"Freedom..." by Amber Minor continued from p. 2

Only by telling the tales of our nation's fight for freedom, can its meaning be known. By teaching about our struggles and hardships to maintain it, its value will increase.

We must use this great gift, or else the bloodshed will be in vain. If our nation's people know of the fight for freedom, but not the rights that were granted to them through countless victories, thousands of lives were lost for a worthless cause.

After we teach history and the rights of the people, we must stress the importance of its maintenance and uniqueness. By telling of the unprecedented rights granted to us by our government, and the lack of this establishment under foreign societies, people will remember how great our democracy is.

It is our responsibility to preserve the freedom that thousands of Americans died to establish and maintain. The key to preserving freedom lies within the education of the youth.

Fire Destroy's Home Fire Truck Flip's Over

Victor Cruz home, 15600 Schleweis Road Manchester Township

Engine # 2 Upside down at Bowns and Schleweis

Fire erupted at the home of Victor Cruz, 15600 Schleweis Road about 5:00 PM Monday January 25th. This beautiful log home, started in 1987 and completed in 1989, was totally destroyed.

While responding to the fire Mike Skully driving Fire Truck No. 2 was unable to stop the rig going down the steep grade of

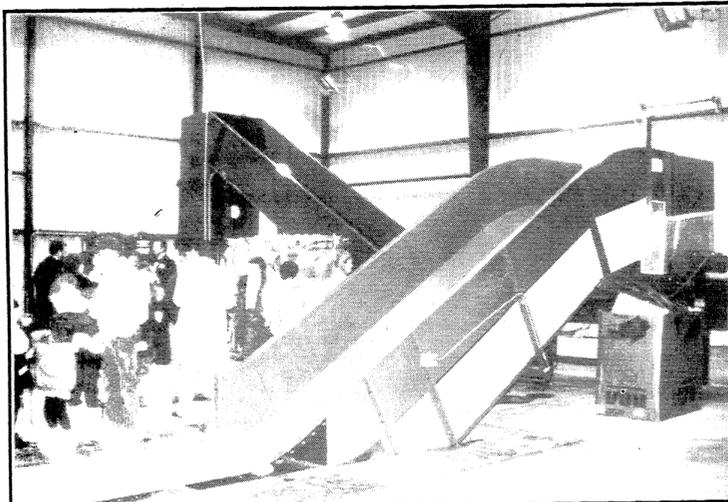

Schleweis Road at Bowns and Schleweis Road. The very steep grade was a sheet of glare ice. It was apparent that Mike was not going fast, as the truck turned on the glare ice, it slid sideways to the south shoulder of Bowns Road.

Joe Knasiak one of the firemen riding on the rig sustained two broken ribs and a banged up shoulder according to Mr. Ron Mann, Township Supervisor.

Two State Police cars and two Washtenaw County Sheriff's cars were on site. Washtenaw County Road Commission had a sand truck covering the fire route.

Western Washtenaw Recycling Authority Grand Opening

Emory Garlick

Western Washtenaw Recycling Authority had their ribbon cutting ceremony Saturday January 16th. They displayed some of the state of the art equipment that will process collected materials.

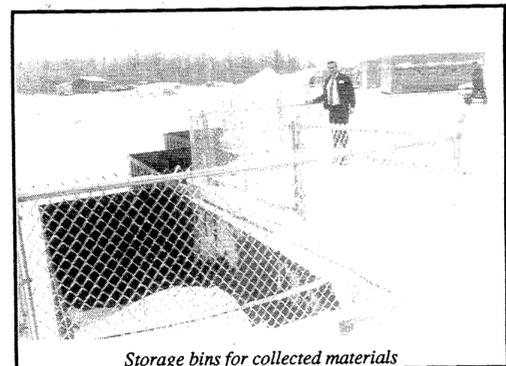

The onsite container bins in which recyclers deposit their materials are brought to the Materials Recovery Facility (MRF). Each portion of the collection container has its contents deposited in an open topped steel storage bin.

