THURSDAY, MARCH 17, 1988

Fifty Years Ago

Manchester Enterprise June 27, 1889
 may some day be transmitted into one-even the dream of the old alchemists. The doctrine of evolution has also been put before the world within the same period. Verily it has been a half century of miracles. Will the next one be such a marvel of unfoldment? Can it be?

Within the last half century ocean steamers, street cars, elevated railways, telegraphs and ocean cables have been brought into use. So have the telephone, the phonograph and photography in its present form. Petroleum, natural gas, electric lighting, the exquisite aniline colors, steam fire engines and the use of anaesthetics in surgery were undiscovered in the year 1839. There are perhaps two million Spiritualists in the world. Fifty years ago Spiritualism as a name and a faith was unknown.

Our ancestors then knew not the deadly dynamite. The gold mines of neither California nor Australia had been discovered. The vast silver deposits in the western part of the Union were undreamed of. California was not even a part of the United States, but belonged to Mexico. So did Texas, Arizona, New Mexico, Nevada, Wyoming, Montana, Idaho, much of Kansas and Colorado were a vast, mysterious, terrifying region, known on our maps only as the Great American Desert.

Dynamite, that most terrible of all explosives, had not been invented. There were no sewing machines or bicycles. Stenography as an industrial occupation was unknown. Typewriting machines and pretty typewriter girls existed not even as a dream.

Our most important scientific discoveries have been many of them made within the half century. Spectral analysis and the solar spectroscopy, among the most far reaching of chemical discoveries, have been laid before us in that time. So has the application in all its forms of electricity to the industries. Steam as a motive power was indeed known, but the training of its giant arm to do the work of millions of men and horses in a myriad direction is the achievement of the last half century.

The mighty discovery of the correlation of forces, which has changed modern philosophic thought, dates back to within a few years. And the suggestion of the kinship of forces has been followed by the hint that perhaps the varied forms of matter, too,

Manchester Day Camp

Manchester Day Camp is becoming a reality for our areas children this summer. The Manchester Recreational Task Force is offering another activity "just for the fun of it", which will be held August 9, 10, and 11.

All the fun group activities that a day camp brings to mind will be offered. The location will be right in town at Carr Park and children between 5 and 12 years old are being invited to participate. BACK TO THE FUTURE will be the theme of this years three day camp. Special activities will center on our community and will be based on this theme.

To carry on this special program many details must be arranged and several willing, creative people have volunteered. Patty Swaney is the Administrator with Sharon Anderson as Outdoor Program Director. Ann Kornow is Project Chairman, Pat Sahakian Health and Safety Director, Cindy Sewell Registrar, Bill Cannon Hiking Director, Lucile and Leonard Bruner and Diane and Bill Schwab are the enthusiastic advisors.

Support from any of the Manchester clubs or organizations would be greatly appreciated. Here is a chance to send one of our own children to our own camp!

Applications will soon be available for children to register. The fee will be \$15. Any volunteers, including high school students, to help for those three days will not be turned away! Contact Patty Swaney at 428-9302 if you have any suggestions for BACK TO THE FUTURE.

Attention: Class Of 1987

A survey of 1987 graduates of Manchester High School is currently being conducted as part of an on-going effort to provide quality education. Information from recent graduates is important as it provides an accurate picture of what graduates are doing, provides input for planning, and helps in the process of matching educational programs to student needs.

The survey has been mailed and phone calls are now being made to graduates in order to achieve the 80% return rate target set by the Michigan Department of Education. Bob Miller, survey coordinator, states that a report based on the data will be available by early fall.

The annual Lenten Breakfast will be held at St. Mary's Church hall, Wednesday, March 30, 1988, serving at 9:30 a.m.

All ladies of the community are invited. All reservations must be in by Friday, March 25. Call Mae Panches 428-8202 or Helen Wahl 428-8886.

Library Discussion Series

Do family ties bind us tighter than we care to admit? Come talk about it in the second of a five-part reading and discussion series on the contemporary American family sponsored by the Manchester Township Library. Thursday evening features two theater classics. Lorraine

Benefit Banquet April 20th

On Wednesday evening, April 20, 1988, a BENEFIT BANQUET will be held on behalf of the newly created Community Resource Center.

Chelsea Community Hospital has graciously offered their main dining room and food costs for the evening fund-raising dinner, which will begin with hors d'oeuvres at 7:00 p.m., a Surf and Turf Banquet at 8:00 p.m., followed by entertainment.

The Community Resource Center's main initial reason for existence has been to provide help and training and support to the Double A employees recently laid off. Two full-time consultants work at the 122 W. Main Street, location under the medical offices of Dr. Eccles. Job training, interview skills, employer searches, and small group support are among the day's activities for consultants Cheryl Elfond and Cleo Guster.

