

Information Needed For Historical Project at St. Mary's

All kinds of requests for help with various projects come in to the Historical Society each year. Some are easy and others take more time. Betty Cummings is spearheading a project at St. Mary's Church to gather information and file the necessary papers to obtain an historical marker for their unusual and historic building.

Betty needs original printed materials which outline the history of that building during construction in 1911-12. Unfortunately, the master file of "Enterprises" at our library doesn't have copies for those years. From a couple piles of old ones we have at the Blacksmith Shop, we did find a few for those years. One of them indicated plans to dedicate the new Catholic church on January 17, 1912. Other papers in 1911 and later in 1912 would no doubt outline cornerstone laying, planning and costs for the building, Father Fisher's plans and thoughts for the building, etc. It is hoped some information is discovered which tells why three similar or identical buildings were built in Manchester, Brooklyn and Tecumseh. We know that Brooklyn and Te-

cumseh were missions served from Manchester, but that doesn't fully account for building three similar buildings.

It is our hope to find more copies of newspapers of that time. Also, perhaps there will be scrapbooks with clippings, programs and parish bulletins, etc. The newspapers discovered might also help the Library complete its files for those years which would help others seeking answers to questions for other subjects.

Together we can do much more for this project than can be done by one individual or a committee. Let's hope for successful and early completion of this project to give us another historical marker in the Manchester area. The Blacksmith Shop, Manchester Township Library, Emanuel Church, Bridgewater Town Hall, the Fountain (Walton) House, and Bethel Church are currently honored this way.

Call Betty at 428-7628 or Howard Parr at 428-9233 if you have information or materials which you think might be of help with this project.

Reason For All Things

These ends were a sort of anchor, or safety line, and were put there expressly to be seized when a sudden gust of wind threatened to blow the hat away. The ribbons were put on the left side because, as a general thing, the left hand was more apt to be free than the right. Eventually these ribbons were knotted in a fetching bow with flowing ends, and then they were cut off quite close to the hat, so that they form a very small and stiff bow now.

It is always a custom to throw old shoes after a bride and this queer custom came into vogue when parents were in the habit of using their slippers to keep their girls obedient and good. Now the slipper is not really intended for the bride, but for the bridegroom who is supposed to use it for the same purpose the mother and father of olden times did.

Michigan Adopts Official "State Soil"

Michigan has adopted an official state soil as representative of the state's most basic natural resource, according to Robert L. Mitchell, director of the Michigan Department of Agriculture (MDA).

Mitchell said Governor James J. Blanchard recently signed Senate Bill 236 (P.A. 302), the State Soil Bill in the Legislature. It was sponsored by State Senator and Lt. Governor-Elect Connie Binsfield. The bill designates the "Kalkaska" type of soil as representative of Michigan's vast soil resources.

Kalkaska, named after the north central Michigan county, was proposed for designation after a lengthy nomination process conducted by the Soil Classifiers Association of Michigan. A committee, selected by the Association, used the following criteria in selecting the soil: wide distribution, easy recognition, diversified use, representative of the major soil families of the state, easy name recognition, and economic importance. Of the 11 qualifying soils nominated, Kalkaska received the highest score.

Supporters of the legislation said they hope the designation

increases public knowledge of Michigan's soil resources and a renewed commitment to preserving this vital resource as the basis for Michigan's agriculture, forestry and tourist industries.

"Soil is a resource of amazing balance, complexity, beauty and fragility," said Mitchell. "Without protection, crops fail to thrive, water becomes polluted, and our dream homes become uninhabitable. Hopefully the designation of Kalkaska as the state's official soil will foster a deepened awareness of this precious resource."

Kalkaska soil is one of the most extensive types of soil in Michigan. MDA soil scientists in the Department of Agriculture estimate there are well over a million acres of Kalkaska covering the upper and lower peninsulas.

The soil is used mainly for woodland and wildlife but is also used for pasture, cultivated crops, Christmas tree production and building sites. Department of Natural Resources refer to it as "loamy gold" because of its high woodland productivity.

The Kalkaska series was first identified as a distinct soil type in 1927.

Dislocated Workers Assistance Meeting

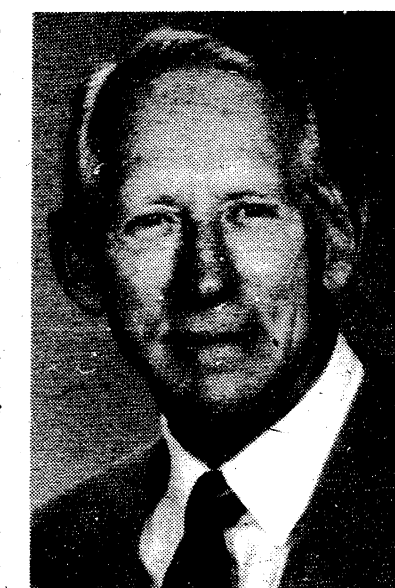

March 1, 1991 Manchester Plastics, Inc. will close its doors. All people employed in the past or currently are encouraged to attend a meeting for dislocated workers at the Manchester High School on January 19 from 9:00 to 12:00. The purpose of the meeting is an expo-type presentation from

all agencies who have services available to the unemployed.

Each agency represented will have an area for individuals to address their personal needs. Unemployed persons will have the opportunity to gather information regarding job skills training, educational opportunities, financial assistance and much more. Agencies of Washtenaw, Lenewee and Jackson counties are coordinating efforts to meet employment needs in the community of Manchester where people have worked for many years. Employee assistance agencies include Washtenaw and Livingston Training and Employment Center (WALTEC), MHRDI Dislocated Worker Program, Department of Social Services, Washtenaw and Jackson Community Colleges and Michigan Employment Security Commission Unemployment and Job Service. MESC Job Service is also available every Tuesday at the Community Resource Center.

The meeting is being organized by Manchester Plastics Human Services director Barbara McConnell, Village president Mary Kallewaard, and Community Resource director Dianne Schwab.