A floor dump pit accepts bin contents and a large conveyor belt elevates and deposits the materials on to a cross sorting belt.

Residents of townships, that do not have trash pick up or disposal of garbage, have had to contend with disposal for years. Garbage disposal, by in-sink-aerators, grind unwanted food scraps and the residue goes into the septic system.

Recycling and the Materials Recovery Facility is only a part of the answer for disposal of trash. This certainly will be more important in the future and additional trash will have to be recovered to protect our environment.

ring of disposal. There has been some talk of late about closing the transfer site. Should that happen house holds will have to rural areas, table scraps were fed to farm animals and thus recycled. Junk was buried in holes on the farm and combustibles were open burned in piles or burn barrels.

Manchester Twirler Chosen For Lions All State Band

Hilary Wiedmayer, 16, of Manchester, earned a position as one of three twirlers with the Lions Clubs of Michigan All State Band during auditions held in St. Johns on January 9 and 10.

Hilary has been twirling with the Chelsea Baton Corps for eight years and with the Manchester High School Marching Band since 7th grade. The All State Band's members were selected by staff of the Lion's Band and the musical directors during the two day auditions and group rehearsals.

Hilary's audition consisted of a half-time show routine choreographed by Susan Fitzpatrick, instructor of the Chelsea Baton Corps and former Eastern Michigan University feature twirler. Hilary was complimented by the director of the Lion's Band on the musical selection and the variety displayed during her routine in which she twirled one, two, and three batons.

The 1993 Lions' All State Band consists of 154 members representing over 70 different

high schools and over 90 different communities. The musicians will be required to attend two day rehearsals in April and June in St. Johns before they depart on July 3 for a nine-day travel throughout Michigan, Wisconsin and Minnesota.

During the band's tour, they will perform in four parades and six concerts in addition to their main performance at the Lions' International Convention in Minneapolis. As a free day activity, the band will be spending the day at the Mall of America and will have many evening dinners and dances planned for them by the Lion's travel staff.

Each member of the All State Band is responsible for their own fund raising efforts to pay for the tour; however, local Lions/Lioness organizations and other civic clubs support the 16 year old band as a youth activity organized to promote musical growth and pride for the State of Michigan.

Hilary was the only student from Washtenaw County selected for the 1993 band.

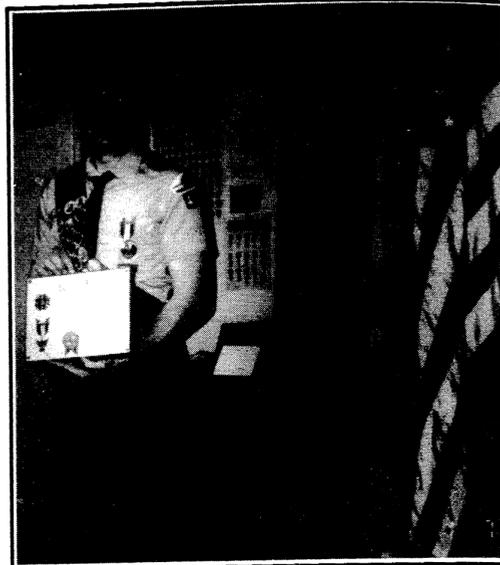

Jeffrey Hughes Honored At Eagle Scout Court

Royalty, power and valor have been symbolized by the eagle for over three thousand years. On the night of January 7th, 1993, the Boy Scouts of America and Troop 426 of Manchester held an Eagle Scout Court of Honor for Jeff Hughes, inducting him into a brotherhood that has proudly represented the ideals upon which this country was founded.

Achieving the rank of Eagle requires proven leadership, community service and a minimum of 21 merit badges. Jeff earned his 23 in Camping, Citizenship in the Community, Citizenship in the Nation, Citizenship in the World, Communications, Emergency Preparedness, Environmental Science, Safety, Swimming, plus Aviation, Cooking, Fish and Wildlife, Golf, Metal Work, Nature, Orienteering, Pioneering, Rifle Shooting, Shotgun Shooting, Sports and Wilderness Survival.

