

How's Your Toxic Waste Management Skills?

Waste management, chemically safe, toxic dumps—all words and phrases of the 1980's. With the 90's around the corner, perhaps it's time to take stock of an every-growing problem.

You can identify hazardous chemicals by reading warnings on the product labels to determine if something is corrosive, ignitable, toxic reactive or a combination of any of these. Reactive products contain compounds that are unstable and react with other substances. For example, acid toilet bowl cleaner can react to form toxic gas if mixed with ammonia or chlorine bleach.

Corrosives are acid or alkaline products that chemically eat away at substances. Corrosives can cause severe burns and the vapors can burn the eyes. All are poisonous if ingested. Corrosives include drain openers, oven and toilet bowl cleaners, battery acids, chlorine bleach, abrasive scouring powders and many pool chemicals.

Ignitables can irritate the skin, eyes and respiratory system. They can emit harmful vapors and are often fatal if ingested. Falling into this category of fire hazards as well are gasoline, paint, paint thinner, spot remover, furniture polish and other products stating they are flammable.

Toxic products are those that poison living beings—humans, animals and plants. They can cause illness or death if ingested and many can be absorbed directly through the skin. These include weed killers, insecticides and household cleaners.

When disposing of any of the above, consider whether or not they will explode, injure or poison someone during the disposal process. Then you must consider whether it will cause environmental problems. One common mistake made when moving into a new house, clearing out the garage, or perhaps just spring cleaning, is to dispose of many chemical products at one time when they may react with each other causing noxious fumes. They can even explode.

When products are stored past their expiration date, they can pose a hazard and a disposal problem. Containers deteriorate and you can be exposed to toxic substances.

Never put products into unlabeled containers thinking you will remember what is contained therein. Even if you do remember, someone else might not. If you come across an unmarked container don't open or touch it, taste or even sniff the contents. Wrap the container in newspaper put it in a plastic bag and call the

public health or local village sanitation department for advice on safe disposal.

Another big reason for caution is for the safety of garbage collectors. Many times the collectors lose their sight or suffer severe eye irritation when garbage compacted and splattered flies into their faces. Exploding aerosol cans can also cause in-

juries to trash collectors. Motor oil is a toxic substance that persists in the environment for a long time and it can contaminate ground water. Never throw it in with the rest of your garbage, which eventually finds its way to a landfill. Although landfills have strict regulations, they are not free from problems and motor oil is and can be a long-lasting problem. It should not be poured onto the ground where it could get into a storm sewer and end up in the water supply or Village Treatment Plant. The best way to dispose of used

motor oil is to put it in a clean, plastic, or glass, bottle and return it to an agency that will recycle it. Federal law states that you should be able to return waste motor oil to the outlet that sold you the oil new.

Recycling is a must in today's world. We simply cannot continue to manage our solid waste as we have in the past.

122nd YEAR VOLUME NUMBER FORTY-FIVE USPS 327-460 THURSDAY, AUGUST 24, 1989

Half A Score Of Years

MANCHESTER ENTERPRISE
September 27, 1877

By Perry Gorrick

Shake up the nonpariel, Joe,
While we stir up the muse,
And get our poem-grinder out
And tighten up the screws.
Awake the hewgags clarion note,
And sound the office horn,
For just ten years ago today
The Enterprise was born.
A sturdy baby it was, too,
And made old grannies lie
Who shook their sage and catnip heads,
And said: The thing must die!
With no Administration "pap,"
Or Democratic dad,
To furnish "rations for the babe—
Who will support the lad?"
(A little more oil, Joseph.)
But this Manchester proved such a lively old town,
That it kept one man busy just jotting things down
That happened each week in brief, so to speak,
And they wanted the Enterprise "all around town."
(A little slower, Joseph.)
Who, week by week, and year by year,
Has told the people, far and near,
Of accidents and incidents;
Where goods were bought at least expense;
Each new arrival—who'd sold out,
In all the region round about;
Of each improvement in the town,—
Who worked to get the railroad down,
All oblivious of opposing frown!
The Enterprise.

A host of other things, beside —
Who's born, who's married, and who's died;
Whom Fortune's blessed, whom Hope's belied,
You'll find them standing side by side
Along its serried columns wide, —
Just as in life betide,
The human race and prove them kin.
For ten years past all gathered in
The Enterprise.

Thus will the subject of our song,
As in the past, "trot right along,"
Unawed either cliques or rings,
A chronicler of men and things,
From President to mammoth corn, —
Proclaim your birth, "just's sure's your born,"
Marriage, divorce, elopement, shooting!
Or aught deserving praise — or booting,
Who's stolen, strayed, lost, or who won, —
You'll find these things all noted in
The Enterprise.

A Water Mystery

Janet LaBeau Shurtliff

Is it really possible that the people of Manchester have cut their water usage by 50% over the past year?

Part of the finance figures presented by Wendell Reinhart at Monday evening's Council meeting indicated just that. And the rest of the Council was more than a little surprised.

Looking at figures from April 1988 through April 1989, the billings, and hence the revenues, appear to be down by 50%. Council briefly considered several explanations such as: last year's drought versus this year's rainy summer meaning less lawn watering; or, that major industrial use has dropped tremendously.

Council briefly considered several explanations such as: last year's drought versus this year's rainy summer meaning less lawn watering; or, that major industrial use has dropped tremendously.

However, each possible solution had already been considered and dismissed by the financial experts who prepared the figures. They were found to be irrelevant or insufficient. For example, the figures only go through April so this summer's rain is not a factor; and industrial use has indeed fallen but not by anything near 50%.

An investigation will continue as to the accuracy of the figures and the reasons behind them. And a follow-up will be forthcoming at the next Council meeting.

Stay tuned for further details of: The Case of the Missing Water (Usage)...Or - How dry I am.

Council Questions Pilot Industries

Janet LaBeau Shurtliff

We'll soon have a new neighbor here in Manchester if all continues according to plan.

Ron Mowers, general manager of Pilot Industries' Metal Products Division, announced last Monday to Village Council that Pilot intends to purchase the former Double A Products property and expects the closing to be "soon."

This newest division of Pilot Industries, according to Mr. Mowers, will be "primarily light industrial" and "lots of assembly work." They will produce products such as fuel lines for Ford light trucks.

He said that the Metal Products Division expects to hire a crew of about 30 people, and that Pilot's "main thrust is to hire locally."

Saying that Pilot is anxious to start "as quickly as we can," Mr. Mowers predicted operations could begin as early as six weeks after the closing date.

He described the Double A building as having "water damage" as a result of being vacant and said that this needed to be repaired before Pilot could move in.

He then invited questions from Council.

Q: What will be the water and sewer requirements? A: According to Mr. Mowers, this particular process has only "minimal water needs" and will not involve sewer usage "other than the rest rooms."

Water needs are handled by re-circulating water, he stated.

"In our process we don't utilize water." He added, "That's not to say we won't change down the road. But we'll advise you if we do."

Q: Any toxic pollutants? A: "Not that I'm aware of." He then talked about "cold working" of the tubing, stating there was no heat involved, and thus no dangerous chemicals.

When a follow-up question concerned solvents for cleaning, Mr. Mowers assured Council that washing also was done in a "cold state" and therefore would pose no problems.

Q: Noise? A: Even the employees needn't use ear protection, according to Mr. Mowers. The machinery is muffled, and so noise should be of no concern to neighbors.

