National Police Week: May 9-15

In conjunction with National Police Week, May 9-15, 1993, the Washtenaw County Sheriff Department will hold its annual Award Ceremony to honor employees who have demonstrated exemplary performance of their duties for the year 1992. Sheriff Ron Schebil and his staff will also take this opportunity to acknowledge and thank citizens, professionals and/or other law enforcement officials for their special support and exceptional services during the past year.

The ceremony will be held on Thursday, May 13, 1993 at 2:00 p.m. in the lobby of the Sheriff Department, at 2201 Hogback Road in Ann Arbor.

The public is invited to pay tribute to these individuals who have provided their outstanding, dedicated services to the Washtenaw County community.

Manchester Canoe Race (cont. from page one)

Pre-registration costs \$7.50 per adult, while children compete for free. The entry fee increases to \$10 per person on race day.

Proceeds from the race go towards funding local youth activities and marks one of the most important yearly fund raising activities the Manchester Recreation Task Force undertakes. And, thanks to a host of volunteers, the race consistently comes off smoothly and professionally.

This year, like last, offers rental canoes out of Sharon Hollow Acres Canoe Livery. For a reasonable fee, you can have a light-weight canoe delivered to the race site for your use. Information about this is included on the race application or you can call (313) 428-0100.

Fellows Bridge is two miles west of M-52 on Sharon Valley Road, and east of Sharon Hollow. Nestled in a verdured valley, cars and canoes start lining the roadway at about noon to receive their entry numbers from race organizers and to share whoppers about past exploits. A shared sense of purpose hovers in the air, and even those who choose to spectate get caught up in the excitement.

Once the race begins at 1:00, canoes are launched at three-minute intervals until all contestants are on their way. Some thirty minutes to an hour later, each will find themselves cheered on by the throngs at the finish line. A sense of accomplishment and community spirit fills the air as each canoe is pulled out of the river.

Manchester Volunteers (continued from page 9)

The philosophy of the Ronald McDonald Houses (there are over 160 around the country) is co-operative living, and a place to receive support from other families. There are 29 individual bedrooms with shared baths, which provide some family privacy, but residents are encouraged to utilize the community kitchen, recreation rooms, laundry areas and living space with others. Residents agree to take turns with household maintenance chores. The charge for all of this is \$12.50 per night, but families who cannot afford it pay less, or not at all. There is nearly always a waiting list for a stay at the Arbor House.

A total of 135-plus volunteers staff the office and do routine chores 12 hours a day, 7 days a week. Students, homemakers, retirees and more make up the volunteer workforce. Volunteers come from not only Washtenaw County, but from as far away as Bloomfield Hills and Birmingham. The only paid employees are the house manager and the Executive Director.

The rewards of volunteering at Arbor House are many. "If you go in with a sore arm, or a headache, you come out feeling like you haven't any problems at all," says Ted Tapping. And one of the biggest rewards is seeing some of those sick kids smile. "Kids weren't born to be sick like this," he adds, "but they hardly ever complain." Being able to give some positive experiences to people dealing with these hardships, can make it all seem worthwhile.

If you, too, are interested in learning more about the opportunities for volunteers at the Ronald McDonald House, please call 994-4442.

Unlike other adjustable rate mortgages, the 4Most can only jump so high.

15-Year 4Most Mortgage 4.5% rate 6.402% APR

30-Year rate is 4.95% with 6.405% APR. Typical APR (annual percentage rate) includes interest on loan and other fees, and is based on a \$100,000 loan with an 80% loan-to-value ratio. The APR may increase after closing. Interest rates and terms are subject to change at any time without notice.

While most ARMs can jump 6% over the life of the loan, our 4Most can jump by no more than 4%. Coupled with today's low interest rates, the 4Most is a smart choice for homebuyers who want to start with low monthly payments, and stay with them. The 4Most Mortgage. What it lacks in jumping ability, it makes up in sheer intelligence. Equal Housing Lender.

Too Far?

Emory Garlick

Washtenaw County Sheriff and head of our local police department Carl Werner was in to the Enterprise offices Friday last. We took pictures of the t-p'ing of the high school grounds the morning after.

Carl was incensed, to say the least, not so much with the t-p'ing but with the illegal entry of the Ag Building and the scattering around of furniture. The use of weed killer on the grass could have some very serious implications for the environment as well as cost to the school.

To dispose of contaminated soil, weed killer used in concentrated form does contaminate the soil, must be disposed of in a Federally regulated manner according to Carl.

According to Carl, three of fences were committed.

- T. P'ing is considered a littering offense.
Use of weed killer is malicious destruction of property.
Illegal entry of the Ag building