He had excellent attendance and advocated the fundamentals and ideals of Scouting. Jeff also constructed a nature trail at Chi-Bro Park in Manchester, making the facility more accessible and enjoyable for our community.

The ceremony opened with the Pledge of Allegiance, a candle light reading of the Scout

Law and an introduction by Assistant Scoutmaster, Dave Roberts. Mr. Richard Taylor, Scoutmaster of Troop 7, gave a keynote address narrating the rich history of the eagle in past civilizations. He charged Jeff with the very core of scouting - to dedicate your skills and abilities to the good of our fellow man, building America on a solid foundation of clean living, honest work, unselfish citizenship and reverence for God.

Jim Achtenberg presented the Eagle Award to Jeff together with his father Mike and mother Diane. Gene Liedel, past Commander of the VFW post in Ann Arbor, presented him with a Certificate of Recognition for outstanding achievement and exceptional leadership ability. The ceremony closed with another candle light reading, calling to mind the virtues of loyalty, purity, courage and sacrifice.

Editorial / Opinion

Dear Editor:

Last Tuesday night (1/12) during the freezing rain storm, a fire destroyed a significant part of my family home and personal belongings. I want to thank all who have helped or offered help, and all who have expressed their concern in many ways. In addition to my family, the support of the "families" of co-workers (Saline Area Schools and Saline Community Hospital), church, neighbors and community has been overwhelming.

Foremost I want to express my deepest gratitude to the fire fighters from Manchester

and Saline departments. Despite the icy roads fire fighters were on the scene in exactly seventeen minutes. Through their efforts and under the worst conditions, most of what was truly important was saved. I was especially impressed by the careful attempt to not unnecessarily cause damage in the fire fighting work. In your gear, it was hard to recognize who was who and I was definitely distraught that night. Whoever you all are, please accept my deepest thanks for your courageous work.

How to preserve a husband

Be careful in your selection, do not chose too young, and take only such as have been reared in a good moral atmosphere.

Some insist on keeping them in a pickle, while others keep them in hot water. This only makes them sour, hard, and sometimes bitter. Even poor varieties may be made sweet, tender, and good by gamishing them with patience, well-sweetened with smiles and flavored with kisses to taste, then wrap them in a mantel of charity, keep warm with a steady fire of domestic devotion and serve with peaches and cream.

When thus prepared they will keep for years.

— Mrs. Milo U. (Mildred) Miller (given to *The Enterprise* by a well-preserved husband)

And, Preserving Children

Take one large grassy field, one half dozen children all sizes. One dog, one long narrow strip of brook.

Mix children with the other ingredients and empty them into the field, stirring continually. Sprinkle with field flowers. Pour book gently over pebbles.

Cover all with a deep blue sky and bake in a hot sun.

When children are well browned, they may be removed. Will be found ready to cool in the bathtub with lots of soap and warm water.

— Mrs. Junior Miller from "Our Favorites", Shipshewana, Indiana

OUT & ABOUT — by gar

This past week has been filled with the inauguration of our new President. The process of change of power is truly amazing, especially when we consider that the process was conceived by our founding forefathers.

As we peruse the papers, watch T.V. and listen to the radio, we can readily read, see and hear of many countries throughout the world that are unable to transfer power without civil strife and chaos. We often take for granted our process of government without considering how orderly the process truly is.

The pomp and circumstance, partying and campaign payoffs at times seems to be rather excessive. But to the "Victors belong the spoils". Whether we did, or did not vote for our newly elected, President Clinton and Legislators, really matters not. What truly matters is: That our elective process works. That if people are dissatisfied with a current administration that administration can be replaced, and that is good, for the majority rules.

Mr. President, Clinton now, someone else in the future, we wish you well. Our Nation's future and perhaps even the world's future may depend upon your skills.

