lesson. Washington's career teaches us that no youth has a father so rich, nor falls heir to a fortune so enormous but that by hard work, devotion and loyalty he can overcome the handicap of his gold and be of service to his country.

Announcement by Rev. Thos. M. Mott that the subject of his discourse Sunday morning would be "Washington and Lincoln," brought forth a large attendance at the M.E. church and the popular divine gave a pleasant and interesting message, which the Enterprise takes pleasure in passing along as well as cold types can do.

Rev. Mott took for his text, Isa. 13-12. He said, the month of February brings the birthday of our two great Americans: Washington and Lincoln. These two presidents are forever enthroned in the hearts of the American people.

Senior Citizens News

With the ground covered with snow, the birds are eating like pigs and I think I have the fattest sparrows in town. One day last week, a hawk (I think) made off with one of my fat doves - I was perturbed. Let's keep on feeding our feathered friends while the winter is so bitter.

Come out on Thursday for exercise and feed us, too, with Jan's old fashion chuck roast (that does sound good). Stay for bingo.

Want to do something exciting this winter (besides backing into your garage door)? Each Monday we are aqua-cising at Michigan Center pool and besides getting into shape, we are having a great time. The bus leaves at 10:00 a.m., call Helen Knickerbocker at 428-7239 to make arrangements. This is a free service with an instructor, why not join in?

Tuesday, February 23: Blood pressures will be taken on Thursday this week, note change. Noon lunch will feature chop suey. At 12:30 p.m., Connie Giarms from Congressman Carl Purcell's office will present a talk on 'Catastrophic Care'.

Wednesday, February 24: No potluck at Center today. You may join other seniors who are attending the chicken and biscuit luncheon at St. Mary's.

Thursday, February 25: The nurse will be present at 11:00 a.m.

4-H Program Receives Handicapper Funding

The Washtenaw County 4-H program recently received a grant from the Michigan 4-H Foundation and W.K. Kellogg Foundation to help fund 4-H handicapper mainstreaming efforts in the county.

According to 4-H Youth Agent Janet Everingham the grant will be used to initiate a 4-H handicapper awareness program that will allow school-aged youngsters to explore their feelings about people they see as different.

"We will be opening this program to 12 county 4-H clubs and to several interested schools," Everingham says. "The young people taking part will be able to find out that people with special needs have many of the same feelings and problems that they do."

In the future, Everingham hopes to mainstream handicapper members and volunteer leaders into 4-H clubs. She is also organizing a Handicapper Awareness Advisory committee to coordinate awareness efforts in the county.

The Washtenaw County grant was one of nine similar grants awarded to Michigan counties to develop or increase their 4-H handicapper mainstreaming programs.

For more information, contact Everingham at the Washtenaw County Cooperative Extension office by calling (313) 971-0079.

Washington and Lincoln

Continued from page 1

Washington's character and career was not his family, not his wealth, not his culture, not his office. It was his faith in God and his loyalty to eternal justice and truth. His one ambition was to do the will of God.

At the other extreme stands Lincoln. If John the Baptist wore camelhair and a leathern girdle and ate locusts and wild honey, little "Abe" Lincoln wore bearskins and coonskins and ate dried berries and wild honey, too. The log cabin in which he was born was less comfortable than the stable in which Jesus laid. During his childhood he climbed up a ladder into a little attic to sleep. There on rude planks was a sack filled with forest leaves, which served him for a bed.

Thinking to better conditions, his parents, when he was seven years old, moved to Indiana. But his home there could hardly be called an improvement. The second year on Pigeon Creek brought disease and death to his mother. Realizing that she was about to die, his mother called little Abe and his sister to her bedside. Placing her hand on his head she told him to be good to his father and his sister.

The first letter Abraham Lincoln ever wrote was to a Kentucky preacher over a hundred miles away, to come and

preach a funeral sermon for his mother. That mother taught him to commit to memory the Sermon on the Mount, all the Parables of Jesus and the 13th chapter of First Corinthians. He read much of the bible and Bunyon's Pilgrim's Progress, the two best books of pure and undefiled English we have. He, early in life, got possession of a Life of Washington and committed to memory the Constitution and the Declaration of Independence. From these he developed his literary style.

