Big Blaze

Destructive Fire in Grass Lake

Last (Wednesday) night about 10:30 o'clock fire was discovered in William Simmonds' meat market, which composes one of the frame buildings opposite the depot building. Before the town could be aroused by the few people on the street the meat market, Henry Vinkle's hardware store and Malmight's tailor shop on the corner were in a blaze and beyond a possibility of being saved, and the people devoted themselves to carrying out goods and protecting adjoining property. The fire gradually burnt east along the row of buildings, destroying the barber shop building owned by H.S. Smith and occupied by Geo. Thornton, the unoccupied dwelling house next to it, owned by Henry Vinkle, and also John Sheffel's residence property, and for a time it seemed it would continue to the buildings occupied by J. M. Sanford and Chas. Schmid, but workers succeeded in tearing away the small building occupied by J. E. Smith as a shoe

shop, and the progress of the fire was stayed at that point. An engine from Jackson had been sent for but when it arrived the buildings were almost consumed and the fire checked. Mr. Vinkle's loss will be in the neighborhood of \$4,000, with only a small portion insured. Mr. Simmonds' loss is about \$1,200, with about \$600 insurance. John Malmight had no insurance on his building, it having expired a few days since. Loss on contents of the room and on building, about \$600. Mr. Sheffel was uninsured and his loss will be about \$600 on his residence. W. R. Hookway's business and residence property west of the fire and across the street was damaged to the extent of \$400 or \$500 by fire and water. Geo. Thornton got most of his barber shop fixtures out. Charles Schmid and J. M. Sanford suffer some loss and damage in the removal of goods. The workers did the best they could under the circumstances. When they could not get water they used snow. The wind was not high and was toward the north, otherwise the damage would probably have

Enjoy A Nearby Color Tour

Manchester Area Fall Color Maps are now available! The Manchester Area Chamber of Commerce has put together a map of the Village and four surrounding townships inviting folks to enjoy the beautiful fall scenery. There are suggested routes for each of the townships - Sharon, Freedom, Bridgewater and Manchester - plus a route through the Village of Manchester. The Chamber is making these maps available free of charge from all area merchants. Although many may already have their own personal favorite spot for color viewing, these routes include some brilliant fall foliage areas as well as a scenic tour of the Manchester countryside.

In addition to the bright reds and golds, look for and enjoy also the more subtle hues - the violets and mauves of the roadside wildflowers and the many rich and warm shades of tan and gray in the fields. The Chamber anticipates making this map an annual feature and so welcomes any feedback regarding the map and the routes. Also if you need a quantity of maps, contact the Chamber through Ann Pat Wolf at 428-8389.

So put on your riding clothes, pick up a map from any nearby store or shop, and take a moment this fall to drink in the beauty of nature right here in our own backyard.

Manchester United Way Campaign Underway

Eleanor DuRussel

"It's Time To Share-Let's Give The United Way" was chosen as the slogan for this year's United Way campaign. Eleanor DuRussel submitted the winning slogan, which was selected from entries submitted at the Manchester Community Fair. United Way Board President Leonard Brunner presented Eleanor with a check for \$25. Eleanor has been a resident of Manchester for 20 years. She has been entering the United Way slogan contest for the past 10 years. The United Way Board would like to thank Eleanor and all the people who submitted an entry this year. The 1989 United Way Campaign will run the entire month of October. The goal for this year's campaign is \$52,600. This will be distributed to Manchester agencies as follows: Manchester Area Recreation \$8,300; Manchester Family Service \$1,250; Manchester Area Senior Citizens Council \$5,000; Manchester Cooperative Pre-School \$2,000; Community Resource Center \$1,000; Substance Abuse Awareness Committee \$1,000; Interfaith Counseling Service \$600; American Red Cross \$8,200; Catholic Social Services of Washtenaw County \$3,500; Child & Family Services of Washtenaw County \$3,500; Cystic Fibrosis Foundation \$1,250; Hospice of Washtenaw, Inc. \$2,000; Huron Valley Child Guidance Clinic \$500; Huron Valley Girl Scout Council \$4,100; The Salvation Army \$3,500; Wolverine Council Boy Scouts \$4,100; and United Way of Michigan \$2,800.

Post Office Moving

The Manchester Post Office will be moving into their new site as announced by the United States Postal Service. The new facility, located at 103 East Main Street (the former Beal Hardware Store) will afford a larger lobby area, more work space for employees and also more lock boxes. The move will be made on Saturday, October 14 and Postmaster Jake Houck requests all box holders to remove their mail as early as possible and NO LATER than 1:00 p.m. on that afternoon.

The Post Office has been located at 108 East Madison Street, sharing the Knights of Columbus building since 1959. Lack of expansion room is the reason given for the move from the present site. The postmaster asks for your cooperation in making the adjustment to the new building and your patience during the transition period.

Optimist Tri-Star Football Contest

The Manchester Optimist Club will hold a Tri-Star football contest at 12:00 on October 21, 1989 at the High School football field. The program tests the skills of contestants in three of the basic skills of the game - place-kicking, passing, and punting. Boys and girls will compete in six age groups, 8 through 13, against youth only of their own age. All that is needed to compete is a pair of gym shoes. Football spikes or hard-toed shoes will not be allowed. There will be awards for the first three winners in each age group. Every contestant will also receive a Tri-Star patch. Entry blanks will be available at the Elementary School, Middle School, Krauss Pharmacy, or at the contest site on the day of the competition.

SCHOOL BOARD MEMBER

RECOGNITION WEEK

At least once a month, 4200 men and women gather in communities across Michigan to make decisions that affect the lives and the future of 1.6 million school children.

This month, Michigan communities like Manchester, will honor the dedicated services of the public school trustees during the first annual observation of School Board Member Recognition Week - October 9-13.