Q: What about semi-truck traffic? A: In discussing the first year, Mr. Mowers predicted two to three trucks per day.

Q: Will this be a three-shift per day operation? A: Mr. Mowers stated Pilot's intent for the "first year or so" was "no more than two shifts" per day. He cautioned that they may face the necessity of three-shift days to meet certain commitments once in awhile, but that those would be exceptional circumstances.

Two letters were presented to Council by Mr. Mowers. One stated Pilot's intention to cover any incidental costs which the Village might incur in facilitating the sale of this property to Pilot. However, this letter also included a statement that this intention is "non-binding."

The second letter requested that the Village designate the property a "Plant Rehabilitation District." According to Mayor Mary Kallewaard, this is a technical and necessary requirement should Pilot request tax abatements at a future date.

Mr. Mowers concided his presentation with an invitation to "feel free to contact me at the Dexter office if you have any questions."

"It is our goal to be a very good neighbor, at least as good as, and maybe better than, Double A."

Mayor Kallewaard then went around the Table and introduced each Council member to Mr. Mowers. The formal introduction of Pilot Industries to the Village ended with Council offering to Mr. Mowers a hearty and neighborly, "Welcome to Manchester!"

Cassidy Lake Fenced

Senator Lana Pollack (D-Washtenaw County) announced that "The citizens of the Chelsea area will be pleased to know that the fence securing the perimeter of the Cassidy Lake Technical School is virtually completed." At a press conference on Friday, August 11, 1989, Senator Pollack toured the \$225,000 fencing project that was begun earlier this summer. The 12-foot high chain link fence, topped with 36 inches of concertina wire will extend over 7500 feet around the camp's perimeter.

While regretting the need for the fence, Senator Pollack admitted that it would clearly make it more difficult for inmates to walk away and easier for the corrections staff to monitor and thwart attempted escapes. "While I believe that education, job training and substance abuse treatment and prevention are the long term solutions to the ever growing prison population," Pollack said, "I feel strongly that correctional facilities should not be a threat to surrounding communities. The people of Chelsea have endured this situation too long, and I am hopeful that this will make a significant improvement in the area."

In addition to the fence, Senator Pollack inspected the completed demolition of some ten obsolete cottages and buildings on the camp's grounds. "The tearing down of those buildings was long overdue," Pollack noted. With the cooperation of Department of Corrections Director Robert

Brown and the Department of Management and Budget, the dismantling of the structures was expedited in the spring of 1989. Walking the fence line, Pollack stated, "I am pleased to see that the old buildings have been torn down and that the fence is in place. The Departments of Corrections and Management and Budget have moved quickly since the first of this year to get these projects taken care of. This is an example of State government working with an elected official to solve a local problem in a timely manner."

Dial A Garden

The following is a monthly schedule of Dial-A-Garden, the system of pre-recorded daily gardening tips sponsored by the Washtenaw County Cooperative Extension Service. The system is in operation 24 hours a day, 7 days a week. Interested persons are invited to call 971-1129 at their convenience to listen to timely, up-to-date gardening information.

Obituary

Joanne M. Royle
6655 Jackson Road
Ann Arbor

Age 66, died Friday, August 18, 1989 at St. Joseph Mercy Hospital. She was born October 30, 1922 in Slippery Rock, Pa., the daughter of Andrew and Lenora (Moore) Kennedy.

She was married to William Royle on July 24, 1940. He survives. In addition to her husband, she is survived by 2 sons, Jeff of Grass Lake and Michael of Chardon, Ohio; 5 grandchildren; and 2 sisters, Claire Cuff of Clearwater, Florida and Thelma Simmons of West Sunbury, Pa. She was preceded in death by a daughter-in-law, Suzanne Royle, in December 1988 and by a sister, Harriet Wyatt.

Funeral services were held Monday August 21, 1989 at the Jenter Funeral Home, Rev. Nancy Doty officiated. Burial followed in Oak Grove Cemetery.

First of America Declares Dividend

First of America Bank Corporation today declared a dividend of \$.55 per share on its common stock. The dividend is payable on October 20, 1989 to shareholders of record as of September 22, 1989.

This is the second quarterly dividend to be paid at the increased rate of \$.55 per share. A 10% increase from \$.50 to \$.55 per share was declared in May of this year.

First of American Bank Corporation, with \$10 billion in assets, provides financial services to over 200 communities in Michigan, Indiana and Illinois through 39 banks and nearly 400 offices.

Senior Citizens News

It's canning time again and while doing pickled beets, I remembered another time... Spouse had retired so I asked him to mix vinegar and sugar while I was skinning the beets. He willingly followed the recipe and I put the last jar in the coldpacker after he went uptown to the Post office. As I looked around, the vinegar jar on the back porch was still full. When he came back, I asked "What vinegar did you use?" "Why, that on the floor over there," he replied. It was sun tea! We've never had prettier or better tasting beets (after I quickly added vinegar to the sun tea.) Isn't retirement fun?

Come out to the monthly senior sponsored card party tonight, August 24, at Freedom Township Hall. We won't promise you sun tea beets, but the light refreshments are always great. It starts at 8:00 p.m. - will we see you?

Tuesday, August 29: Blood pressures will be taken by one of our nurses at the Center at 11:00 a.m. At 12:00 noon, seniors plan a potluck at Carr Park. Bring a dish to pass, your own drink and a white elephant for bingo. This sounds like fun in this last week of summer activities.

Wednesday, August 30: Free day for senior citizens at the Detroit Zoo. Three metro Detroit area agencies on aging will have representatives for questions and to provide information on services in addition to the many attractions. The senior citizen day is the eighth annual event in honor of the late Isabella Fiesselmann, a long-time supporter of the Detroit Zoo. The bus will leave the Center at 8:30 a.m. and a stop for breakfast will be enjoyed on the way. If you wish to go, call Erma Alber at 428-8707 to reserve your spot on the bus.

Army Hometown News

Army Spec. Ted Haeussler has arrived for duty at Fort Benning, Ga.

Haeussler is a medical specialist with the 690th Medical Company. He is the son of Martha Meadows and William Haeussler, both of Manchester.

New Calling Options With Michigan Bell

Michigan Bell customers in the Manchester area will have new calling options in October with the start-up of advanced call-processing equipment valued at approximately \$800,000.

"The computerized processor means that approximately 2,500 residence and business customers in the 428 exchange will be able to order touch-tone and custom calling services," said Marcia Buhl, Bell's local public relations director.

In November, Michigan Bell also will bring customers in the 428 exchange "Dial 1 Plus," which will allow them to use any available long distance service simply by dialing "1" plus the area code and phone number.

"Right now, customers who use any long distance company other than AT&T must dial up to 22 digits," said Buhl.

Information describing the new services, as well as a "ballot" listing the long distance companies offering "Dial 1 Plus," will be mailed to customers in the Manchester area as the services are made available. To select a long distance company, customers need only check the appropriate box on the ballot and mail it to Michigan Bell in the postage-paid envelope provided. Custom calling features that

will be available to customers include:

- Call Forwarding - which automatically transfers an incoming call from one telephone to another telephone;
- Call Waiting/Cancel Call Waiting - which lets a customer using the phone know that a second call is waiting to be answered and permits cancelling the feature so that important calls can be made without interruption;
- Speed Calling - which permits a customer to reach frequently called numbers by dialing special codes; and
- Three-Way Calling - which enables a caller to add a third party to a conversation.

