## Planning For Retirement: There's No Time Like The Present

"Old age is the most unexpected of all the things that happen to a man," wrote Leon Trotsky more than 50 years ago. That saying certainly holds true today for the vast majority of Americans who postpone retirement planning until the last moment. As a result, only five percent of all Americans are financially independent at age 65. In fact, according to the U.S. Department of Commerce, approximately 75 percent of all retirees end up depending on family, friends and Social Security as their only sources of income or support.

If you find these statistics frightening, the Michigan Association of CPAs advises you to begin investing for your retirement now, no matter how far in the future your retirement may be.

A financially-fit retiree will generally draw income from four basic sources: Social Security; an employer-sponsored retirement plan; personal retirement savings accounts and other investment holdings.

One of the most common financial mistakes Americans make is assuming that Social Security can provide sufficient retirement income all by itself. Undoubtedly, many retirees could not afford to live without Social Security. The U.S. Department of Health and Human Services estimates that 60 percent of the population over age 65 would have incomes below the poverty level if they did not receive Social Security. But Social Security was never meant to serve as a retiree's sole means of support. Social Security just provides the foundation for your retirement fund. It's your responsibility to

build on that foundation.

Where should you start? First, check your employer's pension plan to see how much money you can expect to receive upon retirement or separation from the company. But even if the pension plan seems extremely generous, remember that the benefit of your employer-sponsored retirement program may be significantly reduced if you do not remain with the company long enough to become fully vested. In light of this fact, and the uncertainty concerning the future health of the Social Security system, personal retirement savings plans may become the most important vehicle for accumulating funds for your golden years.

Although IRA's acclaim as an investment tool suffered a blow due to tax reform, there are still benefits to investing in them. First of all, many people can still deduct at least a portion of their IRA contributions. As long as you are not covered by a retirement plan, you may contribute and deduct the maximum amount allowed, regardless of income.

If you (and your spouse, if you are filing a joint return) are not an active participant in a qualified retirement plan, you can contribute and deduct up to \$2,000 of your earnings.

If your spouse does not earn any compensation for the year, you may contribute up to \$2,250 to a spousal IRA. And if both you and your spouse are employed, you can each contribute up to \$2,000 of your earned income to your own accounts.

If you or your spouse are covered by a retirement plan, you may still contribute to an IRA, but the amount that you may deduct will depend on your adjusted gross income (AGI). If you are single and your AGI is \$25,000 or less, you may continue to deduct up to \$2,000 for an IRA.

Likewise, if you are married and your joint AGI is \$40,000 or less, you can still deduct up to \$4,000 if you both work and each earns at least \$2,000.

Single taxpayers with adjusted gross incomes between \$25,000 and \$35,000, and married couples with adjusted gross incomes between \$40,000 and \$50,000, may partially deduct IRA Contributions.

Even if you can't deduct any of your contributions, IRAs nevertheless offer several significant advantages. You can control how much you contribute, where you invest and how aggressive or conservative your investment should be. In addition, your IRA savings will grow and compound tax-deferred until withdrawal, thus building your retirement funds faster than you could through many other regular investment channels.

Another highly recommended method for building retirement savings is deferred compensation plans, often referred to as 401(k) plans. In 1988, the maximum amount that you can contribute to a 401(k) plan is \$7,313. The delightful aspect of 401(k) plans is

that whatever amount you contribute is automatically sliced off your taxable income. In other words, if you earn \$40,000 a year and contribute \$4,000 to a 401(k) plan, you will report only \$36,000 on your income tax return. In addition, all interest and dividends are again tax-deferred. If your employer will match a portion of your contributions, consider yourself doubly lucky and contribute as much as you can afford.

If you are self-employed, concentrate on setting up a Keogh retirement plan. In most cases, your deposits will be tax deductible - and your savings will compound with all interest tax-deferred. Depending on the type of Keogh you establish (a defined-contribution pension plan, a defined-benefit plan, or a profit-sharing plan), you can contribute

up to approximately 13 to 20 percent of your net self-employment earnings.