Beyond helping to meet the needs of those recently unemployed, the Community Resource Center has become an "umbrella" agency, gathering under one roof, a number of social service groups in Manchester. The United Way of Manchester, Manchester Family Service, the Manchester Recreation Task Force, and the Chamber of Commerce have all become incorporators of this Center. There is also a vision of a small

Interfaith Counseling Center being established in the offices as well in the near future. With such a bee-hive of activities supporting the health and well-being of the residents of Manchester, the Center's Steering Committee is launching the Benefit Banquet, and will be soliciting our support. A committee headed by David Little of Great Lakes Savings Bank, Richard Kuntz of Double A Products, Rev. Robert Macfarlane of Emanuel United Church of Christ, and Thomas Gorney of E. F. Hutton, are encouraging the major businesses in Manchester, and a few in the counties of

Voter Turn-out Light

Out of 739 registered voters in the Village of Manchester, only 131 turned out for the annual election. The election results are: Mary Kalleward, Village President 121 votes; Connie Schaffer, Clerk 118 votes; Sue Koebbe, Treasurer 116 votes; Del Ludwick, Assessor 115 votes; and to fill 3 vacancies on the Council, Joe Marshall 91 votes; Wendall Reinhart 91 votes; Bill Kwolek 92 votes; Becky Doyle 68 votes.

Diabetic Education Day

The traditional view of diabetes held by many people is one that is associated with gangrene, amputations, blindness, needles, and urine testing. Diabetes is a chronic disease, affecting millions of Americans each year, yet it does not need to be looked at like it was a black sheep. It is one of the leading causes of blindness, amputation, hospitalizations, and death each year. Although these are problems associated with diabetes, they are not inevitable once the diagnosis of diabetes has been made. Education about the disease and training in self-care skills are necessary for each individual with diabetes mellitus and their family. A close working relationship with a medical doctor is also a necessity for proper management of the disease. Optimum blood sugar levels have proven to reduce the risk of complications.

An opportunity to increase your knowledge about Diabetes Mellitus is available on Saturday, March 19, 1988, at Diabetes Education Day. This event will be held at Catherine McAuley

Hospital in the Education Center, from Noon till 4:00 p.m. Information will be provided at displays by local educators, pharmaceutical companies, and area Diabetes Associations. Three speakers will be featured throughout the day. The first speaker, Dr. Cheryl Huey is an Ophthalmologist, Retinal Specialist, in private practice in Ann Arbor, Michigan, will present at 1:00 p.m. on "Diabetic Retinopathy". The second speaker, Dr. Doug Greene, will present at 1:45 p.m. on "Diabetic Neuropathy, and What It Means To You". Dr. Greene is the Director of Diabetes Research and Training Center, and Professor of Internal Medicine at the University of Michigan. The third speaker, Dr. Neil White, will present at 2:30 p.m. on "Recent Research and Advances in Type I Diabetes". Dr. White is an Associate Professor of Pediatrics at the University of Michigan.

This event is sponsored by Washtenaw Association of Diabetes Educators, University of Michigan Hospital, Catherine

McAuley Hospital, Veteran's Hospital, and Chelsea Community Hospital. Take advantage of this opportunity to learn more about diabetes and have your questions answered. Admission is free.

Senior Citizens News

This week we welcome spring, robins, sap buckets on the maple trees and last Saturday the prettiest rainbow. The snow showers can't even deter us from enjoying all this. Thursday, March 17 begins with exercise at 11, St. Patrick's Day Corned Beef and Cabbage and bingo to top off the mornin'.

Saturday, March 19: Seniors will leave at 5:30 p.m. for Chelsea and travel "Journey Aboard The Orient Express". Suppose it is full of intrigue? Call Helen at 428-7239 for your reservation.

Monday, March 21: The bus leaves at 9:30 a.m. on a shopping trip to Jackson.

Tuesday, March 22: Blood pressures will be taken at 11, beef stroganoff is on the noon lunch menu and Charlotte Fluttrell, Community Relations Coordinator of Huron Valley Ambulance will speak. She will talk on the following: (1) How to prepare your home, family and business in advance in case of a medical emergency, (2) The difference between basic and advanced life support, (3) A brief history of the development of HVA, plus a short slide presentation about their current services.

Wednesday, March 23: Cedar Knoll and Chelsea Methodist Home residents will be visited. Departure time is 11:30 a.m., come along. Call Helen Knickerbocker for your spot on the bus.

Thursday, March 24: No senior meal today as Emanuel members will be getting ready for their annual sauerkraut supper. At 8:00 p.m., card parties begin again

They are great fun for you euchre playing folks, come one and all.

Receives Degree

ITT Technical Institute has announced the graduation of Terry E. Rowe from Manchester, Michigan, after successfully completing a 48-week program in automated manufacturing technology.

Rowe received a bachelor of applied science degree in automated manufacturing technology and is now prepared to secure entry-level employment in such specific positions as robotics engineering technician, field service technician, programmer, engineering maintenance, systems technician and project engineer.

Saline Breather's Club

Karen Clock, Director, Huron Valley Region, American Lung Association of Michigan, will be the guest speaker at the March 19 meeting of the Saline Breather's Club. Her topic will be "Eighty Years of the American Lung Association." The meeting will be held in the Saline Community Hospital Classroom, 400 W. Russell, Saline from 10:30 a.m. to 12 Noon.

The Breather's Club is an educational and social group for persons with chronic lung problems. There is no charge for admission. Family members are encouraged to attend.