How much the people of this republic owe to that New Testament given Lincoln by his angel mother no one can say. A people cannot rise higher than the literary ideals formed in childhood and youth. Who can measure the loss to the culture and literature of the American people through the elimination of the bible from the education of our Children today.

Lincoln did not get his great Gettysburg speech nor his second inaugural address from reading the tawdry writings of his day, but from the great chapters committed to memory in his childhood.

Lincoln's whole life was a life of struggle and sacrifice; and yet he was one of the greatest of humorists. At a reception at the White House, Tom Thumb and his

wife were guests of honor. As Mr. and Mrs. Lincoln received the pigmies, it was a sight never to be forgotten. While Tom Thumb looked up and up and up, the president stooped down and down and down until he took the tiny hands in his own great palms. This great man was always clasping helpless hands in his own. And yet what sorrows he bore. A Mr. Brown from Springfield, who visited him during the darkest days of the Civil War, tells how Lincoln clasped his hand while tears poured down his face. "Many a night," he said "I can see the boys dying on the fields and hear their mothers crying for them at home, and I can't help them. I have to send them down there. We've got to save the Union."

Breathers' Club To Meet

David Glover, R.R.T. will be the guest speaker at the February 20, 1988 meeting of the Chelsea Breather's Club to discuss the topic, "Emergency Care." In his presentation, he will discuss "Warning Signs," "When to call for help," "Who to call," and "What to do until help arrives".

The Club meets from 11:00 a.m. to 1:00 p.m. at the Chelsea Community Hospital - Dining Room A, 775 South Main Street, Chelsea. There is no admission charge.

Dutchmen Fall On Hard Times

The Wrestling Report

by Dan Jordan

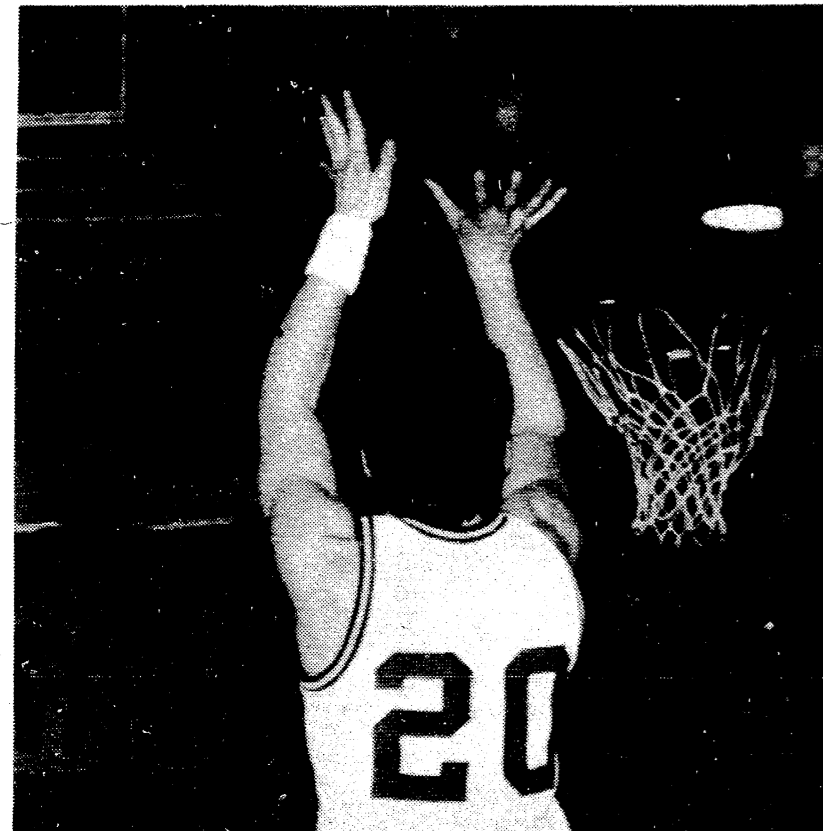

As the season finds itself heading toward the omega in competition, we have a lesser number competing. As with most sports, many will fall by the way before one can rejoice and say I am the best. So here we stand.