Savings for your retirement will undoubtedly require investigation of various investment options. CPAs suggest that you choose low-risk investments that offer you the opportunity to reduce your taxable income and accumulate savings with all interest or gain tax-deferred or tax-free. Alternatives to consider include annuities, municipal bonds, EE savings bonds and certain life insurance policies.

An earthworm has five pairs of hearts in the front of his body.

## Fall Reading and Discussion Series

The first discussion meeting of the Fall Reading and Discussion Series sponsored by the Manchester Township Library is scheduled for this Thursday, October 6th, at 7:30 p.m. in the Blacksmith Shop, 324 E. Main. However, if you listen carefully, you will know the discussion has definitely already begun!

The book which is being read first for this series on "Michigan Authors" is THE DOLLMAKER by Harriette Arnow. And you'll see and hear folks standing together at the Post Office, at the IGA, at meetings being held for other purposes from Village Council to the Food Coops - talking about the book. "How far have you gotten?" "When I read this before..." "Did you see the movie?" "This story is too distressing. I'm not sure I can finish it."

As an opener for this Series, Continued On Page 12

## Bridgewater Historical Marker

The Historical Committee of Bridgewater Township is applying for a State Historical Marker to be placed at the Bridgewater Township Hall. The marker would commemorate the fact Bridgewater Township was founded in 1832 and that the Township Hall has been the site of continued township government since the first hall was built in 1856. The site has already received a certificate from the State as being a Historical Site.

At the September Township Board meeting the Board members unanimously voted to support this plan.

The committee is hopeful that donations will be made by interested citizens of the area. The donations by check would be made to: Bridgewater Historical Fund, Harlin Fraumann, Treasurer, Bridgewater Township, 10997 Fisk Road, Clinton, MI 49236. Cash donations may also be made. A return receipt will be sent to the donor which may be used for tax deduction if applicable. If more information is needed please feel free to call Lucille Blumhardt at 517-456-4726. The committee and township wish to thank all who support this project.

Mrs. Clark was a daughter of Jacob Filber of this village, she was 20 years of age, and had been married about nine months.

The letter will explain the cause. It was evidently written at different times during the night. It is as follows:

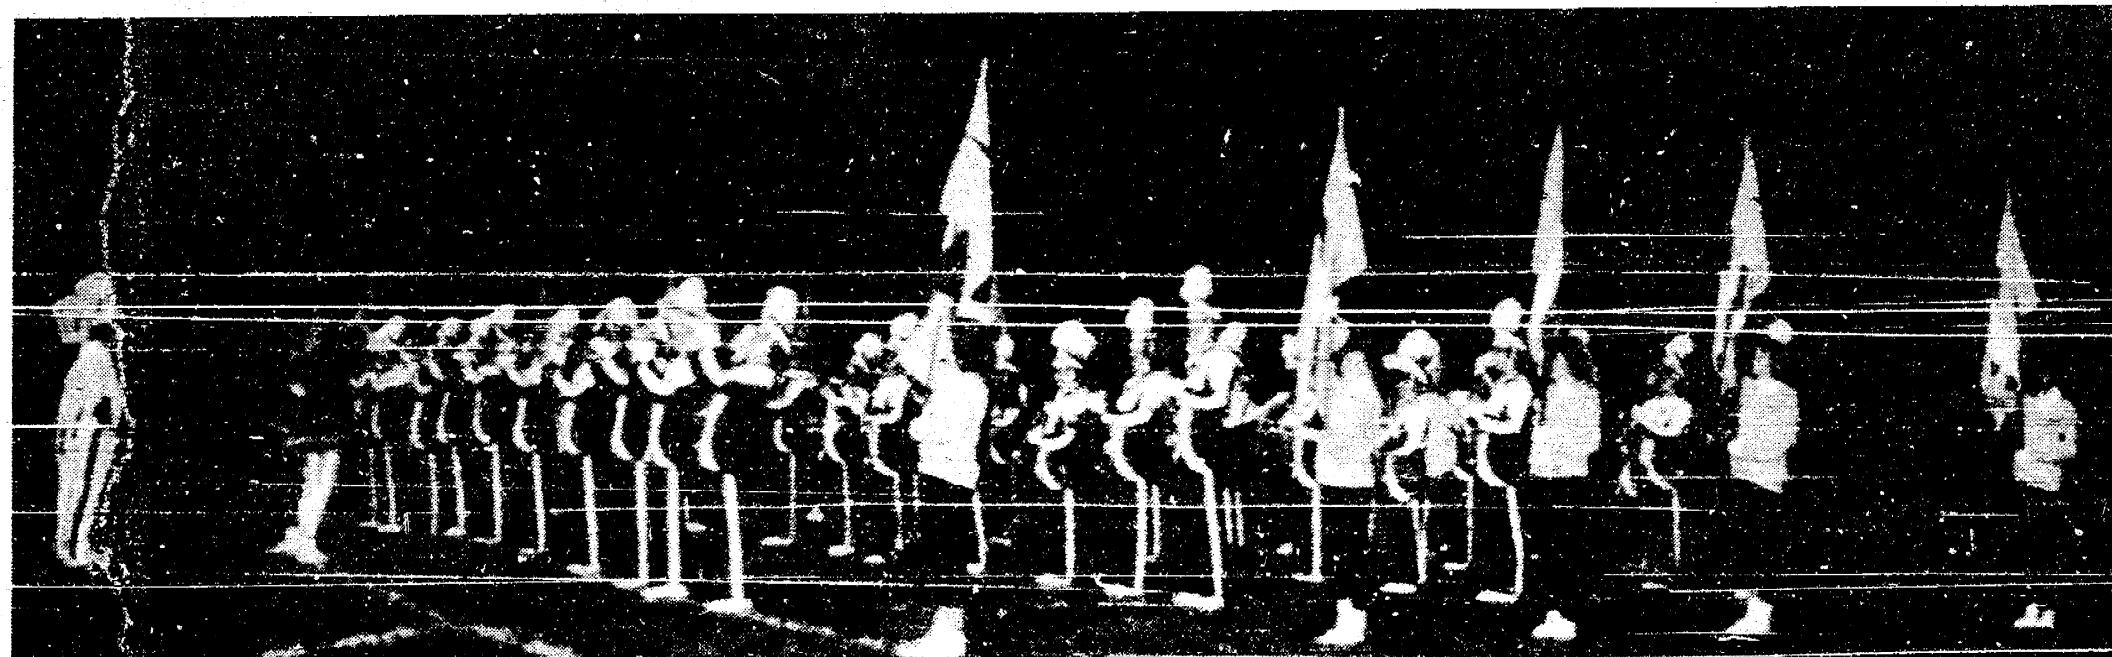

"I broke your bottle of whiskey so you could get your wheat in in time. Oh! how folks will say didn't I tell you they wouldn't live together. I choose death to a divorce. Tell my folks not to dress in black for me, and don't write to any of your folks. Let Sarah have my hat with the yellow ribbon on, and tell her to wear it just so."

## Senior Citizens News

We drove down Sharon Valley Road and the color is there this year. This morning there is moisture on the windows which means that fall is here and winter close behind. Time to get the tomatoes in, the green ones that everybody has a different idea on how to preserve for a while. Some say to place each in a brown paper bag, or wrap them in newspapers, or just let them ripen on a cool window ledge. I really don't know - just as I didn't know about Osage oranges! My 'edjucashun' was limited, I guess, when Elsie came up with a solution to ridding ourselves of spiders in the house (from her neighbor). They put a few around and not a spider is evident. Thanks, now all I have to do is recognize an osage orange when I see one.

This is Birthday Bash Thursday, the 6th. Pork Chops with dressing will be served along with cake to you who are 55 or more and have an October birthday (the rest of us can enjoy it too, but we will pay for our meal).

Saturday, October 8 - Senior bus will leave the Center at 8:15 a.m. for South Lyons and their Pumpkin Fest. Call Helen Knickerbocker at 428-7239 to reserve your spot.

Tuesday, October 11 - Ham (what am) will be the treat in store for lunch. Get your name on the list by calling 428-8359 or to the kitchen at 428-7630 on the morning of any lunch before 10:45 a.m. There will be Center activities following the meal.

