burning. Fresh flowers in the bedroom add a nice touch. In the kitchen, a basket filled with fresh lemons or some freshly baked muffins on a counter can invoke that homey feeling that helps turn a looker into a buyer.

There's even a tax benefit to fixing up your house before a sale. Remember, any profit that you realize upon selling your home can be taxed if you do not reinvest the gain in a home of equal or greater value. However, you can reduce the amount of the gain by subtracting from your home's

selling price the cost of repairs done during the 90 days prior to signing a contract. Just make sure the repairs are paid for within 30 days of the sale of the residence. Fix-up costs can include wall-papering, painting or repairing leaking faucets.

You should also be aware of a number of other tax advantages available to you when you sell your home, adds the Michigan Association of CPAs. If you sell your home for more than you paid for it, the profit is taxable. But, within two years before or after

the sale of your home you buy another home that costs at least as much, you may defer paying taxes on the profit. And home sellers who are 55 years old or older and have lived in their home for at least three of the last five years, are allowed a one-time exclusion of \$125,000 on the taxable gains from the sale of their principal residence.

## Rest Area Opens

Michigan's 84th freeway rest area is opening on southbound US-131 three miles south of Big Rapids.

The rest area was developed on a heavily wooded, 30-acre site and includes several picnic areas, and attractive brick restroom building and a plaza providing information on subjects ranging from emergency services to area motels and restaurants. There are separate parking areas for trucks and cars.

Landscape architects for the

portation took advantage of the natural terrain and provided for a viewing platform and plans for flower plantings and a nature trail.

Besides the freeway rest areas, Michigan's highway system includes 90 roadside parks and 40 scenic viewing sites. Together, they attract more than 50 million visitors a year.

## Gazebo Concert Series Begins

Janet LaBeau Shurtliff

When the Mill burned down in July of 1924, the fire took with it the town gazebo, more often called "The Bandstand," which was put up near the Main Street bridge twice a week for band concerts.

And now, 66 years later, our new Gazebo will be the site of the Manchester Gazebo Concerts, a summer series of weekly performances for the young and old alike in our community, beginning next Thursday, June 15, at 7:00 p.m. The series is sponsored by the Manchester Recreation Task Force.

In 1987, the Manchester Area Historical Society presented the Village with this new gazebo, situated in Wurster Park, across from St. Mary's Church. But once erected, it took some time to prove itself useful.

Finally we all shall discover what a pleasant tradition the old-timers experienced when they were young and enjoyed concerts at a gazebo!

Next Thursday's "Opening Night" act will be a Community Square Dance. And the organizers stress, "No experience is necessary!...It's easy!...All dances will be taught!...And no partner is necessary!" Come to dance - or come just to listen and watch.

The music will be provided by the "Raisin Pickers", with Rich MacMath from Grass Lake, as the caller. Mr. MacMath, with twelve years experience, has been the featured caller at WDET Folk Festival and the Pittsfield Grange Hall Dances. He will teach the basic steps for square, circle and contra dances.

For you "watchers," bring a lawn chair or blanket, perhaps even a picnic snack, and be comfortable. The music will be fine. But beware: you just may be tempted to join in a do-si-do and an allomande left!

IF IT SHOULD RAIN (and it seems we must seriously consider that possibility this year), the show will go on at a rain location nearby. That location is yet to be finalized but will be clearly posted if necessary.

The following week, on June 22, Maxton Bay "sails" in. Mark Palms, Carol Wells Palms, and Sheila Warner will present "dynamite vocals complimented by banjo, mandolin, guitar, fiddle, cello and bass."

Maxton Bay performs in music festivals and coffeehouses throughout Michigan, including Southfield's "Concerts-in-the-Garden," the World Friendship Shell in Bay City, Gaylord's Alpenfest, the Rogers City Nautical Festival and the Ark in Ann Arbor.

Each Thursday for the rest of the summer, through August 10th, with the exception of Fair Week, the concerts will continue. The complete schedule can be seen on the posters in store windows around town. What better way can there be to spend a Thursday evening this summer?

In conversation with Col. Wheeler, one of the proprietors of Wildwood Cottage, at Wolf Lake, also of the steamer Wildwood, which has successfully plied the waters that beautifully lake the past season, we learned that the project of connecting Michigan Center pond with the chain of lakes by widening and deepening the channel connecting them, so that their steamer could pass through, has had some attention from the proprietors, but it would demand a considerable outlay of money to accomplish it. The right of way would have to be secured from the farmers along the route, two or three bridges would have to be raised or so arranged that the boat could pass them and the channel there would have to be widened.

There is no doubt that should it be done the place could be made a popular and well patronized resort, not only from the Jackson people, but for people all along the Michigan Central railroad and throughout the central part of the state.

