## What You Should Know About Social Security

On Sunday, August 14, 1988, the Social Security Act turned 53. Despite being over half a century old, Social Security remains one of the most vital, and most misunderstood, government programs available.

More than 88 million people - or about one out of every six persons in this country - currently receive Social Security, yet many Americans still believe that Social Security benefits only a select group of retirees. In fact, Social Security provides more than just retirement insurance. The Michigan Association of CPAs recommends that you take the time to learn not only how Social Security works, but also how it can work for you.

Let's start with your paycheck stub. That mysterious FICA deduction represents your contribution to the Social Security system. This year, your dollars will help swell the Social Security trust fund by approximately \$259 billion. But don't assume those funds will wait around for you to claim them. Most of this year's revenues will be immediately transformed into payments for today's beneficiaries.

About now, you may be asking, "So what do I get for my Social Security tax dollars?" Plenty. With every dollar you earn, and every tax dollar you pay, you buy into an insurance program designed to protect you and your family from the possible loss of income if you should retire, die or become severely disabled.

However, eligibility for Social

Security is neither automatic nor immediate. In order to become fully insured, you have to accumulate calendar quarters, "credits," by working for a certain amount of time at any job covered by the Social Security law. Almost every kind of job, as well as self-employment, meets this requirement. In 1988, you earn one credit for each \$470 of earnings you receive during the year, up to a maximum of four credits. This amount increases annually to keep pace with average wages.

Each credit brings you closer to the amount needed in order to qualify for Social Security's comprehensive package of retirement, life and disability benefits. Generally, once you earn 40 work credits, you are fully insured and can count on collecting full retirement benefits at age 65. If you decide to retire early, say at age 62, you will have to accept partially reduced benefits.

On the other hand, for every year that you postpone retirement, you can increase your monthly benefit. For instance, if you reach age 65 between 1982 and 1989 and delay retirement by just two years, the benefit increases by six percent. If you turn 65 in 1990 or later, the increased benefit may go as high as eight percent for each year that you postpone retirement, depending on how long after 1924 you were born.

After retirees, the second largest group of Social Security recipients is the survivors of deceased workers. In 1988, this group will receive 20 percent of all Social Security benefits.

How do you know if you are qualified for survivors' benefits? The rules are somewhat cumbersome, but clear. To be eligible, you must be a widow or widower who is age 60 or older; age 50 and disabled; or any age and caring for a child who is under 16 or permanently disabled. Even if you are divorced, you may still be eligible for survivors' benefits, providing that your marriage to the deceased lasted ten years or longer. The children of a qualified worker who retires, becomes severely disabled or dies may also receive benefits, depending on their age at the time any of these events occurred.

Age is also a factor in determining eligibility for disability benefits. In general, the older you are when the disability occurs, the more work credits you need in order to qualify for Social Security benefits. For example, if you become disabled before age 24, you need at least one and a half years of work credit earned

within the three years before your disability begins. But if the disability occurs at ages 30 through 43, you need five years of work credit out of the 10 years prior to the time you become disabled.

One of the most common misconceptions people have is that the number of work credits they have determines the amount of the monthly Social Security check they receive. In actuality, having enough credits to be insured means only that you are eligible to receive Social Security benefits - it does not affect the number written on the check in your mailbox.

The amount of benefits due to you or your family ultimately depends on your average earnings during your working lifetime. In figuring your average earnings, the lowest five years of annual earnings are not counted. Your earnings are also adjusted to reflect changes in wage levels over your lifetime.

To be sure your earnings record is correct, call, visit or write your local Social Security office and ask for Form SSA-7004PC, Request for Statement of Earnings. The

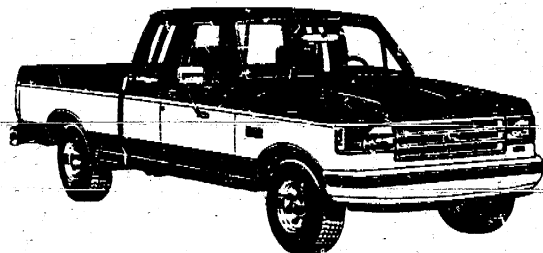

form is simple: you fill in your name, address, Social Security number, date of birth and, if applicable, any other name or number you may have used during your working life.

CPAs recommend that you request a free statement of your earnings record every three years, even if your retirement is a long way off. On occasion, you may discover that some of your earnings have not been credited to you. The possible reasons for such an error are numerous. Perhaps you gave your employer an incorrect Social Security number. Or maybe your employer made a mistake when he or she reported your income.

If you suspect an error, contact your Social Security office immediately. In most cases, the official time limit for correcting mistakes on your earnings record is approximately three years following the year in which the wages were paid.

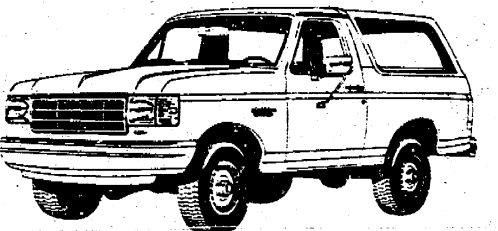

To receive a pamphlet which answers many common questions about Social Security, write to the Michigan Association of CPAs at P. O. Box 9054, Farmington Hills, Michigan 48333.

## Fire Truck Purchased

The Dutchmen Firefighters Association has purchased a 1975 Fire Truck from the Clayton fire department for \$7500.00 and will begin renovation to bring this piece of equipment up to date.

The Association is comprised of all the Manchester Township Volunteer Firemen. They have raised monies from various sources. By maintaining the Township Hall and Fire Department building and grounds, they are paid \$125.00 per month. This goes into a separate fund along with the \$60 flat fee they receive for every emergency call. On all emergency calls, heart attacks, medical calls, etc., the individual fireman is not paid, only the association. They also generate money from their 300 Club every year.

The firemen will spend between \$10,000 and \$11,000 on this truck, fabricating a tank from an old 1966 fire truck, enlarging the tanks capacity by 200 gallons. They will also enlarge the running boards of the truck, making the

machine tank and pump compatible.

The old fire truck is in disrepair and by combining useful parts of both trucks they will have a functioning piece of equipment.

