

Manchester Board of Education

SCHOOL BOARD MINUTES
April 18, 1988

The meeting was called to order by President Gary Davis at 8:05 p.m. Members present: Davis, Sahakian, Golding, Kluge, Gaughan, Kemner, Samonek. Also present: Superintendent Niedzwiecki, Principals, Schick, Henry, Director of Student Services/Athletic Director Strieter.

Communications: Letters from Department of Education, Re: Results at Third Annual State-wide High School Student Survey; Board of Education Re: Michigan Teacher's Day; Washtenaw County School Officers Association Annual Dinner - April 27, 1988; card from the Family of Jim Meranuck. All correspondence was ordered to be filed.

Minutes of the Regular Meeting of March 21, 1988, was approved as corrected.

Financial and Bills Payable reports were read and approved. Cash balance on hand as of 3-31-88, was \$2,379,441.86. Bills to be paid in the amount of \$332,847.66.

Discussion Items: Report: Growing Up Program - the Board approved the continuation of the fourth grade Reproduction Health Curriculum Program.

Athletic Winter Report: Mr. Strieter, Athletic Director, submitted in detail the Winter Report.

Mrs. Betty Dalton's request for a leave of absence for the 1988-89

school year was approved. Coaching appointments were recommended and approved for the fall and winter season of 1988-89. Head Football - Jim Fielder; Varsity Assistant Football - Wes Gall; Jr. Varsity Football - Dick Fielder, Curt Fielder; Middle School 7th grade Football - Brian Schick; Varsity Girls Basketball - Lyndon Lewis; Jr. Varsity Girls Basketball - Mark Ball; Middle School Girls 8th grade Basketball - Kathy Rose; Golf Coach - Dick Parsons; High School Cheerleading - Helen Nickerson; Middle School Cheerleading - Karen McGuire; Varsity Boys Basketball - Curt Fielder; Middle School Boys Basketball 8 grade - Wes Gall; Middle School Boys 7th grade Basketball - Jim Fielder; Head Varsity Wrestling - Dan Jordan; Jr. Varsity Volleyball - Ken Haight; Middle School Volleyball 8th grade - Gay Perry; Track - Nancy Kruse.

Tenure recommendations approved: Margaret Hurbis, Pamela McClure, Mary Noshish.

Continuing second year probationary status approved: Joni DeBall; Vivian Patten; Lisa Schreuerman; David Swanson; Beth Ann Robertson.

Contract extension - Social Worker - William Kindt.

Resolution setting matters to be voted upon at the annual election on Monday, June 13, 1988, was approved. Proposition

(1) a renewal of 4.8 mills for operating purposes for a period of three years. Proposition (11) a renewal of 1.5 mills for Maintenance repair and renovation of

school facilities for a period of five years. Proposition (111) additional millage of 1.2 mills for operating purposes for three years. Also included in the resolution: the following persons have been nominated to fill (2) vacancies to the Board of Education for full terms of (4) years ending in 1992: Anne Marie Gordon, Jan Imonti, and James W. Samonek.

Board Secretary approved the election duties to Superintendent Niedzwiecki and Administrative Assistant Jan Lillie.

Board authorized signatures for borrowing. Mr. Gaughan volunteered to become a member of the AIDS Curriculum Committee representing the Board.

Special Board Meeting - Re: Superintendent's Evaluation and Administrators contract extensions, to be held on Monday, April 25, in the High School Library.

Board adjourned at 9:50 p.m.

Anhydrous Ammonia

The U.S. Department of Transportation has extended, until May 2, the public comment period on a proposal to reclassify anhydrous ammonia from a non-flammable to a poisonous gas. According to Robert Craig, Michigan Farm Bureau economist, the delay is good news for farmers.

"The extension indicates that the U.S. Department of Transportation is willing to work with us and give us every chance possible to explain the detrimental affect this proposal would

have on American agriculture," Craig said. "We've been working to prevent the reclassification because it would cost agriculture millions of dollars and could result in the loss of availability of a widely used and economically efficient fertilizer."

Farm Bureau has recommended reclassifying anhydrous ammonia as a corrosive gas rather than a poisonous gas. "This would make the U.S. classification identical to that adopted by Canada, our largest trading partner in anhydrous ammonia," Craig said.

DIAL-A-GARDEN

The following is a monthly schedule of Dial-A-Garden, the system of pre-recorded daily gardening tips sponsored by the Washtenaw County Cooperative Extension Service. The system is in operation 24 hours a day, 7 days a week. Interested persons are invited to call 971-1129 at their convenience to listen to timely, up-to-date gardening information.

Thursday, April 21 - IPM-What Is It?

Friday, April 22 - Selecting Orchard Pesticides.

Monday, April 25 - Anthracnose of Shade Trees.

Tuesday, April 26 - Planting Potted Trees and Shurbs.

Wednesday, April 27 - IPM Techniques.

The first labor organization in the United States was formed by the Boston shoemakers and barrel-makers in 1648.

Tornado Alert System

When a Tornado has been cited in the area, Washtenaw County will set off the Torando Alert System which will be a 3 to 5 minute siren - residents should take cover immediately. An all clear signal will not be used - Civil Defense recommends that citizens tune to a local radio station (WAAM 1600) for an "all clear".

The Manchester Woolen Mills

Manchester Enterprise
June 24, 1969

This establishment under the control of Messrs. Porter and Jaynes is fast gaining in strength as to capacity, and the quality of goods manufactured can not be surpassed in any mills. These mills employ twelve hands and is now running three looms, and are turning out thirty yards of cloth to the loom per day. They expect to start another loom in a few days, and will turn out 100 yards of cloth per day, (including stopping). They are now filling a contract for some large firm in Chicago, to the amount of 8,000 yards; and we understand that they have another contract to fill in the shortest time possible; This establishment is also running two sets of custom cards and two manufacturing cards, also a spinning jack with 198 spindles and other necessary machinery of the latest improvements. The mills are run chiefly by water power, but they have a large steam engine which they use upon certain occasions. The proprietors inform us that the weekly expense for labor is \$70, and for material about \$240. Mr. Porter states that the mills have cost him about \$13,000.

Two Arrested In Local Theft

by Becky Doyle

A lengthy chase by Washtenaw County Sheriff deputies last Thursday morning culminated in the arrest of two suspects who may have been involved in several other area burglaries, according to the Sheriff's Department.

Michael W. Smith and James L. McAleer, both from the Detroit area, were arrested after abandoning the vehicle they had stolen from a Sharon Township home. Officers called in a police helicopter, a fleet of cars and used all-terrain vehicles in the chase which spanned two townships.

The pair offered no resistance when confronted at gunpoint by the officers.

Manchester has been the target of several break-ins in recent months. It is expected that the arrest of the two will clear up most of them.

Officer Bob Wenk, who was on duty during the chase, said later that the two probably thought the rural area would be an easy target.

"It's unfortunate (that) so many people (who live in rural areas) are so complacent. We leave our doors unlocked, our garages open."

When asked what steps could be taken to prevent future theft in the area, Wenk referred to the Department's Crime Prevention Unit. The unit is available for on site seminars in prevention of burglary and theft to groups who wish the service.

Local Doctors Walk For Fun

On Saturday, May 14, 1988, Chelsea Community Hospital and physicians from the surrounding communities will participate in a community fun walk entitled, "Walk-With-Your-Doc". This is a national event being held in over one-hundred and seventy communities across the country on that day. This event brings physicians, the Hospital and the community together to promote the health benefits of walking.

"Very simply, walking is the safest, most healthy aerobic exercise we can do to keep fit. And for overweight or sedentary people, it's the first, most basic step to cardiovascular health. Besides, walking is fun, social and inexpensive. You need only loose comfortable clothes and a good pair of shoes. The Walk-With-Your-Doc fun walk is the perfect opportunity to get out with family, friends and your personal physician to enjoy a healthful activity."