Gene Bentschneider Succumbs

The community of Manchester was saddened to hear that Eugene Bentschneider succumbed January 8, 1991. Gene was co-owner of Manchester Tool and Die, Inc. and Manchester Stamping Corp. until his retirement in 1984. He was also a 15-year veteran chairman of the annual Manchester Chicken Broil. His leadership and community spirit will be greatly missed by his friends and neighbors. See obituary on page two.

Steps To Fortune

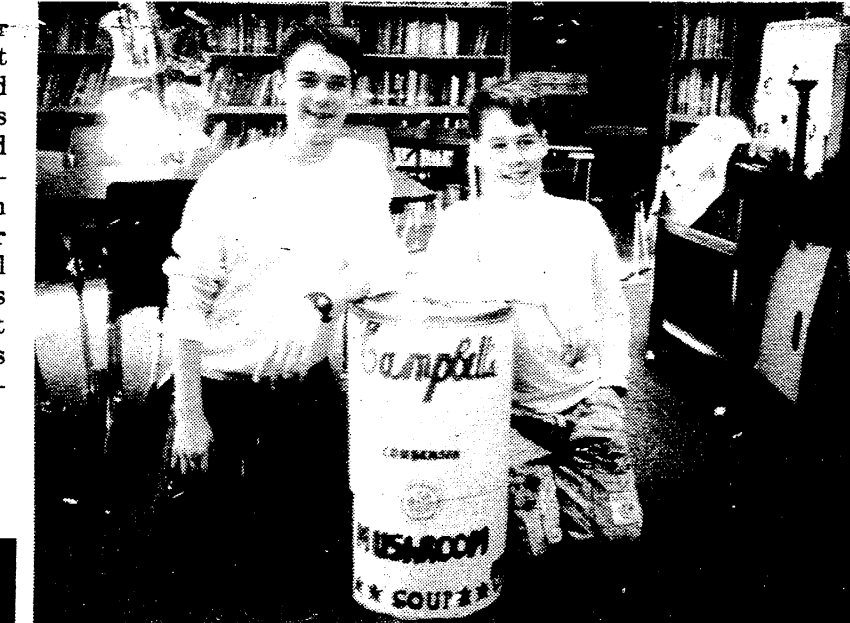

The Manchester Enterprise
June 13, 1907

A modest, unassuming young business man, to his great surprise, was recently promoted to a position very much in advance of the one he then occupied. He did not understand when or where or how he had prepared himself for such unexpected promotion. His friends, however, and those who had been watching his career knew that, unconsciously, he had been preparing for his promotion ever since he took a job as an errand boy in an office. Indeed, if he had had the position to which he has

been advanced in mind from the outset, and if every step he took had been directed toward it, he could not have adopted a more effective means for the attainment of his end. As a boy, this young employee did not wait to be told things, or to do this or that when it was obvious that it should be done. He found out all he could for himself by observation, by keeping his eyes and ears open, and by being constantly on the alert to increase his knowledge; and he always did whatever he saw needed to be done, without waiting for orders. He did everything that was given him to do as

Soup Labels Still Needed

Pictured are Luke Hugel and Ryan Haskins.

The 1991 Campbell soup label collection period ends March 1, 1991. We sincerely appreciate your cooperation, but we need more labels! Please save labels from all Campbell soups, V-8 Juice, Swanson canned or frozen

foods, Franco American products, Recipe dog food, Juice Works, Mrs. Paul's frozen foods and Prego. You may send the labels to the Middle School, give them to any Middle School student or deposit at the local Walco store.

Hot Dog Roast At Ice Skating Rink

The Manchester Parks Commission along with the Manchester Men's Club would like to invite you to celebrate winter with a hotdog roast at Wurster Park Ice Skating Rink on Saturday, January 26 at 5:00 p.m. Thanks to Brad Roberts, this year's rink is bigger and better than ever. So bring your family and your skates and join us for hot chocolate and a dog!!!

Much progress has taken place within the last year by the Manchester Parks Commission. The seven park commissioners were appointed on a volunteer basis by the Village to oversee the maintenance and operations of the four village parks, as well as

execute improvements. For example: Kirk Park - (1) New trees planted. (2) Grant approved for tennis/basketball courts and paved parking. Bids must now be sought and approved by the DNR. This project is scheduled to be completed this summer. (3) Fence repaired around diamonds.

Carr Park - (1) New sign and perennials flower bed. (2) New fence and dirt for little league diamond. (3) Water faucets fixed and improved. (4) With volunteer labor by the Men's Club, electricity improved and extended to two more pavilions. (5) Four benches, two grills and several

Accident Injures Local Woman

Evelyn Seegert of Manchester was seriously injured Thursday, January 10 when the school van she was driving was struck by Brian Salisbury of Monroe. Evie was heading north on M-52 approaching Pleasant Lake Road

when Salisbury ran a stop sign at the corner of Pleasant Lake Road and M-52 and collided with her van.

After the crash, the Manchester Fire Department crew used the jaws of life to extract Seegert

from her vehicle. She was airlifted to the University of Michigan Hospital.

Damage to the Sharon United Methodist Church and to a guard rail also resulted. The accident remains under investigation.

Senior Citizens News

Do you know any trivia-minded folks? They're the ones who can continually "spring one on all assembled" at any given time or place. Some are noted for being quick thinkers. Others just talkers, but we love them. I like those that can be put to use, like: "When making ice cubes, use warm water instead of cold water. Although this seems somehow backwards, it turns out that water freezes faster if it is cooled rapidly from a relatively warm temperature." And another: "When stacked glasses stick together, fill the top glass with cold water and dip the bottom one in hot water - the glasses will come apart easily." And, one more: "Put a few mothballs in the toolbox to absorb moisture and help prevent the tools from rusting." (Source: The 1991 Almanac, thanks.) First senior exercise begins on Thursday, January 17 at 11:00 a.m., followed by beef Stroganoff at noon lunch and bingo - come and enjoy.

Saturday, January 19: Senior bus pickup begins at 6:15 for the Fun Night Card Party starting at 7:30 p.m. at St. John's Church in Bridgewater. Call Erma Alber at 428-8707 to go along.

