Surcharge On Utility Bills

Many Michigan utility customers are protesting the surcharge on their bills that is being used to pay welfare recipients' utility bills, State Representative Margaret O'Connor, R-Lodi Township, said.

The lawmaker sponsored an unsuccessful legislative amendment last spring to prevent the action.

The Legislature approved the surcharge on residential, commercial and industrial utility rates to fund an energy shut-off protection program for Department of Social Services (DSS) clients. The program previously was financed through DSS appropriations.

"My amendment, which was defeated on a party-line vote, would have prohibited DSS and the Public Service Commission (PSC) from shifting welfare recipients' utility arrearages to statewide utility customers in the form of rate increases," O'Connor said.

"The issue is not the energy shut-off protection program which has merit," she continued. "The problem is the method of paying for it."

O'Connor said the surcharge is a hidden and dishonest tax, which should not be funding a program that belongs in the DSS budget.

"Taxpayers are being forced to pay twice for the program -- once through state taxes and again through the surcharge," the lawmaker said. "Although the program is no longer funded through DSS, taxpayers are continuing to pay the same amount of taxes and being hit with the surcharge as well."

According to a publication of the Association of Businesses Advocating Tariff Equity, the first utility company to start collecting the surcharge - Michigan Gas Utilities - has received a record number of phone calls from customers angry about the increase.

Tragedy Strikes Area Family

Tragedy struck last Wednesday evening when six members of the Butterfield family were involved in an accident that claimed the life of nine-year-old Rachel.

Sixteen-year-old Sarah was driving the family vehicle traveling west on Austin Road when the glaring sun blinded her as she turned left onto Sharon Hollow Road into the path of an eastbound pick up truck hauling a trailer.

Wendy Butterfield, mother of the five children, was in the front passenger seat and sustained serious injuries. She remains in

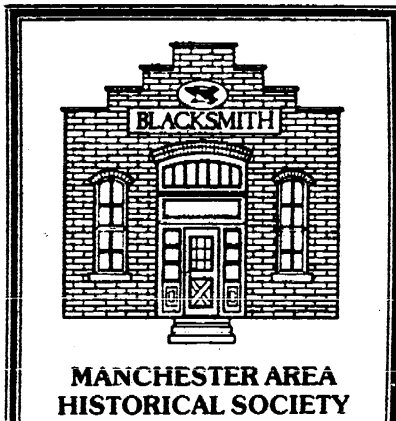

the University of Michigan Hospital in intensive care.

Other members of the family riding in the back seat were John Thomas IV, age 12, April 14 and Rebekah 10.

Clifford Cobb was operating the other vehicle involved. His wife Bernice, riding in the pickup also received injuries. Both Cobb and his wife were wearing seatbelts at the time of the crash.

Sheriff's deputies believe that Sarah was the only one in the Butterfield car wearing a seatbelt.

Rachel's obituary appears on page two.

Don't forget: It's on Tuesday. Don't miss the meeting on its new night!

The Manchester Area Historical Society will begin its fall season next Tuesday, September 18, at 7:30 p.m. at the Blacksmith Shop, 324 E. Main.

The Historical Society's Board of Directors voted to hold meetings for the 1990-91 year on the 3rd Tuesday of each month.

This action was in response to requests from some of the membership to consider a new night and followed a polling conducted through the Historical Society newsletter. (Previously meetings were held on the 3rd Monday.)

This first meeting will include a business meeting at which officers for the 1990-91 year will be elected. Although those currently holding office have agreed to serve for another year, nominations from the floor will also be accepted.

As with every Historical Society meeting, there will also be a program with a featured speaker next Tuesday.

Sergeant Carl Werner of the Washtenaw County Sheriff's Department will address the group on the topic of "Law Enforcement in Washtenaw County: An Historical Perspective."

All in the community are welcome to attend--members, friends and newcomers. Expect with each meeting of the Historical Society to enjoy an interesting and valuable program, the company of good people, and an over-all enjoyable evening.

Bond Issue Passes

A special election by the Village of Manchester was held Monday, September 10, to consider a bond issue to fund the separation of the water and sewer lines in the Village.

A total of 184 ballots were cast with 163 yes votes and 21 no votes.

To figure the amount of your tax, multiple your assessed valuation times 1.64. For example, on a \$100,000 home, the assessed valuation is \$50,000 times 1.64; the tax would be \$82 a year.