Michigan Bell will waive a \$30.50 connection fee for customers in the 428 exchange who order any of the new services before Sept. 14, Buhl said.

Residence and business customers in the exchange will be able to order "Dial 1 Plus" service from the following long distance firms: Charter Network, AT&T, U.S. Sprint, MCI, American Long Distance, ITT, Logical by Communique Telecommunications and KTS Communications. Additional long distance firms will offer the service to business and pay phone customers only.

Looking For A Portable Job Skill? Learn To Prepare Taxes!

Students enrolled in H & R Block's Basic Income Tax Course learn to make taxes work for them. Not only do you learn how to prepare individual income tax returns, you also acquire the skills that will prepare you for a career in a growing industry. What's more, income tax preparation is a portable skill...one you can put to good use regardless of where you live or are transferred. A career in tax preparation offers you prestige and stability, plus opportunities for creativity and advancement. Learn the basics of income tax preparation in our 13-week Income Tax Course taught by an experienced H & R Block instructor at a location and time convenient for you. Graduates of the H & R Block Tax Course receive Certificates of Achievement and 7.5 units of continuing education credit. Qualified graduates may be offered job interviews for positions with H & R Block. Block is, however, under no obligation to offer employment, nor are graduates under any obligation to accept employment with Block. Our course includes dozens of ideas you can use this year to save money on your taxes! To enroll now, simply call us at 517-423-7497 or stop by our office at 116 E. Chicago Blvd., Tecumseh. Do it today!

Local Twirlers Take National Awards

Jennifer Fleck and Hillary Wiedmayer both came home to Manchester from the America Youth on Parade festivities in South Bend, Indiana with national baton medals. The two girls competed against twirlers from all across the United States at Notre Dame the last week in July. As well as taking individual awards, Hillary and Jenny were members of the Chelsea Baton Corps show drill team which took the first place national title at AYO.

Jenny's medals were awarded for an eighth place in the Novice division solo baton twirling for ten-year olds and a fifth place in the drum major competition.

Hillary placed fourth in her Novice solo baton twirling division for eleven-year olds and received 500 extra Chelsea Baton Corps merits for performing a "no-drop" routine at national competition. Hillary also received an eighth place medal for her solo flag baton routine.

School Lunch Prices

Elementary, Middle and High School students will be charged \$1.50 per hot lunch or \$7.50 per weekly lunch tickets. Students purchasing milk separately will pay \$.20 per carton. Adult lunches are \$2.10.

Kiwanis Breakfast Club

Manchester's Kiwanis Breakfast Club meets each Thursday morning from 7:30 to 8:30 a.m. at Haarer's Meeting Place restaurant. There are special informational programs and speakers each week.

The August 17th meeting included a very interesting presentation from Dale Barry of the Huron Valley Ambulance Service. He defined the service of HVA and also described the function of "Heartstart" which is an automatic defibrillator.

The August 24th meeting will include a visit from our sponsoring Saline Kiwanis Club and the speaker will be Sheriff Ron Schaible. Visitors are welcome.

Members of the Manchester Kiwanis Breakfast Club are Steve Kuebler, Gerry Davis, Chuck Cornell, Neil Haarer, Joe Yekulis, Diane Schwab, Russ Aiuto, Mike Alber, Jane Finkbner, Larry Ruble. Contact the above or the Community Resource Center at 428-7722 for information concerning membership in our local club.

Manchester Man Injured

James Hanson, of Parr Road in Manchester, was injured Monday afternoon, August 14, when he drove his dump truck loaded with dirt off a road and into a tree.

Washtenaw Sheriff's Commander Mark Ptaszek said Hanson was southbound on Sooten Road near Hogan Road in Manchester Township at about 2:50 p.m. when he went off the road.

Hanson, who had not been wearing a seat belt, was trapped between the engine block and the loaded truck bed, making it impossible for rescue personnel to extricate him until a front loader pulled the bucket back and unloaded some of the dirt.

Hanson was airlifted to University of Michigan Hospital where he underwent surgery. Ptaszek said investigators were uncertain about what caused the crash.

Birth Announcement

Mark and Lisa Kaidan proudly announce the birth of their son, Jake, who was born August 18, 1989 at St. Joe's, weighing 8 pounds 5 ounces.

Paternal grandparents are Doc and Mae Knauss of Manchester. Maternal grandparents are Duane and Virginia Boyer of Chelsea. Jake has two brothers, Mardy and Alex.

AGENDA

Motion by Reinhart, supported by Marshall to approve the Agenda as amended. Ayes - all.

CORRESPONDENCE

None

PUBLIC PARTICIPATION

Council was asked to consider changes to the proposed Bed and Breakfast Ordinance. Sections discussed were: Section 2-H (Signs), Section 2-K (Meals), Section 2-M (Length of Stay), Section 2-N (Dwelling Area), and Section 2-A (Historic Significance). After some discussion Council asked to defer any decisions until Robert Daverman, President of Planning Commission, arrives.

TREASURER'S REPORT

Council reviewed the Treasurer's Report as presented and the Treasurer's recommendation to transfer money into general fund to pay July payables. Motion by Reinhart, supported by Marshall

to transfer up to \$15,000 into general fund if needed. Roll Call Vote: Ayes - all.

DPW Report: After some discussion, Council made the following decisions. Motion by Becktel, supported by Reinhart to accept the bid and order the street signs from Sweepster in the amount of \$1,689.12. Roll Call Vote: Ayes - all.

Motion by Kwolek, supported by Becktel to deny Washtenaw County's request to hook into our sanitary system and request that they hook up into the storm system instead. Ayes - all.

Planning Commission: The suggested changes to the proposed Bed and Breakfast Ordinance were discussed with Bob Daverman, Chairperson of Planning Commission.

Motion by Kwolek, supported by Becktel to adopt Ordinance #173 (Bed and Breakfast) as corrected. Ayes - all.

Motion by Kwolek, supported by Becktel to adopt Ordinance #174, as presented by Planning Commission, to amend the Village Code to allow Bed and Breakfast. Ayes - all.

AUCTIONEERING SERVICE

• Farms • Real Estate • Livestock • Farm Machinery • Household Goods • Antiques • Coins • Automobile

CHARITY FREE OF CHARGE LARRY SALYER 313/428-7389

Jenter Funeral Home, and the Chapin residence were discussed. It was decided that a letter indicating violations will go out to Manchester Automotive and the Building Inspector should visit Jenter Funeral Home and notify them of violations.

Daverman was presented to review with Council the Manchester Historic District Study and Ordinance. A lengthy discussion followed. Kallewaard asked Council to review further before the next Council meeting.

DPW Report cont'd: Council publicly congratulated Brad Roberts on receiving his Class D Water License.

Council asked the Clerk to contact Brad's doctor to get a letter stating how long he will be off after his surgery and if it will total disability.

Other items discussed were change in work hours, budgeting overtime and plowing the Industrial Park.

Parks Commission: Wallace

asked for a report on the Parks Commission Budget.

OLD BUSINESS Accounting Service Contract: Motion by Reinhart, supported by Wallace to accept the Accounting Service Contract as presented. Ayes - all.

NEW BUSINESS Council was presented with a resolution concerning an application for Park Development Grant. Motion by Becktel, supported by Kwolek to adopt the resolution as presented. Ayes - all. Council adjourned at 10:42 p.m.

