

Farm Bureau Opposes Land Acquisition Fund

Michigan Congressmen have been urged to oppose a bill known as The American Heritage Trust Act of 1988 when it comes up for consideration. In a letter to all members of the state's U.S. House delegation, Michigan Farm Bureau's public affairs director, Al Almy, outlined the organization's strong opposition to the proposed legislation.

The bill, H.R. 4127, would establish a dedicated trust fund which would generate \$1 billion in interest annually for land acquisition and recreation projects.

"A large, new off-budget spending program outside the regular appropriations process and control of Congress would be created," Almy said. "At the very same time that efforts are underway to reduce the deficit, the direction of H.R. 4127 is uncontrolled spending."

Almy said the organization is also concerned that the taking of private land through eminent domain would be accelerated if the bill passes. "H.R. 4127 contains no provision that we are

aware of to require that the land be acquired from willing sellers," he said.

Farm Bureau is also concerned that government land acquisition will create higher property taxes. "Large amounts of land would be transferred from private ownership to ownership by federal, state and local governments," Almy said. "Private property owners would face higher tax burdens by removal of such land from local property tax rolls."

Under the proposed act, 30% of the \$1 billion fund would be provided for federal land acquisition, 30% for state and local government land acquisition and recreation projects, 10% for matching federal grants to states, 10% for urban parks and recreation, and 20% for any of those purposes. The fund would be established through federal oil and gas leasing revenues, motorboat fuel taxes and sales of federal real estate.

Aggressive Hunt Best Solution

The increase in car-deer accidents, plus the increase in deer crop damage, indicates there are too many deer in the state, according to Ron Nelson, legislative counsel for the Michigan Farm Bureau. Statistics from the Michigan State Police show that car-deer accidents have risen from about 20,000 in 1982 to nearly 39,000 in 1987.

"We're well aware that deer are an economic problem for farmers. As the deer population has increased, so has the crop damage. This report on car-deer accidents shows they're also an economic problem for motor vehicle owners," Nelson said. "One might conclude that we've really got more deer than we can accommodate safely and economically in this state."

Kent County led the state in car-deer accidents last year, followed by Calhoun, Jackson and Montcalm. The report showed that the high risk categories were ages 25 to 44, local resident, passenger car, on dry roads, after dark.

"Deer are a valuable resource in Michigan. However, as with any resource, it must be managed and controlled. Probably the best approach to the overpopulation problem is an aggressive hunt," Nelson said. "The Department of Natural Resources has issued its deer hunting regulations for this fall. There will be opportunities to take multiple deer in selected areas that cover a substantial portion of this state. The purpose of that is to reduce the population of deer."

Farm Bureau Testifies On SCC

If the Stockbridge site is selected for the proposed Superconducting Super Collider, sensitivity to the concerns of agriculture must continue, a Michigan Farm Bureau spokesperson testified at the SSC hearing this week.

The amount of prime farmland estimated to be needed for the SSC site is 5,500 acres, but Rebecca Jeppesen, manager of Michigan Farm Bureau's Community Activities Department, says the project will also have an impact on surrounding agricultural land.

Jeppesen said that compensation for farmland is a key concern of Farm Bureau members.

"Public Act 274 of 1988, which was signed into law this past spring by Gov. Blanchard, reflects the policy set by Farm Bureau members in regards to compensation for prime farmland. This legislation takes into account the recent decrease in farmland value, yet also includes the high valuation that this land once held. We support this legislation as the appropriate answer to the question of fluctuating values of one of this state's most valuable resources," Jeppesen said.

The state's largest farm organization last year gave conditional support to the SSC based on the recommendations of members in the proposed site area. The conditions for that support was that the concerns of agriculture be addressed. Those concerns included not only compensation for farmland, but loss of production, access to markets, business interruption allowances, relocation costs, community planning, loss of tax revenue for local governments and schools, maintenance of roads, plus adequate and proper drainage.

"If the Stockbridge site is selected as the home for the proposed SSC, sensitivity will need to continue for those farmers who will be asked to give up their homes, their businesses and watch their communities change," Jeppesen said. "The Michigan SSC office personnel have been very responsive to our questions and concerns. They have willingly met with and listened to members express their feelings about this project that in some cases will take their homes and businesses."

A Crazy Man With Blood In His Eye and Murder in His Heart

SHOT GUNS AND FIRE BRANDS

\$3,000 Go Up In Smoke

The Wells neighborhood about three miles southwest of Clinton, was greatly excited yesterday, and a representative of the Enterprise drove down to learn the facts for our readers.

On Wednesday morning about 2 o'clock the daughters of Crowell Eddy, Esq., were awakened by a bright light shining into their window, and looking out they found the barns on fire. The household were aroused and the neighbors called, but despite their united efforts nothing could be saved from the barns and they were consumed, together with four horses, four cows, all the farming tools, wagons, about 20 tons of hay, 75 bushels of oats, etc. The house was saved by hard work. The loss is estimated at about \$3,000, insured in the Lenawee County Farmers Mutual for \$2,000.

The fire is supposed to be the work of an incendiary, and he is **A REVENGEFUL NEIGHBOR** named John Bunting, who, it is

alleged, had a grudge against Eddy, who several years ago had him placed under bonds to keep the peace, he having threatened his wife.

After the fire word was brought that John Bunting had

Alcoholism Awareness Week

Take yourself to a movie during lunch this week in observance of Alcoholism Awareness Week (Nov. 13-19).

Saline Community Hospital will be presenting short films at noon Wednesday and Thursday in the hospital Blue Room. The movies will be "If You Love Me," on Wednesday, Nov. 16 and "Soft is the Heart of a Child," on Thursday, Nov. 17. Both films look at how alcoholism affects the family.

"When one member of a family has a drinking problem, the whole family is affected," said Lin Fox, clinical coordinator at Greenbrook Recovery Center, the chemical dependency treatment program at Saline Community Hospital. "Some family members may actually be enabling the alcoholic to continue his or her addiction while others are affected by the declining family unit."

Bring your lunch. Soft drinks will be provided.

Fatal Accident On M-52

A 33 year old Fenton woman died as a result of a head-on collision on M-52 north of Pleasant Lake Road last Wednesday.

Helen Spuehler, who was not wearing a seat belt, apparently fell asleep at the wheel of her car and drove left of the center line into a convoy of General Motors test cars.

The first two vehicles of the convoy swerved off the road to avoid the oncoming car but William Lewis of Pontiac and Joseph Moore, also of Pontiac, were both injured in the accident.

The General Motors test cars, under contract to Troy Design, are regularly driven along M-52 by test drivers.

Federal Foods Distribution

Surplus Foods will be distributed in the Manchester area again on Friday, November 18, at Manchester United Methodist Church, 501 Ann Arbor Street, from 10:00 to 12:00 noon.

It is expected to have butter, dried milk, flour and possibly rice. There will be no cheese.

Low-income households throughout the area are eligible. For information about income, call 428-8852 or 428-8790, or call Ann Arbor Community Service Agency at 994-1650 and ask for Federal Foods office.

Chosen DAR Good Citizen

Manchester High School is very pleased to announce that Vicki Warner has been chosen as the high school's Daughter of the American Revolution Good Citizen Award winner for 1988-89. Vicki is the daughter of Jack and Nancy Conaway.

