-in the old apple tree out in the back yard.

But my brother still had to shoot sparrows for them to eat. When he went outside with his old .22 rifle he would whistle and the hawks would come. As he shot the sparrow the hawks would swoop down and catch their meal before it hit the ground. One day our milkman came by and saw this large hawk on the ground eating some mice we had given it. He jumped out of his truck, grabbed his cane he carried in his truck and he killed this lovely bird we had raised from infancy. We were so very angry at him. I was heartbroken because he had killed Queen, my bird. I still feel rage every time I think of it. He said he thought it was a chicken hawk and was killing our chickens. After that Rex was never so tame again. Finally he went back to the wild and never came back. What a wonderful summer we had with those hawks. I still get a thrill when I hear the skree call of a hawk.

Another spring as my Father walked in the woods he came upon this tiny fawn. He brought it up to the house and we put him in one of the horse stables. We got a lamb bottle and fed him milk. He loved us and we loved him, we named him Benny. He grew and grew and would come when we called him. My father and brothers would put pieces of carrots in their jacket pockets and he would pick the pieces out and eat them. Benny would go out to pasture with the cows and would come back to the barn when the cattle came.

There was a game reservation at Pinckney, Michigan and my father wrote them a letter and told them we had a deer. Some man from the reservation came one day to see Benny and said they would come and get him before winter. Finally he came with his trailer and took him away. We cried when they left. Part of our family was gone.

Another spring when the men cut trees, they found two baby raccoons in a hollow log they had felled. These also were brought to the house and put in our corn crib. We fed them warm cows milk with an eye dropper for a while. Finally they were large enough to lap up the milk. They loved my mother's homemade bread in milk, a large cake pan of water must be in front of them at all times. They wash everything before they eat it. They would eat table scraps and cracked corn - almost anything we could find to feed them.

Baby 'coons' are a lovely pet to have. They dearly loved attention and would hang on to you like a little baby with their hands. Finally they got big enough to be let out of the corn crib - and that's when the trouble began. They learned to open the screen doors on the front porch and to the back door. Instead of pets they quickly became Pests. They were into everything all the time. My father took them to the woods but they came right back to the house. At last he had enough, he took them to our

Uncle Bill's home which had a large woods and was 10 miles from us. He then released them and they never came back. I didn't cry when they left.

## DOWN MEMORY LANE BY ROSE WINRIGHT

Gottlieb Jacob farmhouse, Bethel Church & M-52 in 1927

### I Remember: 7

We had two barns on our farm. The one large red hip-roof barn up by the house was called the horsebarn. In it were the horse stables with mangers upfront. Also there was an oat grainary where the horses oats were put. Also the horse hay was put up in the loft.

Below the hay mow was a large storage place for the fanning mill, corn sheller, cross-cut saws, mauls and wedges and axes and all kinds of tools that were used on the farm.

The barn across the road was very large. Almost like two barns. One side was the cow barn, the other side was the sheep barn. In the basement of the cow barn were the stanchions and when the holstein milk cows were called to come into the barn, each one went to her stanchion every time. We named all our cows and they knew their names. We had them for years so they were like old friends. My favorite cow was "Crumpled-Horn". She would let us ride her. We would give her some choice handfuls of grass and then quick as a flash jumped on her back, and away we went. What fun that was.

Every morning and evening the cows were milked. I remember my brother had an old black cat that followed him in the barn

and when Bob sat down on his three-legged stool to milk, that cat would sit about four feet from him and wait for the squirts of milk sent his way. He was always ready and never missed lapping the milk. We had a silo fastened to the cowbarn and it was easy to get into it to feed the cows their silage. They always ate that while they were being milked.

There was a hay chute where you threw down the hay from the barn floor. And the oat grainary was on the cow side of the barn. There was a large fenced in barnyard out the back barn door and the huge straw stack was out there. The barnyard had a woven wire fence down through the middle so the sheep had their own yard. There was a large watering tank for both the cows and sheep.

The sheep were in the basement on their side and on their barn floor was the wheat grainary and a special room for the wool to be stored in. Once a year in early spring the sheep shearers came. They ran their machinery with a gasoline engine. And, as each sheep was shorn, the wool bundles were carried up the stairs and stored in that room. Later on a wool buyer came and bought the wool and trucked it away. Soon after the sheep were shorn, the lambs were born.

It was a great thrill for me to sit on the steps and watch the lambs being born. Sometimes there was a mean old ewe who would not be a mother to her lamb. So those lambs were brought up to the empty horse stable and we got out the lamb bottles and nipples. We always had several pet lambs begging for milk but it was fun to feed them warm cows milk. Even after they had been weaned and put back in the sheep barn, they would come when we called them.

When the corn was planted, a late field was planted with sorgum planted with the corn. This was the silage corn and it was cut and shocked before the corn dried. When all the neigh-

## School Crossing Guards

Emory Garlick

Our unsung hero's are the crossing guards, for our school kids, that use the village sidewalks and street crossings. Currently there are four locations that guards protect the school kids. M - 52 at Klager school, Reta Guernsey; M - 52 at Main, Robert (Buba) Ross and the DPW as interim guard; M - 52 at Duncan, Marion Koffman; M - 52 at Wolverine, JoAnn Hendricks.

