

# Nitrate Well Test Results

The results of a well testing program, conducted by the Michigan Farm Bureau in cooperation with Michigan State University's Institute of Water Research and the Michigan Department of Public Health, indicate that the nitrate content of most of the wells tested are below the 10.0 parts per million (ppm) that the Environmental Protection Agency (EPA) says are reason for concern. According to Becky Jeppesen, manager of Michigan Farm Bureau's Community Activities

Department, a total of 1,516 wells in 73 counties were tested for nitrates. "Of that number 77% showed zero to 3.0 ppm. Only three counties averaged over 10.0 ppm— Mason, Missaukee and Barry—but those were counties where the number of well tests was very low," Jeppesen said. "Of the total tested, only 128 wells, or 9%, tested at 10.0 ppm or higher." Jeppesen said Farm Bureau offered the well testing program to its members to alert them of

the potential health problems that could occur because of high nitrate levels in drinking water. "We also wanted them to take a good look at their farm management practices and see where they could take actions to ensure a safe water supply. Education was an important part of the total program," she said. "Not only is pure water crucial to the agricultural industry, it is vital to the well-being of farm families, so farmers have a vital interest in maintaining and improving the quality of this resource." Farm Bureau members who participated in the program were sent well testing kits. They

returned the samples to the organization's home office in Lansing and those samples were sent to the Michigan Department of Public Health for testing. "Those with high tests were encouraged to take a second test and if the nitrate level was still high, we encouraged them to work with either the county Public Health Department or the county Cooperative Extension Service to determine the source of contamination," Jeppesen said. Information on individual wells tested is confidential.

## Manchester UMC Celebrates 150 Years

The earliest of Manchester Methodist states that the Church was created in 1831. This comprised of Adrian, Clinton, Tecumseh, Manchester, Saline, Ann Arbor, Jackson, Coldwater, and Marshall. To take in the entire round it required some four hundred miles, taking four weeks with twenty seven regular preaching places.

The first Methodist Society in Manchester was organized in 1839 with Rev. George Bradley as pastor.

In 1854, it was decided to move the building at Rowe's Corners to 211 Beaufort. This was done under the leadership of Brother William Judd and in time absorbed all the churches of Sharon. This Church was a lively body of interested people serving the needs of Methodism in the Community for 39 years.

The Church on West Main St. was purchased from the Presbyterians in 1893. An addition to the Church was made in 1958. In 1965 the purchase of our present parsonage took place and on Jan. 28, 1979, we had a mortgage burning ceremony. In the fall of 1966, Miss Nellie Ackerson, a devoted member and organist for many years, donated nearly an acre of land on Ann Arbor St. for the site of a new church. We later purchased seven acres surrounding to set the stage for our new building. On Sunday, April 18, 1971, a ground breaking ceremony was conducted by our District Superintendent, Dr. John Jury, our pastor, Rev. Walter Demburg, and members of our congregation.

On November 7, 1971, the corner laying ceremony was conducted by our pastor, Rev. Demburg. The last service in our building on W. Main St. was held Sunday, April 16 and the first service in our new church was held on April 23, 1972. A service of consecration was held on May

## McMahon's Battery

Manchester Enterprise  
June 7, 1988

Mister Editor: There is so much said about that battery of mine, that I mean to give you a sketch of it for publication. In '77 I went to Europe to sell this battery. It was rejected by the war departments of France, Prussia and Austria, but now that I have its rights protected, I mean to prove it before the people. I will place it at Ann Arbor hill at half past four o'clock Saturday, and invite all the men in Manchester and vicinity to try it with their rifles. I will pin a doll baby behind it and I will give \$5 to any man who will touch her with a rifle ball through the armor.