After the Individual Districts last week, 10 of the Dutch Grapplers remain with a grasp of air and the opportunity to continue. But with these few left with the chance to advance individually, the team keeps working as though they all have the chance because they know the ones who are in still need them and remembering the team districts are ahead. But first the Individual Districts in Napoleon.

We go into this tough competition, as everyone does, wishing to advance. But only one does. Mark Fenelon, a 198 pound senior, and co-captain places second. A fourth place finish is required to advance to the regionals. And as we are happy for Mark, we are saddened because he advances alone. But he really doesn't, because as mentioned, we are a team to the end and when he competes we are with him.

Addison is the site this Saturday. The regional competition where the Napoleon and the Morenci District collide. Here again an individual must place 4th to advance to the state tournament to compete against 3 other regions. Obviously the better one places at regionals the better his seeding at state. Mark's record now stands at 31-6.

Looking at it from a team perspective, we have to say the year was a good one. But it is not over yet and we need one more great effort in the Team Districts. The grapevine says we are the ones everyone wants to draw. Good! We need eager competition for us to get better. Depending on the draw, we will face either Vandercook, Napoleon or Michigan Center. And when it is all over, let us be able to say, win, lose, or draw, we are champions because we have done our best. After that, everything else is gravy.

Mike Brokaw Guns

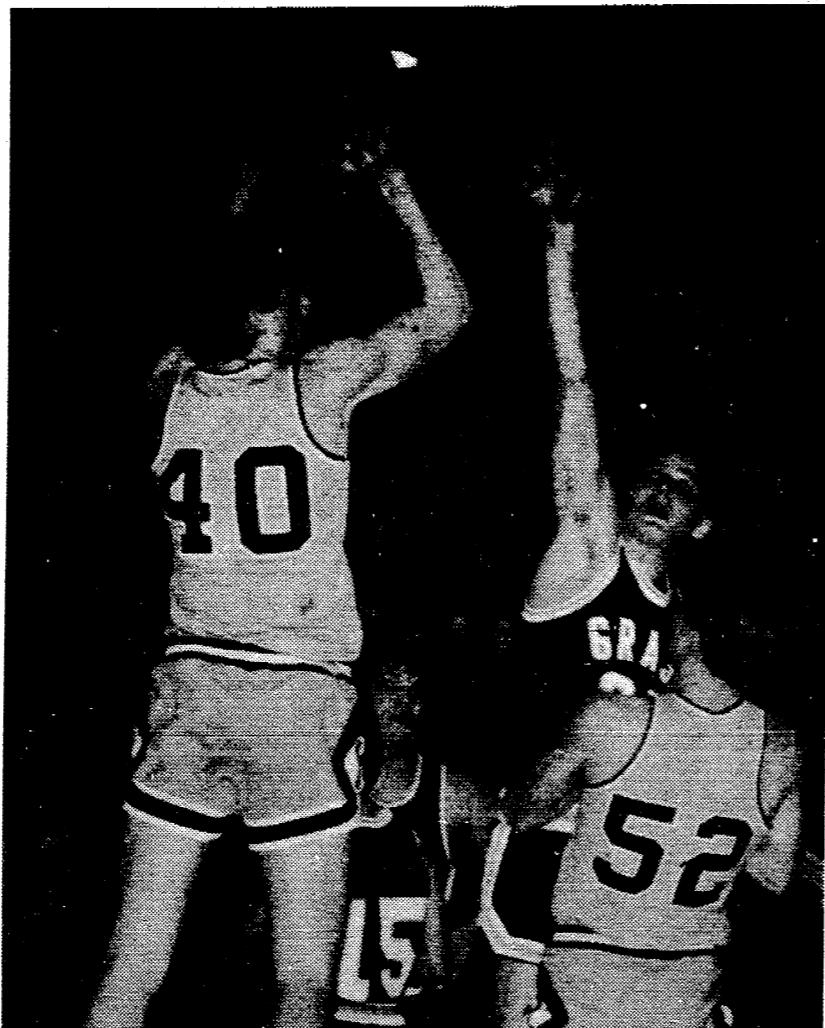

Tuesday night we trekked to Hudson for a non-league game against the tigers. We controlled the first eight minutes of play, to lead 16-10. The second stanza proved to be our downfall, as they outscored us by 9 points. We attempted a comeback in the second half, but it fell short as the tigers won by six; 67-72. Jason VanDeven led all scorers, ripping the nets for 18, as Brian Gebhardt followed closely with 16. Senior Brad Uphouse and Bryan Barnard totaled 22 points, 12 and 10

respectively. Our Little Dutch also were quieted, 63-74. Friday night saw us again on the road as we visited the Warriors of Grass Lake. It seemed as if everything the Warriors shot in the first half fell through their hoop, which gave them a commanding 21 point halftime lead. In the next 16 minutes, we did rally to pull within 12 points, but then stalled. At the end, the scoreboard read 74-88. Tom Mann popped for 21 points, as Brian Gebhardt hit for 14.