Wolf Lake is one of the most elevated sheets of water in Central or Southern Michigan. The water from the chain flows in two directions, east and west, into the Grand and Raisin rivers. There is splendid fishing there and the scenery is fine. A new hotel will probably be erected at the old Tooker landing the coming season, and Charley Aken talks of improving his property on the north side in the spring.

One of the prettiest sights for a hotel, and most accessible, is on the north side of Alcott Lake. There is a 80-acre grove and one of the finest landings on the lakes. The grounds belong to A. P. Cook, of Brooklyn, and can be bought at a reasonable figure and we believe if the right party was to put up a hotel there that they would have the finest resort in the country.

Hog Island, in Big Wolf Lake, is another splendid place for a hotel, picnic grounds and cottages. It is near by Napoleon and thus easily accessible to the wagon road or cars. In time they may be all improved and then people will not be obliged to go to Petoskey or the seashore to pass the heated term.

Vicki Warner is the daughter of Nancy and Jack Conaway of 182 South Clinton Street, Manchester. Vicki has participated in a wide range of activities at Manchester. She has been a member of the National Honor Society, band, S.A.D.D., Drama Club, basketball, track, varsity choir, and was captain of the Science Academic Games Team. She was elected class secretary in 10th grade, class president in 11th, and band treasurer in 12th. Vicki was chosen as the D.A.R. Good Citizen of the Year, the 1988 Homecoming Queen, and has won the John Phillip Sousa Band Award. She has won a Ferris State Merit Scholarship as well as the Traveling Health Careers Scholarship. She plans on attending Ferris State University where she plans a pre-med major.

### A Candlelight Recital

Janet LaBeau Shurtliff

The candles glowed warmly and sweetly during the blackout last Wednesday night when about 20 young piano students presented their Spring Recital at the Methodist Church in that quiet, gentle light.

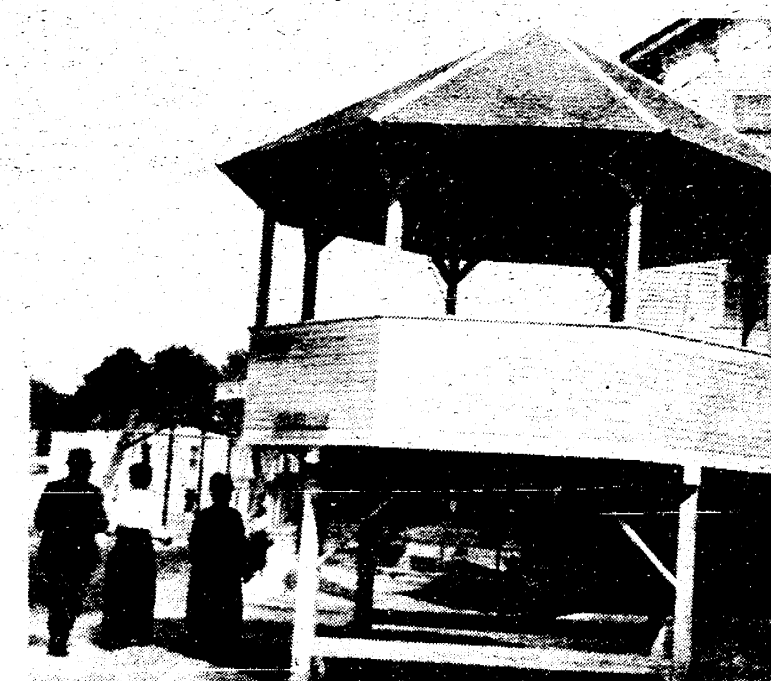

The youngsters are all pupils of Susan Gleason, and the "show" went on in spite of the weather! Certainly a prettier show there could not have been.

Two large floor-stand candle-labra stood on either side of the piano. Each held seven candles. On top of the piano was another large candlelabrum as well as several single candlesticks. The glow was soft and muted and provided a perfect atmosphere for the performances.

The selections performed ranged from short, simple folk songs to longer, more complicated contemporary pieces. These reflected the skills and experience of the children, who ranged in age from eight through mid-teens. There was a single departure from the piano performances: a student on trombone performed as well!

So while the thunder crashed and the lightning flashed, and the sky looked a bit too green for the second night in a row, the children strained and concentrated to make their performances the best they could be.

And by the gentle glow of candles, the audience of family and friends was calmed and charmed by a very lovely recital indeed.

Circa 1920 - The bandstand was put up near the bridge every Wednesday and Saturday nights.

## Letter To The Editor:

The Manchester area residents should be grateful for the very informative letter Mr. Emory Garlick wrote regarding Manchester Plastic's Operation and the present plant expansion.

