERS PLUS, an optional package of valuable coverages, is now available from Auto-Owners Insurance. HOMEOWNERS PLUS protects you against the following types of loss:

- Food spoilage, up to \$500, resulting from power outage or mechanical failure to your refrigerator or freezer.
- Glass Breakage, by waiving your policy deductible up to \$250.
- Property damage caused by the backup of your sewer or sump-pump, up to \$1,000.
- If your home is destroyed and a new mortgage at higher rates must be obtained, Mortgage Extra Expense will pay, up to the old mortgage's principal amount, up to \$250 per month for 4 years, to offset the difference in interest rates between your old and new mortgage.

**ONLY \$20 A YEAR!**

## Preschool News

The success of the Wolfgang Candy sale made possible the purchase of new equipment. One new purchase is the wire bead maze. The bead maze is a developmental toy which enhances perceptual motor activities, the patterning concept, and improves visual tracking abilities. The snap crawl tunnel and puzzle panel with molded shapes were purchased and added to our existing snap wall building system. The large wall system units involve large muscle movements thus channeling our children's gross motor activities in co-operative, creative, constructive, yet energetic play activities.

Other purchases include new wheeled toys: a Lakeshore Taxi-trike, a Lakeshore Low-rider and two sets of traffic cones to mark out our riding paths. These trikes are specifically designed for school use in regards to durability, safety, stability, and maintenance. The push, pedal, and circular motion of tricycles are fun and improves the motor skills and the muscular development of our youngsters. The taxi-trike is also an interesting addition to our gross motor selections as it will involve two persons, thus fostering co-operation, sharing and learning to take turns, i.e. socialization skills.

## Self-Help Group Meets In County

The Washtenaw County Herpes Self-Help Support Group will begin meeting on the third Wednesday of each month in the Education Center of the Catherine McAuley Health Center on January 20, 1988. All meetings will take place from 7 to 9 p.m. The address of Catherine McAuley Health Center is 5301 E. Huron River Drive, Ann Arbor, Michigan.

Also known as "Washtenaw County HELP", the group is open to anyone who has herpes or is directly affected by herpes in their own lives. Meetings are not open to the general public. These meetings provide an opportunity for participants who have a common problem to share views on a variety of herpes-related topics including medical facts, relationships and telling others, stress reduction, emotional problems, coping techniques, and research. All discussions at meetings are strictly confidential and identity of participants is also kept confidential.

For more information, call the Venereal Disease Action Coalition at 313-226-9496.

Published in compliance with M.C.L.A. 168.653a.

Date 1-7, 1-14

Wilma E. Lentz  
Clerk

## Low-Income Fuel Bill Assistance

Applications for the low-income fuel bill assistance will be taken by the Washtenaw County Community Services Agency (CSA) starting Wednesday, January 13, 1988.

The locations of the CSA staff members who take applications will be at Detroit Edison and Michigan Consolidated Gas Companies, and Help Line in Ann Arbor and Ypsilanti.

In Ann Arbor, the Detroit Edison office is at 425 S. Main Street, and applications will be taken there Monday through Friday from 9:00 a.m. to 12 noon; and 1:00 p.m. until 4:00 p.m.

In Ypsilanti, applications will be taken at the Washtenaw County Help Line, 120 N. Huron, Monday through Friday from 9:00 a.m. to 12 noon, and from 1:00 p.m. until 4:00 p.m.

The Michigan Consolidated Gas Company business office at 4641 Washtenaw Avenue, between Ann Arbor and Ypsilanti, will be a site for applications on Monday, Wednesday, and Friday, from 9:00 a.m. until 12 a.m., and from 1:00 p.m. until 4:00 p.m.

Intake will also be done at the following agency: Manchester Family Services at 665 W. Main Street in Manchester. Call 428-8852 for an appointment.