School Board Members are elected men and women dedicated to guide our schools. They set educational and financial priorities. The Board of Education determines curriculum, staff and building needs. They approve policies that affect students, staff and community.

The job of a School Board Member is a thankless one and their service often goes unnoticed. We have been fortunate in Manchester for so many years to have had dedicated men and women guiding the Manchester Community Schools.

The men and women currently serving our district are:
Patricia Sahakian, President
John Gaughan, Vice-President
Anne Marie Gordon, Secretary
Paul Kluwe, Treasurer
Mark VanBogelen, Trustee
Stanley Gilbert, Trustee
Joseph Turk, Trustee

Don't forget that October 16, from noon 'til 6:00 p.m. is the date and time for the Manchester Autumn Bloodmobile. See you all that day at the Manchester United Methodist Church.

Senior Citizens News Obituaries

"Time" seems to affect some of us more than others we know. There is time to wake up, to eat, go to bed, to get to school and to take your pills. Husband, who is an old railroad man, has solved the 12 noon and midnight question of which is AM and/or PM. He is convinced it is AM at noon and PM at midnight. (I don't let that bother me at all.) I wish that slow time began again on October 1st so I'd have that extra hour of daylight in the morning when I'm rearing to go. Anyhow, it's time to talk about Senior Sojourns!

dinner by calling ahead to Linda at 428-8359 or to Jan, our cook, before 10:30 a.m. on meal days at 428-7630.

Friday, October 13: Seniors leave the Center at 9:00 a.m. (note change) for Charlotte and The Country Mill and Color Tour. Erma Alber (428-8707) is the gal PM at midnight. (I don't let that bother me at all.) I wish that slow time began again on October 1st so I'd have that extra hour of daylight in the morning when I'm rearing to go. Anyhow, it's time to talk about Senior Sojourns!

Monday, October 16: A trip is planned for Hillsdale to visit a museum and deer farm. The bus will leave the Center at 9:30 a.m. Give Erma a ring.

Tuesday, October 17: Pastor John Riske will give the clergy presentation beginning at 11:00. Chick-chick chicken will be prepared oven fried by Jan and Company for noon lunch. Seniors adjourn to the Center to work on their many activities after the meal.

Wednesday, October 18: Chamber of Commerce lunch and meeting begins at 12 noon. Call Rubena at 428-8655 if you wish to go along as a senior rep.

Thursday, October 19: We will have New Lasagna (I'm sure Jan is playing games with us again—what was wrong with the old?). This is what intrigues us about our beloved Jan, her imagination (and all the other things which make our meals so tantalizing. Thanks!

Looking ahead—Monday, October 23: The Chelsea Depot Museum is the destination for a visit. The bus leaves the Center at 9:30 and "time" for some shopping is also on the agenda. Will see you next time!

On October 3, we met at the home of Patty Swaney to hear her give a real good report on "Varina Howell Davis", the wife of Jefferson Davis. She had many good things happen to her, but also much sorrow when some of her children died. But she was a loyal supporter of her husband and they enjoyed their marriage to the fullest.

We will meet at the home of Florence Parr on Tuesday, October 17 at 2:00 p.m. Florence has chosen "Queen's Grace" for her topic. See you there.

INSURANCE

Notes

Are Insurance Companies Subject to Anti-Trust Laws?

Insurance companies are prevented from price-fixing, coercion and boycotting, just like any other business. They are permitted to share claims information through voluntary organizations. This is to help smaller companies who financially cannot afford to collect this information to compete with larger companies who do. Without this special provision, competition for your business would be limited to fewer companies, most of which would be large, national giants.

Bringing Kids and Books Together

Lori Anderson, Sarah Jefferson, Patrick Busch and Kim DeVries add an apple sticker to the class orchard. Each apple represents a book that they have read and each tree represents a category of books.

Third graders at Klager School are participating in a national reading program called "Branch Out In Reading" sponsored by Mott's. The purpose of this program is to motivate children to read more and to expand their reading repertoire by exposing them to a variety of books. Each week students place an apple sticker on "a tree in their orchard." Each tree is labeled with a sign that indicates all apples on that tree represent a mystery or science fiction or maybe an animal book. Children are encouraged to read a variety of books so they can place their apple sticker on a different tree each week. Each classroom has a class orchard and each student has his/her own tree on a reading certificate. At the end of the school year, each tree will be heavy with fruit to indicate that many genres of books have been read.

The Mysteries Are Just Beginning

Janet LaBeau Shurtliff

The subject was "Anatomy of a Murder". The jury consisted of those Manchesterites attending the Manchester Township Library's Reading and Discussion Group. The verdict seemed unanimous: another success!

Nearly thirty gathered for this meeting held last Thursday at the Blacksmith Shop. Many were familiar faces, those who had attended previous meetings of the Reading and Discussion Series.

But many were new to these gatherings. Was it perhaps the subject matter? The theme for this fall series is "Michigan Mysteries." It was suspected that many of the fans present were quite loyal to the mystery genre.

And why not? Mysteries are such fun!

This most recent meeting, the first of the new series, marked the beginning of the fourth series offered by the Library. The series began as part of the Manchester Township Library's 150th anniversary year celebration.

One thing has become quite predictable about this tradition: There is always an interesting guest speaker.

Last Thursday Professor James Diedrick from Albion College addressed the group. Incidentally, he was the guest lecturer at the very first meeting held in Manchester two years ago.

One of the great charms of Prof. Diedrick's presentations is his offering of literary references. Even this novel, with its 1950's

radio detective style, was related by Prof. Diedrick to "Oedipus Rex", to Dickens, to Conrad's "Heart of Darkness."