Real Birthplace of American
Freedom

Nestling in the Piedmont region of North Carolina stands the little town of Charlotte. To-day it looks sleepy, and peaceful and quiet, but in colonial times it was perhaps the liveliest place in the old north state. Indeed, at least one of his most gracious majesty's officers referred to it as the "hornet's nest" of America. This epithet, born of baffled wrath, was not misapplied, says Harper's Weekly. Almost from its first settlement by the sturdy Scotch who emigrated thither early in the eighteenth century, from their native land or from a temporary abiding place in the north of Ireland, Mecklenburg county, of which Charlotte is the center, was famed as the habitat of irreconcilables. The early annals of North Carolina bear abundant testimony to the temper and spirit of the men of Mecklenburg, and as the years passed and the British yoke became more and more unbearable,

nowhere was disloyalty more openly voiced than among the glades and hills of this charming region. If it be true of the rest of the country that the prevailing sentiment in the period immediately preceding the revolution was for an amicable settlement of the difficulties with Great Britain, it would seem certain that in Mecklenburg at least, there was a well-defined opinion in favor of repudiating allegiance, cutting loose entirely from the motherland, and entering upon career of independent nationality. This opinion, if the claims of the Mecklenburgians and the descendants are to be accepted, culminated in May, 1775, in the adoption by regularly elected delegates to a county convention, of a bold and war-like declaration of independence, setting forth the wrongs under which the colonies were laboring, and in no uncertain terms asserting that "we do hereby declare ourselves a free and independent people; that we are, and of right ought to be, a sovereign and self-governing people under the power of God and the general congress; to the maintenance of which independence we solemnly pledge to each other our mutual cooperation, our lives, our fortunes, and our most sacred honor."

As the story goes, the convention was the outcome of several earlier meetings of the leading spirits of the county, held for the purpose of ascertaining the attitude of the inhabitants with respect to the claim of parliament to tax the colonies and otherwise regulate their internal affairs. So soon as it was learned that open opposition to the home authorities would receive popular support, Thomas Polk, the colonel commandant of the county, issued an order to each militia captain directing him to call a company meeting for the election of two delegates to a county convention. This was done, and on May 19, 1775, the convention assembled in the courthouse at Charlotte.

At its September meeting, the Manchester Township Library Board voted to increase the open hours at the Library. Beginning October 1, 1990, the Library will be open from 12 noon to 6:00 p.m. on Tuesday, Thursday, and Friday for a 3-month trial period.

Patrons have requested the additional hours so that students would be able to spend more after-school time for homework, and patrons who work in other towns would be able to return materials on their daily way home.

The Library is open from 12 noon to 9:00 p.m. on Monday and Wednesday, and from 10:00 a.m. to 2:00 p.m. on Saturday.

These additional hours are made possible by a contribution from the Manchester United Way. The increase in contribution from the General Funds budget of Manchester Township is applied to other operating expenses which are higher due to general price increases.

Fund Set Up For Local Family

Living in a small community, we all know and care about our neighbors. We share in their joys and in their sorrows.

The tragic accident the Butterfield family had last week has been felt by everyone.

A fund for the family has been established at Great Lakes Bank and several canisters have been placed at various businesses around town for anyone wishing to donate money.

Senior Citizens News

The nice young waitress looked confused when I asked for some oleo. She asked, "oil?" "No, oleo-margarine, please," I stated. My, there is a prime example of the generation gap! I did some research in our refrigerator and found both cartons of oleo-margarine to be marked 75% vegetable oil spread (not a word about either of the above.) I can't remember hearing about margarine until I'd been cooking for several years. Soon no one will remember the latter, either. Can you remember the orange-reddish liquid in the small pouch which dyed the oleo (and your hands)? Yuk, the oleo was white and didn't even resemble butter until mixed, usually by hand. We had nice, soft, and red hands, huh? Lots of things have to be mixed by hand, as in the case of Jan's sweet and sour meat balls on Thursday, September 13 - the mixing is the secret. Come try these.

Monday, September 17: Seniors will leave the Center at 9:30 for shopping at Adrian. Go along by first calling Erma Alber at 428-8707.

Tuesday, September 18: Pastor Reineck will be present at 11:00 a.m. to give the clergy presentation. At noon, BBQ'd chicken is planned and that is always worth the trip to Emanuel's dining room. Meals are varied and nutritious and you who are 55 or more should take advantage of these just geared to you.

will still go to Saline, but to the hospital program and visit with our friends who live in the Home. Pickup by senior bus begins at 10:00 a.m.

