INCUMBENT REELECTED

MANCHESTER GRAVEL AND CONCRETE PRODUCTS, INC. SUE THE VILLAGE

On October 2nd, 1992 an ORDER TO SHOW CAUSE was filed in the Circuit Court for the County of Washtenaw, Honorable Melinda Morris presiding. The Writ states: "Upon reading Plaintiff's (Manchester Gravel) Verified Complaint and it appearing that Plaintiff will suffer immediate and irreparable injury, loss and/or damage unless this Court grants Plaintiff the relief it seeks:

A. This Court should not issue a Preliminary Injunction against Defendant, Village of Manchester, enjoining Defendant from impairing or impeding the use of Hibbard Road as an access route between Manchester Gravel and Concrete Products, Inc.'s operations and Highway M-52 pending a trial on the merits.

B. This court should not grant relief in the form of compelling the Village to impose reasonable requirements on Plaintiff's Application for Long Term Permit and in so doing allow Plaintiff to comply and upon compliance be granted a permit to conduct its business as it always had, over Hibbard Road to M-52.

C. An immediate trial should not be scheduled."

At issue here is whether Manchester Gravel should be allowed to use Hibbard Street, to haul gravel from their pit on Parr Road, in Manchester Township, through the Village of Manchester to gain access to M-52.

Background: This gravel pit, opened in the early 1980's. Was operated, on the Hansen land, by Alvy (Al) C. and Fred Payne, 13850 Allen Road Bridgewater Township. Hansen's gravel operation prior to Payne's opening the new location was and is near the Transfer site at the corner of Geiske and Parr Road's.

Al and Fred operated a small pit operation and contemplated the opening of a Transit mix operation with one possibly two transit mix trucks. In the biggest year of operation approximately twenty thousand tons of gravel were exported. Most of the

gravel was transported in small trucks or short doubles up to 25 tons. Truck trains carrying 50 or 55 tons now operate from this site. Truck trains could haul in one week what the Payne's hauled in a year.

Access roads are available both to the North and South. The northerly route would be north on Parr Road to Bethel Church Road and then westerly to M-52. For deliveries to the north, northwest and even to I-94 and Ann Arbor this route would save about 2 miles haul distance. Conversely trips South and toward Adrian would have about the same distance added.

Gravel pit operation and materials removal are under jurisdiction of the Township of Manchester. Al Payne operated under a conditional use permit that expired in the fall of 1989. Since that time the new owners have been operating without a permit. Mr. Ronald Mann stated that during his first taking office that the conditional use permit had been overlooked by the Township. Planning Commission chairman Robert Kellum is in the process of issuing a letter to Manchester Gravel Company requesting their compliance with the Conditional Use Permit requirements. Mr. Mann did not know if the letter had been sent as yet.

Road conditions; The northerly route traverses all gravel roadways and is under the jurisdiction of the Washtenaw County Road Commission. The Road Commission generally requires bonds for the use of the roads under their jurisdiction.

See 2nd Front Page

We resume the narrative of John Emory Irwin, written during the Civil War, as furnished by his grandson Donald Irwin. We feel this particular letter is significant as Abraham Lincoln, who was seeking reelection had been accorded virtually no chance of being returned to office. History records the field troops were instrumental in his reelection.

Camp, 20th Mich. Vol. Inf. Near Peebles House, Va., November 10, 1864

Dear Sister -

I haven't written to you for several days, have I? I hope you have enjoyed what Mother used to call a "good lonesome". We haven't any drill this forenoon though, so cabbaging a sheet of Uncle Samuel's foolscap, I sit down to write you a few lines, though I confess to not having half an idea in my head to expand upon unless you'd like to know what I had for breakfast. You know I could always appreciate a good meal but sometimes at home I thought bread and butter and meat and potatoes were rather dry living. But my views have undergone thorough change in many respects since then and when three of us sat down to breakfast with five pounds of nice boiled "murphys" with meat and coffee to match I thought we were indulging in the climax of luxury.

Election passed off very quietly with us here - more so, I've no doubt than it did in Michigan and the 20th Mich., glorious 20th, demonstrated its loyalty by giving Father Abraham a majority of 118 votes out of 188. The figures being Union 153 and Dem. 35. Of course I had the pleasure of casting my vote for Honest Old Abraham. MY vote! Hadn't I suddenly risen to the rank of an American Citizen? I think my step must have been more proud and my look more lofty ever since, for men of every station in the eye of Fame here, are very quickly coming to the same and my vote went just as far towards electing the man of my choice as did Gen. Wilcox! In the evening, however, there must needs be a row of some kind to close a day which of course had not been

Irwin house built in 1854, cost \$800. Charles and Max Irwin; note windmill in background and hitching post.

without excitement and Political enthusiasm. So a crowd of rowdies from all over the brigade "rallied" on the Sutters of the 2nd Michigan and the Col. was promptly on hand with a dozen Provost Guard with loaded pieces; they carried off two or three hundred dollars worth of his goods and chattels. I know it was a piece of wanton disregard of law and order but as far as the Sutter was concerned I didn't care a copper, tempting us with dainties on which they can't be satisfied with anything less than double or triple profit and I've no doubt it was this feeling that saved many of the culprits from deserved punishment.

Geo. Cook got here a few days ago and of course brought in the vest Father sent and also your, or rather my, nightcap.

Please accept my thanks for the same. It's a real nice one. There is precious little danger losing one's self here and so I won't need to be "labeled" but it's pretty nicely put on, though.

If you are a mind to you may tell Mother to send me some more stamps. I'm most out again. I don't see where they all go to. Write often.

The 2nd Michigan and the 17th also went largely Republican and the 8th, too, Col.

Yours Affectionately, E. J. Irwin

COMMUNITY FEATURES

Manchester in Washington

A painting entitled "My Country Road" by Manchester area native, Suzanne Adams-Libby, was chosen for exhibition in the Seventh Annual Northwest Pastel Society's National Juried Fine Art Exhibition. The show was held at the Issaquah Gallery in Seattle, WA. The selection was made by Albert Handell, one of America's foremost artists, respected both for his portraits and landscapes, having received dozens of awards. In 1987 the Pastel Society of America voted him into their Society's Hall of Fame. He is not only internationally known for his work in oils and pastels, but is also a teacher and author.

she lived on from 1989-1991— Sharon Hollow Road in Manchester. Suzanne's relatives on both sides (the Adams-Lincolns in Jackson, and the Alvords on Grossman Road, and what is now the Beagle Hunt Club in Manchester) settled in the area during the 1800's. Her father worked at the Chelsea Proving Grounds (the 19th hired employee) until transferring with Chrysler to Detroit when she was four years old. Later, after marrying, she and her husband chose a home on Sharon Hollow Road, not knowing her parents' background. Her Uncle Jack Alvord later told her.

The painting chosen by Mr. Handell is the very country road her forefathers walked down and

The "Country Road" by Suzanne Adams-Libby is Sharon Hollow Road, Manchester.

"Caught On Guard" by Suzanne Adams-Libby, from collection of Darlene and Dave Scovell, Manchester. Exhibited in an International Fine Art Show, New York State Council of the Arts-Juror 1992

shortened, placing the viewer directly in the center of the road, looking straight ahead. An old mailbox is left open to signify the relaxed country atmosphere.

Another painting entitled "Caught On Guard" was recently selected by the New York State Council of the Arts for the International Fine Art Exhibition sponsored by the Oil Pastel Association/United Pastelists of America held in April, 1992 in Watchung, New Jersey. Only 75 paintings were accepted. It was also chosen for the cover of the hard-bound limited edition book entitled, "The Great Pyrenees Annual" published by Hoflin Publishing, Wheat Ridge, Colorado when it was first painted in 1991.

"Caught On Guard" depicts a Great Pyrenees sheep dog guarding sheep on a farm in Manchester (Dave and Darlene Scovell's on English Road). They purchased the original painting after the April Exhibition. It is now available as a limited edition print.