This is one of the very important jobs that protect our children to and from school. Unlike other bussed kids, and therefore transportation supported by the schools, the safety of children crossing the streets are the responsibility of the Village of Manchester.

## Dutch Victorious

Patrice Faulhaber Napoleon's stadium, packed with homecoming fans and news media, were disappointed in a double overtime, 13-12 loss to Manchester.

Wes Gall, Manchester varsity football coach has a defensive team he can count on. Proving themselves for the fourth week in a row against previously undefeated Napoleon team, the Dutch "D" have held all opponents to a total of 24 points.

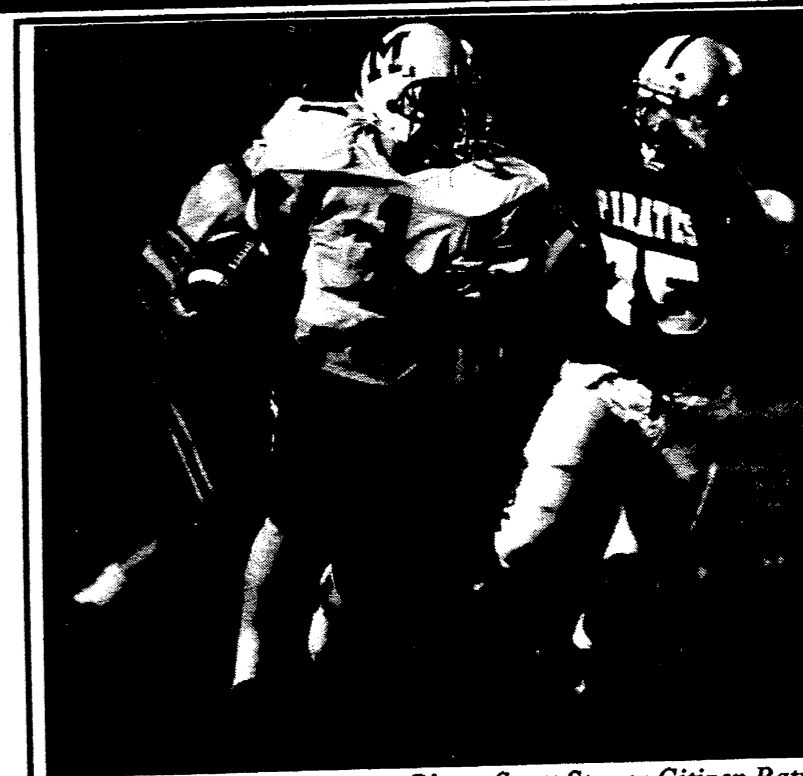

The Dutch received the opening kick-off on their 10 yard line, moved the ball to the 50, and Shayne Ahrens punted to the Pirates 20-yard line. Pirates managed but 2 yards in 3 plays.

Jeremy Strock attempted a 48-yard field goal late in the first quarter. Dutchman Robert Spork recovered a Pirate fumble on the next series. The second quarter was more of the same with the Napoleon offense struggling against a very determined Dutch defense led by seniors Rich Lutton, Jamie Sloat, Andy Corwin, Darren Hagen and Karrick Rentfro.

Spork intercepted a Pirate aerial and Rentfro sacked the QB for a 15-yard loss in the second quarter.

The second half was highlighted by Darren Hagen's fumble recovery and a Fielder-to-Burkhardt pass completion. The defensive battle continued with no score at the last whistle.

FIRE PREVENTION WEEK OCTOBER 4-10, 1992

NATIONAL FIRE PROTECTION ASSOCIATION

Important Tips about Smoke Detectors

Smoke detectors are a powerful fire safety technology...

Who has smoke detectors?

If you still don't have smoke detectors, you're part of a small, shrinking, high-risk minority.

How many Smoke Detectors do you need?

For minimum protection, NFPA's Standard 74 on household fire warning equipment...

not properly supplied with power.

Where and how do I install my smoke detectors?

Detectors that are hard-wired into the home electrical system should be installed by a qualified electrician.

What maintenance do Smoke Detectors need?

If your detector uses them, replace batteries according to the manufacturer's recommendations...

Why is detector testing "sound advice"?

A detector that isn't working is no better than no detector at all.

What else should I know?

Know what to do if the detector ever does go off to signal a real fire. Develop and rehearse an ESCAPE PLAN...

FACTS ABOUT FIRE FROM THE NATIONAL FIRE PROTECTION ASSOCIATION

Fire kills every 118 minutes. An estimated 4,465 civilians died in fires in 1991.

Automatic sprinklers save lives. NFPA has no record of a fire killing more than two people in a completely sprinkled public building...

Preschool children (age 5 & under) have a fire death rate more than twice the national average.

Older adults also have the highest fire death rates in U.S. home fires - two time 65 & up, three time 75 & up, and four times the national average 85 & up.