I personally would not want the responsibility of the Presidency, even if I were

capable. The campaigning for a full year and political infighting must be very difficult. The scrutiny of oneself and the responsibility of selecting cabinet members, who can stand up to investigations, is awesome.

Be that as it is, we need to support our elected officials, either by letting them know they are doing a good job or if they do not represent our interests. It is impossible to live up to all campaign promises. Some of them cannot be accomplished without bankrupting our nation. Other promises must be modified, such that working solutions to problems can be accomplished.

We have a great need to repair our infrastructure, reduce our debt, care for the elderly, provide for the needy and not the greedy. We must also provide that our system of government can remain strong and continuing.

Mr. President, Clinton now, someone else in the future, we wish you well. Our Nation's future and perhaps even the world's future may depend upon your skills.

May you be capable of that responsibility and fulfill it as well as did our founding forefathers.

Girl Scout Activities

—Lois Hansen

Manchester's Girl Scouts celebrated the 80th Anniversary of Girl Scouting in 1992 with a variety of activities under the theme of "Girl Scouts Care."

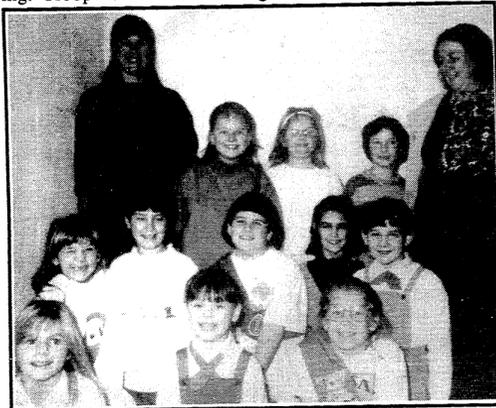

These activities were divided into four major categories: Girl Scouts Care For The Earth; Girl Scouts Care About Literacy; Girl Scouts Care About Health; and, Girl Scouts Care About Human Needs.

Here in Manchester, Brownie Troop 966 made bluebird houses to help re-establish bluebirds in the Manchester area. Last spring, girls and parents mounted four boxes on posts in Chi-Bro Park. Bluebirds found the boxes and raised several families during the summer. In May, while camping at a lodge at Camp O' the Hills on Wampler's Lake, the girls set up four more bluebird boxes.

Of all the service projects done by the troops in the Huron Valley Girl Scout Council, 11 were selected as being outstanding. Troop 966's Bluebird

Project was selected as the outstanding troop project in the "Girl Scouts Care For the Earth" category. At an awards ceremony at Weber's Inn, the troop received a \$25 gift certificate from Border's Book Store. With this certificate, the girls purchased two books. At the November 18th PTO meeting at Klager School, representatives of the troop presented the books "Draw Me A Star" to Mrs. Beuerle, Klager School Librarian (pictured below); and, "The Trojan Horse" to Mrs. Davies, Manchester Township Librarian (pictured above). The girls put a lot of effort into choosing just the right books to donate to each library.

Leaders of Troop 966 are Cindy Lowell and Sue Wiley. These girls started together as Daisy Girl Scouts in kindergarten and have been together four years now. Pilot Industries is their sponsor. Parents and volunteers are very proud of these girls and their accomplishments.

MANCHESTER AREA HISTORICAL SOCIETY

The Manchester Area Historical Society held its monthly meeting on Tuesday, January 19, at the Blacksmith Shop.

The Michigan Historical Society has asked for our help in doing a survey of country schools. Reno Feldkamp would appreciate input from the community.

Michigan State University is doing a stained glass census. If you know of buildings in the area with stained glass windows and would like to be part of the census, please call Mary Smolinski for a form.

The speaker for the evening was Bill Londo, a doctoral student at the University of Michigan who spoke on the samurai in Japanese history. The samurai have performed many different roles and functions. The word "samurai" means "to serve".

The samurai were prominent in Japan from the 10th century to the middle of the 19th century. They began when the aristocratic rulers needed people to build roads, keep the peace and make sure taxes were paid. Ordinary people did not have these skills so the samurai developed to fill those needs.