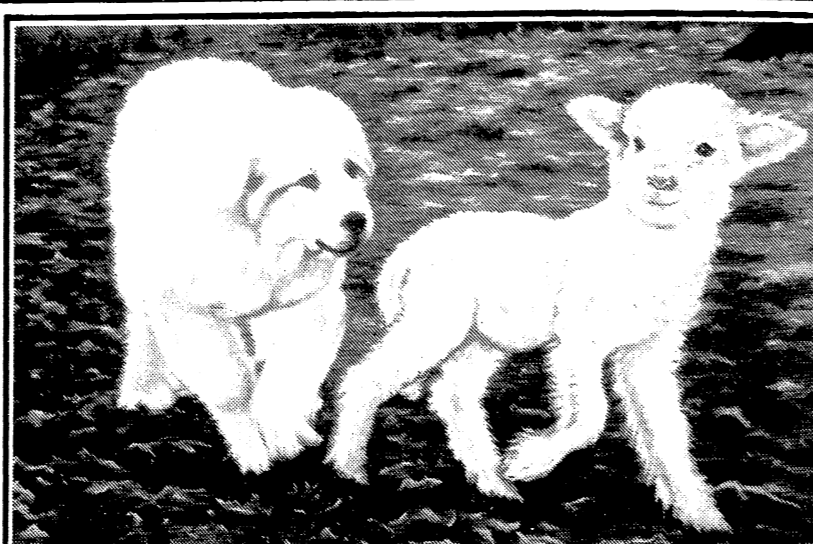

A new painting, "Dog & Butterfly" will be entered this year in the Art Show at the Dog Show, the largest Canine Art Show of its kind. The painting was inspired by the photos Suzanne took of her own dog (German Shepherd) in her four acre frontyard clover, alfalfa, wildflower field on Sharon Hollow Road.

A photo taken in 1990 was chosen for the 1990 Canine Art Show. She now hopes the large pastel painting will be accepted for next year's show. First place award is \$1,000 for the purchase of the painting that will hang in the Dog Museum in Wichita, KS.

She will also enter "Playmates" a pastel painting of the same dog in "Caught On Guard" but as a puppy. He is shown playing with a lamb in a barnyard scene (socialization process necessary for sheep protection training).

Suzanne believes people everywhere appreciate and admire the Manchester way of life and beautiful countryside. Though she has had to recently move from Manchester (her husband is a critical care pediatrician), she and her family miss the area and visit relatives and friends when possible.

Another painting of Manchester (meadow scene) is planned.

MANCHESTER ENTERPRISE The Second Front Page: Village Sued by Gravel Co.

Continued from pg 1

Payne stated that the Road commission had requested a bond of \$325,000 to use the northerly route. "At one time I tried to get a route directly west from the pit to M-52. Hansen had a quarter of a mile of the land and one other owner had the rest. The State Highway Department wanted acceleration and deceleration lanes on 52 and for the size of our operations it just wasn't worth the cost. We got permission from Bill Zsenyuk, Village Manager to use Hibbard Street for 2 concrete trucks. We only asked for one but they gave us two."

Payne further stated, "I sold the pit to Manchester Gravel in 1989."

Problems with using Hibbard Street have compounded since the construction of Manchester Manor, Mobile Home Park. The owners of the park have placed water and sewer lines down Hibbard and have reconstructed the road base and bituminous surface for automobile traffic. The re-paved portion of the roadway has six inches of gravel and three and one-half inches of bituminous with gravel shoulders. That portion of Hibbard north to Geiske traverses an old swampy area. When the sewer line was installed silt, muck, and soft clay was encountered. The old roadway was constantly

breaking up in the spring and winter frost heave caused a very rough surface to travel.

Heavy truck traffic would quickly turn this type road and new construction into a quagmire.

With the new Mobile Home Park auto traffic and children walking to and from school could rapidly become a problem if exposed to heavy truck traffic. Additionally there are apartments and single family residences along Hibbard.

The bone of contention and position of Manchester Gravel Company seems to be: They should be allowed to come and go as they please, public and traffic be damned. It does not appear that Manchester Gravel Company did their homework before purchasing the pit. They have not applied for a conditional use permit from the Township. They did not research the possibility that the Mobile Home Park could or would be built. They apparently did not consider the poor condition of the roads to and from the Pit.

On the night this writer attended a Village Council meeting it appeared the owners had little fore knowledge of what problems might arise. Now Manchester Gravel Company is appealing to the Circuit Court and Judge Melinda Morris to grant them injunctive relief to do as they so desire. Let us hope that Judge Morris can see that Manchester Gravel Company is still operating by using the northerly route.

One user of materials said to this writer, "It takes more time and cost's more money to haul the material when I am going west out of town." I asked how much more time? "About five more minutes", was the response.

Is a child's life worth five minutes? Is the reconstruction of Hibbard worth five minutes when going west? I think it is and I am building a new house and am paying for the extra five minutes. I know that I do not want a child to suffer, nor do I want the Village streets to be destroyed.

# Editorial / Opinion

## To The Editor

This letter is to the heartless trespassers who came on our property on Sunday, October 18 and shot our pet lamb. I really don't understand how people have come to be so totally without conscience that they could do something like this to an innocent creature. Our lamb was shot on our property where it was with our two horses.

This was no freak hunting accident as she was shot at close range in our open pasture behind our house, in the middle of the afternoon. It's not like she was in the woods or even with a bunch of other sheep.

We bought her as a pet last spring and the kids bottle fed her, she played with all of them but was closest to our 3 year old who would go out and play tag with her for hours at a time. What makes me the angriest is that all four of my older children including the 3 year old found her while going for a walk in the pasture. Needless to say it was a traumatic experience and one that has left a very graphic picture in all of their minds. Especially the 3 year old.

So to whoever did this I hope you are very proud of yourselves and I want to know that you have given my children an education about the cold violent brutality some ignorant people force upon others.

We have always lived with many pets and our children are not strangers to the reality of death that can come with owning

them. This, however, is a reality that they did not need to be exposed to and should not have had to witness. It is one that we certainly can't explain to them or simply answer their innocent questions.

Maybe you who did this would like to look into the teary face of my 3 year old and explain to him WHY?

Angela K. Catalano.

### Dear Angela and 3 year old.

*We received Angela's letter a couple of weeks ago and spoke to her about the wanton slaughter of their pet. I cannot understand how any person or persons could perpetrate such an act. The destruction of life at close range, with a gun, can only be reviewed as premeditated or unconscionable. Our society today, not unlike that of our cave-man past or vigilante justice mentality, has not progressed beyond using a gun.*

*There are in our midst many caring sportsmen and sports-women that view hunting with respect and dignity. However I am wary to think that a segment of our society is unable to view life, any life, human or animal, with the respect that we as humans should accord God's creation.*

*To those perpetrators of wanton destruction of life, your actions have a grave, profound and long lasting impact on many innocent lives. I, not unlike that of the three year old, cannot understand, nor condone your depravity.*

The Editor.

## EDITOR

The other evening, as my daughter was driving home from Manchester, we were blessed with another stone in the windshield. This makes the fourth time in two years that we have had to put a new windshield in our vehicles, and every time it was a passing gravel train. I'm happy that we have a Tarp Law in Michigan, but it doesn't seem to be working. The whole idea behind this law was to keep the load on the truck and allow our insurance costs to lower. This doesn't seem to be working either.

Prior to this, I drove Austin and Pleasant Lake Roads for 20 years without a mishap. Is this just bad luck or are there other cases that I don't know about?

In a recent article in the Ann Arbor News, dated October 25, 1992, the header read, "Between a Rock & a Hard Place." The article dealt with another gravel company trying to set up business in the Pleasant Lake area, and the plight of the residents in the area. One resident stated that 250 gravel trains passed his home in a single day, while another said: "Some of those cowboys don't care how they drive".

Well let me tell you, neighbor, it's just as bad on the west side of Pleasant Lake. Here are some things that I now do. When following a gravel train, and the rear trailer is swerving from side to side, don't try to pass, you're already doing over 55 miles per hour. When meeting a gravel train and he is over the center line,

head for the ditch. When meeting a gravel train, grit your teeth and make sure you have safety glasses on because there may be a stone heading for your windshield.

I don't believe that we have \$347,000 to fight these companies as the people in Monroe county did, and lost, but I do believe that the highways that we drive on are for public use, we shouldn't have to head for the ditch every time we see a gravel train approaching.