Thursday, September 20: We will enjoy Polish sausage with a whole lot of other good things to eat, come and enjoy. At 12:30, come to the Center for rousing games of bingo. We've had such warm weather lately that I'm sure you will enjoy the air-conditioning. If you've not been to our Center lately, come over on Thursdays or when it is open and see how nice it is.

Senior Health Day - Sept. 14

"Crime Prevention - How to Avoid Becoming a Victim" is the topic of Senior Health Day Wednesday, September 19, at 11:00 a.m. in the Blue Room at Saline Community Hospital, 400 W. Russell, Saline.

Preceding this free program, free health screenings will be offered. Blood pressure checks from 10:15 to 10:45 a.m. Cholesterol screenings will be available for \$4.50 for V.I.P. members and \$6 for non-members.

Club 55 Dining, nutritional meals at a discount for those 55 years of age and over, will be available following the program in the hospital cafeteria.

Senior Health Day is sponsored by Saline Community Hospital's V.I.P. Advantage Program, a health care connection service for those 55 and older.

V.I.P. van transportation is available for this program. To make reservations for van transportation, or for some information about Senior Health Day, call V.I.P. Advantage at 429-1511 or 1-800-622-5592.

Obituary

Rachel K. Butterfield

Age 9, passed away at University of Michigan Hospital Friday, September 7. She is survived by her parents, J. Thomas and Wendy Butterfield; three sisters, Sarah, April and Rebekah; one brother, Tommy; grandparents, John and Peggy Butterfield of Grass Lake, Phil and Alice Westfall of Norvell, and Dick and Donna Wood of Napoleon; two great-grandmothers, Hazel Smith of Napoleon and Eileen Good of Somerset Center; many aunts, uncles and cousins. She was a third-grade student at Klager Elementary School and a member of the Iron Creek Community Church.

Services were held Tuesday, September 11, 1990 at the Sycamore Baptist Church, Jackson with Pastors David Kamke, John Thomas Butterfield III, and Tim Butterfield officiating. Interment Roseland Memorial Gardens. The family suggests contributions be made to the Iron Creek Community Church.

Protecting Our Environment

What can you do to protect the environment? Here are ten easy suggestions:

1. Develop a "green thumb." Put plants in your home, office or classroom. They help clean indoor air by absorbing certain chemicals.
2. Avoid aerosol sprays. Choose roll-on products whenever you can.
3. Eliminate unnecessary car trips. Walk or take public transportation.
4. Wait until you have a full load to machine wash clothes or dishes.
5. Buy plain white paper towels, napkins and toilet paper.
6. If you're fishing, swimming or boating at a lake or beach, bring along a container for trash; don't throw things into the water.
7. Take a short shower instead of baths to conserve water.
8. Say "No bag, please" when you buy something small and easy to carry. Bring your own bag for larger items.
9. Reuse the Sunday comics to wrap gifts and save wrapping paper.
10. Turn off lights and appliances when they're not in use.

Surcharge On Utility Bills

the program and absorbing costs pending PSC approval to allow recovery from customers. Michigan Consolidated Gas and Michigan Gas Utilities have received PSC approval to pass on costs to customers.

"Funding this DSS program through a surcharge establishes a bad precedent of paying for state programs by extra taxes," O'Connor said. "It also prevents taxpayers from knowing the total costs of subsidizing welfare recipients."

Birth Announcement

TRAVIS GREGAN

Born to Kathy and Michael Fusilier, a son, Travis Gregan, on September 1, 1990. Travis was 8 lbs. 9 ozs. and 21 1/2" long. Travis has a brother Matthew and a sister Brittany.

Paternal grandparents are Charles and Marilyn Fusilier of Manchester. Maternal grandparents are Kay and Daryle Heselschwerdt of Napoleon.

Wedding Bells Ring

Shannon Lynn Cremeans of Sand Creek and James Anthony Krzyzaniak of Manchester were united in marriage on August 4, 1990, at the Adrian College Chapel. The Rev. Dennis Lee presided at the ceremony.

Carolyn D. Carlton of Adrian served as the matron of honor. Bridesmaids were Tammy Cremeans, Paula Nash, and Connie Evans of Sand Creek, Lou Anne Krzyzaniak of Schoolcraft, and Laura Krzyzaniak of Clinton. Cassie and Carrie Kinter of Adrian were the junior bridesmaids with Candie Kintner of Adrian as the flowergirl.