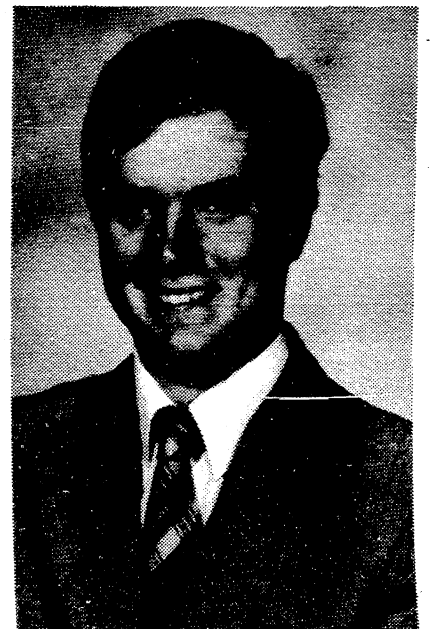

Walks will be held in Chelsea, Dexter, Manchester, Stockbridge and Grass Lake. In Manchester, some of the physicians who will be participating include Evelyn Eccles, M.D. and Virginia Johnson, M.D., Family Practitioners, Manchester Medical Clinic. The Walk will begin at 10:00

Two High School Students Receive State FFA Degrees

John D. Cousino

John N. Marhle

The State FFA Degree, the highest degree of achievement in the Michigan FFA Association, was presented March 25th to 171 outstanding members. The presentation was made during the 60th Annual State Convention of the Future Farmers of America on the campus of Michigan State University.

The 171 FFA members awarded the degree this year represent the best of almost 6,000 members enrolled in Michigan vocational agriculture. Students receive the degree in either production agriculture or agribusiness.

FFA members begin as "greenhands" and after one year of membership may advance to the degree of "Chapter Farmer." The State FFA Degree, presented by the State Association, is limited to the top three percent of the State's membership.

Manchester FFA members, John N. Marhle and John D. Cousino were two of the 171 honored with the degree. They both received a certificate and a State FFA Degree charm.

The last day to register in order to be eligible to vote at the annual school election is Monday, May 16, 1988.

Bicycle Safety Day, April 30th

On April 30th, the Manchester Optimists Club will sponsor a Bicycle Safety Day at the Emanuel United Church of Christ. Area children are invited to attend. There is no charge. There will be a number of antique and classic bicycles on display. Registration begins at 10:00 a.m. The first 50 registrants will receive a free Schwinn water bottle. There will also be the opportunity for one lucky youngster to win a new bicycle donated by Kleinschmidts Hardware Store.

During his four years at Manchester, John was involved with the annual plowdown, attended the National Convention in Kansas City two years and the State Convention five years. He helped to plan the Chapter

Banquet as well as participating in various leadership contests. He served the office of Chapter Reporter for two years.

John Norman Marhle, son of Melvin and Lorraine Marhle of 11475 E. Austin, Manchester, received his degree in agribusiness placement. John presently works at the Neil Weidmayer Dairy Farm while attending Washtenaw Community College pursuing a degree in Mechanical Engineering.

During John's four years of involvement in the vocational agriculture program at the Manchester FFA Chapter, he has been placed on the Porter Farm and Weidmayer Farm while serving as a seed dealer for Rupp Seeds.

Marhle was involved in the annual plowdown and served on various FFA committees. He was also active in the community raising six lambs and two steers to enter in the Manchester Fair, he also helped four years at the Chicken Broil. John's future plans are to finish college and own a farm or ranch.

Congratulations to both for a job well done.

Lend-A-Hand

This year we in the Manchester area celebrate the 150th Anniversary of the Manchester Township Library, the oldest township library in the State of Michigan. On Tuesday, May 10th, at 7:30 p.m., there will be a community meeting held at the Blacksmith Shop to make plans for the rest of this "year of celebration." ALL ARE INVITED TO ATTEND.

Those who have already offered their names as members of the 150 Committee and the Friends of the Library are especially urged

Letter To The Editor

Many village and township residents are not aware of the proposed rezoning of 24 acres of agriculture land for the use of a Mobile Home Park. If this rezoning is approved there will be tremendous economic impact for all village and township residents. There will need to be a substantial property tax increase to cover the school population growth, plus revenue required to cover village services such as water, sewer, road improvements, side walks, fire and police protection.

service to the village, and hope that the Planning Commission and Village Council does the correct thing and denies the rezoning request.

Thank you,
Donna and Edward Braun

More On Family

On Thursday last the fourth meeting was held of the Reading and Discussion Group sponsored by the Manchester Township Library in conjunction with its 150th Anniversary celebration. The discussion concerned the three short stories the group had recently read, and the guest lecturer was Professor Leo McNamara of the University of Michigan Department of English Language and Literature.

The stories read were by John Cheever, Gina Berriault, and John Updike. Because the theme of this Reading and Discussion series is "Family," and because these three short stories were so seemingly unconnected to each other and to the theme, the participants looked forward to the discussion with Prof. McNamara to discover how he might see these connections.

While that expectation was met, in fact much more was given by the lecturer to the group: particularly, the opportunity to hear of the personal friendship of Prof. McNamara and John Updike; to enjoy anecdotal experiences of young writers at Harvard; and to participate in generally more academic analyses of the works. And yet, with all this discussion of Updike and his place in literary history, no slight was given the other two authors and their stories.

Each of the stories, but especially those by Cheever and

Berriault, presented rather bleak pictures of families and/or contemporary life. The discussion by members of the group, with the full participation of Prof. McNamara, was lively and satisfying, although certainly not all of one opinion. It was clear how totally differently people could read the same story! This fourth Reading and Discussion meeting indicated that, while no uplifting picture of family life was presented, SOME things do get better as they go along: this Reading and Discussion Series, for instance!

The next meeting is scheduled for Thursday, May 5th, to discuss DURING THE REIGN OF THE QUEEN OF PERSIA by Joan Chase, a novel about a family in a 1950's Ohio farming community. As always, newcomers are welcome to join. Pick up the book at the Library, and then enjoy an evening of spirited discussion with lecturer Arthur Athanason, professor of American Thought and Language at Michigan State University, at 7:30 at the Blacksmith Shop.

The Manchester Township Library hosts this series which is sponsored by the American Library Association and the Michigan Council for the Arts, with funding through the National Endowment for the Humanities and the Michigan Council for the Humanities. Dorothy Davies is the Project Director.

Birth Announcement

Mrs. and Mrs. Wesley Gall are proud to announce the birth of their daughter, Katelyn Dee, born on March 27th, 1988. Katelyn weighed 6 pounds 7 ounces and was 20 inches long. Katelyn has one sister, Amy, age 7. Grandparents are Mr. and Mrs. Warren Crouch of Saline and late Mr. and Mrs. Albert Gall.

More "Lifeline" Units On Hand

The Manchester Area Senior Citizens' Council reports that five additional "LIFELINE" units that they ordered have arrived. Manchester area residents who are in need of a quick and effective method of summoning help in the case of a personal medical emergency are benefited by this service.

Funds for the purchase of these additional units came directly from the monies of the Senior Citizens Council. The previous twenty units were bought as a result of gifts from the Manchester Chicken Broil, Inc.

The "LIFELINE" program as sponsored by the Senior Citizens' Council is administered by the Chelsea Community Hospital. Individuals in the Manchester 428 telephone exchange who feel in need of a LIFELINE unit in

their home should apply for one through the Social Services Department of the Chelsea Community Hospital. The sets are owned by the Senior Citizens' Council and installed free. The Hospital does charge the subscriber a nominal monthly fee to cover equipment maintenance and insurance. Preliminary inquiries can be made with Ted Tapping of the Senior Citizens' Council.

This program began in the fall of 1986 and has grown much faster than officers of the Senior Citizens' Council expected. It is their hope that, if the program keeps expanding, monies from outside sources will be forthcoming so that a person's need for a medical emergency response will never go unattended.

Wedding Bells Ring

A late afternoon ceremony attended by Danell Michelle Jean Alber and Robert Earl Lobbestael in marriage. The February 20th service was held in Emanuel United Church of Christ with the Rev. Robert Macfarlane officiating.

Approaching the altar on the arm of her father, the bride was attired in an ivory satin gown, ivory gloves and halo veil.

Carrie Lynn Alber, sister of the bride and Bruce Lobbestael, brother of the groom were honor attendants.

Bridesmaids included; Danell Steele Proctor, aunt of the bride, Angela Schaible, cousin of the bride, Carol and Jennifer Lobbestael, sisters of the groom and DeAnn Lamb. All wore red satin dresses.

Parents of the bride and groom are Mr. and Mrs. Brian Alber and Mr. and Mrs. John Lobbestael all of Manchester.

The newlyweds are residing in Manchester.

Loss of Hearing Clinic

The Turner Clinic Hearing Loss Support Group meeting on the 28th of April has changed its time. The meeting will be held from 10:00 a.m. to 12:00 Noon in the Turner Clinic Conference room. The speaker will be Connie Spak who is from the University of Michigan Department of Otolaryngology. Miss Spak will talk about cochlear implants.