All other residents contact the intake site closest to your location. To be eligible for assistance, applicants must present proof of income, which must not exceed the following guidelines: One person household - \$6,875 per year; Two person household - \$9,250 per year; Three person household - \$11,625 per year; Four person household - \$14,000 per year; Five person household - \$16,375 per year; Six person household - \$18,750 per year.

The limit increases \$2,375 for each additional family member.

Applicants must also present their most recent fuel bills when applying. The amount of assistance varies from \$50 to \$200, depending on income and amount of the heating bill. Payments are made directly to the gas company, to delay threatened shut-offs of gas or electricity. This also includes participating oil companies.

Applicants who receive public assistance must contact their nearest Department of Social Services office. For further information contact: Alma Mack, Emergency Services Worker.

## IRS Offers Tax Help

"This year, we have expanded our taxpayer assistance programs throughout the state to provide the services that taxpayers will need in understanding the new federal tax law and in filling out the new forms," said IRS District Director John Hummel. "We are very pleased to announce extended hours on our toll free telephone lines this year, and to be able to provide more and better service in our walk-in offices as well," Hummel said.

The Ann Arbor office of the IRS, located at Wolverine Tower, 3001 S. State Street will be Open starting January 4, Monday-Friday, 8:00 a.m. - 4:30 p.m.

The Jackson office of the IRS, located at Security Centre Building, 301 W. Michigan Avenue, Room 201 will be open starting January 4, Monday-Friday, 9:00 a.m. - 4:30 p.m.

"Our toll free service will be available from 8:00 a.m. through 8:30 p.m. on Mondays; 8:00 a.m. through 5:30 p.m. Tuesday through Friday; and from 9:00 a.m. to 1:00 p.m. on Saturdays," said Hummel.

According to the IRS, tax information is also available through a pre-recorded system called TELE-TAX. This computer assisted program provides information on over 150 tax topics, 24-hours a day, and may be reached by calling 1-800-554-4477.

A special number, 1-800-424-3676 is provided for ordering IRS forms. It is available Monday through Friday 8 a.m. to 8 p.m. and Saturdays 9 a.m. to 3 p.m.

Saturday Hours are also available at the above locations on the following dates: February 6, February 20, March 5, March 19, April 2 and April 9, 9:00 a.m. to 12:00 noon.

## Affibility Wins

Continued from page 1

personally welcome, even when their wares are not wanted. But some of these amenities are apt to be forgotten by dealers who are shut up within the walls of their stores the year round, and have many petty perplexities to contend against. Some men are so constituted that it seems almost impossible to make themselves agreeable. But such have it within their means to hire those who can and thereby enhance their interest.

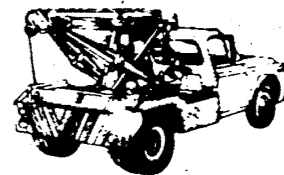

There are many stores in large and small places where people drop in to leave their orders because the talking is well done in them; and there are others which they go out of their way to avoid, because the proprietors and clerks make a bungling job of their entertainment.

No one can measure the power of personal magnetism in trade, as compared with advantageous location, extensive advertising, and other accessories. There are clerks who, in changing from one store to another, carry nearly all their trade with them. And there are city merchants who visit their branch stores in the country regularly, almost wholly for the purpose of keeping acquainted with the customers, many of whom take pains to do their trading on the days when they can meet the head of the concern.

It takes a long time to build up a first-class reputation for affability, just as it does for number one goods and sterling honesty. And when such a reputation is established, a few slips on the part of the clerks may weaken it sadly. How often do we hear it said, "I wish always to trade with so-and-so."

### Freedom, Our Most Precious Heritage

Since ancient times, man has many times rebelled from the command of authority in order to gain his own freedom. Sometimes successful, other times not, the struggle for freedom has always been a contest of wills with heavy consequences and a most treasured prize. Man's strong desire for freedom and an oppressive restriction against such freedom is what makes freedom such a valuable possession. Yet, in our day and age, many people just assume the freedom, that was won for us by our forefathers.