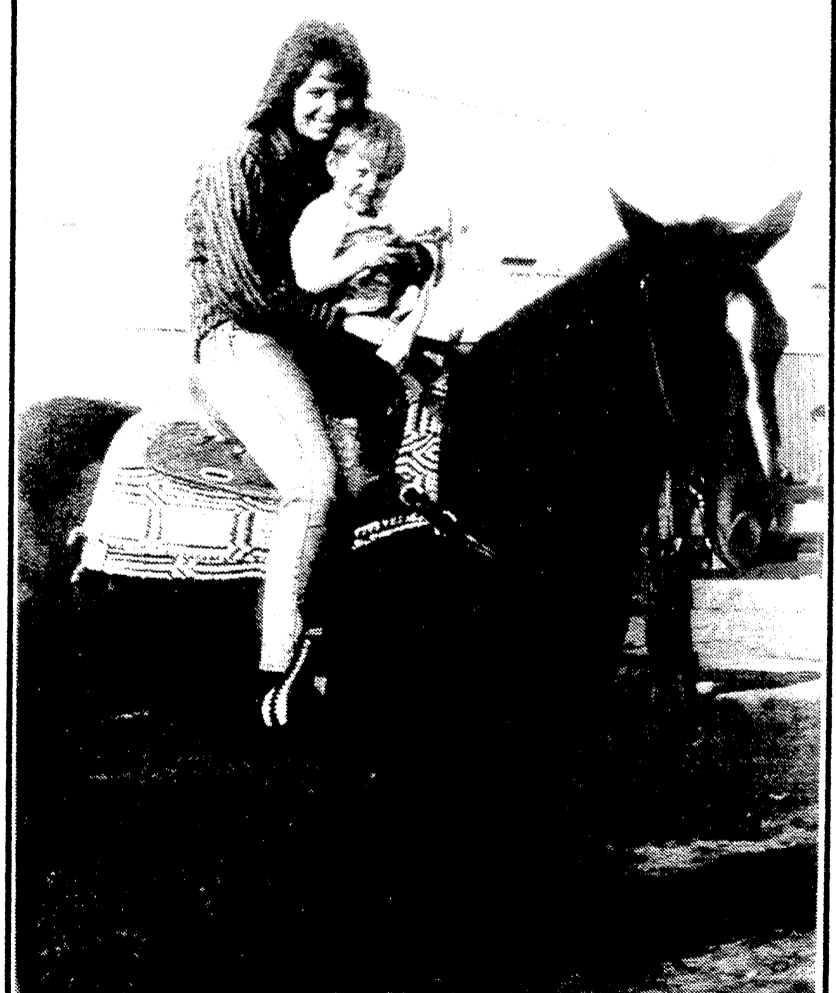

All of the above could result in a 90-day jail sentence, \$100 fine, and restitution of

damages. In the case of using the weed killer, that could run into the thousands, possibly ten's of thousands of dollars.

Not good kids! T. P'ing is one thing but Breaking and Entering and using weed killer just isn't too bright.

Have fun but use your heads, you all have good ones. -The Editor.

Two "Spur of the Moment" Smiles

Travis Davis, age 3, shares the limelight with his mother, Missy. Travis is holding the third-place ribbon his mom just won in her first show on her quarter horse gelding "Cody" in the Flag contesting event. The horse show was sponsored by the Manchester Spur of the Moment Club and took place at the Chelsea Fairgrounds Sunday, May 2. See list of Manchester riders and placings on page 12.

Quiz Bowl Team Advances To State Tournament

by Mara Bragg

You may have seen the festive maroon and gold "Manchester Quizbowl" sign in the front window of Mrs. DeLongchamp's bus #17 this past week and wondered about our team's season. Our wins over Clinton and Tecumseh at the March 24th tournament at WISD broke our three-way league tie with Whitmore Lake and Dexter and advanced us to the state level. This brought excitement and extra practices as we prepared for the state championship to be held May 7-8 in Port Huron.

Last Friday morning, Quizbowl members Justin Ebersole (captain), Ben Lowery, Lucas Millheim, Diana Kruse, Mara Bragg, Leah Bragg, Andrew Schook and Coach Richard Parson left for the sixth annual State Championship Quizbowl held at St. Clair County Community College.

Our first match was Friday at 1:45 against St. Louis High School. In the beginning, we adjusted well to the new state rules and held a competitive score to that of St. Louis. Then, as the match progressed into the second half, St. Louis pulled ahead and won.

Our next match was Saturday morning against West Iron County High School. Better acclimated to the new format, we tried our hardest and played a good game, yet still lost to West Iron.

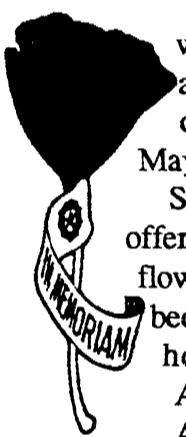

Spring Concert Presented by Manchester Chamber Orchestra

The Manchester Chamber Orchestra will present their Spring Concert on Sunday evening, May 16, 1993, at 6:00 p.m. at St. Mary's Church in Manchester. The community-based group is a volunteer organization that performs string music of all styles.

This program will include works by Bach, Pachelbel and Satie.

Because we were all really excited to have advanced to the state level, we weren't too discouraged by our losses. It was a great experience to play with the increased state competition and new rules. In addition, having advanced this far during the 1992-93 season will motivate next year's team to advance even further during the 1993-94 season. Also, many of the team members are underclassmen and will be returning for several more years, each time bringing more experience.

Will You Wear A Poppy, Please?

This question will be asked again and again during our poppy days, May 13, 14 and 15. Since the 1920's, offering our memorial flower to the public has been part of the rich heritage of the American Legion Auxiliary's poppy program.

We ask everyone to wear the red crepe paper poppy as a symbol and national tribute to those veterans who sacrificed their lives and health so that we might live in freedom.

Carol Palms will perform two suites for unaccompanied viola by Bach and Reger. Susan Gleason will be featured on the folk harp, and assorted wind instruments will join the orchestra for some dance music of a lighter fare.

Please join us for an evening of good music! The Spring Concert is free and public is welcome. A free will offering will be taken to benefit St. Mary's music programs.

From The Ground Up

Choose healthy, stocky plants with just a very few opened blooms. Rely on the tags for the color choice and plant spacing. After the annuals are planted, the opened flowers should be snipped off. This will force the plant to concentrate on making more flowers instead of seeds. The production of seeds would be the end of the plant since the only reason for the flowers is to produce seeds. This is why deadheading does encourage longer flower.

If the plants can't be planted immediately, protect them from too much sun and wind. Make sure they are watered every day, testing the soil for moisture. The heavy vegetation in the flat can prevent the water reaching the soil. Don't wait too long before planting, the flowers are nicer in the garden.

A final word about the roadside wild flowers now in bloom and moving them into your garden...DON'T. They will not flourish away from their natural habitat.

Manchester Meadow Scene Wins Award

The "Manchester meadow scene" that was recently chosen for the First Annual Festival of Flowers Exhibition in New York in March, 1993, entitled "A Ruby in the Thistles" (or "Humming in the Thistle") won an Honorable Mention award. The artist is Suzanne Adams Libby, a former Manchester resident who has painted many Manchester scenes. Susan says she has a new painting planned of Iron Creek Community Church which will be a night scene with the church steeple lit up as she will always remember it.

