

A COMMUNITY INFORMATION CENTER

Libraries are more than places to check out books or browse in the stacks. In addition to books, our Manchester Library supplies the community with many other sources of knowledge.

On the main floor, the books are classified as children's, youth, science fiction, mystery, non-fiction, adult fiction and reference. Reference includes directories, encyclopedias, almanacs, atlases, etc. Also some videos, records, five local newspapers, forty magazines, tapes, files of clippings and pamphlets by subject, and often a special collection of books on loan from the Huron Valley Library System, are located on the first floor.

A large bulletin board in the hallway is available for current community notices. Director Dorothy Davies posts reviews of new books, best seller lists, some local newsletters and meeting notices when patrons bring them to her attention. She and Patricia Ahrens welcome additional local interest brochures, notices and newsletters from organizations or individuals. Since it is a public library, whatever is posted and how long it remains on the board must be approved.

To complete the survey of information available at the Li-

Training The Boy

own choice. I have never punished him since he was ten, and then only by keeping him in the house for some trifling disobedience. I have never since he was 12 said: "You must not." I have never interfered with any of his plans, or denied him anything he wanted that it was reasonably possible to get for him.

Result: He is a clean, healthy minded, young man with faults, but no serious ones that I can discover, and he still lives with me. He cared little for school and his education in books, while it is fair, is not what I would like it to be, but on the other hand, he picks up practical outside knowledge with wonderful facility and accuracy being a natural mechanic and business man.

When he was 21 I had despaired of his future. He had never given me any trouble, but he seemed to amount to nothing. He had not found, and I could not find for him, the right place. He was barely earning his living, but there seemed to be no prospect of more.

When he was 23, still working for a small salary, he seemed to wake up. He and a chum started a small commission business, working at it after office hours. In six months' time he gave up his salary. Six months later he bought out his partner. Within the next year he bought his own plant and is now doing a fine business with seven high-priced employees. In a few years he will be rich.

He is a gentleman. He does not lie. I am satisfied.

brary, the upstairs rooms must be considered. In the Classics Room, in addition to the many "classic" volumes, are shelves of "old but still good" fiction and biographies, and a quiet place to read or study.

The Historical Room holds treasures of local interest including microfilmed copies of the Manchester Enterprise, files of information about Manchester families, events, churches, businesses and civic organizations, books written by and about local residents, school and cemetery records, and much more. Many researchers visit this room to search for their roots (or to jog their memory about a high school friend or a Fair Queen).

The third public room upstairs is the Periodical Room which contains back issues of magazines and an extensive file of National Geographic. Here also is an electric typewriter available for public use and a table for study.

The Library Historical Room is available for small meetings open to the public and held during Library open hours. About ten people can be accommodated.

Patrons may check out any Library materials with the exception of reference items and materials from the Historical Room.

"The Marriage of Figaro"

"Le Nozze di Figaro" is the Italian which translates into English as "The Marriage of Figaro", the title of the Mozart opera which will be shown this Friday night for "Opera Night in Manchester."

The showing will begin at 8:00 p.m. on Friday, January 25, on the large video screen at the Blacksmith Shop, 324 East Main Street.

This filmed version of a Metropolitan Opera Company performance retains excellently the beauty and charm of the original stage production. It is sung in Italian and has English subtitles.

"The Marriage of Figaro" is perhaps the prettiest musically of any opera ever. The story is a comedy of mistaken identity. However, it is not frivolous!

But come and judge for yourself. You will not find a group of silly opera experts at these performances, but rather a small gathering of folks who love or enjoy opera or Mozart or literature or simply wish to learn more about opera.

All are invited and welcome. For more information, call 428-8963.

United Way Receives Checks From Johnson Controls

Bill PUNCHES accepted checks from Mr. James R. King (left) and Mr. Kurt M. Deford (right).

Manchester United Way Chairman Bill PUNCHES accepted checks from local Johnson Controls executives on January 23, 1991.

Mr. James R. King, Worldwide General Manager for the Plastics Machinery Division, presented a check for \$8,321 on behalf of the Machinery Division employees. Mr. Kurt M. Deford, General Manager for the Plastics Mach-

inery Division North America, presented a check for \$6,838 on behalf of the Plastics Container Division.

These checks are Johnson Controls Foundation funds which match employee contributions dollar for dollar. Johnson Controls Inc. and its local employees contributed over \$21,000 to the 1991 Manchester United Way Campaign.

Senate Rejects Pay Hike

State Rep. Margaret O'Connor, R-Lodi Township, expressed pleasure at the unanimous Senate rejection of the proposed legislative pay hikes for lawmakers and top government officials.

"With Michigan in the midst of a devastating budget crisis, it would have been unthinkable for the Senate to do anything else," O'Connor said. "When nearly 8,000 state employees are facing layoffs, many state services are in jeopardy and Michigan's credit rating downgraded without a balanced budget, pay hikes for government officials would be outrageous."

O'Connor, a longtime advocate of cutting government expenditures, said the House should follow the Senate's lead.

"Public opinion is adamantly against pay increases for legislators, as well it should be,"

O'Connor said. "By rejecting this pay raise proposal as overwhelmingly as the Senate did, maybe the House can regain some of the public trust lost because a few legislators displayed insensitivity and greed. The people of Michigan will be watching."

The State Officers Compensation Commission (SOCC) recommended on December 11 that legislators' pay be increased to \$47,287 in 1991 and \$52,800 in 1992. Lawmakers currently are paid \$45,450.

The House is scheduled to reconvene on January 31, just one day before the deadline for rejecting the SOCC recommendations. The House and Senate must agree on an identical resolution for the raises to be turned down. If the House fails to concur, the original SOCC proposal will take effect.

Secretary of State Office To Remain Open

The recent petition effort to keep open many of the 22 Secretary of State offices, including Chelsea's, was successful. A lease has been signed for new accommodations for the Chelsea Secretary of State office to be located in the Polly Supermarket Plaza. No definite date for the move has been set.

3,100 signatures were collected in the petition effort and were delivered to Lansing by State Representative Margaret O'Connor.

Mary Schroer, legislative aide for State Senator Lana Pollack's office said that the state Office of Management and Budget had submitted an "alternative funding plan" to the legislature which would allow the Secretary of State to continue to operate most of the branch offices that had been slated for closure at the end of February.

Tax Brochure Available

The 1991 edition of the Michigan Consumers Council's popular "How to Review and Appeal Your Property Tax Assessment" brochure is now available. The one-page pamphlet provides important information on Michigan's property tax appeal procedures, including summer tax collections.

Prepared in cooperation with the Michigan Department of Treasury, the brochure details how an individual property tax bill is computed using the state equalized valuation (SEV) rate. It also provides insight on how assessments are made and how property owners can determine if their property appraisal was done correctly.