The project will be funded in total by the association, it will not cost the tax payers or the township anything.

## Federal Foods Distribution

Federal Foods will be distributed in the Manchester area Friday, September 16, at the Manchester United Methodist Church, 561 Ann Arbor Street, between the hours of 9 a.m. and 2 p.m. Please note the longer hours which are because of the Fall Shop of clothing and household items that are FREE to low income families in the area. The intake day for the Shop is Thursday the 16th. If there are questions about low income qualifications, call Claire Reck at 428-7076.

## Cub Scout Sign-Up Night

Pack 421 has planned an exciting year for its Cub Scouts. We begin our year with a "Cub Scout Corral" Sign Up Night on September 15th at 7 p.m. in the High School auditorium. Boys in 1st through 5th grade, interested in Scouting, are encouraged to attend this meeting with their parents and sign up for a fun filled year! Upcoming events include the Fall Color Hike at Camp Munhake; a National Good Turn (a food collection at Thanksgiving); a Cubanapolis (a very different kind of car race); a model sailboat regatta and much more. Besides these Pack events, each Den has varied activities for the boys. Remember, Sign Up Night is September 15th.

## Recreation Task Force

Manchester Recreation Task Force will meet Wednesday, September 14th at 7:30 at the Manchester Area Historical Society building. (NOTICE CHANGE OF MEETING PLACE). This is a planning meeting for activities to be scheduled for the next few months. The Manchester Recreation Task Force works with schools and other groups to coordinate recreational activities not already offered to our young people. The meetings are open to anyone of any age who is interested in participating in this group of people who are volunteering their time to the community. For more information or to offer ideas call Bill or Dianne Schwab 428-8976 or the Community Resource Center, 428-7722.

## Saturday Service Restored

Window service hours at the Manchester post office will be restored beginning Saturday, September 10 in a way that meets customers' needs locally, say U.S. Postal Service officials.

In southeastern Michigan, most post offices have restored Saturday hours. Some have expanded retail hours during the week. Hours are Monday thru Friday 8:30 a.m. - 5:00 p.m. and Saturday 9:00 a.m. - 1:00 p.m.

## 20th Century Club Holds Open Meeting

The 20th Century Club invites the public to an open meeting on September 13 at 7:30 p.m. at the John Schneider Blacksmith Shop, 324 East Main Street. Jan Longone will present an illustrated talk, THE HISTORY OF AMERICAN COOKBOOKS. Mrs. Longone encourages the public to bring unusual or old cookbooks for display and discussion.

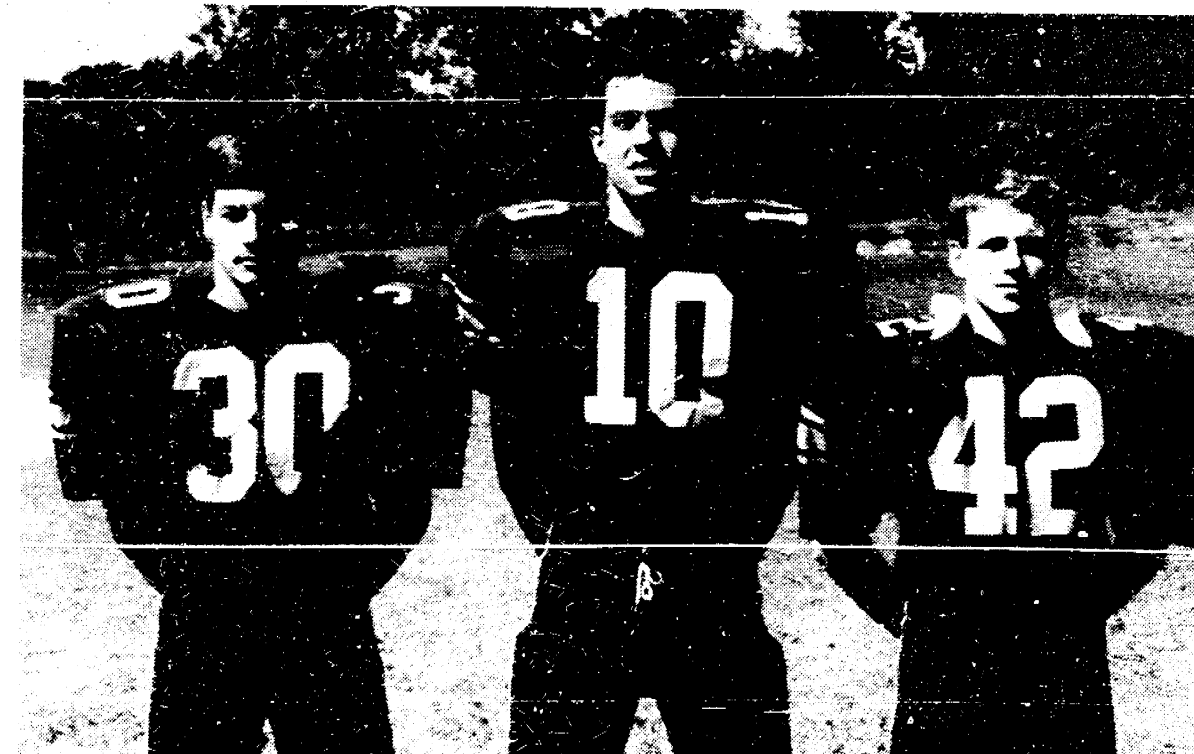

Mrs. Longone is a culinary historian and owner of The Wine and Food Library of Ann Arbor, an antiquarian bookshop devoted exclusively to scarce and rare

books on cookery and wine. In the latter capacity she is a collection developer for institutional and private libraries as well as a consultant to authors and publishers of cookbooks.

In addition to her book business, she is a writer, lecturer and radio commentator in the general field of gastronomy. Her prime area of interest, however, is the history of American cookery.

Following the program refreshments will be served by June Jenter and Doris Bordine.