For more information, please call the American Lung Association of Michigan at 313-995-1030.

Washtenaw County Historical Society

Barns are a familiar part of the Michigan landscape but to a scholar from India they are magnificent structures, unique to the western world. If present trends continue, they may be a rare sight to all of us.

Professor Hemalata Dandekar of the University of Michigan College of Architecture and Urban Planning will present a slide show, "The Michigan Farm and It's Buildings," at 2:00 p.m. Sunday, March 20, at the Washtenaw County Historical Society meeting at Bentley Library, Ann Arbor.

She will show pictures of barns in Washtenaw county and elsewhere in Michigan, both typical and unusual. Her study, an on-going project, is partly funded by the Michigan Council for the Humanities.

Professor Dandekar graduated from the University of Bombay in India and earned a UM master's degree. She practiced architecture in Cambridge, Massachusetts, and Los Angeles,

California, and earned a Ph.D. there at the University of California at Los Angeles.

She taught a year at Massachusetts Institute of Technology before returning to the UM in 1981 where she is an associate professor.

Bentley Library is at 1150 Beal on the UM North Campus not far from Veteran's Hospital. There is free parking at the library and across the street Sundays.

Federal Surplus Foods

Federal surplus foods will be distributed in the Manchester area Friday, March 25th, at the Manchester United Methodist Church from 10:00 to 12 Noon. For information call Manchester Family Service, 428-9852 or Washtenaw County Community Service, 971-1650.

What Is An Ichthus?
ICHTHUS is the oldest living Christian music festival for young people in North America. Now in its eighteenth year, this ecumenical gathering of more than 14,000 Christian youth from across the continent features the top bands, solo acts, and speakers in the Christian marketplace today. Recognizable names like Dr. Tony Campolo, Whiteheart, Stryper, and Andre Crouch have become routine in this exciting two-day weekend of celebration and learning. An excellent slate of workshops led by nationally known youth ministers complements the musical fare.
For more information, a community orientation meeting will be hosted by the Manchester United Methodist Church, 501 Ann Arbor Road, on Thursday, March 24, 1988, at 7:00 p.m. Brochures will be available at the meeting.

able to call us on Saturday or Sunday," Hummel said.
"For that reason, and to meet the increasing telephone call demand we are experiencing, we are pleased to announce that we have reestablished Sunday hours for toll free telephone assistance," said Hummel.
"We are open on Sundays, from 1:00 p.m. to 5:00 p.m., in addition to our expanded hours during the rest of the week, through the end of the filing season on April 15th," he said.
Hummel said the toll free telephone lines are open on Mondays from 8:00 a.m. to 8:30 p.m., Tuesday through Friday from 8:00 a.m. to 5:30 p.m., Saturdays 9:00 a.m. to 1:00 p.m., and Sundays from 1:00 p.m. to 5:00 p.m. The toll free number for the IRS is 1-800-424-1040.

IRS Expands Assistance
"Early in the year we tested opening our toll free telephone lines on Sundays," said IRS District Director John Hummel. "The test worked well. We found that taxpayers were more likely to be working on their tax returns on the weekends, and that they appreciated the opportunity to be

Appointed Director Of Intensive Care
Steven A. Yarows, M.D., a member of the Chelsea Community Hospital medical staff since 1961, has been appointed medical director of the Hospital's Intensive Care/Cardiac Care Unit.
Dr. Yarows emphasizes the importance of the Intensive Care/Cardiac Care Unit (IC/CCU) by providing expertise in the management of patients with critical care problems. "When medical emergencies develop, we respond and keep patients in a familiar environment, close to their physician and their families."
Dr. Yarows, who is certified by the American Board of Internal Medicine, works with the medical and nursing staff to maintain the highest clinical standards. All IC/CCU nurses are trained in Advanced Cardiac Life Support (ACLS), and two are certified in critical care nursing (CCRN). "We are also fortunate to have sub-specialist physicians for consultation who are considered experts in their fields," he adds.
Dr. Yarows is also medical director of the Hospital's Hospice and Respite Programs. A hospice program provides supportive medical and nursing services, including pain management, to terminally ill patients who wish to stay at home. "Our service, offered in coordination with Hospice of Washtenaw County, provides temporary inpatient care for difficult pain control or when the family needs a break from care giving," he notes.
The Respite Program helps families who care for an elderly, disabled or chronically ill child or adult in their homes. At the Hospital, the nursing staff provides care on a temporary basis to the respite patient to provide the break so often needed by the care giver.
"At times, caregivers need to be away for business or personal reasons, but they often experience a tremendous amount of guilt or concern when they leave a family member behind," he explains. "With the Respite Program, they can get needed time away with the confidence that their loved one will be well cared for."

WORK SESSION
The Freedom Township Planning Commission will hold a work session on March 21, 1988, at 8:00 p.m. at the Freedom Township Hall. Donald Pennington from the Washtenaw County Planning Commission will discuss possible changes in the Township Zoning Ordinance.
Bob Miller, Secretary
Freedom Township Planning Commission

Better Salesmanship Suggested

Prompted by questions from Michigan Congressman Carl Pursell, Department of Energy Secretary John S. Herrington today acknowledged his department must do a better job in selling the proposed \$4.4 billion Superconducting Super Collider to Congress.