Monday, January 21: A shopping trip to Adrian is planned. Seniors will leave the Center at 9:30 a.m. and if you wish to go, give Erma a ring to be placed on the list.

Tuesday, January 22: A local nurse will begin taking blood pressures at 11:00. Jan's famous ham loaf will be on the lunch menu. At 12:30, Rebecca Knorp will give a talk on "State Money for Prescriptions" and this topic merits our consideration - come and listen and ask questions. There is a 5:30 p.m. bus pickup for the travelogue, call Erma.

Wednesday, January 23: The long-awaited aquacizing class begins at 9:00 a.m. at the Tecumseh

Pool (for women only). Seniors will meet at 8:15 at Emanuel Church to board the bus. You may call either Howard Parr at 428-9233 or Virginia Fielder at 428-8716 for bus reservations or information. Fee of \$1 at pool and \$1 for trip will be charged.

Thursday, January 24: Exercise at 11:00, baked scrod at 12 noon and bingo to be played at 12:30.

Shakespeare Reading Club

The life of Anne Morrow Lindbergh was the topic presented by Patty Swaney in her home to the members of the Shakespeare Reading Club on January 8.

Anne Morrow began keeping a diary of her thoughts when she was ten years old and always hoped that someday she would be able to write something honest, moving and beautiful. In marrying Charles Lindbergh, Anne gave up her protected home life and had become a partner to the international hero, sharing in both his triumphs and his trials. Charles wanted her to be a working partner and this is what she became.

Over their years of marriage, Anne published 13 works that included poetry, fiction, essays on conservation and fulfillment, descriptions of historical flights that they shared, as well as five volumes that compiled her diary and letters from 1922 to 1944.

Anne Morrow Lindbergh always wrote about her life and thoughts because for Anne the experience was not over until it was written down and shared.

The next meeting of the Shakespeare Reading Club will be on January 22 at 2:00 p.m. in the Emanuel Church meeting room. Annette van der Schalie will discuss "A Civil War Romance."

Obituary

Eugene E. Bentschneider

Age 67, of Manchester, died January 8, 1991 at Saline Community Hospital. He was born April 8, 1923 in Jackson to Edward and Sadie (Emerson) Bentschneider. On June 19, 1943, he married Marjorie Alber and she survives. Mr. Bentschneider owned and operated a tool and die stamping business until he retired in 1984. He was a veteran of the U.S. Marine Corp and a member of the Emil Jacob Post #117 of the American Legion in Manchester. He was also a member of Emanuel United Church of Christ, Manchester Village Council, Manchester School Board, Manchester Optimist Club. Mr. Bentschneider was a past mayor of the Village of Manchester, past chairman of the Manchester Chicken Broil, and served on the Manchester Township Planning Commission.

Mr. Bentschneider is survived by two sons, Stephen of Jackson and Eric of Key West, Florida; and one daughter, Bonnie and Ronald Spess of Saginaw; three grandchildren, Benjamin Landon, Elizabeth Spess, Courtney Bentschneider; one brother Charles of Napoleon, Michigan; and one sister Marilyn Baumgartner of Napoleon, Michigan.

Funeral services were held Friday, January 11 at Emanuel United Church of Christ, the officiating clergy Rev. Nancy Doty and Rev. Paul Kuntzman. Interment took place in Oak Grove Cemetery, Manchester.

Federal Surplus Foods

Federal surplus foods will be distributed on Friday, January 18 from 9:00 a.m. until 11:00 a.m. Distribution will be from the Manchester United Methodist Church, 501 Ann Arbor Street. Commodities for January are butter and honey.

Niger Seed

High-energy, oil-rich specialty seed. Attracts small, brightly colored birds, like Finches.

Perspectives On Mideast Crisis

An estimated seventy-five people attended an informative meeting Sunday afternoon at Emanuel Church to hear four speakers give their perspectives on the world crisis in the Mideast. Professor Ben Hourani from Eastern Michigan University spoke of the logic and language of war used for centuries to justify and glorify war as a means of resolving conflicts of interest between nations. He then proposed that there is also a logic and language of peace that must be learned, understood and accepted as a basis for managing international differences and conflicts.

Jeannie Aten, a Chelsea mother of four whose eldest is a son now with the U.S. forces in Saudi Arabia, spoke movingly of her opposition to a war noting and rejecting one by one, the rationalizations offered for United States involvement. Were any of them, she asked, worth the life of her son and possibly thousands of other sons and daughters.

Karima Benounne, a law student of Arab descent from Ann Arbor, gave a rapid fire presentation of information outlining and emphasizing our country's shifting alliances and involvements in

mideast affairs over recent decades, designed to maintain a balance of power supportive of our perceived national interest.

The final speaker was Rev. H.F. Shaefer of St. James Episcopal Church in Dexter. He began with the acknowledgement that he would speak out of his own experiences, observations and beliefs as a Christian within the Christian traditions. He closed with a statement of faith in the redemptive love of God for all mankind.

A lively discussion followed with questions for the speakers and many expressions of thoughts and concerns from the audience before adjournment to the fellowship hall for refreshments and further conversations with the speakers.

The event was organized and sponsored by a local group, Citizens Against War in the Mideast.

Manchester Sportsman Club

A reminder to all members of the annual meeting and election of officers, Wednesday, January 30, 1991 at 7:00 p.m.

Hot Dog Roast At Ice Skating Rink

new picnic tables. (6) New playground structure, installation by Men's Club.

Wurster Park - (1) Annual flowers planted and new beds planned. (2) New Christmas trees planted and lit. (3) Electricity extended to new trees and flag pole. (4) Ice skating rink developed and maintained by Brad Roberts. (5) New sign posted for rink rules. (6) Hockey nets made

and donated by Manchester Tool and Die.

General - (1) Perennial ground-cover planted under Main Street trees. (2) Main Street trees trimmed by Todd Armentrout. (3) New, accurate maps made for each park. (4) Tennis nets at Athletic Field. (5) Main Street bridge decorated for Christmas.