# Senior Citizens News

Have you seen any robins lately? I hadn't noticed any and was wondering what had happened to them. Our friend, Jim Baker, who works for the DNR, said they probably could have gone where there was more water to get the needed worms, to creek bottoms, back down south or any place where there weren't dry yards like ours this summer. That makes sense! All this worrying about nothing will make me an old lady before my time. Come out to the August-September birthday bash on Thursday, September 8 and you won't be 'robin' yourself of a fun time

and a delicious ham dinner. The Tuesday and Thursday noon lunches at Emanuel UCC dining room have begun for all who are 55 or more, call ahead for your reservation to 428-8359.

Saturday, September 10: Seniors leave the Center for Ann Arbor and Domino's Rock Show. Give Helen Knickerbocker (428-7239) a ring to be placed on the bus list.

Monday, September 12: The Senior Citizens Council will meet today instead of the scheduled date of Tuesday the 13th. Please note change.

Tuesday, September 13: Swiss Steak will be served at 12 noon. At 12:30, Barbara Zaret will present a program on what's new on Medicare. This is a topic which we all as senior citizens need to keep up on, come and listen.

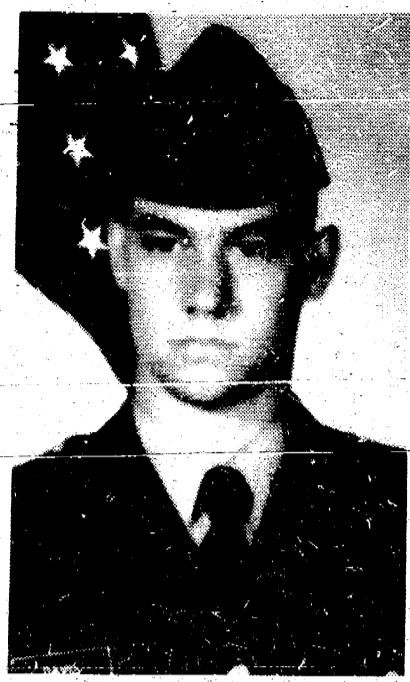

Wednesday, September 14: The bus will leave at 10 a.m. for Saine and the hospital's health program. Topic will be cardiac treatment and how to deal with rehabilitation. Call Helen to go along.

Thursday, September 15: Noon lunch features lasagna and bingo will follow at 12:30. Looking ahead: Rubena has received word that flu shots will be available on Thursday, November 10 from 9-12 noon. Put this date on your calendar and plan to be at the dining room for your shot on that date.

Friday, September 23: A trip to Battle Alley and Diehl's Cider Mill is planned. Departure time will be 9:30 a.m. Call Helen for your spot so you may go along.

The American Legion Auxiliary will meet at the Legion Home on September 14, 1988, at 7:30 p.m.

# Junior Girl Scout Round-Up

All Manchester girls in grades 4-6 are invited to attend the Junior Girl Scout Round-Up, to be held at Emanuel United Church of Christ, 324 West Main Street, on Tuesday, September 13 at 7:00 p.m. Bring along one or both of your parents, and sign up for an exciting and rewarding year!

This past year, under the leadership of Pat Sahakian, Julie Messing, and Marilyn Knouse, our Junior Scouts achieved Challenge Honor Troup Status. For outdoor activities, they took several hikes, including the 3.8 mile Manchester Trail opening day hike, and the 3.5 mile Western Washtenaw Spring Walk on the Potawatomi Trail.

Their camping activities included the Hands-On Museum Camp-In, lodge camping in January at Camp O' The Hills, and a week of platform tent camping at the Manchester Cluster Encampment in early June.

While studying careers, the troop visited Dr. Vera Kluwe's Veterinary Clinic and watched a cat being neutered. They had an interview with Tom Monaghan's private secretary to learn about her work. They visited Mrs. Actra Panches' chemistry class-

room at the high school to learn about teaching, and to earn their Water Wonders Badge at 10 work stations she had set up for them.

Service projects were also a part of the Manchester Junior Troop's experience. They had a coffee hour after church on Girl Scout Sunday to thank Emanuel Church for providing them with a meeting place. They planted trees at Klager School, donated a Girl Scout Handbook and Badges and Signs to the Village Library, raked leaves for Senior Citizens, went Christmas carolling at homes of shut-ins, and did several community flag ceremonies.

So, girls, join Junior Girl Scouts and get in on the fun and rewards!!

## Sweet Adelines Seek Members

The Irish Hills Sweet Adelines Chorus is seeking new members. Interested women are invited to a membership party on Monday, September 19 at 7:30 at the Adrian Friendly (Piotter) Center at 827 Erie Street.

A love of singing and a good ear for music are prerequisites. Experience isn't necessarily needed.

The chorus practices weekly on Monday evenings and performs frequently throughout the year. They will be strolling the grounds at the Heritage Festival on September 18. A show is presented each year and the chorus competes at the regional level. Some members will be traveling to Cleveland for a "Preserving Harmony Weekend", and to the International Convention in Houston.

Anyone needing information or transportation may call Donna Burnison at 428-8091 or Eileen Disbrow at 428-8521.

Most sports fans know the length of a football field (120 yards including end zones) but few know its width...which is 53 and one third yards.

### New Type of Pneumonia Threatens Elderly

Acute Pneumonia, caused by a newly discovered microorganism, may be a significant cause of severe illness and death in the elderly.

Claudia M. Davis, M.D., of the University of Arkansas for Medical Sciences in Little Rock, Ark., said that a newly discovered strain of Chlamydia, called the TWAR strain, has been detected in a high percentage of pneumonia patients. She discussed her findings at the recent annual meeting of the American Lung Association.

"I expect that TWAR pneumonia will turn out to be more prevalent than currently expected," Dr. Davis said. "Until recently, diagnostic tests weren't available to detect its presence as a definite cause of disease in infected patients."

Chlamydia is a bacteria-like microorganism with unique properties. One species, Chlamydia trachomatis, has been identified as the cause of a variety of sexually transmitted diseases and eye infections. A second species, Chlamydia psittaci, is found in several types of birds, including turkeys and parrots, and can produce a lung infection in people exposed to infected birds. Until now, however, this new strain of Chlamydia has not been recognized as a major health concern.

TWAR is previously unknown strain of C. psittaci that can be transmitted person-to-person. It causes a type of pneumonia that is distinguishable clinically from disease caused by better known microorganisms.