The Council advises property owners to review the appraisal records in their assessor's office for accuracy. Common assessment errors include such false assumptions as a house having a finished basement or fireplace when it doesn't. Homeowners should also look for missed defects that might tend to reduce the value of a house, such as the shifting of the foundation and even simple clerical errors in computing the tax.

Postage Rate To Increase

The price of mailing a letter will soon be on the rise again. The US Postal Rate Commission has approved a four-cent hike, to 29 cents per stamp, that will go into effect February 3rd. The last increase was in 1988.

Cincinnati People Excited

The Manchester Enterprise February 14, 1907

The Great Cooper as he is Called Stirred up That City to a Remarkable Degree.

Cincinnati, O., Feb. 13. This city is at present in the midst of an excitement beyond anything that it experienced in recent years.

Old and young, rich and poor all seem to have become beside themselves over an individual who was a stranger to Cincinnati up to ten weeks ago.

The man who has created all this turmoil is L. T. Cooper, president of the Cooper Medicine Co. of Dayton, Ohio, who is at present introducing his preparations in this city for the first time. Cooper is a man about thirty years of age and has acquired a fortune within the past two years by the sale of some preparation of which he is the owner.

Reports from eastern cities that preceded the young man here were of the most startling nature. Many of the leading dailies going so far as to state that he had nightly cured in public places deafness of years' standing with one of his preparations. The physicians of the East contradicted this statement, claiming the thing to be impossible, but the facts seemed to bear out the statement that Cooper actually did so.

In consequence people flocked to him by thousands and his preparations sold like wildfire.

Many of these stories were regarded as fictitious in Cincinnati and until Cooper actually reached this city little attention was paid to them. Hardly had the young man arrived, however, when he began giving demonstrations, as he calls it, in public, and daily met people afflicted with deafness and

Darian Davies Receives Optimist Award

Manchester Optimists awarded the honor of Outstanding Student for the month of January to Darian Davies.

Darian is the son of Dorothy and Paul Davies and is presently a junior. He has maintained consistently high grades earning membership in the National Honor Society and finds time to tutor fellow students in chemistry. Darian is a member of the Quiz Bowl team and is active in the Spanish Club. He is also a member of the Cascades Conference Science Academic Games team and an Explorer.

Darian is the 1991 Manchester High School Marching Band Drum

Major and has been a member of both the Marching Band and the Pep Band since 9th grade. During the summer of 1988, he attended Blue Lake Music Camp and in 1989 and 1990 he travelled to Interlochen. In his freshman year, he performed in solo ensemble and will participate again this year. Darian is a member of the varsity track team and has been in 4-H for seven years including service as teen club leader.

Congratulations, Darian, for your outstanding performance; keep up the good work. Optimist Russ LeBlanc presented the award and Len Bruner is pictured with the Davies family.

Obituaries

Phyllis J. Hamilton

Age 73, of Manchester, passed away at her home January 25, 1991. She was born in Britton, Michigan on July 29, 1917 to Willis and Ina Belle (Youngs) Palmer. On June 12, 1938 Phyllis married Robert Hamilton and he preceded her in death in February 1981. Mrs. Hamilton was a past member of Sharon United Methodist Church and a member of the Michigan Education Association. In 1981 she retired from Manchester Public Schools where she was a teacher. Phyllis and her husband also owned and operated the Manchester Locker Plant, and the Central Market in Manchester. Mrs. Hamilton has resided in Bradenton, Florida since her retirement.

Phyllis is survived by four sons, Gary and Sandra Hamilton, Douglas and Cheryl Hamilton, and Dennis Hamilton, all of Manchester, and Stephen and Sharon Hamilton of Canton, Michigan; four grandchildren and two great-grandchildren; one brother, Douglas Palmer of Venice, Florida. She was also preceded in death by her parents.

Funeral services were Monday, January 28 at the Jenter-Braun Funeral Home. The officiating clergy was Rev. Erik J. Alsgaard and interment took place in Ridgeway Cemetery. Those wishing an expression of sympathy for the Hamilton family may make memorial contributions to Arbor Hospice.

Merrit Watkins

Age 82, of Wampers Lake, died Tuesday, January 22, 1991 in Jackson. He was born on February 22, 1908 to L. Whitney and Grace (Alley) Watkins in Ann Arbor. On November 16, 1928 he married Fern Boyles. She survives.

Mr. Watkins attended Manchester High School and Michigan State College in East Lansing where he was active in athletics. He managed Fairview Farm for many years until moving to the

Wampers Lake area in 1944. He resided there until his death.

In addition to his wife, Fern, he is survived by one son, Douglas Watkins of Wampers Lake; one brother, Douglas A. Watkins of Jackson; and one granddaughter, Laura Jean Watkins of Wampers Lake. Mr. Watkins was preceded in death by his parents; one brother Dennison; and one sister, Catherine.

Funeral services were held on Saturday, January 26, 1991 from Braun Bros. Funeral Home, Brooklyn, with Rev. William Harvey officiating. Burial was in Oak Grove Cemetery, Manchester.

Kathleen Kellogg

Age 69, of Columbus, Ohio, formerly of Manchester, passed away at Ohio State University Hospital on Saturday, January 26, 1991 after an extended illness. Kathleen was born on February 26, 1921 in West Virginia to Frank and Ethel (McIntyre) McSurley. On January 4, 1950 she married Jack W. Kellogg and he preceded her in death on December 5, 1980. Mrs. Kellogg was a resident of Manchester for over 30 years.

Kathleen is survived by her mother, Ethel Fannin Reynoldsburg, Ohio; four sons, Dan and Pat McSurley of W. Jefferson, Ohio, Wayne and Louane Brown of Columbus, Ohio, Mike and Carol Brown of Grove City, Ohio, Robert and Michelle Kellogg of Reno, Nevada; three daughters, Mrs. Gary (Ethel) Dresch of Midland, Michigan, Mrs. Gerald (Betty) Ahrens of Manchester, Carol Kellogg of Ann Arbor, Michigan; twelve grandchildren, two great-grandchildren; one brother, Joe McSurley of Columbus, Ohio; one sister, Mrs. David (Wilma) Miranda of Reynoldsburg, Ohio.

Funeral services were held Tuesday, January 29 at the Jenter-Braun Funeral Home. The Rev. Pegg Ainslie officiated with interment taking place in the Oak Grove Cemetery in Manchester.

Percy W. Rayment

Age 94, of Clinton, passed away Sunday, January 27, 1991 at the White Hall Convalescent Home in Ann Arbor. Mr. Rayment was born in Staples, Ontario on November 9, 1896 to William and Wilhelmina (McDonald) Rayment. On September 5, 1942, he married Edna Rogers and she survives. Percy owned and operated Rayment Radio and TV in Ann Arbor from 1928 to 1963. He also played semi-pro baseball for 28 years. Mr. Rayment was a life member of the Golden Rule Lodge and the Grotto Club #34. He was also a member of the Ann Arbor Senior Citizens Guild.