Because our youth hold the future in their hands, the Daughters of the American Revolution established a Good Citizen Contest in high schools in 1934 to recognize and encourage outstanding young people in the pursuit of high ideals. Vicki was selected on the established qualities of leadership, dependability, service, and patriotism. She will advance to the State Good Citizen Competition in December by taking a written examination, submitting a transcript of her grades, and letters of recommendation. She will be honored on Saturday morning, February 18, 1989 at the Gerald Ford Library in Ann Arbor. State award winners will receive educational scholarships and will advance to the National Scholarship Competition.

Vicki is a senior at Manchester High School who plans to major in pre-med in college. While at

Manchester, Vicki has been on the honor roll every year and ranks second in her class. She has been active in basketball, track, majorettes, band and with the drama club. She is a two year member of the National Honor Society, is a member of S.A.D.D. and was elected 1988 Homecoming Queen. In addition, Vicki has been the student director for the school play, secretary of her class in 10th grade, and class president in 11th grade.

Klager Holds Mock Presidential Election

Fourth grade election workers include (l-r) Andrea Hughes, Kim Luckhardt, Katie Tolen, Jimmy Donnellon, Sarah Ahrens and Ryan Fielder.

Students at Klager School had the opportunity to vote for their presidential candidate in a mock election held on November 8, 1988. Fourth graders assisted at the polls as the elementary school "voters" went through the registration desk, received their ballot, entered the booth to vote and finally, deposited their ballot in the voting canister. All students that voted received an American flag pin to wear to indicate that they exercised their right to vote.

Tuesday, November 15 - Providing Winter Protection for Ornamentals.

Wednesday, November 16 - Winter Protection for Tender Plants.

APPROVED MINUTES

October 17, 1988

The regular meeting of the Manchester Village Council was called to order at 7:00 p.m. by President Kallewaard with the Pledge of Allegiance. Present: Kallewaard, Tapping, Reinhart, Kwolek, Becketl, Harris, Marshall and Schaffer. Also present: Tim Daly, Bill Doyle, Bob Lowery, Richard Boatwright and Nelson Boatwright.

The minutes of the October 3, 1988 regular meeting were submitted and approved as corrected on a motion by Marshall, supported by Kwolek.

APPROVAL OF AGENDA
Reinhart moved, supported by Becketl to approve the Agenda adding appointments under new Business. Ayes-all.

CORRESPONDENCE
None.

REPORTS
Sheriff's Report - Tapping reminded the Sheriff's Committee about Devils Night and the need for Police coverage. It was the consensus of Council that we should be sure to have Police coverage on Friday, Saturday and Sunday nights.

Planning Commission - Kallewaard noted the Planning Commission's recommendation concerning the Kemner variance was included in their packets. DPW Report - Becketl initiated

a discussion in relation to selling the street sweeper and buying or leasing a new DPW truck. Council asked DPW committee to get bids.

Motion by Kwolek, supported by Becketl to adjourn as Council and reconvene as the Zoning Board of Appeals.

Public Hearing - 7:15 p.m. Kallewaard opened the Public Hearing at 7:15 p.m. to hear comments on David Kemner's appeal requesting a variance on a side yard set back. Planning Commissions recommendation to the Village Council was that a variance be granted for a 15 foot setback along Duncan St. in lieu of the required 25 foot sideyard requirement.

There were no comments from the audience. The Clerk noted that she had received one letter in favor of the variance. Public Hearing was closed at 7:20 p.m.

Marshall offered the motion, supported by Tapping to grant the variance as submitted by David Kemner and as recommended by the Planning Commission. Roll Call Vote: Ayes-all.

Council reconvened at 7:22 p.m. DPW Report cont'd - Reinhart asked Kallewaard to write a thank-you to Union Construction and the Fire Department for all their help with the water main break on October 15.

Reinhart moved, supported by Tapping to make a donation of

\$100.00 toward the Fireman's Fund to purchase a new truck in appreciation for their help. Roll Call Vote: Ayes-all.

Council was presented with four McNamee, Porter & Seeley invoices in connection with the \$500,000.00 Bond Issue. Council asked to have the invoices held for review.

OLD BUSINESS
North Macomb Street Property - Motion by Kallewaard, supported by Kwolek to go into closed session at the end of the meeting to discuss negotiations for the purchase of Real Property. Roll Call Vote: Ayes-all.

Truck Access - Kallewaard briefly informed Council on the results of the meeting with Plastics. Manchester Plastics representatives agreed to take the committees suggestions of an alternate truck route using Elton Street to their corporate meeting.

Extension of North Union Street - Kallewaard reported the Baselles and Mrs. Neuderfer have agreed to deed the existing lane over to the Village in exchange for \$1.00 each.

NEW BUSINESS
Bridge Inspections - It was reported that Bridge Inspections must be done every two years. Reinhart said he would take care of calling. Appointments - Kallewaard accepted with regrets Russell Smiths resignation from Planning Commission and asked Council to

appoint Joan Schiller to fill the vacancy, supported by Becketl. Ayes-all.

Kallewaard moved, supported by Becketl to appoint Jim Roberts as the Alternate Building Inspector. Ayes-all.

Motion by Harris, supported by Marshall to appoint Bill Kwolek the Council representative to CRC.

Bob Lowery briefly reported on the Black Sheep inspection. Motion by Kallewaard, supported by Kwolek to schedule a Public Hearing regarding the Black Sheep on November 7, 1988 at 7:30 p.m. Ayes-all.

Council agreed to issue Citations on the final two violators of the Dumpster Ordinance. Motion by Kallewaard,

supported by Marshall to go into closed session at 8:08 p.m. to consider the purchase of Real Property. Ayes-all.

Council reconvened into regular session at 8:13 p.m. on a motion by Becketl, supported by Harris. Ayes-all.

Motion by Becketl, supported by Harris to have Kallewaard negotiate a settlement with Garnett Johnson up to \$2500.00 for the purchase of the property that our pipe is on up to Union Street. Roll Call Vote: Ayes-all.

Kallewaard presented Council with some information on the Limpert complaint. Council told Kallewaard to proceed.

Council adjourned at 8:17 p.m. Constance M. Schaffer, Village Clerk

Manchester Recycling Station Now Open

Your Manchester Recycling Station is now open for your use. The station is located at Wacker's General Store, corner of M-52 and Pleasant Lake Road. To better help you in using this new facility, please use the following guidelines in preparing your materials:

- NEWSPAPERS**
 -Newspapers only. Please do not include magazines, white paper, grocery bags, advertising circulars, or mailed advertising. Material which comes with the newspaper is acceptable.
 -Please deposit newspapers loose into container. Do not deposit strings or grocery bags.
 -No wet newspapers.
GLASS CONTAINERS
 -Separate by color: clear, brown, and green.
 -Recycle steel lids with tin cans. Check with magnet to make sure lid is steel.
 -Food and beverage containers only.
TIN CANS
 -Rinse cans and remove paper.
 -Remove both ends and flatten, if possible.

-Tin (steel) cans only. Check with magnet to make sure that it attracts the can. Some cans are bi-metal, with aluminum tops, and are not acceptable.

It is estimated that the Manchester Recycling Station will generate about 61 tons of recyclables per year. This represents:

- Savings in raw materials: The newspapers alone from the Manchester Recycling Station will save about 900 trees and 400,000 gallons of water. Recycling glass saves sand that is being taken from our lakeshore dunes. And recycling tin cans saves tin, a precious natural resource.
- Savings in energy: All of the above items take less energy to recycle than they do to create from raw materials.
- Savings in pollution: Because the above items take less energy, they will also generate less pollution when they are recycled.
- Savings in landfill space: Every item we recycle will save landfill space.