Volleyball Update

Board Of Education

by Jon

February 22, 1988

The weather played havoc with this week's schedule as only Monday's game came about. We bused to Napoleon and our Junior Varsity squad upped their record to 8 and 2 as they beat the Pirates in 2 straight games; 15-7, 15-11. Jenny Binder was our high scorer with 7 points, as Ami Major contributed 6 points. There are 16 members on the Junior Varsity team and for the ninth game in a row everyone saw action.

In the Varsity contest, absentees due to illness and regular players under par aided the Pirates in pulling an upset.

Optimist Basketball Contest February 20

The Manchester Optimist Club will hold a Tri-Star Basketball skills contest at the Middle School on Saturday, February 20, at 1:30 p.m. The contest is composed of three basic skill tests aimed at evaluating a contestant's skill in passing, shooting and dribbling.

Boys and girls will compete in six age groups, eight through thirteen, against youth of their own age. First, second and third place trophies will be awarded in each age group. All that is needed to compete is the desire and a pair of gym shoes.

Entry blanks are available at the office of both the Middle School and Klager School. All entry blanks must be signed by the parent or guardian of the contestant.

Village Planning Commission

Regular Meeting
January 12, 1988

CALL TO ORDER

The Regular Meeting of the Manchester Village Planning Commission for January was called to order at 7:33 p.m. by Chairman Kwolek in the first floor meeting room of the Village Hall. Members present: Kwolek, Lowery, Kalleward, Walton and Smith. A quorum was present. Members Daverman and Marshall joined the meeting within the first ten minutes.

APPROVAL OF AGENDA

The agenda was approved as submitted, on a motion by Lowery, supported by Smith, carried unanimously on a voice vote.

MINUTES OF PREVIOUS MEETING

Minutes of the December 12, 1987 Regular Meeting were approved as submitted, on a motion by Lowery, supported by Walton, carried on a unanimous voice vote. Minutes of the work session of December 16, 1987 were approved with corrections, on a motion by Kwolek, supported by Smith, carried unanimously on a voice vote.

REQUESTS FROM PUBLIC TO ADDRESS THE MEETING

There were no requests.