When this battery is in battle array it will be seven feet high with a set of lances two feet high. It can be locked or unlocked in every eight feet. If flanked by an enemy it can be formed into a semi-circle or circle complete, yet defying the enemy. This battery, with four men deep behind it, will drive all the armies in the universe before it faster than a Michigan farmer can drive so many sheep. With four inches of Toledo steel plating on this battery, it will throw a cannon ball 40 feet in the air 500 yards from the place where it strikes it.

## Hail To The "Chief"

Janet LaBeau Shurtliff

George Washington's arrival in Manchester last Sunday afternoon was as picturesque an event as one could wish! Blue sky and bright sun; a Gazebo wrapped in red, white, and blue bunting; a thirteen-star flag flapping in the breeze; and a crowd which apparently was willing to forsake the Piston's playoff game and their gardens as well.

A team of white horses drew the presidential wagon which carried General Washington down Main Street and through the crowd to the Gazebo. Gen. Washington approached the microphone and first commented about the quality of his trip from Mount Vernon before he began his Inaugural Address.

The crowd listened attentively to his speech even though some contemporary critics probably would not have been kind about its dynamics. Too long, perhaps? Lacking in humor? And no easy one-liners which could be used for headlines or for television news. It was, however, a meaty speech. And the complete text was published in last week's "Enterprise" for those interested.

John Korian, teacher at Manchester High School, then gave

his insights on the Address. One fact he took care to point out was that although George Washington in his speech stated his refusal to accept compensation for his position as president, he was willing to be reimbursed for expenses. Mr. Korian suggested that the fact that expenses ran so high made Congress decide they might be better off paying a salary!

President Washington remained on the platform while other announcements were made, speakers introduced, and a thoroughly enjoyable musical selection was performed by Manchester High musicians on flute, piano and drums. President Washington also presided over the unveiling of the marble marker which explains the significance of the cherry tree planted to remember this Bicentennial event.

President Washington had other engagements to attend, however, and therefore left when the crowd adjourned to Emmanuel Church for the dedication of its new Historic Marker and then cherry pie and ice cream.

For the 200-300 people in attendance, the day was an historic success. And our own John B. Swainson was certainly triumphant in his arranging for George Washington's appearance in Manchester!

## CRC Benefit Banquet

Have you purchased your tickets to the 2nd Annual Gaia Benefit Banquet for the Community Resource Center?

Wednesday, May 20 at 7:00, 17 volunteers, nominated for recognition by 16 organizations of the community, will be honored at Weber's Inn.

Banquet planning committee Jeff and Connie Schaffer, Len Bruner, Bob Miller, Jackie Goerke and Dianne Schwab encourage you to contact the Community Resource Center, 428-7722, by May 5, to make a reservation for an evening that provides the opportunity to say "Thank You" to many residents as well as give support for on-going work of the CRC. Instrumental and vocal selections, presented by Manchester High school students, will add to the enjoyment of the evening.

Manchester residents, organizations and businesses are responding well to the benefit that will help underwrite the work at the Community Resource Center for the next year.

Organizations who benefit from the CRC are the Manchester Family Service, Chamber of Com-

merce, Manchester Recreation Task Force, United Way, Red Cross and the Substance Abuse Awareness Committee. The MESC Job Service and the Interfaith Counseling Service are available in the community because of office space provided at the CRC.

## Fire Safety Video At Library

Is your home or vacation cabin nestled in the woods? Do you have pine trees or tall grasses near your buildings? If you do, the Manchester Township Library has a free, seven-minute video tape that could help safeguard your property.

The video was produced by the Michigan Interagency Wildfire Prevention Group to help address the wildland fire problem. The program discusses safe practices outside the home and offers tips on preventing damage to real estate from wildfires. A checklist for on-site inspections alerts homeowners to possible problems. There is no charge to borrow this VHS tape.

## Entries Available For 23rd Annual Canoe Race

Plans are well underway for Manchester's 23rd Annual Canoe Race to be held this year on Sunday, May 21 at 1:00 p.m. This year's event is being presented by The Manchester Recreation Task Force, and another planning meeting for the Canoe Race is scheduled for Tuesday, May 9 at 7:00 p.m. at the Manchester Chiropractic Clinic, 232 E. Main St. If you would like to volunteer to help with this year's race, you're invited to attend.