But this was not a lofty intellectual discourse. The group discussion was very animated with many different voices analyzing the motives and personalities of the characters. This story provided plenty of opportunity for the audience to be back seat drivers in an unfolding courtroom who-dun-it.

Next Week: The Author

Expect more of this good thing at the next meeting, to be held next Thursday, October 19th. The book to be discussed is "The Rosary Murders."

The Manchester Township Library is very proud to announce that the author of this book, William X. Kienzle, will be the guest lecturer at the Blacksmith Shop that evening!

Copies of "The Rosary Murders" are available from the Library. There will also be copies available to purchase should you wish to have one autographed by the author for your personal collection.

This is a story set in Detroit which centers around the Catholic clergy and churches where the murders occur.

The author is sure to offer an exciting and rich source of insight into this work as well as into the craft of mystery writing itself.

This series is organized and funded by the Michigan Library Association and the Library of Michigan. The Manchester Township Library has arranged for the lecturers and presents the series here in Manchester.

Remaining books in this fall series to be read and discussed are "Fifty-Two Pick-Up" by Elmore Leonard and "Motor City Blue" by Loren Estleman. For more information call the Library at 428-8045.

All are welcome to attend these meetings.

The October meeting of the Washtenaw County Historical Society on Sunday, October 15, will feature Ret. Dean of the School of Library Science Russell Bidlack, who will speak on "Andrew Ten Brook, Forgotten Figure in Ann Arbor History." Ignored today, Andrew Ten Brook held prominent positions during the early years of the University and the City. His multifaceted career included years spent as professor of philosophy, eminent librarian, Ann Arbor historian, and Baptist preacher. Return to Ann Arbor of the 1840's where, as Ten Brook's life and career illustrate, life was not kinder and gentler. Sunday, October 15, 2:00 p.m. Bentley Historical Library, 1150 Beal, North Campus. The public is invited. Free admission.

H&R BLOCK INCOME TAX COURSE BEGINS OCTOBER 16

Save time and money when you take the H&R Block Income Tax Course.

Thousands of people enjoy part-time employment and earn money each year as income tax preparers. Many received their training in income tax courses taught by H&R Block.

The 75-hour basic course introduced students to income tax preparation. They will receive hands-on experience in preparing individual tax returns, working with increasingly complex tax situations as the term progresses. It is ideal for homemakers, retirees, teachers or anyone else wanting to increase his or her tax knowledge.

Qualified graduates of the course may be offered job interviews with H&R Block but are under no obligation to accept employment. Registration forms and brochures can be obtained by contacting H&R Block.

Avoid Winter Woes With Car Care Check

Put down that book. Forego the walk. Put the VCR on pause.

Instead, spend that 30 minutes preparing your car for winter, AAA Michigan advises.

"A half-hour is all it takes to perform a winter car care check-up," said Robert Tellier, AAA Michigan Emergency Road Service manager. "The test is easy and helps detect minor problems that could turn into major hassles when your car won't start on a cold winter morning."

The only items required are the owner's manual, tire pressure gauge, screwdriver, antifreeze hydrometer and baking soda.

"At our Winter Car Care clinics last year, more than 90 percent of tested vehicles had at least one problem requiring attention," Tellier said. "The most common problems were low tire pressure and improper antifreeze levels or strength."

To perform the check-up, AAA Michigan recommends these 12

steps:

- **Battery** - Use a wire brush dipped in a baking soda/water solution to clean battery terminals and cable ends, but do not splash on painted surfaces. If the battery is not maintenance-free, make sure water is at the correct level.

- **Tires** - Check pressure with a gauge for correct inflation and inspect tread wear, including the spare. For accuracy, check inflation pressures when the tires are cold. A "cold" reading can be taken when a car has not been driven more than one mile or after sitting for three hours or more.

- **Antifreeze** - Use a hydrometer to check the antifreeze strength in the radiator. The recommended level is 36 degrees below zero. Also check the level in the overflow tank.

- **Oil** - Use dipstick to check oil level. Add oil as needed. Check owner's manual for exact inter-

vals between changes and for SAE viscosity grade. Some car manufacturers suggest lower viscosity during winter.

- **Brake fluid** - Keep the level within one-quarter inch from the top of the reservoir. Use a screwdriver to pry off the chamber's cover clips. Some vehicles may have screw-off caps. New models have translucent reservoirs and can be checked visually.

- **Power steering fluid** - Follow directions in owner's manual when checking the indicator stick. If fluid is needed, add slowly to avoid overflow.

- **Automatic transmission fluid** - Check indicator stick, usually located behind engine on passenger side. The car should be on level ground and placed in "park" position with the engine running.

- **Belts and hoses** - Test tension by pressing on the middle of each belt. If a belt gives more than 1 to 1 1/2 inches, tighten or replace. Check for cracks and fraying and be sure hoses are firmly in place. Replace as needed.

- **Lights, signals** - Activate to make sure they work.

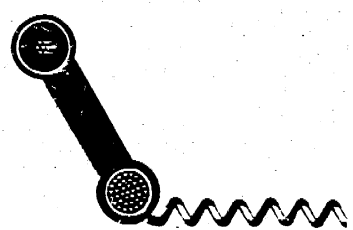

- **Air filter** - Hold the filter up to a light. If you can't see light through it, replace it.

- **Washer fluid** - Keep the reservoir filled with solvent.

- **Wipers** - Be sure wipers work well and replace if they leave streaks or skip spots.

World Assembly of Families

Wayne and Sue Hamilton of Ann Arbor, formerly from Manchester, were elected presidents of the International Confederation of Christian Family Movements, a worldwide organization that helps family support groups from six continents connect as a world family. The couple was elected at the confederation's eighth triennial World Assembly of Families, held September 7-13 in Avila, Spain.