It is also gratifying to see his letter published by the Enterprise in the May 25th edition. Had Mr. Garlick sent this letter to the Village Council, it would have probably been set aside and the Villager's would know nothing about the problems with the Toxic/Hazardous materials used in the plant manufacturing processes.

In the first place, few if any of the Council would understand the severity of the situation and starting right with the Mayor, wouldn't want to get involved, or rock their political boat.

The other situation I have complained about involved Reinhart's so called operation. The Village didn't even know that that portion of Union Street beyond the R.R. Right Of Way was private until I cited Circuit Court, Court of Appeals and Michigan Supreme Court decision's regarding the road. Only then did they have their attorney get busy and ask two parties to sign over a Right of Way so they could legally maintain the road, and cover their tracks before I took them to court. Naturally we wouldn't sign over anything to them so our village property (road) is not touched by Reinhart's crew. Now when Reinhart rented farm land from us, however, he made sure Village equipment worked on the road and also had it cleared all winter for his convenience.

Knowing how certain members of the Council operate I don't see how the local residents can expect them to police the "Plastics

Operation." The only way now to get this situation corrected is at the "Ballot Box."

I would like to assure Mr. Garlick that we are having our ground water tested periodically, and if there's a problem in the area where we join the plant, they can expect a big problem from us immediately.

About a week or ten days ago the plant had a spill and the (seavenger boom) placed in the river is still laying down at the culvert where the spill entered the Raisin. If this is what the Village calls clean up then someone should set up some new rules. Now the high water has washed most of it downstream.

Please, Mr. Garlick, continue to apply the pressure because as you stated, the property values are affected. Drive up on North Union and you will see one of the better houses already on the market. The new plant makes a terrible background.

The best way to force the Village Council off center is to file a CLASS ACTION suit on behalf of all the Manchester area residents and make the Council toe the mark before an occupancy permit is issued.

## 1989 EMU Excellence Awards

Molly McGuire of Riverbend Drive and Connie Zimmer of Schleweis are among 275 students to receive Eastern Michigan University's 1989 Recognition of Excellence Awards.

Winners of the \$1,000 scholarships must have earned a 3.5 grade point average in high school or at a community college and demonstrate outstanding leadership ability. Preference is given to high school students who score at least 20 on the American College Test of 900 on the Scholastic aptitude Test.

Most awards are given to Michigan students although out-of-state awards are distributed as funds permit.

## College Preparation Class

Washtenaw Community College is offering a new class to help prepare students for college. The course is called Student Success Seminar and is open to any interested student whether or not they plan to attend W.C.C. This course will help students learn what is needed to become a successful college student. Areas covered will include how to develop study habits, how to use library resources, how to plan your career, and how to set your goals.

Beginning Monday, June 19, the course will continue for seven weeks until July 31. It will be held at the Western Regional Center at 134 W. Middle Street in downtown Chelsea. To apply or to learn more information call the Western Regional Office at 476-5985.

## Senior Citizens News

What a week! Manchester area people rallied around once again to help each other in a most trying time of downed trees, flooded basements and my neighbor shared his generator to save food from spoilage. We've all heard many stories of that unusual (for our town) storm which we will long remember. One friend hand-dipped 50 pails of water that her sump pump could not take care of and it was dark as she did it. We applaud parents of their graduates who managed beautiful parties last Sunday as though nothing had happened - you are to be congratulated.

The senior meal on June 1st was cancelled (Jan almost went ahead anyway through thick and thin.) Her pork chop dinner was served on Tuesday and she will serve the chicken dinner at senior meal on the last meal 'til fall on Thursday, June 8. If you plan to attend, call her at 428-7630 before 9:45 a.m. if you haven't already signed up.

Tuesday, June 13: Council meeting will begin at 9:30 a.m., followed at 10:45 by work on the calendar for July-August. Come and give your ideas.

Wednesday, June 14: Pickup will begin at 9:30 a.m. to go to the Saline Hospital program "Stroke Patients". A visit to the Saline Home will be made, too, come and join in by calling your reservation on the bus to Erma Aiber at 428-8707. Chamber of Commerce

You can learn about these changes and the principles of safe canning at a public lecture-demonstration sponsored by Co-operative Extension Service. The event will be held at the County Service Center, 4133 Washtenaw, Ann Arbor, June 14, at 7:00 p.m. and repeated on June 15 at 10:00 a.m. There is a \$3.00 fee for the program payable at the door. Pre-registration is required; call 971-0075.

luncheon meeting is planned for noon.

Looking ahead: Note changes of dates—those with reservations will go to the Frankenmuth Bavarian Festival on Friday, June 16. Spots on the bus are still available if you wish to go along to Belleville to their Strawberry Festival on Saturday, June 17. Call Erma Aiber to get on this trip list.