Much input was contributed by the Manchester citizens when the map of Chi-Bro Park was posted and they were asked for suggestions for its development. These suggestions and others' expertise will help finalize this park's development for this spring and application for a grant.

With the cooperation of the good ice-making weather that we have been experiencing, we hope everyone will come to the hot dog roast on January 28. In case of bad conditions, the roast will be held the following Saturday.

This Month's Great Opera

Opera Night in Manchester returns to Mozart this month with the showing of one of his great masterpieces, "The Marriage of Figaro".

The film version of this opera will be presented on Friday, January 25, at the Blacksmith Shop, 324 East Main, beginning at 8:00 p.m.

This opera, first performed in Vienna in 1786, has always been a favorite of Mozart fans. As always, the music is exquisite! The opera is sung in Italian with English subtitles.

The story is full of plots and disguises, involving lovers and counts and countesses. Not until the fourth act is all made clear and everyone restored to his or her rightful lover.

Join in the fun and appreciation of wonderful music when "The Marriage of Figaro" (or "Le Nozze di Figaro", as they say in Italian) is presented in Manchester.

There is no charge for this performance. For more information, call 428-8963.

Letter To The Editor

Before your publication and a few plagiaristic, blindfolded, fame- and fortune-seeking citizens label Manchester The Bosom of The New Peace Movement, I would like an opportunity to state my views also.

First, there are many citizens of this community whom support the objectives of Operation Desert Shield. They recognize that the United Nations, 75% of the world, Iraq's neighbors (their own Moslem brothers and sisters), 70% of the American public and even the Arab world's most pestilent leader, Saddam Hussein is wrong. Saddam Hussein lied to his neighbors, aggressively invaded the sovereign, peaceful nation of Kuwait and proceeded to torture, murder, rob and pillage that nation. After the fact, he claims he only took back what belongs to Iraq. If this was the call, why hasn't Iraq taken their case peacefully to the United Nations for the past 30 years? It has been suggested that he needed quick, easy money to pay the enormous debt for his similar aggression against Iran. This would make him no better than a bank robber, mugger or common thief.

Second, the fact is Saddam Hussein has broken the world peace, not President Bush or his administration as these activists claim. This issue is not totally about "Oil in the Sands". It is in fact about blazon aggression against the sovereign nations. The use of chemical and ultimately nuclear weapons, control of a major source of the world's energy resources and thus a

major portion of the world's economy by an egotistical, tyrannical, Third World, military dictator.

Third, Saddam Hussein is the Adolf Hitler of the 90's. He perceives himself as the leader of the Arab world. He wants to control the resources, the economy, the Holy Cities of Islam, and the people of the Middle East. He does not hesitate to torture or murder anyone who stands in his way - he even used chemical weapons against his own countrymen, women and children on the front lines of his war with Iran because they would not join and fight in his aggressive action. If Saddam is allowed to build nuclear weapons, he will use them against Israel. Thus, in his warped mind's perception, doing his Moslem brothers and the Middle East a favor and bringing himself to the pinnacle of leadership. It is true that many Western leaders had supported Saddam as late as August. Many leaders also supported and trusted Adolf Hitler prior to his European aggressions.

Fourth, anyone who believes that this episode is too far away and could not possibly affect the United States economy or sovereignty must have their head stuck in the wetlands of the township. North America has been part of a world community and economy since Christopher Columbus landed in 1492! Anyone can pick up a telephone and call Saudi Arabia direct, with the correct code, and it's like talking to Chelsea. Every nation affects the world of nations.

Finally, had President Bush not sent Marines to Saudi Arabia to draw the line in the sand and deter further aggression by Iraq, where would they have stopped? If Saddam is not stopped now and/or subdued or toppled from power, and he gets bored, what will this historically unpredictable dictator do with his nuclear weapons when developed? Sanctions will not bring the Arab to his knees, only those who have lived with the Arabs will understand this. There is an old saying "We came from the desert, and we can return to the desert." It means no matter how rich the Arab becomes with food, money or possessions if taken all away they will still survive. Lighting candles for peace is a fine thing, but why here? Why not in Bagdad? Lighting candles here in this nation never stopped King George, Jefferson Davis, Kaiser Wilhelm, Adolf Hitler, Hiro Hito, the Chinese on Christmas eve, Fidel Castro, Ho Chi Minh, Khomeini or Manuel Noreiga, nor did the partisan politics, let's wait and see attitude and pulled punches.

and solutions to this crisis and give our President and the front lines men and women the support they need to get the job done and over so the world can again enjoy peace. Thank you.

Mark Zimmerman

Pooh Day

"Happy Birthday to you...happy birthday A.A. Milne, happy birthday to you," sing Christopher Robin, Eeyore, Tigger, Rabbit, Piglet, Owl, Kanga and Roo, and Winnie the Pooh.

This cast of fictional characters will be celebrated on January 18, the birth anniversary of their creator, Alan Alexander Milne.

Milne is most well-known for writing two of the most widely recognized and inspirational children's stories, "Winnie the Pooh" and "The House at Pooh Corner." Winnie the Pooh, the main character, is perhaps the most famous of lovable, huggable bears in children's stories, and each of his adventures centers around his insatiable appetite for honey.

"Pooh books," as they are lovingly referred to, instill values of kindness, friendship and determination in the millions of children who read them. Milne, who died in 1956, continues to be praised for the extraordinary children's stories he created.

Students Should Receive On-The-Job Training

A majority (79 percent) of Washtenaw County voters think it's a good idea for all students to have some kind of on-the-job work experience before they graduate from high school. And, 81 percent of the voters surveyed said on-the-job training should be provided for students with mental, emotional and physical handicaps.

These are just two of the responses from Washtenaw County voters surveyed by the Washtenaw Intermediate School District (WISD) and the Michigan Department of Education, last month. Results from the entire 60-question Project Outreach survey were released at this week's WISD Board of Education meeting.