Turner Clinic is located at 1010 Wall Street, adjacent to the Kellogg Eye Center.

Area Students Recognized

Approximately 4,270 Eastern Michigan University students were recognized for outstanding academic achievement during the past academic year Sunday, March 27, during EMU's 40th Annual Honors Convocation in EMU's Pease Auditorium.

The honors list includes all EMU students with cumulative grade point averages of 3.0 (B) or better on a scale which extends to 4.0 (A). Approximately 715 freshmen, 708 sophomores, 1,032 juniors and 1,815 seniors were honored. Those from Manchester include: Mark A. Ball, Rosemary G. Bentschneider, Lisa S. Booth, Sylvia J. Carruth, Nancy E. Davis, Deborah T. Grady, Tricia A. Horning, Heidi L. Huber, Carol M. LaRock, Jeffrey R. Mann, Catherine H. Marshall, Kelly D. Marshall, Sally L. Marshall, Colleen H. Mendel, Beatrice L. Miller, Marley G. Pagel, Alana M. Parker, Donna S. Porter, Lauren P. Saunders, Matthew J. Simpson, Robert W. Smith, Jeannine M. Uphouse, Pamela K. Wallace, Patrick G. Wallace and Debra P. Wenk.

Local Students Participate In Midwest Talent Search

This year the Center for Talent Development of Northwestern University conducted its seventh annual search for junior high students who are academically talented. This year 23 sixth, seventh and eighth grade students from Nellie Ackerson Middle School participated in the search. These students qualified for the Northwestern program by scoring at the 95th percentile or higher on the verbal or mathematical portion of a standardized in-grade achievement test. They took the College Board's Scholastic Aptitude Test (SAT) in January, a test usually taken by high school juniors and seniors. The purpose of the SAT is to provide more information about students' abilities. Local schools use this information to help provide special services and programs for such students. The students received certificates of recognition and a listing of summer and academic year programs designed especially for such high caliber students.

The Center for Talent Development serves eight states in the Midwest: Indiana, Michigan, Ohio, North Dakota, South Dakota, Wisconsin, Illinois, and Minnesota. Over 25,000 students participate in the talent search on an annual basis. The students who participated this year are: Tracie Anderegg, Melanie Ball,

Karin Borgerson, Robert Davis, Linda Devulder, Adam Erskine, Margaret Evisizer, Zachary Gordon, Michele Greenwald, Wendy Haeussler, Bryan Hoelt, Jeffrey Hughes, Benjamin Lowery, Richard Lutton, Michelle Mann, Kurtis McDonald, Lucas Millheim, Kathy Nosbisch, Krista Sahakian, Donna Spiess, John Ward, Gabriel Weiss, Matthew Weithoff.

In Manchester, this is coordinated by Mrs. Nondus Buss as part of the Middle School Gifted Program.

Marriage Announced

Angela M. Bates and David L. Bassett were married on April 16th, at the Calvary Baptist Church in Jackson.

The Best man and Maid of Honor were Mr. and Mrs. Mike Thompson. Ushers were Doug Bassett and Jerry Hamilton. Amanda Bates was the flower girl and Michael Bassett was the ring bearer.

Parents of the bride are Mr. and Mrs. Tom Bates of Manchester and parents of the groom are Mr. and Mrs. Kenneth Walther of Milan.

After a trip down south they will reside in Clinton.

“Manchester Educational Excellence In Action”

Debbie Walter, Ryan Eiss and Leslie Collier will display their tissue paper fish at the NAPA store this week. The “school” of fish was made in Mrs. Raus’ fourth grade classroom.

The store windows on Main Street have a festive look this week. Klager students and teachers have displayed their work in anticipation of the “Manchester Educational Excellence In Action” Open House to be held April 30 at Weidmayer’s Hardware Store from 9-12. The public is invited to browse through the displays of art work, science projects, computers, athletic and academic awards, see several videos and slide presentations, and enjoy coffee and

cookies. There are several surprises for any children that attend! Come and see what your schools are doing.

“America means opportunity, freedom, power.”
Ralph Waldo Emerson

Board of Education

April 25, 1988
Un-official Minutes

The Special Board of Education meeting was called to order on Monday, April 25, 1988, at 8:00 p.m. by President Gary Davis. Members present: Davis, Sahakian, Golding, Kluwe, Gaughan, Kemner, and Samonek. Also present: Superintendent Niedzwiecki.

The Board approved extensions of the two year contracts with appropriate placement on the 1988-89 salary schedule for the following administrators: Brian Schick, Middle School Principal - \$44,615; Yvonne Henry, Elementary Principal - \$38,117; Roderick Morrison, High School Principal - \$44,098; Allen Strieter, Director of Student Services/Athletic Director - \$38,569.

The total cost of the building administrators salaries for the 1988-89 school year increased by 5.8 percent.

In other action, the Board of Education evaluated Superintendent Niedzwiecki’s overall performance for 1987-88 as a “strong performance”. The Superintendent’s salary for 1988-89 will be determined at a future date.

Board adjourned at 9:10 p.m.

International Sorority Celebrate Fifty-Seven Years

On April 30th, 1988, here in Manchester, two chapters of Beta Sigma Phi, in concert with 12,500 chapters of 250,000 members throughout the world, will celebrate their Founder’s Day.

During the Depression, Walter W. Ross thought that young women needed more in their lives than work, responsibility, and hardship. He thought a social and cultural outlet was needed and that he was the man to see that it was provided. His efforts brought seven young women in Abilene, Kansas, together on April 30, 1931, to form that sort of organization. Beta Sigma Phi began, and time proved Walter Ross’s idea a good one. Because Beta Sigma Phi has continued to meet their needs, on this April 30, Walter Ross will be remembered by this largest Greek letter sorority in the world.

Awards were presented during the evening to outstanding chapter members, recognizing them for their sorority and community work. Some local Beta Sigma Phi projects include Manchester Family Service, Manchester Community Scholarship, Muscular Dystrophy, Special Olympics, Make a Wish Foundation, Mott’s Children’s Hospital and to anyone in the community needing special help.

Basic to Beta Sigma Phi, however, are the socials for its

How to pick a better checking account

At a glance, all banks’ checking accounts may look alike. But when you compare apples to apples, picking Great Lakes just comes naturally.

Check what the other banks offer. Then check with Great Lakes. Apples to apples, you’ll find we’re the best pick in the market.

FOR MORE INFORMATION, CALL 800-342-5453 Manchester: 111 E. Main St., 428-8379 Ann Arbor: 401 E. Liberty St. (at Division)*, 769-8300 2400 Huron Pkwy. (at Platt)*, 973-7811 2701 Plymouth Rd. (at Nixon)*, 769-7818 125 Briarwood Circle (at the Mall)*, 769-7616 1900 Pauline Blvd. (at Stadium)*, 769-8386 Chelsea: 1135 S. Main (near Ann Arbor Rd.)*, 475-1341

*Location has a GL-24 Center for convenient 24-hour banking. †Location has Saturday drive-up service. 9 a.m.-noon.

wholly owned subsidiary of Eden and also co-owned American Soy Products in Saline, Michigan. He was a member of A.O.P.A.-Pilots Association and a member of Historic National Trust. In addition to his wife and parents is survived by one daughter, Lauren, 5 years; one son, Grayson, 3 years; two brothers, Steven Adler of New Market, New Hampshire and Kenneth Adler of Gainesville, Florida. Funeral Services were held Sunday April 17, 1988, at the Congregation Beth Israel Synagogue in Ann Arbor with interment in the Beth Israel section of the Arborcrest Cemetery in Ann Arbor with Rabbi Allen Kensky officiating.

Lida A.R. Garretson
St. Petersburg, Florida

Age 91, mother of Thomas S. Roberts, Manchester. She is also survived by her second husband, W.G. Garretson of Florida; one daughter, Patricia Naguib of Glen Ellyn, Illinois; another son, Samuel A. Roberts of New Cumberland, Pennsylvania; two grandchildren, Daniel G.M. Roberts of Princeton, New Jersey and Jessica C. Roberts of Medford, Massachusetts and Manchester.

Sons of Legion

The Sons of the American Legion will be meeting Sunday, May 1st, at 1:00 p.m. at the American Legion Home.