Over five hundred people from six continents and twenty-six countries met in Avila to share their experiences of family life in African villages, crowded towns of India, and big cities of the First World. The title of this year's conference was "The Family: Reality and Mystery, Hope of the Third Millennium."

The Hamiltons, former presidents of the Christian Family Movement in the United States, said that even though the Christian family has existed for hundreds of years, a world-wide network of these families has existed only since 1966, when the first World Assembly was held. The couple's goal for their

three-year term with ICCFM is to increase communication with member families throughout the world. They plan to begin an international newsletter, naming Tom and Vernie Dale, of Mt. Clemens, Michigan, as co-coordinators. Their first official act as presidents of ICCFM was to appoint Rev. Sam Palmer, of Des Moines, Iowa, as world chaplain, and Helio and Selma Armormir of Rio de Janeiro, Brazil as vice-presidents.

The Christian Family Movement in the United States was begun in the 1940's and spread over the entire world by 1966. It consists of parents and clergy who meet regularly in homes to pray, discuss issues important to families, and act to improve family, church and community life.

Wayne and Sue have been married 21 years and are parents of one son. Wayne is the owner of Manchester Stamping in Manchester and Sue is currently working on a CFM program book about the challenges of midlife.

Clinic Gets People In Tune

Although the U.S. government sets noise standards for industrial workers, no guidelines exist to protect the ears of people who regularly use high-decibel headset devices such as portable stereos and cassette players.

Audiologists at the University of Michigan Medical Center are helping to bridge that gap with free clinics for headset users to calibrate their devices at a safe volume level.

Many people, according to U-M audiologist Paul Kileny, Ph.D., adjust the volume as high as 110 decibels - the threshold for pain. According to federal guidelines, people risk hearing loss if exposed to 115 decibels for more than 15 minutes a day.

The first clinic will be held from 9:30 a.m. to noon on Saturday, October 14 at the U-M Department of Otolaryngology. For more information, contact Michael Harrison at 764-2220.

Special Education Trainings

Michigan Protection and Advocacy Service will present a free training session for parents whose children receive special education services. The training will include an overview of the special education rules and specific advocacy techniques which can be used during an Individualized Educational Planning Committee (IEPC) meeting. After the presentation, there will be time for questions and answers regarding your specific special education concerns. The training in this area will be held:

Historic Building Expert at MAHS

Janet LaBeau Shurtliff

"Historic storefront restoration" will be the topic presented next Monday, October 16, at the Manchester Area Historical Society's regular monthly meeting.

Charles Shiver, proprietor of Shiver Restorations of Tecumseh and an expert on building restoration, will address members, friends, and all interested persons at the meeting which is held at the Blacksmith Shop, 324 East Main, beginning at 7:30 p.m.

Mr. Shiver has a long list of building restorations to his credit including a number of Manchester area accomplishments.

His knowledge and expertise will be available to the audience who may even want to ask him questions about their own "this old house" restoration project.

All are welcome to Historical Society meetings. Membership is not required. Don't miss this opportunity to "hear it from an expert."

Wedding Bells Ring

Theresa Robene Boner and Brent Allen Powell married September 1, 1989 at the home of the bride's parents. The ceremony was officiated by Magistrate George Parker.

The bride wore a white knee-length taffeta and lace dress and

carried a bouquet of pink rosebuds, miniature white carnations, baby's breath and greenery.

Brent and Robene spent their honeymoon in Florida and Tennessee. They will reside temporarily at 20837 Logan Road in Manchester. Brent works for Doman Ceiling and Partition of Ann Arbor and Robene is employed at Weber's Inn in Ann Arbor.

Chicken Mexicana Takes Top Prize and Sets the Pace For 1989 Young Cooks Recipe Contest

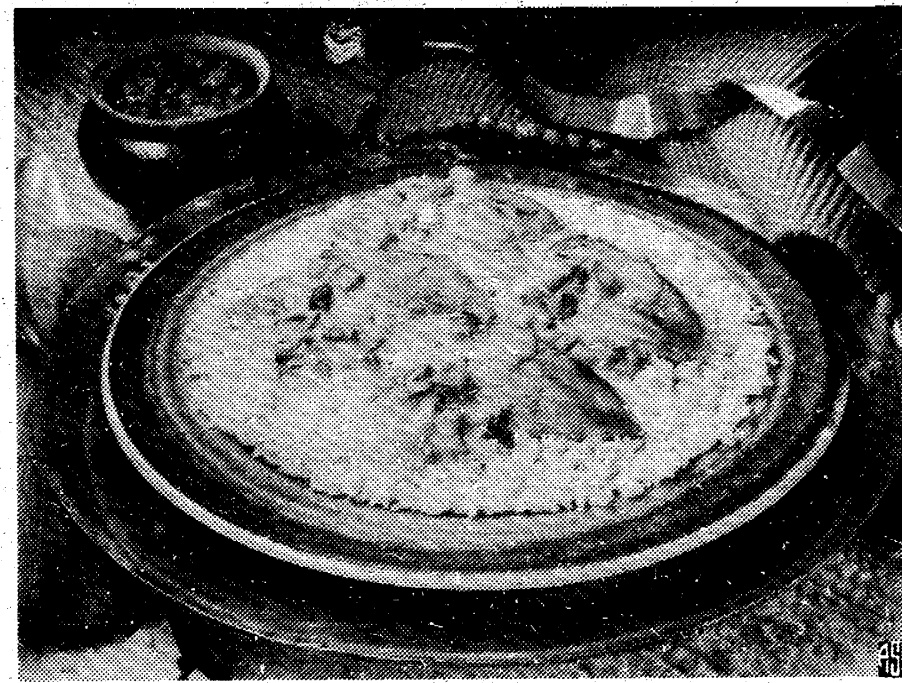

Chicken Mexicana, the great-tasting original creation of 13-year-old Adrienne Sloboden of Puyallup, Washington, has been named the Grand Prize winner in the PACE® Picante Sauce Young Cooks Recipe Contest. For her best-of-contest recipe, Adrienne won \$1,000 for herself and a microwave oven for the home economics department at Ferrucci Junior High School. Open only to teenagers, the contest drew enthusiastic response from creative young cooks nationwide.