Fire causes injury every 18 minutes. Cooking Equipment is the number one cause of home fire injuries.

A fire is reported to fire departments in the U.S. every 15 seconds.

Households can expect to average two fires serious enough to alert the fire department in an average person's lifetime, if you include fires at home, work, or play, on the road, or outdoors.

Most home fires (nearly 2/3's) begin in kitchens, chimneys, bedrooms, or living rooms.

The peak period for home fires is 6:00 - 7:00 p.m.; the peak period for home fire deaths is 2:00 - 3:00 a.m. Both home fires and home fire deaths peak in the cold winter months.

The officers and members of the Manchester Fire Department would like to say thanks to the following people for sponsoring the Fire Manual for the schools:

Please Mr. Garlick - lets give the schools fair and impartial coverage this year - all are working very hard for our kids and citizens. K. M. Davis

Dear K. M. Davis, The Manchester Enterprise presents a huge amount of space to our School's. We have requested additional information in the past and in most instances have received that information.

I personally will not stand by and allow 84% of our taxes go to education without questioning accountability. My personal feelings are that with all our taxpayers taking a hit, in our economy, we are entitled to have our educational system hold the line on expenses or make cost reductions.

## Village of Manchester Fall Leaf Pickup

**BAGGED LEAVES** will be picked up beginning **MONDAY, OCTOBER 19, 1992** and continuing through **FRIDAY, NOVEMBER 20th**. Pickups may be on Mondays, Tuesdays, Thursdays or Fridays, depending on availability of Village truck and labor.

**LOOSE LEAVES WITH NO TREE BRANCHES OR SHRUB CLIPPINGS** will be picked up during the month of November with the vac-all truck as scheduling allows. Leaves should be raked to the edge of the road.

**COMPOSTING SITE** will be on Hogan Road at the Village Industrial Land, at no charge. Loose leaves should be deposited along the windrows; bagged leaves must be emptied along the windrows and the bags taken away from the site.

10/15

Dear Manchester area residents:

On November 3, you will be asked to vote on many important issues. One of those important issues is a one time, quarter mil bond levy for the construction or acquisition and equipping of a new SAFE house to shelter local victims of domestic violence and their children. Over the years many families from the Manchester area have received help and support through this program.

We urge you to vote YES for the SAFE house. A YES vote will provide a new building that is urgently needed; and the cost for this resource will be only, on average one dollar a month for two years and the SAFE house will save, the citizens of Washtenaw County, money in the long run.

SAFE house works. It saves lives in crisis situations, and more importantly, SAFE house offers a place of security for children to begin "unlearning" violence as a way of life. During the past fourteen years, the outstanding program at SAFE house has earned respect and backing from the courts, people in law enforcement, religious institutions, and educators throughout the County.

If you would like more information about this important campaign or SAFE house, please call 769-8520 ext.226.

Please vote YES for the SAFE House.

Signed: Martha Mackres

### To The Litterbugs:

I am so upset as I travel M-52 between Clinton and Manchester when I see the litter strewn along the roadside. God Almighty created this beautiful world for us to enjoy and then the people have to destroy it by leaving their garbage at the roadside.

In the spring the Manchester Men's Club worked hard and many hours to clean up the roadsides and now it's covered again. Doesn't anyone care?

Let's all try to do our part to keep this world clean for our enjoyment.

### To the Editor:

As farmers we are very concerned about the upcoming election for County Drain Commissioner.

Over the years, we have voted for both Democratic and Republican candidates. Our vote is for competency, not political affiliation. We vote that way because the competency of the County Drain Commissioner is critically important to our farms and livelihood.

Poor decisions by the Drain Commissioner can result in severe hardship for a farmer, including untold hours of lost productive time as well as lower yields and inundated crop land. And if the Commissioner fails to develop community-based, commonsensical approaches to problem solving, project costs and assessments rise astronomically.

Based on our experience with the incumbent, we strongly

## Out and About

My generation grew up with certain preconceived ideas that were and are a product of our times. Honesty and integrity were two of the basic precepts. Your word was your bond, a contract was not necessary. It didn't matter the amount or value involved. A handshake was a formality; the spoken word, however, was a man's or woman's contract.

Along with those precepts, however, was something that was unspoken. That something was emotion. Emotion was totally irrelevant to anything else. Public displays of such things as holding hands might be accepted as a way to assist someone to cross the street or to steady a faltering step. A kiss or a hug was something

In order for Steve Olmsted to win in the upcoming election, he will need to draw support from the urban areas as well as from the farmers. We are therefore asking for the help of the

Love Jesus with the Heart of Mary... But Who is Mary?

The sole reason for the Catholic devotion to Mary is to increase love for Jesus.

Through a deeper awareness of her place in God's salvation plan, Christians can intensify their personal relationship with Jesus and function as the family envisioned by Christ.

And so we must consider who Mary is in this plan of God's? We must seek understanding of what her obedience to God in bearing Jesus really means. How is Mary the Mother of God and the Mother of the Church? And what does her example mean in our love for Jesus?