Estate of JOHN J. WELLNITZ, DECEASED, Social Security No. 370-01-1493.

TO ALL INTERESTED PERSONS:
 Your interest in the estate may be barred or affected by this hearing. TAKE NOTICE: On October 26, 1988, at 9:00 a.m., in the probate court room, Ann Arbor, Michigan, before Hon. JOHN N. KIRKENDALL, Judge of Probate, a hearing was held on the petition of JACK H. WELLNITZ requesting that he be appointed personal representative of the Estate of John H. Wellnitz, who lived at 520 Howard Road, Chelsea, Michigan, and who died October 19, 1988; and requesting also that the will of the deceased dated November 23, 1987, be admitted to probate and a hearing will be held on November 17, 1988 at 9:00 a.m. for a determination of heirs.

Creditors are notified that copies of all claims against the deceased must be presented, personally or by mail, to both the personal representative and to the court on or before December 30, 1988. Notice is further given that the estate will then be assigned to entitled persons appearing of record. KEUSCH AND FLINTOFT, P.C. Attorneys for the Estate BY: JOHN P. KEUSCH P-15927 119 South Main Street, P.O. Box 187 Chelsea, Michigan 48118 313/475-9671. October 26, 1988 JACK H. WELLNITZ 8069 Country Club Drive Brooksville, FL 34613

60th Wedding Anniversary

Otto and Margaret Kulenkamp will observe their 60th wedding anniversary November 15, 1988. They were married at her parents' home (the William Esch's) in Sharon and have lived at their present home near Manchester their entire married life.

Mr. Kulenkamp is a retired farmer and Mrs. Kulenkamp was a school teacher before their marriage. They have four children - Ermine (Shirley) of Evansville, Indiana, Vern of Manchester, Eileen (David) Pratt of Clinton, and Alvin (Caryn) of Cambridge, Ontario; 15 grandchildren and 12 great grand-

children. Mr. & Mrs. Kulenkamp are members of the Emanuel United Church of Christ, the Manchester Senior Citizens, and are former members of the Iron Creek Farm Bureau. Mrs. Kulenkamp is active in the Women's Guild of their church and the Shakespeare Club. The couple enjoys their flower and vegetable gardens, rug and quilt making, and latch hooking. They also take pleasure in visits from friends and neighbors and entertaining their families.

Their anniversary will be celebrated with friends and relatives Sunday afternoon November 20 at their home.

Senior Citizens News

'Tis the snow season again, wasn't that a surprise? Also time to get your flu shots from 9:00-12:00 today the 10th at Emanuel dining room. Am wondering if our computers should accompany us - they evidently get virus, too. All this time I thought that viruses were dependent on living tissue, live and learn! Guess they are getting to be more human than we thought. Anyway, if you wish to stay and enjoy the soup and salad lunch at 12 noon, you must make a reservation by calling Jan at 428-7630 before 10:45 a.m. on Thursday, November 10.

Friday, November 11: Fly your flag to commemorate Veteran's Day.

Saturday, November 12: Call Helen Knickerbocker at 428-7239 to see about going along to Chelsea for the travelog "Japan". The bus will leave at 5:30 p.m. to allow time for a favorite pastime first (eating).

Monday, November 14: Seniors will leave for free cholesterol screening at the Clinton Lenawee Medical Arts Building. Check with Helen to reserve a spot on the bus.

Tuesday, November 15: Pastor Riske will give the clergy presentation at 11 a.m. Baked hoki (fish) is on the noon lunch menu and come to the Center afterwards for senior activities. Oki-doki?

Wednesday, November 16: Chamber of Commerce has their membership and dinner meeting at 12 noon.

Thursday, November 17: Exercise at 11 a.m. Quite a number of our seniors are enjoying this bend and stretch session with our fun instructor. Come early to the sauerkraut and Polish sausage lunch and work up an appetite. Bingo will be enjoyed following the meal. This is also the date for the monthly card party at Freedom Township Hall that is sponsored by The Senior Citizens. It is not the fourth Thursday, as usual, because of the holiday on the 24th, mark the 17th on your calendar to play cards this month.

Klager PTO Minutes

October 24, 1988

The meeting was called to order at 7:45 p.m. with twelve members present.

Minutes for the meeting of September 26, 1988 were read and approved.

The Treasurers Report for October was read and approved.

President Vicki Miller gave a progress report on the Fund Raiser. 124 orders did not arrive on the scheduled date. The company promised to trace the orders and get them to us as soon as possible. The possibility of changing the type and timing of the fund raiser next year was discussed.

Future assemblies were discussed, as well as the possibility of taking the third and fourth graders out of town to see a theatrical production. PTO has booked a folk singer for an assembly on November 18th.

Sharon Anderson made a motion that \$50.00 be donated to this year's Senior Citizen Dinner fund. Virginia Johnson seconded it.

Principal Yvonne Henry brought up the possibility of PTO sponsoring a Health Fair in February.

It was decided that this year's DJ dance will be held in February and it will be a "Sneaker Hop".

Margaret Goodrich was contracted to make twenty-two computer covers for the school's computers.

Still working on the Wish List, it was decided PTO will soon purchase maps for the classrooms, as well as laminated maps for the students to take outside to use with the map in the back of the

school. Also, picnic tables for the area near the new barbecue grill may be purchased in the spring.

Principal Yvonne Henry gave her school update. She stated that Klager will hold an Open House for its 20th Anniversary.

March will be reading month at Klager. This year's program will be entitled "Reading is Dino-mite" using a dinosaur theme.

The Little Dutch News and The Klager Kids Corner will have a new and improved look this year thanks to the use of a computer.

She also stated that the number of migrant students has now dwindled from twenty-nine to fourteen.

With no New Business to discuss, the meeting was adjourned at 9:05 p.m.

Respectfully submitted,
 Monica Brooks

Shakespeare Reading Club

The Club met on November 1st at the Emanuel Church. Bonita Daisher's topic was "History of the American Flag". In less than 200 years the Stars and Stripes increased its constellation from thirteen to fifty bright and shining stars. Some of our members brought various flags for our roll call which made the topic more complete.

Our next meeting will be held at the home of Lenora Parr on Tuesday, November 15th at 2:00 p.m. We will have a book review on "Woman with a Sword" by a Guest Speaker.

Cub Scout Good Turn

On Saturday, November 12th the Cub Scouts of Pack 421 in Manchester begin "Operation Can-Do". This is a food collection campaign to feed the hungry people in our community. Operation Can-Do notices will be distributed on November 12 explaining the types of canned or boxed foods needed. On the following Saturday, November 19, the Scouts will return to collect food donations. The Scouts will try to contact as many people in the area as possible. If you are not contacted by November 12th and you wish to make a food donation please contact Matt Donnellon (428-9122) or Claire Turk (428-9260). Or food donations can be dropped off at the State Farm Insurance office (305 Beaufort). All food collected will be given to Manchester Family Services. PLEASE HELP THE SCOUTS HELP THE HUNGRY!

Community Resource Center

The Community Resource Center Board will meet November 16, 1988, 7:30 at the Community Resource Center, 122 W. Main Street. By Laws will be presented for approval.

Community Christmas activities, to be coordinated by the CRC, will be discussed. Plans will be made for a get-together of the former employees of Double A Products.

Board meetings are open to all residents of the Manchester area. Suggestions pertaining to concerns of the community that need to be addressed are always welcome. For more information call 428-7722 or stop in the office Monday thru Friday. Office hours are 9:00 to 4:00.