Student On Dean's List

Davenport College would like to commend our students who have made the Dean's List for the Winter Term 1988. In order to be a student on the Dean's List, one must earn a GPA of 3.00-3.49 while being a full-time student. Named to the Dean's List from Manchester include Karen York, daughter of Richard and Mary Ann York of Manchester.

Washtenaw Historical Society

Carol Freeman, Dixboro historian, will speak and a folk band will entertain at the Washtenaw County Historical Society annual meeting Wednesday, May 4, at Dixboro United Methodist Church Fellowship Hall.

“Joyous Noise,” a musical group of the Paint Creek Folklore Society of Rochester, will perform with hammer dulcimers, guitars, wash tub bass and vocally. Mrs. Freeman is author of OF DIXBORO: LEST WE FORGET. The meeting will begin with potluck supper at 6:00 p.m. and a meeting with election of officers. Those attending are asked to bring their own table service and a dish to pass, serving 8-10. Coffee and tea will be furnished. It is open to the public. The church is at 5221 Church Road, one block north of Plymouth Road at the blinker light. Parking at rear of church. For more information call 663-8826 or 662-6275.

Snacks For A Crowd

Looking for the ideal snacks that can provide plenty of fuel for summertime activities? Try some of these easy tote-alongs.

The Sweet Treats mix is a crunchy, colorful and tasty combination of banana chips, pretzels, raisins, and "M&M's" Plain or Peanut Chocolate Candies. This versatile snack mix serves as a party or TV-time nibble or tote it along to your favorite picnic or sport event.

Another crowd-pleaser is the Pull-Apart S'Mores—perfect for backyard entertaining.

The Banana Confetti Bars make for a sure-fire treat. These chewy, moist cookies are a combination of old-time favorites—peanut butter and multi-colored plain chocolate candies—ideal for year-round entertaining.

Easy to make, these snacklike treats are perfect for anytime get-togethers.

SWEET TREATS

- 3 cups dried banana chips or sesame sticks
- 3 cups thin pretzel sticks
- 1 1/4 cups raisins
- 1 1/4 cups "M&M's" Plain or Peanut Chocolate Candies

Combine all ingredients. Store in tightly covered container. Makes about 8 cups mix.

PULL APART S'MORES

- Peanut butter
- 24 graham cracker squares
- 4 cups mini-marshmallows
- 1 1/4 cups "M&M's" Plain Chocolate Candies

Preheat the broiler. Spread peanut butter lightly over each graham cracker; arrange the crackers in rows in a 15 x 10-inch jelly roll pan. Sprinkle with marshmallows, then candies. Broil 6 inches from heat until marshmallows are lightly browned and softened, about 2 minutes. If necessary, lightly press candies into the melted marshmallows. Serve immediately. Makes about 24 servings.

BANANA CONFETTI BARS

- 1/4 cup butter or margarine, softened
- 1 1/4 cups firmly packed brown sugar
- 1 egg
- 1 large ripe banana, mashed
- 1/4 teaspoon lemon juice
- 1 1/2 cups flour
- 1/2 teaspoon baking soda
- 1/4 teaspoon salt
- 2 cups quick oats, uncooked
- 1 cup "M&M's" Chocolate Candies

Beat together butter and sugar until light and fluffy; blend in egg, banana and lemon juice. Add combined flour, baking soda and salt; mix until thoroughly combined. Stir in oats and 1/2 cup candies. Spread into greased 15 x 10-inch pan. Sprinkle top with remaining candies. Bake at 350° for 25 to 30 minutes or until golden brown. Cool on wire rack; cut into bars to serve. Makes one 15 x 10-inch pan of bar cookies.

THE SEARCH FOR HEALTH

A Report from The National Institutes of Health Bethesda, Maryland

Diabetes and Your Eyes

If you are among the 10 million people in the United States who have diabetes—or if someone close to you has this disease—you should know that diabetes can affect the eyes. The most common eye problem associated with diabetes is damage to the blood vessels in the retina—the tissue at the back of the eye that transmits visual messages via the optic nerve to the brain. This condition, called diabetic retinopathy, causes varying degrees of visual loss, including blindness.

Diabetes is a complex disorder in which the body is unable to use properly certain food elements, especially starches and sugars. Normally, the body's digestive juices convert starches and sugars into glucose, a simple sugar, which circulates in the blood. The hormone insulin allows the body to convert glucose into energy needed for everyday activities or store it for later use.

Insulin is produced by the pancreas gland. In someone with diabetes, however, either the pancreas does not produce enough insulin, or the body does not properly utilize the insulin that is produced. As a result, excess glucose collects in the blood and tissues and overflows into the urine.

Daily injections of insulin,

plus a special diet that controls starch, sugar, and calorie intake, can help prevent the buildup of glucose and control insulin-dependent diabetes. An estimated 400,000 Americans suffer from this form of the disease.

Noninsulin-dependent diabetes affects the remainder of the 10 million diabetic persons in this country, about half of whom are unaware that they have the disease. This more common type of diabetes can be managed with a controlled diet, regular exercise and, in some cases, oral medication.

Both forms of diabetes can cause long-term, serious damage to virtually every tissue in the body, particularly the tiny blood vessels of the nerves, kidneys, and eyes. No one knows exactly how diabetes causes damage to the eyes. It is known, however, that diabetics are more likely than people who are free of the disease to develop a number of visual disorders. This is especially true for people who have had diabetes 5 years or longer. One of the milder, often temporary, effects of diabetes is a change in the focusing power of the eyes. Eyeglasses or contact lenses might suddenly seem to be "too strong" or "too weak." Indeed, such an abrupt change in vision—when no other cause can be found—may be the first sign of diabetes.

Diabetes also may cause several other eye problems, including cataract and a type of glaucoma. But the most important and most common cause of visual impairment in diabetes is diabetic retinopathy.

Ranger Rick's WILD WONDERS

Hunting with Ants

The anteater is coming! The anteater is coming! The ants in this puzzle, unlike the ones in the picture, got the message loud and clear. So they hid—inside the names of animals or parts of animals. Can you name their hiding places? Use the position of the word ANT and the definitions as clues. The first one is worked out for you.

1. loves to eat ants **ANTEATER**
2. big, hairy spider **ANT**
3. deerlike animal **ANT**
4. small, fighting fowl **ANT**
5. hunted fowl **ANT**
6. "praying" insect **ANT**
7. animal "horns" **ANT**
8. insect "feelers" **ANT**
9. largest land animal **ANT**

Answers: 1. anteater 2. antelope 3. antelope 4. antelope 5. antelope 6. antelope 7. antelope 8. antelope 9. antelope

Drawing by Cameron Gestich

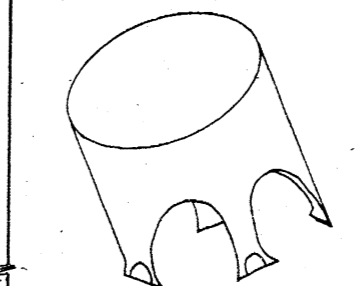

FUNNY FOOTSIES

- Q: Why isn't a monkey's nose twelve inches long? A: Because if it were it would be a foot.
- Q: Why don't elephants make good dancers? A: Because they have two left feet.
- Q: What animal hates cold feet the most? A: A mother kangaroo.
- Q: What hurts more than a giraffe with a sore throat? A: A centipede with sore feet.
- Q: What kind of cat has no feet? A: A catfish.
- Q: What do you make when you put two banana peels together? A: A pair of slippers.
- Q: If an athlete gets athlete's foot, what does an astronaut get? A: Missile toe.

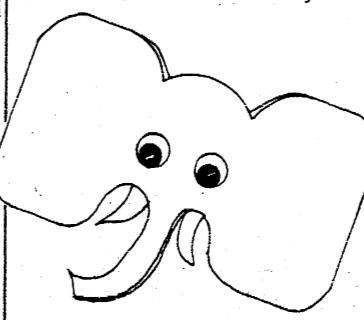

ELLIE ELEPHANT

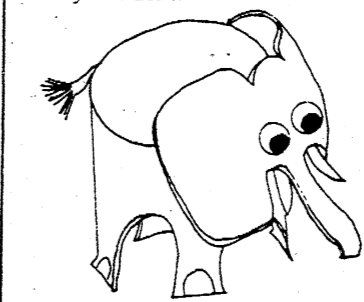

To make Ellie Elephant, you will need construction paper, scissors, glue, and an oatmeal box. First cut the box in half. Then cut out four scallops around the edge of one half of the box. (See picture.) You now

have four legs. Cover the body and legs with paper. Add white "toenails." Draw the elephant face on the other half of the box. Cut it out and cover it with paper. Add eyes and tusks. Glue the face to the body. To

make the tail, fold a short, half-inch-wide strip of paper in half lengthwise. Fringe one end of the tail. Glue the other end to the back of the body, and you're done.