In addition to his wife, Edna, Percy is survived by one daughter, Mrs. Beatrice Little of Clover, South Carolina; two grandchildren, seven great-grandchildren, one great-great-granddaughter; three brothers, Merrill Rayment of Ann Arbor, Thurlow Rayment of Dexter, Donald Rayment of Ann Arbor; two sisters, Mrs. Helen Bethke of Ann Arbor, Mrs. Mabel O'Donnell of Grass Lake, Michigan. Mr. Rayment was preceded in death by one son, Jack; one daughter, Boots; and three sisters. Cremation has taken place and there are no services scheduled. Arrangements directed by the Jenter-Braun Funeral Home in Manchester.

Memorial Service For Dr. Litvak

A public memorial service will be held for Susan Quinlan-Litvak on Saturday, February 2, 1991 at 1:00 p.m. at St. Elizabeth Catholic Church in Tecumseh.

Dr. Litvak was affiliated with the Veterinary Standard in Manchester. The service will be officiated by Rev. Dan Wheeler.

Senior Citizens News

Herman has been out like the good neighbor he is and ploughed the snow. This is an old-fashioned winter that just won't quit. January hasn't seemed that long to me with all the projects, but am anxious for that time to come when all those pictures in the seed catalogues are blooming outside. Meanwhile, while awaiting that temperamental Mr. Ground Hg to show his stuff and the war in the Gulf to be resolved, let's just hang in there and pray and show our colors. I think of Claire Reck each year on her February 6 birthday and wonder what she would advise. She might say, "When there is something you can do, do it. When there isn't, do something else!" By now, she perhaps would have a continual string of letters going back and forth to our men and women in the Gulf. We miss you.

Thursday, January 31: Jan will serve beef stew, can't you just smell it? Bingo will be played at the Center at 12:30.
Tuesday, February 5: Polish sausage is featured on the noon lunch menu. Now you might say, "Is that all?" Heaven's sakes, no! She usually bakes bread which melts in your mouth and as an accompaniment, rounds up a whole lot of side dishes to fairly make a person bulge. You really ought to come to Emanuel's dining room each Tuesday and Thursday to delight your palate. At 12:30, Center activities will offer you a chance to help by cutting blocks for lap robes that are going to the VA Hospital (here is a chance TO DO).
Wednesday, February 6: Ladies leave Emanuel's parking lot at 8:15 a.m. for their trip to Tecumseh Pool to exercise in the water. Call Virginia Fielder at 428-8716 for bus reservations or information. This is fun and invigorating, come along.
Thursday, February 7: Oven-fried chicken will be served (so tender, as only Jan and helpers can do). It is also February Birthday Bash time for all who are 55 or more and born in February. Call 428-8359 ahead or 428-7680 before 10:30 a.m. on meal days.

Looking ahead to Friday, February 8, seniors plan to leave the Center at 10:30 for the Gibraltar Trade Center. Call Erma at 428-8707 to go along.

Optometrist To Provide Free Eye Examinations

Volunteer members of the Michigan Optometric Association are providing free eye examinations to low-income workers and their families during national Save Your Vision Week, March 3-9.

The Michigan Optometric Association is participating in this special event of Vision USA, a national charity founded by members of the American Optometric Association. This year, optometrists across the country will participate in the March event marking the first national effort made by a profession to provide free health care to low-income workers.

Dr. Will E. Phillips of Southgate is the state co-ordinator for this special event of Vision USA. "Low-income working families with no health insurance are at a great disadvantage for health care benefits," says Dr. Phillips. "Because they are employed, they often fall between the cracks of government and private medical assistance programs."

The Vision USA project is open to individuals and families that meet the following criteria: a member of the household must be employed, the family must not be covered by health insurance, eye exams must not have been received in the past year, and income cannot exceed an established level based on family size.

People who believe they are eligible for benefits are encouraged to call 1-800-766-4466 toll free during the month of January. Eligible workers will be referred to a participating optometrist in the area. Eye glasses for those in need will be provided by local laboratories for a small contribution to the program.

There will be a Manchester Band Boosters meeting on Wednesday, February 6 at 7:00 p.m. at the high school band room. Topics will include the 7th and 8th grade uniforms and summer band camp scholarships. We urge all interested people to attend.

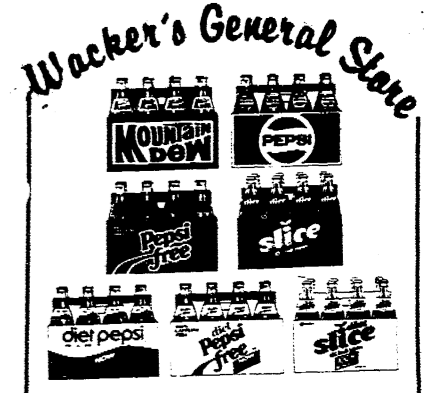

Shakespeare Reading Club

The Shakespeare Reading Club met on January 22 in the Emanuel Church meeting room with twelve members and one guest present. Reminiscing about their own grandparents followed Annette van der Schalie's talk about her maternal grandfather entitled, "A Civil War Romance". Material from his autobiography and the biography written by one of his sons revealed much about the life of Edward Marshall Brooks beginning with his genealogical background in England and the Plymouth colony. It was an interesting account of his strict Puritanical early life, his enlistment in the Northern army during the Civil War, the hardships encountered by the infantry (he later became a captain in charge of recruiting blacks), and the chance but romantic meeting of a "curly-headed girl" at the Soldiers Home in Memphis, Tennessee, leading to the marriage to Mary Ellen Waters in 1865 following the end of the war. Their family life with four boys and two girls over the fifty years plus gives a fascinating picture of living in that post-war era; the difficulties living at various times with in-laws and other relatives; the many failed attempts at farming from Illinois, Pennsylvania, Tennessee and Georgia to the Kansas prairies but finally a happier, gentler life in their golden years in Redwood Falls, Minnesota.

The next meeting will be held on February 5 at the home of Florence Parr. The topic will be: "Michigan Barns" to be given by Mable Billings and Florence Parr.

Former Student Shares Experiences in Alaska

Tim McGinn returned to his former classroom at Klager Elementary School to share with Mrs. Raus' 4th graders his experiences while living in Alaska. His visit and the answers to the students' questions added much to their unit on Polar Regions. Tim is a sophomore at Western Michigan University, majoring in business.