Wednesday, October 12 - Seniors will leave at 10:00 for the Saine Hospital Health Program entitled 'Alzheimer's Disease, Facts and Fiction'. Topic leader is Laurie White, Ex. Director of the Ann Arbor Chapter. Also available are free dental and blood pressure screenings for you to take advantage of. Our Manchester area residents who now reside at the Evangelical Home will be visited, come along and enjoy their wisdom.

Thursday, October 13 - Chuck roast is on the noon lunch menu - doesn't Jan have a way of preparing food to delight our taste buds? And get a winning streak going at bingo, or come to the Center and help finish our projects.

## Twenty-Five Years And Counting

Manchester Cooperative Preschool opened its doors for the twenty-fifth year on September 6th to welcome 45 of Manchester's youngest scholars. The preschool's philosophy is that children learn through play. Teacher Linda Ebersole helps each class of three and four year olds do just that in an environment that fosters emotional, social and physical growth.

During the last week of September, preschoolers capped off a month of projects and play centered on traditional Mother Goose rhymes with "Pajama Day". Children donned pajamas, Wee Willy Winky caps, and snacked on hot cross buns to celebrate their first month of preschool.

Established in 1963 by a group of Manchester parents, the preschool began its first session on January 9, 1964, in the nursery rooms of Emanuel Church. The site selection proved ideal. Twenty-five years later, Emanuel Church is still home to the preschool where staff and students enjoy the use of two large classrooms, an office, kitchen, storeroom, and gymnasium.

Like any cooperative organization, the Manchester Cooperative Preschool relies on the support and participation of its members. There are two tuition levels: assisting and non-assisting members. Assisting parents serve on a committee (fund-raising, scheduling, housekeeping, typing, etc.) and assist Ms. Ebersole in the classroom on the average of once a month. The Haessler-Schill Memorial Scholarship Fund is available to children whose parents are unable to meet the tuition fee.

## U Of M Degree Candidates

More than 1,600 University of Michigan students are degree candidates this summer.

Students from Manchester include Rosemary E. Hamilton, Master of Science, and Nicholas M. Puscas, Master of Social Work.

## Manchester Band Update

After another short, hot summer, the Manchester Band program is once again kicking off a busy but exciting year. In the past month we've already had a parade, a band camp, three home game half-time performances, auditions for the Michigan Youth Band, and have worked the concession stands for two U of M football games. Tuesday, October 4th we have a professional Brass Quintet (titled the Tower Brass) coming to the high school to give a concert and run clinics with the entire band program. This event is being paid for by the Band Boosters organization.

The Boosters are also paying for a \$15,000 Instrument lease-to-own plan over the next five years. We are in the process of obtaining some wonderful new instruments as a result of this. The school system also contributed \$3,000 to the purchase of new instruments this year. With all of this in the works, we have a good start on buying these music students what they deserve for all of their time, effort and enthusiasm. And there is lots of enthusiasm!

This year's Middle School Band has 60 members, the 6th grade band has about 40, and the 5th grade has 56 kids this year! Just to highlight a few of the events that our money will go to this year:

Boys and girls will compete in six age groups, 8 through 13, against youth only of their own age. All that is needed to compete is a pair of gym shoes. Football spikes or hard-toed shoes will not be allowed. There will be awards for the first three winners in each age group. Every contestant will also receive a Tri-Star patch. Entry Blanks will be available at the elementary school, middle school, Krauss Pharmacy, or at the contest site on the day of the competition.

Inspections of the Cooling System are Crucial to the Engines Health

**How To Prevent Car Heart Attacks.**

COMPLETE INSPECTION INCLUDES:

1. Flush Cooling System
2. Check Operation of Thermostat.
3. Test Battery and Charging System.
4. Clean Battery Cables.
5. Inspect Radiator Cap, Belts and Hoses.
6. Fill System With Up to 2 Gallons of New Antifreeze.

Unfortunately, most car owners don't realize that cooling system parts should be replaced before they fail. Like heart attacks in people, car heart attacks can often be prevented with regular inspections of the cooling system.