Dr. Davis and her associates found that of 197 patients at the McClellan Veterans Administration Medical Center in Little Rock with a diagnosis of pneumonia, a known causative microorganism

for the disease was found for only 94 patients. Immunological tests were performed on blood samples taken from 72 of these 94 patients and nine turned out to be positive for TWAR. The pattern of antibodies in the blood suggested that the pneumonia was associated with TWAR. Six of the nine TWAR-positive patients were over 70 years old and of these, three were over 80. Two patients died of the disease.

"Although the number of deaths in our study group was not high, we nonetheless are concerned that TWAR pneumonia can be an important cause of death in very old patients," Dr. Davis said. Some of the patients improved without therapy, while others required antibiotic treatment. Penicillin, which cures many common types of pneumonia, does not kill Chlamydia, Dr. Davis warned. Erythromycin and tetracycline are, however, effective.

TWAR pneumonia, although detected in elderly patients in this study, can nonetheless be found in younger people. In fact, Dr. Davis notes, it can show up in all age groups with the exception of very young children.

"I think it is important for all physicians, especially those who care for the elderly, to become aware of TWAR and its potential for causing lung disease," Dr. Davis said. "Tests for TWAR antibodies should be considered whenever a causative agent for pneumonia is not found."

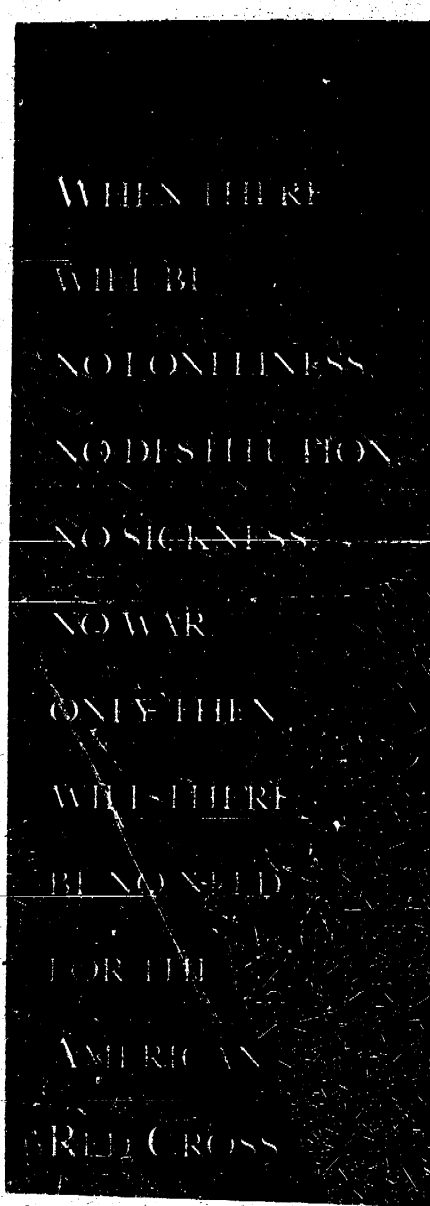

Dr. Davis presented her results at the Infections in the Non-HIV Infected Patient/Scientific Assembly on Microbiology, Tuberculosis and Pulmonary Infections, her co-workers were A.L. Barron, G.D. Campbell, G. McCracken and J.H. Bates.

For further information on pneumonia call your American Lung Association of Michigan toll free at 1-800-678-LUNG.

## Dutch Stonewall Clinton

Jason VanDeven

We received the opening kickoff as the ball nestled into Jason Van Deven's arms. Jason scampered 38 yards before he was tackled. Then it was up to the offense to move the remaining 46 yards. 13 plays later, Quarterback Tom Mann went to the air from 6 yards out and found Jason waiting in the end zone for the T.D. This was the only scoring in the game as our defense kept Clinton from gaining a first down for 40 minutes.

Statistically speaking, halfback Mike Brokaw, rambled for 69 yards on 22 carries, as Tom attempted 14 passes, completing 7 for 45 yards. On the other hand, the Redskins netted a mere 45 yards in the entire game.

Be with us Friday as we host Addison in our season home opener.

## Hunter Safety Class

We traveled to Redskin Country Friday to face our arch-rivals to open our '88 Football campaign. New Head Coach Wes Gall surely had his troops prepared as both his offense and defense performed admirably.

The Manchester Sportsman Club Hunter Safety Class will be held on the last three Tuesdays of September 13, 20, 27 from 7:00 - 9:00 p.m. and Saturday October 1 from 10:00 a.m. - 2:00 p.m. Attendance at all four classes is required.

The class is open for students 11 or older. Parents are welcome. Because of the difficult material, it is suggested parents use discretion when sending 11 year olds.

This year anyone born after 1960 must show a Hunters License Certificate or a hunting license from a previous year to buy a hunting license.

This is taught by instructors licensed by the State of Michigan and there is no charge.

## Lady Dutch Down Clinton

Our girls had a balanced scoring attack aiding them as we won 48-35. Linda Milkey led all scorers with 12 points, and Sherry Riekeimann had 9. Vanessa Salyer and Nikole Reinhart each contributed 8 points while Stacy Wilde added 7.

## Giant Cookie Saves Day

Convenient, nutritious, versatile, available all year around—California dates rise to every occasion, especially when baked into this V.S.P. (Very Special Person) cookie. Keep several of these giant cookies in the freezer, ready for special occasions. real or created! Decorate cookies with chocolate or tinted icings; add sprinkles, candies or chopped nuts to personalize for your V.S.P.

California dates offer lush, exotic flavor and texture plus many important vitamins and minerals as well as dietary fiber. All this is wrapped up in a 24-calorie-per-date package that has no fat, no sodium and no cholesterol. Ten more creative ideas are available in a new leaflet produced by California date growers. For your free copy, send a long, self-addressed, stamped (25 cents) envelope to Date Recipe Leaflet, P.O. Box 1736, Dept. M, Indio, CA 92202-1736.