Entry forms are now available at Pyramid Office Supply, Kraus Pharmacy, Manchester Chiropractic Clinic or by calling the Community Resource Center at 428-7722. Trophies will be awarded in each of five classes and refreshments will be provided. Entry fee is \$5 per person and entries need to be received by Saturday, May 20, 1989.

## Two Hour Parking

TO: All Manchester Downtown Merchants  
FROM: Sgt. Joseph Yekulis  
Manchester Station  
RE: Two Hour Parking

As you know, the Village of Manchester has a two (2) hour time limit on motor-vehicle parking in the downtown area on Main Street. This free parking is provided to accommodate customers, however, numerous complaints have recently been received in regards to store owners, employees, and downtown residents parking in these spaces for extended periods of time. I would at this time request your assistance by asking that you use the available off-street parking provided.

The Village would prefer that our agency enlist your cooperation rather than strictly enforce.

## Boating Safety Classes

Sheriff Ron Scheibel announces that the Washtenaw County Sheriff's Department/Marine Safety Section and the Michigan Department of Natural Resources will offer pleasure boating classes throughout the county during the months of May, June and July.

The pleasure boating classes are open to all without charge; texts, notebooks, and related materials will be provided. Persons successfully completing the course will receive a Boating Safety Certificate. The Boating Safety Certificate also permits persons between the ages of 12-16 to operate a powerboat (6 hp or greater) without adult supervision. This course is open to adults who also want to attend.

Program instructions will include:

- Michigan watercraft laws and regulations
- Familiarization with rules for road and navigation aids;
- Principles of safe small boat handling and seamanship;

Proper selection and maintenance of equipment; First aid pertaining to water sports; and Accident prevention, rescue and assistance.

Classes that are scheduled to be taught at the Sheriff's Department will be on June 17, July 8 and 22. Class will begin at 9:00 a.m. and end at 3:00 p.m. They will be conducted in the Administrative Conference Room. The Ann Arbor "Y" will host a class on May 6, 1989. To register for this class, call 663-0563.

Please contact the Marine Safety Division of the Washtenaw County Sheriff's Department at 971-7551 for further information and registration for the classes to be taught at the Sheriff's Department.

## Federal Retirees May Amend Tax Returns

The State of Michigan recently lost a U.S. Supreme Court case concerning the taxation of federal retirement benefits. The State had claimed that although state retirees' benefits were not taxable, federal retirees' benefits were. The U.S. Supreme Court agreed with the federal retirees that their benefits should not be taxed by the state. Therefore, the state will allow those federal retirees to amend their 1988 returns only. It is most important to note that there is a filing deadline of 90 days from April 17, 1989. Anyone with additional questions should contact the Michigan Department of Treasury at 1-800-877-6424.

## Shakespeare Reading Club

On Tuesday, April 25, the club enjoyed Mabel Billing's photos taken of various places in England. Mabel was born in England. Mae Hardenberg showed her many slides of her recent trip to England. She and her daughter had a wonderful vacation there. Mae had us come to her home for our good time together.

Our next meeting will be on Tuesday, May 9, for our "President's Day" meeting. We will leave the Emanuel Church parking lot at 11:30 a.m. to travel to Blissfield. We will eat at the Hathaway House at 1:00 p.m. and then go shopping. Please call Lenora Parr or Bonita Daisher for reservations, or if you are unable to go if you have already signed up for our outing.

## Spring Sports Update

by Jon runs in the first inning, 3 more runs in the second and topped this off with 4 runs in the third. Nikole Reinhart was the winning pitcher. Our big stick tonight was Amy Scherdt with 5 RBI's. Other key hitters were Jackie Ahrens and Rebecca Scherdt.