We have been raised in the luxury of freedom for so long that we tend to forget the value of freedom. We do not seem to realize that our freedom cost us thousands and thousands of lives. The public should be reawakened to realize just how precious freedom is. We cannot go on taking our freedom for granted.

Many wars and battles have gone by in the name of freedom; freedom from another country, freedom of religion, freedom to have a democracy, and freedom from enslavement. Valiant men have fought to acquire freedom for themselves and others and have given up their lives in the fight for freedom. They were not just handed liberties as they asked for them. They had to defy and overcome a superior power in order to attain their precious freedom.

As the many generations have lived and died and produced offspring, who have never had to fight for their freedom, there has been a decline in the honor that is placed on freedom. Many citizens don't value their freedom as much as they ought to and they assume that they will always possess the freedoms that they have now. A consequence of this is that people let down their guard and don't protect the freedoms that were passed down to us from our forefathers, and now, some of our freedom is very slowly slipping away from us without our realizing it.

Maybe, if we had to once again physically defend our freedom, we would start to realize how precious it is to us and not just presuppose that we will always have it. I hope that we will not have to go to war and have our freedom threatened before we truly see the value of our freedom. But, I am praying, that if there ever comes a time when our freedom is threatened to be taken away, the nation will be strong and recognize this threat and once more rise up to defend and maintain our most precious heritage.

### Pets

Your best guide to whether an animal is suffering pain from an injury is how it reacts to touch — but be careful not to be bitten. If the pet cries, winces or struggles, or tries to keep weight off a paw or leg, it's time for a veterinary examination. Presented in the interest of better pet care by:

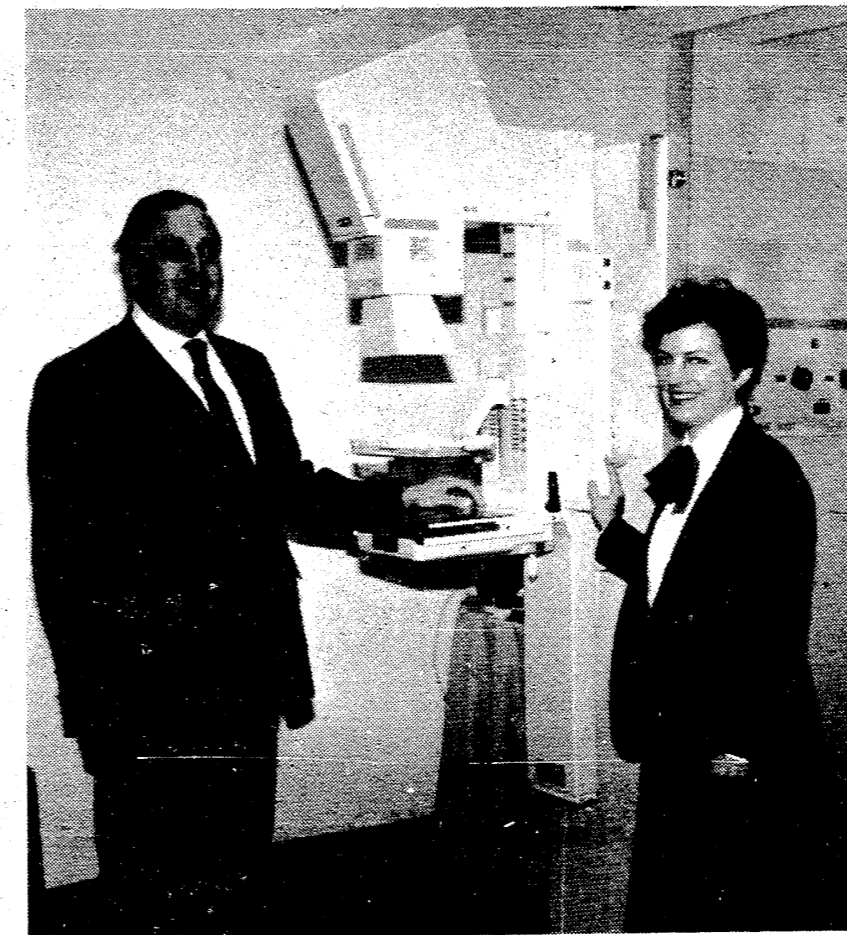

**Vera L. Klutwe, DVM**

## Saline Hospital Installs New Mammography Unit

Saline Community Hospital's "family" has generously contributed to the purchase of the state's first CGR Senographic 600T mammography unit. Richard Foster, D.O., chaired the physician annual appeal and Gayle Reaume, RN, Associate Director of Nursing, was chairperson of the employee annual appeal. A donation on behalf of the Auxiliary was presented by President Catherine Hill. Stanton Roesch and David Carpenter organized the campaign on behalf of the hospital board.

Living in a small community has its advantages. Friendly neighbors. Less crime. Old fashioned values. A great place to raise a family. But what about services like health care? Is the lack of a state-of-the-art hospital a price that must be paid to gain these advantages? Not if you live near Saline Community Hospital. With daily breakthroughs, medical technology has advanced at an accelerating rate. But Saline Community Hospital has been able to stay on the leading edge by constantly upgrading equipment and facilities as new, more sophisticated technology is developed. The result is top quality care. Maintaining this level of medical care requires a major investment, however. Every year the hospital puts hundreds of thousands of dollars into capital equipment and improvements, a significant portion of which is contributed by the communities the hospital serves. The CGR Senographic 600T mammography unit was one of the first in the state to be installed. This new generation of technology enables physicians to more effectively diagnose breast cancer at its earliest stages, greatly increasing the extent of recovery.

Information about giving opportunities at the hospital is available by calling Judy Cook, Director of Development Services at (313) 429-1580.

### Girl Scout Cookie Time

Yes, it's that time of year again — Manchester Girl Scouts are taking orders for cookies from January 15th through February 5th. Those delicious cookies come in seven flavors — Thin Mints, Caramel deLites, Shortbread, Lemon Pastry Cremes, Peanut Butter Patties, and Peanut Butter Sandwiches. Girl Scout cookies have become an American tradition. This tradition is the financial backbone for providing Girl Scout program and services to nearly 10,000 girl members in Washtenaw, Livingston, western Wayne and northern Monroe counties. There is a new price this year in Huron Valley of \$2.00 per box. The price increase is consistent with other councils in the area and across the state. The purchase of Girl Scout Cookies is more than buying groceries. It is an investment in the future of girls ages 6 through 17.

## Task Force To Sponsor Camp

Exciting plans are underway for the children of Manchester. The Recreational Task force is sponsoring a Day Camp which will take place this summer. The exact details are still being considered and your help is needed. This is a tremendous opportunity for individuals interested in learning to work and play with elementary school-aged children. The Day Camp, at Carr Park, will probably only take place for a few hours each day and only for as many days as you decide to volunteer.

Manchester is very fortunate to have received from the Huron Valley Girl Scouts Council permission to send up to 4 people (men as well as women), all expenses paid, to attend a Day Camp training seminar. Here, all the help and leadership training we need in organizing and conducting "our camp" will be provided. All we need are volunteers!

The Manchester Day Camp Director has already volunteered. She is Patty Swaney. Patty is responsible for the major administrative roles. She needs a staff to run the program.

Remember that smell of a campfire ready for a cookout lunch, arts and crafts at the picnic table, wearing shorts and sunscreen, singing songs, the warmth of the sun during a summer's hike? Be a leader and make this a memory the children will want their children to experience. Magic can happen between an adult and a child when both are working together in a pleasant atmosphere to learn from one another.

There may be college students that could use this training. Let them know of this opportunity. Call Patty Swaney today at 428-9302.