Second Front Page: Midwest Revamps Body Shop

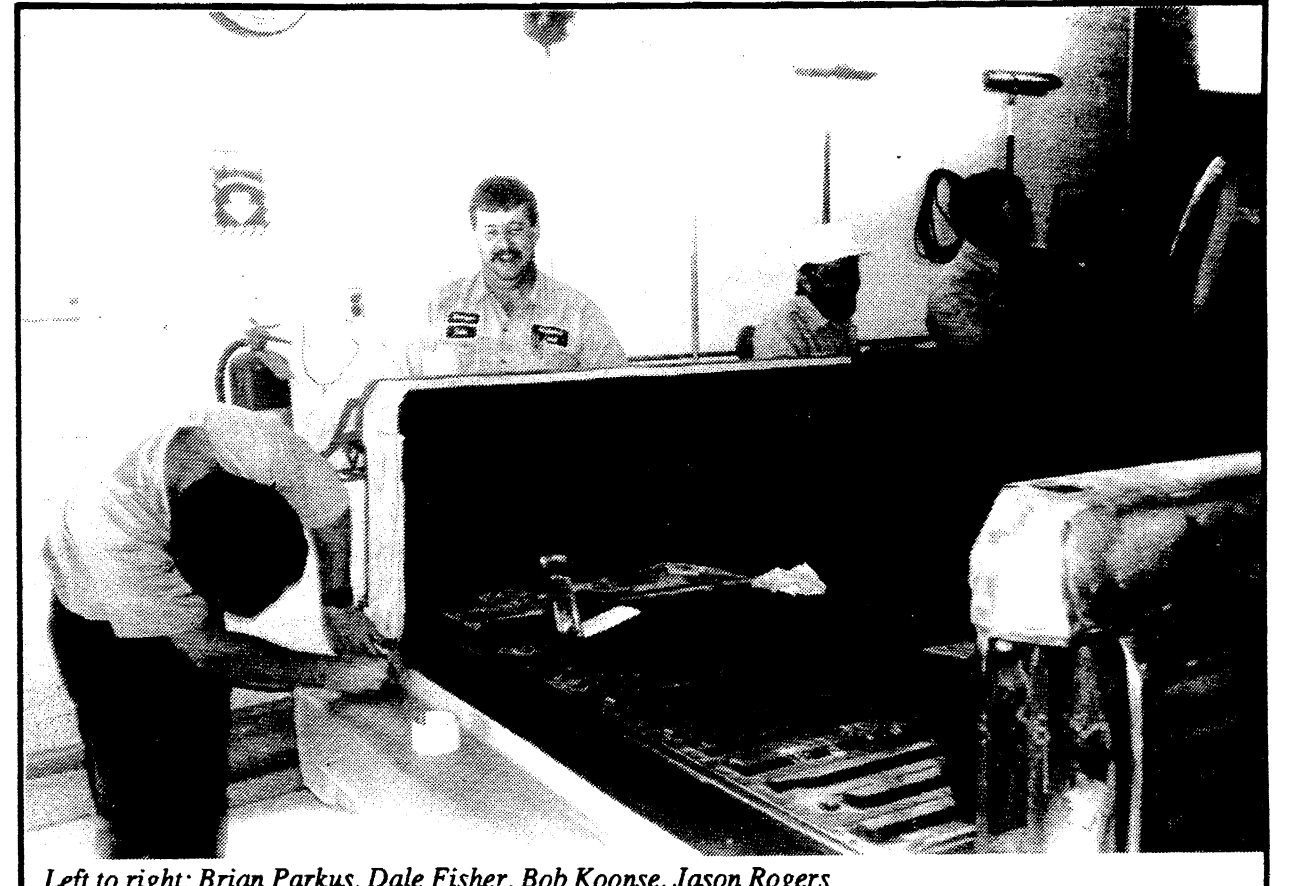

Midwest Ford owners Greg and Kathleen Marvin have announced the revamping of their body shop operations. They have hired Dale Fisher of Adrian to head the operation.

The State of Michigan mandated, effective April 1, 1993, that all body shop operations must be headed and staffed by licensed and certified technicians. Midwest Ford's crew now has state certified body technicians, including unibody repair, access to state certified mechanics in their repair shop.

Dale Fisher brings to Midwest a new working management style with upgraded equipment and fresh appearance. Dale and his wife Pam have five children, Andrew, T.J., Jennifer, Michael and Zachary.

Dale was born in Tecumseh in 1954 and graduated from Tecumseh High School. Continuing his education at Lenawee Vocac in 1970, 71 and 72 he began to work in various repair shops around the area. The United States Air Force provided additional experience as a body shop man 1974 through 1976. After that Dale spent 10 years with the Michigan National Guard in Adrian. He returned to Lenawee Vo-tec program in 1991 and 1992 as the Adult Education Instructor for automotive body repairs.

Midwest Ford hired Dale in March to head their revamped operations. Bump man, Bob Koonse, painter Brian Parkus and co-op student Jason Rogers round out the crew.

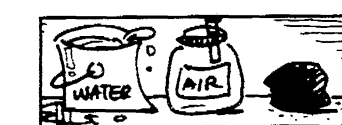

Left to right: Brian Parkus, Dale Fisher, Bob Koonse, Jason Rogers

The new operations have added some top of the line products and equipment. With PPG certified paints, mixing and matching capabilities, and a three-year PPG warranty, you can expect some outstanding finishes. Ford Motor Company paint and warranty repairs continue and the body shop also does warranty work under Ford's S36 corrosion coverage for 1988 and newer models.

Dale and Midwest provide free estimates for either insurance or private collision repair requests. Midwest's program and their commitment to quality and providing a friendly atmosphere continue. One nice feature with both Greg and Kathleen is, should a problem develop they are available and will become involved to satisfy customers.

Editorial / Opinion

To the Editor:
I am not against reform for financing of public school operations. I am, however, against the method proposed by the State of Michigan which all registered citizens of Michigan will have the opportunity to decide on June 2, 1993.

First, sales tax is a regressive type of taxation. Low income people are taxed more than those with high incomes. The State of Michigan Treasury Department states that with \$10,000 per year income, 50% of the amount is subject to sales tax. An income of \$100,000 has 20% of this amount subject to sales tax. Taxation between these two figures would change in proportion to the amount of income. Of course, every family or individual will spend differently, but this is an average.

Proposal A really helps big business and the very wealthy, especially those with very expensive homes or other expensive property. Middle income people may see some relief, but it would be minimal if they live in a moderately valued home. Some years they would be worse off, especially when a large purchase is necessary such as a new or used car or pickup.

Secondly, the two-tier assessment of property, which will come about under Proposal A, is very unfair and I believe is unconstitutional. It discriminates against first-time home buyers and people who find a need to relocate. When a house is sold it will be appraised or assessed at 50% of value or sale price. A neighbor's house, even though it may be the same in value (as the one that was sold), will remain the same except for the inflation increase that will be allowed (that is, until it is sold).