Our boys also met Michigan Center that day and lost a heartbreaker, 7-6.

Wednesday night was track night for our Middle School boys and girls. Our opponent, Addison, squeaked by our boys' squad, 77-55, and defeated our girls as well. First place winners were: Jamie Sloat in the shotput and 70-meter run; Bryan Hoeff high jump, 55 meter and 100-meter hurdles; Jeremy Davis 100-meter run. The foursome of Jeremy Davis, Rod Burkhardt, Brandon Woods and Damien DuRussell captured the 400-meter relay run. First place on the girls' squad went to Wendy Haeussler in the two-mile run.

For the second day in a row, our track saw action as our varsity boys and girls met Michigan Center. I don't know how the girls fared, but the boys lost a tough meet, 70-66. Steve Samonek was our only field event winner as he sailed the discus 117 feet 6 1/2 inches, and pole vaulted at a height of 10 feet. In the running events, we captured the two-mile relay with Jamie and Benji Winzenz, Brian Weidmayer and Jim Landini. The 110-meter high hurdles went to Matt Knul with a time of 18.6 seconds. Matt also captured the 300-meter low hurdles in 44.1 seconds, setting a new school record. Jamie Winzenz finished his night winning the 1600-meter run in 4 minutes 58.7 seconds and then won the 3200-meter run in 11 minutes 14.9 seconds.

Closing out the week, we hosted Vandercook on our ball diamonds. Our girls won their second straight game 9-5 behind the strong pitching of Nikole Reinhart and heavy hitting by Sara Corwin, Stacey Wilde and Amy Scherdt.

Our boys also won 9-5 with pitcher Brian Barnard. Jim Hakes supplied the offensive punch. On Saturday, our hardballers participated in round one of the 16-team Rawlings-Huron High School Baseball Tournament. In the first game, we thrashed Whitmore Lake 11-0. Jason Van Deven was our winning pitcher. Having two hits or more were Tim McGinn, Dan Weber, Andy Pagel and Andy Burkhardt. Proceeding to round two, we fell to Clinton 5-4.

## Gift To Village

Janet LaBeau Shurtliff care for 10 years," said Mr. Parr. And indeed its hardness in our climate is not yet known.

However, if all goes well, someday there may be a fragrant boxwood hedge past which couples will stroll in the moonlight, and - if they're not too busy thinking of love and such things - they may remember the hedge was a gift from the Ladies' Society of Mount Vernon to the Manchester Area Historical Society which has been sponsoring the Village's bicentennial activities.

Jim McConnell, the executive director of the Michigan Commission on the Bicentennial, made the presentation on behalf of Governor James Blanchard. The boxwood cutting was given to Gov. Blanchard by the U.S. Bicentennial Commission from the Ladies' Society.

Boxwood is a plant which grows into a hedge. It has a spicy, aromatic quality (akin to bayberry) and has been referred to in literature when describing people strolling on a summer evening and smelling the boxwood.

According to Howard Parr, the Historical Society will consult with the Village of Manchester Parks Commission on a suitable place to plant this cutting. "This cutting will need tender, loving care for 10 years," said Mr. Parr. And indeed its hardness in our climate is not yet known.

Library Book Discussion

Harriet Berg, teacher of Dance History at Marygrove College in Detroit was interpreter and discussion leader last Thursday for Manchester Township Library's program on "My Life", the autobiography of Isadora Duncan, the innovator of modern dance forms.

While turning for inspiration to classical Greek sculpture and painting, she rejected the rigid disciplined movements of the popular ballet of her times. Ms. Berg, a dancer herself, is president and founder of the Isadora Duncan Centennial Society, an organization dedicated to the preservation and promotion of the dance and educational philosophy of the dancer who both shocked and entranced audiences in her native America and abroad in the early 1900's until her untimely death in 1927. As a feminist she protested and flaunted both the conventions and the clothing of her day that she found stifling to women and more particularly to children who were being trained to become small replicas of their elders.