The prize-winning recipe garnered the Grand Prize for its taste appeal, ease of preparation and originality. Ready to serve in short order, it relies on PACE® picante sauce to add garden-fresh flavor and jalapeno pepper "punch" to a lively cheese sauce served over chicken and rice.

With Chicken Mexicana for inspiration, now's the time for young cooks age 12-18 to start creating winning recipes for the 1989 contest. Entries will be accepted through January 31, 1990.

Incentives for entering include a Grand Prize of \$1,000 plus a microwave oven for the winner's school, two First Prizes of \$500 each, three Second Prizes of \$100 each, three Third Prizes of \$50 each and 25 Runners-Up Prizes.

To increase chances of winning, contest rules should be followed carefully. For a copy of the rules write to: Rules, PACE® Young Cooks Recipe Contest, 3484 West 11th Street, Houston, TX 77008.

Chicken Mexicana

- 2 whole chicken breasts, split, boned and skinned
- 1/4 teaspoon garlic salt
- 2 tablespoons butter or margarine
- 1/2 cup sliced green onions with tops (1/2-inch pieces)
- 1/2 cup chopped green pepper
- 1 cup PACE® picante sauce
- 4 ounces pasteurized process cheese spread, diced
- 2 to 3 cups hot cooked rice, as desired
- 1/4 chopped cilantro

Sprinkle chicken with garlic salt. Heat butter in 10-inch skillet over medium heat. Add chicken; cook 5 minutes. Turn chicken over. Add onion and green pepper around edges of chicken. Cook 5 minutes or until chicken is tender. Place rice on serving platter. Remove chicken from skillet and place over rice; keep warm. Add picante sauce and cheese to skillet. Cook and stir until cheese is melted and sauce is hot. Pour over chicken and rice; sprinkle with cilantro. Serve with additional picante sauce. Makes 4 servings.

New England Fish Chowder

Here's a foul-weather friend. And fish are an important source of protein, iron and other minerals and vitamins. Cup or bowl, this recipe will help your heart while warming you up inside.

- | | |
|------------------------|--|
| 1/2 tsp. margarine | 1/2 tsp. thyme |
| 3/4 cup onion, chopped | freshly ground |
| 1 clove garlic | black pepper |
| 1 bay leaf | 1/2 cup skim milk |
| 1 sprig parsley | 1 pound frozen or fresh haddock or cod fillets |
| 1 1/2 cups water | |

Melt margarine in pan, saute onions and garlic. Add all other ingredients. Simmer soup for 45 minutes.

Yield: 4 Servings

Soup chef's tip: Making a soup stock pot is easy. Look through the refrigerator. You may find tops of celery, vegetables that have lost their freshness and the outer leaves of greens. Put them in a soup stock pot, pour broth over them, add some water and a few herbs and leave them to simmer for a half hour. Strain the broth and use it to make your own soup du jour.

Fresh-Frozen Antipasto

Wouldn't it be nice if all our vegetables were just-picked—but let's face it, most people don't have gardens that bloom year round nor the time to harvest them. During off seasons, it can be a waste of time to navigate the produce section of the supermarket looking for the perfect spinach.

On the other hand, frozen vegetables are full of flavor because they're often fresher than fresh. Produce destined for freezing is blanched and frozen within four to six hours after it's picked, locking in its freshness and flavor. So-called fresh produce is often harvested early and allowed to ripen off the vine as it travels to market—which may be several weeks. As produce ages between vine and table, its natural sweetness turns to starch and the greater the nutrient loss. Frozen vegetables are also more flavorful—and less expensive—than out-of-season produce.

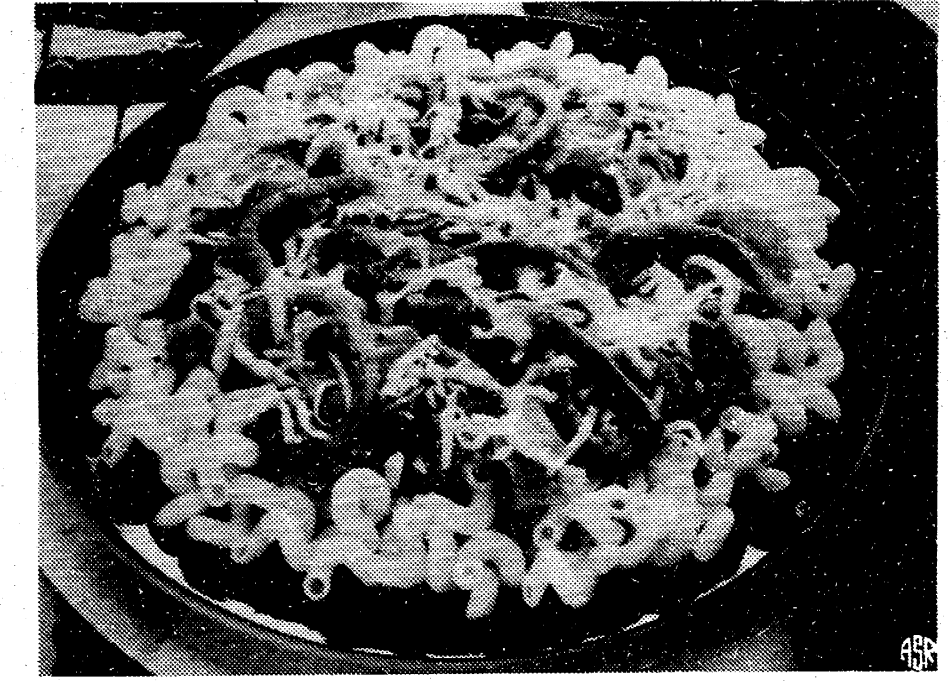

Frozen vegetables cook up fast and fresh, especially in the microwave oven. You also can eat them thawed right out of the box.