Nick Krzyzaniak of Wixom was the best man. The groomsmen were Scott and Shane Cremeans of Sand Creek, Mark Carlton of Adrian, Rick Krzyzaniak of Clinton, and Brian Johnson of Schoolcraft. Anthony Cremeans of Sand Creek was the ringbearer.

A reception took place after the wedding at the Tecumseh Products Union Hall.

The bride, the daughter of Herman and Lynnette Cremeans of Sand Creek, is a graduate of Sand Creek High School and is employed by Society Bank in Tecumseh. The bridegroom is the

son of Richard and Shirley Krzyzaniak of Manchester. He is a graduate of Manchester High School and Adrian College. He is currently employed as a teacher/coach for Manchester Public Schools.

The couple took a honeymoon to Walt Disney World, Florida. They will be living in Tecumseh.

Local Church Holds Open House

The Chelsea Branch of the Church of Jesus Christ of Latter Day Saints has announced plans for an open house to be held Saturday, September 15, from 2:00 p.m. to 5:00 p.m. The public is invited to see the recently completed addition to the local church's facilities at 1330 N. Freer Road in Chelsea.

Activities planned for the event include tours of the building and displays featuring the activities of the various church organizations for children, youth, and adults. Free refreshments will be provided by the Chelsea Elephant Ear Wagon.

The principal feature of the new addition is a large cultural hall in which Sunday worship services are held. Seating capacity is provided for approximately 225 people. With the use of a floor-to-ceiling folding partition and stackable chairs, most of this same space can be converted to use for other teaching, social, and athletic activities that are part of the Church program throughout the week.

In addition to worship services,

the Sunday program of the Church places a great deal of emphasis on teaching amongst all age groups. The new addition made six new classrooms available. Expanded kitchen and library facilities, and additional office space were provided as well.

This addition is the second of three planned phases of building construction. As the size of the local congregation grows, a third addition of approximately 5,000 square feet can be added which will house a permanent chapel area and additional classrooms. The local branch of the Church

of Jesus Christ of Latter Day Saints was first organized with several area families in 1972. Meetings were held in rented facilities. In 1984, construction began on a first phase building to serve approximately 100 members in the communities of Chelsea, Dexter and Manchester. That project was completed in March of 1985. There are now 145 members who can enjoy the use of the expanded facility.

Special Team
Jeff Gillow

We opened our league home stand in super style as we buried the Trojans, 31-0. Our defense held them to a mere two yards in the first half, and just 52 yards for the whole game.

Quarterback Jay Gillow tossed nine yards to Jeff Smith in the first quarter, and Jeff Gillow booted the extra point to put us up 7-0. In the second quarter, the Dutch exploded for three touchdowns. The first of these was by the same combination, as Jay Gillow rifled a 27-yarder to Jeff Smith and Jeff Gillow added the P.A.T. Our next two touchdowns were attributed to the defense. First of all, Shawn Cooper blocked a Trojan punt in the end zone and covered it for six, then Duane Hopkins crossed paydirt on a 23-yard interception. Jeff Gillow kicked the points after both these scores, to leave us atop 28-0 at halftime.

We were well entertained by our marching band under the guidance of new director Randy Riepma during the intermission.

The only scoring in the second half came as Jay Gillow ran 37 yards to set up a 22-yard field goal for his brother Jeff. Final score, 31-0.

Statistically speaking, Jay Gillow had six for twelve, passing for 70 yards and gained 55 yards on the ground. Lance Fielder and Jesse Widmayer supplied 76 yards rushing, 46 and 30 respectively. In the receiving category, Jeff Smith caught three passes for 44 yards and two TD's.

Jeff Gillow filled in admirably for injured Andy Pangel in the kicking department, having four-for-four P.A.T.'s and one field goal.

Be with us Friday as we host Michigan Center, expected to be our toughest league opponents. The Cardinals defeated Napoleon Saturday in triple overtime.

Dutch Defense Stonewalls East Jackson

JV's Improve Record To 2-0

The Manchester JV's opened their 1990 season at home with a hard-fought victory over Clinton by the score of 14-12. Although the Dutch controlled the ball for much of the first half, they were unable to cross into the end zone and, with the Dutchmen defense bringing Clinton's offense to a halt, the first half came to an end with a scoreless tie.