Mayoral Proclamation

- Whereas: The United States of America is commemorating the Bicentennial of the Constitution;
- Whereas: The 26th Amendment to the Constitution enfranchized young people 18-20 years of age;
- Whereas: Fewer than 20 percent of young people voted in the 1986 Congressional election;
- Whereas: 2.7 million high school students will become eligible to register and vote in the presidential election of 1988;
- Whereas: Participation in the electoral process of informed young voters will provide the foundation of the future and leadership for America;

Therefore: I Mary Kallewaard, Village President of Manchester, hereby recognize April 25-30, 1988, to be National Student Leadership Week.

and

Therefore: Promote the national student registration drive, "Register '88, Make It A Class Act," to be held in our high school during National Student Leadership Week.

6 important facts about wheel alignment

1. Extend tire life
It's happened to almost everyone: buy a set of tires, and before long one or two tires are wearing out before the others. On today's cars, this applies to the rear tires as well as the front tires. The most common cause of unusual tire wear is improper alignment. Over the years, a properly aligned vehicle can save hundreds of dollars in tire wear.
2. Spot problems early
A suspension system inspection is an inherent part of the wheel alignment operation. This gives the mechanic a chance to spot worn parts that would affect vehicle alignment. It also gives him an opportunity to spot small problems before they become big, costly ones.
3. Ensure safe driving
A periodic four wheel alignment makes sure your car handles properly and, more importantly, provides an opportunity for inspecting the suspension system for defective parts. In some ways, the safe driving aspect may be the most important benefit of wheel alignment.
4. Stretch fuel mileage
Fuel mileage increases as rolling resistance decreases. Proper wheel alignment sets all four wheels parallel which, in turn, assures minimum rolling resistance. This plus proper tire inflation provide top efficiency for maximum mileage.
5. Improve handling
Does your car pull to one side, does the steering wheel vibrate, do you have to constantly move the steering wheel to keep your car traveling straight ahead? These and other handling problems can generally be corrected by four wheel alignment.
6. Get a better ride
Proper alignment helps the front and rear suspension systems do their job. With all the system components in proper relation, road shock is efficiently absorbed, so the vehicle is more stable, and you get a smoother ride.

Girls' Track Team Wins Big

Hanover-Horton Meet: Last Thursday, April 21st, was a time of celebration down at the Flying Dutchmen track. The girls' track team had its first victory of the season and its first victory in over seven years. The meet was over a great start with the Manchester girls taking first place in three out of four field events. Jennifer Faulhaber threw 72'7" in the discus; Lynette Wright threw 28'2" in the shot put; and Stacey Wilde cleared 4'10" in the high jump—all first place winners. With running events came more first place victories. The 2 mile relay team (Rachael Arney, Kristin Houck, Cheryl Carter, Trisha Schuler) placed first with a time of 12:02.5. Next came the 110 high hurdles where Staci Williams captured first place. Lynette Wright sprinted in 13.84 seconds to win the 100 yard dash. The 880 relay team (Amy Major, Laura Meister, Lynette Wright, Stacey Wilde) grabbed another first place position in a time of 1:59.39. Rachael Arney had her second first place win of the day in the mile run. Tracie Anderson and Dawn Wenk captured second and third places respectively in the 440 yard dash. The "Stacey's" dominated the 330 low hurdles with Stacey Wilde getting first and Staci Williams grabbing

second place. Once again, sophomore, Rachael Arney ran to another first place spot in the 2 mile run. Trisha Schuler obtained second place for that same run. Finally, the mile relay team (Amy Major, Vicki Warner, Tracie Anderson, Kristin Houck) charged to another first place win! Final score: Manchester 77, Hanover-Horton 50. Way to go girls!

Boys Track

We gave the Comets of Hanover Horton all they could handle before bowing to a 72-65 loss. "They knew we were there!" It was a tremendous effort by our team. In the past, Manchester's Boys Team were the paties of the league. But, after Thursday's meet I think that image has changed. We lost 3 out of 4 relays, but we scored in everyone of the other 13 events. Mike Stidham won the shot put with a P.R. (personal record) of 42' 3-1/2. Craig Scully took 2nd with a P.R. of 39' 10-1/2. Brad Uphouse continued to score big for us by winning the long jump (17' 5-3/4), the 400M (54.2) running a leg on the victorious 1800 relay, and taking 2nd in the high jump (5'8"). Denny Steele back from knee surgery won the discus (103'), Craig Scully was 2nd (102' 5-1/2) and Tom Mann 3rd (100'4), to sweep that event. Ryan Burkhardt and Matt Knul went 1-2 in

the 110 hurdles, both running P.R. of 18.9 and 19.7. Mike Brokaw ran for two 2nd place finishes in the 100M (11.7) and 200M (24.3). Jamie Winzenz ran P.R.'s in placing 2nd in the 1600M and 3200M (4:59.6) and (11:02.8). Twin brother Benji was right on his heels in the 3200M placing 3rd and running a P.R. of 11:05.4. Steve Samonek got us a 3rd in the pole vault (8'6"). Brian Weidmayer scored a 2nd in the 800M (2:20.1). Matt Knul came in 2nd in the 300 hurdles with a school record (47.7). Mark Fenelon, Brad Wilson, Tom Mann teamed with Uphouse to win the 1600 relay in a thrilling finish (3:46.2) to Hanover's (3:46.4).

Quiz Bowl April 29 and 30

On Friday, April 29th and Saturday, April 30th, Manchester High School's Quiz Bowl Team will be making history. The team will be competing in the First Annual State Quiz Bowl Tournament in Port Huron. The State Tournament was the brain child of state senator Dan DeGrow, who felt that academics, as well as sports, should be rewarded. He organized and sponsored the tournament which will be held at St. Clair Community College. To be invited to the State

Tournament a team must have won a league quiz bowl championship or a tournament. This year Manchester competed in the Ann Arbor Area League and won the league's tournament in March. Milan High School won the regular season championship and, as a result, will also be competing in the State Tournament. In all, forty-one teams from all over the state will be competing to become Michigan's first State Quiz Bowl Champion. It is a double elimination tournament with matches scheduled to begin at noon on Friday. Matches will continue Friday and all day Saturday with a champion expected to be crowned at 8:00 p.m. Saturday night.

Manchester's first match is with Constantine High School at 7:00 p.m. Friday night. If we win that match our second match will be at 11:15 a.m. Saturday morning and if we lose we play at 9:45 a.m. Saturday. The Dutchman team is made up of Captain Alice Swanberg, Jackie Miller, Dan Dezarov, Craig Houck and Matt Royle.

Office Space For Rent On Main Street 428-8173

Engagement Announced

Mr. and Mrs. Russell H. Schwab of Manchester announce the engagement of their daughter, Joyce Ann to James Philip Baker, son of Mrs. Phyllis C. Baker and the late James H. Baker, also of Manchester.

The future bride graduated from Manchester High School and attended Washtenaw Community College. She is employed by School-Tech Inc. in Ann Arbor as a data entry coordinator. Her fiancé graduated from Manchester High School, received a B.S. degree in biology from Adrian College, and a master's degree in fisheries science from the University of Michigan. He is a fisheries habitat biologist with the Michigan Department of Natural Resources. A July 9 wedding is planned.

Grass Lake Invitational

The Flying Dutchwomen competed against nine other schools this past Saturday at Grass Lake. Jennifer Faulhaber made it to the finals where she threw the discus 88'6" beating her previous record by eight feet. Vicki Warner grabbed a 5th place spot and a medal for the high jump. The 2 mile relay team (Rachael Arney, Kristin Houck, Dawn Wenk, Cheryl Blumenauer) placed 5th in a time of 12:30.6. The 880 relay team (Amy Major, Laura Meister, Jennifer Faulhaber, Lynette Wright) ran a time of 2:02 and captured third place against some tough competition. The 440 relay team (Amy Major, Laura Meister, Vicki Warner, Lynette Wright) ran to another 3rd place spot in 57.27. Amy Major made it through preliminary and semi-heats to make it to the finals in the 220 yard dash where she grabbed fourth place. The girls were competing against some very tough schools and still came home with 14 medals. Great job team!