Today's cars operate at higher engine speeds with more equipment under the hood, smaller engine compartments, and reduced radiator size. So the cooling system - particularly the thermostat, which constantly opens and closes to regulate coolant flow - is under a lot of stress. In fact, the cooling system moves twice as much engine heat as the exhaust system.

# Lady Dutch Victorious

Stacy Wilde lays it up

On Tuesday, our Girls' traveled to Hanover-Horton and left with a win. On Thursday, we hosted the Napoleon Pirates, downing them 53-49. We outscored our neighbors to the west 11-5 in the opening 8 minutes of play. We shook off a couple of Pirate rallies to prevail in the end. Stacy Wilde hit for 14 points, as teammates Linda Milkey and Sara Corwin contributed 12 and 9 respectively. Be with us Thursday as we host Grass Lake.

# Dutchmen Crush Pirates

Friday was Parents' Night as we hosted Napoleon. Everyone saw us avenge our past two season's losses as we won our fifth straight battle. Steve Samonek had a big rushing night with 98 yards on 14 carries and one touchdown. Tom Mann completed 7 of 18 passes for a total of 128 yards.

We took the opening kickoff and drove 51 yards in 10 plays with Steve plowing the last 5 yards for the TD. Jason VanDeven toed the point after touchdown, making the tally 7-0; with only 4 minutes gone in the first quarter. On our following possession, quarterback Tom went to the air and found senior John Korican flying down the left sideline. As the ball nestled into John's arms, he crossed the goal line. This play netted 51 yards. From here on out, both squads' defenses took over, although we did score on a 1 yard plunge by Greg Lee on the final snap of the third quarter.

As I stated earlier, we have a 5 and 0 over-all record and 3 and 0 in the Cascades Conference. We have been stingy on touchdowns by holding our opponents to only two TD's. Our offense has been bombing away to the tune of 172 points.

Be with us Friday for our final home game of the season as we host Vandercook Lake at our Homecoming.

# Order Of The Purple Heart

The Military Order of the Purple Heart is an exclusive Veterans Organization which only accepts veterans who were wounded by enemy action. They are having their regular monthly meeting at the Dexter American Legion Post 557 on Dexter-Chelsea Road, Dexter, Michigan (just off Dexter-Pinckney Road) on Thursday, October 13, 1988, at 8:00 p.m. The Order is interested in getting more Purple Heart Veterans to come to their meeting in October. If you have a Purple Heart bring your Discharge Form DD214 to this meeting. We are organized to help the Veterans and particularly the Purple Heart Veterans and also to be doing community activities emphasizing the United States' celebration of our Holiday.

There has been a law passed in Lansing that if you have a Purple Heart you may get a special license plate from the state offices that issue them. The Military Order of the Purple Heart has been working to get the law passed for some time. The M.O.P.H. meets once a month on the second Thursday of each month and has been meeting at different veterans posts in the county to try and let more Purple Heart Veterans know about the Order. We are Chapter 459 of Washtenaw County but our organization is a congressional chartered National organization. The Order wishes every person with a Purple Heart would join because concerned veterans need to work together to help pass legislation to help all veterans. If you want any information you may call Iver Schmidt of Dexter (313) 428-4055 or Phil Hanson of Ann Arbor (313) 665-7128.

# Manchester Girl Scout Leader Honored

of lodge camping in January and had a weekend of platform tent camping at the Manchester Cluster Encampment in early June. Later in June, they went to Ohio for a three-day camping trip, saw the pandas in the Toledo Zoo, and spent a day at Cedar Point.

While studying careers, the troop visited Dr. Vera Kluwe's Veterinary Clinic. They had an interview with Tom Monaghan's private secretary to learn about her work - also they saw the Christmas lights and had a tour. They visited Mrs. Astrida Panches' chemistry classroom at the high school to learn about teaching and to earn their Water Wonders Badge at 10 work stations she had set up for them. Mrs. Panches and Frau Gisela Schmidt, a Fulbright Exchange Teacher from Germany, organized a German Day Wide Game so that the girls could learn about the geography, customs, and games of Germany. Also, as part of their preparation for the Girl Scout Olympics, Charlotte Major, a Marathon runner and a Girl Scout for many years, talked to the girls about women athletes, taught them how to warm-up and took them for a run.