NEW BUSINESS - APPLICATION FOR CONDITIONAL USE PERMIT, CONQUERING FAITH FELLOWSHIP

Rev. Robichaud and two additional members of the Conquering Faith Fellowship were present to speak about their application to use a portion of the

commercial building at the northwest corner of Main Street and M-52 for a church. They stated that they proposed the use for two years, until the congregation could build a church building in the country; they wanted to be able to seat about 100 people plus have a nursery area, library area, two small offices, two bathrooms and a junior church area; that others groups with religious affiliations (Masons and Knights of Columbus) presently used buildings in the downtown commercial district; that "storefront" churches are common in many towns; that church visitors would be asked to park in the area near the water tower to lessen congestion of Main Street parking; that church meeting times would be Thursdays at 7:00 p.m., Sundays 10:00 until 12:30 p.m., Sundays in the evening, and Mondays at 7:00 p.m.; the estimated area was 2,500 square feet; it would be used for church offices and services, not as a residence; they had no problems with sharing a building with a veterinary clinic. Rev. Robichaud also discussed the history of the religious group and its ties with similar churches.

The Chairman and Secretary advised the applicants of the technical procedures relating to the granting of a conditional use permit, and the amendment procedure which has been used when a requested conditional use does not appear in the existing Village Code. The Chairman proposed a schedule for the various hearings and decisions

required. The Chairman advised the applicants that in processing and applications and scheduling hearings, the Commission and Council were not making any commitment one way or another.

COUNCIL REPORT

Marshall gave his report. Walton asked that action be taken on the proposed ordinance requiring enclosures around garbage dumpsters. Smith made a motion, supported by Walton, that the Commission recommend Council adoption of the proposed ordinance. The motion was carried unanimously on a voice vote.

OLD BUSINESS - CIOTTI ZONING PETITION

The Secretary reported that the petitioners had telephoned the day prior to the meeting to ask that the matter be rescheduled for the February Regular Meeting. The Chairman submitted a memo which he asked to be sent to the applicant, and included in the minutes. The memo was read aloud and discussed by Commissioners. A motion was made by the Chairman, supported by Smith, to send the memo. The motion was carried unanimously on a voice vote.

OLD BUSINESS - HISTORIC DISTRICT STUDY COMMITTEE
Daverman reported on preparations for the January 13, 1988 presentation to a joint meeting of the Village Council and Village Planning Commission.

OLD BUSINESS - SIGN PERMIT APPLICATION, HOP-IN
The Secretary reported that no response has been received, since the last Regular Meeting, to the Commission's inquiry about changing the sign material to wood. A motion was made by Walton, supported by Lowery, to table the matter. The motion was carried unanimously on a voice vote.

OLD BUSINESS - RELOCATION OF VILLAGE DPW

Past discussion was reviewed, but Commissioners continued to advise that combining the Village with the existing County yard near the Ann Arbor Hill water tower is not a good long-term decision. There was concern about salt storage and runoff, gasoline, petrochemical storage so near the well; also it is a good long-term goal to move toward residential use for that site, adjacent to other residential land use and very visible from one of the main entrance routes into town. Commissioners agree, however, that it could be useful to use excavated dirt from the treatment plan expansion project to build up a berm to hide the County yard from view on M-52 (might someday be alongside a residential neighborhood).

OLD BUSINESS - HOLLIDAY/SCHMERBERG/HOOD ANNEXATION PETITION

Commissioners recommended that the Council schedule a meeting with the Manchester Township Supervisor, or the entire Township Board, to discuss the requested annexation. Commissioners would like to have a representative at that meeting, to share relevant information obtained from planning consultant Bob Hotaling and other sources. Commissioners also requested that the County Planning

Commission staff be consulted on scenarios relating to the proposed annexation. In related discussion of how the proposed annexation might relate to present and proposed land-use plans for the Village, Commissioners recommended that the Village Council pursue an option for effective control of the middle 10-acre parcel of the industrial-zoned land directly south of the Johnson Controls Parr Road plant.

ADJOURNMENT

The meeting was adjourned at 9:50 p.m.

20th Century Club

The 20th Century Club held a "Valentine's" party at the home of Mrs. Jo Simmons on Tuesday, February 9th. Our entertainment was a "Et Cetera" auction with silent bidding. A valentine dessert made by Ginny Fielder and Jo Simmons was served. An enjoyable evening was had by all.