This week, October 8th, the To Jesus Through Mary Scripture Study Group at St. Mary's Church will consider "Mary as the Mother of God and Mother of the Church."

These study sessions offer an opportunity to delve deeply into Sacred Scripture and also includes time for lively discussion.

People of all faiths are invited to come to one or all of the eight sessions. The group meets weekly on Thursdays, from 7:45 p.m. until 9:45 p.m.

This week's session will be held at the Blacksmith Shop, 324 E. Main. For more information, call Bill Kwolek at 428-7674 or Janet Shurtliff at 428-9462.

Obituary

Frieda A. Ahrens formerly of Manchester

Age 90, of Saline, formerly of Manchester, passed away at the Saline Evangelical Home on September 30, 1992. Frieda was born in Sharon Township on November 4, 1901, the daughter of George and Minnie (Rehus) Wahr.

She is survived by three daughters: Joan and Louis Cavender of Stockbridge, Marilyn and Allen Clark of Manchester, Darlene and Pete Minor of Brooklyn; two sons, Duane and Carol Ahrens of Tecumseh, Gerald and Betty Ahrens of Manchester; 10 grandchildren, 11 great-grandchildren; two brothers, Lawrence Wahr of Bridgewater and Carl Wahr of Jackson.

Frieda was also preceded in death by five brothers, five sisters, and one granddaughter. The Ahrens family received callers at the Jenter-Braun Funeral Home. Funeral services were held on Friday, October 2, 1992 with the Rev. Paul Kuntzman officiating. Interment took place in the Sharon Town Hall Cemetery.

Those wishing an expression of sympathy for the Ahrens family may make memorial contributions to the Saline Evangelical Home or Emanuel United Church of Christ.

Registration is \$45 for individuals and \$65 for couples registering together. Mail deadline is October 14. Late or at-door registration will be an additional \$5. Subsidy, based on ability to pay, will be available.

"Healing Our Shame" Workshop

"Healing Our Shame: Filling the Hole in the Middle" is a day-long workshop to be conducted by Dr. David King, an Ann Arbor psychologist and graduate of U of M. Sponsored by Interfaith Counseling Service, this workshop aims to define shame and describe the role it plays in the development of poor self-esteem, addictions, compulsions, depression, perfectionism, rage and sexual difficulties.

Interfaith Counseling Service is a non-profit agency of licensed professional counselors sponsored by Washtenaw County Churches to provide individual, couple, family and group therapy. Each year, ICS sponsors several workshops on topics that integrate psychology and theology.

Dr. King's workshop will be held at Westminster Presbyterian Church from 9:00 a.m. to 4:00 p.m. on October 17, 1992. Registration is \$45 for individuals and \$65 for couples registering together. Mail deadline is October 14. Late or at-door registration will be an additional \$5. Subsidy, based on ability to pay, will be available.

Physician Assistant Cummings Joins Chelsea Internal Medicine Consultants

Karen S. Cummings, PA, has joined the staff of Chelsea Internal Medicine Consultants as a full-time physician assistant.

Ms. Cummings has 10 years of health care experience, most recently as a respiratory therapist at Chelsea Community Hospital.

Ms. Cummings is a member of the national and Michigan chapter of the Academy of Physician Assistants and a member of the Academy of Physician Assistants in Obstetrics/Gynecology.

Ms. Cummings and both physician partners are accepting new patients, and they schedule some evening appointments for the convenience of patients who work during the day.

For appointments and information, call 313/475-8677.

Recreation Task Force

The Manchester Recreation Task Force will hold its monthly meeting Wednesday, October 14 at 7:30 p.m. at the Blacksmith Shop.

October means Halloween party time. Students of Manchester High, we hope to hear from you.

Plans are in order for roller skating and great plans for dances, and some surprises you will love.

Volunteers to help with the programs are always welcome at the meetings. For information, contact the Community Resource Center at 428-7722.

Oh, the comfort, the inexpressible comfort of feeling safe with a person, having neither to weigh thoughts, nor measure words, but pouring them all out, just as they are, chaff and grain together, certain that a faithful hand will take and sift them, keep what is worth keeping, and with a breath of kindness blow the rest away.

Opera Night Begins This Friday! (No Need for Tax or Evening Gown!)

Opera Night here in Manchester is a bit different from opera night at the Met in New York City—

- 1) Dress is informal. It's your presence that's important—not your fashion designer!
2) The "Opera House" is a humble, converted Blacksmith Shop.
3) No need to feel claustrophobic, or even worry about crowds—there's always plenty of room and good seats for all!
4) The productions are Met quality, no doubt about that! In fact some performances are even identical to Met performances.

This Friday night, the new season begins with a presentation of The Barber of Seville, Rossini's delightful comic opera, a favorite for all ages!

This fare is the best of all possibilities: a masterpiece of plain, simple fun with truly magnificent music!

All in the community are invited to come and enjoy this unique Manchester event: "Opera Night in Manchester."

Join the fun and adventure on Friday, October 9th, beginning at 7:30 p.m., at the Blacksmith Shop (324 E. Main), as "Opera Night in Manchester" begins its fourth season.