Brownie Troop #706 had a busy month in October. They toured Alber's Orchards, where they saw how cider is made, tasted different types of apples, and picked out Ida Reds to make pies. Then at their troop meeting, in the Methodist church basement, they carved pumpkins and made apple pies using the Ida Red apples. Adult leaders took the pies, baked them, took them home to freeze, and the girls all got to sample them at a later meeting. Adults involved with Troop #706 are Monaca Heinz, JoAnne Moore, Kathy Thornton and Dr. LaMont Okey. Future Troop plans include working on a play for Brownie Investiture, and going to the Children's Theatre production of "The Princess and the Pea" in November.

60th Wedding Anniversary

Mr. and Mrs. Lawrence F. Bloom of Brooklyn will celebrate their 60th Wedding Anniversary with a family dinner November 13 at Tom's Grill in Jackson. Esther Beuerle and Lawrence Bloom were married November 17, 1928 in St. John's United Church of Christ in Jackson. The retired farmer and housewife have two daughters; Mrs. Donald (Ethelyn) Rheses and Mrs. Richard (Gertrude) Kensler, both of Manchester. They also have four grandchildren and three great-grandchildren. The Bloom's are members of Emanuel United Church of Christ in Manchester. Congratulations!

"The Four Levels Of Living"

The Women's Fellowship of St. James United Church of Christ will entertain the women of St. Paul's UCC, Saline and Bethel UCC, Freedom Township Thursday at 7:30 p.m. "The Four Levels of Living" could easily be called "From the Dungeon to the Penthouse" says the Rev. Robert (Bob) Bond, interim minister, who will speak. Says Bob, "A chuckle or two is supposed to be involved, so cross your fingers and pray that joy will abound. If I could speak as well as the women make desserts to be served a perfect evening would be assured."

1988 Marching Hurons

Amy Fielder, of Manchester, participates in 1988 Marching Hurons.

Tax Filing Made Easier

Many older Americans may find the Tax Reform Act of 1986 has made filing their tax returns easier and for some unnecessary. said Ellen Palmer, the executive director of the Michigan Tax Information Council. Generally, a married couple with both spouses age 65 or older will need to file a return if their income exceeds \$10,100, Palmer said. If one spouse is younger, the limit is \$9,500 and for single senior citizens, \$5,700 can be earned before filing is required. Easier filing requirements are the result of increased standard deductions and personal exemptions. Prior to reform, extra personal exemptions were given for age and blindness. These have been replaced with a higher exemption for everyone (\$1,950 in 1988) and a higher standard deduction for age and blindness. The new standard deductions in brief: -If married, filing a joint return - \$5,000; age 65 or older, \$600 each spouse; blind, \$300. -Single - \$3,000; age 65 or older, \$750; blind, \$750. Federal law considers a person to be 65 on the day before his or her 65th birthday. For those who will turn 65 on January 1, 1989, the standard deduction for age can be taken for 1988.

The Eastern Michigan University Marching Hurons will complete a most-successful 1988 season with performances at the E.M.U.-University of Toledo football game on November 5 and an indoor appearance at the annual E.M.U. Bandorama on Saturday November 12 at 7 p.m. in Pease Auditorium on the campus. The Marching Hurons season began in August with a pre-school Band Camp which included a performance at the Ypsilanti Heritage Festival. The Marching Hurons have performed at all of the E.M.U. home football games, including an all-time record crowd on Band Night, October 8, and have performed also off-campus at Colon High School and Ball State University in Muncie, Indiana. Keeping Up With Lady Dutch

by Jon

On Thursday, October 27, we bused to the home of the Napoleon Pirates. We were slow in starting, having only two points in the opening quarter, but we rallied to nip them 35-31 at the conclusion. Vanessa Salyer led our scoring with nine points.

The following Tuesday, November 1, found us on the road again, this time in Grass Lake. Despite the Pirates' star popping for 31 points, we answered with Nikole Reinhart's 19 and Sarah Corwin's 12. This left the fate of the game in the hands of the rest of the members, and our squad put more points on the board leaving the final score 60-54.

On Thursday of last week, we hosted the Vandercook Lake Jayhawks on our Parents' Night. It was a tough battle, as we led by a mere two points at the intermission. Throughout the season, we have had a low output of points in the third quarter, and this was no exception. The 4th

quarter, we looked like a completely new team, outscoring them 21-8, to win easily 53-41. Nikole led all scoring with 18, as Cheryl Blumenauer posted 8.

Air Force News

Airman Terry D. Schuler, son of Mr. and Mrs. Harry D. Schuler of 19795 Sharon Valley Road, Manchester, has graduated from Air Force basic training at Lackland Air Force Base, Texas.

During the six weeks of training the airman studied the Air Force mission, organization and customs and received special training in human relations.

In addition, airmen who complete basic training earn credits toward an associate degree through the community college of the Air Force.

He is a 1984 graduate of Manchester High School.

A Frightened Community

ATTEMPTED TO SHOOT his mother-in-law and his neighbor Bridge Wells, and that he was either burned up with the barn, had killed himself, or was roaming the country half crazy and ready to wreak vengeance on any of the neighbors.

We drove to Bunting's house where a number of neighbors and Officer Stevens were searching for a clue. Three letters were found written by him, two were addressed to Clark Payne, a neighbor to whom he left the care of his property. The other was to his youngest daughters whom he had told the night before that parties were coming to put him out of the way. He gave one his watch and the other his pocketbook containing \$55, and sent them to the neighbor's. The letter is as follows:

My Dear Cora and Mabel: - I hardly know what to say in this trying hour. I hope you will be good girls and forget you ever had a father to leave such a stain behind, but can't help it. I am drove to it. If my body is ever found I hope you will let it lay where it is. I don't want a cent spent on me. I hope Mabel will keep on with her music lessons. I hope you will accept my love and give it to the rest. Children this is the hardest time of my life to leave you, but I hope you will get along all right. Be good girls and don't follow the steps of your mother. From your father, good bye. I wish I could talk to you, but I can not.

Two of these letters he wrote about 9:30 Tuesday night in the presence of the hired man, Wm. Haughn, whom he also told wild stories about the unfaithfulness of his wife and the conduct of his neighbors towards him, which frightened the hired man so that after Bunting had gone upstairs to bed, he fastened his own bedroom door, fearing that he might do him harm. The theory is that Bunting took his breech-loading shot gun and a revolver and slipped quietly out of the house and went to Mrs. Pawson's, his mother-in-law's, and creeping up to her bedroom window fired a charge of shot with the intent to

KILL THE OLD LADY. The charge lodged in one end of the pillow, her head resting on the other. One shot grazed the skin under her eye. She and her daughter who lives with her were badly frightened and feared another attack. They say that this was about 9:30. About 11 o'clock Bridge Wells heard Bunting call, and as he was unbolting the door a charge of shot bored an inch and a quarter hole through the panel and shattered a window opposite. It was a close call for him and he was so frightened that he dare not leave the house until morning.

The gun was found in the pig pen the next morning, but Bunting was gone and no trace of him could be found.

He has a wife and five children, four girls and one boy; two of the girls and the boy are married.

It is alleged he has always been jealous of his wife, but the neighbors, and his own children say without the least cause, and he has treated her badly and threatened to shoot her, which caused him to be placed under bonds as above stated. Of late he has been very bad and his wife left him about six weeks ago and went to live with her daughter Mrs. Mudget. The indications are that he was crazy, but some think it pure ugliness.