Next meets: April 28 - Michigan Center (away) 4:30; May 3 - Vandercook Lake (home) 4:30.

Fund Drive

Lambda Nu Sorority is starting a "Fund Drive" to raise \$3500 to send Char Majors to the 8th Annual Moscow International Peace Marathon in Moscow, U.S.S.R. on August 13th.

Any individual or group interested in contributing to this fund may do so by making a check payable to Lambda Nu/Char Major and mailing it to Lambda Nu Sorority, P. O. Box 62, Manchester, MI 48158.

Full payment for this trip is due by June 7, 1988. Any questions or further details may be directed to Deneine Schaible, 428-7422 or 428-8583.

We're all really proud of Char and hope these funds will be raised to send her on her way!

Notice of Public Hearing and Work Session

The Freedom Township Planning Commission will hold a Public Hearing on the special use request of Dale G. Kennedy of 7870 Eisman Road for an eight run kennel to be attached to existing building. The Public Hearing will be at 8:00 p.m., Monday May 2, at the Freedom Township Hall.

Immediately following, the Commission will hold a Work Session to review the Township Zoning Ordinance. Don Pennington from Washtenaw County Planning Commission will provide assistance. **BOB MILLER, Secretary** Freedom Township Planning Commission

Notice of Public Hearing Bridgewater Township Commission

A Public Hearing will be held on Monday, May 9, 1988, at the Bridgewater Town Hall, 10990 Clinton-Manchester Road, at 8 p.m.

The Public Hearing will consider an application for a Conditional Use Permit;

POKE-N-SALVAGE, at 8282 Boettner Road Bridgewater, MI request a Conditional Use Permit to operate a business: (Salvage operation for used snowmobiles and motorcycles) under Section 4:03C Business District as required by the 9/12/1981 Zoning Ordinance of Bridgewater Township.

Written comments may be sent to Gabriel Dull, Chairman, Bridgewater Township Planning Commission, 12850 Clinton Road, Clinton, MI 49236 prior to the hearing.

Investment Strategies In An Uncertain Economy

The dollar is down. Bonds are up. The stock market is down and up. If the rapidly changing currents of the economy are spinning you around, steady yourself with some solid investment strategies recommended by the Michigan Association of CPAs.

Financial security begins with common sense. Assess your economic situation honestly and decide if your primary goal is a guaranteed minimum return or if you can afford additional risk in exchange for more substantial capital appreciation. Remember safe investments aren't free—they can cost you a couple of percentage points in annual returns. Most of all, before making any major investment decisions, consult a professional who understands your short-and long-term financial goals.

The basic rule of thumb for individuals interested in making safe investments is: Diversify. You remember the old adage—don't put all your eggs into one basket. Many people probably wish they had followed that bit of homespun advice before the October crash. Divide your portfolio among different types of investments and you are likely to be insulated from most fluctuations in stock market, bond, currency, and interest rates.

Most financial planners advise that you divide your investments among five groups of investments: cash equivalents, fixed-income securities, stocks, real estate, and precious metals or gold (although some believe gold too speculative a commodity for

the average investor).

Cash equivalents consist, in part, of Treasury bills, money-market funds, and certificates of deposit. While these investments are safe, your annual yield will be on the low side. In an unpredictable economy, however, a lot can be said for investments that guarantee no loss in principal if held to maturity. If you aren't a risk-taker lusting after grand slams, keep at least 20 to 30 percent of your portfolio in this segment.

Fixed-income securities, which primarily refer to bonds, are so named because they pay a fixed rate of return. Bonds thrive in a recession when interest rates and inflation are low, but as rates rise their value and buying power quickly erode. If the economy remains unstable and a recession seems imminent, you may want to invest as much as 35 percent of your portfolio in a bond fund. Unless you're very confident in your ability to predict the direction interest rates will take in the next ten years, buy bonds with varied maturities so you can move assets easily if rates soar or plunge unexpectedly.

One more word about bonds. To the uninitiated, it may seem that bonds come in as many varieties as frozen yogurt: corporate, government, municipal, taxable, tax-free, convertible, EE-coupon, and zero-coupon, to name the basics. A financial advisor can explain the pros and cons of each option.

When it comes to stocks, unless you have the time and inclination to pour over financial pages, analyze fiscal reports, and monitor the state of your invest-

ments on at least a weekly basis, put your assets into a diversified mutual fund. In simple terms, a mutual fund is a professionally managed account that pools your funds with those of others in order to buy stocks, commodities, bonds, or other securities.

In the best of possible worlds, a fund should spread your investment over several stocks representing almost as many industries that way you will be covered if one industry, say retailing, takes a beating. One cautionary note about mutual funds: some investors can get burned by mutual funds charging a set percentage for opening, managing, and redeeming account holdings. Some even pass advertising fees on to investors. Read the fund's prospectus carefully, consult with a trusted financial advisor, and carefully consider all expenses before making a final decision on either a load or no-load fund.

Unless you're lucky enough to be a financial tycoon, your primary real estate investment is probably your own home. Even if it's a studio co-op, your home is an important part of your long-term financial security. Experts expect that real estate will continue to appreciate in 1988 in most markets. If you want to increase the amount of assets invested in real estate you can buy a vacation home or, if you feel a little daring, contribute to a Real Estate Investment Trust (REIT)—which is basically a mutual fund specializing in real estate.

Finally, consider investing in tangibles, such as precious metals. Tangibles usually act as a hedge against inflation, which is why many financial advisors suggest that investors have at least a small portion of their portfolio in a commodity such as gold. From January 1987 to January 1988, the price of a one-ounce gold bullion coin went from \$389.75 to \$490.90. Back in 1980, the price was up to \$850. Some investment specialist believe that a rocky economy will continue to spark substantial increases in the price of gold. Others see gold posting only moderate gains or losses. In either scenario, long-term investors are often willing to accept the somewhat speculative nature of gold investment in order to protect themselves from the possibility of a sudden economic downturn.

How much you invest in each of the above categories will depend on your age, your job security, your personal financial goals, your tolerance for risk, and such objective factors as inflation, foreign currency rates, the dollar's performance, interest

rates, and the federal deficit.

Once you've made your initial investments, be an active participant in their development. Keep track of economic shifts and, if necessary, rearrange your portfolio. For example, when inflation goes up, gold and real estate usually will follow suit.

Still confused? Don't be. If your major concern is retirement savings, stick with a conservative investment mix in several or all categories. Most CPAs agree that a diversified portfolio will usually protect you from suffering major losses as a result of economic volatility.

Honored at 75th Birthday Party

Alfred Strang was honored at a Surprise 75th birthday party April 16, given by his two daughters, Mrs. Nina Martinus of Tecumseh and Mrs. Melva Birtles of Chelsea and their families. Many friends from Manchester, Addison, Napoleon, and Vineyard Lake were there to help him celebrate.

Walk For Fun

a.m. This is a one mile course. At the end of one mile, those who choose to stop may do so. 'Striders' may continue on around the course. All walkers will be required to register. Walkers interested in pre-registration may do so by calling Chelsea Community Hospital, (313) 475-3914 or Dr. Eccles and Dr. Johnson's office, 428-8381. The first 500 participants to pre-register will receive Walk-With-Your-Doc T-Shirts. Pre-registration ends May 6, 1988. After that date, walkers will need to register on site at the event.

The best aerobic form of walking is termed "fitness walking" which is walking at a brisk pace of three to four miles per hour. Some of the facts about fitness walking include: 1) it burns the same number of calories per mile as jogging, 2) it increases the body's oxygen consumption, 3) it relieves stress and decreases fatigue and 4) it has the lowest drop-out rate of any exercise. Some fun walkers may want to learn more about their fitness capacity. The Rockport Fitness Walking Test will be offered beginning at 9:30 a.m. at the site for those who are interested.

Senior Citizens News

No doubt you will be as happy as I am that T.V. is coming back. We just seem to take it for granted that she will do this job of informing Seniors each week and we shouldn't. We should thank her often for the many hours of thought and work that this project represents during the course of a year. Each of us thanks you, T.V.

While we're in a mood for giving thanks, we should do just that for the National Honor Society of Manchester High School and the great young adults who are its current members. In this area we can be all too quick to note what is wrong with youngsters, but aren't too conscientious about expressing thanks for jobs well done. Manchester is indeed fortunate to have young folks like these who see helping others as part of their mission. Even the weatherman cooperated to help make their

Chore Day another success. Thanks, too, to their sponsor, Astrida Panches.