Eight hundred dollars was donated to the Manchester Township Library for new shelves. This money was obtained from our bridge marathon. A sincere thank you to all who participated in this!

Chapin/Desmet Nuptials

Joseph D. Chapin of Manchester and Terese M. Desmet of Ann Arbor, both currently residing in San Bernardino, California, announce their marriage on November 14, 1987. Mother of the bride is Harriet Desmet of Pigeon, Michigan. The groom's parents are Mr. and Mrs. Robert Chapin of Manchester, Michigan. The groom is a graduate of Manchester High School and the bride is a graduate of Tecumseh High School and Eastern Michigan University.

Notice of Regular Meeting and Public Hearing by Freedom Township Planning Commission

At 7:30 p.m. on February 29, 1988, the Freedom Township Planning Commission will hold a regular meeting. On the agenda will be the election of officers. A discussion on possible zoning ordinance changes will follow the public hearing.

At 8:00 p.m. the application for a special use permit by David C. Bucholtz, DVM will be considered. He requests permission to operate a veterinary clinic in what was the Country Day Care Center. The property is located on the corner of Pleasant Lake Road and Lima Center Road.

Written comments regarding the above application may be sent to Freedom Township Planning Commission, Lynn Voegeding, Chairman, 14355 Bethel Church Road, Manchester, MI 48158 before February 29, 1988.

Births Announced

Michael and Laura Bersuder of Ypsilanti are pleased to announce the birth of their daughter, Melissa Ann, on February 4, 1988. Melissa weighed 7 pounds, 1-1/2 ounces and was 20 inches long.

Grandparents are Doris Bersuder of Manchester and Thomas and Shirley Needham of Brighton. Great-grandmothers are Laura Needham and Genevieve Good.

REPAIR YOUR DAMAGED WINDSHIELD FOR A FRACTION OF REPLACEMENT COST.

Most windshield breaks are repairable, and the cost is far lower than windshield replacement. The patented, proven Novus method can restore and repair windshields both structurally and optically, leaving damaged areas almost invisible. But act now! If crack damage spreads too far, it may become necessary to replace the entire windshield.

We come to you... Mobile Service Anywhere in Washtenaw County. MOST INSURANCE COMPANIES WILL PAY 100% OF REPAIR COST.

What Kind of Highways Do You Want??

What kind of highways do you want to take you into the next century? Through a project called Transportation 2020, the Michigan Department of Transportation (MDOT) and the Michigan Association of Regions (MAR) will make it easy for Michigianians to make their wishes known. The transportation needs of southeast Michigan over the next 30 years will be the subject of a public forum to be held Thursday, February 25, in the Detroit

Edison Company Auditorium, Conference Room 120, 2000 Third Avenue, Detroit. The state's Highway Investment Plan will be discussed at a session beginning at 9:00 a.m. The Transportation 2020 regional forum will begin at 1:30 p.m. The two sessions will give local citizens and representatives of public and private organizations a chance to discuss transportation needs in this seven-county region of the state and get suggestions for meeting them on the record.

"We are seeking their help in revising the Highway Investment Plan in order to reflect the most important transportation priorities in the region," said G. Robert Adams, MDOT's deputy director for transportation planning. The Highway Investment Plan is the guide MDOT uses to allocate the department's financial resources for the 1985-1994 time period. It classifies all highway projects within three general categories: Preservation, improvement and expansion. Some of the highway projects that had departmental funding and

were identified as high priority by 1985 forum participants were added to the Highway Investment Plan stretching out past 1994. "We are now facing revenue shortages and must set new priorities because federal revenues are much lower than originally projected," Adams said. "The current \$9 billion impounded in the Highway Trust Fund should be spent to increase dollars available for highway construction." Adams also said the state opposes use of federal highway funds to force compliance with non-highway goals, such as clean-

air standards. A statewide forum will be held in Lansing, March 24. Similar forums are being held in all 50 states. The nationwide purpose is to develop a consensus and create federal legislation that will determine transportation funding through year 2020. "This is the local citizens' opportunity to influence the process of setting transportation project priorities in this region," Adams said. "If they feel strongly about a transportation issue or project here, February 25, is the time to speak up."