MARINATED ANTIPASTO SALAD

- | | |
|---|--|
| 1 package (10 oz.) frozen artichoke hearts | 3 cups prepared Italian or Caesar dressing |
| 1 cup frozen chopped onions | Green leaf or romaine lettuce |
| 3 cups assorted frozen vegetables, such as asparagus, cauliflower, carrots, "sugar snap" peas | Fresh basil leaves |

Place artichoke hearts, onions and other vegetables in colander and run under warm water for 2 minutes; drain well. In medium bowl, toss vegetables with dressing. Chill, covered, several hours to marinate, stirring occasionally. Serve on greens with a garnish of fresh basil.

Pasta Month Celebrated "With the Works"

Pasta may have originated in Italy but it has certainly become an American favorite. On the average, an American eats ten pounds of pasta per year. There are many reasons why this food is so popular. For one, pasta is easy to prepare, especially with convenient Prego spaghetti sauce. The diversity of pasta is another reason. Pasta can be served with almost anything. Of course, pasta with sauce is traditional, but vegetables, cheeses, seafood, meats and poultry can all be added to this meal to give it extra excitement.

A delightfully creative way to serve pasta is with Prego spaghetti sauce in Pasta With The Works. Using twist macaroni with favorite pizza toppings creates a pasta illusion that tastes just like a pizza.

For more delicious pasta recipes, order a new Prego leaflet by sending a self-addressed, stamped, business-sized envelope along with your name, address and zip code to: Prego Pasta Sensations, P.O. Box 964, Bensalem, PA 19020.

Pasta With The Works

| 1/2 cup thinly sliced pepperoni (2 ounces) | 1/3 cup halved pitted ripe olives |
| 1 medium green pepper, thinly sliced | 4 cups hot cooked twisted macaroni (3 1/2 cups uncooked) |
| 2 cups original Prego or Prego Extra Chunky mushroom and tomato spaghetti sauce | 1 cup shredded mozzarella cheese (4 ounces) |
| | 1/4 cup grated Parmesan cheese |

1. In 10-inch skillet over low heat, cook pepperoni until lightly browned, stirring often. Add green pepper; cook 5 minutes or until green pepper is tender-crisp, stirring often.

2. Add Prego sauce and olives. Cover; simmer 10 minutes, stirring occasionally.

3. Toss sauce mixture with macaroni and mozzarella cheese. Sprinkle with Parmesan cheese. Makes 6 cups or 4 servings.

7th Grade Football

The 7th grade Dutchmen hosted the Napoleon Pirates Wednesday afternoon and again the Manchester defense was awesome, still not allowing a single point scored against them.

This week the offense gave an exciting performance as well, rolling up 26 points. Tight end Troy Niehaus had an outstanding game, receiving two touchdown passes from quarterback Mark Kueffner and a third scoring strike from running back Jeff Kemner. Charles DuRussel added a 4th Manchester TD on a 3-yard plunge.

Manchester kicked off to open the game and the Pirates returned to their own 44. On the 4th down Micah Puscas recorded a 15 yard quarterback sack to give the Dutch the ball on the Napoleon 36. The Dutch moved to a 1st down, then Mark Kueffner connected with Troy Niehaus for the Manchester score. The conversion failed.

Jeff Kemner's ensuing kickoff was short and an alert Andy Winzenz recovered for Manchester on the Pirate 44. 3 plays later it was Jeff Kemner's turn to hit Troy Niehaus with a pass that went for 33 yards and the 2nd Manchester TD. The 2-point conversion was successful and at the end of the 1st quarter it was

Dutchmen 14-Pirates 0.

The Dutch kickoff was returned to the Manchester 48. 3 plays later the Pirate punt was returned to the Dutch 43. After both teams exchanged penalties, the Dutch were forced to punt, but a roughing-the-kicker call gave Manchester a 1st down on the Pirate 29.

2 plays later, Geoff Brooks blasted for 25 yards to the Pirate 4 yard line. It took only 1 play for Mark Kueffner to hit Troy Niehaus for his 3rd TD and after failing to convert the 2-point, it was Manchester 20-Napoleon 0 with 51 seconds left in the 1st half.

Napoleon's 2nd half kickoff was returned to the Dutch 35. Jeff Steele burst through the middle for 9 yards and a quarterback sneak gave Manchester a 1st down. But a Dutch fumble turned the ball over at the Manchester 49. The Pirates were unable to move and relinquished the ball on downs. Again the Dutch picked up a 1st down, but a penalty followed by another fumble gave the Pirates back the ball at their own 45.

After 3 plays and a punt, the Dutch returned to the Manchester 35. 2 plays later Jeff Steele exploded for 30 yards to the Pirate 31.

Friday found us traveling to Vandercook Lake where we won our fifth consecutive conference game.

The first half was rather uneventful as the ball changed hands many times with no scoring. In the third period, our first possession resulted in a 56-yard, 18-play march, with Dave Beck diving in for the touchdown. Soon after, in the fourth period, Jay Gillow snared one of his four interceptions to begin an 11-play

8th Grade Football

The 8th grade football team is now 4-0, having beaten Napoleon 26-0 last week. Manchester scored on pass and run plays, showing a more effective and varied offense than their opponent. The kickoff team has allowed one TD all season and the defense has not been scored upon.