FLOATERS

Have you ever noticed spots dancing before your eyes? Many of us have, and it's not all "in your head", they are in your eyes! Often when looking against a light background, such as the sky or a sheet of paper, and sway back and forth as our eyes move. Some people don't notice these at all, but others are affected to varying degrees, and sometimes the floaters are so dense they may obscure vision until they float out of the way. These floaters are tiny particles of tissue suspended in the jelly-like fluid inside our eyes. Floaters are so common that they can be considered normal, just a nuisance, but they are not always harmless. If floaters have suddenly shown up or seem to be very dense, an eye examination is indicated to rule out problems which might require treatment. In some cases, floaters can be a sign of beginning retinal detachment, or of hemorrhages within the eye.

Pressure Canner Lids
Planning to do some pressure canning this year? To be on the safe side you should have your gauge tested every year. Low acid foods such as vegetables, meat, fish and poultry must be processed at the right pressure for the correct number of minutes to be safe from botulism, an organism which can cause serious illness and death. Free testing is offered at Cooperative Extension Service every Tuesday for the months of July, August and September from 10 a.m. to noon and 1 p.m. to 2 p.m. The office is closed from noon to 1 p.m. Just bring the lid of the canner which has a gauge with numbers and a dial. For additional information call 971-0079 and ask for the Home Economics Department.

...that 88% of the farms in Michigan were operated by individuals or families as sole proprietorships? Partnerships accounted for 9%.
...that women operated 2,714 farms or 5% of the state's total, while 292 farms were operated by minorities?
...that the average age of all Michigan farm operators was 51 years? About 45% were 35 to 54 years old.
...that 74% of the state's agricultural operators with sales of \$10,000 or more considered farming to be their principal occupation? Of the 10,425 agricultural operators with sales of \$10,000 or more reporting off-farm work, 58% said they did such work 200 days or more.
...that the 51,172 Michigan farms counted in 1987 were 13% fewer than in 1982, when the last agriculture census was taken? ...that production expenditures for the state's agricultural operations came to \$2.2 billion? Ag operators paid 20% less for commercial fertilizers, 5% more for ag chemicals, and 30% more for hired farm labor than they did in 1982.
-From the 1987 Census of Agriculture. Call 301-763-1113 for more details.

PUBLIC NOTICE OF HOUSE FOR SALE

Sharonville State Game Area

Notice is hereby given that the 2100 square foot ranch style home at 15820 Sharon Valley Road, Manchester, Michigan will be sold by sealed bid. To assist prospective bidders, a Department representative will be present to show the home from 9am to noon on Saturday, September 9, 1989.

One-hundred and twenty (120) days will be allowed for the removal and cleanup of the building from the day of the sales agreement. Site cleanup shall consist of burial and/or removal of all debris associated with the buildings and the land shall be left in a leveled, debris-free condition (no unfilled holes). The Michigan Department of Natural Resources reserves the right to reject any and all bids.

If the house is moved intact, it cannot be relocated to any location within the acquisition boundary of the Sharonville State Game Area.

To insure compliance with the specified conditions, a performance bond of \$500.00 will be deposited with the state at the time the sales agreement is signed. This bond will be refunded after the site is satisfactorily cleaned up and the building removed.

All bids shall be addressed to: Wildlife Division - Sealed Bid - House Sale 3335 Lansing Avenue Jackson, Michigan 49202

The deadline for submitting bids (must be in the DNR office) is Monday, September 18, 1989 at 2pm. At that time all bids received will be opened.

For additional details and further information, please contact: Ralph Anderson or Jeff Greene 3335 Lansing Avenue Jackson, Michigan 49202 TX: (517) 784-3188

The Manchester Enterprise

Wedding Bells Ring

Mr. & Mrs. Curt W. Fielder

Barbara Susan Jedele and Curt William Fielder were united in marriage on August 11, 1989 at St. Mary's Catholic Church in Manchester by Rev. Fr. Raymond Schlinkert.

Parents of the bride are Mr. and Mrs. Lloyd Jedele of Saline, Michigan. The bridegroom's parents are Mr. and Mrs. Clarence Fielder of Manchester.

Matron-of-Honor was Louise Kernath of Deerfield, Michigan; best man was Craig Fielder of Manchester. Bridesmaids were

Donna Brehm of Clinton, Julie Ballard of Dallas, Texas, Bernadette Cotre and Mary Frances Fielder, sisters of the groom from Manchester.

Ushers and groomsmen were Don Jordan from Manchester, David Jedele, brother of the bride from Saline, Dick Fielder and Pat Fielder, brothers of the groom from Manchester.

A reception was held at the American Legion in Manchester. After a honeymoon in Toronto, Canada, the couple will reside in Manchester.

MHS Equestrian Team

The Manchester High School Equestrian Team started the season off with an impressive first place in the "B" Division of high school horse and rider competition Sunday.

Points are accumulated by team members placing in various classes such as Showmanship, Equitation (English, Western and over-fences), Trail, Gymkhana, etc. The points are totaled at the end of the day to determine

the winning team.

The Manchester High School Equestrian team, under the direction of coach Brenda Moore, will continue to compete during the fall season against teams from Huron-New Boston, Saline, Pioneer Ann Arbor, Chelsea, Dexter and Belleville. The overall winning team is eligible to compete at the State level in final competition.

Board of Education

Regular Meeting
August 21, 1989

The meeting was called to order by President Sahakian at 7:30 with a Pledge of Allegiance.

Members present were Gilbert, VanBogelen, Kluwe, Sahakian, Gordon, Gaughan and Turk.

Others present were R. Gray, WLEA Representative; Jim Fielder and John McGuire, MEA Representatives; Principals Henry, Schick and Morrison; A/D Lewis, W. M. Roeser, M.D.; and John Robinson representing Athletic Trainer Services.

Communications were read and ordered filed.

Visitor Input: Melissa Preis, student, Manchester High School, spoke to the Board regarding her desire to change her schedule so that she could leave school early to reach her place of employment by 3:00 p.m. The Board denied this request. The Board directed the administration to pursue educational work experiences with Johnson Control.

Minutes of July 17, 1989 were approved as corrected.

Finance Report: Cash balance as of 07/31/89-\$846,453.31. Bills Payable total 7/31/89-\$341,515.88.

Dr. W. M. Roeser, Surgeon from St. Joe's Hospital in Ann Arbor and John Robinson, Director of Athletic Training Center were present to explain the Center's services for the fall sports program. The Board approved the agreement with the Center for Sports Medicine & Fitness to provide athletic training service for the 1989 fall sports season not to exceed \$3,000.

The Board endorsed the Plan-

ning Committee's Mission Statement as reported by Joe Turk, Board Trustee.

The Board approved a standing committee for Personnel. Gilbert, Kluwe and Gaughn volunteered to be members of that committee.

1989 MASA Board Elections: The Board supported Mary Jason for Director Group II, and Gerald C. Anderson, Jerilyn G. Links and Alberta B. Martin for at-large Director, 3-year term.

Meeting for the developing District goals was set for September 12, 1989 at 7:30 p.m. in the High School Study Auditorium. The Board invites any community members who wish to participate in the goal setting process to attend the meeting.

The Superintendent submitted an updated maintenance/capital improvement projects list to the Board.

Waiver of membership was granted to Erin N. Dotson, the daughter of Raymond Dotson, to attend Clinton Schools.