Herrington's acknowledgement came during a hearing before Pursell's Energy & Water Development Appropriations Subcommittee.

"I'm afraid the Energy Department may have the cart before the horse on this SSC project," Pursell said afterward. "Much of the emphasis has been placed on the site selection process rather than the benefits of the project. I believe Congress still has to be sold on the merits of this project before we will see funding," said Pursell, whose home state is a finalist in the SSC site selection process.

"That's what I told Secretary Herrington, and he agreed."

"Unless DOE undertakes a program for explaining the need and purpose of this project, there's a good chance we could end up with a site and no funds for construction," Pursell said.

"We should have agreed to build the project - based on its merits - and then looked for a site. Once the site is selected, a lot of members may decide, 'If they aren't going to build this in my state, I'm not going to support funding it.'"

"I suggested to the Secretary, and he appeared to think it was a good idea, that DOE participate in a Congressional hearing on the SSC so that members of Congress can learn more about why we need it."

"I really think it's in the best interests of the nation, and of the State of Michigan - if we are selected as the host state - that DOE embark on an informational process now to build Congressional support," Pursell said.

DOE officials currently are evaluating site proposals from seven finalist states, including Stockbridge, Michigan.

In the 1400s, people began to mount their shoes on separate wooden blocks to protect their footwork from mud and water. These were the forerunners of heeled shoes.

Regional Science Competition

Although the teams represented four counties and 15 different towns, an Ann Arbor school took home top honors in each division at the Michigan Regional Science Olympiad held at Washtenaw Community College March 5.

Slauson Intermediate took first in the middle school division with 232 points while Pioneer won the high school division with 199. Teams from 25 schools

competed - 14 in the middle school division and 11 in high school. The teams tested their scientific skills in more than 20 events, covering areas from anatomy, astronomy and bridge building to periodic table, topographic map reading and tree identification, to name a few.

The teams represent Region 9, one of a dozen Science Olympiad regions statewide. That region includes Lenawee, Livingston, Monroe and Washtenaw Counties. Thanks to their March 5 performances, middle school winner Slauson and runner-up Scarlett Intermediate qualified for

the April 16 state tournament at Grand Valley State College in Allendale. The same is true for high school winner Pioneer and runner-up Erie Mason.

Manchester competed in the middle school division placing 12th with 77 points. The competition is sponsored by the Science Olympiad, a national non-profit organization dedicated to honoring excellence in science education.

Grand AM GT's Raised White Letter 70 Series Aluminum and Chrome Wheels

WE HAVE THE LATEST IN 4 WHEEL ALIGNMENT EQUIPMENT. 6 IMPORTANT FACTS ABOUT WHEEL ALIGNMENT

- Extend tire life**
It's happened to almost everyone: buy a set of tires, and before long one or two tires are wearing out before the others. On today's cars, this applies to the rear tires as well as the front tires. The most common cause of unusual tire wear is improper alignment. Over the years, a properly aligned vehicle can save hundreds of dollars in tire wear.
- Spot problems early**
A suspension system inspection is an inherent part of the wheel alignment operation. This gives the mechanic a chance to spot worn parts that would affect vehicle alignment. It also gives him an opportunity to spot small problems before they become big, costly ones.
- Ensure safe driving**
A periodic four wheel alignment makes sure your car handles properly and, more importantly, provides an opportunity for inspecting the suspension system for defective parts. In some ways, the safe driving aspect may be the most important benefit of wheel alignment.
- Stretch fuel mileage**
Fuel mileage increases as rolling resistance decreases. Proper wheel alignment sets all four wheels parallel which, in turn, assures minimum rolling resistance. This plus proper tire inflation provide top efficiency for maximum mileage.
- Improve handling**
Does your car pull to one side, does the steering wheel vibrate, do you have to constantly move the steering wheel to keep your car traveling straight ahead? These and other handling problems can generally be corrected by four wheel alignment.
- Get a better ride**
Proper alignment helps the front and rear suspension systems do their job. With all the system components in proper relation, road shock is efficiently absorbed, so the vehicle is more stable, and you get a smoother ride.

IN APPRECIATION

DEEP APPRECIATION is extended to the entire Emanuel Church Congregation, the Michigan Conference of UCC Churches, and the residents of Manchester, for your cards, letters, phone calls, flowers, memorial contributions, and prayers of concern for our family at the time of the death of my father, Mr. Elton C. Macfarlane of Yarmouthport, Massachusetts.

ESPECIALLY we value the warm friendship many of you have extended in these days to my mother, Grace, who herself has felt a close bond to Manchester and its people. We have learned how wonderful it is to have caring friends and a gracious Lord.

FOR MATURE AUDIENCES ONLY

As a Very Important Person 55 years or better, you deserve the best health care treatment available. That's why Saline Community Hospital is now offering V.I.P. Advantage, your 55+ health care connection.