Thirdly, if a new tax is necessary for school finance reform, then an increase in the income tax is more fair. This could have been done by the State Legislature rather than calling a special

statewide election to raise sales tax which has to be approved by the people. A statewide special election costs about \$6,000,000 and is funded by the State of Michigan. They did the same thing in November 1989, and again with the Presidential Primary in March 1992.

I am sure the State Senators and Representatives remember 1983. Governor Blanchard had just taken office and the State Legislature voted to raise the State Income Tax to 5.6%. In just a short time, two (2) State

Senators were recalled from office by special election.

Still another argument against Proposal A is that state and local income taxes are deductible for Federal Income Tax if a person itemizes. No sales tax is deductible regardless of how expensive a purchase one makes.

People should consider their vote on Proposal A very carefully and make their own decision.

Sincerely yours,
Duane R. Haselschwerdt

To the Editor:

I was interested to read the letter two weeks ago from Mr. Louis Velarde, Jr., regarding progress and permits on his proposed personal pond in Bridgewater Township. I am not specifically familiar with the development of Mr. Velarde's concerns, nor have I been able to reach him by phone to learn details of the problem.

Nonetheless, I am writing this open letter because, if Mr. Velarde did not know of these requirements, other Bridgewater residents may be overlooking them also. Specifically, Bridgewater Township ordinances have covered building construction and material removal activities since at least 1960, when the first permanent Zoning Ordinance was adopted. Amendments and additions have been made since then, but there is a continuous record of ordinance coverage for over 30 years.

Copies of the Bridgewater Township Zoning Ordinance and all other Bridgewater Township ordinances are available from the Township Clerk for the cost of copying and mailing.

Residents may also read the ordinances and have copies made at the Clinton, Manchester and/or Saline libraries.

Notices of actions under the ordinances are published in *The Manchester Enterprise* as the "Newspaper of Record" for the Township and, in addition, in the Clinton and Saline papers when it appears a majority of the impacted residents are within those paper's circulation areas.

Bridgewater Township residents and property owners should all contact the Zoning Administrator, Sally Scheer, prior to initiating any building or other construction on their properties. If permits are required, they may be secured in a timely manner. If no permits are required, the property owner may request a certificate from the zoning administrator to that effect, thereby confirming the validity of their activity.

Sincerely, James Fish, Chairman Bridgewater Township Planning Commission

Out & About

by gar

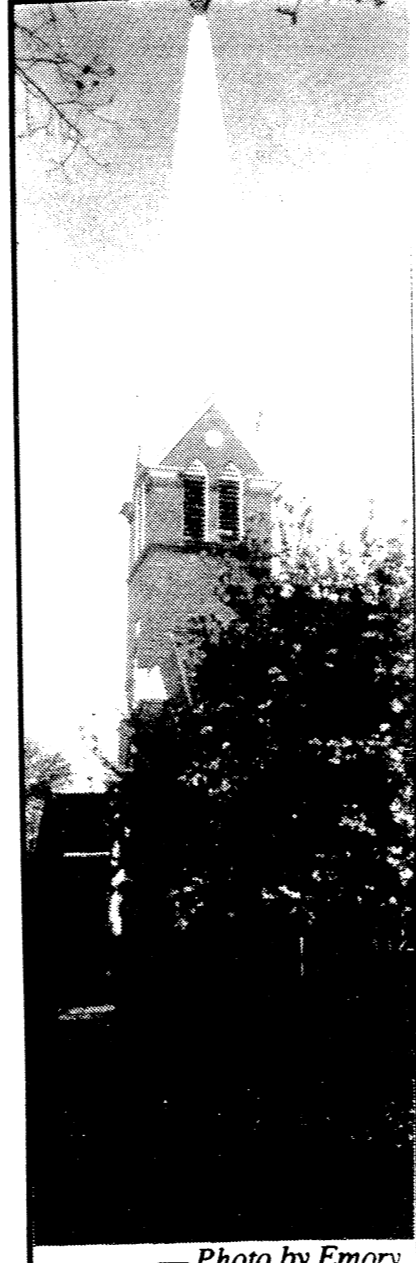

Some of the American Indians referred to the spring as the time of the, "Greening Moon".

It is one of nature's most beautiful times in my opinion. A time of regeneration, flowers bursting forth through the last of the winter snows, then the onset of flowering bushes and trees budding, followed by the trees and their leafing. The grass and ground cover develop the first faint green blush of color and then the deep blend of green signifying life ongoing.

What a wonderful time of year. Winter in its harshness of chill and sterility have once again given way to the rebirth of life.

Our lives emulate that of nature and are just a part of nature. As the spring, the birth of human life follows the path of spring, summer, fall and winter. This being spring I think of our young children and their blooming. Marvel at their first ventures; their first sounds, first recognitions and then the motor development and speech articulation.

To watch a child color in a book, throw a ball, caress a doll, walk in the grass, ride a bike for the first time, smell a flower, pull a blade of grass or leaf, or do any of the myriad of things

MSU's Electronic Highway to Education Announced

— by Nancy Thelen, County Extension Director

Michigan State University's latest initiative to pave the way to electronic learning will reach out to counties across Michigan on May 13. A satellite downlink, installed at the Washtenaw County, MSU Extension Office, will be making it easier for Washtenaw County residents to access educational opportunities from Michigan State University. This new resource is part of a statewide telecommunications network linking each county with the university.

The project is a partnership between the university and county government. A Kellogg Foundation grant purchased the downlink technology for each county. The kick-off for the satellite system is scheduled for Thursday, May 13 from 6:30-9:00 p.m.

Locally, this statewide event will be held at the Washtenaw County MSU Extension Office, located in the County Service Center, 4133 Washtenaw Avenue, Ann Arbor.

The statewide teleconference on May 13 will report on the statewide issues identification process and its findings.

For the past six months, residents in each county have been working with Extension staff identifying major areas of concern. The teleconference will not only report on priority issues identified by citizens but explore partnerships for action.

Pre-registration for the teleconference is requested. Contact the Extension office at 971-0079 between 8:30pm and 5:00 p.m. Monday through Friday.