Refreshments and further discussion followed Ms. Berg's presentation which included illustrative slides.

The fifth and last discussion program of the series will be held Blacksmith Shop at 7:30 when the book to be considered will be "Blackberry Winter", an autobiographical account by anthropologist Margaret Mead. The discussion will be led by Assistant Professor Anthropology Linda Easley from Siena Heights College in Adrian.

### FFA Participates in Contest

Eight teams from Saline, Manchester and Dexter High Schools traveled to Michigan State University in East Lansing to participate in the Annual FFA Agricultural Skills Contests on Saturday, April 22, 1989.

The purpose of the contests is to evaluate achievement and provide recognition for agriculture students through agricultural contests.

"Gold" awards are presented to teams that achieve the highest level of excellence in the contests. A "Silver" award, the next highest level of recognition, was presented to the Livestock Judging team. Team members included Julie Daniels and Julie Nixon of Dexter and Jennifer Bailey of Manchester. There were 36 livestock judging teams.

Mr. and Mrs. Bruce M. Hunt of Manchester proudly announce the engagement of their daughter, Kristina Kaye Hunt, to Second Lieutenant James Richard Orbock, the son of Lieutenant Colonel (Retired) and Mrs. Edward J.C. Orbock of Albuquerque, New Mexico.

The future bride is a 1986 graduate of Manchester High School and currently studying interior design at Michigan State University. Her fiancé is a 1988 graduate of the United States Military Academy at West Point, New York. He is stationed with the 101st Airborne Division (Air Assault) at Fort Campbell, Kentucky. An early July wedding is planned.

## Cooperative Extension Celebrates 75th

1989 marks the 75th year that the Cooperative Extension Service has been assisting families across America with educational information. In commemoration of the anniversary, the Washtenaw County Cooperative Extension Service staff will host an Open House on May 8 from 9:00 a.m. to 1:00 p.m. at their office located in the Service Center at 4133 Washtenaw Ave., Ann Arbor. The public is invited to stop by

the office to visit with the staff and find out more about the past, present and future programs. Anyone interested is welcome to bring photos and memorabilia from Extension activities to share during the Open House. According to Nancy Diuble Thelen, County Extension Director, those attending will also have the opportunity to learn more about health, foods and nutrition, county agriculture, the process from cow

to consumer, planning a vegetable garden, alternatives to toxics, a video from the 1941 county fair and other 1940-60 4-H activities, current 4-H programs, and natural resources and public policy programs. According to Thelen, "The Extension Service has grown with the times and expanded horizons to meet changing needs, modifying its programs and outreach in response to such factors as new knowledge, changes in its clientele's needs, and alterations in the socio-economic landscape. Extension's success is citizen involvement in identifying the infor-

## Highway Robbery

Manchester Enterprise  
February 8, 1877

A German named Godlieb Hettich was robbed on Exchange Place, last evening about 10 o'clock. It appears that he was having a "little spree," and when in front of Conrad Lehn's store, three men, noted roughs, Will Ruckman, Ben Williams, of this village, and Pat McMahon, of Sharon, assaulted him, and stealing his watch threw it into the road. They hustled around him, probably with the intention of preventing him from missing his watch, and followed him into Lehn's saloon. But he was not so drunk but that he knew a thing or two, and spoke to Conrad in German, telling him about the transaction. When the boys were accused of the robbery they stoutly denied it and offered to be searched, which was done. Of

course the watch was not found upon their persons and they were permitted to depart, but the Marshal, who was on hand, thought the case a clear one, and determined to watch and wait. Those who were in the saloon determined to make a search outside where the squabble occurred, and taking a light they found the watch and chain in the road where they had been thrown. Later in the night the Marshal was rewarded for his vigilance, by seeing two of the scoundrels, Ruckman and Williams approach the scene of their late encounter with the German, in search of their booty. They afterwards went to the Goodyear House, and being frightened told their story, but laid the blame upon Pat McMahon. The two were arrested by Rose and placed in bed at the Goodyear House, their clothes being taken away from them to prevent their escape. Rose and Vreeland arrested McMahon in the morning and the trio were handcuffed together. Examination Monday.