Monday, June 19: Seniors plan to leave the Center at 9:30 for a shopping trip to Arborland, call Erma if you are interested.

## Canning Update

If you are getting the same way your mother and grandmother did you may be in for a surprise. It may not work; the food may spoil or be dangerous for your family. Many changes are now recommended because there are new varieties of fruits and vegetables, and because the USDA completed extensive research and revision of procedures.

## Receives National Science Academy Award

Webberville Schools. David will appear in the United States Achievement Academy Official Yearbook, published nationally.

"Recognizing and supporting our youth is more important than ever before in America's history. Certainly United States Achievement Academy award winners should be congratulated and appreciated for their dedication to excellence and achievement," said Dr. George Stevens, Executive Director of the United States Achievement Academy.

The Academy selects USAA winners upon the exclusive recommendation of teachers, counselors, coaches or other school sponsors and upon the Standards of Selection set forth by the Academy. The criteria for selection are a student's academic performance, interest and aptitude, leadership qualities, responsibility, enthusiasm, motivation to learn and improve, citizenship, attitude and cooperative spirit, and dependability.

David is the son of Mr. and Mrs. Bill Wheeler. The grandparents are Mr. and Mrs. Jean Wheeler of Manchester, Michigan and Mrs. Clarence Roehm of Saline, Michigan.

## EDITORIAL

### THE SCHOOL MILLAGE PROPOSAL: KNOW WHAT IT MEANS

When you vote next Monday, June 12th, you will find an interesting proposal on the ballot. It is seemingly straightforward: will you approve the schools levying the already authorized millage rate in 1989 "without the reduction required by section 31 of article 9 of the state constitution of 1963?"

How many of even our most historically astute citizens would know what section 31 of article 9 of the state constitution of 1963 is?

### IT'S THE HEADLEE AMENDMENT.

Remember the Headlee Amendment? We the people of the State of Michigan initiated and passed this to provide an automatic regulator for skyrocketing property taxes due to increases in our assessments.

The schools don't lose any money. Rolling back the millage so that it keeps pace with inflation increases the net revenue to the schools - it simply limits their windfall to the rate of inflation and no more. It sort of prevents taxation without representation by way of the assessor determining taxes.

Manchester schools want to experience an unbudgeted windfall from our recent assessment increases. But to do so, we must give them permission.

You should know - even though the ballot language doesn't suggest it - that a 'yes' vote is a vote to override the Headlee Amendment.

ment and to pay more in taxes than anyone ever imagined when the millage was passed.

A 'NO' vote still allows the schools to receive all the money they were authorized and all budgeted for, plus more for the increase from inflation, plus more still from taxes on new construction.

See you at the polls.

## Chicken Broil Time!!

The third Thursday in July is almost upon us. It's that magic day when the ladies eat out and the men and boys have to work. It's Chicken Broil time! It's our 36th year and the projects that have been accomplished for our community youth are inspiring. Recently we've included projects for senior citizens and our Township library.

It's a good old-fashioned party, with the Manchester area playing host to 14,000 diners - all in about four hours.

We'll have barber shop quartets and Sweet Adelines roving the area entertaining the crowd wherever they go.

If you're a worker, recruit a friend to help! There's a place for everyone who would like to help. Remember headquarters is at Sutton Insurance Agency on Main Street.

SEE YOU AT THE BROIL!

But we don't stop there.

Having a Prime Time Account™ means having no annual fee on your Visa® or MasterCard®.

There's no fee for traveler's checks, to go with the Prime Time Account's travel and lodging discounts.

Advice isn't cheap. It's free. With the Prime Time Account's initial trust consultation feature.

All we ask is that you keep \$2500 in our Money Market Savings Account.

Safe-deposit box comes free for one year. As do many other banking and financial features. Subject to availability.

No service charge checking is all well and good.

But if you're really interested in eliminating banking fees, try our Prime Time Account. With it you can consolidate a lot of banking into one account, minus a lot of the fees.

All you have to do is keep \$2500 in a Money Market Savings Account.

**Special 1/2 Percent Bonus Rate CD\***

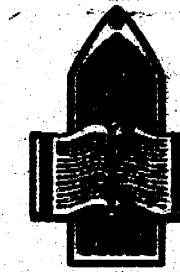

Open a Prime Time Account at one of our offices before June 30 and we'll also give you

a 1/2 percent bonus rate on a new one-year CD.\* That alone could save you more than you're currently paying in fees. Which makes the Prime Time Account hard to say no to.