To put this in perspective, the average car weighs 1 and 1/2 tons or less. The average gravel train loaded, weighs about 94 tons. That is 50 cu. yards of gravel, at 138,000 pounds and 50,000 pounds for the tractor and trailers.

Who do we go to for help? First we can work with our township people or village people, next the Washtenaw County Road Commission and the Washtenaw County Sheriff's Department.

The State of Michigan has had laws on the books for years to govern the use of public highways, why can't we sue them? The gravel pit owners have stated that "We can't have a multi-million dollar operation if we don't have a 20- to 30-year supply of stone". One suggestion that has never been brought up: we had in

this area a railroad running from Manchester, east to Saline, and then eastward towards Detroit. If these people are going to be here for the next 30 years or so, why not a railroad to transport the gravel out, the roadbed is still there?

I know the answer already—the cost. My reply, in my case alone, would be: two windshields per year times thirty years equals one top notch railroad.

Freedom Township Resident, Dave Minick

Note: How many other people have lost windshields, bug deflectors, have had dents?—send your letters to the editor.

Does anyone have information about Thornton Niven Stringham who came to Manchester in 1836 from New York State, or of his wife, Ruth Arnold? He went to Eaton Rapids, then Onandaga and Tompkins Center. He was postmaster at the last two and supervisor at Tompkins.

We know nothing about Ruth or her parents but family skuttlebutt is that she came from the Benedict Arnold family.

Please write to me at 7843 Lansing Ave., Jackson, MI 49201. The Stringham family reunion is held at our farm. Next year will be the 103rd. Evelyn Stringham

## Optimist Club hears Women's Gymnastics Coach and from the Fire Department

—Jim Achtenberg

The Manchester Optimist Club heard from the University of Michigan Women's Gymnastics coach, Bev Plocki, on October 12. Bev came to Michigan in 1988, with the gymnastics program in last place in the Big Ten conference (7th place - 3 schools do not support Women's Gymnastics).

Over the past three years, the program has steadily improved to the point of winning the Big Ten Championship last year. Some individual gymnasts qualified for the NCAA championships, with a goal this year to qualify as a team.

Bev spoke some on the media coverage of the Olympic gymnastics competition, expressing her feelings that the media puts excessive pressure on competitors. An example was that of the highly-rated Kim Zmeski. She did not perform at the level expected by the media, and therefore was labeled as a very disappointed gymnast. This was not the case, since Kim feels very good about her year, and has had many opportunities and experiences not available to most 15-year-olds.

The Michigan gymnastics program has progressed under Bev Plocki due to the efforts and commitments from the coaches, the University, and the athletes. Bev has over seen and participated in the renovation of the practice facility. Gymnasts at Michigan practice year-round. The practices are open to the public and take place Monday to Friday from 2:30 to 6:00 PM at the Michigan Sports Coliseum on Hill at Fifth Ave in Ann Arbor. The competition starts on January 15, 1993 and continues through the Winter academic term, ending with the Nationals on April 15-17 in Corvallis, Oregon. Michigan home gymnastics meets take place in Keen Arena at the corner of State and Hoover in Ann Arbor.

The practice and competition schedule, along with the coaching policies, enables the gymnasts to be outstanding competitors in academics as well as athletics. Bev believes in the recent NCAA rule restricting team activities to 20 hours per week. Often, during road trips, the academics occupies a very significant portion of the time.

The second meeting of October, held on the 26th, featured a report from the Manchester Township Fire Department. The club always looks forward to this annual report from Chief Johnson and his crew.

The fire department recently received a 1954 military jeep from the DNR for grass fires, replacing a 1950 model. There are significant differences between 1950 and 1954, making this a very worthwhile piece of equipment (They hope to really modernize and get a 1978 model soon!)

Chief Johnson reviewed the level and types of activity this past year, noting a slight decrease in runs. Training by all department members is up. Several firefighters have obtained

Emergency Medical Technician or First Responder first aid training, with one member having Advanced EMT training. Most department members are fully trained on the new life-saving defibrillator. The firefighters fund receives money from each medical run (in lieu of payments to the individual firefighters), which is used to buy equipment and supplies which the Township cannot afford.

The fire department has a 26 page manual, as mandated by the State, on controlling infectious diseases. Hands must be properly washed and clothing properly laundered when exposed to any potentially infectious situation. Each fire fighter involved in medical runs has received a series of vaccinations for communicable diseases costing the Township \$100 each. A local doctor has donated the service of administering the vaccines.

Both of the above programs were very informative to the members of the Optimist Club. Both speakers allowed plenty of time for questions and responded with informative answers.

## Manchester Recreation Task Force

—M. Gillow

The Manchester Recreation Task Force will hold its monthly meeting November 11 at 7:30 p.m. at the Blacksmith Shop.

The MRTF meeting agenda will include information of the holiday recreations.

Manchester High School seniors, we need your help and ideas for dances, rollerskating, etc.

Volunteers to help with the programs are always welcome at the meetings.

## Manchester Township Library

"Michigan's Oldest Township Library" Established 1838

### Ten Commandments For Borrowers of Books

1. Thou shalt not buy what thou canst borrow.
2. Thou shalt take care of thine own books, for thy babies and thy puppies will find as much delight in borrowed books as playthings.
3. Thou shalt not cut the leaves of a book with a butterknife, nor decorate the margins with jam in imitation of the old illuminated manuscripts.
4. Remember that the most artistic form of appreciation is to repair the torn leaves on a book with postage stamp edging.
5. Honor the opinions of an author as expressed in his book but shouldst thou disagree with his views, pencil thine own notes in the margins. By so doing, thou wilt not only give evidence of thy vast learning, but will irritate subsequent readers who will unmindful of thy superior knowledge, regard thee as a conceited ass.
6. Thou shalt choose thy books from amongst those most worn. Shouldst thou be dissatisfied with their contents thou wilt have the pleasure of knowing that many of thy neighbors have been "had" likewise.
7. Thou shalt consult the librarian when thou knowest not what thou requirest.
8. Thou shalt not allow fines to accumulate. Current cash is much to be preferred.
9. Thou shalt not bear false witness against the librarian saying: "She taketh the best books and reserveth them for her friends."
10. Thou shalt not covet the books that thy neighbor hath appropriated.

From "Library Jokes and Jottings", by Henry T. Coutts, 1914.

**Golden Wedding Anniversary Celebrated**

John and Margaret Culp of Marion, MI, formerly of Manchester, celebrated their Golden Wedding Anniversary at the VFW Hall in Marion with an open house on Sunday, October 11, 1992.

They were united in marriage on Saturday, October 10, 1942 in Blanchard, MI.

Honoring the couple for their 50 years together were their children: Charlene and Gordon McNutt of Dexter, Alice and Louis Hachey of Manchester, Linda and R. Eugene Durham of Clinton, Diana and James Sloat of Manchester, John and Nancy Culp of Cadillac, and Sherrin and Tim Kester of Marion; along with their grandchildren and great-grandchildren.

A light luncheon was served for over 125 guests. Those attending came from all across Michigan including: Ann Arbor, Alma, Blanchard, Brooklyn, Cadillac, Clinton, Dexter, Admore, Falmouth, Fremont, Hesperia, Lakeville, Manchester, Marion, Mecosta, Midland, Morris, Mt. Pleasant, Perry, Pinckney, Remus, Six Lakes, St. Clair, Tecumseh and Temple.

### Senior Citizens News

— T. V. Ludwick

The many "tricks or treats" resounded from our small fry and it reminded me that we just tricked in the olden days. Small, harmless ones were our fun on Halloween, but there were many stories about wagons placed on top of buildings and outhouses overturned (sometimes with unsuspecting folk inside). Hubby tells the story of kids pushing a wagon into town, only to push it back home when the owner rose from under covering with a shotgun. "OK, take me back home now", and his wish was their command.

Thursday, November 5: 9:30 a.m. craft class; 12 noon birthday dinner of old fashioned chuck roast and bingo. Today from 9-11 a.m., it is time to get your flu shot in Emanuel's dining room. Cost is \$6.

Saturday, November 7: Join the seniors on a bus trip to Grass Lake for a tour of their historical spots. You may call Erma Alber to go along at 428-8707. We have finally ridden on our new bus, what a delight (even seat belts).