Girl Scout Leader of the Month

Sally Abbott of Manchester was recently named Scout Leader of the Month by the Huron Valley Girl Scout Council. Sally was noted for her outstanding leadership and contributions to Girl Scouting. She was a Daisy co-leader for one year, leader of

Sally Abbott

Brownie Troop #605 for 3 years, and has been a nominating committee member for Western Washtenaw Area Association for 3 years.
 Sally's Daisy troop had an overnight at the Methodist Church for the girls and their mothers. The next step was overnight camping in Sally's backyard. Since then, the girls have camped in the lodge at Camp Crawford and spent a weekend in Adirondack lean-to shelters at Camp Crawford. This Daisy troop

was a sister troop to the Chelsea Methodist Home Senior Citizens of Troop #777 for two years. The ladies came to Manchester to visit and the girls took crafts to share with them at the Methodist retirement home. The girls also did several service projects: planted bulbs for their sponsor, cleaned up Chi-Bro Park as their project on Easter Day 1990, collected eyeglasses to be recycled by the Lions Club and raked leaves for the senior citizens.

Sally's Brownie Troop girls earned patches for skills in food, science, puppets, plays, out-of-doors, caring and sharing, art to wear, manners, space, dancercize, careers and music.
 Each year the girls have caroled at homes of shut-ins and senior citizens, decorated and rode in the Girl Scout float in the Fair parade, and they wrote letters to servicemen and women.
 For the past two years, Sally's troop has been recognized as a Challenge Honor Troop. This is the highest award Huron Valley Girl Scouts give to any troop for having an outstanding program.

Love, it can go a long distance. All the way to Saudi Arabia, in fact, to the men and women in Operation Desert Storm. One of the things service people value most is being able to communicate with their loved ones back home. It's important to send cards and letters to service people so that they know we support them and are thinking of them.

Even if you don't have a friend or relative overseas, you may want to send a card or letter to a service person to show your support. To do so, use a 25 cent stamp and these addresses: For members of the Army, Air Force and Marines, write to: Any Service Member, Operation Desert Storm, APO, NY 09848-0006. If you are writing to someone in the Navy or a member of the Marine Corps stationed aboard a ship, address your letter to: Any Service Member, Operation Desert Storm, FPO, NY 09866-0006.

Freedom Township

PROPOSED SYNOPSIS

The meeting was called to order with all board members present. Minutes and Treasurer's report were approved with \$31,545.25 in the General Fund and \$4.10 in the Liquor Fund.

Various communications were read and discussed including fire runs, upcoming seminars and several newsletters. The board approved sending the Board of Review members to a training seminar. Uphaus reported that the Planning Commission will be meeting February 5 at the townhall. Little reported that the recycling grant had been approved pending legislative action.

Under new business, the board passed, by acclamation, a resolution of sincere appreciation to retiring Planning Commission member Richard Roehm. The board approved holding the town-ship annual meeting on March 30, 1991 at 1:00 p.m. at the townhall. Also approved was the Chelsea fire protection contract.

Bills #2987 through 2984 were approved for payment. Meeting adjourned at 9:30 p.m.

Robert Little, Supervisor

Impressions of Washington Peace Rally To Be Shared

Six local people joined 450 others from the Washtenaw County area in the long night bus trips to and from Washington, D.C. to attend Saturday's nationally organized rally to protest our government's military actions in the Mideast and to urge pursuit of creative negotiations and continued sanctions. The demonstration brought an estimated 200,000 to the nation's capital while gatherings of similar numbers marched in San Francisco and Seattle. Countless other rallies were held in smaller cities and towns across the nation.

The six attending from Manchester were Robert Kellum and son Danny, Deb Havens, Mary Good, Sybil Kolon and Margaret Bialecki. Also attending was Isabelle Yingling traveling by air. They will share their experience, observations and insights at a meeting to be held at the Blacksmith Shop, Thursday, January 31 at 8:00 p.m. All who are interested are welcome to attend and hear what they have to say. The meeting is sponsored by Citizens for Peace in the Mideast-Manchester.

Senior Supper Club

Senior Supper Club is a very popular program open to adults 55 years of age or older who live within the Chelsea Community Hospital service area. Senior Supper Club may include open card playing, an educational program or entertainment prior to the supper. The cost is \$4.50; reservations are required.

The February Senior Supper Club meeting is scheduled for Tuesday, February 12. It will be hosted by Dexter Community Education and held in Dexter at St. Joseph's Catholic Church. There will be cards at 2:30 in the afternoon, entertainment at 4:30, and dinner is at 5:00. Reservations must be by February 4; transportation will be leaving from Emanuel church at 2:00 p.m.

Please contact Rubena Boelter 428-8655 or the Community Resource Center 428-7722 by February 4 to make reservations and request transportation.

In the event of inclement weather and cancellation is necessary, information will be available at the Community Resource Center or Emanuel Church by 10:00 a.m.

On March 12, Senior Supper Club will meet at the Emanuel United Church of Christ in Manchester. Cards are planned at 2:30 p.m. with entertainment at 4:30 p.m. and supper at 5:00 p.m. Reservations will be required. Cost will be \$4.50.

Jolly Farmerettes Plus 4-H Club

The monthly meeting of the Jolly Farmerettes Plus 4-H Club was held on January 19, 1991 at the Manchester High School. Flag pledges were led by Karen Goodell. There were 18 members, 4 leaders and 2 guests present.

Andrea Clark read the secretary's report. Suzanne Lowery gave the treasurer's report. Bills and communications were read and submitted. Under committee reports, Nichole Jensen reported on Christmas caroling; Andrea Clark indicated we distributed 10 Sunshine boxes; Jodi Parr and Michelle Mann reported on our Adopt-a-Family.

Under old business, Sarah and Jodi Feldkamp have both entered the Youth Show Cover Contest.

Under new business, the club discussed the 1991 4-H King and Queen contest and voted they would like to leave it just as it is. It was suggested that the dinner hour at the 4-H Youth Show be changed to a later time for the contest participants. Andrea Clark told about the recent livestock county meeting. Rabbit seminar information was handed out for the February 10 meeting.

For our club activity, Mrs. Clark led us in a dye-tying workshop. Many of the club members made colorful shirts. Next month's club activity will be cake decorating demonstrated by Mrs. Haeussler. If you want supplies purchased for you it will cost \$4.65 to be given to Mrs. Haeussler as soon as you can. We

will also have a soup tasting luncheon and members signed up to bring different kinds of food items. Michelle Mann and Jodi Parr are in charge of this luncheon.

Under leader's report, Mrs. Feldkamp distributed third-year pins to Andrea Clark and to Jodi Armentrout. Wendy Haeussler received a 7-year pin. We were told there will be a county personal appearance workshop on Saturday, March 16. More details will come in the mail. Mrs. Lowery told us we'll have a conflict with our mother's tea date and so Jodi Parr will try to find another date and place for our tea.