# WAS IT A TORNADO?

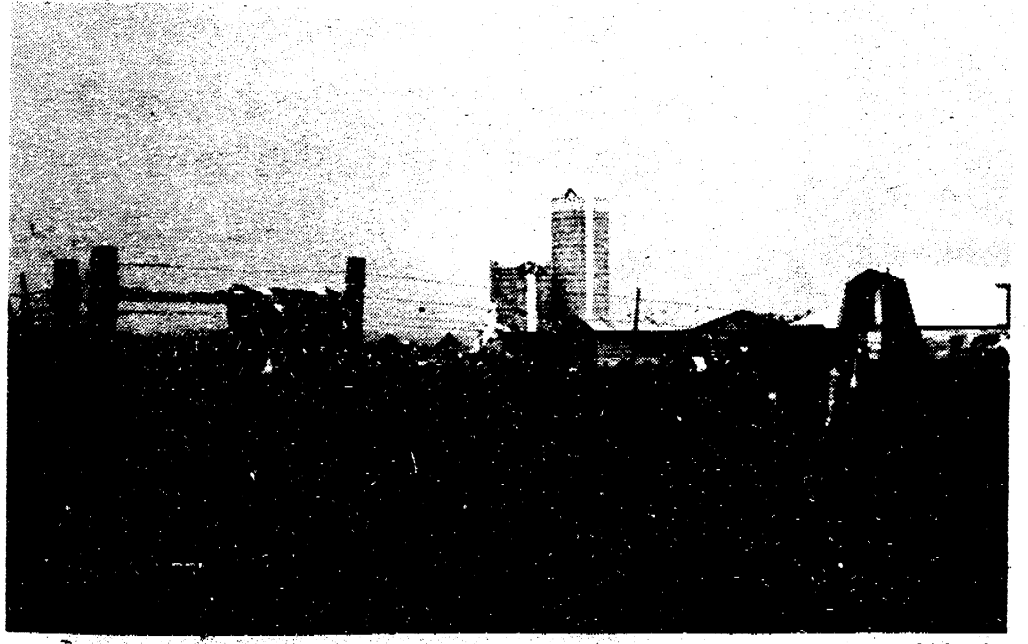

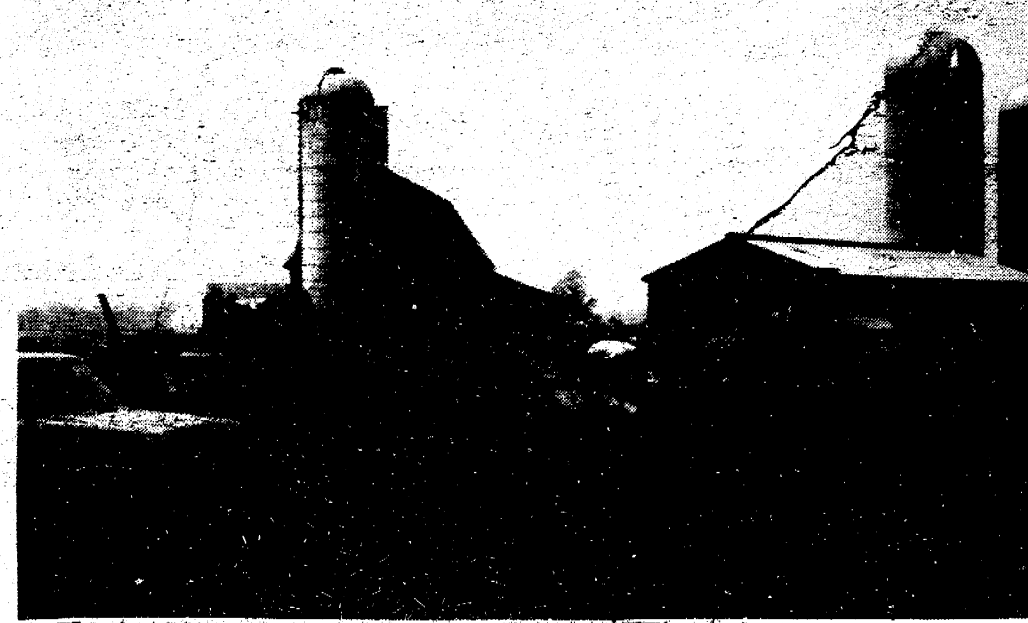

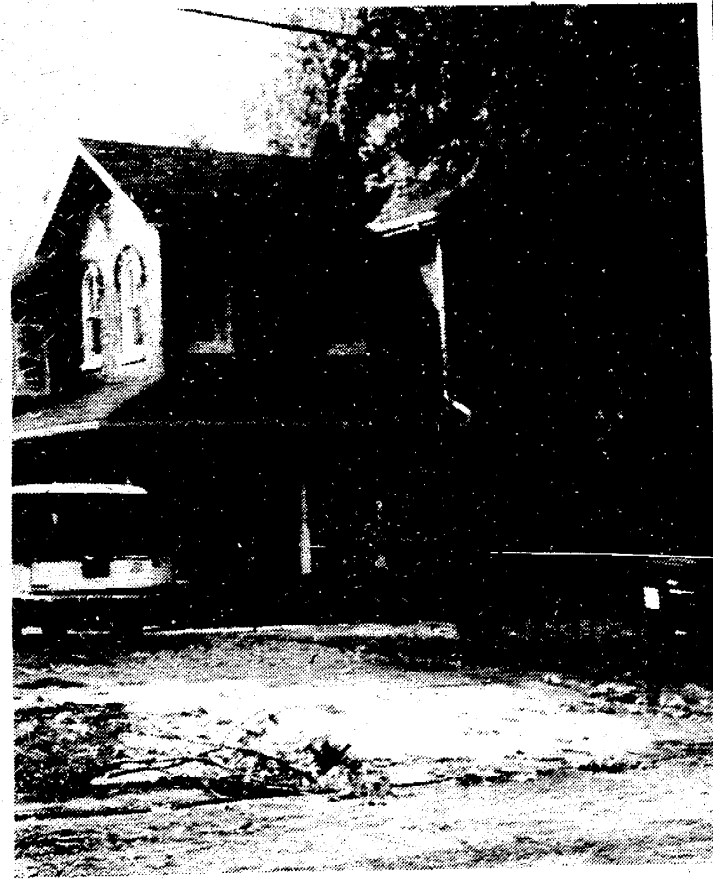

Was it a tornado that skipped here and there over the Village and surrounding area Tuesday, May 30 or just a severe thunderstorm? What ever it was, the damage was very extensive. Trees and barns were blown down throughout the area. Fortunately, there were no people injured during the storm.

Most of the residents were without electrical power Tuesday evening from 7:40 until Thursday evening at 8:30. Many in the outlying townships did not have their power restored until 1:00 p.m. Saturday afternoon.

Every where there was a problem, helpers gathered on Wednesday to assist property owners.

It is certainly a credit to our community to have such fine and concerned people.

A great big thank you to all—we are proud to call Manchester "our hometown."

### American Legion 2nd District Meeting

The next meeting of the American Legion 2nd District will be Sunday, June 11th at the Lynn C. Weeman Post 514, starting at 2:00 p.m. The Service Officer's School and Memorial Service will precede the meeting during which time all reports from the committees will be given. Following the meeting the election and installation of Officers will take place. The new Committeeman or Commander of the 2nd District, American Legion, will be Roger W. Younglove of Ida Post #514. The American Legion 2nd District covers 4 counties: Monroe, Lenawee, Jackson & Washtenaw.

We in the 2nd District are very honored in that the State Commander, Thomas P. Cadmus, and the State Auxiliary President, Mary Jane Choate, are both from the 2nd District. Tom Cadmus is from Britton Post #155 and Mary Jane Choate is from Brooklyn Unit #315.

## Cards of Thanks Engagements Announced

Sutton Agency would like to thank our customers for their patience after the storm. We apologize for your inconvenience while our phones were out of order Wednesday and Thursday.