ATTENTION BRIDGEWATER TWP. RESIDENTS: 10 REASONS WHY SALINE ANTIQUES SHOULD BE GRANTED C-1 ZONING STATUS ON US12 & LIMA CENTER:

- 1. A GOOD NEIGHBOR.** We promise to always be considerate and thoughtful of our neighbors and their concerns.
- 2. MONEY FOR BRIDGEWATER.** Our use would mean we would pay more taxes to the township.
- 3. EASY IN & OUT OF US12.** A wide, long driveway would eliminate any traffic slow-down on 12.
- 4. EMPLOYMENT FOR OUR NEIGHBORS.** We believe in using local talent and resources whenever possible.
- 5. ATTRACTIVE BUILDINGS AND GROUNDS.** Pole barns which would keep a countryfield look along with nicely landscaped grounds.
- 6. GOOD MANAGEMENT.** Any activity on these grounds would be supervised by trained staff.
- 7. PLENTY OF PARKING.** The ground would be laid out and prepared in such a way as to make for more than adequate space for any and all cars.
- 8. COOPERATION WITH THE TOWNSHIP BOARD.** Objections to any event would either be answered and solved, or the event eliminated.
- 9. EXCITING, INTERESTING AND FUN THINGS TO DO CLOSE BY.** Do you like rabbit shows? Cat or dog shows? Auctions? Flower shows? These are the kinds of events we would like to bring here.
- 10. ONE FREEBIE WEDDING OR ANNIVERSARY PARTY.** Any family in Bridgewater Twp. on the tax rolls as of this date can hold one wedding or anniversary party on the completed grounds at **Zero** rental fee.

Dear Resident:

We understand the concerns some folks have about a new venture such as this. Believe me when I say that every effort to make you proud to say that Bridgewater Twp. is the home of the 'Antiques Center,' would be made.

Sincerely yours,
Nick J. Easton

We want to know how you feel. Please fill out the form to the right and mail to: SALINE ANTIQUES, P.O. Box 226, Saline, MI 48176. We will pass this information on to the board. Don't delay. Time is short.

Yes, I believe that SALINE ANTIQUES is sincere in its desire to be a good neighbor for Bridgewater Township.

I also believe SALINE ANTIQUES would be a nice, positive addition to our community.

Watkins Still Has His State Job

Manchester Enterprise January 27, 1927

Manchester Man Who Served Under Gov. Groesbeck Has Not Been Ousted - Friends Rejoice

L. Whitney Watkins still is president of the state board of agriculture. Amid the tumult and shouting that has accompanied the passing of other notables, Watkins has walked unperturbed and undisturbed, says a Lansing paper.

Lansing is thankful that he has been retained. The city trusts that he will remain. A graduate of the college at our eastern gate, he knows and appreciates its needs. An efficient executive in his department, there is no demand in the state for his removal.

The fact that he has not been disturbed in his post is significant. Watkins never has been allied with the men who now control the destinies of our state.

He is a vote-getter of the first order in his own right. A little

more aggressiveness in one campaign might have landed him in the governor's chair.

Of late he has been mentioned frequently as a probable candidate for the United States Senate in the next general election.

Perhaps that may in some measure explain the unwillingness of the present powers to tamper with him.

Anyone who knows his power in upper Michigan is cognizant of the fact that he has in his power to ruin the chances of Grand Rapids of Grand Rapids who are repeating from last year, we still need a few more. If you have a science background and would be willing to share a few hours of your time, please contact Nondus Buss at the middle school or leave a message at the middle school office, 428-7442.

But perhaps it is not well to discuss the motives that may prompt the present dominant organization to leave him where he is.

Lansing has found him efficient in his present post. He has been a friend to Michigan State College, alert and active in building that institution.