Early into the second half, Manchester's Jamie Sloat intercepted a pass setting up the first score of the game. Sloat carried around end 18 yards and a touchdown and ran the conversion in for a 8-0 Manchester lead.

A Manchester fumble set up Clinton's first score. However, the Dutchmen defense stiffened up not allowing the conversion. Thus, the score stood Manchester 8, Clinton 6.

In the early stages of the 4th quarter, the Dutch scored again as Sloat followed the blocking of

Rich Lutton into the end zone for a 14-6 lead. The conversion failed. Clinton responded with an 80-yard touchdown run to make the score 14-12, but the hard-working Dutch defense wouldn't let Clinton run in the conversion maintaining their lead.

Led by the clutch passing of Tom Fielder to Jeff Wiedmayer in the fourth quarter, Manchester was able to control the clock and preserve their victory.

Offensive heroes for the Dutch were: Jamie Sloat, 27 carries for 128 yards; Tom Fielder, 8-9 passing for 101 yards; Matt Fielder, 5 pass receptions; Jeff Wiedmayer, 2 pass receptions; Robert Spork, 1 pass reception.

Defensive heroes included Sloat, Andy Corwin, Stacey Clouse, Todd Meeks, Chris Fillyaw, Kerick Renfro, and Mike Beard.

The Dutch then travelled to East Jackson for their second game, winning by a score of 34-0.

The Dutch started the game sluggish with no scoring until the second quarter with Rich Lutton scoring. Brad Davis ran in the conversion and the Dutch led 8-0. The Dutch added to their lead when Jamie Sloat ran in to the end zone. The conversion failed and the Dutch went into halftime with a 14-0 lead.

The Dutch defense came out fired up in the second half as Robert Spork and Sloat had 3rd quarter interceptions that set up touchdown runs by Rich Lutton. Jeremy Davis also scored in that third quarter as he picked up a fumble and rambled 45 yards for a touchdown.

There was no scoring in the fourth quarter and Dutch interceptions by Mike Beard and Andy Corwin helped seal the shutout.

Offensive stars for the Dutch were: Rich Lutton, 14 carries for 88 yards; Jamie Sloat, 19 carries for 82 yards; Tom Fielder, 6-10 passing for 82 yards; Sloat, Robert Spork, and Matt Fielder each had two pass receptions for the Dutch. Also performing well offensively were Mike Barnard, Brad Davis, Shayne Ahrens, Rod Burkhardt, Todd Meeks, Mark Mann, Andy Corwin.

Leading the defense in their shutout were: Jeremy Davis, Matt Fielder, Nate Kloster, Stacey Clouse, Andy Corwin, Mike Beard, Brandon Woods, Matt Wiethoff, Darin Hagen, and J.D. Gould.

The JV Dutchmen travel to Michigan Center this Thursday, September 13. Game time is 7:00 p.m.

Call-In Cancer Information Service To Continue

The telephone call-in Cancer Information Service will continue to operate for two more years thanks to the cooperation of the American Cancer Society, Michigan Division, Inc., and the Michigan Cancer Foundation, according to Laurence H. Baker, D.O., Director of the Meyer L. Prentis Comprehensive Cancer Center.

While the federally-funded National Cancer Institute will provide support for the necessary telephone lines, the American Cancer Society will provide the additional local operating funds needed to continue the service. The Michigan Cancer Foundation will continue to direct the actual operation of the telephone call-in service.

The Cancer Information Service (1-800-4-CANCER) provides valuable cancer information to cancer patients and their families as well as to the public.

Dr. Baker praised the American Cancer Society and the Michigan Cancer Foundation for their cooperative effort to continue this valuable service in Michigan.

Learning Disabilities Association Meeting

The first meeting for the current school year of the Learning Disabilities Association of Michigan, Washtenaw County Chapter will be held Tuesday, September 18 at 7:00 p.m. in the cafeteria of High Point at 1735 Wagner Road. The topic of discussion is Attention Deficit Hyperactive Disorder and Learning Disabilities: What is the Difference?

Dr. Dan Nolan, a clinical psychologist, will discuss the problems of children who present cold currents of ADHD and LD. He will include definition, description, myths and school and/or treatment implications.