Tuesday, November 10: Come join seniors at council meeting at 9:30. Baked fish is

on the noon lunch menu and it's a treat. Center activities follow, come join in to help with current plans. At 5:30, bus pickup begins to attend the travelogue in Tecumseh.

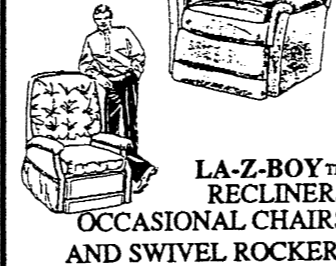

Wednesday, November 11: The trip to Lansing scheduled has been cancelled. Instead, get your flag out to fly on Veteran's Day to remember our fallen heroes. Remember when it was called Armistice Day? That might date you, but I remember it as a most special family day. We went to the Legion Hall in Ohio to enjoy an oyster stew dinner each year. The singing began: "It's a Long Way to Tipperary", "Over There" and "Til We Meet Again", to name a few. Am sure you could recall many more.

Thursday, November 12: Craft class begins at 9:30. Our famous cooks will prepare Chinese food and that always brings 'em in -- all of us. Join us at Emanuel's dining room at noon on each Tuesday and Thursday to sample the delights. First call either Linda 428-8359 ahead or Jan 428-7630 before 10:30 on meal days to reserve your meal. See you!

An election of officers was held for, Manchester Enterprise Inc., on November 1, 1992. President Kathy Kueffner, Vice-President Teresa Benedict, Secretary Emory Garlick, Treasurer Lanettia Aldrich. Resident Agent, Emory Garlick. Emory Garlick, Sec.

LOCAL GOVERNMENT

Approved Proceedings Special Meeting Manchester Village Council

October 26, 1992 The special meeting of the Village Council was called to order by President Becktel at 8:05 p.m. Council members present: Becktel, Brooks, Cooper, Gordon, Marshall and Reinhart, Manager Wallace and Clerk Tucker. Also present: David Hubbard, William Callaway, Vicki Neff and Ron Mowers of Pilot Industries.

President Becktel opened the Public Hearing on the request from Pilot Industries to dissolve the Rehabilitation District and establish an Industrial Development District. The Public Hearing was closed at 8:07 p.m. and Council went back into session. Motion by Marshall, support by Reinhart to adopt the resolution as presented dissolving the Rehabilitation District and establishing an Industrial Development District in its place for Pilot Industries, Inc. Vote: Ayes-all. Absent: Gordon and Taepke.

The Public Hearing was opened at 8:08 p.m. to hear comments on the request to Amend the Industrial Facilities Exemption Certificate of Pilot Industries, Inc. The Public Hearing was closed at 8:09 p.m. and Council went back into session. Motion by Reinhart, support by Brooks to adopt the resolution as presented to amend the industrial facilities exemption certificate of Pilot Industries and extend the completion date to include December 31, 1991 and include additional equipment purchased in the amount of \$577,402. Vote: Ayes-all. Absent: Gordon and Taepke.

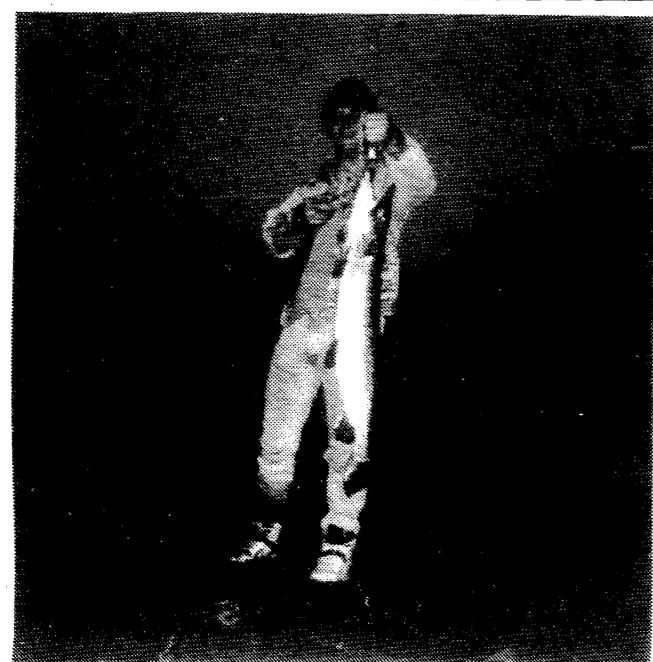

The Public Hearing was opened at 8:10 p.m. to hear comments on the request of Pilot Industries for a new Industrial Facilities Tax Exemption Certificate. The Public Hearing was closed at 8:12 p.m. and Council went back into session. Enter Gordon at 8:20 p.m.

Motion by Brooks, support by Reinhart, to adopt the resolution approving the application of Pilot Industries for Industrial Facilities Exemption Certificate for a New Facility for the period of 12 years. Roll Call Vote: Ayes-all. The motion was based on a total of 426 points on the evaluation form and an estimated total of \$4,021,798 SEV. Motion by Marshall, support by Gordon, to adopt the resolution as presented approving the closing of M-52 for Veteran's Day Parade on November 8th from the hours of 2:00 p.m. to 3:00 p.m. Vote: Ayes-all. Motion by Becktel, support by Cooper, to approve the request of the CRC to close Main Street between Washington and Macomb Street between the hours of 7 p.m. and 8 p.m. on Halloween, Saturday, October 31, 1992 for the pumpkin carving contest and costume judging. Vote: Ayes-all. Motion by Becktel, support by Gordon to adjourn at 9:05 p.m. Vote: Ayes-all.

Bridgewater Township Planning Commission Proposed Summary Special Meeting and Public Hearing October 28, 1992

Chairman Fish called the special meeting to order at 7:30p.m. Present: Iwanicki, Cobb, Fish, Dull, Peacock, Marion. Absent: Wahl

Chairman Fish reviewed the application of Dianna Tindall and reviewed the procedure. Three errors in the application were noted and confirmed by documentation supplied by the secretary. Chairman Fish read into the record a letter from the applicants representative requesting that the public hearing be adjourned to a future date when an application which meets township requirements can be submitted. Motion by Cobb, support by Dull, to extend the public hearing to a date to be determined by the applicant and Planning Commission. Passed without objection.

Chairman Fish called the public hearing to order at 7:55 p.m. Chairman Fish reviewed the public and adjacent property owner notifications which were made for this application. Several residents requested more information regarding this application. Several residents spoke in opposition to this application. Current ordinances and their implications on this property were discussed in reference to this application. As stated by the applicants representative establishing a private road is the main purpose of this request and several alternative possible methods of achieving this were also discussed. Following discussion, and hearing no objections, the public hearing was recessed to a date to be determined by the applicant and Planning Commission when and if the application can be amended to meet the requirements of the township ordinance.

Chairman Fish reopened the special meeting of Planning Commission. Hearing no further business to be considered, motion by Dull, support by Iwanicki, to adjourn. Passed without objection at 9:35 p.m. H. Cobb, secretary

A preliminary list for the Ameritech land screening reimbursement was presented by Dull, the procedure to follow will include a field check of the list prior to final verification. Cobb and Wahl will assist with this if necessary. Preliminary discussion of the Blaisdell application for rezoning covered the implications of this rezoning, and the procedure to be followed. Motion by Wahl, support by Marion to set a special meeting for October 28, 1992. Passed without objection. This special meeting will include a public hearing on the Blaisdell application. The Zoning Administrator gave a report of correspondence sent regarding several possible ordinance violations in the Township, as well as new permits issued by her office. Preliminary discussion of a private road ordinance was requested to be placed on the agenda by Cobb. Motion by Marion, support by Iwanicki, to adjourn. Passed without objection at 9:26 p.m. H. Cobb secretary

Chairman Fish called the public hearing to order at 7:55 p.m. Chairman Fish reviewed the public and adjacent property owner notifications which were made for this application. Several residents requested more information regarding this application. Several residents spoke in opposition to this application. Current ordinances and their implications on this property were discussed in reference to this application. As stated by the applicants representative establishing a private road is the main purpose of this request and several alternative possible methods of achieving this were also discussed. Following discussion, and hearing no objections, the public hearing was recessed to a date to be determined by the applicant and Planning Commission when and if the application can be amended to meet the requirements of the township ordinance.