For all the food, flowers, many, many cards plus the visits and phone calls, what can we say except thanks a million. I know that God was caring for me all the way along plus your prayers and offers of help. Thanks again.

Margaret and Art Ekin

We would like to thank our many friends, neighbors and relatives for their acts of kindness and support during my recent hospitalization and surgery. Especially to the men who built the ramp, funds for ramp materials provided by Brooklyn American Legion and Auxiliary poppy fund and anonymous donors. Also for hospital equipment provided by Manchester American Legion.

Tom and Mary Lou Gormley

A great big thanks to my relatives, neighbors, and friends who gave their time and effort to clean up my yard after the devastating storm. I can't express my gratitude enough. A special thanks to my daughters and husbands and children. You are always here when I need you. I also thank the Village for taking away the debris.

Mary Diver

A tornado is an awful way to be reminded of what a remarkable town we live in and what wonderful people we have for our friends and neighbors. But the way people pulled together to meet the challenge is surely something that a lot of towns would envy. For Village government, the first priorities were to clear the streets for emergency vehicles, remove trees and limbs that were an imminent threat to people and property, and to maintain a communications link to the outside. The many, many volunteers and the loaned equipment made this possible. A simple "thank you" is all that can be offered in return, but it comes straight from the heart.

On behalf of the Council and DPW, thank you.

Mary Kallewaard

We should all thank the Manchester Fire Department for planting the flowers in Wurster Park. They have done this for many years. Hopefully they won't need water for awhile!