Karen Hesselberg, the LDA group facilitator, is an RN with a master's degree in counseling. She will present the formation of this new support group. The meetings will be held at WISD bi-monthly. This group fills a gap in the organization's parent advocacy program and promotes an alternative to the isolation many parents of learning disabled children face today.

For more information, call 994-8165 or 662-9902.

NOTICE

The following two amendments to the Sharon Township Zoning Ordinance were approved unanimously by the Sharon Township Board during the regular monthly meeting held at the Township Hall on Thursday, September 6, 1990. The Township Planning Commission held a Public Hearing addressing these amendments on Monday, July 16, 1990 at the Township Hall. They acted favorably as did the Washtenaw County Metro Planning Commission when referred to them at their August meeting. Effective 30 days from date of this printing. The amendments are:

- (1) Section 10.04A - Rural District Regulation 31 under R-C zoning. "All other permitted and conditional uses" changed from 15 acres to 10 acres.
- (2) Section 10.04B - Low Density Residential District #3. Change "Maximum lot width of 150 ft." to "Minimum lot width of 150 ft."

National Farm Safety Week
September 16-22, 1990

President George Bush has proclaimed the week of September 16-22 as National Farm Safety Week. According to the National Safety Council, agricultural work accidents resulted in 1,300 deaths and 120,000 disabling injuries in 1989. The accident death rate was 42 per 100,000 workers, among the highest compared with the composite rate for all industries of nine per 100,000.

International Day of Peace

In 1981, the third Tuesday of September was designated as the International Day of Peace by the U.N. General Assembly. This date marks the opening of the regular sessions of the General Assembly and is proclaimed by the United Nations to be "devoted to commemorating and strengthening the ideals of peace both within and among all nations and peoples."

This year, International Peace Day falls on Sept. 18. With the expansion of democracy into the Communist bloc, the lifting of the Iron Curtain and the recent strife in Africa and the Middle East, it seems a fitting time to reflect upon the ideal of peace. lil

Funds Available For Teen Treatment

Low-income teenagers who live in Washtenaw and Livingston counties can now receive complete in-patient drug abuse treatment at Brighton Hospital's Adolescent Center at no cost.

According to Bradley Casemore, administrator of the hospital's adolescent treatment program, the funds cover the complete cost of in-patient treatment at the 20-bed facility.

The funds are being made available through the Livingston-Washtenaw Substance Abuse Coordinating Agency, which coordinates substance abuse treatment and prevention services in these two counties.

Casemore notes that the funds will cover treatment for young people who are 17 years of age and under, who reside in either Washtenaw or Livingston County, and who have been assessed by an agency that is licensed by the Michigan Office of Substance Abuse Services. There is also a household income ceiling requirement.

Additional information can be obtained by contacting Brighton Hospital at 313-227-1211 at any time of the day or evening.

End Of Summer Fun

The Manchester Kiwanis Club is sponsoring a Pig Roast as a celebration of the completed volleyball court in Carr Park.

The celebration, which is also a fund raiser, will be held Sunday afternoon, September 23, from 12:30 p.m. until 7, with volleyball games from 1:00 to 3:00, and dinner (with music) beginning at 3:00.

Kiwanis club members are challenging groups to the 1st Annual Volleyball Tournament following the ribbon cutting at 12:55. Organizations are invited to form a team or teams. People do not have to be members of an organization to be in the tournament, and an award will be given to the winning team.

To register your team, call Carl Werner at 428-9589 or the Community Resource Center at 428-7722.

Tickets are available by presale only. The cost is adults-\$5.00, children (5-12) \$3.00 and ages 4 and under free. Contact Jerry Davis, Comerica Bank, 428-8334 or Diane Schwab, CRC, 428-7722.

Picadillo Perfect for Mexican Independence Day

Mexican Independence Day—September 15 and 16—is as festive holiday as the United States' July 4th celebration. It's a time for firecrackers at dawn, dancing, parades, colorful decorations and, of course, good food.

If you'd like to celebrate this year with our neighbors to the South Sargento Cheese Company suggests Picadillo Festivo. A traditional recipe which puts to rest the idea that all Mexican cooking is fiery hot, Picadillo Festivo has just a hint of jalapeno peppers and a waft of spicy cinnamon and cloves.

Ideal for entertaining, the meat mixture can be prepared ahead and kept warm until serving time. When everyone's ready to eat, simply spoon the versatile mixture into the "edible container" of your choice—tortilla, pepper or scooped out bread—and top with additional Sargento Shredded Monterey Jack or Cheddar Cheese.