The tragedy occurred in November of 1990 when Kristine Kurtz was murdered in her own Webster Township home. Bernard Edward Brooks was prosecuted in the murder of Kristine Kurtz. A jury convicted him of First Degree Murder in August 1991 and he was sentenced to life in prison at hard labor. The following words, written by Kristine's surviving brother and sister, were sent to Deputy Chief Prosecutor Noah, who handled the case.

"Rick and I wish you the best on your bid for prosecutor. Washenaw County will be getting a talented, dedicated public servant if they elect you."

### Just a Few Scenic Miles Away — Grass Lake: Neat Shops, Good Things To Eat, Historical Sites To Visit!

East of the city of Jackson and just the other side of the Washtenaw county line, is neighboring Grass Lake, a community a lot like Manchester. It has not sacrificed its independence or individuality to the nearest metropolitan area. It is still a rural village with a rich heritage.

In 1829, David Sterling and his family became Grass Lake's first residents when they built their log cabin. In 1834 new settlers were sending letters back east telling that the land office was closed and there wasn't a single acre of decent land available at a fair price (\$1.75 an acre). By 1835 Grass Lake was a thriving community.

The railroad charted a new era in transportation through Grass Lake in 1842.

7th grade team gets a pep talk. — Photo by Ray Meyer

**The Lady Dutch**

Our Lady Dutch basketball team traveled to Vandercok Lake on Tuesday, September 29 and came away with a victory. At the end of the first quarter we were ahead 17-5. Adrienne Wallace scored eight of her game-high 13 points in the first quarter. Sarah Riske added 11 points and 12 rebounds. Missy Steele also had 12 rebounds. Amber Minor recorded 10 assists. The final score was 47-30.

Thursday, Manchester played host to East Jackson, one of the leaders in our division. Manchester by far had the height advantage, but East Jackson just out ran us. Kerri Keller lead in scoring with 10 points. Sarah Riske added nine points and Adrienne Wallace had seven points.

Our next game will be on Thursday, October 8 at Addison then Tuesday October 13 at Michigan Center.

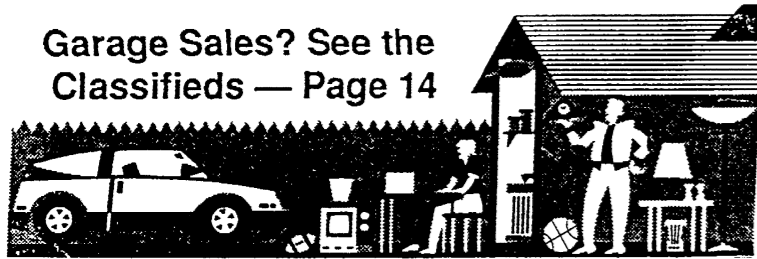

**Middle School Girls Split Two**

The 8th grade girls basketball squad once again tasted the bitter pill of defeat twice in one week of action. Monday, the 28th, we saw our girls come up short at Vandercok Lake. Wednesday, the 30th: different opponent (Napoleon), different gym (ours), same result. Girls, you will break this string, don't lose heart.

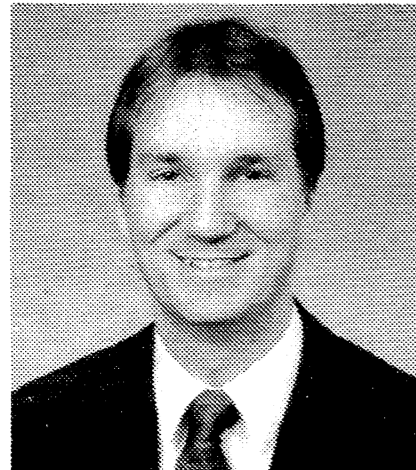

Our 7th graders won in a breeze on the 28th vs. Vandercok Lake. Team play has its advantages. Another nail-biter though, on Wednesday. Our girls came from behind to beat Napoleon in a real see-saw contest. Good going, 7th!

**Middle School Football**

— Kathy and Becky Doyle

Our 7th grade football team lost to Addison last Wednesday. Coach McGuire says that in spite of the loss, our footballers can be proud to have been the first to score on Addison this season. Nick Davis made the touchdown for Manchester in the first quarter, but Addison came back with a vengeance, rolling over the Dutch for a final score of 48-6.

Coach says our defense is beginning to shape up, and he is looking for improvement in the defensive line for this Wednesday's game at Napoleon.

In the 8th grade game that followed the Dutch again lost, but no details of the game were available.

**JV Football**

— Kathy and Becky Doyle

Our JV football team hosted Napoleon Thursday night leading us to a 14-30 loss. Leading rushers were Geoff Brooks with 66 yards and Shane Goodell with 60.

At the end of the first half the score was close, 14-15 Napoleon, but in the last half they made two touchdowns bringing the score to 14-30.

The defensive leaders were Zach Maghes with five tackles, one interception; Bryan Duwall with six tackles, one interception; and Shane Goodell made 11 tackles. The Dutch will host Vandercok Lake this Thursday.