Dr. Glenn C. Lehr

## Canoe Race A Success

The 23rd Annual Manchester Canoe Race was held on Sunday, May 21st on the Raisin River, starting at the Fellows bridge on Sharon Hollow Road in Sharon Township and concluding at the Main Street bridge in downtown Manchester. A full field of 28 canoes were entered in this year's contest, sponsored by the Manchester Recreation Task Force, and trophies were awarded to the top three finishers in each of five classes.

The weather for this year's canoe competition was excellent with sunny skies and race time temperatures in the mid 70's. With the water level at it's normal depth for late May, this was one of the quickest races in the past few years. The first canoes started at 1:00 p.m. on the three and a half mile course, and the entire field had finished by 3:30 p.m.

Here are the winners and their elapsed times: **Women's Open Class:** 1st-Sue Sabourin and Sybil Abdul-Baki 41:58; 2nd-Dawn Car-

### Village Hit By Windstorm

(from Manchester's First Hundred Years, by Marie Schneider)

Thursday, June 12, 1902, is a day many in the village still remember. It was the hardest windstorm recorded in the town but there was no loss of life. At 5:00 p.m., the storm broke with raging wind and hail. Trees were uprooted. Small houses overturned and roofs were torn from buildings. Water stood an inch deep at Freeman House.

Most of the teams had been hurried away to the barns for safety but there were three carriages left. On Furnace Street, Will Haschle's barn was tipped over on his cow but men hurried to the scene and extricated the cow without serious mishap. The private bridge on the Rehuss farm was carried away, and on in Bridgewater the wind continued to destroy property but the path of the storm was not more than a block wide.

Stick your neck out a little! If interested, contact Katherine Hampton at 428-7272. Auditions will be held Thursday, June 15th at Emanuel Gym, 7:00 p.m. Be there!

**Building Trades Open House - Sunday June 11**

The handwork of forty-nine juniors and seniors from Chelsea, Dexter, Manchester, Milan and Saline will be on display Sunday, June 11. Two attractive houses have been constructed during the past school year near Chelsea and Saline. The Chelsea project is a 2000-plus square foot, three bedroom, one and one-half story house located in Belsar Estates, 1326 Provincial Drive on the east side of Chelsea. Interested visitors should take Old US-12 to Freer Road and drive north approximately one mile. Students from Saline, Milan and Manchester were in charge of the Saline project which is a 2000-plus square foot colonial, featuring four bedrooms, two baths and two half baths. The house is located at the west entrance to Mallard Cove just off Textile Road (1429 White Swan Lane.) Both projects will be open to the public on Sunday, June 11, from 1-4 p.m.

**36th Annual Chicken Broil July 20, 1989**

The date is Thursday, July 20, 1989. The place is the Old Manchester Athletic Field. The time is 4:00 p.m. Come one, come all, bring your family and friends.

While planning for each annual broil begins after the last one, committee members are swinging into high gear making ready for this year's event. On Monday night, following the Manchester Optimist club's yearly dinner honoring the committee chairman, committee leaders met to make plans for another smooth flowing broil.

It is most interesting to note that the six hundred-plus member, all-male crew, is divided into 31 committees. Some of these groups consist of members of the same family that have made it a family tradition to help in a

particular area. Many include three generations, the senior member having been a part of the original Chicken Broil back in 1964.

Ron Mann, a second-generation volunteer, is co-chairman of the doings along with Gene Bentschneider. Ron states that while it seems that the number of people already assigned a job is large, there is room for new volunteers. He has asked that anyone who knows of someone not currently working on a fact of the Broil be encouraged to do so. Even if somebody doesn't ask and you want to join the fun, contact any Broil committee member or an Optimist, they'll find a job for you.

By the way, tickets are ready and should be picked up at the Sutton Agency.

New World As Seen Through Eyes Of German On Visit To This Country

A German traveling for the first time in the United States usually is biased. His head is filled - as was mine - with some vague ideas of cold American efficiency, of eternally rolling dollars and of a repulsive matter-of-factness in the new world.

At a first glimpse of New York harbor these thoughts are shattered and give way to a feeling of surprise mixed with admiration, writes Herman Struck in Die Woche. In the mist of morning, the Statue of Liberty emerges from the water like a figure in a fairy tale. The friendly French republic sent that colossal monument to the young United States.

In violet and gray a dreamlike picture stretches before the eyes of the newcomer; an image of overwhelming strength; the unforgettable silhouette of New York's skyscrapers.

Cathedrals and temples, ancient buildings, Gothic buildings, new houses according to Athenian style, then in the manner of Venice - any style of any age or nation may be found in New York. The German stands helplessly as he views one American building after another.