Principal Henry Receives Award

The Michigan Elementary and Middle School Principals Association (MEMSPA) is proud to announce that Yvonne Henry, Principal of Klager Elementary in Manchester, was selected to receive the Regional Honors Award at the MEMSPA 67th Annual State Conference held October 21-23, 1992 at the Grand Traverse Resort in Traverse City.

Henry's contributions as principal have been many. She is an active leader in school improvement, curriculum and professional development. She makes Klager Elementary an especially warm, comfortable place to be — a place where there is a lot of love and a lot of learning going on!

Henry was presented with a plaque which described this honor by Hinde Socol Principal of Eyer Elementary in Carleton, MI and President of Region II of MEMSPA. Region II includes Livingston, Washtenaw and Monroe Counties. This award is presented to one principal in each of fourteen regions in Michigan who has merited such recognition by his or her peers and is approved by that region's Executive Board.

All who know Yvonne Henry will agree that this award is most fitting as she is truly a dedicated educator in all aspects.

School Closing Due To Severe Weather

In the event that severe weather and/or road conditions exist, the Manchester Community Schools will implement procedures to respond to the conditions. Road conditions at selected areas throughout the district will be checked. The Superintendent and the Transportation Supervisor will be in communication with the county road commission, national weather service, police department and local school districts in an effort to gather accurate information.

If it is determined that road and/or weather conditions will affect bus travel, a decision regarding the closing of school or delay of school will be made by 6:30 A.M. and announced on radio.

If school is closed for Manchester students, all programs and activities are cancelled. Special education, vocational education, adult and community enrichment programs will be cancelled. If conditions are improving, high school athletic events and practice sessions may possibly continue. A decision will be made by 1:00 P.M.

The Pleasant Lake Technical Educational Center will close if any two of the three schools sending the most students (Manchester, Saline and Chelsea) plus one of the other two schools (Milan and Dexter) are closed.

In the event weather conditions are changing rapidly during a school day, and it is decided to dismiss students early, notification will be broadcasted on the radio stations. All programs and activities including high school activities will be cancelled when school is dismissed early.

The following radio and television stations will be broadcasting "school closing" information:

The Charles Reinhart Co. Realtors 2452 East Stadium Blvd. Ann Arbor Off: 971-6070 Res: 475-8303

Thinking About Thinking

Are you a parent, grandparent, aunt, uncle, cousin or friend of a young person who is currently in school or will be entering school during the next few years?

Would you like to help your child learn more and become better prepared for success in the world of tomorrow?

If so, join NondusBuss and the rest of the Chapter 1 staff at 7:00 p.m. on Wednesday, November 11 at Klager Elementary School for a workshop on higher order thinking skills.

Much concern exists about the quality of education in the United States. Some see going "back to the basics" as the answer to the problem. Let's take a look at going forward to the basics, the basics of tomorrow.

Basics for tomorrow include not only reading, writing and arithmetic but also communication, higher order thinking and problem solving skills as well as scientific and technological literacy. These are necessities for growth and survival in our ever-changing world.

During this 7-8:30 p.m. awareness session, we will take a look at higher order thinking skills, the role they play in education for the future and how each of us can contribute to their development in our young people.

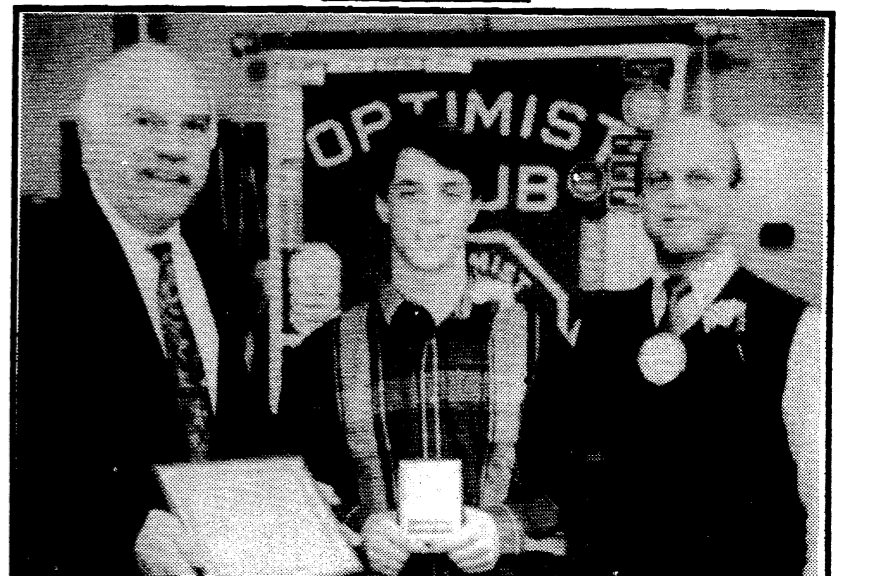

In order to have an idea how many materials to prepare, we would appreciate it if you would call Klager Elementary School, 428-8321, by November 10 and let us know you're coming. However, if you find you can come and haven't registered please come anyway.

School Lunch Menu

- Monday, November 9: Chicken Patty on Bun, French Fries, Dill Pickles, Pear Half, Milk
Tuesday, November 10: Boneless Rib-B-Q, Bagellette & Butter, Scalloped Potatoes, Sliced Carrots, Fruit Cocktail, Milk
Wednesday, November 11: Tomato Soup/Crackers, Folded Grilled Cheese, Carrot Sticks, Dessert, Milk
Thursday, November 12: Orange Juice, Sausage/Egg/Cheese/Muffin, Tater Tots, Peach Half, Milk
Friday, November 13: Cottage Inn Pizza, Tossed Salad/Dressing, Fruit, Milk

Optimists' Student of the Month

Zac Gordon

The Manchester Optimist Club is proud to announce the October Outstanding Citizen of the Month. Zac Gordon, son of Mike and Ann Marie Gordon of Manchester, is an 11th grader at MHS.

Zac has been very active in school and community organizations since the 9th grade. His peers have elected him their class president for the past three years. He is an active member of the Spanish Club, the National Honor Society and the St. Mary's Youth Group. In recognition of his leadership abilities, he attended the Diocesan Youth Leadership Camp during the summer of 1992.

Zac's accomplishments in the classroom have earned him honor roll recognition and annual A/B academic awards. He is also a member of the Manchester High School Cascades Conference Social Studies academic games team. Zac was also a member of the school's golf team and the Junior Varsity basketball team.

Zac plans to attend college and major in Business Management.

SPORTS

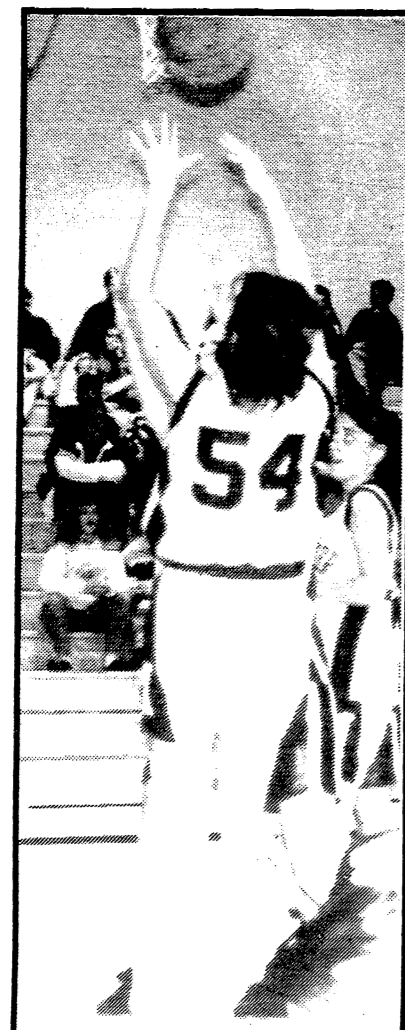

High School Girls' Basketball Happenings

— by Jon

Our varsity and JV ladies had two opponents last week, Vandercook Lake and East Jackson. The Vandy games ended with Jayhawk disappointment as our JV's won 35-33, while our varsity left victorious 39-27. Thursday's contest in East Jackson was an about face as we dropped both games: JV's 19-40 and varsity 39-58.