The results of WISD's first voter survey were positively received by the WISD board and administration. According to WISD Superintendent Michael Emlaw, "We've learned a lot from the survey and we'll be reviewing our programs and services to reflect the wishes of the community."

In addition to support for on-the-job training, 97 percent of the voters think the basic skills of reading, writing and arithmetic are very important. Ninety percent think it's very important for all students to be taught problem solving/decision making skills. And, 72 percent said it was very important for all students to be

taught teamwork skills. The survey also included questions about special education and voter's awareness of other WISD services.

Respondents were selected randomly and interviewed via telephone by local volunteers, during the week of November 27. Fifty-four percent of those surveyed were female and 46 percent were male. About one fourth of the 385 respondents or 26 percent were parents with children in the local public schools. Fifty-one percent of the respondents reside in the Ann Arbor Public Schools, 15 percent in the Ypsilanti Public Schools, six percent in both the Saline Area Schools and Willow Run Community Schools, five percent in the Lincoln Consolidated Schools, four percent in both the Chelsea and Dexter Schools and three percent reside in each of the school districts of Manchester, Milan, and Whitmore Lake.

Patricia VanDomelen, director of Project Outreach, explained that by random selecting the voters, there is a 95 percent certainty that if all Washtenaw County voters were called in the same time period - assuming the same interviewers and the same questionnaire - the responses would be the same (plus or minus 5 percent). For more information about the survey results, call Gerri Powell, WISD Communication Services 313-994-4339.

We have a limited supply of special discount tickets to The North American International Auto Show January 12 thru January 20, 1991 in Detroit.

WERE FIGHTING FOR YOUR LIFE

American Heart Association

DON'T GIVE THESE SIGNALS A SECOND THOUGHT.

ACT IMMEDIATELY.
These signals may be the warnings your body gives you of a heart attack. And by ignoring them, you could be risking serious problems. Remember each year 350,000 Americans die from heart attacks before reaching the hospital.

WARNING SIGNALS OF A HEART ATTACK

1. An uncomfortable pressure, fullness, squeezing or pain in the center of your chest behind the breastbone.
2. The sensation may spread to your shoulders, neck or arms. If it lasts for two minutes or more, you could be having a heart attack.
3. Severe pain, dizziness, fainting, sweating, nausea or shortness of breath may also occur, but are not always present.

Dutch Hoopsters Victorious

by Jon

Varsity action - John Ward hits for 2. Photo by Jon

On Friday, our varsity and junior varsity welcomed the Warriors of Grass Lake to our gym.

In the first game of the evening, our Little Dutch and Little Warriors battled to a tie at the end of regulation time. In the 3-minute overtime period, we outscored them to win this nailbiter 56-52.

In the varsity contest, we upped our league record to two wins and one loss by downing Grass Lake 51-44. The first period saw little scoring as we held a slim lead, 7-5. The following two periods saw us increase our tally by 32 points while the Warriors continued to struggle, totaling only 15. This left the score 39-20 with one period remaining. Then Grass Lake caught fire. They scored and scored and scored to whittle our lead from 19 to 5 with one minute seven left in the game. We did hit some crucial free throws to ice the win. Stefan Knul was our high scorer tonight with 17 points as Jesse Widmayer supplied 10.

Be with us Friday for a big night when East Jackson comes to town. Games begin at 4:00 with our freshmen seeing action; then junior varsity at 6:00 and the big boys at about 8:00.

On Tuesday, the 22nd, our big and little Dutch travel to Greenhills.

The Wrestling Report

Dutchman pin his opponent. Photo by Jon

When the week of the 8th came up on the schedule, I knew that it would be tough with our first league meet and a tough Clinton tourney in it. Also, there was a tough non-conference meet with Dansville coming up. On Tuesday, the Dansville squad came into town looking for an upset of our 6th-ranked Dutch. I moved the

team around a little bit knowing that we had to win a couple of the key matches that night-which we did, coming out on top with the final score being Manchester 37, Dansville 33. Our top performers that night were Jason Woods with a pin, running his record to 18-0 and Darren Hock with a very exciting match outlasting his man

19-12. Our next big match and the one that put us out of reach was Chris Green with a pin. This was the first time I think we had such a big crowd in the stands which was nice for the kids seeing the community on their side. After the meet, everyone was relieved we pulled that one out but we also needed the tough competition for the rest of the year.

Thursday came fast and we went to Michigan Center unprepared; we looked a little slow and barely came out with a couple victories. Chris Wiethoff, Isreal Clouse, Chris Green and Tim Becketl had important victories. After the meet, I told the kids they better start getting it in gear or else we would get buried at Clinton with some high caliber teams like Constantine, Ida and Clinton being there. After a good practice on Friday, we came out smoking with everyone wrestling well against good competition. But with two of our weight classes missing, I knew we would have a tough time placing first or second. When the medal rounds came, we ended up with five in the finals. Bringing home the gold were Brent Woods, who has a 22-5 record-great for a freshman, and brother Jason, who remains undefeated with a 22-0-1 record. Taking the silver were seniors Isreal Clouse, who had health problems in the finals and lost a close one 15-13, and Darren Hock who wrestled well but was beaten

10-3. Tim Fenelon, who has been coming off an early-season injury, is starting to wrestle well and coming back strong which really helps the top of our lineup. In the toughest weight class, Chris Weithoff took a third place while looking his best all year dominating most of his kids. Stacey Clouse, who we bumped up a class, wrestled tough and lost to the same kid from Quincy twice but still bringing home fourth. Jimmy Buono and Robert Sloan both pinned their men in the consolation for fifth place and Tim Becketl tied for fifth. Overall, I think this is the best we've looked all year which is what we need as conference and districts are coming up. By the time the finals were over, we had done well enough to bring home second place, which I was very pleased with going against tough teams.

Next week, we travel to Napoleon for our second league meet and the tough 16-team Napoleon tourney. See you there!