### THE V.S.P. DATE COOKIE

- 3/4 cup butter or margarine, softened
- 3/4 cup packed dark brown sugar
- 1/2 cup granulated sugar
- 1 egg
- 1 teaspoon vanilla
- 2 cups flour
- 1/2 teaspoon each baking powder and soda
- 1/2 teaspoon salt
- 1 1/2 cups chopped California dates
- 1 cup semi-sweet chocolate chips
- 1 cup walnut pieces

In mixer bowl, cream butter, sugars, egg and vanilla. Sift together flour, baking powder, soda and salt; mix in to blend. Stir in dates, chips and nuts. For 2 large cookies, divide dough in half. Using moistened fingertips, press each portion of dough to 9-inch circle on greased baking sheet. Bake in 350 degree oven 12-15 minutes, until edges are golden. Slide onto cooling rack. When cool, decorate as desired for birthdays, holidays or other special occasions. Makes 2 large cookies.

Note: For individual cookies, use 2 tablespoons dough per cookie; flatten slightly. Bake 8 to 10 minutes. Makes 2 dozen.

## Diabetes Sharing Group

A diabetic sharing group meets the second Wednesday of each month at 3:30 p.m. at Chelsea Community Hospital in Private Dining Room B. Individuals with diabetes and their family are invited to attend. We hope to give support and help with educating ourselves about diabetes.

The next meeting will be September 14th. George DeMaagd, Pharm.D., Assistant Director of Pharmacy at Chelsea Community Hospital, will be our guest speaker. George's topic will be "Choosing the Right Over The Counter Medication for the Diabetic".

## Hospital Tea Honors Many

Young artists, summer teen volunteers and scholarship winners were honored at a recognition tea Wednesday, August 24, in the Saline Community Hospital Blue Room.

Seven teen-agers who served as volunteers this summer were recognized for their efforts. These 14- to 18-year-olds helped out in the business, X-ray and patient care areas.

Three recipients of \$500 scholarships from the Saline Community Hospital Auxiliary were recognized. They were: Babli Bandyopadhyay and Sherri Wooden, both of Saline; and Chantel Gray, of Milan.

Recognition also was given to 17 area students whose work of art have been purchased by the auxiliary and will be hung in the hospital. The works were created by students in grades two through 12. Those from Manchester Schools include: Jennifer Barnard, grade 12; Renea Drouare, grade 12; and Dan Watson, grade 9.

The first state to enter the union after the original 13 was Vermont in 1791.

## School Days Safety Tips to Prevent Head Injuries

The summer is coming to an end and the school year has begun. To students this means new teachers, new friends, new activities and for some, maybe even a new school. The New Medico Head Injury System has some safety tips to help make all those new experiences as safe as possible for your school-bound youngster.

According to the National Head Injury Foundation, an estimated one million children sustain head injuries each year, with an injury occurring every 16 seconds. A head injury is any level of damage to the brain caused by an impact to the skull. Fifty percent of these injuries are caused by traffic accidents and 21 percent by falls. Everyday activities that we take for granted often provide the potential for head injuries to occur. For example, tripping over a curb while crossing the street, falling off a swing-set, or taking a spill while riding a bike or skateboard could result in a head injury.

"The responsibility for prevention and education lies mainly with parents, teachers and other adults," according to Mark Ylvisaker, Ph.D., director of pediatric program development for New Medico Associates. "We can't expect our youngsters to know which situations and circumstances are potentially dangerous."

Take the time to discuss the following tips with your child and help prevent head and other injuries:

- Carry books, lunch, gym clothes and other belongings in a sturdy carry-all bag or, better yet, knapsack to keep hands free.
- Use caution when crossing streets and obey all traffic signs and signals — look both ways for oncoming cars.
- When riding bikes or skateboards to school, wear a helmet at all times. Use a knapsack or bike rack to carry belongings. Trying to juggle books can cause an accident. Also, if you take a spill, your hands will be free to break the fall. Always walk your bike or skateboard across intersections.
- At recess, wear a helmet while playing football, baseball, and other sports.
- When riding a school bus, obey the bus driver and remain seated facing forward at all times. If seatbelts are provided, buckle up. When crossing the street in front of the bus, first check to be sure all cars have stopped.

For more information on head injury and head injury rehabilitation call New Medico Head Injury System at 1-800-CARE TBI.

## Bits 'N Brevities

dropped his head and thought "Oh! that is the way you do it. Why, I supposed you would send my creditor his money, and that this paper was my receipt."

In A Hurry - "Ain't it wicked to rob dis here roost, Jim?" "Dat's a great moral question, Gumbo; we ain't got no time to argue it, now - hand down anoder pullet."

A Brooklyn mother advised her daughter to oil her hair, and fainted away, when that candid damsel replied, "Oh, no, ma, it spoils the gentlemen's vests."

An Illinois love letter closed pathetically as follows: "My best loved one, I chaw'd the postage stamp on your last letter all to thunder because I know you licked on it."

Still Building - We notice a number of new buildings going up in various parts of town. This looks as if people intend to live here a little longer.

Just Think Of It - Mr. J.M. Peabody will put in a French Plate Glass front in his banking building. The front glass each of which will be 8 x 12 feet. How's that for a country town.

Improvements - John W. Cowan is erecting at his own expense a bridge across the Raisin connecting his addition to the village according to the old plat. The bridge commences at the foot of Cowan's Avenue, and intersects this side of the river with MaComb street. This enterprise is worthy of honorable mention.

Burglars About - On Monday night last some person, who was dry perhaps, effected an entrance into O'dell & Gorman's Saloon, by the back door. Whoever it was helped himself to a bottle of the ardent and three sets of billiard balls valued at about \$60. He needs the balls, but the chain should be attached. We wonder if that fellow knows anything about an ordinance in regard to saloons open after 10 o'clock?

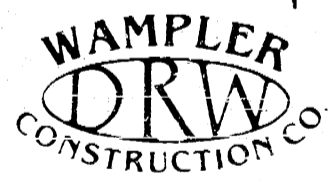

Resolved - And it is hereby ordered by the Common Council of the Village of Manchester that they cause to be constructed a sidewalk in said village on or before the 15th day of December next, said walk to be built of pine plank, five feet in width, laid on three oak stringers, 3 x 4 inches, at the south-east corner of the Union School house square, and running east along the north side of city road to the corner of city road and Hibbard street.