Chosen as Leader of the Month for August for the entire Huron Valley Girl Scout Council was our own Junior Troop Leader from Manchester, Pat Sahakian.

She and her girls took a field trip by bicycle from town to Alber's Orchards this past Saturday morning - just one of the many activities that this large and busy troop participated in during this past year.

The girls in the Junior Troop #596 of Manchester are lucky to have very supportive parents; two troop campers; two first aiders; a water-safety certified parent; two wonderful assistant leaders, Julie Messing and Marilyn Knouse; and their leader, Pat Sahakian.

Pat was a girl member of the Scouts for 9 years. She says that her years in Girl Scouting have had a strong influence on her life.

The variety of activities the troop undertook this past year is impressive. Their out-of-door activities have included a two-mile hike in the rain, the 3.8 mile Manchester Trail opening day hike, the 3.5 mile Western Washtenaw Spring Walk, a hike around town to learn hiking safety rules, and the 3.8 mile Walk With Your Doc. They have marched in the Veteran's Day Parade and the Memorial Day Parade, and they rode on the Girl Scout float in the Manchester Fair Parade.

They had several camping activities. They went to stay overnight at the Hands-On Museum Camp-In, had a weekend

Service projects were another activity this past year. The Junior Scouts had a coffee hour after church on Girl Scout Sunday to thank Emanuel Church for providing them with a meeting place. They planted trees at Klager School, donated a Girl Scout handbook and Badges and Signs to the Village Library, raked leaves for Senior Citizens, went Christmas carolling and did the flag ceremony for the dedication of the Historical Society's Gazebo in the Park, for the Optimist's Scout Night, and for the Area Association's Fall meeting. They have helped the third grade Brownie Troop and other Daisy and Brownie Troops.

Pat is Vice-President of the Manchester School Board, a Sunday School teacher and is active in Band Boosters and the P.T.O. Pat is responsible for the Art Cart at Klager Elementary School also.

Pat and her husband, John, an engineer at Chrysler Proving Grounds, have three children: Krista, Jenny, and Kevin.

**3rd Grade "Plant" Tasting Party**

Mrs. Thorton, Mrs. Gould and Mrs. Kallewaard helped organize the plant tasting party in Mrs. Shaw's room. Children enjoyed identifying and eating the various parts of plants.

The third graders in Mrs. Lowery, Mrs. Grantham and Mrs. Shaw's classrooms have completed a science unit on plants. The final activity was a seed, roots, flower, stem, leaf and fruit tasting party. The parts that they ate were

identified as sunflower seeds, radishes, carrots, beets, cauliflower, broccoli, celery, green onions, lettuce, spinach and pepper to name only a few. They can identify the parts of the plant, can you?

# Suicide

poor me and perhaps it will stop you. Oh! dear, don't you feel sorry? My heart sinks within me when I think of it.

As regard to my things you may keep them all except such things as you think you won't want. Give them to Sarah. My breast pin give to Adam, as he gave me the ball on it. You keep my wedding dress and put a white shroud on me. Take my ring off and keep it, and hadn't you better give away my shawl and cloak, they may do some one some good. Don't put any shoes on my feet, and tell them to put on my short white skirt, it is good enough. Maybe you can't read this, but my hand is very steady. There is that bleached and unbleached muslin, you can have shirts made of. That yellow calico and that quilt partly peaced, and batting, let Carrie have. I won't leave any of my pictures to annoy any other woman whose lot it may be to meet you, as I did.

Hoping my laudanum will perform its duty well, I will not write more.

Yours, without a struggle, Christina.

"P.S.—Well, I will sit down to-night and finish. You say you have made an effort. When, and where, I can't see. The day we were married you went up to the hotel and got drunk. Was that

one of your grand efforts? if so, no thanks to you at all. Then, before that, the night you took me to the theatre, you was dead drunk, so that every one noticed it and asked me about it,—was that another way. Was it that people all asked can it be that Christina Filber is going to marry that drunken S.O. Clark?