The sheriff and prosecuting attorney from Adrian were there yesterday, investigating the matter, and it is possible that the man will be found dead or alive.

Meals in Record Time —

Rock 'n Roll Burgers

Another Friday night...and you've got hungry teens on your hands with nothing to do. So why not have a record party. A party? Sure. These Great American Fun Foods make it easy for your kids to "twist and shout" while you sit back and relax.

Kids love burgers and fries. And what could make eating more fun than enjoying this "pop" meal with a few friends and their favorite records? MicroMagic Hamburgers, Cheeseburgers, Chicken Sandwiches, French Fries, Tater Sticks and Milkshakes take only minutes in the microwave and are simple enough for kids to make. All you need is a microwave and a few minutes of preparation before the guests arrive.

Create a burger buffet. These juicy, all-beef burgers lend themselves to a host of toppings allowing kids to personalize their own burgers. When the guests arrive, have a burger building contest. MicroMagic burgers are individually wrapped for single-serve convenience and microwave in less time than it takes to pop a record on the turntable. And, don't forget the fries. Crinkle cut fries and tater sticks are the perfect combination with burgers. In just minutes, kids can make solid gold fries that cook up crisp and delicious.

To round out this all-American meal, "shake it up" with smooth, delicious chocolate, strawberry and vanilla milkshakes. Thaw frozen shakes in the microwave for less than a minute, then stir for a thick, creamy, ice cold treat.

Because this party requires little supervision, Mom and Dad can enjoy

a fast, delicious meal of their own. Try a hot, tender chicken sandwich, 100 percent chicken breast meat on a soft, multi-grain bun. And treat yourself to a thick, delicious shake — a perfect companion for watching the latest video or spinning your own records. These Great American Fun Foods are fun for the entire family.

Try these famous named burgers (using the "add-on" ingredients listed), or have kids name their own burgers. The "top of the chart" award goes to the most creative builder.

Sharon Township Planning Commission Public Hearing

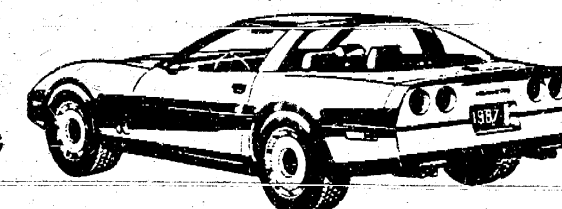

Please take notice that the Sharon Township Planning Commission will hold a Public Hearing on Tuesday, November 22, 1988, 8 p.m. at the Sharon Township Hall, 18010 Pleasant Lake Road.

This special Land Use Application would allow Keith Richard Hill to operate a home occupation that involves the making of harpsicords and the teaching of apprentices.

The land for which the special Use Permit is requested is part of the NE ¼ of section 35, T3S, R3E, Sharon Township.

Please direct any written comments to Reno Feldkamp, Chairman, Sharon Township Planning Commission, 8701 Smyth Road, Manchester, Michigan 48158, on or before November 22, 1988.

Shipwreck Author To Lecture

Robert J. Hemming, the author of GALE OF NOVEMBER, the story of the sinking of the EDMUND FITZGERALD, will speak next Thursday, November 16th, at the final meeting of the Library's Reading and Discussion Series.

All the "great" shipwrecks DIDN'T happen hundreds of years ago! In fact, just thirteen years ago today, on November 10, 1975, one of the most mysterious and dramatic shipwrecks in history occurred: the 729-foot ore freighter EDMUND FITZGERALD simply disappeared in the stormy, icy waters of Lake Superior.

Next Thursday, November 16, at 7:30 in the Blacksmith Shop, the author of the fascinating story GALE OF NOVEMBER, Robert J. Hemming, will be the guest lecturer at the last meeting of the fall Reading and Discussion series, sponsored by the Manchester Township Library. Mr. Hemming will lead the discussion which this book is sure to generate.

NICK ADAMS STORIES. Prof. Berkove is a great fan of Hemingway, and he especially has worked with the themes and symbols of Hemingway's Michigan writings.

Prof. Berkove presented his thesis on these stories with Michigan settings: that they very much parallel Adam and the Fall of Man. Michigan represents Eden. He argued for the deeply Christian basis of Hemingway's NICK ADAMS STORIES.

He detailed this argument quite thoroughly, enough to content the group with this unexpected context for the stories. Prof. Berkove also shared much related information, such as a bit on the history of the logging industry in Michigan in the late 19th century. But his most important role in the group was as a resource person, an expert on Hemingway. Prof. Berkove seemed to know even how and why Hemingway wrote as he did. In spite of this, however, the folks from Manchester spoke up and made several interesting points regarding the stories, and the evening was a pleasure.

The most spontaneous applause, however, was for Ann Fowler who provided a perfect refreshment for the theme of the meeting: apple butter and Michigan hickory nut bread, cooked on a wood stove, plus coffee, tea, etc. The refreshment portion is always enjoyable, partly because it is so delicious and partly because it allows time for more discussion in a pleasant, conversational manner.

Next week's meeting, the final meeting this Fall, with the author of GALE OF NOVEMBER, will be every bit as compelling. Books and more information are available from the Library.

Brandy is probably the oldest distilled beverage. It may have been made as early as A.D. 100.

FFA Alumni Association Forming

The FFA Alumni Association is a group of former active, collegiate, honorary FFA members, parents of FFA members and others interested in the FFA. The FFA Alumni Association's primary purpose is to support and encourage vocational agriculture and FFA programs on the local, State and national levels.

Many FFA Alumni members find that their involvement is a way to say "Thank You" to the FFA for the many opportunities it gave to them, their friends or family members.

It's no secret that vocational agriculture is changing and becoming more complex all the time. FFA Alumni members and affiliates quickly become indispensable to the vo-ag program.

Like other FFA Alumni members, you can help provide financial and instructional support by training judging teams, transporting FFA members to various activities or in any number of ways.

An organizational meeting is being planned for the Manchester FFA Alumni Association. It will

take place at Pleasant Lake Technical Education Center on Pleasant Lake Road on November 22, 1988 at 8 p.m. At this meeting, Frank Corrin, Corunna FFA Advisor, will be on hand to explain what the Alumni Association's goals are and what will be expected of the members. Also at this meeting, members will be given the opportunity to volunteer to assist the various projects the FFA is currently working on or has in the planning stages for the near future. The young men and women of the Manchester FFA deserve your support and expertise to help insure the success of the projects and activities the FFA is currently involved in.

Please mark your calendar for November 22, 1988 at 8 p.m. at Pleasant Lake for this very important meeting. If you have any questions or are unable to attend but wish to become active in the FFA Alumni Association, please call the High School office at 428-7333. We hope to see you there!

Deer Hunter Information Stations

Deer hunters heading north this year for the November 15 firearm deer season opener can stop and take an information break at two "Deer Hunter Information Stations" located along US-27 at Clare and I-75 near St. Ignace, from November 12-14.

Department of Natural Resources (DNR) conservation officers and wildlife biologists will staff the special stations to provide hunters with deer hunting literature and answer questions on deer concentrations, hunting prospects, regulations, and places to hunt and camp.

The stations will be located at the Department of Transportation (DOT) John C. Mackie Welcome Center on US-27 at Clare, and the newly built DOT Welcome Center in St. Ignace, located on I-75, just north of the Mackinac Bridge.

Hours of operation will be from 10 a.m. to 6 p.m. on November 12-13, and from 10 a.m. to 4 p.m. on November 14. DNR Director David F. Hales will be on hand to talk with hunters who stop at the Clare station from 11 a.m. to 1 p.m. on November 14.