Feldkamp Selected For Leadership Program

Sarah Feldkamp, a Manchester High School sophomore, has been selected to attend the 1993 Hugh O'Brian Youth Foundation (HOBY) Michigan East Leadership seminar. Sarah will join 192 other outstanding young leaders representing Southeastern Michigan high schools. The conference, scheduled for May 13-16, will be hosted at the Eastern Michigan University Campus.

Sarah was chosen based upon her demonstrated leadership and potential for continued leadership growth.

HOBY Leadership Seminars bring together a select group of high school sophomores in a forum where they interact with distinguished leaders in business, government, education, and the professions to discuss present and future issues. The goal of this program is to provide a valuable learning experience about the American incentive system and democratic process. As well, an emphasis is also placed on broadening the students' understanding of their leadership potential and encouraging their quest for self development.

The Hugh O'Brian Youth Foundation was established in 1958 by the popular actor, Hugh O'Brian, upon his return from an inspiring visit with Dr. Albert Schweitzer in Africa. O'Brian was determined to "give back" a bit of his own success and motivate aspiring future leaders to do the same. What was originally a few promising students participating in an informal exchange of ideas with Hugh's business acquaintances is now a network of 76 leadership seminars held annually throughout the United States culminating in a week long international seminar focusing on "America's Incentive System."

The Michigan East seminar is conducted at no expense to the student nor his/her school. Instead, concerned local businesses, service organizations, and individuals sponsor students and donate needed resources. Should you be interested in sponsoring a local student or would like more information about the HOBY Foundation, please contact Ms. Ricci Voss at (313) 667-1939.

A boy turned in a paper, and
the teacher said, "It's terrible.
How can one person make so
many mistakes?"
"One didn't," said the boy.
"My dad helped me."
You're helping your children,
but how are you helping them?
Every child has the right to
godly parents who'll help them in
the right way. They need a pat-
tern as well as a paddle, a com-
panion as well as commands.
It's better for the parents to
say, "Let's do the right thing, the
Christian thing together," than to
command the children to walk
the right path alone.
The Bible says, "Bring them
up in the discipline and instruc-
tion of the Lord." Don't let them
go down.

Thank You For Caring

For over 65 years, the American Legion Auxiliary has sponsored Poppy Day to remind America that millions have sacrificed their lives and health to keep our nation strong and free.
The poppy which grew wild on the battlefields of Flanders became, in the minds of the doughboys of World War I, a symbol of the sacrifice which they had endured. It had flourished among the shelled buildings and bomb-scarred landscape. Its brilliant red bloom, so much like the blood which had been shed there, became a sign of hope and renewal for those who lived and walked away. For those who would never leave, those who had sacrificed their lives, it was a perpetual memorial to their bravery.
American veterans brought home that image and planted it with the Auxiliary where it has bloomed every year for the benefit of those who served America.
The Memorial Poppy contributions are devoted entirely to rehabilitation and assistance for veterans and their families.
On behalf of America's veterans, thank you for caring.

Country Expressions 4-H Club
Country Expressions 4-H Club was called to order by president, Marie Haeussler at 7:30. The American flag pledge was led by Diana Dillon and the 4-H flag pledge by Ryan Ganzhorn. There were 35 members present. The secretaries report was given by secretary, Rebekah Jackowski. The treasurer's report was given by treasurer Emily Miller stating that we have \$316.04 in the treasury. Both reports were approved by all.
Member Recognition was led by Emily Miller. There were three new members introduced. There were only two April birthdays: Katrina Bihlmeyer's on the 6th and Maggie Evilsizer's on the 18th.
Under New Business Katrina Bihlmeyer and Jenny Meyer gave a report about the 4-H Ambassadors. Laura Haeussler and Jackie Martin gave a demonstration on their sewing projects. Jonathan Miller and Marie Haeussler gave a demonstration on their wood projects. Then we started to work on the Project R.E.D. Adjournment was motioned and seconded by all after a long meeting.

Manchester Community Fair Theme Announced
Thousands of gifted craft artists and enthusiasts across the country are celebrating 1993 as the "Year of the American Craft."
The year-long celebration, which was recognized in a proclamation by former-President Bush on December 21, 1992, will include hundreds of events nationwide. American craft is an art form that has grown and matured as the country evolved from its colonial era through the industrial revolution and into the age of high technology.
The origin of American crafts are rooted in the experience of the first settlers using clay, wood, metal, native fibers and other available materials. They fashioned practical necessities like bowls, eating utensils, clothing and bedding.
The Manchester Community Fair is joining in this celebration by declaring its theme: "Year of the American Craft, 1993". In many areas of the Fair will be visible signs of the crafts that enrich our lives. The Grand Marshalls for the Manchester Community Fair parade will be Mary and Maynard Blossom. The Blossoms have been involved with the Fair in many ways for several years.
The parade will be Tuesday, July 6, 1993 at 6:30 p.m. The Manchester Community Fair is July 6-10, 1993.

Authority on Michigan's Antique Bottles to Speak at Clinton Library
The antique bottles of Michigan will be speaker Terry Towler's subject on Saturday, May 15, at the Clinton Township Library. The public is invited to attend this free lecture which begins at 12 noon in the library's multipurpose room.
As the owner of an extensive collection of artifacts from Michigan's breweries and bottling companies, Mr. Towler is a recognized authority on the subject of bottles, their histories and current values. His speech will draw specifically from his knowledge of artifacts from the Manchester area, Lenawee and southwestern Washtenaw counties.
The collection in Mr. Towler's Ypsilanti home has been the subject of a feature article in the *Ann Arbor News*. Towler may already be known to some persons locally from his previous appearance as a speaker in Clinton.
Following the speech, Mr. Towler will entertain questions and has invited members of the public to bring bottles for identification and appraisal. A brief reception will follow his presentation.
The speech is another in a series of programs the Clinton Township Library has offered since moving into its new quarters in 1991.

Millheim Leaves For Germany As National Scholarship Recipient

Lucas Millheim of Manchester will depart in July to live with a volunteer host family and attend school in Germany for one year.

Before meeting with his host family and immersing himself in the German culture, Millheim will attend a month-long language and cultural orientation camp in Germany.

During the year, he will travel to Berlin and Bonn for Political, historical and cultural seminars and to meet with German government officials.