V.I.P. Advantage brings together over 120 health care and community services especially for its 55+ members. With HEALTHLINE, our telephone hotline, you're only a phone call away from health care information, physician referrals, and community services from transportation to home health care.

V.I.P.s can attend an array of health education programs ranging from how to treat arthritis, to caring for your aging parents. And each program is offered in several locations, so you never have to be out of touch.

You'll also enjoy discounts from local merchants, our special Club 55 Dining, free insurance counseling, and V.I.P. treatment at Saline

Community Hospital — including faster admission and special reserved parking close to the hospital and Saline Professional Office Building.

Best of all, membership is absolutely FREE. Just fill in and mail the membership coupon, or call us between 10:00 a.m. and 4:00 p.m. Monday-Friday. From Ann Arbor and Saline call 429-1511. From all other areas, call TOLL-FREE 1-800-622-5592. But call today, and start getting the treatment you deserve!

If you return your membership coupon before April 15, we will send you a MEDISET pill organizer as a gift. MEDISET organizes an entire week of medication, and dispenses it safely and correctly.

Your V.I.P. Health Care Advisor

Your V.I.P. Advantage Health care Advisor is on call Monday through Friday to answer your questions and personally assist you and your family in selecting and coordinating your health care and care-giver needs. Just call the Healthline at 429-1511 or 1-800-622-5592 and ask for Carolyn Richards.

Carolyn Richards, your V.I.P. Advantage Health Care Advisor

V.I.P. Advantage
Your 55+ health care connection

Middle School Wrestlers

Saturday, March 12, Manchester Middle School Wrestlers went to the Napolean Invitational. There were eleven schools attending this meet. Manchester really showed some great wrestling by placing fifth.

Matt Wiethoff, at 82 pounds, was awarded a 3rd place medal. Chris Carson won a 2nd place medal at 87 pounds. Jim Buono brought home a 2nd place medal at 92 pounds. Stacey Clouse, at 102 pounds received a 5th place medal. Steven Duvall, at 107 pounds, won a 4th place medal. At 127 pounds Jeremy Davis was awarded a 2nd place medal. Jason Briggs, at 132 pounds got a 4th place medal. Rob Sweett at 147 pounds, received a 3rd place medal and Tim Becketl at 157 pounds received a 6th place medal. Congratulations wrestlers on a successful season.

Friday, March 11, a couple of Manchester's Freestyle Wrestlers came home with medals. The meet was in Jackson at Parma-Western High School. Greco-Roman was the type of freestyle at this event. Isreal Clouse triumphed at 126 pounds and brought home a 2nd place silver medal and Jason Woods, at 98 pounds, received a 3rd place bronze medal.

A "Beary Special" Week At Klager

Justin Porter and Bryan DuVall hold the bear head and hide that Justin's dad shot when he was 14.

Mrs. Mary Harris visited Mrs. Mary Lowery's third grade classroom with a surprise lesson in drawing bears. Pam Preston, Michelle Schaible and Jesse Case put the finishing touches on their bears.

There was a "Beary Special" Library Week at Klager School. Each day held a special bear activity for the whole school and individual classrooms. Bear stories were read, written and displayed, bears were drawn, painted, designed, dressed and even assigned careers, favorites

were chosen, researched and shared. Children agree that it was truly a 'beary special' week. The special activity was coordinated by Mrs. Liz Beuerle, Librarian and Mrs. Yvonne Henry, Principal. All teachers and students contributed to a successful week.

Boys and girls in Mrs. Millie Grantham's third grade classroom visit the library for the "Beary Special" book sale.

The first alfalfa that measures up to our standards.
GH747

Leafy. Fine stemmed. Protein-rich. All were high priorities in our alfalfa development program. But our tougher standards also demanded consistent performance. Now, we've introduced a new variety that measures up.

New GH747 has one of the highest total ratings given today. It carries a high resistance rating to Bacterial Wilt, Anthracnose, Phytophthora Root Rot and Pea Aphid. It also has resistance to Fusarium Wilt and Stem Nematode and has moderate resistance to Verticillium Wilt. All that plus winter-hardiness and good forage quality. See your Golden Harvest dealer listed below about new Golden Harvest GH747.

"Favorite Bears"

Facts about the polar bear, black bear, sloth bear, sun bear and grizzly bear were researched by the fourth graders in Mrs. Ellsworth's room. Brief descriptions of these bears were shared with all children at Klager. Each child then chose a favorite bear and indicated that choice by putting a bear sticker in the appropriate column. The polar bear is Klager's most popular bear. Suzanne Lowery and LeAnn Ellsworth add their choice to the graph.

Many stuffed bears visited Klager School on Friday. Each classroom displayed their collection for everyone to see. Cameron Lehr, Sammy Guidry and Kathrina Montgomery follow the parade route to see everyone's favorite bear.

Wednesday, March 23 - Buying and Planting Grapes.

Think of us as a mortgage supermarket

At Great Lakes, you can choose a one-year or three-year adjustable rate mortgage. Or a traditional fixed rate loan. Or a convertible adjustable rate mortgage that lets you switch to a fixed rate later. Or an innovative biweekly mortgage that saves thousands in interest.