At first military conscription was used to obtain the necessary people. The samurai, or warriors, became powerful through the control of land and the people under them.

In the 15th century, Japan was unified to withstand the threats from Europe and the samurai gradually moved into government service. They became administrators rather than warriors.

Japan is about the size of California and has 100 million people.

Nancy Feldkamp provided the refreshments.

Senior meals are for all who have reached 55 years or older, are reasonable and geared to our taste. They are served each Tuesday and Thursday in Emanuel's dining room. Why not come on your lunch hour? Dianne Schwab from the Resource Center, will introduce speakers from the Turner Geriatric Clinic Forum. This concerns us and our age group, come and listen and ask questions.

Thursday, February 4: Craft class at 9:30 is being enjoyed by many. Today is our Birthday Bash for seniors who were born this month. Get your reservation in and come and be fussed over, you February birthday folks. Cake, candles, corsage, song and picture taking is just for you, come along. We will all enjoy Jan's special old fashioned chuck roast and all the trimmings. Then you may join the bingo players at the Center.

"A Place Where Everybody Knows Your Name"

— by Marsha Johnson Chartrand

You know the song from the television show, "Cheers"... the bar where everybody knows your name. Cheers is located in Boston, but you don't have to go quite that far. In Manchester, too, there is such a place, but it's called The Village Tap.

The sign outside the building states: "The Village Tap - Food and Spirits since 1864." Jeannette Stein, who has owned the business since 1976 is not certain that the building has always been a bar, but it has been one as far back as anyone seems to be able to remember. Old photos of the downtown area show that the building has changed over the years, from an exterior similar to the other buildings in the east block of Main Street, to a more modern facade added a few owners back.

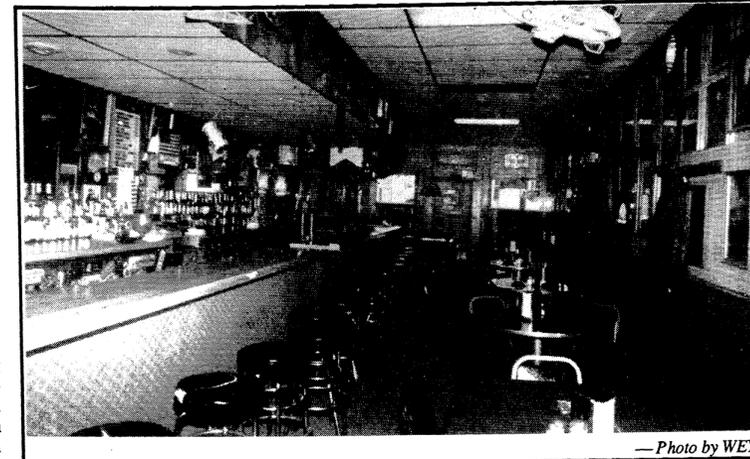

Jeannette recalls as a child going to the bar when it was owned by Mary Kern. She says that at that time the bar was across the back end of the building and that not only beer and wine was served, but also ice

cream. Something for everyone in the family! Although they no longer have an ice cream bar at the Village Tap, family members of The Tap's patrons can still order sandwiches, french fries and other short-order food items while Mom and Dad kick back with a cold one. If you're in a hurry, order take-outs for everyone. Jeannette has served many a "first beer" to 21-year-olds who have been french fry customers for years.

Entering The Village Tap you'll see a wall of bulletin boards. The standard "fax jokes" are posted for all to enjoy, along with posters of local happenings, bands, business cards, and other miscellany. But there is a proliferation of pictures - from party photos to baby pictures, which adds to the family-type atmosphere. The juke box in the corner has more of something for everyone.

The look of the bar has not changed greatly over the past 20 or 30 years. Jeannette would rather "redecorate" than "remodel". Paint and wallpaper may change, carpet or chairs and tables may be replaced on occasion, but much remains the same as it has for years. One thing she'd like to see is the newer brick front removed and the old brick underneath restored. Many people enjoy the atmosphere offered at the Tap rather than the fancy trappings of modern bars. Customers come in from Ann Arbor and even Detroit while visiting Manchester, and often return.