The resolution to authorize tax levy of 40.6534 mills and set debt retirement tax levy was approved and certified as presented. The debt levy was set at .78 mills.

The Food Service Agreement with Chelsea Schools was approved by the Board.

Locker bids were tabled for the September meeting.

Resignations were approved: Lisa Schuerman, H.S. Math/Science Teacher; Beth Robertson, Sp. Ed. Teacher Consultant; Margaret Hurbis, Instrumental Music Teacher; Connie Hlavka, Health Aide; and Betty Mann, H.S. Aide.

The Superintendent announced the retirement of Marian Below, Secretary at the Middle School for 30 years. The retirement was acknowledged with deep regret.

Janice Kiser was employed to a part-time position of Computer Programming Instructor for the 89-90 school year.

Suzanne Birgy was employed to the part-time, 51-day position of Migrant Resource Teacher.

Coaches appointed: Ron Du-Ross, Girls' middle School BB Coach; Jim Fielder, Middle School Football Coach; George Livingston, Junior Varsity Football Coach. All appointments are for the 89-90 school year.

Substitute teacher daily pay rate was increased from \$40 to \$45.

The Board denied the WLEA-MEA grievance 1-89.
Board adjourned at 10:50 p.m.

Village Planning Commission

July 18, 1989

PRESENT

Daverman, Lowery, Palms, Way, Walton, Gleason, Schiller, Boone (entered 7:44) Absent: Turk

CALL TO ORDER

The meeting was called to order at 7:40 by Chairman Daverman in the Council Room of the Village Hall.

APPROVAL OF AGENDA

The following additions were made: Under Regular Business-Hop-In Sign Permit Application. Under New Business-Meeting Plan Approvals and Construction; follow-up/Violations. Manchester

Post Office Site Plan
Enter Boone at 7:44

Way made a motion to approve the agenda with the above additions. Schiller seconded the motion. The motion passed on a voice vote.

MINUTES

Boone made a motion to accept the minutes. Palms seconded the motion. The motion passed on a voice vote. Daverman noted that he still needs to write a letter to the Manchester Township Planning Commission, and the issue of deleting individual septic tanks has not been returned to the Ordinance Committee yet.

REPORTS, WRITTEN COMMUNICATIONS AND PETITIONS

NICATIONS AND PETITIONS

The Planning Commission received a letter from Monohon Associates concerning the Manchester Manor Mobile Home Park. The main points of the letter are as follows:

1. Additional data is being collected in order to provide additional information on several items as requested by the Planning Commission.

2. Consumers Power has been contacted and at the time of construction the necessary arrangements can be made.

3. "Other items mentioned in the letter from the Commission are not in conformance to the Mobile Home Commission Act 96 of 1987, as amended, which supercedes all local ordinances dealing with mobile home parks, unless an application and submission of higher standards are submitted and approved by the Commission."

4. The Wetlands Protection Act, does not apply in this case, unless the DNR determines protection is essential, because the area is less than 5 acres in size and not contiguous to the Great Lakes, an inland lake, pond, river or stream.

5. A review from the DNR in regards to sanitary sewers and treatment system has been requested.

Commissioners noted that the wetland in question is at the headwaters of the Raisin River and that a wetlands determination might find the area in question to be greater than 5 acres. A letter will be sent to Monohon Associates requesting they contact the DNR and send the Commission a letter proving the Wetland Protection Act does not apply in this case. Boone recommended the Commission contact the DNR and request the guidelines on wetlands in Michigan. Daverman recommended the Commission

find out if it can request that a Wetlands Determination be made, and if so, then it should be requested before September (service guaranteed free only until September). Palms volunteered to work on the above issues. Walton expressed continued concern over the possible destruction of the woods. Daverman asked Walton to check into what statutes Lenawee County has concerning taxation and mobile home parks. Discussion took place concerning the possibility of purchasing a book on protecting wetlands. Boone recommended the Commission obtain materials from the State first.

REGULAR BUSINESS

Hop-In Sign Permit: The re-submitted application provided photos of the Manchester Store and other necessary information. Discussion centered around the type of sign, its material, and the interpretation of the Code. Lowery made a motion to approve the Hop-in sign as presented in the application. Walton seconded the motion. The motion passed on a voice vote (6 yes, 2 no). Daverman recommended a member of the Commission be responsible for checking out the specific requirements (ex. dimensions) on sign permit applications and clarify for future sign permit applications.

SIGN PERMIT FOR HAARER'S MEETING PLACE
The application requested two signs (front and side). The applicant felt the tree would partially hide the front sign and one on the side of the building might be easier to see. The Commission noted that a two-sided sign could be hung so that it projected outward. Daverman made the suggestion that it would not be very difficult to move the tree over slightly. Lowery made a motion to approve the sign for the front of the building, and noted

that Haarers have the option of applying for a variance on the second sign. Boone seconded the motion. All ayes on a voice vote. The motion passed.

NEW BUSINESS

MEMO TO COUNCIL CONCERNING SITE PLAN APPROVALS AND CONSTRUCTION FOLLOW UP, VIOLATIONS
This memo was presented by Daverman. It is primarily concerned with the need for following up on Site Plan Approvals and dealing with violations of Approvals. Boone made a motion that the Memo expressing a need to follow up and enforce Site Plan Approvals and related construction, be forwarded to Council with the endorsement of the Planning Commission. All ayes on a voice vote. The motion passed.

MANCHESTER POST OFFICE SITE PLAN

Although a drawing of the site plan was submitted, no application was included. Some discussion took place concerning the drawing. Lowery suggested placing the handicap parking on Main Street near the ramp. This would provide an extra handicap space on Main Street and also make available an extra space for regular parking in the lot off Clinton Street. Daverman made a motion to table the Manchester Post Office Site Plan due to lack of a Site Plan Application and evidence the application fee has not been paid. Schiller seconded the motion. All ayes on a voice vote. The motion passed.

ADJOURNMENT

Boone made a motion to adjourn the meeting. Walton seconded the motion. The motion passed. The meeting adjourned at 9:12.

BOARD MEETING
August 14, 1989

Meeting called to order at 8:00 p.m. with the Pledge of Allegiance. All Board members present. Also Emory Garlick and Sybil Abdul-Baki.

Minutes accepted as submitted. Bills paid since last meeting presented.

Treasurer reported \$25,872.15 in the General Fund. Approved payment of bills for General Fund, Road fund and Computer Fund. Enter martin Bialecki.

Building Inspector Emory Garlick voiced his concerns regarding some of the premanufactured homes that do have the boca approval. He suggested that we require a licensed builder, plumber and electrician do the hookups if the house is manufactured. He also requested that the supervisor meet with the other townships to discuss and make various determinations. He would like to see something in writing on record that HUD superceded BOCA.

Constable fee was not increased for 89-90. Zoning inspector fee raised \$50 per month. (Zoning inspector to present monthly log.) Fee raised with a 4-1 vote.

Sybil Abdul-Baki and Martin Bialecki explained the recycling process and urged the Board to continue the service now that the County no longer does it: Charlene Fluder called in to support the continuation of the recycling. Board approved payment, not to exceed \$1,000 to support the recycling program until the end of the year with a four to one vote. Board will continue with AT&T

services and leave phone system as is.