Great Lakes has more kinds of mortgages than practically anybody you'll find. Which means we have the right mortgage for more kinds of people. We're like a mortgage supermarket.

Call 800-342-5453 for our free mortgage shoppers guide. Finding the right mortgage is just a matter of knowing where to shop.

Royals End Dutch Season

Varsity Basketball Team

Front Row Left to Right: Bryan Barnard, Jim Hanks, Jason VanDeven, Co-Captain Brian Gebhardt, Co-Captain Tom Mann, Mike Brokaw, Dwayne Archabeque. Back Row Left to Right: Coach Curt Fielder, Nick Miller, Tim McGinn, Matt Knul, Craig Scully, Brad Uphouse, John Korican, Manager Mike Mann.

On Tuesday we trekked to Morenci to challenge Blissfield in the opening round of the State Playoffs. We started out like giant-killers, leading 20 to 10 after the first eight minutes of play. In the second period, our shots just wouldn't fall through the hoop, and Blissfield took full advantage of this. The scoreboard read 26 points for us for almost four minutes, as the Royals tallied 14 straight. The score at halftime was 34-30 their favor. We did pull within two points but Blissfield retained the lead throughout the second half, basically due to their fine free-throw shooting of 23 of 28. The final score was Royals 75, Dutch 62.

Senior Brian Gebhardt was our only scorer in double figures as he dumped in 16.

The volt, a unit of electrical measurement, is named for Count Volta, inventor of the electric battery.

American Legion Auxiliary

by Jon

The Manchester American Legion Auxiliary met at the Legion Home on March 9, 1988, with 13 members present. Various committee reports were given. In accordance with the guidelines presented by the Department of Michigan, President Edna Knauss appointed a Long Range Planning Committee.

The Veterans Affairs and Rehabilitation Committee completed their plans for hosting an afternoon party at the V.A. Hospital on March 12th.

The Auxiliary voted to furnish the orange juice for the Blood Bank to be held in Manchester on March 21.

An afternoon tea will be held for Girls State representatives and their mothers, on April 17, 1988, at the Underwood-Orr Post Home in Tecumseh.

Our next meeting will be held on April 13, 1988. Refreshment Committee will be Mara Rigg Knasiak, Suzanne Wallace and Virginia Motluck.

Money Management

FORM REVIEW 1040

At first glance, the 1987 Form 1040 may look very much the same - but don't be fooled, cautions the Michigan Association of CPAs. The final results of two years of legislative work and hundreds of pages of tax reform law have, in effect, been summarized in the two-page 1040 form and the corresponding schedules. Most of the changes brought about by the Tax Reform Act of 1986 became effective January 1, 1987, and taxpayers are now face-to-face with how tax reform affects them.

Filing requirements have changed. Generally, the Tax Reform Act raised the amount of income a person may have before being required to file a return. This means fewer taxpayers will have to file returns for 1987.

For your benefit, the Michigan Association of CPAs account of the following line-by-line account of some of the major changes you are likely to encounter on your 1987 Form 1040.

Personal Exemptions Line 6
The amount allowed for each personal exemption is increased to \$1,900 for 1987 - up from \$1,080 in 1986. The Tax Reform Act of 1986 eliminated the extra exemption for being 65 or older or legally blind. Instead, these taxpayers will be eligible for the additional standard deduction. Taxpayers claiming exemptions

for dependents who are at least five years old by the end of the tax year must provide the dependent's Social Security number.

For 1987 returns, a personal exemption may not be claimed by a person who can be claimed as a dependent on another taxpayer's return. This means children who can be claimed as dependents on their parents' returns may not claim exemptions for themselves on their own returns.

Tax-exempt Interest Line 9
Tax-exempt interest income (such as interest on certain state and municipal bonds) received during the tax year 1987 must be shown on this line.

Dividends Exclusion Line 10
There is no longer an exclusion from income for the first \$100 (\$200 if filing jointly) of qualifying dividends. All dividends earned during 1987 must be reported here.

Capital Gains Line 14
Prior to tax reform, individuals could deduct 60 percent of their net long-term capital gains. The 60-percent long-term capital gains deduction is no longer allowed. The full amount of net capital gains must be included in income and is taxed at ordinary income tax rates. For 1987 only, there is a cap of 28 percent on net long-term capital gains.

Pensions, IRA Distributions, Annuities and Rollovers Line 16
For lump-sum distributions

from a retirement plan, 10-year forward averaging on a one-time basis by those at least 59 1/2 has been replaced by five-year averaging. Congress created a special transition rule that allows anyone who was at least 50 years old on January 1, 1986, to choose whether to have the distribution taxed under current law or the old law.

Unemployment Compensation Line 19
All unemployment compensation received after 1986 must be included in income. Under prior law, unemployment compensation was partially excluded from income.

Other Income Line 21
This is the place to report any income you don't find a place for on your return or other schedules. One area of other income that changed affects recipients of scholarships and fellowships granted after August 16, 1986. Under tax reform, those recipients who are degree candidates must include in income all scholarship money received for room, board, travel and other incidental expenses. Only those amounts received for course-related expenses such as tuition, books, supplies and equipment are excluded from income. Non-degree candidates receive no exclusion under tax reform. They must pay taxes on the full amount granted after August 16, 1986.