And certainly the time is just right to offer public appreciation for the many, many contributions Rev. Macfarlane and his family have given to Manchester during the last ten years. God Bless and good luck as you head to your new Call in Pennsylvania.

Rubena says the May-June Newsletters are ready and can be picked up at meals this week or at the Center between 1 and 4 Tuesday or Thursday afternoons. We mail out a few to those who cannot pick them up.

Monday, May 2nd. The bus leaves for the Aquacize-Shopping trip at 10:00. Pick-ups are available in town and enroute via Austin Road. Others should be at the Center by 10:00.

Come Tuesday noon for macaroni and cheese luncheon. Thursday noon we celebrate May birthdays with a baked chicken dinner. Birthday "kids" are free that day.

High School Aims To Register 18-Year Olds

Manchester High School today embarks upon a campaign to register all eligible students to vote in the 1988 presidential election, and upcoming school election in June, according to Sara Scully, Student Council president.

"Eighteen-year-olds have an important role to play in our decision-making process, but they must register for their views to count", said Scully, a senior at Manchester High School. "There are 2.7 million high school seniors who will be eligible to vote in 1988. They will hold the key to the future and, when registered, will have an impact on selecting the President, Senators, Congressmen, and local legislators and issues."

Manchester High's project is part of a national young voters registration campaign being administered by the National Association of Secondary School Principals (NASSP) through a grant from the Maurice R.

Robinson Foundation of Scholastic Magazine. The campaign will be targeted for National Student Leadership Week, April 25-30.

"Teaching leadership skills to our youth is one of the most important responsibilities of schools," said Scott Thompson, NASSP executive director. "Registering to participate in our democratic process is certainly a crucial aspect of leadership."

The Manchester High School project will be directed by the student council and Leadership Class.

"We have a theme of 'Register '88-Make It A Class Act', and we're serious about it," said Scully. "Our goal is 100 percent registration of the eligible students in our high school."

On April 26th and 27th four township clerks as well as our Village Clerk will be in our high school registering students who are eligible. Mr. Paul Kluge, our School Board President will speak to our students at a later date on the importance of being a registered voter.

Lend-A-Hand

to come. The 150 Committee is co-chaired by Liz Grossman and Janet LaBeau Shurtliff. We will consider plans for big events, such as masquerade balls and community plays, as well as more modest projects, such as book-marks and used book sales.

Our Library has seen its 150th Anniversary year begin with a bright re-decoration project (new carpeting, new shelving and paint, and re-arranging the furniture), with an Open House, and is in the midst of an interesting Lecture Series.

Please come to this meeting on Tuesday, May 10th to join in the fun, lend a hand, and express appreciation for our fine Library!

Cottage cheese was first called "cottage" because farmers in Europe made the cheese in their country kitchens, using the milk that remained after the cream had been skimmed from it to make butter. In the U.S., cottage cheese is also known as pot cheese, Dutch cheese, Smearcase, new York or country-style cheese, California, Frisco, popcorn or flake cheese. In 1986, creamed cottage cheese production stood at 705 million pounds.

Village Planning Commission

**Approved Minutes
Regular Meeting
March 15, 1988**

CALL TO ORDER

The Regular Meeting of the Village Planning Commission for March was called to order at 7:33 p.m. by Acting Chairman Daverman in the first-floor meeting room of the Village Hall. Members present: Daverman, Lowery, Hinkley, Walton, Kallewaard and Marshall. A quorum was present.

APPROVAL OF AGENDA

The agenda was approved after the addition of one item, a sign permit application from Great Lakes Bancorp.

APPROVAL OF MINUTES

Minutes of the Regular Meeting for February, 1988, were approved as submitted on a motion by Lowery, supported by Walton, carried unanimously on a voice vote.

REPORT FROM COUNCIL

Marshall reported the following: 1) the dumpster enclosure ordinance change was scheduled for consideration at the March 21, 1988, Council meeting; 2) the blight prevention ordinance was passed by Council; 3) the dangerous buildings ordinance had been referred to the Village Attorney for review; 4) Kwolek had submitted a memo suggesting that a new type of Home Occupation be created as a permitted rather than a conditional use; 5) the Council's Ordinance Committee was reviewing a backlog of proposed ordinances and was preparing a suggested new fee schedule for permits.

OLD BUSINESS - SIGN PERMIT APPLICATION, HOP-IN

A motion was made by Walton, supported by Lowery, to again table this application, no further communication having been

received from the applicant. The motion was carried unanimously on a voice vote.

NEW BUSINESS-SIGN PERMIT APPLICATION, KLAGER PTO

Kathy Donnellon was present on behalf of the applicant organization. Lowery proposed changes in the proposed site for the sign, to conform to the required setback and to avoid screening traffic headed onto M-52. Marshall asked if the School Board had approved the sign; Mrs. Donnellon said that it had been approved at the School Board's January meeting; this was confirmed by the Superintendent of Schools, who was present in the audience. Walton discussed concerns about the design, colors and materials of the sign in relation to the historic character of the town. A motion was made by Kallewaard, supported by Lowery, that the sign be approved with the following conditions: to be placed 50 feet from the property line along M-52 and 25 feet from the driveway shared with the Methodist Church, that Sgt. Swope review that placement for traffic safety, that the paperwork of the application be completed prior to installation of the sign, and that the PTO discuss with Commissioner Hinkley the possibility of design alterations to be more in line with the historic theme. Mrs. Donnellon said that the sign might already have been made according to the original design, but they would be willing to see if any changes could be made. The motion was carried unanimously on a roll-call vote. A motion was made by Kallewaard, supported by Lowery, that the Planning Commission recommend Council waive the application fee for the PTO. The motion was carried unanimously on a voice vote.

RECESS AND RECONVENING

OF MEETING

AG TO MHP

Kallewaard noted that a great deal of new comment and statistical information had just been heard in the Public Hearing on this petition, and made a motion to table the petition until the next Regular Meeting. The motion was supported by Lowery, and carried unanimously on a roll-call vote. Bob Raymond, engineer for the petitioner, asked if the commission would be ready to make a recommendation to Council at the next Regular Meeting. Marshall responded that the Commission could not guarantee that a recommendation could be made at the next meeting. Raymond requested that if the Commission formulated, prior to the next meeting, a series of inquiries which he could respond to, that the list be made

supported by Lowery, to table the petition until the next Regular Meeting and to invite the petitioner to make a presentation at that meeting. The motion was carried unanimously on a voice vote.

NEW BUSINESS-SIGN PERMIT APPLICATION, VICKERS POWER SYSTEMS

Lowery reported on his Zoning Inspection of the proposed sign location, which would fall within the required setback for the zoning district in which the building is located. Thus, a variance would be required from the Zoning Board of Appeals in order to place the sign where indicated on the application. A motion was made by Lowery, supported by Walton, to table the application until the next Regular Meeting. Lowery will discuss the situation with the applicant.

NEW BUSINESS-REZONING PETITION, GARNETT JOHNSON

The petition was received, requesting rezoning of a parcel of land on the north side of East Main Street from Agricultural to Medium-Density Multiple-Family Residential, with the stated intention of building senior citizen apartments on the site. A motion was made by Kallewaard,

supported by Lowery, to table the petition until the next Regular Meeting and to invite the petitioner to make a presentation at that meeting. The motion was carried unanimously on a voice vote.

NEW BUSINESS-SIGN PERMIT APPLICATION, GREAT LAKES BANCORP

The application was reviewed. A motion was made by Lowery, supported by Walton, to table the application until the next Regular Meeting, due to questions about the neon light source and about the size of the sign. The motion was carried unanimously on a voice vote.

ADJOURNMENT

A motion to adjourn was made by Kallewaard, supported by Walton, carried unanimously on a voice vote.

Mary Kallewaard,
Secretary

Traffic Advisory Slowdown

Traffic on eight miles of Interstate 94 Freeway, from west of I-94 BL (Jackson Road) east to Carpenter Road in the city of Ann Arbor, is reduced from two lanes to one lane in each direction for pavement repair and resurfacing, the Michigan Department of Transportation (MDOT) said today.

The project is scheduled for completion by the end of June. Motorists are advised to observe the 45 mile-per-hour speed limit in construction zones.

Morels Sprout in Michigan

FESTIVALS

May 6-8 - Mesick Mushroom Festival

May 7 - Harrison Mushroom Arts and Crafts Show

May 7-8 - Boyne City National Mushroom Hunting Championship

May 14 - Lewiston Morel Mushroom Festival

HUNTING TIPS

Hunt with a skilled guide if inexperienced, since some false morels are toxic.