Degree Candidates Announced

Some 2,200 University of Michigan students expect their degrees this winter. The University's winter commencement ceremony was held December 16. Degree candidates from the Manchester area include:

Kevin Scott Creech, College of Literature, Science and the Arts, Bachelor of Arts; Harry John Krauss, College of Engineering, Bachelor of Science in Engineering in Electrical Engineering; and Jana Kay Kress, Horace H. Rackham School of Graduate Studies, Bachelor of Science in Engineering in Electrical Engineering, Master of Science.

Volleyball Begins Match Play

The varsity and JV volleyball teams traveled to Lumen Christi to open match play for the 1991 season. The Dutch left Lumen Christi the same evening after being handed losses on both the varsity and JV levels.

Despite the loss, JV coach Ross Gilmore was optimistic in looking upon the forthcoming season. "Some of my kids played real well. It's tough to play a team like Lumen Christi as a first match." The JV lost in three games, dropping the first and third. The scores were: 14/16, 15/8, 12/15.

Gilmore gave special praise to starting freshman Kathleen Baran. "Kathleen simply didn't do anything wrong. She served 19/20 with four aces. She passed 82% and her net play was flawless at 6/6 with 2 kills. I start four freshmen out of six players, and the leadership Kathleen offered left me smiling despite the loss."

The varsity match took only two games. The first was 15-1 and the second 15-13. Coach Nyrkanen said his girls were very flat the first game, but plated them tough the second game. The varsity netters were led by Rebecca Scherdt's back row play, and the strong net play of Staci Williams and Joanne Kenner. Staci Williams made good on 90% of her spikes, and was all but unstoppable with five kills. Staci also had 12 blocks, both Dutch teams continue match play against Vandercook Lake on Monday, January 14.

On Thursday, I witnessed our freshmen as they hosted Chelsea. We fought a good tough battle but in the end Chelsea prevailed.

LIFE HEALTH

The Spine

Why it is called the "backbone" is pretty hard to understand. Maybe it's because no one ever stopped to consider that a solid bone doesn't often get around to bending in all sorts of directions like the human spine.

Actually, there are 24 movable segments, or vertebrae, in the "backbone", or spine. Between each segment is a soft cushion called a disc. The disc serves as a ball bearing and shock absorber for the vertebrae.

Inside the spine is a tube which contains the spinal cord, the lifeline of the nervous system. The spinal cord runs from the brain through the spinal column. Between the vertebrae are pairs of nerve trunks leading from the spinal cord and carrying millions of nerve fibres to the various parts of the body.

Displacement of any of the vertebrae or the discs of the spine impinges delicate nerve fibres, and vital organs served by the nerves can be affected. Disease is the result.

The spinal column, the spinal cord and the nervous system are the areas in which the chiropractor is scientifically trained. He locates the impingements and, by gentle adjustments, removes the offending pressures and restores the vital flow of nerve energy to the affected areas. Nature's healing from within restores the feeling of health and well-being. Another Health and Life Article from the Office of:

Financial Aid Program Available At High School

Each year the Manufacturers Bank of Saline and Grand Valley State University supply Manchester High School with a free computer program called S.N.A.P. (Student Need Advisory Program.) This easy-to-use program will calculate accurately what a family will be expected to pay for a year of college for their son or daughter. This program follows the financial aid form of the College Scholarship Service. S.N.A.P. takes 20-30 minutes to run and requires no previous computer experience. It runs on an IBM, IBM compatible, or an Apple computer. S.N.A.P. can be used at the high school or signed out and used at home or at work.

S.N.A.P. is a very valuable tool in helping parents plan for financing their student's college education. It is especially recommended for parents of seniors who are not sure whether they want to fill out financial aid forms for next year. It can also be used by parents of seniors who definitely plan to fill out financial aid

forms but would like to have a head start in planning the process and finding out where they stand financially. A third group of parents who could benefit from

S.N.A.P. is parents of underclassmen who are planning for the future and trying to learn how they can help meet the ever increasing costs of attending college.

Please call the guidance office (428-8274) to use or sign out S.N.A.P. or to find out more information about it.

Estate of CORA BAUER, DECEASED Social security no. 380-62-9380

TO ALL INTERESTED PERSONS:

Your interest in the estate may be barred or affected by this hearing. TAKE NOTICE: On February 4, 1991 at 9:00 a.m., in the probate courtroom, Ann Arbor, Michigan, before Hon. John N. Kirkendall Judge of Probate, a hearing will be held on the petition of JOHN BAUER requesting that JOSEPH BAUER & MARK BAUER be appointed personal representative of the Estate of Cora Bauer who lived at 11470 Jerusalem Road, Chelsea, Michigan and who died December 17, 1990; and requesting also that the will of the deceased dated June 30, 1987 be admitted to probate, and that the heirs-at-law of the deceased be determined.

Creditors of the deceased are notified that all claims against the estate will be forever barred unless presented to the (proposed) personal representative or to both the probate court and the (proposed) personal representative within 4 months of the date of publication of this notice. Notice is further given that the estate will then be assigned to entitled persons appearing of record.

American Legion Auxiliary

The American Legion Auxiliary met at the Legion Hall on Wednesday, January 9 with 16 members present. President Armentrout called the meeting to order at 7:30 p.m. Roll call was taken by the secretary and the minutes of the December 12th meeting were read, corrected and approved.

T.V. Ludwick reported donations, by this Unit, of two American flags to Manchester School District and one to Wurster Park.

Helen Popkey reported delivery of 25 Christmas plants by Auxiliary members to shut-ins in the community.

Joyce Stein submitted thank you cards from area military people for Christmas cards and gifts sent by our Unit, including one from Saudi Arabia.

Mary Smith reported poppies will be ordered for the 1991 drive. Streamers to identify "Poppy Volunteer Salespersons", which is a new "twist" to the Poppy Drive, will also be obtained.

Refreshment committee for February will be Kay DuRussell, Ethel Weir and Joanne Schiel. The meeting was adjourned at 8:40 p.m. with a prayer by our chaplain, Edna Knaus.