**Prepare Light Jams With 1/3 Less Sugar**

Homemade jams and jellies can now be prepared with less sugar, yet still retain the taste and texture of their traditional counterparts. Light jams, which contain one-third less sugar than conventionally prepared jams, are made using Slim Set, a unique jelling mix that allows jams to set properly with reduced amounts of sugar.

**To Prepare Peaches:**  
 Peel, pit and grind firm, ripe peaches. Measure 4 cups fruit.

**To Make Jam:**  
 1. Measure peach pulp and lemon juice into a 6- or 8-quart kettle.  
 2. Measure sugar and stir thoroughly into fruit mixture.  
 3. Add the Slim Set and stir vigorously to disperse. Use a potato masher or wire whip for easy mixing and stirring.  
 4. Place kettle over high heat. Bring to a boil and boil rapidly for 1 minute, stirring constantly. Add the margarine, butter or cooking oil to reduce foaming.  
 5. Remove from heat. Skim foam. Immediately pour into glasses.  
 6. Seal according to package directions.

## HARVEST FESTS

FALL FESTIVAL FINDS include a cornucopia of activities ranging from tasting homegrown treats to entering the past. Taste bud tempters are arriving by the bushels, containing apples, applebutter, cider, wine, peaches, potatoes and pumpkins. Blair's Farm Festival offers old-fashioned corn-grinding and a reenactment of the 1912 Woodrow Wilson election. Hands-on fun involves sorghum-making in Three Oaks, pony-pulling in Adrian and wine-tasting and grape-stomping in Kalamazoo and Bridgman. Bessmer's Pumpkin Fest challenges runners with a 5-mile harvest marathon.

## Manchester Education Association

Because of the Manchester Superintendent of Schools' apparent desire to "negotiate" a settlement with the district's professional employees through the media, the Association feels it has no choice but to respond to Mr. Niedzwiecki's August 23, 1988 press release.

The Association is pleased to be able to report that some progress was made through mediation last Friday. However, at the same time and in all fairness, it must also be reported that there is still a long way to go before a successor contract agreement is secured.

As it is in most public sector negotiations, major issues preventing settlement of a contract for 1988-89 continue to be salary and insurance coverage. The Superintendent's office is critical of the Association's proposal for a 9% increase in wages, and at the same time attempts to project the impression that their 4% offer is something the teachers should be happy with. The Association feels justified with the requested wage increase because (a) it is consistent with wage increases which have been negotiated in other WLEA districts in the county, as shown in Chart 1 below, and (b) four of the five administrators employed in the district have already received wage increases considerably in excess of what is being offered to the teachers, as shown in Chart 2 below.

The Superintendent will undoubtedly counter the aforementioned with the contention

	BA Min.	BA Max.	MA Min.	MA Max.
Ann Arbor	\$21,290	\$35,350	\$23,975	\$42,175
Chelsea	18,463	32,865	20,017	37,484
Dexter	23,433	32,268	25,913	37,730
Lincoln	19,455	32,775	20,913	37,730
Milan	20,427	32,252	23,408	36,578
Saline	23,071	33,331	25,164	38,487
Whitmore Lake	20,489	30,171	21,983	32,140
Willow Run	Unsettled			
Ypsilanti	20,079	32,993	24,536	41,142
COUNTY AVERAGE	\$20,838	\$32,876	\$22,228	\$37,960
Board Proposal	\$17,892	30,544	18,886	33,491
Association Proposal	\$18,752	32,012	19,794	35,101

	1987-88	1988-89	\$ Increase	% Increase
Superintendent	\$49,350	\$52,558	\$3,208	6.5 + 2% of annual salary
H.S. Principal	40,643	44,098	3,455	8.5 For an annuity
Dir of Student Services/Athletic Director	35,712	38,569	2,857	8.0
Middle School Principal	44,615	45,953	1,338	3.0
Elementary Principal	35,294	38,117	2,823	8.0

that the increases shown above include an increment increase as well as a base increase, and the four percent (4%) being offered to the teachers does not. It is important to understand, however, that approximately 60% of the teachers will not receive an increment since they are at the top step of the salary schedule by virtue of their long and dedicated service to the Manchester School District. This should not be overlooked!

The Association does not deny the Superintendent's contention that insurance premiums have increased substantially over the last two years. As pointed out previously, however, this issue is industry wide and is not something unique to Manchester. What is significant in this situation is the "fact" that none of the other districts in the county contain language which would place a cap on the amount the employer pays on behalf of employee for insurance coverage. The Association considers insurance coverage to be a part of their annual wages, and considers the superintendent's proposal that would require the employees to pick up the cost of any premium increase, tantamount to a wage freeze, and therefore unacceptable.

Finally, with regard to insurance coverage, the Association opposes any attempt on the employer's part to treat one group of employees in the district differently from another. This statement refers to the fact that not only are the administrative employees in the district (including the superintendent) provided with more comprehensive fringe benefits than the teachers, nowhere in any material obtained by the Association from the administration under the Freedom of Information Act, is there any indication that their insurance has been capped.

In conclusion, the Association remains hopeful that its attempts to negotiate a new contract will be successful. Thank you for your interest.

There are 638 U.S. factories operated by Japanese firms or their subsidiaries, according to U.S. News & World Report - and this map shows how many there are in each state. California leads the list with 167 plants, followed by New Jersey with 40, Georgia with 39, and Washington and Illinois with 34 each. Eight states have none. Nationwide, some 160,000 Americans are employed in Japanese plants.

# Money Management

## A College Student's Guide To Budgeting

Before you bite into that steaming slice of pizza, make sure that you're not eating your way into a financial corner. Over the course of one year, those late-night pizza breaks can add up to several hundred dollars, an amount a college student's annual budget may not be able to cover.

As you will quickly discover, the costs of a college education go far beyond tuition, room and board. The Michigan Association of CPAs advises you to develop a budget for those miscellaneous expenses that can rapidly empty your wallet.

The easy part is calculating the amount of money you have available to spend. Most students generally have four possible sources of funds: a part-time job, a savings account, a monthly allowance supplied by parents and scholarship or loan funds (or what's left after paying for tuition, room and board).