On Tuesday we hosted Vandercook and our varsity started out somewhat sluggishly and trailed 14-15 at halftime. Our girls entered the third period much more aggressively, both offensively and defensively to outscore the Jayhawks 18-2. Sarah Riske led all scorers with 15, while Kerri Keller canned for nine. Four girls contributed rebounds with eight each: Amber Minor, Adrienne Wallace, Missy Steele and Sarah Riske. Missy also had three assists.

We traveled to East Jackson on Thursday night to meet the 10-1 Trojans. They simply overpowered us for the first three quarters and in spite of our 17-8 point push in the fourth, they had built an uncatchable lead to win. Sarah again led all scorers with 20, while grabbing 14 glassers. Adrienne Wallace and Kerri Keller contributed seven and six points respectively. Adrienne led our squad with five assists.

Varsity girls' basketball Kerri Keller — photo by Jon

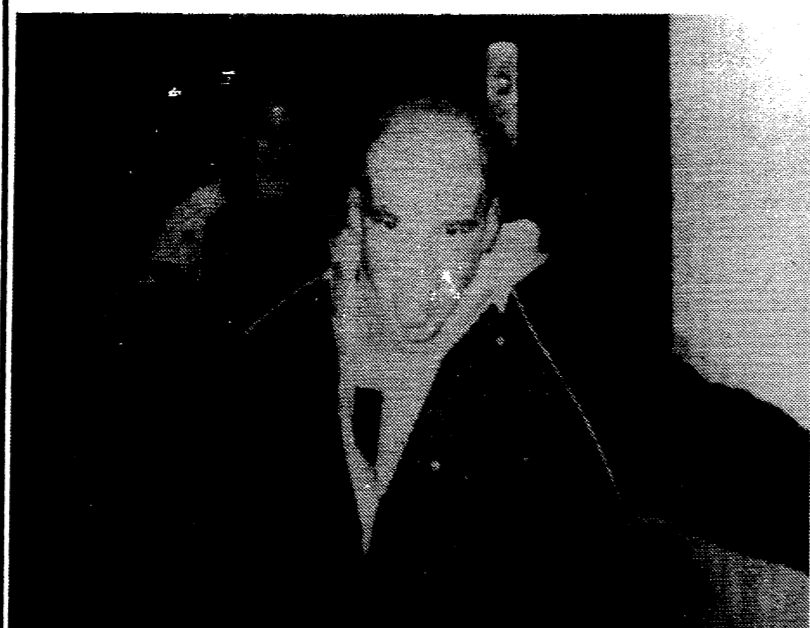

Our last three games of this regular season are on our home court, November 3-Addison, November 6-Michigan Center, November 10-Hanover Horton.

Manchester Enterprise sports editor, Jon Hardenbergh, congratulates coach Wes Gall.

Team Manager Shulte Gets The Spirit

— by Heather DuRussel, Nellie Ackerson Middle School Student

On October 28, 1992, Manchester seventh and eighth grade football teams had a home game against Erie-Mason. It was the last game and football was in the air.

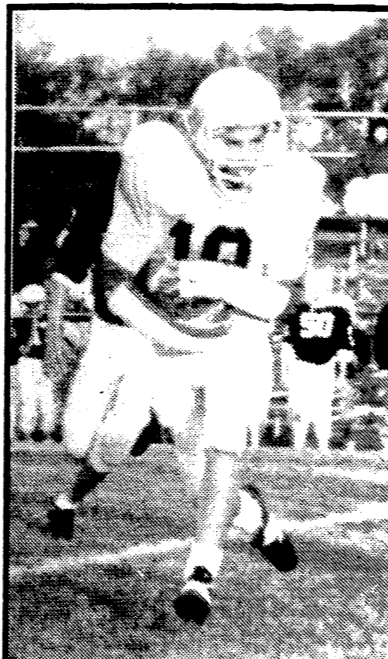

Even Paul Shulte, the manager of the eighth grade football team, had the spirit. He made a bet with the eighth grade football team that if they won, they could shave his head!

The final score was 30-6 in Manchester's favor. So now when you see Paul on the sidewalk or just hanging around, you know that it's not just a new hairstyle.

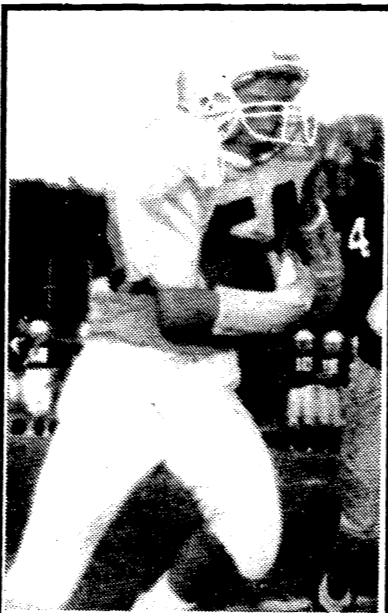

Coach Denny Steele congratulates team after win. Note new backboard. — Photo by Jon

We now have our mail slot installed in the front door of The Enterprise. If you use the mail slot to submit articles or ads, please remember to include your name and phone number in case we have to contact you. Thank you.

Eighth grade football: Stephen Riske

Seventh grade football: Michael Meranuck

VICTORY AT WITHINGTON STADIUM

The Dutchmen met the Jonesville Comets in Jackson for the Big 8/ Cascades Conference Crossover Championship game last Friday. With the final score of 40-0 the players and coaches accepted the trophy with the cheerleaders and fans standing by with cameras and VCR's in hand.

The Comets came into the game as Big 8 Champs but never let the Dutchmen see the kind of play that brought them to Jackson. Every advance was answered by hard hitting from a very tough Dutch defense. It's often said a good defense will get the offense going. Dutch fans have been witness to that all year and this week was no exception. J. D. Gould was right where he should have been to block a Comet punt and set up the first touchdown of the night. Manchester recovered the ball on the two yard line and Sloat was there to run the ball in. A Fielder to Fielder pass for the two point conversion put the score at 8-0 with 1:18 left in the quarter.

The defense was quick to set the next scoring drive with Rich Lutton forcing a Comet fumble on the 12 yard line. Tom Fieldertook advantage of the gift his defensive team-

mates gave him with a TD pass to running back Jamie Sloat. Sloat then booted in the p.a.t. making it 15-0. The Comets failed to achieve a sustained drive in the second quarter mainly through the efforts of Gould, Puscas, Lutton and Rentfro. The Wood's tagged teamed the Comet QB on a running play which must have made him a little nervous as the Comets were off sides on the next play.

The Comets failed to take advantage of the only pass interception they were to get all night. The defense shut them down with no first down gained. From the Dutch 34 Jeremy Davis started things moving. He ran for a first down which put the ball on the 49. On 2'nd and 8 Burkhardt and Brandon Woods removed the last Comet man who had a chance of stopping Davis and he was on his way. The 41 yard TD run and the two point conversion pass to Puscas gave the Dutch a 23 - 0 lead.

Three plays later Brent Woods had an interception and offense was back on the field. A first down pass, followed up by a TD pass to Weithoff put the Comets in serious trouble. Sloat kicked in the p.a.t. and the half-time score board read 30 - 0.

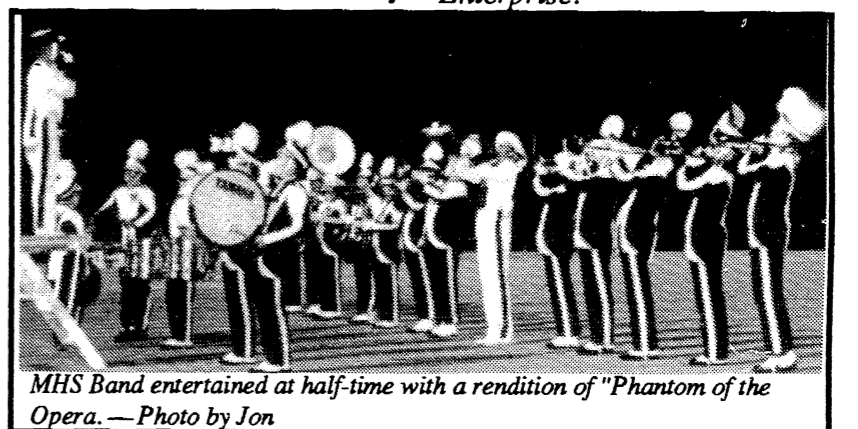

It would be difficult for any team to come back from a 30 point deficit but I'm sure the Comets weren't thinking shut out. Hagen was all over the Comet offense on their first possession in the third quarter with Sloat making the tackle on the punt fake. The team from Jonesville failed to earn a first down in the third quarter.