How has The Village Tap survived as the only "Bar" on a Main Street that used to host

several taverns? Jeannette feels that it's because there's a lot of love there. A sense of family, of people helping people. It's a gathering place for people of all ages and opinions. The seniors crowd comes early in the morning (but not as early as they used to, Jeannette notes) to play euchre and catch up on the news until lunch time. After work and after dinner the younger crowd gathers to shoot pool and shoot other things as well.

In the daytime, you might find just about anyone there. There's a full cast of regulars, just like at "Cheers", which at one time included Wes, the self-proclaimed "Mayor" of Manchester. He would sit near the front of the bar and if anyone came in that he didn't know, he

Did you know: Enterprise staff photos are available for purchase — \$1.50-\$3.00.

would ask them if he could help them out, and introduce himself as the mayor. A large framed photograph of Wes sits behind the bar. The Village Tap hosts wakes and other family gatherings, too. On Super Bowl Sunday, (January 31 for those of us who don't follow football), the Tap will be opened for a special Super Bowl party "from 3:00 to whenever". The bar is not normally open on Sundays.

As someone who has lived most of her life in Manchester, who was born here, and has a commitment to the village, Jeannette enjoys her business and the people who come in. She watches the kids grow up,

and drop in when they come of age; she notices resemblances to their parents but gets to know them as individuals. That in itself makes the Village Tap a place where people want to spend time. When someone has a genuine interest in her customers, when "everybody knows your name", it is comfortable to come in, be yourself, and relax in a crowd of like-minded friends. The Village Tap epitomizes much of what is best about our Village...the sense of caring, helping out friends and making a difference to one another. Stop in and become part of the "family". Or at least get to know everyone's name.

Seminar Scheduled

St. John Lutheran Church of Bridgewater is sponsoring a seminar Saturday, January 30, 9:00 a.m. - 3:00 p.m., led by Pastor Ronald R. Zehnder of St. Luke Lutheran Church, Ann Arbor.

The topic will be: "The Fruits and Gifts of the Spirit." All are welcome! Bring a sack lunch. Beverages will be furnished.

This seminar is sponsored by the Praying Elders and wives. Pastor Zehnder became interested in the charismatic renewal 20 years ago. He believes this emphasis is totally faithful to Scripture.

It can bring to any Church a spirit of evangelism which is sorely needed.

Varsity VB 2-0 in Conference

Volleyball action!

—Photo by WEY

In two home games last week the varsity volleyball team got off to a strong start with two conference wins. Kathleen Baron had 13 service points against Michigan Center Monday. They won the match in two games, 15-10 and 15-6. Tracy LaRue and Adrienne Wallace had 13 assists each with 8 kills for Adrienne. Sarah Riske had 9 kills against Center. They got off to a quick start in both games but had a little trouble closing the door in the first game. With the score 10-2 they should have shut them down quickly, but Center came back with 8 points to put the pressure on. Two girls were 100% on serve receive, Sharon Fielder and Kathleen, which made it very tough for Center.

East Jackson has one of the better teams in the league this year and quickly took the lead in both games. The Dutch pulled together and beat the Trojans with team work 15-9 and 15-8. Sarah was 14 for 15 serving with 4 kills. The tally for kills gave Adrienne 6 and Olivia Delongchamp 5. Tracy had 13 assists.

Coach Stein is pleased with the way her team pulled together to beat EJ. They have a long season ahead and this was a very important win in the conference. Thursday the 28th they take on Napoleon at home at 6:30. Napoleon is coached by Kathy Fuslier (Hasselschwerdt) and will bring her

Manchester Wrestling

—Coach Vlcek

On Thursday, the 20th we traveled to Michigan Center to face the Cardinals and the Lumen Christi Titans. Even though we split with these two we all wrestled well, with all of our varsity and JV wrestlers winning at least one match. Our first match was against the Cardinals. Our lower weights came out smoking and we carried that momentum through the match defeating them by the score of 45-18.