Individual Retirement Account Deductions Lines 24 a and b
Use lines 24 a and b to deduct IRA contributions. New rules in effect for 1987 may reduce or eliminate the deduction some taxpayers can take for contributions made to an IRA. The deduction a person can take for contributions to an IRA depends on two factors: (1) whether you or your spouse are covered by a retirement plan at work and (2) the amount of your adjusted gross income.

An individual who is not an active participant in an employer retirement plan can still deduct an IRA contribution up to \$2,000 of his or her earnings. If you or your spouse is covered by an employee retirement plan, you may be entitled to a full or partial deduction or no deduction at all depending on the adjustment gross income of you and your spouse.

Self-employed Health Insurance Deduction Line 25

This is a new deduction for 1987. Self-employed taxpayers who pay for their own and their families' health insurance may be able to deduct 25 percent of the cost of this insurance from gross income.

Itemized Deductions Line 33a
This line is for the total of your itemized deductions which you disclose on Schedule A. Many deductions have been eliminated by tax reform, while others have been restricted. Refer to the instructions for completing Schedule A for complete details.

Standard Deduction Line 33b
For 1987, the standard deduction replaces the zero tax on three factors - your filing status, your age and whether or not you are blind. Beginning in 1987, the additional exemptions for age and blindness have been replaced by the additional standard deduction amount. NOTE: The standard deduction has been sharply increased. Many taxpayers will find that claiming the standard deduction will be a better deal than itemizing. Once you itemize your deductions, compute the amount of standard deductions to which you are entitled. Use the larger of the two amounts.

Alternative Minimum Tax Line 49
The Alternative Minimum Tax provides a formula for tax computation which, in effect, disallows certain preferential tax treatment. Under the Tax Reform Act of 1986, the provisions for the Alternative Minimum Tax have been broadened and strengthened and the rate has been increased to 21 percent.

Do you have a feeling something is missing? Are you wondering what happened to some of your favorite tax breaks? Read on.

What ever happened to:
The credit for political contributions? This tax credit was repealed. Under tax reform, a taxpayer may no longer claim a credit for political contributions.

Investment tax credit?
Property placed into service after December 31, 1985, does not qualify for the investment tax credit.

Sales tax? Sales tax is no longer deductible.
The Two-Earner Deduction? In families where both spouses work, the spouse with the lower earnings will no longer be allowed to deduct a percentage of his or her earnings.

Income averaging? This tax benefit has been repealed.
CPAs caution that this is no year to wait until the last minute to prepare your return. With all the changes now in effect, you'll want to allow enough time in the event you need more information or assistance.

ATTENTION
Back Door Party Store Customers

Due to a theft at The Back Door Party Store, anyone who wrote a check to the store on March 3rd or 4th is being asked to contact store owner, Dorney Lamb, at 428-9287 or 428-7734 as soon as possible. Your cooperation in this matter will be greatly appreciated.

Pets

Some people may still believe the cartoon cliché that all you have to feed a cat is milk and fish. In real life, such a diet could endanger the cat's health. When in doubt about the best diet for your pet, seek the professional guidance of your veterinarian.

THURSDAY, MARCH 24, 1988

To The Quartette Of District No. Seven, Freedom

Manchester Enterprise
March 4, 1886

Ed. Enterprise: There are always two sides to a story, and as you have had only one side, I propose to give you the other side.

On going to the school house the first day of my school I was unable to enter, the key hole having been plugged. After some little delay, I succeeded in opening the door. The first week it became necessary for me to punish the largest girl in school, but knowing the unhappy disposition of some of the relatives of said girl, I deferred the punishment for two weeks. At the expiration of that time she became so annoying that I requested her to take a front seat. Refusing to comply with my request, I gave her the choice of two things, to go home or take a thrashing. She very reluctantly accepted the former. The next week she again became disorderly in the class room and I told her to take her seat, which she refused to do. Something had to be done, so I went to my desk and got a whip and again told her to take her seat. She replied, "I shant do it, strike me if you dare." After striking her once she called to some of the larger boys, saying, "come on boys we'll fix him." The boys failed to respond, leaving her to fight her own battles. I didn't spare the rod until she was willing to take her seat. The next morning I received a formal call from her father. After making a few preliminary remarks he vacated the school room. This was the manner in which I "tried to get into trouble with the scholars." I admit that I lack some of the qualifications necessary for teaching that particular school as I had had no experience in missionary work; of course I was a failure in the line. So I will say to the next teacher,

qualify yourself for missionary work, and if you are not now a believer in Darwin's theory you will be at the expiration of your term in District No. 7.

In regard to the statement made about the stove, I would say, take care that you are not pierced by an arrow, guided by a quill plucked from your own foul body. This probably is all you will hear from me on this subject unless I am again compelled to defend myself from the falsehoods conjured up by an uncultured mind, for life is short and too valuable to be wasted by entering into a disgraceful controversy with cattle. This is for those only who were instrumental in publishing the article in last week's paper, signed Tax Payers. Yours with pity,

Herbert D. Reed.
Manchester, March 1st, 1886.