Adopted Resolution designating Wilma Lentz as coordinator for surplus property. Adopted following Resolution:

Resolved, that the Manchester Township Board does hereby establish a proposed additional millage rate of .044 mills for 1989 which would increase operating revenues by 4% and to hold a "Truth in Taxation" hearing on Wednesday, August 30, 1989 at 8:00 p.m.

Clerk to send certified letter to Ellen and Robert Thompson regarding mobile home and to inform them they have ten days to respond.

Various correspondence presented. Also various reports including the resignation of Barbara Parker from the Library Board.

Ordinance re Bread and Breakfast adopted by the Village presented for study.

Meeting adjourned at 10:47 p.m.

Submitted by Wilma E. Lentz, Clerk Approved by Ronald E. Mann, Supervisor

Birth Announcement

Mr. and Mrs. Edgar T. Jr. and Rita P. Crawley of Milan are the proud parents of a son, Austin Thomas, born August 3, 1989.

Grandparents are Edgar T. Sr. and Phyllis A. Crawley of Dexter and Elizabeth A. Drouare of Grass Lake. Great-grandmother is Alyce Philbrick of Arizona.

Freedom Township

PROPOSED SNYOPSIS
August 8, 1989

The meeting was called to order with all Board members present. Minutes and Treasurer's Report were approved with \$59,695.73 in the General Fund and \$4.10 in the Liquor Fund.

Various communications were read and discussed, including approval of AT&T as the long distance carrier, the Sheriff's Report and fire runs, and an offer from the Equalization Department for aerial maps. The Board approved the estimated \$700 financial support needed to keep the recycle station operational until the end of the year as indicated by letter from the Village.

Old Business included discussions of the need for salt on private roads, a building inspection financial analysis showing no net losses and the purchase of a chair cart.

Under new business it was reported that our current town hall manager, Alvin Weidmayer, will be resigning as of the first of the year. Anyone interested in this position should contact one of the Board members.

Bills #2558 through #2578 were approved for payment. Meeting adjourned.

Submitted by: Julie Schaible, Clerk Approved by: Robert Little, Supervisor

American Heart Association Fruit Drinks for Dessert

Here's a cooler for those Dog Days of summer. A light treat to satisfy the sweet tooth while not filling you up.

- 1 cup strawberries
- 1 cup orange juice
- 1 banana

Or try this variation of ingredients:

- 1 cup raspberries
- 1 cup orange juice
- 1 banana

Blend fruits and juices until smooth in an electric blender. If your blender can crush ice, add ice to make a sherbet-like dessert.

Yield: 2 Servings

Help your Heart Recipes are from the Fourth Edition of the American Heart Association Cookbook. Copyright 1973, 1975, 1979, 1984 by the American Heart Association, Inc. Published by David McKay Company.

Dieters Can Enjoy This Spicy Dip

Most snack dips are so high in calories that dieters must refrain while everyone else dips in. If that sounds familiar, try this one. It's definitely within slimming calorie limits, yet it tastes "fattening." The secret's in the spicing—a blend of basil, garlic, oregano and black pepper giving it an Italian pesto flavor. The spices themselves are nearly calorie-free. Use chunky raw vegetables such as broccoli, cauliflower, green peppers and zucchini as dippers.

SKINNY PESTO DIP

- 1 cup part-skim ricotta cheese
- 1 cup firmly-packed fresh spinach leaves
- 2 tablespoons grated Parmesan cheese
- 2 tablespoons basil leaves, crushed
- 1/2 teaspoon garlic powder
- 1/2 teaspoon oregano leaves, crushed
- 1/8 teaspoon ground black pepper
- 1/8 teaspoon salt

In a food processor fitted with a metal wing blade place ricotta cheese, spinach, Parmesan cheese, basil, garlic, oregano, black pepper and salt; process until smooth. Serve with fresh vegetables.

YIELD: 1 1/2 cups
25 calories per tablespoon

Notice of Public Hearing on Increasing Property Taxes

THE MANCHESTER TOWNSHIP BOARD OF THE TOWNSHIP OF MANCHESTER WILL HOLD A PUBLIC HEARING ON A PROPOSED INCREASE OF .044 MILLS IN THE OPERATING TAX MILLAGE RATE TO BE LEVIED IN 1989.

THE HEARING WILL BE HELD ON WEDNESDAY, AUGUST THE THIRTIETH AT 8:00 O'CLOCK IN THE P.M. AT MANCHESTER TOWNSHIP HALL, 275 S. MACOMB.

IF ADOPTED, THE PROPOSED ADDITIONAL MILLAGE WILL INCREASE OPERATING REVENUES FROM AD VALOREM PROPERTY TAXES 4.0% OVER SUCH REVENUES GENERATED BY LEVIES PERMITTED WITHOUT HOLDING A HEARING.

THE TAXING UNIT PUBLISHING THIS NOTICE, AND IDENTIFIED BELOW, HAS COMPLETE AUTHORITY TO ESTABLISH THE NUMBER OF MILLS TO BE LEVIED FROM WITHIN ITS AUTHORIZED MILLAGE RATE.

THIS NOTICE PUBLISHED BY:

TOWNSHIP OF MANCHESTER
275 S. Macomb St.
Manchester, MI 48158
313-428-7090

NOTICE FROM MANCHESTER TOWNSHIP BOARD OF TRUSTEES

The proposed millage rate of 1.13 is less than the 1.16 mills collected in 1988. We apologize for the misleading words "Increasing Property Taxes" in the heading of this notice. This wording is required by state law.

THE ABC'S OF DEDUCTING EDUCATIONAL EXPENSES

Education can make your life less taxing, says the Michigan Association of CPAs. But only if you do your homework on how current tax laws work.

You may be in for some surprises. For example, a history professor specializing in British history would flunk the tax test if he tried to deduct the costs of touring England during his summer vacation - even though he spent a fair amount of time visiting historically significant sights. On the other hand, as an assistant professor of nursing who took a two-year leave of absence from her job to pursue a doctoral degree at the University of Hawaii was actually permitted to deduct her lodging expenses.

How To Pass The Tax Test

Before you run out and call the University of Hawaii for its latest course catalog, beware that deducting educational expenses can be a complicated affair.

As a general rule, you can deduct your educational expenses if you enroll in courses that maintain or improve your work skills. You can also deduct the expenses for any schooling required by your employer or by law to keep your salary, status or job. However, keep in mind that the IRS can disallow a deduction if the required education qualifies you for a new trade or benefits you personally, rather than the business itself.

Let's look at an example supplied by the IRS itself. A teacher is required to take a college course every year to keep his teaching position. If he pays for the course himself, he can deduct the costs even if he eventually receives a master's degree and an increase in salary. If the course isn't required by his employer and he takes it to enhance his knowledge of the topic he teaches, he still gets the deduction.

So why doesn't the history professor's tour of England qualify? You can no longer deduct the cost of travel that in itself is a

form of education - even if the travel expenses are directly related to your work or business.

Tax Traps To Avoid

A number of other education situations may also automatically disqualify you for the deduction. If you are enrolled in a course that will qualify you for an entirely new trade or profession, the expenses are nondeductible whether or not you actually intend to pursue a career in the new profession. For example, a newspaper reporter who enrolls in law school to gain a better understanding of the legal process cannot deduct his educational expenses, regardless of his intention to not pursue a career as a lawyer.

In some professions, you may have a little more flexibility than in others. For example, all teaching and related duties are considered to be the same general type of work. According to tax law, a classroom teacher who

ORDER TO ANSWER

At a session of said Court held in the City of Ann Arbor, County of Washtenaw, State of Michigan on the 24th day of July, 1989.