Carry morels in net bags or baskets and do not use plastic sacks or containers in which early spoilage can occur.

Do not eat any wild mushrooms raw, as many species are indigestible.

Wear ordinary field clothes, comfortable walking shoes or boots.

WHEN TO HUNT

Lower Peninsula - Early May to Early June.

Upper Peninsula - Mid-May to Early June.

True Value HARDWARE STORES

THE MANCHESTER ENTERPRISE THURSDAY, APRIL 28, 1988 PAGE 15

The seasonal hunt for the delicious morel mushroom should be the most productive in recent years due to sufficient winter snowfall and this spring's warming temperatures and rainfall, reports AAA Michigan.

Morels-the cream of the mushroom crop because of their delicate, distinct, almost nutty taste-should be plentiful in much of the state, unlike last year's poor season due to a lack of early spring rainfall.

Mushroom enthusiasts who wish to savor the delectable morel will have their pick of festivals this year, including Mesick, May 6-8; Harrison, May 7; Boyne City, May 7-8; and Lewiston, May 14.

Festival highlights include mushroom cook-offs and cooking demonstrations, contests for the largest and the most picked mushrooms, art fairs, carnivals, dances and mushroom seminars. Some area restaurants will help capture the festive flavor by serving meals featuring mushrooms.

Individuals interested in the hunt will find the best times for picking are from early May to early June in the Lower Peninsula and from mid-May to early June in the Upper Peninsula.

Best hunting areas vary, but the black morel is most often found in hardwood forests, apple orchards and along roadsides while the white morel sprouts in moist areas near lakes and streams. Both also are often sighted near ash trees and dead or dying elms.

The giant morel, which grows up to a foot tall and is not as common as other varieties, is usually found in Southern Michigan in moist, heavy soil along streams, under ash or elm trees or in heavy grasses.

Skilled hunters stress that patience and persistence are required for best results, which generally occur following two or three consecutive evenings of above-freezing temperatures. Mushroom stalkers will find that once a productive area is discovered, the area should continue to produce annually.

AAA Michigan reminds that because morels are often mistaken for other mushrooms and many species are toxic, inexperienced hunters and children should go with an expert.

Enthusiasts should learn to identify the "false" morel, which has a pitted cap attached to the top of the stem. These types should not be eaten.

Only unblemished mushrooms should be picked and they should be kept in a paper or net bag or basket. Plastic bags cause morels to spoil quickly.

Several clubs and instructional courses are offered through the North American Mycological Association to learn about the art of mushroom hunting. Those interested can call 313-971-2552 in Ann Arbor for more information.

DIAL-A-GARDEN

The following is a monthly schedule of Dial-A-Garden, the system of pre-recorded daily gardening tips sponsored by the Washtenaw County Cooperative Extension Service. The system is in operation 24 hours a day, 7 days a week. Interested persons are invited to call 971-1129 at their convenience to listen to timely, up-to-date gardening information.

STATE OF MICHIGAN IN THE CIRCUIT COURT FOR THE COUNTY OF WASHTENAW

LINDA JO FORNWALT, Plaintiff vs- HUEY E. FORNWALT, JR., Defendant

Andrew L. Fanta (P29540) Attorney for Plaintiff

Case No. 88-38425-DM Judge: Edward D. Deake

AMENDED ORDER TO ANSWER

At a session of said Court held in the City of Ann Arbor, County of Washtenaw, State of Michigan on the 8th day of April, 1988.

PRESENT: HONORABLE Edward D. Deake, Circuit Court Judge

On the 25th day of February, 1988, an action was filed by LINDA JO FORNWALT, Plaintiff, against HUEY E. FORNWALT, JR., Defendant, in this court for divorce.

IT IS HEREBY ORDERED that the Defendant, HUEY E. FORNWALT, JR., shall answer to take such other action as may be permitted by law on or before the 11th day of May, 1988.

Failure to comply with this order will result in a judgment by default against such Defendant for the relief demanded in the complaint filed in this court.

Such answer or other action shall be filed in the above-entitled cause and a copy thereof sent to the Plaintiff's attorney.

Prepared by: WASHTENAW LEGAL CENTER, PC. By: Andrew L. Fanta (P29540) Attorney for Plaintiff 4930 Washtenaw Avenue Ann Arbor, MI 48108 May 19, 1988 434-3800

New Evidence In Old Murder

Peter Kensler

Six Month Old Major Crimes Unit Investigates 12 Year Old Kensler Murder by Becky Doyle

Peter Kensler was shot to death outside his home on Sharon Valley Road in February 1976. The case was never solved, and has lain dormant in the files of the Washtenaw County Sheriff's Department for years.

Sewer Problems Solved - Maybe

by Becky Doyle

Adjustments have been made in the methods of handling storm waters that caused an overflow of storm and sewer waters to flow over curbs and back up into basements this Easter.

Park Commission Formed

Mayor Mary Kallewaard has appointed seven village residents to serve on the Parks Commission. They are Lynn Niehaus, Jeff Schaffer, Patty Swaney, Jack Gould, Evelyn Panches, Ted Tapping and Raymond Steele.

Township Library Celebrates 150 Anniversary

The Manchester area is blessed with many treasured resources. They range from the most natural, such as the river, the land, and the trees, to those which have grown out of human ingenuity, such as the Canoe Race and the Chicken Broil.

Benefit Banquet Great Success!

Manchester's Gala Benefit Banquet for our own Community Resource Center was held April 20th, at Chelsea Community Hospital.

A Manchester Boy

Hubbard's stages. The Jackson branch had been built only to Manchester at that time.

New Evidence In Old Murder

Department has turned up evidence that they hope will lead to the killer.

The new unit had become interested in the case at the beginning of the year when they received a tip about a possible suspect in the shooting, but that suspect has now been cleared, said Detective Paul Wade.

"January was when we actively started working on the investigation," said Wade. "We tracked down the prime suspects (from the 1976 investigation) at that time. Once we were able to clear those, we got working on the third person and we were able to clear him."

The third person was one who was implicated by his brother, but that was apparently the result of a family difference. He was cleared by the investigation that followed.

But the most important new evidence turned up by Detectives Wade and his partner, Bill Eskridge, is a box of papers that were held by a friend of Kensler's for years.

"When they found out they had them, they were immediately turned over to us. Nobody had seen these before," said Wade. The papers have been the Sheriff's possession for only about two weeks, and contain a lot of "personal notes and incriminating documents," he said.

Wade would not elaborate on the contents of the papers any further, but said they contained "information pertaining to questionable business dealings and numerous death threats to Kensler."

In 1982 a tip led the Sheriff's Department to the River Raisin near a bridge on Sharon Valley

Macomb Street First To Benefit From Funds

by Becky Doyle

At a regular Council meeting Monday night, the Council approved South Macomb Street as the first street scheduled for reconstruction this year.

Macomb Street First To Benefit From Funds

Those streets include Duncan Street from Clinton to Adrian, Hibbard Street from Duncan to Main and North, East Main Street, from Division to Hibbard, Territorial south to the village limits should be scheduled first because of its poor condition and the amount of traffic it bears.

An earlier survey by Emory Garlick shortly before he concluded his term as Interim Manager was used as a basis for Council's decisions about which roads should be repaired first. Garlick's report ranked the streets on a scale of 1 to 5, with 5 being the worst condition.

New Evidence In Old Murder

Department has turned up evidence that they hope will lead to the killer.

The new unit had become interested in the case at the beginning of the year when they received a tip about a possible suspect in the shooting, but that suspect has now been cleared, said Detective Paul Wade.

"January was when we actively started working on the investigation," said Wade. "We tracked down the prime suspects (from the 1976 investigation) at that time. Once we were able to clear those, we got working on the third person and we were able to clear him."

The third person was one who was implicated by his brother, but that was apparently the result of a family difference. He was cleared by the investigation that followed.

But the most important new evidence turned up by Detectives Wade and his partner, Bill Eskridge, is a box of papers that were held by a friend of Kensler's for years.

"When they found out they had them, they were immediately turned over to us. Nobody had seen these before," said Wade. The papers have been the Sheriff's possession for only about two weeks, and contain a lot of "personal notes and incriminating documents," he said.

Wade would not elaborate on the contents of the papers any further, but said they contained "information pertaining to questionable business dealings and numerous death threats to Kensler."