## Poppy Days

American Legion and Auxiliary volunteers will distribute the familiar red, handcrafted poppies honoring America's war dead on Friday and Saturday, May 19 and 20 in Manchester.

Planned to coincide with the Memorial Day holiday, the annual event pays tribute to those veterans who have died in the last 70 years. It also honors the millions of Americans who have willingly served their country in seven decades.

It serves as well as honors the veteran with all proceeds from the distribution invested in local programs for the benefit of the veteran and his/her family.

Each nine-piece poppy is made by veterans for veterans in Auxiliary-sponsored Poppy Shops that supplement physical and psychological therapy needed by hospitalized and disabled veterans. The Auxiliary provides the materials and the volunteers. The veteran makes the poppy and is paid a small amount for each painstakingly-made flower. For some it is their only income.

No matter what the cost of maintaining and supplying the Poppy Shops, the memorial poppy is never sold, but given in exchange for a contribution.

The Poppy program has been a part of Legion and Auxiliary programming for more than 65 years. It has been estimated that approximately 25 million Americans wear the poppy to honor America's war dead and all veterans, contributing nearly \$2 million for rehabilitation and welfare programs.

Mrs. Mary Smith and Mrs. T. V. Ludwick are Chairwomen of this year's event.

## Great Lakes Celebrates 15 Yrs In Manchester

Great Lakes Bancorp is celebrating 15 years in the Manchester community with an open house May 15-19. Branch manager, Dave Little, and the staff welcome customers and guests to stop in for coffee, donuts and cookies during the week. There will be prizes and give-aways daily, with coloring books and balloons for the younger visitors. Everyone is invited to sign up for a special anniversary drawing for a high-quality cordless phone. Two will be given away on Friday, May 19th. Friday will also feature an afternoon reception with punch and Manchester's own homemade pretzels.

Great Lakes is Manchester's oldest and largest bank. "We've always been staffed only with local people," notes manager Dave Little, who opened the Manchester office in 1974. "And everyone hired here in 1974 is still working with Great Lakes. That says a lot about our stability, and our commitment to Great Lakes and to this area."

Great Lakes Bancorp has its regional headquarters in Ann Arbor, and operates 63 branches in Michigan and Indianapolis. With \$3.7 billion in assets, it is the second largest savings bank in Michigan. Great Lakes will celebrate its centennial anniversary in 1990.

## The Harpsichord Described and Played

Manchester has had a history of remarkable people choosing to live here since it was first settled in the 1800's. And that tradition continues today.

Recently Keith and Marianne Hill choose Manchester for their home and for the location of the business: Keith Hill, Ltd., makers of fine harpsichords.

Marianne Hill is a pre-doctoral student of piano at the University of Michigan School of Music. Keith Hill has been building harpsichords for a number of years.

Members of the Manchester Area Historical Society had the privilege of meeting the Hills and hearing one of their harpsichords last December at the Historical Society Christmas Party. But that was too brief. And so the Historical Society has asked the Hills to present an entire program about the harpsichord - and the community is invited to attend.

The meeting will be held next Monday, May 15, at 7:30 p.m. at the Blacksmith Shop, 324 E. Main. Come ready to hear the unique sounds of the harpsichord as well as to learn much about its history and the way in which it is made.

(Also, members: Please know that the MAHS Collectible Sale will be held Saturday, June 10. If you have anything to donate for this sale, you are welcome to bring it to the meeting Monday.)

Our community is fortunate to have so many talented people. And next Monday we may welcome and enjoy the Hills when they present "The Harpsichord" at the Manchester Area Historical Society meeting.

## Flying Equestrians 4-H Club