Demonstrations were given in recycling by Wendy Haeussler and Sarah Feldkamp. Refreshments were served by Wendy and Kevin Haeussler and Sonja Peters. Thank you to Mrs. Clark for the extra dessert during our workshop. The next meeting/workshop will be February 16. Demonstrations will be by Jodi Armentrout, Karen Goodell and Jodi Parr. Refreshment Committee will be Suzanne Lowery and Laura Monkiewicz.

JV Netters Win Two

JV girls volleyball - Jennifer Faulhaber spikes. Photo by Jon

Manchester's junior varsity volleyball team added two victories to their record by beating Jackson Northwest (a class B school) and Michigan Center (a conference foe). The team is now 3-1 overall.

The match against Northwest was a good one. It went three games. Adrienne Wallace, freshman setter, said of the match, "It was fun, the competition was good. We got the chance to do it all - bump, set, spike, serve, and even win." Adrienne served twenty times in the match and didn't miss any serves. Of her twenty serves, seven were aces. Wallace also had five kills, and was seven for eight in digs. Lynette - Wackenhut, Sharon Fielder and Kathleen Baron combined for 53 digs to key the Dutch defense.

Coach Gilmore added, "Northwest is a tough team, they're a large school with a good program, it felt good to beat them."

On Monday, the 21st, conference foe Michigan Center came to the Dutch Dome and they received a quick and hearty defeat. Jill Faulhaber, Kim Reeb, Kathleen Baran and Adrienne Wallace made good on a total of twenty-one out of thirty-one serves. The quartet had fifteen aces.

Sophomore passer Jill Faulhaber said of the match, "We had a much cleaner game. We bumped, set and spiked, and they played jungle ball. That's why we came out on top."

The win against Center brings the Dutch conference win streak to eight in a row, dating back to January of 1990 when they lost to Vandercook Lake.

LIFE HEALTH

The Chiropractic Adjustment

The chiropractor is a student of the body's vast nervous system. Medical science knows that bodily functions are controlled by nerve energy impulses from the brain through the spinal cord to all parts of the body.

The spinal cord runs down through the spinal column. The spine is composed of 24 movable segments called vertebrae. Between the vertebrae are soft cushions called discs which act as ball bearings and shock absorbers.

When any one or more of the vertebrae of the spine are displaced, nerve pressure results. Nerve fibres are impinged, and vital organs are affected.

The chiropractor uses scientific methods to locate the displaced vertebrae. Once located, he gently manipulates the vertebra—using only his competent hands—to return the vertebra to its proper position in relation to the remainder of the spine. Once the vertebra is back in position, pressure is relieved, and the impinged nerve is free to perform its normal function.

The "adjustment" is simple, gentle, and painless. Actually, most persons who have undergone chiropractic adjustments have found that already-present pain is greatly relieved, if not completely eliminated, by the first adjustment.

It is simple and quick; and it performs wonders in restoring that healthy, happy feeling. Another Health and Life Article from the Office of:

Varsity Hoopsters Split

by Jon

On Tuesday, we traveled to Greenhills and cruised to an easy 62-42 win. Stefan Knul led all scorers with 21 points.

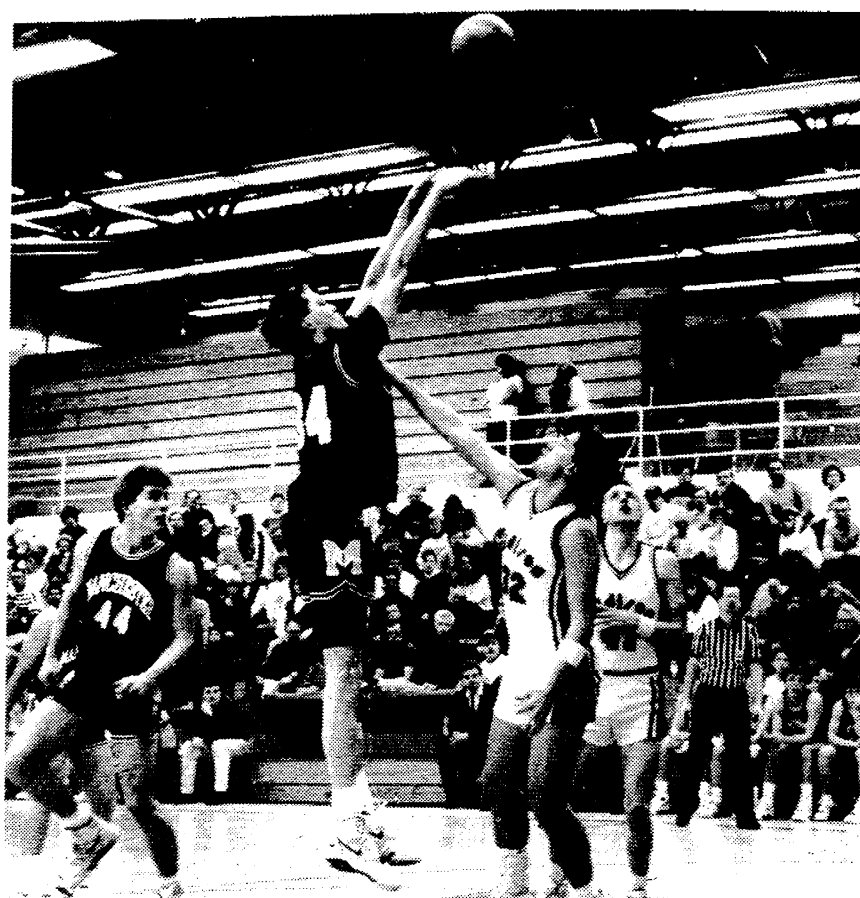

Friday saw us on the road again. This was the mid-season battle for first in the Cascades Conference. The Panthers played rough and tough to squeeze out their 73-67 victory. Jason Dominick led the way, hitting for 23 points as he grabbed 12 rebounds. Stefan Knul had 13 points, while Jesse Widmayer and Jeff Gillow totaled 22 points, 11 each.

As of January 22, Stefan is the area boys' basketball leading scorer, having scored 234 points for an average of 26.0 a game.

Upcoming Games: Friday we host Hanover-Horton, then bus to Napoleon for Tuesday's matchup.

JV Dutch

Tuesday night they met Greenhills on the Gryphons own turf. This was certainly no contest, as we whipped them 69-11. Josh Hintermaier scored 10 points. Friday's matchup in Addison saw us win fairly easily, 57-46.

Letters To The Editor

To the Editor:

The Manchester Village Council and Planning Commission appreciate the way that Mr. Macomber's recent letter has attracted additional interest in our long-range land-use planning work.