Interviews With German Students

In the late fall, a group of German students and their English teacher, Wilhelm Meerkamp, visited Manchester, staying with host families arranged by Susan Davis, Manchester High School German teacher. The excerpts from the following interviews were conducted by students in June Weiland's Advanced Composition class:

"For Dirk Berjenbruch, a German foreign exchange student here in Manchester for the past few weeks, a dream has come true. As we interviewed him, he told us that besides wanting to come to America to learn better English, it is a dream for many Germans to someday visit America. When asked what he thought of America, he replied that the people are very friendly, and not as complicated as Europeans. He told us that he liked the idea of being allowed to drive a car at 16, since it is not allowed in Germany until reaching the age of 18..." (Interview by Sarah Butterfield, Linda Devulder and Heather Binion)

"We asked Lars Reichmann, a seventeen-year-old exchange student from Bremen, Germany,

many questions, but he seemed to be most impressed with the hospitality of Manchester...During his stay in Manchester, Lars lived with the Hughes family..." (Interview by Anne Fahey and Krista Sahakian)

"For Anne Schonfeld, visiting the U.S., has been a great opportunity for her to learn more about the American way of life and the English language. Her visit to Manchester has enabled her to enjoy many new experiences, such as American football, hayrides, and marshmallows. Anne commented that the American schools are a lot easier than German schools and that American students have much less homework. In addition, she said that the typical high school day here is longer than the German high school day and more tiring. During her two and a half week stay, she has lived with Michelle Man and her family..." (Interview by Julia Hague and Donna Spiess.)

Vera Plate - "...We also asked her about her trip to America. She had raised the money for the trip by working after school. Vera came to American to meet new

people and to have some new adventures. Vera would like to thank Anne Fahey and her family for letting her stay with them on her visit to Manchester." (Interview by Jeff Spork and Lance Fielder)

Christian Cordes - "...Christian was honest in answering our questions and said his main reason for coming to America was to get out of going to school. But he also explained that he wanted to experience American culture and meet people...He was hosted by Dan Bihlmeyer." (Interview by Brett Bauder and Jeff Hughes.)

Barbara Inden - "...says that Barbara is very different from her home town in Germany as Manchester is much smaller. Her school contains 1,500 students, and they don't have many of the activities that we enjoy in their school. A normal day in school for Barbara starts at 7:45 a.m. and ends at 1:10 p.m. with two twenty-minute breaks and three five-minute breaks...Her host sister for these three weeks was Jodi Parr..." (Interview by Valerie Hauessler and Lillian Weinhardt)

Sylvia Babis - "...Her favorite place she visited here in Michigan was the Chrysler Proving Grounds...Back in Germany, she teaches gymnastics to little children..."

Klager PTO Minutes

November 26, 1990

The meeting was called to order at 3:21 p.m. with eight members present.

Mrs. Jane Worthy Hewlett, a public health nurse for Washtenaw County, gave a short informative talk about head lice. Discussion followed.

Joe Pennington gave a presentation on t-shirts which are to be sold in the spring. Discussion followed and it was tentatively decided which shirts would be sold.

The minutes of the last meeting were read and approved. The treasurer's report was read and approved with one correction. Last month's balance was changed to read \$11,894.19.

Principal Yvonne Henry presented Klager's December schedule and gave information on the reading program which will begin January 14 entitled "Getting in the Reading Mood-ed".

It was reported that about \$800 is still outstanding from the fall fundraiser.

The winter dance will be held January 18 from 7:00 p.m. to 9:00 p.m. if the high school study auditorium is available. Patsy Aiken motioned that the Raisin Pickers be asked to play again. Ginny Johnson seconded it. Motion carried.

Ginny Johnson motioned that \$50 be donated to the Senior Citizens' Dinner. Patsy Aiken seconded it. Motion carried.

The Meeting adjourned at 4:30 p.m.

A Heritage Worth Discovering

"Michigan Forests - A Heritage Worth Discovering" is the theme of this year's wildlife poster produced annually by the Department of Natural Resources (DNR) as part of its Natural Heritage Program.

The poster portrays a mature hardwood forest and many of the animals and plants which are part of that natural community. It was painted by Gijbert van Frankenhuyzen, art director of the Michigan Natural Resources Magazine.

"This full color poster captures the essence of the beauty and richness of Michigan's forests," said Director David Hales of the DNR. "The painting and the narrative on the back presents the historical development of Michigan forests and the important role forests have played in the development of our state."

The 1991 poster is a series produced by the DNR Natural Heritage Program which feature Michigan natural communities. Wetlands was the 1988 theme and coastal sand dunes were featured in 1989. All have been popular with educators who have used the posters in the classroom.

The production of these beautiful posters is made possible through citizen contributions to the Non-game Wildlife Fund "next

to the loon" on the Michigan income tax form.

These contributions support critically important work on Michigan's endangered plants and animals and nongame wildlife including forest species depicted in the poster—such as the red-shouldered hawk, pileated woodpecker, wood turtle, great trillium and dozens more.

Copies of the poster may be obtained by sending a letter to Poster, DNR Information Services Center, Box 30028, Department NR, Department of Natural Resources, Lansing, MI 48909.

Steps To Fortune

well as he possibly could do it. He did not wait for big opportunities, but found his chance in every little thing that came his way. In every act he performed he found a chance to be prompt, businesslike and polite. In every letter he wrote he found an opportunity for self-culture, for learning how to be concise and how to express himself in the clearest and purest English. He found an opportunity for neatness and order in filing away papers and in keeping the office clean and tidy. These, remarks the New York Weekly, are a few of the steps which led to his rapid promotion, although when he was taking them he was not conscious that he was laying the foundation of his career broad and deep.

Saline Board Approves Merger With McAuley

A proposed plan of merger between Saline Community Hospital, Saline, and Catherine McAuley Health System, Ann Arbor, was unanimously approved by the Saline Community Hospital Board of Directors Tuesday, January 15.

The proposed merger is a mutual commitment by Catherine McAuley Health System and Saline Community Hospital to secure and assure access to quality health care services at a reasonable cost for Saline area residents.