Now comes the hard part: planning for expenses. Some colleges will provide you with an estimate of how much you may need for personal expenses, but these figures can be way off the mark. After all, the college's calculations probably miss important personal expenses, such as those marathon phone calls to your best friend on the other side of the country.

To simplify the budgeting process, break down your expenses into categories such as books, supplies and lab fees; meals; transportation; toiletries; utilities; and entertainment.

Let's start with books and supplies. You may hate to spend \$45 on that computer textbook, but if your heart is set on a career as a systems analyst, you better be ready to foot the bill. Go into the local bookstore and scan the prices of books you may have to purchase over the next year. Some courses will unfortunately land you in texts costing top dollar. Find out now, when you can anticipate the expenses, rather than next term, when you may have already exhausted your budget. Don't forget to include lab fees and the cost of such supplies as notebooks, typewriter ribbons or computer disks.

Even if you are on a meal plan, reserve some budget dollars for those midnight snacks. If you can't resist breezing through McDonald's golden arches for an Egg McMuffin each morning, make sure you include the cost in your budget.

Whether you are commuting or living in a dorm, you will have to contend with transportation expenses. Calculate how much a visit home costs, and how many visits you plan to make. Talk to your parents and find out if they are willing, or able, to pay for any trips home. If you own a car, estimate how much gas you may use each week. Is it likely the car will need repairs, or even a tune-up, sometime during the year?

If you are living away from home, remember that you will now have to pay for such basic necessities as toothpaste, shampoo and laundry. Although meals; transportation; toiletries; utilities; and entertainment, they can add up to a sizeable sum

by year's end. Other expenses to consider are utility bills. If these are not included in your room and board fees, ask other students to give you a basic estimate of how much you can expect to spend. And, of course, no budget is complete until it includes entertainment expenses. If you are a movie buff, don't forget to reserve a few dollars for an occasional night out at the local cinema.

Try to estimate expenses realistically and, as a safeguard against unexpected costs, increase your total by 10 percent. In any case, you won't be sure that your estimate is on target until you've tested it a few months. So try your budget out and see how it fits. During the first month or two, jot down every dime you spend so you know where your money is going and whether your budget figures are accurate. If the same patterns continue the following month, adjust your budget accordingly.

Now for the big exam question. What if you find that you simply can't make ends meet? The answer is elementary - you have to increase your income or decrease your expenses.

Chances are, you've already exhausted all the normal options for producing income. If so, maybe it's time for you to try a more creative approach. Some schools offer venture-capital funds to help launch student entrepreneurs. Students have successfully initiated businesses to fill obvious

needs, such as typing term papers, running a wake-up call service or even house-sitting. Whatever venture you pursue, remember to keep your academic priorities in mind.

Now, what about trimming those expenses? Although you may think you are living on a bare-bones budget, you will be surprised at how much you can still cut back. Often, your college ID card can be the key to discounts on food, entertainment, haircuts and even school supplies. Don't hesitate to ask whenever paying for goods or services.

Shop for food and toiletries wisely, taking advantage of sales and coupons. To save on transportation costs, plan ahead and you may be able to purchase "supersaver" air fares. Find out if buses and railroads in your area offer discounts to student travelers. To trim your hefty

phone bills, shop around for the company offering the best long-distance rates - and make your calls at non-peak times, when rates tend to be lower.

To ease the burden of those textbook bills, buy used texts through the bookstore or from other students. But plan on shopping early, because supplies of used books are generally limited.

CPAs also advise you to set up a bank account nearby. Shop around for the bank that best meets your needs. In comparing, consider such convenience factors as location, hours, and automated teller machines, as well as savings rates and checking charges. In addition, find out whether the bank offers special student accounts, such as no-fee checking.

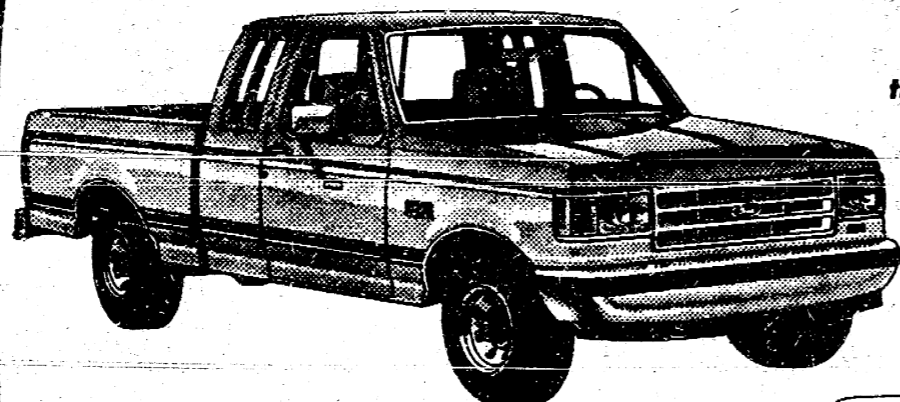

With a little bit of planning, you can have an effective budget, and your pizza too.

## Teacher Strike Averted

by Becky Doyle

A tentative agreement has been reached in the negotiations between local teachers and the Manchester School Board. Although details of the contract will not be available until both teachers and school board representatives have ratified the agreement, teachers will remain on the job while a draft of the contract is prepared. It is expected that ratification will take place by the end of the month.

"It's over. We reached a tentative agreement about 10:40 (Monday) night," said John McGuire, Manchester Education President, who has been speaking for teachers in the negotiations.

Teams representing both the School Board and the teachers worked into the night Monday, trying to hammer out a compromise that would be acceptable to both sides.

Teachers have been proposing a one-year contract, while representatives of the administration and School Board would prefer a two or three year term, according to Superintendent of Schools Ron Niedzwicki.

Following last week's bargaining session, both negotiating teams had moved a little closer to

a settlement. The administration had offered a three year contract with 5%, 5 1/2% and 5 1/2% increases and continuation of insurance coverage for the first year at no cost to the teachers. The school system would have paid a minimal amount of the increase in cost of insurance in the second and third years. The MEA negotiators countered with a reduction to a 7 1/2% wage increase for one year from the original 9% demand, but held firm on the issue of insurance coverage.

At a meeting last week, the teachers authorized "job action" - a withholding of services - if an agreement could not be reached Monday.

