THOMPSON'S STATION.

from Marker-source, and almost in a direct line south of it. There the Con-Federate commander took up his winter aquatiers. Thence, too, sallying out at intersivals, his cavalra, under such skilled and dars provided now, and then, as at the present

ford Forrest, after-ward of Fort Pil-lownotoriety, Forwestern Confeder-ate army what Stonewall Jackson was to the eastern, Both were silent men and little used

men and little used to joking. Both were julius of were julius of the Confederate cause, GEN. N. B. FORREST. and the character of their military movements was similar. But here the resemblance ended, Jackson the same of decout piety, while Forrest was a man of decout piety, while Forrest was altogether the reverse of saintly. He

oaths and woe betide the soldier who dis-pleased him.

Forrest was born in Bedford county, Ten-nessee, in 1821. He carned his own living when a mere boy, and never obtained much education. He was a man of wonderful energy and shrewdness, and accumulated a large fertune early. He lived in Mempins at the beginning of the war, and immediately enlisted a a private in a company of mounted riflement. Shortly afterward he was com-missioned a colonel, and empowered to remissioned a cylonel, and empowered to re-cruit a regiment of cavalry, which he did rapidly. Soon Fornest's cavalry became known wherever the Union armies of the west were to be faced. Forrest was made a brigadier general in 1862, a major general in 1862, and a lieutenant general in 1865. He died in 1875. On February, 1875 Forrest's headquarters were established at Columbia, Tennessee. There, toward the latter part of the same month, his troops were reconfeded by those of Maj. Gen. Earl Van Porn, 4,500 strong three brigades of cavalry. Van Dorn took chief command.

The remantic career and, tragic death of Gen, Earl Van Dorn are known semewhat to

his countrymen north and south. A native of Missisppi and a graduate of West Font, the year 18d found him to year sold and major of the Second United States cavalry. He immediately rethe Ypsilanti Branch depot, under the signed and entered the Confederate service, where he became one of the became one of the most brilliant Con-

tederate mayalry band is in the west, GEN, EARL VAN BORN. Some slight changes had been made in the army of the Cumberland at the beginning of 1861. Brig. Gen. Gilbert had been sent with tion. His headquarters were at Franklin,

March 4, 1803, Gen. Gilbert ordered Col. March 1, 1865 Gen. Gilbert eracers Co. John Cobarn, of the field Indiana volunteers, to take five infantry regiments, with Aleshire's battery and 660 cavalry under Col. Jordan, and march south toward. Columbia. He was to take with him 100 wagons our war to be a contract the contract of the the con iast Saturday, but sent Mr. Wilson in foraging expedition. He was also to note the note on the enemy at Columbia. Gilbert did not know, neither did Col. Column, that Van Dorn had pushed his picket lines far out to the neith, in sight of Frinikhin (reff. Such was the fact, however. Van Dorn had even moved his hendquarters to Spring Hill, north of Columbia. Three miles north of Spring Hill the five regiments of Col. Column struck the militar features.

Coburn ordered his command to fall back. left.

Courin ordered his command to fall back. They did so, the retreat being covered by Gol. Jordan's cavairy. Jordan dismonified part of his force, and with those teoky position behald a \$\infty\$ me time to insert force its advancing much me. To not best the chainst wagon translar with the arriver and the rear was dispatible back on the road formed Franklar with the arriver and the force forcest charged men Col. Jordan is shorted in the crowding.

There Forcest charged men Col. Jordan is shorted in the crowding men for the constant of the first than time he was successful. Col. Jordan's men were taken personers. Col. Colourn was surrounded on these sols by swains of solliers. Its law formed of information had been fired. He could only surrounce. The wagon trans got away, however.

Forcest demanded Colours source with a bonded ray are pointed at him. Naturally colourn wellful at one of the polar of a millionnire thus finds its way under the belt of a training. a londed reverge pointed at him. Naturally Column Actiol at once. Force following hard hard back and nationaled him to fine Yan hard and then went to look after the wounded. With Cel. Column were made presents (200) men.