**4th-6th Grade Basketball Program Offered**

Starting this October 10, and running through December 19, there will be a 4th, 5th, and 6th grade basketball program offered for all boys and girls in these grades. Each grade will have two volunteer coaches. The program is cost free and will emphasize the fundamentals of basketball, concentrating on dribbling, shooting and passing. There will be some intersquad games toward the end of the program. The following are the dates and times for the program.

Fourth Grade — Place: Middle School Gym. Time: 9:00-10:30 a.m.

Fifth Grade — Place: High school Gym. Time: 10:00-11:30 a.m.

Sixth Grade — Place: High School Gym. Time: 8:30-10:00 a.m.

Saturdays — October 10, 17, 24. November 7, 14, 21. December 5, 12, 19.

Each child will need a pair of gym shoes, shorts and a tee-shirt. The intentions of this program is to develop a solid basketball program school wide and also have fun playing the game.

**An Evening of Dinner Theatre: The Star-Spangled Girl**

The Saline Area Players will kick-off their new season this fall with the presentation of Neil Simon's comedy, *The Star-Spangled Girl*, to be presented as dinner theatre in conjunction with Leuthheuser's Bavarian Room, 413 East Michigan Avenue, Saline.

This romantic comedy follows the zany antics of Andy Hobart and Norman Cornell, publisher and chief contributing writer of their own controversial underground magazine, *Fallout*, and Sophie Rauschmeyer, the patriotic, all-American, olympic swimmer-in-training, who happens to move into the apartment next door.

This local production, directed by Tim Morley, includes a cast which features: Matt Stempky as Andrew Hobart, Andy Hoag as Norman Cornell, and Kristina Zarembo as Sophie Rauschmeyer.

This evening of food and fun will begin with appetizers and cocktails from the cash bar at 6:00 p.m., continued with a buffet-style dinner served at 7:00 p.m., with curtain for the production going up promptly at 8:30 p.m.

Oh, say can you see, for just a small fee!

**1992 SMRS Fall Color Tour**

The Southern Michigan Railroad Society is once again offering its popular "Fall Color Tours" between Tecumseh and Raisin Center. As you take in the changing of the colors of Southern Michigan, you'll be protected from the elements in a restored 1920's South Shore Car, or enjoy an open-air gondola car ride. Either way, dress appropriately for the weather.

You'll ride along part of the oldest railroad line in Michigan, which was once part of a presidential "whistle stop" prior to the discontinuance of passenger service in 1938. Enjoy a glass of cider and a donut as you stretch your legs before your return trip to Tecumseh.

Trains depart from the south side of Chicago Road (M-50) in Tecumseh every weekend in October, and Sunday, November 1st, with departure times of 11:00 a.m., 1:30 p.m. and 4:00 p.m. Each trip takes approximately two hours. Prices are \$8 for adults, \$5 for children 2 to 12 years old, and \$7 for "youngsters" over 65 years.

Advance reservations are strongly advised. Call the Southern Michigan Railroad Society at 517-423-7230 to hold your seats for you, or for more information.

**Benefit Rodeo: October 17 & 18**

professional bull rider, Brian Sowle will be donating their time as judges.

Rodeo clowns donating their time are Casey Thilo of Clinton, and Jeremy Phillips; the bull-fighting clown will be Ricky Erbes.

The announcer is coming from Nashville, TN, Dale VanOrman.

There will be novelty acts held in between events.

The rodeo is being held in Onsted Park, Onsted, MI and there will be two performances: Saturday, October 17 at 1:00 p.m. and Sunday, October 18 at 2:00 p.m.

In addition, some fun events have been scheduled for Saturday night — an auction, which begins at 6:00 p.m., with items donated by many area businesses, private citizens, organizations and clubs, including football tickets donated by the University of Michigan.

And, following the auction, a country western dance will be held. Both the dance and the auction will be located in the Onsted American Legion next to the rodeo grounds.

So, if you enjoy good old-fashioned family fun, come to the rip-snortin', rootin'-tootin' Benefit Rodeo Saturday and Sunday, October 17 and 18th. And, Saturday, stay for the auction and dance.

(A Ray Ostrander Benefit Fund has been set up at Society Bank in Tecumseh.)

Tickets for the rodeo are available at The Enterprise office.

Village Council Proceedings continued from page 15

Patty Swaney is stepping down as Chairperson but will remain a part of the Commission. Lou Way has accepted the Chair position effective November 1992.

BLACK SHEEP TAVERN UPDATE - Council received a statement from building inspector Jim Roberts on his inspection of the Tavern September 21, 1992. There will be another inspection on October 5th before the next Council meeting.

Gordon asked status of Ann Arbor Hill sewer connections. Wallace informed him that the 180 days are not up until December.

TREE BOARD - Motion by Becktel, support by Cooper to approve appointment of Dave Chartrand and Kathy Daverman to one year terms to the newly formed Tree Board and Karen Hinkley, Tom Kallewaard and Bill Kwolek to two-year terms as allowed under Article 4 of Chapter 41 Streets. Vote: Ayes-all. Council representative will be Cooper.