Picadillo Festivo

- 1 pound ground pork*
- 1 pound ground beef
- 3 medium tomatoes, chopped
- 2 medium onions, finely chopped
- 4 garlic cloves, minced
- 3 tablespoons chopped fresh or canned jalapeno peppers
- 1/4 cup slivered almonds
- 1 tablespoon sugar
- 1/2 teaspoon ground cinnamon
- 1/4 teaspoon ground cloves
- 1 tablespoon cider vinegar
- 2 cups (8 oz.) Sargento Shredded Monterey Jack, Cheddar or Sharp Cheddar Cheese

In large skillet, brown ground meats; drain well. Add tomatoes, onions, garlic, peppers, almonds, sugar, cinnamon, cloves and vinegar. Cover and simmer 30 minutes over low heat, stirring occasionally. Remove from heat; stir in 1 cup cheese.

To serve, spoon mixture into scooped out rolls, tortillas, roasted green chilies, or roasted bell peppers. Top mixture with remaining cheese, then place in hot oven or under broiler until cheese melts. Makes about 10 servings.

* Substitution: Use 1 pound ground beef for ground pork.
Nutritional Analysis per serving (meat mixture only): Calories 286; Protein 19g; Fat 21g; Carbohydrates 5g; Calcium 110mg; Iron 2mg; Sodium 113mg; Saturated Fat 6g; Polyunsaturated Fat 1g; Monounsaturated Fat 5g; Cholesterol 70mg.

MICHIGAN'S "COLOR-FALL" SEASON

Mix 117,000 miles of paved roads, 18 million acres of forests and brilliant red, orange and yellow hues and the result is easy access to the state's fall color splendor, AAA Michigan reports. Autumn color could be spectacular this season if the weather cooperates. A check with forestry experts reveals trees are generally healthy and only need sunny, warm days and cool nights in September and October to produce a radiant display. "One of the best ways to satisfy a craving for fall color is to hop in your car and tour the state's numerous parks, forests and recreation areas," said Peter Erickson, AAA Michigan Club Services director. "Since half of Michigan is forested, a sampling of autumn's stunning color, tasty cider and scenic attractions is within a short drive of almost all residents." Autumn tourists are expected to spend \$2.5 billion this season in Michigan on lodging, meals, souvenirs and other travel-related expenses.

Apple Growers Share A Favorite Recipe

Apples have become a national favorite and a symbol of the American way of life. The growers of Washington apples, producers of over half of all apples in the United States, invite you to join them in Washington state's centennial celebration.

There are many orchardist families in the state of Washington—more, in fact, than there were inhabitants when Washington first became a territory. Lee and Helen England head up one such family, and have 40 acres of apple orchard in Manson, Washington. When asked what he likes best about orchard life, Lee says, "It's a wonderful place to raise a family. Plenty of work to keep the kids out of mischief."

"We've had eight children, and 36 grandchildren. They have worked in the orchard and have been raised eating apples and apple products," says Lee England. "My wife was born in the house we live in. When the boys went away to war, she and her sisters worked in the orchard. We all have been blessed with good health."

The growers of Washington state apples and their families hope you'll enjoy this adaptation of one of their favorite recipes.

- Fresh Apple Cake**
1/2 cup butter or margarine
1-1/2 cups sugar
1 carton (8 oz.) lowfat plain yogurt
1 egg
2 teaspoons vanilla
2-1/2 cups flour
2 teaspoons baking soda
1 teaspoon ground cinnamon
1/2 teaspoon salt
1/4 teaspoon ground nutmeg
3 cups (about 1 lb.) cored and chopped Golden Delicious apples
1 cup chopped nuts
Cream butter; gradually add sugar. Add yogurt and egg; beat until fluffy. Combine flour, baking soda, spices and salt; mix well. Stir dry ingredients into creamed mixture. Add apples and nuts mix until blended. Pour into greased and floured 13 x 9 x 2-inch cake pan. Bake at 350°F. 50 to 60 minutes or until wooden pick inserted near center comes out clean. Makes 24 (about 2-1/4 x 2-in.) servings.
Preparation time: About 30 minutes
Bake time: About 50 minutes

SELECTING THE RIGHT CREDIT CARD

If you have been wading through the pre-approved credit applications flooding your mailbox without a clue of how to distinguish between the offers, you need a quick lesson in the abc's of selecting credit cards.