"More than 3,000 people visited our first Deer Hunter Information Station at Clare last year," said Hales. "Response from hunters was so favorable, we're expanding the station to an Upper Peninsula site this year, increasing the opportunity for deer hunters to

talk with DNR staff one-on-one." DOT Director James Pitz added, "We're happy to provide the DNR with this focal point for contact with deer hunters; and pleased to see it has become a permanent program to assist hunters. Our staff will be available at both the Clare and St. Ignace Welcome Centers to offer deer hunters and other travelers additional travel information on lodging and tourist sights," he added.

Michigan's deer population is estimated at 1.5 million deer, one of the largest in the U.S. Overall, Michigan ranks second, nationally, for total deer harvest; first in the nation for archery deer and third (behind Texas and Pennsylvania) for the firearm deer harvest, according to national reports.

The deer herd has grown considerably in recent years due in part to mild winters. If Michigan experiences a severe winter, many deer could be lost to starvation if the herd is not reduced by controlled sport hunting.

"Its likely, nearly 750,000 hunters will take more than 400,000 deer during the 1988 season, exceeding a record 337,950 deer (227,870 bucks, 110,280 antlerless) harvested in Michigan in 1987," said Ed Langenau, with the DNR's Wildlife Division. This year's harvest has been designed to take more deer in areas where problems are occurring.

"DNR wildlife biologists are reporting high deer concentrations statewide," he added; "although there may be pockets where the deer herd is lower than last year."

Based on a 1985 U.S. Fish and Wildlife Service (USFWS) survey

on hunter activity, big game hunters in Michigan average nine days on the road and spend an average of \$40 per day for travel, food, lodging and equipment. Today, that figure is closer to \$44 per day, say USFWS officials, when adjusted for inflation.

"With 750,000 deer hunters afield, that's an immediate economic impact of nearly \$300 million for Michigan annually," said DNR Director Hales, "providing a real economic boost to small communities in northern Michigan, in particular."

Michigan resident and non-resident deer hunter license sales, which totaled 1,138,685 in 1987 alone, contributed another \$17 million, which helps directly support DNR law enforcement and wildlife management activities for deer and other wildlife species.

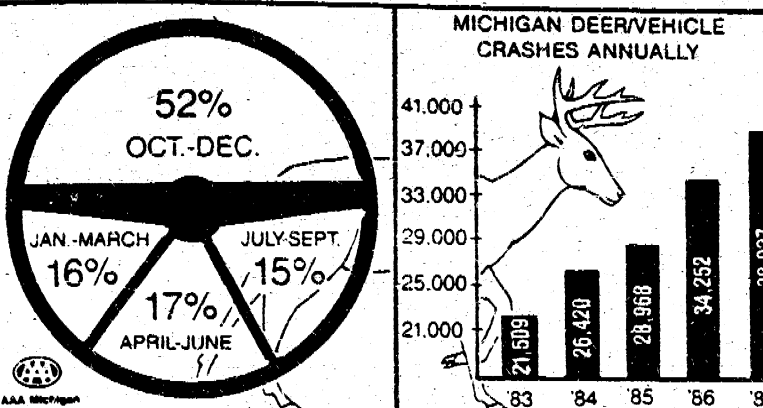

Deer seasons and license costs for 1988 follow: Regular firearm (November 15-30, statewide) and Muzzleloading (December 2-11 Upper Peninsula/December 9-18 Lower Peninsula) \$12.85 resident; \$100.35 non-resident. Archery Deer (October 1-November 14, December 1-January 1, statewide) \$12.85 adult, \$6.80 junior, ages 12-16, resident; \$75.35 non-resident. For senior residents 65 years and older, a \$4 license fee is good for all deer, small game, bear and waterfowl seasons. All licensees are required to pay an additional \$1 passbook fee.

Rogers Corner Farm Bureau

Rogers Corners Farm Bureau Group will meet Friday, November 11 at the home of Mr. & Mrs. Ken Siler.

in medieval times, church bells were rung in an attempt to stop storms.

DEER/VEHICLE CRASHES ACCELERATE IN AUTUMN

BWARE OF DEER - Of almost 40,000 deer/vehicle accidents in 1987, more than half occurred between October and December, deer mating season. The number of crashes jumped 81 percent from 1983 to 1987, with repairs averaging \$1,200 per vehicle statewide. AAA Michigan urges motorists to:

- Be extra alert during autumn.
- Ease to a slow pace if you see a deer and blink headlights or sound your horn. Don't panic or try to dodge a moving deer; it may run toward you in a dash.
- Watch at night for shining eyes.
- Assume more deer may be near if one appears.
- Report all accidents to local police or the DNR and your insurance company. You may obtain a permit to keep the deer.
- Educate other drivers to take extra precautions in autumn and always wear your seatbelt.

Just What the Doctor Ordered: How to Make the Most of Your Medical Deductions

If thinking about medical expenses makes you sick to your stomach, here's a possible antidote: Your medical bills may help you reduce your 1988 tax bill. Tax reform has made it more difficult, but not impossible to deduct some of your medical expenses. According to the Michigan Association of CPAs, you may deduct any unreimbursed medical expenses that exceed 7.5 percent of your adjusted gross income (AGI). Let's look at an example. John has an AGI of \$40,000 a year and his unreimbursed medical bills total \$5,000. Since 7.5 percent of his AGI is \$3,000, John can deduct the remaining \$2,000 in medical expenses from his taxes as an itemized deduction.

How did John come up with \$5,000 in unreimbursed medical bills? Many people assume that the only individuals who can take advantage of medical deductions are those who have been seriously ill or hospitalized over the past year. That is not always the case. Every year, people deprive themselves of a medical deduction simply because they are unaware of what constitutes an eligible medical expense.

In general, any unreimbursed medical bills paid for "the diagnosis, treatment, or prevention of disease, or for treatment affecting any part or function of the body" is deductible—subject, of course, to the 7.5 percent limit. You may be surprised at how many items fall into this description.

Medical, Mental Health and Hospital Services

Most likely, you already know that you can deduct fees paid to doctors and to hospitals. But you

may not be aware of some finer points. For example, you may deduct the fees paid to any qualified medical practitioner, including acupuncturists, dentists and chiropractors. The tax courts have even allowed some individuals to deduct payments to an Indian medicine man. Fees paid for mental health services supplied by psychiatrists, psychologists and social workers also represent qualified expenses. Deductible hospital services include all surgery fees, even those for such elective operations as a face lift.

Medicines and Drugs

Any amount that you spend for medicine or drugs requiring a doctor's prescription may be deductible. The deduction holds only for prescription drugs, so don't start collecting receipts for every bottle of aspirin you buy—even if a doctor recommends that you take one aspirin a day.

Transportation

One of the most commonly overlooked medical expenses is the cost of traveling to a doctor's office or hospital where you receive medical care. In fact, you may deduct the bus, train, plane, taxi or ambulance fare for transportation to a medical facility. If you drive yourself, you can deduct such out-of-pocket expenses as gas, oil, parking fees and tolls. Transportation expenses are also deductible for parents accompanying a child to a medical facility. In some cases, you may even be able to deduct the cost of moving to a different climate, if the move has been prescribed by a doctor as a way to alleviate a medical condition, such as asthma or emphysema.

Meals and Lodging

Obviously, you may deduct the costs of meals and lodging supplied by a hospital or similar facility in which you are receiving

medical treatment. However, you may also deduct the cost of lodging outside a hospital if, for example, you are a parent traveling with a sick child. In such circumstances, you are generally allowed to deduct \$50 per person per night.