Go to Manchester and ask any one of my reputation as a whore, and they will give it to you perhaps.

When I have finished that miserable life I have lead with you it will be said, well, she toughed it out longer than I expected. Going to town and getting drunk every solitary time, was that another one of your efforts. You are a necessary evil, and made to worry out more girls lives than your own miserable one is worth.

"I went to the barn ard and smashed that bottle of whisky, and I hope to God some one will every time you buy one.

Hoping you and your little bundle of sweet meats will make one more grand effort to save the fallen whores in this world. I remain yours, now and forever.

A Drunkard's Wife.

Hope you will make no more efforts as they may be the ruination of you.

C.C."

## Travel To Quilt Auction

Our Girl Scout Troop 650 went to Indiana. We went to the Quilt Auction. We stayed at the fairgrounds where it was held. We also went in a 2K Walk or a 5K Run but you could walk in the 5K and run in the 2K. We got tee-shirts and we saw a dog have a tee-shirt on. We had pizza for lunch and we went in barns. I had alot of favorite kinds of quilts. We slept in tents. The tent that I was in was wet because of the dew, just two tents were dry. There were five tents in all. The train went by every 20 minutes, it made me not sleep. I just dozed off.

We had a fun time!!!

## Discussion Series

THE DOLLMAKER demands discussion! Please come tonight and take advantage of a forum for this discussion. Whether or not you've finished the book (or even only saw the movie), whether or not you are burning to tell the world what this book meant to you and why you love (or hate) it, whether or not you would like to just hear others talk and allow yourself to quietly put this story into a more comfortable spot in your mind - the discussion portion of the Reading and Discussion Series will provide the opportunity.

The guest lecturer tonight will be Agnes Perkins, distinguished professor emerita from Eastern Michigan University. But the STAR of the meeting will be the

story - the powerful and unforgettable story of THE DOLLMAKER. See you there.

## Grange Picnic At Norvell

Manchester Enterprise September 30, 1975

It had never been our good fortune to attend the picnic given by the P.O.F.H., and as there was to be one at Norvell on the 22nd inst., we concluded to go. The day opened cold, and overcoats had to be brought into requisition. Old Sol did his level best to brighten up, but failed in the attempt to warm mother earth sufficiently to make a grass lunch anything of a temptation, except to those who had everything prepared and couldn't wait.

Arriving at the village of Norvell, we found the Manchester Brass Band had preceded us and were entertaining the people at the Norvell House with some of their excellent music.

A procession headed by the band and composed of members of the Order from various surrounding towns, in regalia, the glee club, speakers, and invited guests marched to a large and beautiful grove, "over the river," where ample seats had been arranged in front of a large stand built for the speakers, singers and band. In front of this stand was erected a triumphal (?) arch, adorned with fruits and other products of the farm, with the word "Welcome" at the summit. On the right hand was a banner with these words: "Equal rights to all;" and on the left, "Better days are coming." We don't know whether that motto was put there to signify "over the left," or not. Many of the trees were trimmed with cornstalks, etc., and the entire grove looked as though planted with pumpkins, while one large tree had fifteen or twenty attached to its limbs. We have often heard of cucumber trees, but a pumpkin tree is the latest. The unpleasant weather of the few preceding days had kept

## Intriguing Program At MAHS

Wystan Stevens is one of the most colorful and entertaining speakers around on the subject of history. Even those who ordinarily don't thrill to the subject, enjoy and appreciate Wystan Stevens lectures. And the Manchester Area Historical Society is delighted to invite you to hear Wystan Stevens speak at its next regular meeting, this coming Monday, October 17th, at 7:30 p.m., at the Blacksmith Shop, 324 E. Main Street.

The subject will be "Postcard Collecting" - an unusual yet incredibly interesting door to history through people and pictures.

Mr. Stevens was for years known as "Ann Arbor's unofficial historian," but his work embraces the "entire country." He has recently been active in establishing the "Community History Foundation for Washtenaw County," an organization which will raise funds to pursue research, writing, classes, oral histories, etc.

