Optimist Club Receives Award

Ted Tapping

The Optimist Club of Manchester was recently designated as an "Honor" Club. This award reflects the efforts of the club during the administration of its immediate past president, Leonard Bruner. Ted Tapping served as club secretary/treasurer during this period.

Optimist International has announced this award because of the growth the club has shown and because of the service to the community it has given for the 1988-89 administrative year.

The Honor Club designation means the club has provided an effective program of growth, service and leadership. To qualify, a club must provide at least three community and/or youth service projects, must show a net growth in

Leonard Bruner

membership, must maintain communications with other clubs through reports, must meet its financial obligations, must add one "life member," and submit a "projects' report" for competition about one of its activities. Only about one Optimist Club in four qualify for this award designation.

Optimist Clubs are service organizations dedicated to helping children grow and mature in a positive manner. Optimists are known as "Friend of Youth." Optimists, as their name implies, are also very positive and progressive in their outlook on life.

This award will be officially presented to the Club by the Michigan District of Optimist International at its conference in February.

Annual Village Election

The annual village election will be held on Monday, March 12. At that time, the residents will be asked to vote for a president, clerk, treasurer, assessor and three trustees. All of the positions are for a two-year term.

Nominating petitions must be filed at the Village Office no later than 4:00 p.m. on January 22, 1990.

The community is invited to the next meeting of the Manchester Area Historical Society on Monday, January 15, to hear Sarah Briggs from the Domino's Center for Architecture and Design speak on the works of Frank Lloyd Wright.

The Domino's Center for Architecture and Design is a part of Domino's Pizza and contains a comprehensive collection of Frank Lloyd Wright's designs, over 320 pieces of his work.

Ms. Briggs, director of the Center, has degrees in American History and in Historical Preservation and Archive Management.

The program will begin at 7:30 p.m. at the Blacksmith Shop, 324 E. Main Street. You need not be a member to attend.

Historical Society meetings are always interesting and enjoyable because of the varied, intriguing, and informative programs and speakers. And also because the members of the Historical Society are fine hosts, welcoming members and guests alike, sharing the enjoyment of quality speakers, and taking the time to linger over refreshments after the program concludes.

The Manchester Area Historical Society was founded in 1976, and the community has been served well in many ways - from the Gazebo to calendars - by its members and officers since then.

The members of the Manchester Area Historical Society invite you to spend a comfortable winter evening hearing and seeing slides about one of our most famous American architects and his design work from the expert who directs the Domino's Center for Architecture and

A THOUGHT

Manchester Enterprise October 7, 1875

Why some of our capitalists do not take advantage of the excellent opportunities now offered for the erection of manufactories in this village when we have so many natural advantages over our sister villages, has long troubled our brain. We have now two good water privileges which are unoccupied, and which could be secured at a small cost. We have railroad facilities second to none, and being centrally located, a large manufacturing establishment prudently conducted could not be a paying institution.

Building materials of all kinds are very cheap now, and labor can be hired at lower prices than at any time since before the war. True, the prospects for making money are not very flattering at present, but by the time buildings could be erected and business fairly commenced we shall undoubtedly see better days. Hard times do not last forever, and we think the turning

point is near at hand. Now is the time to commence. Will not some of our capitalists take the matter into consideration and see what can be done? The welfare of our village depends upon prompt action, and the building up of manufactories is what makes and maintains a town. A large tannery could be put in operation at a cost of only a few thousand dollars.

A tool-handle establishment could be carried on successfully here. Our neighboring forests contain ample material for the manufactu of first-class agricultural implements, and the demand for such articles is increasing every day as the agricultural community expands and grows wealthier. We are surrounded by a farming district of great scope, and the farmer finds that with improved machinery he is enabled to do double the work of former years. A good machine shop would be highly prized by both farmer and mechanic, and would be a growing investment to any enterprising practical man who would establish

International Printing Week

The week of January 14-20 has been designated as International Printing Week to recognize those who are associated with the graphic arts and printing industry.

Jim Roth, the Saline High School graphic arts teacher states: "The International Printing Week had its beginning in Newark, New Jersey in 1928 to give recognition to the sons of a group of printers who selected printing as a career. The father and son idea was not new, but this occasion was significant because it gave emphasis to education, building of youth, employerapprenticeship relations, and to industry-student cooperation, so that more young men of promise might be informed about the opportunities in the printing industries."

The theme for this year's Printing Week is "Printing: a lifetime experience". Roth says that he believes all those who are and have ever been involved with the printing will agree that the theme is a true statement and for the most

part has been a valuable experience int their lives.

Students from Manchester High School who have gotten their start with the printing industry by enrolling in Vocational Graphic Arts at Saline High School are: Jeremy Harris, Veena Walker, Jason Sloat and Doug Ridenour.

Printing week is celebrated during the week of Ben Franklin's birthday. As a part of its celebration the Graphic Arts Department at Saline High School will be holding an open house on Monday, January 15 from 7-9 p.m. in room 57. The public is invited and refreshments will be served.

Optimist Essay Contest Winner

John Korican presents the award to Melissa.