Millheim was awarded the scholarship on the basis of a written application and personal interview.

Chelsea Painters At Show & Sale

The Chelsea Painters will hold their 20th annual Art Show and Sale on the grounds of the Chelsea Community Hospital and Chelsea Medical Center on Saturday, June 5 and Sunday June 6 from 10:00 a.m. to 5:00 p.m.

A percentage of the proceeds will enable us to award the Palmer Medical Scholarship.

The Chelsea Community Hospital Auxiliary will assist with refreshments and there will be entertainment by Marianne Murphy on both days.

18th Annual Promenade the Past Historic Home Tour May 15 & 16

Tecumseh is pleased to announce its 18th Annual Historic Home Tour "Promenade the Past." This year seven beautifully restored homes along Union Street, dating from the 1860's to the 1920's, will be on tour as well as the newly renovated St. Elizabeth's Catholic Church.

The beautiful tree-lined North Union Street will be closed off to traffic creating a nostalgic ambience to the walking tour.

An 11:00 a.m. parade, food tents, quilt show, square dancers, harp and dulcimer music, artisans, herb sale, old-fashioned games for children and so much more round out this very special event.

Tecumseh, settled in 1824, is a leader in Michigan's historic preservation effort, and has received national recognition for its efforts. This annual "promenade" gives the public an opportunity to view the pride this community has in the care of our wide range of architectural styles.

Enjoy our quaint downtown shops and their newly-renovated streetscape, too!

Mark your calendars for this special weekend happening!

Mother's Day was made special for me by a whole bunch of wonderful folks. First at church and all the special surprises as retiring co-director of children's choirs, and then by family who gathered in. It was warm, sunny and one beautiful day that won't be forgotten.

From May's Busy Woman's Calendar comes a quote: "A man's home is his castle - a woman's is her hassle!" -- but not last Sunday. Hope your day was also warm on the outside and especially on the inside, like mine was. God bless you all.

Thursday, May 13: Here goes our Jan again. She and loyal kitchen helpers plan to serve chicken "deek". This word appears in our dictionary not at all between dee-jay and deem and I give up. Come down to Emanuel's dining room today at noon to find out. Maybe she'll tell us where these words have their origin. Call her before 10:30am at 428-7630 to reserve your dinner.

Tuesday, May 18: One of our area ministers will present clergy presentation beginning at 11:15. Baked fish is coming for lunch (some of us can't wait). Then to the Center to work on current projects at 12:30.

Wednesday, May 19: Senior bus will leave the Center at 9:30 a.m. for a trip to Hidden Lake Gardens. Won't it be a beautiful sight to see in the springtime, my favorite time of the year. How about you? Call Erma, 428-8707.

Thursday, May 20: Sweet and sour meatballs is on the senior lunch menu. Sweet and sour anything is just right for me and I can't remember having that in meatball form before, sounds good!

A note: We seniors deeply appreciate both the time and talent of our area ministers who faithfully give valuable information and pictures at our monthly clergy presentations. Thank you for your dedication to us.

COMMUNITY FEATURE

A Community Farm — You Can Join

- R. Zang

families, and still remain economically viable. They are the Community Farm of Ann Arbor, now located on Fletcher Road just north of Scio Church in Chelsea. Their system is called Community Supported Agriculture (CSA).

The economic theory behind CSA states that community memberships fund the costs of farming so that the risks are distributed over a number of investors. When times are good, everyone shares the bounty; when times aren't so good, the burden of loss is spread over the membership so that no one suffers too much loss.

What actually happens is that everyone in the membership receives at least a reasonable amount of produce over an eight month period of time, and usually in far greater quantities.

The Community Farm of Ann Arbor began in 1988 as the result of a lecture by Austrian-born Trauger Groh, who had been involved in Community Supported Agriculture for a number of years in Europe, and more recently in New Hampshire in the United States. He discussed how small farms can succeed as long as a supportive membership can be generated and sustained, and farming methods center on keeping the land as healthy as possible.

Mr. Groh introduced the practice of biodynamic farming, a form of organic farming that pays particular attention to the

specific needs of the land, and includes the use of manures from farm-owned animals, and compost generated on site.

The small group of listeners in attendance at Trauger Groh's lecture, and who eventually planned their own CSA farm, first turned ground on Whitmore Lake Road in Ann Arbor Township. A year later, the Community Farm moved to Huron River Drive in Ann Arbor, and increased its membership to 170 shares. It now has moved to 1525 South Fletcher Rd. and plans to remain there for at least three years.

Currently, the group of one full-time farmer, two part-time farmers, and one apprentice, have been busily tending to seedlings in the farm's greenhouse, monitoring the cold frame, keeping watch over the lettuces in the south field, and weeding around the hardy seedlings already in the ground. More land is under the plow, and the

animals are getting used to their new location.

Anne Elder, the one who spends the most time at the Community Farm, has bubbling energy and a passion for her work. She introduces visitors to Aldebaran the cow, and the dynamic goat duo, Patsy Climb and Billy Butt. The chickens have names too, but rarely stand still enough to sort out.

Karen Chalmers, Paul Bantle, and apprentice Jack Mills, although part-time, also find themselves putting in long

hours, at least until spring planting is over. Each speaks with a passion for what the farm means to them. Mostly, they favor the quality of the organic food they grow and the avid support of their membership.

A membership begins when a family buys a share in the farm. This costs \$350 for the year. Beginning at the end of May or so, the farmers pick any available produce early in the

Block Styrofoam is now recyclable at Woodbrook

Styrocycle and Woodbrook, your hometown computer store, announces the collection and recycling of packaging styrofoam. This is either the packing "peanuts" or blocks of styrofoam such as used in the shipment of TVs, VCRs, computers, printers, and other larger household items. Not included in this program is food-grade styrofoam. This is the first time that the post-consumer blocks of foam have been recyclable in the Manchester area.

The origin of this community recycling program is a spinoff of Woodbrook sponsoring Girl Scout Troop 728. Lynn Green, one of the leaders of Troop 728, also runs Styrocycle. She frequently is at Woodbrook making copies for the Girl Scouts, and discussion with Jim Achtenberg of Woodbrook often turns to other areas.

One such area is life outside Girl Scouts. For Lynn, that is the collection of styrofoam and turning it into beads. The beads are then turned over to her husband, Mike, who runs Full House Insulators.