Varsity and JV Basketballers

by Jon

At present, the coaching responsibilities have been resolved. John Wilkins will be the Varsity Coach, while Jeff Etzel will be at the helm of both our junior varsity and freshman squads.

On Tuesday, our Little Dutch hosted East Jackson in a real thriller. The Trojans escaped with a 48-50 win. Troy Niehaus led our scorers with 17, as Shane Goodell added 12. Henry Earhart had a good night, supplying 11. In the varsity battle, East Jackson outscored us in each of the first three periods. With only four minutes to go in the game, they sat atop by nine, when the Dutch caught fire. Rob Davis popped several three pointers, and our defense stiffened. When the final buzzer sounded, we had outscored the Trojans 24-14, to win 58-53. Rob Davis led all scorers with 23, while Tom Fielder hit for 16.

Friday saw us bus to Panther land to meet Addison. Our JV's bounced back from Tuesday's disappointment to win 59-46. Troy Niehaus had a premier evening, as he scored 8 points in the second period, 14 points in the third and 8 in the fourth, giving him a total of 30. Zack Maghes played well, and canned 11.

The Varsity matchup developed into a real war. For those of you who thought basketball was not a contact sport you should have seen Friday's battle with the heads banging and elbows flying. In this extremely close contest we led at halftime 33-28. But a momentary defensive lapse enabled the Panthers to go up 10 points. We tried to fight back and did pull within 3 but fell in the end 58-63. Tom Fielder led our scorers with 17 points while grabbing 10 rebounds and 6 steals. Rob Davis and Rodney Burkhardt contributed 14 and 13 respectively.

Be with us Friday as we host Hanover-Horton. I believe the Comets are coming off a big win over Napoleon.

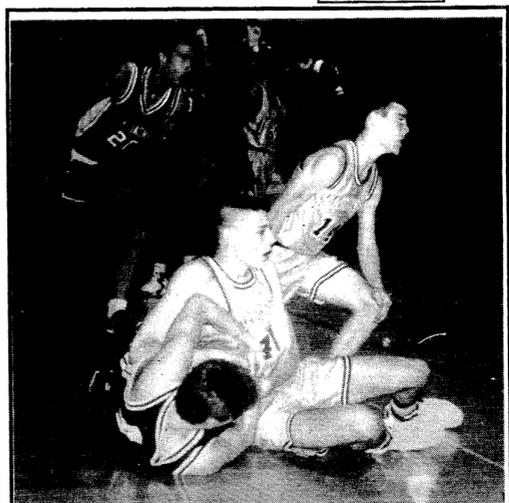

Middle School Hoopsters Split

by Jon

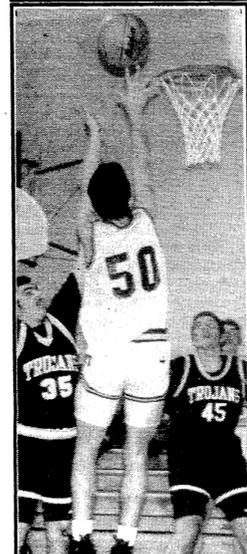

Our 7th and 8th grade squads ended their season with back-to-back home games last week. Coach Wes Gall, (8th grade) and Jim Fielder, (7th) have had an unusually large number of players to work with.

On Monday, Vandercook Lake came to town, and our 7th graders squeaked out a 27-26 victory. High scorer was Nick Davis hitting for 9, as Eric Flint and Nick Niehaus added 12-6 each. Our 8th grade squad was not so fortunate, as Vandy won, 24-32. Steve Riske and Nick Woods both scored six points.