Another Success!

Monday's Red Cross Bloodmobile went over quota with 155 pints of blood donated from 164 caring people who attended! It was a fabulous success with special thanks to the loving ones who came in memoriam for their dear friend and neighbor, James Meranuck, who was buried that same day.

Manchester United Methodist Church hosted the clinic with Methodist Women United furnishing the sandwiches, the American Legion Auxiliary donating the orange juice and Albers Orchard, the cider.

There were fifteen first-time donors to ensure the continuing success of Bloodmobiles for Manchester area in the future. Fifteen people received gallon donor pins from one to four gallons while Robert Panches still tops the list with 67 pints to date (that's 8 1/2 gallons!). A detailed report will follow next week.

Student Of The Month

Optimist member Monty Okey, Sherry Rickelmann, Mrs. Pat Rickelmann.

Sherry Rickelmann has been selected as Manchester Optimist Student of the month for February. Sherry is a junior at Manchester High School and is the daughter of Ed and Pat Rickelmann of Manchester. Sherry has lettered in sports at Manchester High School since a freshman. She has played Basketball all 3 years of high school, as well as lettering in Volleyball all 3 years. She was captain of the basketball team her freshman year and captain of the volleyball team her sophomore year. She

has been honored by being elected into the National Honors Society this year. Sherry has been active in the leadership class since her sophomore year and also in the student council since her sophomore year. She is vice president of the student council this year.

Sherry plans to attend college, either Eastern Michigan or Michigan State University, and would like to major in business or child care. We are proud of Sherry and her parents and wish her the best in the future!

Oratorical Contest Winners

Melanie Ball, Dan Bihlmeyer

On Monday evening, March 14, the Manchester Optimist Club held their annual Oratorical Contest. A total of ten students, four boys and six girls participated.

The contest winners were Melanie Ball and Dan Bihlmeyer. Melanie is the daughter of Leon and Eileen Ball, and Dan is the son of John and Nancy Bihlmeyer. In the girls' division, Emily Gordon, daughter of Robert and Toni Gordon, placed second. The Runner Up award was presented to Jackie Donnellon, daughter of Matthew and Kathy Donnellon. Also participating was Amy Weidmayer, Kathy Nosbisch and Meghan Hakes.

In the boys' division, Jen Okey, son of LaMont and Joanne Okey, placed second. The Runner Up award was presented to Ryan Shankland, son of Chris and LeeAnn Shankland. Jeff Weidmayer also participated in the contest.

Each of the contestants received a Certificate of Participation while the six winners were presented medallions with neck ribbons. All of the student's orations were on the official topic for this year: "Destiny - Choice, Not Chance."

Rod Morrison, Oratorical Contest Chairman, expressed the thanks of the club to several people: former Governor Swainson, Betty Mann and Phyllis Heinrich for being run-off judges; and Mrs. Dacia Daniels for promoting the contest in her classes and providing technical assistance. Also commended for their role as contest judges were Mr. Alan Burg and Mrs. Anne Gordon.

The two first place winners will compete at the Ypsilanti regional contest in April. Winners from the regional contest will compete for \$1000.00 scholarships at the state contest in May.

More pictures continued on page 12.

K of C Annual Fund Drive, March 25, 26, 27

The 13th annual fund drive to assist the mentally retarded locally and in Michigan will be conducted by Manchester Father Fisher Council 4354 of the Knights of Columbus on March 25, 26 and 27, 1988. Larry Benedict Council Grand Knight, announced.

Last year statewide, the Knights of Columbus, a Catholic men's fraternal society, collected over \$1,149,136.56 in the three-day weekend drive. Locally \$3,233.75 was collected and donated to St. Louis School of Chelsea and Milton Porter School of Tecumseh.

Under the program, which is carried out in most of the 286 K.C. Councils in Michigan, people are asked to donate money to the mentally retarded and are given a Tootsie Roll candy in appreciation of the gift.

Eighty percent of the net income from the donations is retained by the local council for distribution to area groups and agencies. The rest is forwarded to the State Council of the Knights of Columbus to meet expenses of the program and to make donations in behalf of all the 75,000 Knights in Michigan.

A principal beneficiary of State Council funds is the Michigan Association for the Mentally Retarded Citizens. Other gifts also are given to organizations

assisting the mentally retarded. "The donations to local organizations in the first twelve years of the program by Knights of Columbus Councils in behalf of their contributors proved to be a gratifying experience for our members who are asked to practice Christian Charity as a principle of their membership in the Knights of Columbus," Psaris said. "We are looking forward to even greater participation this year."

Citizens will be able to recognize the Knights and their helpers during the drive because they will be dressed in colorful hats, carrying canisters and wearing bright yellow aprons emblazoned with "K of C Help the Mentally Retarded".

Village Planning Commission Vacancies

New appointments will be made April 4th, to the Manchester Village Planning Commission. Any village resident who would like to be considered for appointment should write a brief statement saying that he or she is willing to serve. Mail or deliver the letter by Wednesday, March 30th, to Mary Kallewaard, Village President.