All nursing-home fees, including meals and lodging, are deductible as well, as long as the person is living in the home primarily for medical purposes.

Insurance Premiums

If you work for a company that requires you to pay for your medical insurance, make sure that you add that cost into your medical expenses. For instance, Mary's employer takes \$35 out of her paycheck each month to pay for her medical and dental policies. Over the course of the year, Mary will pay \$420 in insurance premiums. While the sum is not very large, it may help her to meet the 7.5 percent limit on medical expenses.

If you are self-employed, health insurance may represent a greater expense—and a greater deduction. Self-employed taxpayers can now deduct, as a business expense, up to 25 percent of the health insurance costs for themselves, their spouses and their dependents. The deduction is taken directly off their earned income, without regard to the 7.5 percent limit. The remaining 75 percent of the insurance premium is treated like any other itemized medical deduction and is subject to the 7.5 percent limit. For example, Tom is a freelance writer earning \$30,000 a year. His annual

insurance payments come to \$2,000. He may take 25 percent of this amount, or \$500, off his earned income. The remaining \$1,500 is added into his other medical expenses and is subject to the 7.5 percent limit.

Special Equipment and Items

If you tore a ligament in your ankle this year, the crutches you purchased may represent another medical deduction. You may deduct payments for such items as false teeth, eyeglasses, guide dogs, wheelchairs and hearing aids.

Programs to Treat Specific Diseases or Addictions

Fees paid for services at a drug and alcohol abuse center are deductible. Other programs, such as weight-loss or stop-smoking clinics, may qualify for medical

deductions if your doctor recommends the programs as treatment for a specific disease, such as hypertension.

Services for the Handicapped

If you send a handicapped dependent to a special school or alter your home to accommodate a physical handicap or a medical condition, you can generally write off the costs. In case of an audit, however, you should be ready to supply a written recommendation from your doctor.

CPAs remind us that unreimbursed medical expenses can be deducted only in the year in which they are paid and are available only to taxpayers who itemize. For further information on how to deduct your medical expenses, consult a qualified tax advisor.

WHEN THE SNOW FLIES WILL YOUR CAR BE WINTERIZED?
Inspections of the Cooling System are Crucial to the Engines Health

How To Prevent Car Heart Attacks. FOR ONLY **\$39⁹⁰**

Unfortunately, most car owners don't realize that cooling system parts should be replaced before they fail. Like heart attacks in people, car heart attacks can often be prevented with regular inspections of the cooling system.

Today's cars operate at higher engine speeds with more equipment under the hood, smaller engine compartments, and reduced radiator size. So the cooling system—particularly the thermostat, which constantly opens and closes to regulate coolant flow—is under a lot of stress. In fact, the cooling system removes twice as much engine heat as the exhaust system.

COMPLETE INSPECTION INCLUDES:

1. Flush Cooling System
2. Check Operation of Thermostat.
3. Test Battery and Charging System.
4. Clean Battery Cables.
5. Inspect Radiator Cap, Belts and Hoses.
6. Fill System With Up to 2 Gallons of New Antifreeze.

Victory Baptist Declaration

Properties debt free! ASSETS: Organ Piano Nursery
A Church Van Kitchen & Library

The Lord sent Dean & Julianna Cooper to be Pastor three months ago. (Sorta like under new management)

Located 419 S. Macomb, the smoothest (to be) street in Manchester, south of the nice attractive fire-station.

LIABILITY: People needed to use the Assets.

OBJECTIVES:
Sunday School 9:45 a.m.
Worship 11:00 a.m. & 7:00 p.m.
Wednesday 7:00 p.m.

You are invited to lend us a hand in reorganizing this ministry. Visit us! Let us visit you! Call 313-428-7506. Thank you.

BELIEFS: The second Man our only mediator.
The second-Birth needed to be a Christian.
The second Death needed for the unsaved.
The second Coming of Jesus brings judgment.

No man is justified by "WORKS". Salvation, a "GIFT" each one must personally ask God for. Amen!

NANCY C. FRANCIS

And Her Campaign Volunteers

Thank The Citizens of Washtenaw County For Their Warmth, Their Consideration Over The Long Campaign and For Their Votes.

Sincerely, Nancy C. Francis

THE SEARCH FOR HEALTH

A Report from The National Institutes of Health Bethesda, Maryland

Preventing Falls
At any age, injuries from a fall can limit a person's ability to lead an active, independent life. And, as people age, changes in their vision, hearing, muscle strength, coordination, or reflexes may make them more likely to fall.

Each year, thousands of older men and women are disabled, sometimes permanently, by the broken or fractured bones that can result from a fall. Yet, there are some simple steps to help prevent these injuries:
*Have your vision and hearing tested regularly and make sure any necessary corrections are made. Sometimes simply removing excess ear wax will improve your balance.
*Ask your doctor or pharmacist if the drugs you are taking will affect your coordination or balance. See if they have suggestions to reduce the possibility of a fall.
*Limit your consumption of alcohol. Even small amounts can

disturb your balance or reflexes.
*Don't get up too quickly after eating, lying down, or resting. Low blood pressure may cause dizziness at these times.
*Make sure that the nighttime temperature in your home is not lower than 65 degrees F. Prolonged exposure to the cold can cause your body temperature to drop, leading to dizziness.
*Use a cane, walking stick, or walker to help maintain your balance on uneven or unfamiliar ground.
*Wear rubber-soled, low-heeled shoes. They grip walking surfaces better than socks, smooth-soled shoes, or slippers.
*Exercise. Regular physical

activity can improve strength and muscle tone, keeping your joints, ligaments, and tendons flexible. Check with your doctor or physical therapist to plan a suitable program.
There are also a number of things you can do to avoid potentially hazardous conditions around your home:
*All stairways, hallways, and pathways should be well lit and free from clutter.
*Electrical cords and telephone wires should be secured and well out of all pathways. Rugs should be tacked securely to the floor.
*Handrails should be tightly fastened along both sides of the stairs.

*Grab bars should be placed in and out of tubs, showers, and near toilets. Non-skid mats, abrasive strips, or carpet should be put on all surfaces that might get wet.
*In the bedroom, light switches (or nightlights) and telephone should be within reach of all beds.
*If you would like more information about health issues of concern to older adults, contact the National Institute on Aging, Public Information Office, 9000 Rockville Pike, Bethesda, MD 20892. For more information, about simple, relatively inexpensive repairs and safety accommodations for your home, contact the U.S. Consumer Product Safety Commission, Washington, D.C. (800)638-2772.