Melissa Preis, a junior at Manchester High School, has placed first in the local Optimist Essay Contest. Melissa's essay will be entered into state competition. The winner at the state level will receive an expense-paid trip to the Freedoms Foundation at Valley Forge.

Taking second place in the competition was Krista Sahakian with April Barrett being awarded third place. Both are sophomores at Manchester High School.

Club president, Dick Fahey, was encouraged by a large number of entries as over fifteen essays were submitted.

As you know, the third Wednes-

day in January each year is the Muscular Dystrophy Dinner. I'm miss sure you are aware of the fact that we have a boy in our community with Muscular Dystrophy and have lost one young man to this disease. The money that is earned from this dinner is now being used to send children from Michigan with MD to camp for one week during the summer. At this camp the children can act and do all the things other children do every day of the year. you there. Swimming, playing baseball, football, tag and a dance are some of the activities that they enjoy while at camp. I personally have visited this camp and witnessed the smiles on their faces and the happiness they feel while there. Every person

government alive and well. A Town Meeting is scheduled for Saturday, January 27, in the Manchester High School auditorium, sponsored by the Community Resource Center.

Interested citizens of Manchester will gather to discuss the issue of recreation in the village. The Dawna Stockwell goal is fourfold:

1. Identify recreational needs of the entire community

2. Develop an action plan to address those needs 3. Recruit concerned residents

4. Implement goals and objectives

The topic will be introduced through 1 to 2 minute skits written and performed by Manchester community students, working with parents and the Washtenaw County Sheriff Department.

Offices Close For Holidays

Secretary of State Richard H Austin announced today that all 185 Secretary of State branch offices will be closed for the upcoming Martin Luther King and Presidents Day holidays.

The Secretary of State branch offices will be closed Saturday, January 13, and Monday, January 15, in observance of the Martin Luther King holiday. They will reopen for business as usual on Tuesday, January 16.

Branches will close for the Presidents Day holiday on Saturday, February 17, and Monday, February 19. Business will resume Tuesday morning, February 20.

Motorists whose driver licenses or license plates expire during these holiday weekends are encouraged to renew early. According to Secretary Austin, waiting times in branch offices are usually shortest on Tuesdays, Wednesdays and Thursdays.

Junior Great Books Discussions

The Manchester Township Li brary is excited to begin a new story and discussion hour which is recommended for first and second graders. It follows a program that has been established by the Great Books Foundation since 1963 and will be led by a trained Foundation leader, Isabelle Ying-Ling, and assisted by Patty Swaney.

The Junior Great Books Series is a free twelve-week reading and enrichment program fostering en joyment of literature through "shared inquiry" which is a discussion method that brings children and adults together to interpret texts. Each week a different selection is read and discussed. The children are encouraged to express their own ideas and support them with evidence from the story.

This first series will begin with an introduction intended primarily for parents on Monday, January 15 at 7:00 p.m. The story and discussion hour for the first and second graders will be held on Fridays at 3:15 at the Manchester Township Library beginning February 2. The group must be limited and for organizational purposes registration should be made to insure enrollment. Call the library at 428-8045 and/or plan on attending the parents' night this Monday.

- You buy items on impulse.
- You can't meet the minimum payments on your cards.
- It's getting harder to pay your debts on time.
- You have to postdate checks so your payments won't bounce. Your savings account is slowly

If you identify with these cluding rent or mortgage pay- statements, it's time to take some lessons in debt management.

Managing Debt

Undoubtedly, we are a nation of debtors. According to the Federal Reserve, Americans carry more than \$600 billion in consumer debt. If you've been doing your share to add to that statistic, you Now you have a realistic and have to remember that old habits sense, you can free yourself from the credit crunch.

First of all, hide your credit cards from yourself. Forget thev exist. If your mail brings you a tempting application for a preapproved credit card with a limit of \$5,000, tear it up. Don't assume that the lender knows your financial situation better than you do. If you are already drowning in credit, another card will only drag you deeper in debt.

As a last resort, you may want to contact your creditors directly to see if you can work out an agreement, such as paying only the interest for a few months. While this may seem like an intimidating task, remember that your creditors want their money and may be willing to wait - if you convince them you want to

Another option is to draw up an pay But before things get that bad, CPAs advise you to take a close look at your credit levels. If your debt load is approaching 20 percent of your take-home pay, it may be time to cut back on your credit purchases.

Free Fine Week

Does the beginning of a new year seem like a good time to throw out old things to make room for the new? Does it perhaps seem like a good time to bring back those books you borrowed from the library a long time ago? You've been putting it off because you know that the librarian will give you a nasty look and charge you the equivalent of last year's taxes in overdue fines the minute you walk in the door.

Ah, but not to worry. The library is cleaning its house, too. It is getting the upstairs Classics and Historical Rooms patched and painted and it is doing inventory. That has made the library staff extremely affable. So they are offering a "Free-fine week", January 15-22. Not only will they NOT charge a single penny for those books that have been gathering dust in the closet for months (years?) but they will also be pleasant enough to check out another book or two for you should you want to take a reading break during the Spring Cleaning. They therefore invite you to take advantage of this once-in-awhile free offer.