## Memorial Services

Manchester Enterprise  
September 15, 1987

On Sunday last, Sept. 11th, the Universalists dispensed with services in their church and held them at the residence of Mr. Frank Spafard, on account of his father being to infirm with old age to attend in the village.

In the morning at 11 o'clock quite a number had arrived, and the weather being unpleasant and cool, the friends assembled in the rooms of the house. By request the pastor repeated a sermon entitled "Dropped stitches." Rev. Worden, of Cambridge, Mich., assisted in the opening services.

Thomas Spafard, being 90 years old last April, referred to the time when he came into this section, and how he and others had toiled, struggled and worked. No well laid out and kept highways then, no beautiful fields, no school houses and village churches, no fine houses and large barns, no hill-crowned resting places for the dead. Of the few who settled in this community first only three or four are left to tell with their lips in the old household, the family scattered, and the old home circle larger now over there than here.

The minister in his thoughts spoke of the transition 'that had taken place. Nature in its general prospect had changed. The old farming tools and the spinning wheel gone forever, the old home loom silent, and the home spun fabrics only kept now as sacred mementoes of the old days-what fathers and mothers and grandparents did. Then the many jointed horse had not as yet been sped with its swift tread by the old log house door, or freight trains put the people in relation with the markets and enterprise of the world.

Then followed a historical sketch of the forming of the first Universalist society at Manchester, Mich., it being organized in the afternoon at the old school house, April 2, 1846. Names were called of those present at that meeting as recorded upon the parish record: Thomas L. Spafard, Joseph S. Clark, Wm. Andrews, Taiman Case, Franklin Freeman, Wm. S. Stowell, Chandler Carter, Barnabas Case, Thomas Morgan, Russell Rodine, Morgan Carpenter. How many at this hour answer to their names?

## Red Cross News

Thanks go to the many volunteers that worked at the Red Cross trailer during the Manchester Community Fair.

The volunteers chairperson was Mrs. Mary Diver. The first aid trailer duties were to assist in emergency and non-emergency accidents at the fair. The many people that helped were: Mary Lou Gormley, Florence Parr, Gloria VanAlstine, Marian Creason, Pat and Stan Parr, Margaret Tapping, Nancy Althouse, Mary Ann Fielder, Josephine Simmons, Poksyn Yoon, Karen McGuire, Geradine Kress, Dorothy Mann, Beth Ball, Darlene Scovell, Nancy Loudin, Rachael Lantis, Ann Taddonio, Linda Arnsdorf, Laura Shopshear, Shawn LaRock and Paul Lemon. Thanks again to all of you.

The Red Cross Bloodmobile teams from Manchester worked at two clinics that were held at Chrysler Proving Grounds in August. The first team was chaired by Mrs. Ruth Oates and her helpers were: Edna Knauss, Robert and Jackie Armentrout, Marilyn LaRock. The second team consisted of Del and TV Ludwig and Dan and Mary Boutell. The next Manchester Community Bloodmobile will be held at the Knights of Columbus Hall October 17th from 12 noon to 6 p.m. The constant support of the community and the volunteers is deeply appreciated by the Red Cross and the Bloodmobile task force committee.

Then came tender thoughts relative to the one in whose behalf this day's service was held. His life, faith, trust and hope and the love of the father on whom his soul still leaned, and in which his heart rejoiced, with a closing exhortation to all.

Rev. Getchell then said he had invited Bro. Robert Worden to be present and take part in the memorial services. He responded with his presence and he would now request him to make such remarks as he deemed fitting. Rev. Worden is in neighborhood of 80 years old. He most touchingly spoke of his relation with our cause and stood by it

## Celebrated 70th Anniversary

Mahlon Smith and Esther Reidel were married at St. Mary's rectory in Manchester on September 7, 1918. Attendants were his brother, Francis "Sax" Smith and her sister, Mae Reidel.

Esther and Mahlon were joined by their attendants and about 65 other relatives, friends and neighbors at an Open House last Sunday afternoon at the Centennial Smith Farm home in Sharon to celebrate their 70th wedding anniversary. Rev. Hayden Carruth and Rev. Fr. Schlunkert brought greetings and best wishes from members of their respective churches.

Mahlon was born in the farm home over ninety years ago and brought his bride there after their wedding trip to Ypsilanti and Detroit in 1918.

The Smiths planned their own modest party with the help of relatives and friends. Punch and cake were served along with coffee and cold drinks. Their large farm home was beautifully decorated with some of Mahlon's garden flowers as well as plants and floral arrangements sent for

the occasion. Perhaps the most unusual came from Jeanne Kent England in Florida; she never forgets their anniversary, since she was born on the same day.

Mahlon is retired from his main work which was farming. He worked for several years at the Sharon Ford plant making cigar lighters and spotlight switches. He was also the drummer in his own band which played regularly for dances in this area for many years.

On Sunday the house was filled with music as Mahlon again played his drums with accompaniment on their electric organ.

Esther operated a millinery and tailor shop in Manchester at the time of her marriage. In addition to being a busy farm housewife she tailors for Mahlon and makes her own clothes. She has made quilts, pillows, hooked and braided rugs. Both the Smiths are charter members of the River Raisin Farm Bureau in Sharon.

All of us join in wishing them the continued blessing of good health and more years of happiness on the farm.

## Fall Project At Library

Calling all men, women, and children - you are invited to lend a hand! This coming Saturday morning, September 17th, beginning at 10:00 a.m., the Annual Fall Clean-Up will take place at the Manchester Township Library. And rather than a few doing a lot of work, how much better it would be if more came and only needed to do a little work!

The job is not hard. The Library is always beautiful and well maintained, as you can readily see. And the leaves have not yet fallen, so that will shorten the chores list. What will be done is a general "neaten-up" for the winter and a taming of those things which may have become overgrown during even a drought stricken summer such as we've had.

So bring a shovel, pruning shears, a rake, or whatever, and join the crew - even if you can make it only for a short while. The corner of W. Main and Washington will be a busy place this Saturday morning (hopefully not for too long) while people who feel like they are friends of the Manchester Township Library join in and help with the Annual Fall Clean-Up. See you there!