World Day Of Prayer

World Day of Prayer will be celebrated on Friday, March 4, 1988, at 1:30 p.m., at Emanuel United Church of Christ, Manchester. All the ladies of the Community are invited to Emanuel for a brief program and refreshments as we join with others from around the world in recognizing World Day Of Prayer.

Science Fair Judges Needed

Students and teachers at Nellie Ackerson Middle School are busily preparing for the annual science fair which will be held the week of March 6. Judging of fair finalists will be held on Wednesday, March 9, at the local American Legion Hall. While we have many judges who are repeating from last year, we still need a few more. If you have a science background and would be willing to share a few hours of your time, please contact Nondus Buss at the middle school or leave a message at the middle school office, 428-7442.

Open House Held At Library

Enjoying tea in the Historic Room at the Library Open House this past Sunday, February 21st, were Olga Nichols, Liz Grossman and Dorothy Hamilton.

Faithful friends and newcomers alike met and mingled in the halls and rooms of the Manchester Township Library this past Sunday, February 21st, when the "150 Committee" hosted an Open House Tea for the community to appreciate the redecorating of the Library building.

The Library was closed for two weeks over the Christmas and New Years holidays to install new shelving, new carpeting, and to do some repainting.

The Open House Tea offered the community a chance to see these improvements, and also to look at some areas of the Library which they perhaps haven't had a chance to see: such as, the Historic Room with its treasury of

"Lifeline" Supply Used Up

All twenty LIFELINE units that were purchased through the generous gifts of the Manchester Chicken Broil, Inc. for installation in the homes of senior citizens who need a quick and effective method of summoning help in the case of a personal medical emergency are in use.

This program in Manchester began in the fall of 1986 and is administered by the Chelsea Community Hospital. It has grown much faster than any of its officers expected and is now in need of more units. Because the funds of the Manchester Chicken Broil Committee are limited by other community needs, the Senior Citizens Council is faced with the problem of raising money for more sets. Each set costs \$500 and they must be purchased in groups of five. There is no doubt in the Council members' minds that at least ten more units will be legitimately needed within a year. They are concerned that if the units are not available as needed by elderly persons,

someone's need for an emergency response will go unattended. Up to now all legitimate applications have been honored, and because most of the subscribers live alone, each is now more secure that if needed, help is quick and easy to get. Family members living elsewhere have commented on the sense of comfort they have with the LIFELINE in place.

The Senior Citizens Council hopes that some goodhearted persons, companies, and/or organizations hear of this need for more units and come forward with funds enough to purchase the next set of five, otherwise the Council will have to go about a formal fund raising drive, an activity they prefer not to have to undertake. The Council points out that contributions to them for more LIFELINES are tax deductible.

Johnson Controls Begins Addition

Left to Right: Bob DeMattia, President, R.A. DeMattia Co., General Contractor; John Barth, Vice President; Stan Raber, General Manager of North American Operations; John Hinkley, Mayor of Manchester.

Johnson Controls, Inc., Plastics Machinery Division, recently broke ground on a 45,000 square foot addition to its Manchester, Michigan plant. Stan Raber, General Manager of the division's North American Operations stated, "The growth of our business and the demand for our products necessitates this expansion. We have outgrown our present capacity and have chosen to expand in order to meet our customers' increasing needs."

The Plastics Machinery Division manufactures extrusion and injection blowmolding machine systems as well as structural foam machinery. Raber attributes the expansion plan to an increasing demand for plastics in all types of applications, from food packaging to automotive component parts. Traditionally, food has been packaged in glass, metal or paper containers. Now, due to continual innovations in machine technology and in plastic resins, more and

more food is packaged in lightweight, economical, shatter-proof plastic containers. At the other end of the spectrum, the automotive industry is utilizing the strength, flexibility and durability of plastics in the manufacture of automotive components. Bumpers, seat backs, radiators, and gas tanks are increasing made from plastic. The new addition to the Manchester plant will not disrupt the plant's production schedule and should be complete by mid-July 1988.