DOWNSPOUTS - Reinhardt brought up the fact that there are many downspouts in the village that go into the sanitary sewers. This water gets treated and is an unnecessary expense to the village. Gary Wiedmayer to make up a list of residents with downspouts into the sewer system and develop a procedure to correct.

Motion by Becktel, support by Marshall, to go into Closed Session at 8:45 p.m. for the purpose of discussing attorney letter and possible litigation. Vote: Ayes-all.

Motion by Gordon, support by Marshall, to reconvene Council at 9:00 p.m. Vote: Ayes-all.

SPECIAL HAUL ROUTE APPLICATION RESOLUTION - Motion by Becktel, support by Marshall, to adopt the resolution denying the permit application of Manchester Gravel Concrete Products, Inc. for a long-term haul route permit. Vote: Ayes-all. Motion by Becktel, support by Gordon to adjourn at 9:07 p.m. Vote: Ayes-all.

I Remember: 7

Neighborhood farmers were ready, the silo fillers were called. It was Vern List again, the same men who had threshed our grain. After a few days of waiting, Mr. List and his brother came clanging down the road driving his old dark green Rumley tractor pulling the silo filler. He backed it down by the silo and put up the pipes. His brother always crawled up to the top of the silo and let down a rope and the pipes were fastened together and hauled to the top of the silo. It took a long time to get set up.

The next morning all the neighbors came again with their horses and wagon and filled the silo. Of course, the women had to prepare a great feast at noon again. But we didn't mind, that was part of farming then.

Two rows of sorghum were saved to take to the cider mill to be squeezed into sorghum. My mother used this instead of sugar and we ate it on our oatmeal for breakfast.

In the late fall the old vinegar kegs were brought up from the basement and thoroughly cleaned. All the old vinegar was poured out into a pail so the "mother" could be saved. The "mother" was a jelly like mass that was put back into the kegs to make the cider turn to vinegar.

Father hitched up the horses to the wagon and took lots of crates and burlap bags and we all went to

the apple orchard. The good apples were carefully put into the crates to be put in the cellar for eating all winter. The windfalls and apples that didn't look just right were bagged up in the burlap bags and tied. When all the apples were harvested, my father went to Alber's Cider Mill about 10 miles down the road. He took the spigots out of the kegs and bunged the holes and took the kegs along. Also the sorghum was taken along. It took all day and when he came back home we all worked to get the apple cider in the kegs down cellar. What a job that was.

The next day my mother drew out what sweet cider she wanted to can, usually about 60 quarts a year were canned. We all drank fresh apple cider for a few days until it started to "work". The "mother" was then put back into the kegs to make vinegar.

Dutch Win in OT from 1

Napoleon won the toss for the first OT and chose to defend. (A page from Wes Gall's book) The Dutch scored on 2nd and 7 with Sloate's option play. The two point conversion failed and Manchester

fans were quiet. The first two Pirate attempts were stopped by Matt Fielder and Darren Hagen. A 3rd down action pass play scored for the Pirates and the point after kick was no good.

Double overtime, the Dutch chose to defend and the Pirates scored on 2nd down. A fake kick failed and The Dutch took over with a 1st down run up the middle by Lutton. A 2nd down fumble was recovered by QB Fielder. Fielders pas to brother Matt and his shoe-string catch knotted the score.

Wes Gall's smile, with All League kicker Sloate toeing the ball over the uprights gave the excited Dutch the 13 - 12 Win. This victory will be long remembered.

Coach Wes Gall was pleased with the effort and is confident the team will improve each week.

Crossing Guard's from

According to PA 277 of 1978, "school crossing guards shall be the responsibility of the local law enforcement agency having immediate jurisdiction of the crossing". In the past the Manchester School

system provided support to the village.

In 1978 the Manchester Community Schools agreed to contract with the Manchester Village Council and the Manchester Police Department for Police Crossing Guard protection at Main & M-52 in the amount of \$2,000. Time required, before school begins, 8:00-8:30, Lunch hour, After School dismisses, 2:40-3:15.

That Agreement was terminated during the 1980's. The compensation for guards is provided by the Village of Manchester. Guards are paid \$60 per week, for two hours per day, 5 days per week. At the present time DPW workers are manning the M-52 and Main Street crossing. However when a fire, medical emergency or DPW need arises the Village personnel must depart.

Currently Village Clerk Karen Tucker needs one more crossing guard. Karen gave us a copy of the guide booklet covering such topics as Public Image, local traffic regulations, guards to school

safety patrols, traffic regulations.

If you have the time and inclination, call Karen Tucker at the Village Hall. 428-7877 your kids need you.

124th Year - No 52 Manchester, Michigan 35c per copy

Editors note; Saturday, October 17th marks the 125th year of The Manchester Enterprise. The Enterprise and Mat D. Blosser were one and the same from the first edition until his retirement in 1939. In keeping with his legacy the following article was prepared, by;

Marsha Johnson Chartrand

The Manchester Enterprise may not have celebrated its 125th anniversary this month were it not for the vision of Mat D. Blosser, who owned and operated the first 72 years of its existence. This week we pay tribute to Mr. Blosser and his vision, the Enterprise.