PRESENT: Honorable Ross W. Campbell, Circuit Court Judge

On the 22nd day of May, 1989, an action was filed by Aron Kwon, Plaintiff, against Bok R. Kwon, Defendant, in this court for divorce. IT IS HEREBY ORDERED that the Defendant, Bok R. Kwon, shall answer to take such other action as may be permitted by law on or before the 22nd day of November, 1989. Failure to comply with this order will result in a judgment by default against such Defendant for the relief demanded in the complaint filed in this court. Such answer or other action shall be filed in the above-entitled cause and a copy thereof sent to the Plaintiff's attorney.

wants to become a school administrator has not changed his basic type of business. In contrast, a computer operator may not deduct the educational costs incurred in becoming a computer programmer. To find out if your educational program constitutes preparation for a change in career, consult your CPA.

You are also unable to deduct expenses for studies that help you meet the minimum educational requirements of your chosen profession or trade. If you are already working, you may incorrectly assume that you have met the minimum educational requirements of your trade or profession. To be sure, ask your professional association to detail the minimum educational standards required for your position.

Other courses ineligible for the deduction include those taken for purely personal reasons, as well as those taken to enable you to enter a profession for the first time or to return to work or re-enter a previous business (unless the absence from work was temporary). In addition, you may not deduct expenses for attending law school or medical school, or for taking a Bar or CPA review course.

What Can You Deduct?

If you qualify for the deduction for educational expenses, you can generally deduct any funds you spend on tuition, books, supplies and laboratory fees. Other tax-deductible expenses include correspondence courses or private tutoring. If you pay for someone to type a paper for you as part of an educational program, you will be able to add those dollars to your tax-deductible total as well.

Also deductible are the transportation costs for traveling by bus, train or car from your present place of employment to the school in which you are enrolled. Depending on the distance between your job and the school, you will be able to deduct either one-way or round-trip expenses.

If you stop at home on your

way to school, you may deduct the cost of travel from your home to school - but only to the extent that it doesn't exceed the cost of going directly from work to school. The cost of traveling between your home and school and a non-working day is not deductible.

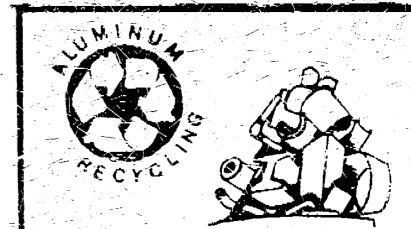

Finally, if your educational course requires you to travel to another city or state, you can often deduct the cost of round-trip transportation and lodgings plus 80 percent of any meal expenses.

CPAs remind us that unreimbursed educational expenses fall into that Grand Canyon category called "miscellaneous deductions," available only to taxpayers who itemize. As a result, eligible expenses are deductible only to the extent that they exceed two percent of your adjusted gross income.

Birth Announcement

Mr. and Mrs. Don Adams of Brooklyn are pleased to announce the birth of their son, Jeffrey Ronald, on August 13, 1989. He weighed 7 pounds 6 ounces and was 20 inches long.

Maternal grandmother is Alice Alexander of Manchester. Paternal grandparents are Mr. and Mrs. Gary Hanna of Tecumseh and Donald Adams of Manchester.

Manchester Mill Run

181 runners came out for the 1989 Manchester Mill Run. The sponsors, benefactor volunteers, other volunteers and the Wash-tenaw County Sheriff's Depart-ment helped make the run an enjoyable event. The winners were as follows:

2 MILE FUN RUN/WALK
Male: 13-below, 1. Matt DeMoss 14:15, 2. Tony Jabacchi 16:30, 3. Nic Gordon 17:20, 14-18 1. Scott DeMoss 16:17, 40-49 1. Len DeMoss 14:14 (1st overall), 2. Leo

Wroubel 24:00, 3. Louis Fantini 28:21; 50-59 1. Richard Gagnaur 23:24; 60-69 1. Kenneth Scharz 30:01, 2. Len Bruner 30:35, 3. Jim Evans 34:14. Female: 13-below 1. Lindsay Fielder 15:45 (1st over-all), 2. Maggie Gisting 19:27, 3. Melissa Hand 28:04; 19-29 1. Cheryl Kratz 33:02; 30-39 1. Mary Ayers 22:38, 2. Julie Kupecky 29:00, 3. Rhonell Brelinski 32:58; 40-49 1. Mary Ann Wroubel 24:00, 2. Lynette Hand 28:05, 3. Sue Fantini 28:21; 50-59 1. Jo Ann Beal 29:59, 2. Rose Gagneur 31:38, 3. Eleanor Kratz 33:02; 60-69 1. Ginny Fielder 24:44, 2. Betty Schwab 27:56, 3. June Jenter 29:56.

2-MILE RACE
Male: 13-below 1. Matt Tuttle 13:24, 2. Brandon Woods 13:32, 3. Joe Gordon 16:30; 14-18 1. Dan Thompson 12:56, 2. Chris Wier 14:12; 30-39 1. Tom Ayers 12:26, 2. Jerry Lowse 12:48, 3. John Rathler 13:46; 40-49 1. Steve Hanway 11:46 (1st overall), 2. Ben Pepper 14:00, 3. Wayne Kirkby 14:13; 50-59 1. John Vella 16:32. Female: 13-below 1. Kate Rose 16:27, 2. Leslie Collier 16:40, 3. Lisa Wendschmidt 18:05; 14-18 1. Amy Dickenson 21:36, 2. Shelly Cymbala 21:37; 30-39 1. Marjorie Backman 14:29, 2. Mary Faulker 16:02, 3. Judy Edge 17:12; 40-49 1. Patty Reiton 14:24, 2. Joan Gaughan 21:38.

19 K RACE
Male: 14-18 1. Jim Howe 38:52, 2. Edwin Childs 39:17, 3. Aaron DeLine 39:38; 19-29 1. Jeff Pepper 35:35, 2. Dave Dunneback 36:25, 3. Geir Kauran 38:02; 30-39 1. Dan Crescio 36:34, 2. Blair Driskall 39:26, 3. Palmer Schoch 39:30; 40-49 1. Bill Stewart 34:12 (1st overall), 2. Don Pelton 41:10, 3. William Tolkowsky 42:12; 50-59 1. Bob Taylor 46:21, 2. Tom Donkin 48:43, 3. Jerry Kratz 55:54; 60-69 1. Cyril Frolich 51:12, 2. Bob Foster 53:24, 3. Don Haudan 54:53. Female: 14-18 1. Wendy Howes 42:18, 2. Carol Flickinger 47:32, 3. Elizabeth Blackwell 47:57; 19-29 1. Jenine

Soloko 46:00, 2. Laurie Keister 47:05, 3. Kim Maroni 52:26; 30-39 1. Penny Dixon 43:30, 2. Jane Marsh 50:32, 3. Lunneth Lohse 57:04; 40-49 1. Cecilius Brzyz 49:55, 2. Susan Hawley 57:01.

Pamphlet Available

If you are considering converting your home into a bed and breakfast, you may want to first read "Starting A Bed and Breakfast in Michigan" recently released by the MSU Cooperative Extension Service. This bulletin discusses business concerns and options to consider before establishing a bed and breakfast.