A New York Tenement House, There is one ouilding—a tenements in town here which holds 1,200 persons. Not more than one citizen out of a hun-Not more than one critizen out of a hundred intelligent New Yorkers can tell you where it is. There is one block here in which 2,500 men, women and children cat, sleep and work. Not more than one many in our of the light is seen in the control of the control of the light is seen in the control of the control of the light is seen in the control of th man in any of the big social clubs possiwas altogether the reverse of saintly. He larger than many a country town, and had a temper like a tornado, used terrific oaths and woo betide the seldier who distance the seldier who distance that the country and saintly are the seldier in some parts of the country and city in some parts of the country, and would cover acres and acres with cottages, stores, factories, streets, and road-

The life which is suffered by the people who are thus crowded together is not seen nor understood by the happier ones who have their homes in phrasanter parts of the great cityes Except for wandering curiosity or for the fashion of "slumming." there are thousands who would never know the sight of even the streets of the east side. The inhabitants, too, of in the constant struggle for bread to have many to think about the latest one that is taking place on the sixth floor.—New York Cor. Chicago Times.

A Word to Pill Takers.

It must, however, be remembered, that the continued use of aperion pills renders an increase of the dose a necessity. Habitual pill takers consume large quan-tities. Indeed, after a time, they are compelled to do so, for, failing the usual daily dose, the patient becomes really ill. and his faith in the little box of pills all the greater, and he is thus ampelled to persevere. Aloes, which is the active ingredient of many nostrums, is always dangerous, and especially so to women. The symptoms that follow the habitual use of the drug are well known to medical men and are peralliarly distressing. There is, however, one ctate, for the pill taker. Pills are often quite mert when they are either coated or have been made some time. On placing such pills in reliable of the coated or have been made some time.

Nine times out of ten all their symptoms would disappear if they would federate commander was killying out at intersectively five the provided now, and then as at the present of all kinds even tea and coffee; bather the world make a dash much learning leaders as Ferrest, Wheeler and Wharton, would make a dash much learning to the course of the course of the course of all kinds even tea and coffee; bather the world make a dash much damage and the course of the c As no reading or pleasant company not excitation of ing company, for that would only irritate or in congenial work; and if work they must, and it be not congenial, then let them make the best of it under the circumstances and do it thy God's law,", thoroughly and conscientiously; and they will be astonished to find how the sunwill be astonished to find now the sua-shine will even seem brighter, the ley wind less cold, the noise less irritating and their friends so much pleasanter, when in reality it is all in themselves they are only taking brighter views of life, and not causelessly irritating themselves and others around them. Demores's

Curiosities of Literature, With many writers, especialty in for-mer times, various curious styles of composition were much in favor. One author, for example, would compose verses with some particular letter omitted from every stanza; others would write in such a way that the line read the same back-ward and forward, and still others made anagrams. It was fashionable at one time to write verses in fentastic shapes.

The forms of a bottle, a glass, or a lady's fan were imitated, and this was done by lengthening or shortening the lines as required, though with sad detributed to the correction. ment to the verse. Where the design was a bottle, a number of short lines would go to form the neck; gradually

lengthening, the shoulder would be formed, and then the body, ~ We read also of verses arranged in the form of "a pair of gloves, a pair of spectacles, and a pair of pot hooks," Specimens of this kind of literary frivtime to more than note the worse distress. Specimens of this kind of literary frivolf their neighbors. An eviction is no odity are to be found in French, Spanish new thing to them. They have seen too

tury.

Both in China and Japan such literary feats are held in great esteem, even in the present day; in the latter country the poet not infrequently arranges his verses in the shape of a man's head—thus, perhaps, giving a facial outline of the sub-ject of his verse; and though the Chinese may not make so nice a choice, choosing, perhaps, a cow or other animal for the design, they display greater ingenuity by so doing.— Youth's Companion.

The Worst Block in New York. It is the block called "the bend," in Mulberry street. Four thousand prisoners have been dragged cut of this one block in the last two years. Four hun-dred arrests have been made there in one cal men and are paralliarly distressing.
There is, however, one character for the property of the policy of the po verge of the abyss, at the bottom of which is the madhouse and the morgue.

A party was held at the residence of Charles Coon last Thursday evening Dancing was indulged in until late in the evening and a merry time was enjoyed by all.

"Catching as bobs" is a practice which hourly endangers the lives and limbs of our rising generation, and in many places the marshal is putting a stort to it.