A small notebook can be found in the library's Historical Room. On the front of the notebook is a custom printed label bearing the words: "Manchester Enterprise! Printing and Publishing House". Handwritten on the front: "What they Say of the 'Enterprise'." Inside are several dozen clipping saved by Mat Blosser, with dates in the margins and notations from which newspaper the clippings came. The Adrian Times, Tecumseh Herald, Saline Observer, Chelsea Herald, Ann Arbor Courier, Ann Arbor Argus, Ann Arbor Register, Lansing Reporter, Ypsilanti Sentinel, the Washtenaw Post (A German newspaper), Detroit Free Press, Detroit Journal and Chicago Newspaper Union are represented in the notebook. You may note how few of these other newspapers still exist - at least in the same name and form.

Our Enterprise has an enviable record for 125 years continuous publication, and Mr. Blosser's own record - of 72 years in the same publishing business - is not likely to be duplicated.

Mat Blosser must have been an unassuming man; it seems he felt that the Manchester Enterprise was his crowning achievement. Even an article written by his daughter, Margaret, for Jane Palmer's History of Manchester Township which is entitled "Mat D. Blosser and a Story of the Blosser Family" concerns the birth and publication of the Manchester Enterprise much more than it does the personal life of Mr. Blosser. It is in what others have written about him, and in his own writings, that we find the essence of his character. Mat D. Blosser was born in September, 1846, to Peter F. and Sarah Baylis Blosser. Peter Blosser was a partner with his father-in-law, at the Globe Mill in Tecumseh. Peter then came to the Southern Washtenaw Mills in Manchester, although Mat remained with his grandparents in Tecumseh for most of his childhood. In Tecumseh he met George and Charles Spafford who were also interested in the printing business; all three apprenticed at the Tecumseh Herald. Mat went to seek "fame and fortune" in New York at age 17, ultimately returning to Manchester in 1867 in partnership with George and one year later becoming sole proprietor and Editor of the Manchester Enterprise.

In November of 1870 Mat married Mary Etta Harris of Grass Lake. They were married for over 40 years, until Mrs. Blosser's death in 1911. They had three children, Fred H. Blosser, Margaret Blosser

Burtless, and Maree Blosser Lowrey.

Mr. Blosser was one of the early members of the Michigan Press Association, which often

arranged extensive trips for its members. The Blossers enjoyed traveling both east and west. Trips to New England, The Philadelphia World's Fair in 1876, the Grand Canyon and the West Coast were all written up and shared with the Enterprise subscribers.

The Enterprise was a family affair with the Blossers. Mr. Peter Blosser, Mat's father, was affiliated with the job work of the Printing Company, as well as with the binding of books. Daughters Margaret and Maree had their duties; Margaret recalled that from the age of 12 she learned to set type by hand, and assisted until 1900 in the offices as compositor. Fred made editing and publishing his life's work and was employed throughout the country. He returned to the Enterprise in 1917 and continued until his death in 1928. It was unusual for so many members of one family carrying on the various duties in any business, and callers would often joke about Mat's "home-made office force."

It seems that very early on in his career at the Enterprise Mat Blosser had made a name for himself in the publishing world. His notebook begins in Febru-

ary 1884, with a clipping from the Chicago Newspaper Union: "Mat D. Blosser continues the presiding genius of the MANCHESTER ENTER-

PRISE... Mr. Blosser regards his paper with an affection which leadshim to do his "level best" for it on all occasions, and the result is such as he has a right to be proud of."

Brooklyn Exponent, September 1884: "The Manchester Enterprise completed its eighteenth year last week. It is a neat sheet... the news columns of the Enterprise are always filled with well written articles and sparkling locals. Blosser is a vigorous writer, bold and outspoken in his views. May it long continue under his careful and intelligent direction."

Ann Arbor Argus, September 1885: "The Meeting of the Southern Washtenaw Farmer's Club was held at the residence of M.D. Blosser of the

Manchester Enterprise... right royally were they entertained by our genial friend, who knows how to provide for the boys as well as any person in that part of the country. A bountiful repast was served by Mrs. Blosser and daughter after the socially intellectual feast, which was most gratifying to all present."

Detroit Free Press, January 1888: "Mat D. Blosser, of the Manchester Enterprise, has been improving his office, putting in a new steam engine, etc., and is hereby congratulated on his success in managing a live local paper."

Mat's sense of humor is seen in his editorial comments:

"Take a silver dollar, let it drop on the table, and you will notice a ring. Wear the ring yourself or give it to a friend; and the dollar to us and we will apply it on your subscription. Another nice experiment consist [sic] in taking a two dollar bill and folding it several times, then unfold it and you will notice it increases. Use the creases for your Sunday trousers and send us the original bill on subscription account. After you have tried these experiments we will cheerfully put you onto another great scheme."

"It is a notable fact that many good items are lost to the newspapers by the modesty of the people who hesitate to tell the editor the matters concerning