The Village's current land-use plan was adopted in 1973. The planning process was guided by the Planning Commission and the land-use plan was made Manchester's own under the leadership of Village president Dave Little and Commission chairman Edward (Ted) Curley.

It was based on the population growth projections available at that time, and the recommendations of professional consultants. In those more freespending days, a substantial amount of federal grant money was available to help pay the bill for such consultants.

The 1973 plan is kept on the wall of the Village Council meeting room, and the supporting documentation is always readily available in the clerk's office. The plan has been referred to in several rezonings and in the 1983 boundary change.

But all plans need updating. The 1973 plan project that, by the end of 1990, the Village could have 1,960 residents (we have 1,750), three elementary schools, East Main Street re-routed onto the former New York Central Railroad right-of-way, M-52 totally bypassing the Village on the east, several new single-family residential subdivisions, and only a tiny area of apartments.

Obviously, real life has not exactly mirrored those projections. That is why Village government initiated the project of revising the Master Plan - not starting from scratch, but up-

dating. And, though we will use the best information available today, our revision will someday be in similar need of updating.

As the 1973 plan notes:

"A land use plan is not an exact blueprint, but rather should be viewed as a frame of reference, to be utilized in the review and study of the various development and redevelopment proposals which will confront officials and property owners."

"The land use plan displays the desired future relationship between homes, schools, parks, industries and other uses. It sets no time table as to when these elements should be located on the land, but it does indicate where they would be best located when they are needed."

"As time passes, it is necessary to review and modify the plan in accordance with changing conditions."

All Village residents interested in the Master Plan revisions will be able to express their opinions in the survey and public hearings which will take place later this year. In the meantime, please give us a call if you have any questions.

Yours, truly,
Mary Kalleward,
Village President
Bob Daverman
Planning Commission Chairman

On behalf of the Manchester Area Resource Conservation Coalition (MARCC), I would like to thank Manchester Plastics and the Village Council for negotiating an agreement to help control pollution of the River Raisin. The agreement represents the first step to solve a problem that

seemed to have no solution.

For some time now, a low-level leak of an oily substance has flowed into the River Raisin. The acknowledged source was Manchester Plastics. Under Michigan law, the Department of Natural Resources is responsible for enforcing pollution control on the state's waterways. But the DNR considers the leak too small to be a priority, and the Village has no law requiring companies to control pollution. Therefore, a legal stalemate.

At the last MARCC meeting in 1990, Councilman Bill Kwolek addressed these issues with concerned citizens who were not happy that "nothing could be done" about this situation. Apparently, Kwolek wasn't too happy about it either. He had already outlined an engineering plan to control the problem. His approach was also creative in that it did not rely on force, but on negotiation.

Since that MARCC meeting last November, Kwolek and Village Council President Mary Kalleward followed through with Manchester Plastics. Not only were factory officials Bill Milne and Bob Ross receptive to Kwolek's plan, in some cases they also went further in suggesting pollution safeguards.

When the Village Council members saw the plan on January 21, they were unanimously pleased. Now, all that remains is for the plan to be implemented. The agreement as presented to Council has no date set for construction to begin, nor is there a set time for the work to conclude.

Ironically, Manchester Plastics is scheduled to close on March 1. The Council believes the agreement is binding even if Plastics no longer occupies the site since the Plastics' officials are representatives of the parent company Lizzizza Corporation.

If the agreement is implemented, it will stand as a major

accomplishment. It will illustrate the most positive way that government, citizens and business can interact for the betterment of the community. It should provide a model for the future if the agreement is implemented.

On behalf of MARCC and all who love the River, I urge Manchester Plastics and our Village Council representatives to make sure the plan becomes reality. And, thanks again for such an inspiring first step.

Sincerely,
Deb Havens
Manchester Area Resource Conservation Coalition

I am a member of Citizens for Peace in the Mideast. I support our troops in the Persian Gulf, but strongly oppose the policy that put them in harm's way. I believe that there are many others who feel as I do, who may be reluctant to oppose administration policy for fear of undermining the troops. The best way to show support for our troops is to question a policy that would have them die by the thousands in the desert.

Prior to January 16, polls showed the country to be deeply divided on the question of war. Now that war is a reality, we are urged to silence our opposition and rally around the President and his policy. Is silence in the face of an extended ground war the way to show support for a generation of Americans who are caught in this dreadful situation?

Will our silence help the children and innocent victims who are caught in this horror? I believe the answer is clear. Now is not the time for silence. Now is the time to support our troops by calling for renewed efforts to find a solution through negotiations. Now is the time to stand up for peace. I will continue to hold a candle during our Saturday night vigils to show support for our troops, their families, and the other innocent victims of this war; and to show my support for a cease fire and renewed efforts to end the conflict.

A recent letter to the editor of the Enterprise criticized a group of local citizens for exercising their right to protest a government action which those citizens believe to be unjust and immoral. I was struck, in reading this letter, by the angry tone of the

writing and by his opening paragraph which directly attacked the integrity of those whose opinions differed from his. Is this the result of war? That we in a small, homogeneous community like Manchester begin to call each other names, begin to see in our fellow citizens an enemy?

Martha Stoner

It is another bitter cold night with a breeze that freezes toes and fingers quickly and flickers or even extinguishes our candles. Why am I standing outside with my candle in this vigil for peace? Why should I become part of President's Bush's catchy rhetoric about a thousand points of light?

I was not sure about the whole situation for awhile but it became very clear to me that violence in the name of making peace is a contradiction. Those men and women who are being asked to commit violent acts will be forever changed as those in Vietnam were. I was hesitant because I did not want to see the country divided again over the same issues as Vietnam.

Emotions overwhelm me as I hear about the heavy, constant bombing in the Middle East. People are dying on all sides. Families are loosing loved ones.

I feel privileged to be able to express my opposition to war as an answer to peace keeping. This is what our troops are fighting for. Not for oil or land. I want to support and keep a vigil for our troops that they return home safely soon. I want to pray for the leaders of our countries that they soon find a peaceful solution.

I invite any patriotic citizen to join the vigil that takes place on Saturday nights from 7:00 to 7:30 at the War Memorial on Main Street.

Cards of Thanks

It is impossible to express how very much we appreciate each and every act of kindness given to us at the time of Gene's death and in the time that followed. To our host of friends for everything from cards, notes, memorials, food, flowers and for the warm caring "hugs". To our many relatives who helped so very much in every way possible. We needed you so much and you were here! To both Pastor Kuntzman and Pastor Doty for the time they spent with us and the support they gave us. To Mr. Braun of Jenter-Braun Funeral Home for his kindness and help in making this a bit easier to get through. To the Huron Valley Ambulance Service for alerting the Manchester Rescue Unit and for keeping me informed of what to do until the Rescue Unit arrived. Manchester can be so thankful to have such an efficient and dedicated Rescue Unit! We are so thankful for your help.