Napoleon took the opening kickoff at their 25 and returned to their 38. They were able to gain 2 first downs before giving the ball to the Dutch on their own 42 on a 4th down incomplete pass. Manchester scored on two plays with Mike Barnard passing to Matt Fielder for a 50-yard gain to the Napoleon 8. Brad Davis then took it in around left end and the score was 6-0. A pass to Robby Davis was good, but there was a penalty flag and the next try for the conversion was no good.

Napoleon then took the kick at the 27, returning to the 37. After gaining a 1st down, Mike Barnard recovered a fumble on the 2nd play of the series at the Dutch 42. Brad Davis ran for a 1st down at the Napoleon 47. On the next play Shane Ahrens, receiving good blocks and outmaneuvering the defense, scored on a run around right. The conversion was good on a pass to Brent Woods. Score: 14-0.

Napoleon got closer on the next kickoff as they returned from the 24 to their 41. Unable to gain a 1st down, Napoleon punted. Shane Ahrens returned the punt from his 16 to the Napoleon 40.

drive. Andy Pagel crossed the goal line for our second and final TD.

Our big runner tonight was Andy as he rushed for 108 yards. Defensively Mike Sroufe had 13 tackles.

Be with us Friday as we play host to the warriors of Grass Lake.

In the JV game last Thursday, we stood atop 16-0 with one quarter remaining. My hat goes off to the little Jayhawks for a stunning comeback. They hit pay dirt with two seconds remaining on the clock, to win 24-16.

Unfortunately, there was a penalty and Manchester was forced to start from their own 24. The Dutch made three first downs in this drive, with Mike Barnard picking up 32, Brandon Woods running for 19, Brad Davis gaining 9, and Brent woods running for 8 and catching the 8-yard TD pass. Jeremy Strock's kick for the PAT hit the cross bar and fell back incomplete.

Napoleon had one minute left in the half and returned the kickoff from the 22 to the 27 before losing two yards and running out of time. Half-time: 20-0.

Manchester wasted little time in scoring their final TD, taking the second half kickoff at their own 33. On the fourth play Matt Fielder caught a pass from Mike Barnard and ran for the 44 yard TD. This time there was a fake PAT kick and an incomplete pass, leaving the score at 26-0.

Napoleon then mounted a drive, taking the kickoff at their 25 and starting from their 32. They moved to the Manchester 11 before 2 delay-of-game penalties took them back to the 21. JD Gould broke up their pass attempt on 4th and 23. Manchester took over on their 23, and a penalty was called on Napoleon on Shane Ahrens' 4th down punt. With new life Manchester ran out the clock at mid-field.

Two home games to go—October 11th & 18th at 6:00 p.m. at the home field. Come cheer the Dutch on!

TAX TIPS FOR THE SELF-EMPLOYED

Last year, Gary quit his publishing job and launched a freelance writing career. Luckily, his business took off and he was soon earning far more than he had ever expected. Then tax season came around and, suddenly, the thrill was gone. Faced with an unmanageable tax bill, Gary wondered where he went wrong.

According to the Michigan Association of CPAs, Gary's mistake was ignoring the impact that tax planning can have on a business' bottom line. Not only did he fail to make adequate estimated tax payments, but he also forgot to keep detailed records of his tax-deductible expenses.

If you are self-employed or operate a sideline business for profit, you still have time to minimize your 1989 tax liability. Here are some tax-saving strategies that can help you avoid a tax-season disaster.

Check Your Estimated Tax Payments

As a self-employed individual, you are required to make quarterly estimated tax payments. By the end of the year, these payments must equal 90 percent of your 1989 tax liability or 100 percent of your prior year's tax liability. If your payments are below the mark, you will have to pay a penalty of 10 to 12 percent. Since the penalty is computed separately for each quarterly payment, it may already be too late to avoid the penalty for underpayment on your first three quarterly payments. If this is the case, try to minimize the overall penalty by paying any taxes owed for the previous quarters as soon as possible.

Maximize Your Business Expenses

Now, here's some good news. Self-employed workers may deduct all ordinary and necessary costs of operating a business. For example, you may be able to deduct such expenses as business-related accounting and attorney fees, advertising costs, property insurance premiums, subscriptions to information services, license and regulatory fees and certain education expenses. You may even deduct the interest costs of financing a car purchased primarily for business purposes. And, although you can no longer deduct the sales tax paid on a car, you can add the sales tax to a business car's purchase price and depreciate the total amount.

What's more, there is no limit on the amount of deductible expenses you can claim as a

self-employed person. In fact, if your business expenses exceed your business income, you can use the net loss to offset other income, such as wages or interest. To keep track of your business expenses and support your deductions, CPAs suggest that you keep a business diary as well as a separate checkbook strictly for work-related expenses.

Track Your Home-Office Expenses

If you conduct all or some of your business in the home, you may also be entitled to deduct a number of related expenses, including a portion of your utilities. But eligibility for home-office deductions is far from automatic. To take a deduction for using a part of your home for business, the home-office must be used exclusively and regularly as the principal place of your trade or business or as a place where you regularly meet or deal with clients or customers.

Keep in mind that home-office deductions are generally allowed only to the extent of your net business income. What this means is that you cannot use home-office deductions to create or increase a net loss from the business activity conducted in the home.

Offset Cost Of Office Equipment

To offset the high cost of office equipment—whether a business

car, office furniture or a computer system—you can depreciate the equipment over its useful life. For automobiles, the depreciation period is generally five years. For other depreciable business assets, the write-off period usually extends from five to seven years. But there are assets, such as luxury cars, which may be subject to certain restrictions and expense limitations.