Mr. Stevens also has an enthusiastic following who attend his classes and tours - a favorite of which is a cemetery tour.

But it is not just the information of Wystan Stevens that makes his lectures so valuable. Certainly it is the man who shares the information, for Wystan Stevens is simply fascinating!

The Manchester Area Historical Society invites ALL in the community - whether members of the Historical Society or not - to come to the Blacksmith Shop next Monday at 7:30 p.m. to hear Wystan Stevens - and to enjoy an evening like no other - hearing history revealed through the stories contained in postcard collecting.

many from attending this picnic, although there was a goodly turnout. In the crowd we recognized people from nearly every town within a dozen or fifteen miles.

Dinner was first in order, and such a scrambling for dinner baskets is seldom seen. In a few brief moments every granger and his friend was doing full justice to the liberal supply of substantials and delicacies, which no people know better how to prepare than grangers.

The wants of the inner man being supplied, the band played one of their best pieces, and Rev. S. P. Murch of Sharon was introduced. He gave the people one of his best speeches, which was listened to with much interest.

The grange choir sang a song appropriate to the occasion, after which Hon. J. J. Woodman, of Paw Paw, Master of the State Grange, was introduced and made a very able address, which, although long by half, was listened to with attention. Rev. J. B. Gilman of Manchester followed with a few happy remarks, and of course a story, which "brought down the house." The band played another piece, the picnickers formed in line and marched back to the Norvell House.

## HALLOWEEN

Halloween, October 31 - Trick or Treat for the children of the community will be from 5:00 to 7:00 Halloween Night. Immediately following the children will be invited to go to the Middle School athletic field for costume judging and cider and donuts as was the custom several years ago. Please watch the Manchester Enterprise for more information next week.

## Youth Week Oct. 23-29

October 23 through October 29 will be Youth Week in the Manchester Community. It seems an opportune time to me that as adults (former youth) and current youth take the time to consider our positions in life and how we relate to each other.

The old adage of "the more things change the more they remain the same" can be seen as the "50's" are repeated again in the flat tops & buzz cuts in the men and the pegged pants and pedal pushers worn by the women and described as "new fashion".

Though the adults may smile knowingly at this, there are some changes that have occurred in the fabric of our young society. Academic pressures have increased ten-fold leaving those who can't compete even further behind and frustrated. Economically, the future is an expensive one requiring both husband and wife to work to achieve the same things that one salary at one time purchased.

Sadly, the substance abuse problem now begins in the 4, 5, 6 grades resulting in hardened, cynical people in high school.

Questions regarding identities and direction seem to be commonplace in today's high school. The odds of surviving the young years intact are greatly reduced today. Teen pregnancies, teen suicide, alcohol related issues and family instability contribute to the physical & emotional problems confronting our youth.

We as adults and young people need to make the effort to develop relationships in which we can mutually face these issues together.

## Marathon Runner Returns And Remembers

Both courses are relatively flat and definitely picturesque. Whether you're starting in Windsor or running home to Detroit or in Moscow starting at the Luzhnik Sports Complex running out to the Kremlin, along the Moscow River & finishing again at the Luzhnik Sports Complex it's still 26.2 long miles - it just takes longer to get to the Moscow starting line.

This year's Moscow Marathon drew 6200 male & female runners (females were 1,016 in number) from 85 countries.

**United Way At Work**

Did you know that:

- 369 children, ages 3-16, participated in baseball and softball under the Manchester Area Recreation program this past summer.
- 256 individuals were served by the Manchester Family Services.
- meals were served to 45-60 senior citizens twice weekly by the Manchester Area Senior Citizens Council.
- scholarship money was provided for 5 preschoolers needing financial assistance also insurance and equipment funding was used by 50 children in the Manchester

Co-op Preschool training and material was available to encourage the youth to "Just Say No" to drugs through the Substance Abuse Awareness Committee.

99 girls, 126 boys and 79 adults were involved in Scouting in the Manchester area.

These are a few examples how the local agencies used their United Way allocated money in 1987. A wide variety of concerns were met. Let's make it just as great in '88 and continue with the same tremendous support.