Full House injects the beads into the holes in block walls to provide for well-insulated walls. The air pockets in the foam provide for a very high R-value at a low price, and the added benefit of using material that otherwise would end in a landfill.

Village Curbside Recycling Program Update

Within the past three weeks you should have received a notice at your home regarding a change in the curbside recycling provided by the Western Washtenaw Recycling Authority. The "door hanger" reminded residents of the products currently accepted by the WWRA, basic guidelines on how to prepare these items for collection, and a change in the pick-up schedule.

As a quick reminder, residents are now asked to prepare their recyclables for pick up on the 1st and 3rd TUESDAY of each month. The change was implemented for efficiency and to eliminate confusion with Wednesday trash collection. Currently items being collected and processed are: CLEAN

- glass - clear and colored
- steel cans
- plastic containers - labeled #2 on the bottom
- newspapers, and
- corrugated cardboard - flattened.

Recently, Manchester Village received a shipment of 1500 new blue buckets for the purpose of expanding the curbside program to include more residents. The buckets are provided to village residents free of charge and can be used to store items for curbside collection. Each resident is entitled to three. Please pick them up at the Village Office. You will be asked to fill out a short form. Those residents that still have the "Chelsea" buckets simply put them out at the curbside and they will be exchanged.

The new buckets are labeled "Tin Cans", "Clear Glass", and "Colored Glass". For #2 plastics, newspapers and corrugated cardboard, the WWRA asks that you get them to the curbside in the best manner that suits your situation.

Chipping Service Offered To Village

The Village of Manchester will once again offer a service to residents as:

A chipping machine will make curbside pick-up of brush up to 3" in diameter on the following days only: Monday, May 17th and Tuesday, May 18th.

The chips will be available to village residents at no charge by contacting the DPW at 428-8360 and leaving a message for Gary.

Be prepared by piling the brush close to the curb or shoulder of the road but not in the street, by 7:00 a.m. on Monday, May 17th.

GRASS CLIPPINGS WILL NOT BE PICKED UP. BRUSH SET OUT AFTER THE ABOVE DATES WILL NOT BE PICKED UP. The only thing that will be picked up is brush. Laidlaw will pick up bagged grass clippings and other bagged vegetation with the weekly garbage pickup.

If weather is wet or windy, take appropriate precautions. If a plastic trash bag is used, WWRA personnel will place the empty bag into one of your buckets.

Each village property owner is paying a special assessment of \$30/year to fund the efforts of curbside recycling. The greater the participation in the program, the more successful it will be.

Chamber to hold meeting on Wednesday, May 19

By popular demand, the Manchester Area Chamber of Commerce is holding a planning session on Wednesday, May 19. The meeting will take place at Haarer's Meeting Place, 223 E. Main St. at 7:30 a.m. Coffee and juice will be provided by the Chamber.

Topics of discussion include Chamber involvement in upcoming spring and summer activities, including the Manchester Summer Festival on Saturday, July 17, 1993 on Main Street.

Chamber committee formation, a business update, and the future meeting schedule will also be discussed. This meeting is scheduled to start at 7:30 a.m. and end by 8:30 in order to minimize the impact on the normal business day for those attending the meeting.

Whether you are a Chamber member or not, bring your ideas and join us as we move forward through 1993. The Manchester Area Chamber of Commerce meetings are always open to the general public. For more information, contact Jim Achtenberg of Woodbrook at 428-7011.

Wedding Bells Ring Platt — VanDeven

Gretchen Platt and Douglas VanDeven were married on April 24, 1993 at the Congregational Church in Ann Arbor in a late afternoon ceremony officiated by Rev. Dorothy Lenz.

The bride, daughter of Henry D. and Ruth R. Platt of Albion, MI, was attended by her sister Sarah P. Cooney of Plymouth as matron of honor, Betsy R. Bos of Chicago, IL, Allysande Scott of Ypsilanti, MI and Barbara Lupi of Whitmore Lake, MI.

The groom, son of Ronald and Barbara Jean VanDeven of Manchester, was attended by Peter Johnson of Pleasant Lake as best man, Tom Melcolm of Ann Arbor, Michael VanDeven of Boston, MA, brother of the groom, and Michael Kempf of Milan. Seating guests were Daniel Platt of Ypsilanti and Jason VanDeven of Ann Arbor, cousin and brother of the wedding couple.

A reception was held at the Dexter Knights of Columbus Hall. After a two-week honeymoon to Cancun, Mexico, the couple will return to their home in Tecumseh.

'Doc' Eames SCOREs in Elkhart, IN

—Marsha Johnson Chartrand

Dr. Henry P. Eames, formerly of Manchester, was spotlighted recently in an article of The Paper, Elkhart City Edition for his work with the Service Corps of Retired Executives, Elkhart Chapter.

The Service Corps of Retired Executives, acronymed SCORE, has helped many attain the American Dream of owning their own businesses in a competitive arena. SCORE was created in 1964 by the Small Business Administration, to assist small businesses with establishing and enhancing their organization. Clients of SCORE have questions regarding their small businesses.

Part of a nationwide organization with locations in all 50 states, SCORE's Elkhart chapter is entering its fourth year of service and has served over 1,000 clients during this time. Dr. Eames currently serves as co-chairman of the chapter. A total of twenty retired professionals, including CPAs, bankers, retailers, and engineers - "just about anything you'd want," claims Dr. Eames, volunteer five to six hours per month counseling clients. There is no charge for the counselor's services and no limit to the number of appointments allowed a client.

The SCORE office in Elkhart is located at the Chamber of Commerce building, making it convenient to those businesses who will also make use of the Chamber's services.

In other localities, SCORE services are often located in SBA offices, colleges, or other public or private offices.

Dr. Eames hopes to see more retired business professionals volunteer their time, noting that SCORE benefits both parties. "While it helps those entering small business, it makes the volunteer feel needed, too. Someone who's been active, then retires, has to do something," he says.

Dr. Eames is certainly "doing something". He has been awarded the (Indiana) Governor's Voluntary Action Community Service Award for his dedicated service to the Small Business Development Center and SCORE.

David Germain, of the Greater Elkhart Chamber of Commerce, says, "Dr. Eames devotes close to 30 hours per week, and oftentimes more, to his volunteer programs and efforts which have benefited countless numbers of people over the years."