As an alternative, you may choose a special "expensing" election. With first-year expensing, you can take an immediate tax deduction for equipment purchases of up to \$10,000 per year, as long as that amount does not exceed your business income. If the property costs more than \$10,000, the excess amount can be depreciated. However, CPAs warn that this special election may not be used to create a loss in your trade or business.

Deduct 25 Percent Of Your Health Insurance

As a self-employed taxpayer, you can generally deduct 25 percent of the amount you pay for health-insurance coverage for yourself and your family. Again, there are restrictions. The deduction must not exceed your business' net earnings and if your business has other employees, you must provide them with non-discriminatory health insurance coverage. Also, you must not be eligible for participation in a subsidized health plan of another employer. In other words, if you can receive medical coverage through your spouse's employer, you will generally have to forfeit the 25 percent deduction. If this is the case, include the insurance premium as part of your itemized medical deductions—which are deductible to the extent that they exceed 7.5 percent of your adjusted gross income.

One last word: new tax laws may eliminate this deduction. Contact your CPA for the latest information.

Open A Keogh

To further minimize your 1989 tax liability, establish a Keogh account on or before December 31, 1989. Similar to an Individual Retirement Account (IRA), a

Keogh is a tax-deferred pension account available only to the self-employed. Generally, you can contribute and deduct up to 20 percent of your net self-employment income before your Keogh contribution (which is the same as 25 percent of your self-employment income after your contribution) or \$30,000—whichever is less. In addition, earnings on a Keogh are tax-free until you begin withdrawing funds.

For more extensive advice on tax strategies for self-employed individuals, consult your personal tax advisor.

Irish Hills Sweet Adelines Show

The Four-Tune Tellers, a mens' barbershop quartet from the Manchester and Jackson areas, will be the featured performers for the Irish Hills Sweet Adelines show on Saturday, October 21. Curtain time is at 8:00 p.m. at the Crosswell Opera House in Adrian.

Also sharing the spotlight will be the Irish Hills own "Barnison Friends" quartet. Donna Burnial of Manchester sings lead in the quartet and is also chairman of the show. Other quartet members are: Linda Maupin of Tesumseh, and Jean Reack and Marge Beguelin of Adrian. A pair of local clowns will also be featured as the chorus invites everyone to "Come to the Fair".

A new Irish Hills quartet, the Funstaxix, will be introduced on the show. The Irish Hills chorus, under the direction of Marge Beguelin, invites you to join them as they watch the "races", "ride" the merry-go-round, and enjoy some cotton candy and a toy balloon.

Tickets may be purchased from the Crosswell business office or may be obtained by calling Donna 428-8091 or Eileen Disbrow 428-8521. Adult tickets are \$5.50 in advance or \$6.00 at the door. Children under 12 are admitted for \$2.50. As in the past, proceeds from the show will be shared with Goodwill-LARC.

Receives Optimist Award

Optimist Club member Mary Kalawaard, Brian and Mr. and Mrs. John Ball.

The Optimists awarded the honor of Outstanding Student for the month of September to Brian Ball. Brian is a senior and the son of John and Beth Ball of Sharon Township. He has been Class Vice President in 9th, 11th, and 12th grades and a member of the National Honor Society since his junior year. His other academic achievements include the Quiz Bowl Team this year and last, and the Academic Games Team this year. Brian has participated in

football, wrestling and track since his freshman year. He has also been a member of both the Drama Club for 4 years and president of the Lamb Club for 2 years.

Brian is a member of the Leadership Class this year and has been a member of Students Against Drunk Driving since his sophomore year. He has served St. Mary's parish as an altar boy for almost 8 years and plans to major in aerospace engineering at Western Michigan. Optimist Mary Kallewaard presented the award.

Michigan Bell Tour

Michigan Bell is inviting customers in the Manchester area to tour the company's 326 Madison Street facility during an open house October 26 when they'll be able to see the latest generation of telephone-call processing equipment.

Installed in the renovated central office at a cost of \$800,000, the new computerized processor serves the 2,500 business and residence customers in Manchester's 428 exchange, said Marcia Buhl, Michigan Bell's local public relations director.

Buhl said the processor will be activated October 14 and will provide area customers with Touch-Tone and Custom Calling Services such as Call Waiting, Three-Way Calling and Speed Calling.

"With the new switch," she said, "callers must remember to dial all seven digits of a phone number—and not just the last four digits, as they've been doing for years."

The telephone call-routing center will open its doors from 4:00 p.m. until 6:00 p.m. Light refreshments will be served.

fail to realize the vital function it serves in their community. Each family should have recently received a letter from the United Way which specifies where the contributions are allocated. If everyone would take the time to re-read the information, they will see that most all the money stays in the community.

New Exhibit Building Completed

New exhibit barn on fairgrounds

Photo by Jon

Several Manchester Community Fair Board members spent October 14 and 15 putting stain on the new exhibit building that has just been built.

This building has been made possible from two sources: One, a grant from the Michigan Department of Agriculture, this year only, money that has been made available through the Fair Enhancement Program.

The second source of help for the construction of this building is

YOU, the supporters of your community fair. For several years, Fair Board members have asked you to donate that dollar by purchasing a drawing or "300" club ticket. The proceeds from these donations have been kept in a separate account for the advancement of the Fair.

With these two sources, the Manchester Community Fair Board is proud to give you a 30' X 64' building to replace the exhibit tent.

Start working on those projects now for your entries at the Fair. Help us fill that new building with crafts, baked and canned goods, plants and flowers, photography and fine arts.

This building will have a double use. Many items have had to be stored in several different areas through the year. They can now be stored right in this building and be ready to use at Fair time.

Help us celebrate. Let's make the 1990 Manchester Community Fair the greatest ever.