Sincere and loving thanks,
Marjorie Bentschneider

Money Management

DON'T LET TAXES REDUCE YOUR POT OF GOLD: TAX STRATEGIES FOR INVESTORS

If you think you're paying Uncle Sam too much of what you make on your investments, you may want to take a closer look at tax-free and tax-deferred investments. Just remember that tax treatment is only one factor to consider when developing an investment strategy, advises the Michigan Association of Certified Accountants.

Municipal Bonds

Municipal bonds offer investors a way to earn tax-free interest income. Issued by state and local governments, municipal bonds help raise money to build schools, roads and other projects. In the last few years, the municipal bond market has become a more complicated place for investors. In the past, all municipal bonds were exempt from federal tax, but changes in the tax law created three different tax treatments of municipal bonds. The interest you earn on the traditional obligations of state and local governments remains tax-free. And, in most states, if the bonds are from your home state, you generally escape state and local taxes as well.

However, certain bonds issued for private purposes, such as industrial development, now generate interest that can be subject to the alternative minimum tax. Still other bonds, including those issued to finance sports stadiums and convention facilities, no longer qualify for any federal tax exemption.

To determine if municipal bonds are the right type of investment for you, you should compare the return you can collect from a tax-exempt investment to the return you would get from a taxed investment. You should also weigh the security and the term of the bond under consideration. In addition, keep in mind that if you need to sell a municipal bond before its maturity, you must report your capital gain or loss on your tax return. What's more, you cannot deduct investment expenses associated with tax-exempt investments.

Treasury Bills

By transferring money from an investment that accrues interest daily to one that pays interest at maturity, such as Treasury bills, you can defer the taxes due on your investment earnings. Treasury bills are issued in denominations of \$10,000 and up, and

mature in three, six or twelve months. The bills are issued at a discount, with the interest paid when they are redeemed at maturity for face value. Interest on T-bills is completely exempt from state and local taxes; federal taxes are not due until the year the bills mature.

Certificates of Deposit

Many banks, brokerage firms and other financial institutions offer Certificates of Deposit (CDs). The interest earned on CDs is subject to federal, state and local taxes. But, because earnings on CDs are taxed in the year you receive them, you can use CDs as a means of deferring interest income. When you buy a CD that matures next year, the interest it earns is not taxable until then.

However, you should keep in mind that early withdrawals from a CD are generally subject to an interest penalty. If you have to make an early withdrawal, remember that this penalty is deductible even if you do not itemize your deductions.

Retirement Plans

Individual Retirement Accounts (IRAs), Keoghs and other retirement plans continue to offer liberal tax benefits. These plans represent another way you can defer some of your taxable income. With an IRA or Keogh, not only do you defer paying taxes on the money you invest, but the interest you receive on your investment is also deferred until the money is withdrawn. In addition, some investors can still claim a deduction for the amount contributed to an IRA. Restrictions on deductions are based on your income and whether you are covered by a retirement plan at work. With a Keogh, deposits are tax deductible regardless of your income, and money in the plan is allowed to grow and compound tax-free until withdrawn.

To be a successful investor, you need to know how to use the tax rules to your best advantage. The rules can get complicated so it may be wise to consult a CPA before embarking on your investment plan. Used properly, tax planning can be an effective way to minimize current taxes while accumulating greater wealth.

you decide that you would benefit more from reporting the interest when you redeem the bonds, you can switch methods only with the consent of the IRS.

Beginning January 1, 1990, a new tax benefit was created for certain U.S. savings bonds. Interest on these bonds is not taxed if the bonds are redeemed to pay college expenses. In order to qualify for this tax treatment, certain conditions must be satisfied: the bond must have been issued after December 31, 1989; you must be 24 years old or older at the time the bonds are purchased; and you must use the bond's proceeds for qualified educational expenses incurred by you, your spouse or dependents for higher education. This exclusion is phased out if your adjusted gross income falls within certain ranges - between \$60,000 and \$90,000 if you are married and filing jointly, and between \$40,000 and \$55,000 for single taxpayers and heads of household. These dollar amounts will be adjusted annually for inflation.

Glaucoma Awareness

January 27 through February 2 is National Glaucoma Awareness Week. The Greater Washtenaw Area Tel-Med has taped information on glaucoma. Just call the Tel-Med operator and ask for tape number 9.

Tel-Med has other tapes on eye care, too. Ask the operator for "Cataract No. 472"; "Contact Lenses, No. 473"; and "Pinkeye No. 85".

To take advantage of Tel-Med's service, call 313-668-1551

FROM: "365 WAYS TO SAVE THE EARTH"

Need to get around in the snow? Cross-country skis and snowshoes are better than snowmobiles, which compact soil, destroy dormant plants, and stress wildlife with the noise they make - not to mention the fuel they burn and the emissions they contribute to global warming.

Tax Assessment Brochure Available

If property owners find an error, the Consumers Council recommends that the errors be discussed with the assessor first. Some assessors may be willing to adjust the appraisal on the spot, thus saving the property owner and the assessor the nuisance of a formal protest. If the property owner should find it necessary to formally protest, the brochure provides tips on how to proceed and document a case before a local Board of Review.

The pamphlet emphasizes that timing is crucial in making an appeal. Each township and city has its own functioning Board of Review that meets periodically. It is crucial that property owners who plan to file a protest contact their local city or township office soon to obtain the deadline for filing.

"How to Review and Appeal Your Property Tax Assessment" is available free of charge at many Michigan assessors offices or by contacting the Michigan Con-

sumers Council, 106 W. Allegan St., 414 Hollister Building, Lansing, MI 48933, telephone 517-373-0947.

Free Community Lectures

Chelsea Hospital will sponsor two weeks of free community lectures dealing with the history of Alcoholics Anonymous. The lectures take place in the hospital dining room on Thursday, January 31 and February 7 at 7:15 p.m. Betty Bigger will lecture on the history of Alcoholics Anonymous. Week one spans the early history previous to Dr. Bob and Bill W's meeting through the story of how the Big Book was written and published in 1939. Week two emphasizes the infancy and adolescence of the growing program including how the 12 traditions were formed and written.

Cincinnati People Excited

with a single application of one of his preparations actually made deaf people hear again. In addition to this work Cooper advanced the theory that stomach trouble is the foundation of nine out of ten diseases and claimed to have a preparation that would restore the stomach to working order and thus get rid of such troubles as rheumatism and affections of the kidneys and liver in about two weeks time.

This statement seems to have been borne out by the remarkable results obtained through the use of his preparation, and now all Cincinnati is apparently mad over the young man.