The depth of this Dutchmen team proved itself again as the back-up team did a job on the Big 8 Conference Champs. Mike Barnard shot a long pass to Shane Ahrens for another touchdown. Sloat kicked the p.a.t. with 10:37 left. On the next Comet drive Matt Fielder, Dave Derby and Jason Wiedmayer led the tackles. A desperation pass by the Comets gave Weithoff the interception and ball on the Dutch 36. Hoelt, Brad Davis and Derby

— by Patrice Faulhaber scrambled for a first down. A completed pass to Ahrens from Barnard put the ball inside the 10 yard line. Strook came out to nail the field goal and seal up the Dutch victory.

Manchester will take on Union City, Saturday, at home for the first round play-off in the bid for Class C State Champs.

The Manchester Flying Dutchmen had six players make All Conference First Team. These fine young men are the first to say they couldn't have done it alone. They believe in the spirit of team work and have a great deal of respect for their teammates. There will be an article naming the All Conference and honorable mention players along with the players of the week in the next issue of The Enterprise.

MHS Band entertained at half-time with a rendition of "Phantom of the Opera." — Photo by Jon

Swanson Named New Director

On Tuesday, October 27, 1992, Manchester High School named its new director of student services and athletics. Mr. David Swanson is succeeding Randall Van Gasse, who was recently appointed principal of Morenci High School.

Mr. Swanson received his Bachelor of Science degree in Business Education from Northern Michigan University and his Master of Arts degree in educational administration from Michigan State University. He has dedicated his entire professional career to the students of Manchester High School as business education teacher since 1987. He has also served as the junior varsity women's basketball coach from 1988-1990 and the varsity softball coach from 1988-1991.

Mr. Swanson has been a very influential member of the Manchester High School Improvement Team and a participant in the Michigan Department of Education SUCCESS program. These experiences will be most valuable as the Manchester Community Schools continue their restructuring process.

Mr. Swanson currently resides in Jackson, MI, with his wife Lisa and daughter Leslie.

**Midwest Ford, Inc. Installs Ford's Computerized Service System**

Midwest Ford, Inc. has a computer that talks to your car's computer — and it talks back.

This new, computerized information and diagnostic system, which can revolutionize the way cars and trucks are serviced, has been installed at Midwest Ford, Inc., 510 W. Main, Manchester.

Known as the Service Bay Diagnostic System (SBDS), it is expected to increase customer satisfaction by improving a dealership technician's ability to quickly and accurately diagnose and service vehicles.

"SBDS is like having one of our trained technicians with you in the car," said Thomas J. Wagner, a Ford vice president and general manager of the Ford Parts and Service Division.

"With a simple push of a button, the driver activates a portable flight recorder that electronically records information from the engine when an intermittent problem occurs. Those engine problems may be real, but they never seem to happen when you're with a techni-

cian at the dealership," he said. "This is a sophisticated machine designed to enhance the technician's ability to 'fix-it-right' the first time.

SBDS provides the technician with a powerful tool to help solve those pesky, recurrent problems that can occur in the base engine, electronic engine controls, ignition and fuel systems," according to Wagner. It moves us into a new era in vehicle repair and maintenance."

Wagner said Midwest Ford, Inc. and dealers in the surrounding area are among more than 3,500 dealerships nationwide that will have installed the SBDS system by the end of 1992. Many dealers have ordered SBDS and are awaiting installation. SBDS can be used for diagnosis on most Ford and Lincoln-Mercury vehicles built since 1986.

The main elements of SBDS technology are guided diagnostics, service information and measurement tools that can all be accessed through a personal computer system. The SBDS

workstation is a mobile cart which includes:

- A powerful computer for interpreting data and performing diagnostic functions.
- A 16-inch color monitor with a touch-sensitive screen.
- A 155-megabyte hard drive for vehicle service data storage and retrieval.
- A CD reader for compact discs, which provides updated service information on diagnostic and test routines.

- A modem which can directly access OASIS (On-line Automotive Service Information System) in Dearborn, Mich.
- A printer for hard copy text and graphics.

"Our customers are our greatest asset," Wagner explained. "SBDS is a tremendous hi-tech tool that can provide the quality service our Manchester area Ford and Lincoln-Mercury owners deserve."

The Portable Vehicle Analyzer allows the dealer technician to electronically record engine data during a test-drive to identify hard-to-find problems.

**Unlock Your Dream. Society® Will Contribute Up To \$1,000.\***

Owning a home starts as a dream, but it takes hard work to turn that dream into reality. At Society, we'll provide the help you need through our HomeAssist™ Program.

**We Help You Realize Your Dream.**

\*All you need is a 5% down payment. Society will contribute 2% of the purchase price for your down payment and pay the first-year private mortgage insurance premium up to a COMBINED TOTAL of \$1,000 with NO repayment necessary.

**HomeAssist's Easy Terms.**

Society's HomeAssist Program offers a fixed rate mortgage with a maximum term of 30 years. Financing is available for purchase or purchase-for-rehabilitation of 1-4 family, owner-occupied dwellings.

**HomeAssist Qualifications**

- Properties must be located within the boundaries of Lenawee, Livingston or Washtenaw counties.
- A household income of \$38,450 or less for a family of four in Washtenaw County (income levels vary by family size and county).

**HomeAssist — All The Help You'll Need.**

Even if you aren't ready to buy a home now, Society's HomeAssist planning sessions will give you suggestions to help you budget and save for your home ownership dream.

For more information about HomeAssist, stop by Society Bank today or call (313) 994-5555.

Example: Mortgages with Society's HomeAssist Program are available with various rates and terms to suit the borrower's individual circumstances. (Rates subject to change daily.) With HomeAssist, a \$40,000 home purchase would require a 5% down payment (\$2,000 total, of which \$1,200 would be paid by the borrower and \$800 paid by Society), leaving a mortgage amount of \$38,000. In this example, your initial year of private mortgage insurance premium would be \$342 (\$200 paid by Society and \$142 paid by the borrower). Also, using this example, amortized over 30 years at a rate of 8.75% with two loan origination fee points, the borrower would have a 6.683 annual percentage rate of interest on the \$38,000 mortgage, resulting in 360 monthly principal and interest payments of \$298.95 each, plus renewal fees for private mortgage insurance coverage. (Borrower may choose from optional terms including a mortgage with no points.) ©S 897

**CARDS OF THANKS**

DuRussel Day Care kids would like to thank Glen Gliniski for teaching us all about fire safety.

Thank you, Jennifer DuRussel

To everyone who sent cards, flowers, or food, I thank you. Thank you also for all the prayers for my recovery. Each of you has helped to make every day better than the one before. For friends, neighbors and family, I am extremely grateful. Frances Cleland

**Prayer to St. Jude:** St. Jude, may the Sacred Heart of Jesus be adored, glorified, loved and preserved throughout the world now and forever. Sacred Heart of Jesus, pray for us. St. Jude, worker of miracles, pray for us. St. Jude, helper of the hopeless, pray for us. Amen. Say the prayer nine times a day. By the eighth day your prayer will be answered. It has never been known to fail. Publication must be promised. Thank you, St. Jude. A.E.B.

The family of Eileen Hassett would like to express their appreciation to everyone who sent flowers and contributions to both the Mt. Hope Bible Church and the American Heart Association.

We are all thankful for the prayers, support and all the good provided by so many people.

May God bless you all.