## Animal Waste Management Meeting

An Animal Waste Management Meeting(s), sponsored by the Cooperative Extension Service of Michigan State University will be held on Thursday, January 28, 1988 at 9:45 a.m. - 3:00 p.m. (livestock producers) and 7:00 p.m. - 9:00 p.m. (rural/urban) at the Michigan Livestock Exchange (1 1/2 mile north of Manchester on M-52).

The evening program will center around the topics offered during the day with more emphasis placed on the rural/urban livestock issues. This program would be of benefit to those of you who live in rural areas and those who are involved in making decisions for the community. There is no charge for the program. Please call the CES office (313) 971-0079, if you plan to attend.

## Educational Advantages

Manchester Enterprise August 18, 1887

We were told by a young man who lives in an adjoining township that he had intended to come to Manchester to complete his high school course, having satisfied himself that our schools were superior to some others, but had been induced to change his plans owing to the claim set up by certain persons that it would not be a safe place for young gentlemen or ladies to go to school, owing to the fact that there are so many saloons in Manchester. The young man said that he was acquainted with a number of young men who were attending school here and he was convinced that the saloons had no influence upon them as he had found them strictly temperate, and of good moral character. He also acknowledged that he was satisfied that he had made a mistake in not coming here as he had intended, because he said that there were better facilities for obtaining a finished education than where he attended school.

The young man was right. We have good churches, each of which have organized young people's societies, there is a chautauqua club, good templars lodge, musical society, and various other means of pleasant and profitable entertainment outside of the school social and literary society. Our township library is kept up by adding new books each year so that people have an opportunity to read good books which they are not able to purchase. Our citizens are enterprising, prosperous and happy, and take great pride in our schools. We do not believe that any town can build for itself a reputation by attempting to cast discredit upon another, therefore our citizens strive only by doing what they consider right, and by the judicious expenditure of money to build up our village and institutions so that her reputation will be the envy of all others. Send your boys and your girls here to school if you wish to give them a liberal education. Visit our village and our schools and you will become convinced that what we have said is true.

## "Coping With A Changing World"

Millrose, Saline Community Hospital's Women's Health Center is pleased to present "Coping with a Changing World", a program in the Women's Night Out for the Health Of It series. Gail A. Parker, Ph.D. is the featured speaker.

It seems that the world is turning faster — especially for today's woman. Jobs change, marriages evolve, children grow, friends come and go. And while this dynamic life offers opportunity and growth, too much change, too fast can cause stress and even lead to illness. Learning to cope with change is an essential survival technique. Dr. Parker will examine the changes women experience, the resulting stress and its effects. She will offer ways of handling this stress, and coping with an ever-changing world.

Dr. Parker, a fully licensed psychologist for Millrose's Psychological Consultation Service, has a varied background providing counseling services to individuals and groups, including several of the largest auto companies. In addition to holding positions as associate director and co-founder of the Center for Contemporary Psychology in Birmingham, and psychologist for the Women's Continuum Center of Oakland University in Rochester, she was the psychologist for WXYZ-TV in Detroit. There she wrote, produced and reported weekly

features and a 5-part series, was a regular guest host for Kelly and Company, and appeared on Good Afternoon Detroit. She has also hosted a weekly radio show.

Dr. Parker attended Wayne State University in Detroit where she received her masters degree in Guidance and Counseling, and her Ph.D. in Counseling Psychology.

This dinner program will take place Tuesday, January 26 at Weber's Inn of Ann Arbor. A social hour will begin at 6:30 p.m., and dinner will be served at 7:00 p.m. The fee for the evening is \$18.50.

For more information, or to register, call (313) 429-1508.

## Manchester Historical Society

The Manchester Area Historical Society met on Monday, January 18, at the Blacksmith Shop. Frau Gisela Schmidt presented a very interesting program on Germany. She is here through the Fulbright Exchange Program. During this year she is teaching German and helping with the volleyball team in Manchester, and our German teacher is teaching English and physical education in Germany.

Frau Schmidt gave us some history of Germany and showed slides of the beautiful countryside. West Germany is about the size of Oregon, and East Germany is