STATE OF MICHIGAN
IN THE
CIRCUIT COURT
FOR THE
COUNTY OF WASHTENAW
DONALD R. McDEVITT and
KATHLEEN A. McDEVITT,
husband and wife,
Plaintiffs
vs
LAWRENCE D. DONOFRIO,
DARLENE A. HULT,
PATRICIA MONNETT; and,
THOMAS P. DONOFRIO,
Defendants
File No. 88-35885-CH
Judge: Edward D. Deake
Terrance P. Conlin, P.C. P24853
Attorney for Plaintiffs
3001 S. State St., Ste. 542
Ann Arbor, MI 48108-7352
313/995-1266

NOTICE
WHEREAS, on the 28th day of October, 1988, the Circuit Court for the County of Washtenaw, the Honorable Edward D. Deake presiding, did issue an Order allowing service by publication pursuant to Rule 2.106 MCR:
NOW, THEREFORE, notice is hereby given to DARLENE A. HULT, PATRICIA MONNETT and THOMAS P. DONOFRIO that they are being sued in the Circuit Court for the County of Washtenaw, State of Michigan. This litigation involves the claim of the Plaintiffs to certain real property located in Section 27 of the Township of Scio, Town 2 South, Range 5 East, Washtenaw County, Michigan, and more particularly described as follows:
Commencing at North quarter post of section, thence North 89° 12' West 46.9 feet in North line of section, thence South 59° 30' West 996.8 feet, thence South 64° 00' West 170.95 feet for point of beginning thence South 8° 10' West 200 feet, thence North 79° 41' East 247.26 feet thence South 1° 04' East 351.45 feet, thence South 75° 38' 30" West 535.31 feet, thence North 2° 38' East 515 feet, thence North 64° 00' East 304.12 feet to point of beginning, being part of Northwest quarter (NW 1/4).
Further, be advised that you have until the 22nd day of December, 1988, to answer the Plaintiff's Complaint or to take such other action as is permitted by law or by Michigan Court Rule. Failure to answer or to take other action within the time allowed may allow a judgment to be entered against you for the relief demanded in the Complaint. Respond to the Clerk of the Court, 101 E. Huron St., P.O. Box 8645, Ann Arbor, Michigan 48107-8645.

National Merit Semifinalist and is considering the study of liberal arts at a college in the midwest. Optimist John Savage presented the award to Linda and her parents.

Fire At Village Tap

The Manchester Township Fire Department, responding to a call from neighbors smelling smoke, battled a fire upstairs at the Village Tap Sunday evening.

They received the alert at 9:10 p.m. and had the blaze under control in about twenty minutes, although firemen remained on the premises until after midnight.

The fire apparently started in the kitchen area and it is suspected the cause is electrical.

The Sand Lake and Chelsea fire departments were called, but the fire was controlled by the time they arrived.

Downstairs at the Village Tap there is water and smoke damage.

The Health Department will determine when the business may re-open.

At this time the damage is estimated to be in excess of \$30,000.

MHS Players Present "Rest Assured"

MHS Players left to right Mary Dettling, Kim Lee, Tim Fenelon, Jamie Hall, Audra Kennedy.

On Friday and Saturday we witnessed a well-executed play performed by young men and women from our high school. I was impressed by the acting in several different areas, with movement going on constantly. Their voices were clear and audible, directed at the audience, and on Friday, the night I attended, there were no noticeable lapses. Director-Producer

Nancy Kruse and Student Director Cindy Schulte can be justly proud.

Cast in order of appearance: Audra Kennedy, Mary Dettling, Tim Fenelon, Kim Lee, Jamie Hall, Ryan Burkhardt, Jill Fielder, Melanie White, Lance Fielder, Jamie Winzenz, Mike Anderegg, Robin Fleck, Jeremy Lenski, Vicki Warner, Karen Haussler, Brian Ball.

Santa Will Visit Manchester

by Janet LaBeau Shurtliff

Although the official beginning of the Christmas season won't take place until after Thanksgiving, TODAY you will want to mark on your calendars that the Sunday after Thanksgiving, November 27th, Santa Claus will visit Manchester for the day!

What a celebration we have planned! The Manchester Area Chamber of Commerce is organizing a "welcome" which will include music by the High School Band, a Santa escort by special little elves, an official greeting by our Host Elf and by the Mayor of the Village, singing of Christmas carols and holiday songs by adult and children's choirs, and a headquarters for Santa to receive visitors - all the children who wish to share their wishes with him.

A complete schedule with all the details will be in next week's paper. But be sure right now to mark your calendar for Sunday, November 27th, from 12:45 until 4:00, at the Mill - that Santa will be visiting Manchester, with all the pomp and ceremony that such an occasion deserves!

An Invitation To A Party

You are invited to a BIRTHDAY CELEBRATION! In case it has somehow missed your attention, please know that the Manchester Township Library is this year celebrating 150 years of service to the community.

The 150 Committee, which was set up to celebrate this anniversary for the entire year, is hosting a party on Sunday, November 20th, from 2:00 until 5:00, to honor the Library. However, to recognize the Library's 150 years service would be impossible without

SADD - Michigan Week

This is SADD-Michigan Week November 13-19, 1988. Our SADD chapter, (Students Against Driving Drunk) at Manchester High School sent seven students and two advisors to a student-leadership conference Tuesday, November 15, held at Roma's in Livonia. The student-leadership conference was sponsored by Project Graduation. The theme for this year's workshop was "Positively Powerful: Strategies for Action". The keynote speaker was Michael Brandwein, along with experts from the fields of fund-raising, special events, and membership recruitment.

Our chapter has a current membership of 43 students. We hope to see that number increase as others at MHS see what a difference we can make as a team

Shall We Have A New Bridge!

Manchester Enterprise
July 22, 1986

The Enterprise had supposed that every man, woman or child who have crossed the bridge on Exchange Place were aware of its unsafe condition. Certainly every boy who skates or swims and has been under the bridge knows that the timbers are rotting away, and that the structure has settled at the east end, and the stringers and planking are in a dilapidated condition is apparent to everyone.

An examination proves such to be the case, and further: the embankment at either end is crumbling away and careening piles offer but scant support for the timbers, which make it hazardous for teams with heavy loads to cross, and the township commissioner has so notified the people.

Looking at the bridge from "this side of the road" it does not look very bad, but the township board, having examined it, conclude it really is in an unsafe condition and must be repaired or replaced by a substantial structure; and after carefully estimating the probable cost of repairing and rebuilding, they wisely conclude that it will be cheaper in the end to build a new bridge of iron and set upon stone abutments, than to repair this one.

Hearing that there was some opposition to the project, the Enterprise interviewed a number of the heaviest taxpayers both in and out of the village, besides a large number of successful business men and farmers and every man said that if the bridge needed repairing to any extent, it was cheaper to build a new bridge.

Supervisor Burch, whom every tax payer knows, is always opposed to paying out money

unnecessarily or in increasing the tax, informs the Enterprise that "it will cost about \$2.25 per \$1,000 on the assessed valuation of the township, this includes interest, and as it is a maximum figure, it is liable to be less." He considers the money paid out in repairing the bridge the same as thrown away, as we can't delay building a new bridge much longer.

Commissioner Case says: "The main points for the taxpayers to consider is, whether a new bridge shall be built or the old one repaired. An estimate of the cost of repairing the old one cannot be given until the bridge is in torn up, but suppose \$200 or \$400 is required to repair it, would it not be economy to rebuild if we have to loan the money rather than be continually patching up the old structure? An estimate of the cost of rebuilding can be made at the rate of \$16 or \$18 per foot.

Early Deadline

Due to the Thanksgiving Holiday, The Manchester Enterprise November 24th edition will have an early deadline. All display advertising will be due by 5:00 p.m. Friday, November 18th and all classified ads and news articles by 10:00 a.m. Monday, November 21st.

United Way Surpasses Goal

Thank you and congratulations Manchester, you did it again! The goal of \$45,150 has been reached and surpassed. Figures came together on Wed., November 9th at the Manchester United Way board meeting showing almost \$47,000 in donations and pledges and several divisions still outstanding.

Once again special recognition goes to our industrial division. As in last year, Johnson Controls was top contributor. Employee donations over the year will be \$16,224 and the company will match it. This effort and all others show we are truly a caring community. "For A Better Day, Give United Way"