The family of Eileen Hassett

### Sixth Annual Vietnam Veterans Christmas Party Scheduled

In January 1992, President Bush proclaimed 1992 as the Year of the Vietnam Veterans. November 10, 1992, is the TEN year anniversary of the National Vietnam Veterans Memorial in Washington, D.C. There are from 500,000 to 1,000,000 Vietnam Veterans and family members expected to attend the ceremonies scheduled throughout that week in our Capitol. Many Vietnam Veterans from the area are making plans to attend the ceremonies in remembrance and honor of those who gave their lives in that War. There are 75 from Washtenaw County listed on that Wall. Through our Washtenaw County Memorial efforts over the past two years, we have met members of most of the 75 families; and the Memorial has created an even greater significance in us than when we started the project in November 1989.

A Vietnam Veteran member of our organization, Mr. Milton Davis from Manchester, Michigan, was recently installed as the Commander of the Washtenaw County Council of Veterans. That is the highest position in the many Veterans organizations in the County. It was just about four years ago, after a two-year struggle to have the Council acknowledge our organization, that we were granted a seat on that Council. Now the Commander is from our Vietnam Veterans Chapter. We feel that this is a reflection of the

character and accomplishments of our Chapter of Vietnam Veterans in Washtenaw County.

Our Chapter will soon begin its fundraising efforts for the Sixth Annual Large Christmas Party for the Veterans hospitalized at the Ann Arbor VA Medical Center. This year the Party will be on December 22 at 7:30p.m. The funds will be raised through contributions from the individuals, businesses and organizations throughout the area. In previous years we have used a professional fund raiser to help fund this event. Since we have completed our two year County Memorial effort, we are now able to do the fundraising ourselves, thus eliminating associated fund raiser costs.

This special Christmas party extends beyond the outstanding entertainment and refreshments in the Medical Center Auditorium. We visit all of the hospitalized Veterans in their rooms and share some warm Christmas spirit. Being hospitalized with often times no visitors over the Christmas Holidays is what we try to help the patients overcome. And every patient will be given a very nice Christmas gift from those who care. For those interested in making a contribution to cheer up our hospitalized Veterans this Christmas, please make your contribution to Vietnam Veterans Christmas Party Fund and send it to P.O. Box 3221, Ann Arbor, MI 48106.

### Notice — Citizens of Manchester

On Sunday, November 8, 1992, 2:00 p.m., our American Legion Post will host the Veteran's Day Parade for the Washtenaw County Veteran's Council. There will be color guard, rifle squad, etc., from most all Washtenaw County Posts along with Girl and Boy Scout Troops and other service units. The Grand Marshal will be our own ex-Governor John Swanson.

At 3:00 p.m., there will be a dedication of the tank that is now on site. This dedication will be in memory of all Manchester area veterans.

We urge all area residents to line Main St. on Sunday in support of all Washtenaw County veterans. Please help us let them know we really do care.

### Whadduya Know About the "Ark of the Covenant"?

Indiana Jones sought the mysterious, missing "Ark of the Covenant." Did you know that Catholics recognize Mary, the mother of Jesus, as the "Ark"?

Within Mary dwelled the fullness of God's presence among people. Sacred scripture and sacred tradition abound in references which honor Mary as the "Ark."

You are warmly invited to come to the "To Jesus Through Mary" Scripture Study group which meets Thursday evenings downstairs at St. Mary's Church. People of all faiths are welcome and will find these discussions interesting.

This week, November 5th, the subject will be "Mary, Ark of the Covenant." Come to hear more about our blessed Mother and about this interesting aspect of Church teaching!

The meetings review the perspectives of various Catholic theologians on the subject, and we explore in our Bibles the bases for such teachings. The result is interesting and dynamic, resulting in an increased appreciation for the Blessed Mother and a deepening of faith in our Lord Jesus Christ.

For more information, contact Bill Kwolek at 428-7674 or Janet Shurtliff at 428-9462.

### Mid-life Career Change to Car Sales

1st in a Series

by Ken Moull  
Midwest Ford

After 23 years of being the customer I suddenly found myself on the other side of the desk as the salesperson!

At the age of 43 I found myself jobless and untrained for any other type of work. I had been employed at Double A for 23 years. It was the only real job I had had since high school. Their closing left me devastated and unsure what to do to earn a living. Since I had quit high school with only three months to go the only job training I had was from Double A.

I knew that I had a love of cars and a love of people. I have never been known to be overly ambitious but people respected me for my honesty and ability to tell it like it is.

With the help of Cheryl and Joan at the Resource

Center I obtained my GED, with renewed confidence I decided to go into car sales. Not many people believed me when I said that!

I'm not much of a talker around strangers but I knew I loved cars and I knew I had a God given talent for making people like me and believe in me. Most of all I believed in myself.

In February, 1988 I joined 28 others and enrolled in a training program at a large dealership in Jackson. I was the only one without any previous sales experience; a little intimidating, but I was determined.

At the end of the course the instructor informed me that he had had reservations about me but was impressed with my perseverance. He felt I was a likeable person and if I didn't get caught up in the sales lifestyle I would do great.

Incidentally, after a year, only 3 of 29 people were in sales and after 3 years I was the only one left.

Naturally when right out of a training program I was all fired up and enthused about selling cars. In short order I was ready to pack it in and quit. I couldn't believe the attitudes of most of the salesmen toward their customers and the methods of some of the dealers.

I understand that business is business but after being the car buyer for 23 years I had much different views.

My wife and the sales manager convinced me to stick it out, be myself, honest and treat people my way. They told me to make myself a living and at the same time give people a friend in the business.

I can't say that I make alot of money but I do O.K. and I can sit and visit with my

customers and not feel guilty facing them. It makes me feel good to hear people tell their friends and associates they bought their vehicle from me.

After about a year the dealership I was at went to a high pressure system of selling. The sales manager, who I consider to be a good friend, called me into his office and asked me to leave my job. I said "you mean I'm being fired?" He assured me I was not, but he felt I didn't fit into the new system. He didn't want me to change my personality or selling style. He suggested I find a small dealership to work at where I could be myself. Best of all, he offered to help me find the right dealership.

Next week I'll tell you about my experiences and my search for the right dealership environment.

**MIDWEST**

### Veterans Day 1992

On Veterans Day, November 11, America honors all who served in its armed forces - 27 million living Americans who served and sacrificed on behalf of our nation's ideals and freedom. They deserve our grateful recognition. Let them know that you remember. Take part in your community's Veterans Day celebration.

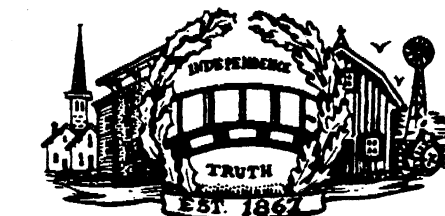

(Published as a public service message by this newspaper on behalf of the Veterans Day National Committee.)

Dedication Ceremonies of the M-60 Tank Memorial at the Manchester American Legion Emil Jacob Post 117. See additional pictures pages 8 and 9. — Photo by Kathy Kueffner

The Chaplains Prayer: (Delivered by Chaplain Charley Shields at the Dedication Ceremony Sunday of the M-60 Tank Memorial) "Almighty God, Judge men and nations, we stand before Thee today as loyal sons of our Country, grateful for its splendid heritage. We ask Thy blessing upon our great Republic. May America ever remain free and mighty and true to her best ideals. Bless the President of the United States and all public servants, that they may walk in Justice before Thee and that all their acts may redound to the greater welfare of our people.

"We pray Thy blessing upon our Flag, the emblem of the Republic. May it float forever on a free land. May our ancient watchword, 'In God we trust,' ever live, and may the faith of our father guide, protect and sustain our people.

"We ask Thy blessing upon The American Legion and its members. May we who served our Country in war continue in times of peace, to serve and to shield America throughout all our days. May this edifice serve for the good of many; in service to the living may it be a memorial to the dead. May we be eager and steadfast in our devotion to Justice, Freedom and Democracy. May we be ever loyal to our Country and to our God. May our service to the sick and disabled, to the community, the state and the nation merit and have Thy guidance and Thy blessing.

"Finally, we remember in love before Thee our departed comrades, who showed their loyalty in their lives and sealed it with their deaths. We pray especially for our comrades in hospitals and homes and wherever they may be, sick in mind and body. May their pain be eased and their burdens lifted, and may their heroic example be an everlasting inspiration. May Thy spirit rest upon this service. May it uplift us all to constant devotion to Thy teachings and to the welfare of our Country. Amen."