But first, consider that credit now costs more than ever. According to the Michigan Association of CPAs, personal interest is only 10 percent deductible in 1990. Next year, the deduction will go the way of the Edsel. Keep this in mind when you are signing the dotted line for a credit card charging 19 percent interest.

Deciphering the Fine Print

In the past, the best way to find out the true cost of a credit card was by taking out a magnifying glass to read the fine print on the back of the application. There, in microscopic letters, you would discover the facts about such clever traps as hidden transaction fees and two-tier interest rates. Last September, all of this changed. The Federal Reserve Board now requires credit-card issuers to state clearly and conspicuously their methods for calculating balances as well as their annual percentage rates, grace periods, annual fees and other related information - usually tucked away in the fine print.

With the terms of a credit card carefully laid out before you, selecting the right card for your purposes should be easier than in the past. That is, if you know just what the terms mean.

Annual Percentage Rate

One of the least understood but most important factors to consider when selecting a credit card is the annual percentage rate (APR). The APR is the rate of interest a bank charges on your credit card balance. Obviously, different issuers charge different rates. What is not so obvious is that the banks may also use

different methods of calculating the interest. And some methods cost you more than others.

The first method, and the best for you, is the **adjusted balance method**. With this system, the interest charge is based on the amount you owe after subtracting your payment from the previous balance. Say your card has an APR of 18 percent, or 1.5 percent a month. If your previous balance was \$500 and you pay \$400 on the account, the 1.5 percent interest on \$100 yields an interest charge of only \$1.50 for the month.

The most costly way to calculate interest is the **previous balance method**, in which you receive no credit for payments made during the billing period. Instead, you are charged interest on your balance at the end of the previous month. So, using the same example as above, your interest cost for the month would total 1.5 percent of \$500 or \$7.50 - 500 percent more than you would pay under the adjusted balance method.

Another way to calculate interest is known as the **average daily balance method**. In this case, the bank adds your balance for each day in the billing period, and then divides the total by the number of days in the billing period. So, if you make that \$400 payment on the 15th day of a 30-day cycle, your total balances for the month at \$9,000 (15 days at \$500 plus 15 days at \$100.) Dividing the \$9,000 by 30 days, you arrive at your average daily balance: \$300. As a result, your interest cost for the month is 1.5 percent of \$300, or \$4.50.

As you can imagine, the differences in interest costs can add up quickly if you tend to carry substantial balances on your credit cards. For this reason, CPAs urge you to pay special attention to the method of calculating interest used by any credit card company to which you apply.

The Grace period

The term grace period refers to

the period starting when an item is posted to your account and ending when the interest is first calculated against it. As with interest rates and calculations, the grace period will vary greatly between card issuers. Some credit card companies start charging interest as soon as an item is posted to your account. If it gets posted on the first day, you will be charged for a full month of interest before you even get a chance to pay your bill.

Your best choice is a credit card that allows at least a 25-day grace period. That way, you can pay your account in full each month without being charged interest.

Annual Fees

At one time, only travel and entertainment cards charged an annual fee, but no more. Generally, bank credit cards charge from \$15 to \$50, or more, for the use of their cards. On occasion, you will find a card advertising no annual fee. Just make sure that the offer is real. One gimmick to watch for is the card with no annual fee that mysteriously converts to an annual-fee card in the second year - without the issuer notifying the card holder in advance.

Selecting The Right Card For Your Needs

Unless you can find a card that combines a low annual fee with a low interest rate and a long grace period, you must be willing to compromise a bit. If you consistently carry a balance on your card, you should concentrate on finding a card with a low interest rate. After all, at 18 percent interest debt can double in only four years. On the other hand, if you tend to pay your balance in full each month, your best bet is a card with a longer grace period and a lower annual fee. The interest rate should be of little concern to you since you generally will not incur interest charges.

In either case, be sure you review any credit-card promotional materials as closely as possible. What sounds like an

unbeatable deal may turn out to be an unscrupulous gimmick. For example, a company may advertise a credit-card interest rate far below that of competitors without making it crystal clear that the low rate applies only to balances above a certain point - perhaps \$3,000 or higher. CPAs also advise you to look out for unreasonable late payment fees, elevated cash-advance charges and over-limit penalties.

Remember, before you apply for any credit card, take time to read the entire credit agreement, including the fine print.