His headquarters resemble a veritable stampede. Thousands of people are visiting him each day, and the druggists are selling his medicines in enormous quantities. What seems to make Cooper still more popular is the fact that he practices extensive charitable work and has already dispensed a small fortune among the poor of the city.

How long the tremendous in-

terest in Cooper will last is hard to estimate. At present there seems to be no sign of a let-up. Reputable physicians claim it to be a fad that will die out as soon as Cooper leaves.

In justice to him, however, it must be said that he seems to have accomplished a great deal for the sick of this city with his preparations.

Better For Boys To Start At The Foot

"Do you know what's bothering me now?" said a man who has made himself rich and is fast getting richer. "It's wondering what is going to become of my boys.

"I have four sons, all young, and all wholesome, natural youngsters but if I keep on making money the way I'm doing now I don't know what's going to happen to them when they grow up. There's nothing like being born poor to give a man a real start in life, with his feet firmly planted on the ground, where they ought to be, and he learning to rely on himself.

"I was born that way and I've always been grateful for it. If I had been born rich I think I should have been more or less of a no account. I had to get out and hustle and work to get along, and the habit of work has never left me since, as I hope it never will.

"But how is it going to be about my boys? They may come to think that they don't have to work, which would be the ruination of them, or would at least put them out of the running with self-reliant, able men.

"I'm sending them to public school, of course, and there they learn a heap of thing besides what they get out of their books. They learn for one very valuable lesson

that there are other people in the world besides themselves and that there may be plenty of people smarter than they are, and that they've got to work if they expect to keep their end up.

"Boys are democrats. You can't put on any lugs or airs if you expect to get along with the boys in a public school; if you want friends you've got to be friendly. A good all around start in life it is for boys to go to a public school, and I hope my boys will profit by it.

"But I suppose in time they'll go to a private school, and then if they want to they'll go to college, and there what with their money, unless they should turn out to be very hardheaded young men, they will come to train with other young men with money and so get separated from the bulk of their fellow students and begin to live sort of by themselves; and I can't imagine anything happening to a young man worse than that, his getting away from the mass of his fellow men.

"My boys have never known what it is to be poor. They have always had what they wanted, and unless I should fail or bust up or something, which I don't expect to do, I don't see why they shouldn't always have things, because as long as I had anything I should be sure to keep them. That's the human nature.

"And, you see, there's the

Trek To The Future Sunday, February 10th

Come take a trek, a journey to the future. What lies ahead for the class of 2001? The answer can be found at Saline High School on Sunday, February 10, from 1:00 to 3:00 p.m. as the South and West Washtenaw Consortium presents "Trek to the Future. Opportunities for Success", a Family Career Education Day.

High-tech demonstrations, college representatives, area employers, free t-shirts, and activities for all ages and family members, are just some of the highlights of the day, as well as a tour of the 15 programs offered by the Consortium.

The staff of the Consortium would like to cordially invite all parents and students of all ages from the districts of Chelsea, Dexter, Manchester, Milan and Saline to what should be an exciting and fun afternoon! "Trek to the Future" also kicks off National Vocational Education Week, February 10-17. Diane

Skinner, director of Vocational Technical Education for the Consortium, feels vocational education should be a part of everyone's high school experience. "The skills learned in vocational education are useful whether a person goes right to work out of high school or enters college."

Using the machine tool program as an example, Skinner noted that learning to read a blueprint is just as critical for future engineers as it is for a future lathe operator.

And what about a student who has yet to decide on a career? "Vocational education classes are a great way for students to explore occupations, to find out if they are really interested in that career area," added Skinner.

The administration and staff of the South and West Consortium would like to cordially invite the residents of Chelsea, Dexter, Manchester, Milan and Saline, to take a "Trek to the Future" and join us February 10.

25th Annual Canoe Race

So you would like to be a part of Manchester's 25th annual canoe race, but... Well, this year there are no excuses because the Recreation Task Force would like to present each participant in the race with a patch commemorating this event. The Task Force would like the patch to be designed by a member of our community. The designer of the winning patch will be awarded \$25. Now, of course, there are some guidelines - the patch must be circular, three inches in diameter and contain the following:

- *Manchester
- *25 years
- *Canoe race
- *1991

The winning patch will be fully embroidered with four colors. The deadline for entries is February 20, 1991. Enter as often as you like, however, each design entered must be accompanied by either an entry form or a 3 x 5 card with your name, address, age and phone number. All entries must be mailed or delivered to the Manchester Task Force at 122 East Main Street (the Community Resource Center), P.O. Box 433, Manchester, Michigan 48158. (Phone: 313-428-7722). All entries are property of the Recreation Task Force. All judges decisions are final.

House Rejects Pay Hike

"The Legislature's first rejection of proposed salary increases sets a tone of fiscal prudence in government that is long overdue and will be crucial to ongoing budget negotiations," said state Rep. Margaret O'Connor, R-Lodi Township, who opposed the raise.

A 16.2 percent pay raise for legislators and other top state officials recommended by the State Officers Compensation Commission (SOCC) was voted down overwhelmingly in the House. The Senate rejected the salary hike on January 24.

This was the first time since SOCC was created in 1968 by constitutional amendment that the Legislature said no to a proposed pay raise.

"Today's vote was the only proper action in light of the serious budget deficit plaguing Michigan," O'Connor said. "The raises were unwarranted and inconsistent with the belt-tightening measures we are asking of others."

O'Connor said, however, that the rejection was not a victory of conscience.

"I'm sorry to say the pay raise refusal was a concession to an angry citizenry rather than the right thing done for the right reasons," the fifth-term lawmaker said. "Many of my colleagues who wanted more money 'glimpsed the future' and saw they weren't in it

with a 'yes' vote on this issue. "On the other hand, this was a victory for the people. It is reassuring to see citizens take an active role in government. I hope this issue serves as a beacon to the public that it has a powerful voice if it chooses to speak collectively, and it can change the course of history, as they say."

The SOCC proposal would have increased legislators' pay from \$45,450 to \$47,287 in 1991 and \$52,800 in 1992.

In addition to legislative salaries, SOCC recommends pay levels for the governor, lieutenant governor and Supreme Court justices. The raises would have taken effect had they not been rejected by the Legislature February 1. By law, SOCC meets every two years for no more than 15 days.

Newspaper Recycling Discontinued

The Village of Manchester asks that households TEMPORARILY retain their newspapers while a new deposit system is instituted. We expect this to take from 2-4 weeks. Watch the Enterprise for further information.

Midwest Donates Car

Once again, Midwest Ford has generously donated a vehicle to the Manchester Community School system for the driver's education program. This year the car is a 1991 Taurus LX and is equipped with air bags. Pictured above is Greg Marvin, General Manager of Midwest Ford, and Ron Jansen, driving instructor.