The approval Tuesday sets the stage for further consideration by the Saline Community Hospital Association on Tuesday, February 5.

Once approved by Saline community Hospital, the proposed merger would need to be finalized by the Catherine McAuley Health System, whose boards are scheduled to consider the proposal at their February meetings. The

tentative effective date of the merger is April 1, 1991.

A merger of Catherine McAuley Health System and Saline Community Hospital is expected to produce continuous improvement in the convenience, quality, continuity and cost of services for area residents as a result of coordination and integration of some systems and programs.

Saline Community Hospital has established a 24-hour hotline to answer questions about the merger. Please call 429-1583 and leave a message; calls will be returned within one business day.

In addition, a public informational meeting about the merger has been scheduled from 6:30 to 8:00 p.m. Wednesday, February 20 in the Blue Room at Saline Community Hospital. Hospital administrators will be available to discuss the merger and answer questions.

Village Council Report

Regular Meeting
January 21, 1991

- Made a tentative contract award to Union Construction Co. for the final phase of separating storm from sanitary sewers.

- Approved the combined preliminary and final site plan for Manchester Manor mobile home park, to be located at the northeast corner of Hibbard and East Main. The developers told Council that they did not expect to begin construction until the fall of this year.

- Approved renewal of a letter of support for the Senior Citizens Council transportation program.
- Approved purchase of a new copy machine from University Office Supply.

- Appointed Mike Gordon to represent the Village in the new recycling authority being created by 10 units of government in the western part of Washtenaw County. A joint grant application for start up funding from the State has been approved. Jane Cooper will serve as the Village's alternate representative. Manchester Township Supervisor Ron Mann is serving as the group's interim chairman.

- Received notification that Mark Knoblauch, one of the Village treatment plant operators, has completed a 6-hour continuing education course through Michigan State University.

- Approved signing a letter of agreement with Manchester Plastics/Larizza Industries which details the cleanup and new construction the company will do to deal with the low-volume seepage of petroleum-based fluid into the stormwater detention pond.

Attention Wrestling Fans

ON THURSDAY, JANUARY 24 AT 6:30 MANCHESTER'S #6 WRESTLERS WILL BE GOING UP AGAINST ADDISON'S #1 WRESTLING TEAM. SO COME ON DOWN TO THE HIGH SCHOOL AND SHOW YOUR SUPPORT.

Nominating Petitions Filed

Incumbent Village Council Trustees Larry Becktel, Jane Cooper and Jeff Wallace have filed nominating petitions for re-election to 2-year terms.

No other nominating petitions were filed with Village Clerk Karen Tucker. Deadline for petitions was 4:00 p.m. Monday, January 21.

The annual Village election will be on Monday, March 11, 1991.

Plastics To Improve Water Detention System

Manchester Plastics will build major improvements to its pipe dam and install a new septic tank to the west of the detention pond, according to plans approved by the Manchester Village Council at its January 21 meeting.

A persistent, low-volume flow of oil has been trickling into the stormwater detention pond since shortly after completion of the company's expansion program. Some is runoff from the large parking lot, and some is suspected to be flowing from the ground underneath the building.

The stormwater pond uses a pipe dam to separate oily flow from the stormwater which runs to the Village storm drain and to the River Raisin. Village and Michigan Department of Natural Resources officials have agreed that a pipe dam is a good means of dealing with the situation, but recommended that it be reconstructed of concrete.

The original system has repeatedly failed in wet weather, allowing oily material to reach the open storm drain and sometimes to flow into the river.

The most recent flow reached the river on January 16, after the sudden thaw and overnight rain caused a break in the detention pond dam.

The remedial construction plan prepared by Manchester Plastics calls for a concrete base and retaining wall, restrictor and filter system. Some design improvements were incorporated at the request of Village Council to make maintenance more efficient.

The second part of the company's plan is for a new septic tank-type installation upstream of the detention pond. This will be equipped with a pump for clean-off, and is designed to capture most effluent before it can reach the open detention pond.

The company has contracted with Adams Building Contractors to build the improved system, and construction time is estimated at two to four weeks, depending on weather conditions. The company will also remove oily soil from the area around the detention pond.

The Village of Manchester and Manchester Plastics/Larizza Industries are signing a Letter of Agreement detailing all items of the improvement project.

Training The Boy

The Manchester Enterprise
May 9, 1907

One System That Has Had Good Results

My boy was really a pretty good sort. Perhaps if he hadn't been he would not have turned out well under my system; but, then, if hadn't been a good sort I wouldn't have proceeded on that system. I watched him carefully before I decided that it would be wise to do as I did, says a writer in the New York Press.

When he was about seven years old I caught him in a lie. He was trying to hide a trivial, childish offense, and I was more amused than shocked, but, wishing to be sure of my ground, I told his mother he was lying. She would not believe it at first, but, becoming convinced she was for whipping him.

"Leave him to me," I said. "We will have no more whipping. He is old enough now for different treatment." Then I took him aside and talked to him somewhat after the following fashion:

"You and I are going to have a great deal to do with each other as long as we both live, and it is best that we understand each other from the start. I want you to know positively that so long as you do right I am going to be your best friend on earth, aside from

Essay Contest Winners

Essay contest winners pictured with Optimist Mark Dominick are (l-r): Lori Fielder-3rd, Chris Wietoff-1st, Mara Bragg-2nd.

Manchester Optimists presented awards to the winners of the essay competition at the January 14 meeting. Chris Wietoff placed first, Mara Bragg second, and Lori Fielder third. Eighteen students from MHS entered essays describing their thoughts on the rights and privileges of freedom. Chris Wietoff's winning entry will be submitted to the Optimist district competition. The winner of that competition will be awarded an all-expense paid trip to the Freedom Foundation at Valley Forge for a four-day seminar on freedom and leadership. The event is funded by the Optimist International Foundation.

Congratulations, Chris, Mara, and Lori, for your enthusiasm, talent and effort. The entire club extends its appreciation to the judges and individuals who contributed to the program's success. Optimist Mark Dominick hosted the ceremony and presented the awards.