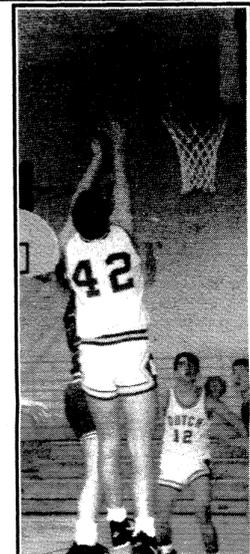

We hosted East Jackson on Wednesday and, despite Nick Davis pouring in 15 for our 7th graders, we lost 24-33. Our 8th grade won a real nail-bitter, 35-

We host Columbia Central Monday, February first at five p.m. The January 13th game vs Addison which was iced out, will be made up on Friday, February 19th. This will make it a triple-header night, with 9th grade, JV's and Varsity all playing.

Freshmen Roundballers Fall in Overtime

By Jon

On Wednesday, we hosted the Comets of Hanover-Horton. The scoring was very erratic, but toward the end the game became very exciting as we knotted the score to force overtime. Unfortunately the Comets captured the extra period to win 55-56. Aaron Garrett had 20 points and 13 rebounds, as Matt Herman popped for 10. Trevor Schleicher had 7 points, while Mark Harris had 5 steals.

PEOPLE & OCCASIONS

wrestling continued from page 9

Our key matches here were Jay Eiss at 103, Chris Carson at 125, and Brent Woods at 130 who defeated an undefeated wrestler in a tough fought match. This was the first time our JV's really got a chance to prove their worth with no defeats in seven matches. Two wins each by Eric Anderson, Joe Tobias and a new comer Jerry Loomis and another win came by Ryan Eiss. After the meet our dual record stands at an even 6-6 which we hope to improve on.

On Saturday, we traveled to our toughest tournament, the Napoleon Invite. With 18 teams there, I was hoping for a top five finish. We started the day off well by taking it to the opposition pinning the majority of our opponents but as the day went on the competition got tougher, making our kids work their tails off for those medals. Jay Eiss continued his successful season by taking home a fourth place. Jim Suggs had a tough route but stuck it out, also taking home fourth, losing to the first and second seats. One of our best performances came from Lucas Millheim at 119 who lost his only match of the day by three points, taking home fifth place; however, along the way beating two kids he had already lost to will really help for districts.

At 125, Chris had another tough class, his only two losses were to State placers. He took home a fourth but still is coming on strong. At 130, Brent found his first loss, this was in the finals, bringing his record to 24-1. Still, bringing home the silver is nothing to be ashamed of. Even though Eric Anderson didn't place he started to wrestle well only coming one match away from the medals. Bryan Duvall continued his strong freshman year by taking fifth having wrestled his way through the consolation bracket. Our only other medalist was Steven Duvall who took home the gold, winning all four of his matches by a wide margin including three pins. After this showing the only thing left to see was where we ended up and that was third place behind a class B school, Fowerville and the State ranked team from Springport. Congratulations, Dutch, and keep up the good hard work.

Christmas In April

Christmas in April 1992 experienced a successful year, thanks to the generosity of the people in the Manchester School District.

Christmas in April in Washtenaw County and Manchester is a part of Christmas in April USA, a nationally known rehabilitation program which repairs homes of low income, elderly and handicapped homeowners. All repairs are done at no cost to the homeowner.

The 1993 organizational meeting will be held Wednesday, February 3, 7:30 at the Community Resource Center 122 W. Main St. (downstairs). To assure that the project will continue we need interest and support from many volunteers, including skilled tradesmen and the business community.

Christmas in April project is dependant upon residents of the area as providers of names of people who would benefit through the Christmas in April program. We only have one referral at this time.

Help is needed in house selection, publicity, fund raising, house captains, material procurement, volunteer recruitment and food service. For further information call the Community Resource Center-428-7722 or Martha Mackres-428-8434 evenings.

A video about Christmas in April is available to organizations and churches to help promote the program. Please call for more information.

It provides an organized opportunity for our community-at-large to respond to the folks who have difficulty maintaining their home because they lack the necessary resources.

TOGETHER WE CAN MAKE A DIFFERENCE.