In addition to the financial feasibility of this business venture, special attention must be given to the potential effects on you and your family, your home and neighborhood. Hospitality skills are imperative for a successful bed and breakfast.

"Popularity and interest in bed and breakfasts have increased dramatically in the past few years," noted Phil Alexander, co-author of the Extension bulletin. "A lot of people, after seeing an old Victorian home, think to themselves 'wouldn't that make a beautiful bed and breakfast?' I suggest they study their proposal very carefully and get as much information as possible."

One excellent source of information is talking to other bed and breakfast operators. Another source is the county Extension office which has research reports on the bed and breakfast industry. The Washtenaw County Extension office is located at the County Service Center, Hogback and Washtenaw, 971-0079.

Cornstarch Based Bags

The Michigan Agricultural Co-operative Marketing Association (MACMA), an affiliate of the Michigan Farm Bureau, will begin marketing cornstarch-based degradable rubbish bags in August. According to Jan Wilford, MACMA's direct marketing program coordinator, the bags contain 6 percent cornstarch and have been shown to begin degrading in 18 months.

"By selling the degradable bags, we are helping to reduce our nation's solid waste problem," Wilford said. "We are helping to improve the environment, and we are supporting agriculture by using a renewable resource, corn."

Wilford said the bags will be available from county Farm Bureau offices throughout the state, and will also be available for fund-raising groups this fall.

Delegates at last year's Michigan Farm Bureau annual meeting adopted policy calling for both "market expansion of agricultural products" and "aggressive action to reduce waste by using containers produced from starch-based packaging material."

Who Gets Your Food Dollar?

U.S. farmers received only 25 cents out of every dollar consumers spent on food at the supermarket or in restaurants in 1988. The remaining 75 cents covered other marketing costs from packaging to profit. That's according to a "Who Gets Your Food Dollar?" brochure prepared by the American Farm Bureau Federation.

Other components of the food dollar included 34.5 cents that was devoted to labor required in processing, marketing and serving; 8 cents in packaging; 7.5 cents in rent and depreciation; 4.5 cents in transportation; 4.5 cents in advertising; 3.5 cents in energy costs; 3 cents in before-tax profits; 2 cents for interest charges; 1.5 cents for repairs and 6 cents in other miscellaneous items such as insurance, property taxes, debt losses and accounting.

The farm share of the food dollar varies greatly from one product to another. Eight cents of every dollar spent on bread goes to the wheat grower, while 58 cents out of every dollar spent on beef goes to the producer.

Limit Use of Repellents with DEET

Michigan Department of Agriculture's (MDA) Pesticide and Plant Pest Management Division officials are advising consumers to limit the use of insect repellents containing the chemical diethyltoluamide (DEET) on children due to the possibility of adverse disorders including: headaches, restlessness, crying spells, mania, coma, staggering, abnormal rapid respiration, convulsions, and lack of coordination.

The public's concern for this year's large mosquito population and the threat of contracting Lyme disease has resulted in a greater usage of insect repellents.

Although repellents ward off pesky mosquitos and infectious ticks, the use of repellents containing DEET in high concentrations can be hazardous to one's health if used improperly.

Results Of Our Labors During The Past 26 Years

Well do we remember the beautiful day in the autumn of '67 when a crowd of men stood around the old Washington hand press, the same kind that Ben Franklin used, and watched us as we grasped the lever and struck off the first copy of the Enterprise. It was in the same room in which the press work is now done, and many of those who watched the slow and tedious process of printing by hand, now join our efforts to witness the working of our beautiful and rapid power press. But some of those who, 20 years ago, stood by and watched the to these mysterious process, are gathered to their reward. Peace to their ashes.

The Goodyear Hall block in which the Enterprise was to have its home, was not completed, there were neither stairs, doors nor windows and the walls were not plastered. The press and material were hoisted to the second floor by the rope and tackle which raised brick and mortar for the building. We went on a ladder, but not that ladder spoken of the three principle rounds of which are faith, hope and charity, yet we must confess that we had hope and faith in our undertaking through the charity of a generous public.

Among the reading matter in the first number was "An early history of Sharon and Manchester," written by the lamented Andrew Robison; an original poem, entitled "Our City," written by Mrs. M. F. Tucker, and considerable local matter prominent among which was mentioned improvements and new buildings going up, for it must be remembered that the village was enjoying a boom. Among the advertisers were Van Dyne, Lynch & Co., where Haetselaar now is, G. W. Doty, and Case & Coon, our townsman Arthur Case being the senior member of the firm. This is all we remember who are now living here.

The first copy of the Enterprise was presented to our much esteemed townsman Chauncey Walbridge who still has it in his possession. We well remember

Class of 2002

Kindergartners started their academic careers Monday when they attended the first day of school. Pictured is Mrs. Supers welcoming her students.

Board of Education Calls "Town Meeting"

The Manchester Community Schools Board of Education announces a Special Meeting for Tuesday, September 12, 1989, at 7:30 p.m. in the High School Study Auditorium.

The purpose of the meeting is to seek information from district residents that will assist the Board of Education in establishing district goals for 1989-90.

For the past three years the Board of Education has invited representatives from various organizations within the community to help the Board identify school district needs.

This year, the Board of Education wishes to expand community involvement and invites all district residents to an "Old Fashion Town Meeting."

Drive For Life

Drunk driving kills our friends and family members at an alarming rate, and remains the most frequently committed crime in the nation. On average, one person dies every 22 minutes, 65 each day, and more than 23,000 Americans lose their lives due to drunk driving crashes each year.

Here in Michigan 793 men, women, and children died in alcohol-related crashes last year. That is why MADD and Volkswagen United States, Inc. are focusing state attention on the third annual DRIVE FOR LIFE public awareness campaign.

We are asking that all motorists turn on their headlights during daylight hours of the Labor Day Weekend in remembrance of those 793 individuals who were killed in drunk driving crashes and, of course, to drive sober over the Labor Day Weekend and for the rest of the year.

DRIVE FOR LIFE

"Wisdom is divided into two parts: a) having a great deal to say, and b) not saying it." Anonymous

POW/MIA Day

A candlelight vigil in Washtenaw County for the 2343 Americans still unaccounted for in Indochina is the centerpiece of this Friday's observance of POW/MIA Recognition Day. The vigil, which will include reading of the names of the 73 Michigan citizens still unaccounted for, begins at 8:00 p.m. in Riverside Park near Depot Town of Ypsilanti.

Organized by Chapter #310 of Vietnam Veterans of America, the ceremony is part of a local and statewide effort aimed at raising awareness in hopes of speeding a resolution to the POW/MIA issue.

"The cities of Ann Arbor, Ypsilanti, Sainne, Milan, Dexter, Chelsea, Manchester, South Lyon, and the County of Washtenaw helped us a lot in this effort," said Jim Wade, President of the local chapter. Last year each city accepted our gift of a POW/MIA flag, told us they'd fly it each POW/MIA Recognition Day, and on holidays like Veteran's Day and Memorial Day, and again this year issued proclamations calling on their citizens to help commemorate the day.

In the decade since the Vietnamese conflict ended, the Indochinese governments have proven less than cooperative in accounting for prisoners who did not return or in providing information on the missing. Within the past two years cooperation increased significantly. Yet, according to the National League of Families of American Prisoners and Missing in Southeast Asia, there are 2343 American servicemen and women still missing and unaccounted for in Indochina.

"A lot of people ask me how I can think any of them are still