His eyes wander over architectural lines of great audacity and follow the stone masses into unthought-of distances. Mountains

of stone cover like eternal Alps the earth crust on Manhattan Island. Minute little human beings are crowding each other between the stone masses.

Almost stumbling over one another in their mad chase for dollars, the New York Americans, in fact, all Americans are not very different from other people in other countries. The chief difference is that in America people do not cover up their money making activities, but go about them quite frankly.

The broadness of American business life and the apparently unlimited development of technology in the United States cannot but fill us old-fashioned Europeans with the highest admiration.

We must not forget that the matter-of-fact American also produced Washington, Lincoln and men like Ralph Waldo Emerson and Walt Whitman. The love of art in the big country without ruins and without traditions is growing very very steadily.

We may recognize that fact while we sit in the magnificent Metropolitan Opera House at New York (where the wives of millionaires in their boxes exhibit their treasures of diamonds and pearls) or in the museums and private collections of the big American cities. Carnegie's foresight covered, in restless energy, the entire country with public libraries.

Another fact that astonishes us in the opportunity every Ameri-

**Sannes Receives Optimist Award**

The Optimists awarded the honor of Outstanding Student for the month of March to Shelly Sannes. Shelly is the daughter of Sandy and Dennis Sannes. She is a senior and has been an Honor Roll student since 9th grade and a member of the National Honor Society since her sophomore year. Shelly has participated in SAID since 10th grade and is 1989 vice-president. She has been a member of the English Academic Games Team since 10th grade and is currently captain. This year Shelly joined the Flag Corps and in 1987 she was a Medical Explorer. She also participated in the U of M German Day Competition in both 10th and 12th grades. Shelly has studied ballet for 8 years and plans to attend either Michigan, Michigan State or Kalamazoo for studies in pre-med.

**Square Dancin' At The Gazebo**

Janet LaBeau Shurtliff

The curtain is rising - on the premiere performance of the Gazebo Concert Series!

This Thursday, June 15th, stroll down to the Gazebo, across from the Library, for a Community Square Dance. Once you're there, you'll have a choice: you can simply make yourself comfortable and sit, watch and enjoy the music - or you can join in, with a "do-si-do!"

No judgements will be made. It is perfectly appropriate to spread out a blanket or set up your lawn chair to simply watch. On the other hand, it will be both fun and exhilarating to learn some new steps and dances and to practice some old ones! How long has it been since you square danced? And have you ever contra danced or circle danced?

Rich MacMath, a veteran dance caller, will easily teach you any and all steps you don't know. Inexperience will not serve as an excuse. Neither will not having a partner. There will be plenty of people there so that once the dancing begins, everyone will have partners.

The music will be provided by the "Raisin Pickers," who by all accounts are a "grape bunch" of musicians.

Next Thursday, June 22nd, will be the second concert at the Gazebo. Maxton Bay, a renowned trio who perform throughout

Michigan at festivals and fairs, will present their lively fiddle tunes with sweet and intricate melodies and harmonies. Maxton Bay's members are Mark Palma, Carol Wells Palma, and Sheila Warner, thus allowing Manchester to rightfully boast with family pride as these area residents play for their fellow townfolk.

What a nice habit to get into: Thursday evenings at the Gazebo. Each week a new opportunity to enjoy the best music around right on our own stage in Manchester. For this week: take it easy or jump right in. Either way, prepare to enjoy yourself!

**Reach For The Stars**

Children get ready - it's time for the summer reading club at the Manchester Township Library! The theme this year is "Reach for the Stars." All children who can read are eligible to participate. Children may report on books during regular library hours beginning June 12. August 26 will be the last day of the club.

**Volunteers Needed**

Volunteers are needed to help cut up trees at the Oak Grove Cemetery Saturday, June 24, beginning at 8:00 a.m. Bring your own chain saw.

**Headlee Override Defeated**

On June 12, 1989, the residents of the Manchester Community Schools voted on two millage propositions and two vacancies on the School Board.

The Proposition to waive the Headlee Amendment and levy the maximum authorized millage was not approved with 447 No votes to 248 Yes votes. The Washtenaw Intermediate School District request to issue bonds in the amount of 8.6 million dollars was approved by the residents of the Washtenaw County with 9,388 Yes votes and 8,474 No votes.

The proposition in Manchester School District received 236 Yes votes and 455 No votes.

Mark VanBogelen was elected to a four-year term with 361-votes. Joseph Tirk received 248 votes.

Stanley Gilbert was elected to a one-year term, running unopposed and receiving 525 votes.

**Awards Assembly**

Many Klager students received awards for attendance, physical fitness, friendship, academic progress and volunteer services. Pictured are "perfect attendance" recipients (l-r) Suzanne Lowery, Randy Burkhardt, Patrick Shultz, and Brian Hough.