After serving the Manchester community for many years as a dedicated veterinarian and active director of the Union Savings Bank, Dr. Eames has continued to extend his service in a new community. Manchester's loss is Elkhart's gain. They are indeed fortunate to have someone so dedicated in their midst.

The doctorfish, a tropical fish of the East Indies, gets its name because its spine is shaped like a type of knife used by surgeons.

JV Softball Completes Successful Week

The Manchester JV softball team had a busy week, winning three of four games, running their season record to 7 wins-4 losses.

Against Sand Creek, the Dutch trailed 7-0, before storming back to win 9-8. Erica Punches game-tying homerun, and Darci Hock's ground out, scored Jaimie Knouase with the winning run in the Dutch's final at-bat.

Pitching for the Dutch were Jaimie Knouase and Heather Punches. Leading hitters were Sandi Fielder and Erica Punches with two hits apiece.

Playing Clinton in the championship game, the Dutch came up on the short end of the score, losing 15-5. Clinton jumped out to an early lead and was never threatened.

The Dutch traveled to Hanover-Horton and left with a victory, 11-9 in extra innings. Heather Punches pitched eight strong innings striking out nine batters.

— Coach Jeff Etzel

The Dutch concluded their week with a thrilling come-from-behind victory over Michigan Center, 16-15. The Dutch trailed 15-3 going into the fifth inning before starting their rally, which concluded with Heather Punches scoring the winning run in the bottom of the seventh inning.

Men's Track Results

— Patrice Faulhaber

In their first meet victory of the season, the men's team beat Grass Lake 86-51. In running events, Manchester took eight out of twelve and three out of five field events.

J. Weidmayer won the 1600M run (5:05) with J. Loomis taking second. J. Davis won the 100 and 200 with :11.09 and :23.28. B. Hoeft took first in high hurdles (:17.07) and high jump (5'10"). M. Fielder threw 40'7-1/2" in shot for first place. This was the team's best meet of the season.

The men's track team took third place in the Concord Invitational last week. This was a big improvement after the Clinton Invitational where they took home only one medal. In Clinton, Brian Hoeft jumped 11'6" in the high jump for first.

In Concord, the 400M relay was won by the team of Davis/Spork/Weiss/Davis with a time of :46.01. The Dutch tracksters took third in the 1600M relay, shuttle-hurdle relay, the 3200M and the 800.

In field events, Hollosy and Kennedy took third in pole vault with a combined jump of 17'6". In long jump it was Zach Maghes and B. Hoeft for third with 35'7-1/2". Hoeft and Shane Goodell took second in high jump. P. Paige and M. Fielder continue to score points in shot, taking third place with combined throws of 67'1". Fielder and Fielder teamed up for third in discus with a combined total of 180'1".

Although he has yet to score points, Andrew Schook wins two thumbs up for effort. He runs against athletes much bigger and faster, but never quits. He shows up at every meet ready to do better than he did the day before. The coach is very proud of Andrew for the example he sets.

Varsity Softball

— Karen Strock

Last week, the girls experienced both the ecstasy of victory and the agony of defeat in close well-played ballgames. They opened the week with an easy victory over Hanover-Horton. After scoring 10 runs in the first inning, they played good defense and allowed the opposition just one run in five innings. The final was 17-1.

Shan Lee allowed three hits, struck out three and walked three. Manchester collected nine hits, no strike outs and had six walks. Kerri Keller was named Ann Arbor News Top Performer for her two hits, a double and a triple, while collecting three RBIs. Also with two hits were Shan Lee, Michelle Strock and April Butterfield. Franki Bisard and Shan Lee collected three RBIs each and Michelle Strock contributed a triple. Everyone on the team saw some playing time.

On Wednesday, the Dutch traveled to East Jackson, a team who was perfect in league play at 4-0. Manchester led for the majority of the game, finally losing with two out in the bottom of the seventh inning. The teams were quite evenly matched, each getting eight hits.

Adrienne Wallace was the hitting power as she punched out three hits, stole three bases and scored two runs. Beth Hayden also contributed two hits.

After an errant throw on the first batter in the seventh, Manchester coach Gall elected to load the bases. Shan Lee then struck out the next batter and the second out was made on an in-field fly. The next batter hit a line drive just out of the reach of centerfielder April Butterfield. The final score was East Jackson 6, Manchester 5.

April had made some excellent catches during the game to keep the East Jackson team from scoring. This one was just hit too hard to her right. Defense was very good throughout the game. At Michigan Center on Friday, it appeared that the pitchers were going to keep the batters at bay all afternoon. Entering the seventh inning the score was Michigan Center 2, Manchester 1. We had been out-hit 3-2.

Adrienne Wallace started off the inning with a walk. Beth Hayden then bunted but the throw to second was not in time to get Adrienne. April was then walked and Jenny Ash was out on an attempted bunt. Liz Bragg and Franki Bisard got singles before Shan Lee bunted for a single. Kerri Keller was walked and Michelle Strock singled. Adrienne Wallace and Beth Hayden each got an RBI before the side was retired.

In all Manchester collected seven runs on five hits in the seventh inning. The final score was 8-3. Shan Lee was the winning pitcher, with her record now at 4-5. Franki Bisard was the leading batter, with two hits, two stolen bases, two runs scored and one RBI.

Coach Gall is pleased with the defensive efforts in the last two games. The team is now at 5-6 with a 4-2 record in conference play. There are six games this week, all at 4:30: Monday at Vandercook Lake; Tuesday vs Clinton (DH) at home; Wednesday vs Grass Lake (DH) at home; and Friday at Napoleon.

The Community Farm continued from page nine
morning on Wednesdays and Saturdays, to bring into the barn. They determine how much of each vegetable each member can receive, which in turn is written on a blackboard. Each membership is allowed one pick-up per week; if a family chooses Wednesdays, it brings bags to fill, and takes its allotment according to what is written on the blackboard. If a family chooses Saturdays, the same holds true. This continues through the beginning of January, when the last of the root vegetables are distributed.

Initially, according to Karen Chalmers, each member will receive a large bag full of produce. But soon this turns into three large heavily laden bags of sun-ripened vegetables. She claims that one share will feed two adults and two small children, but this is based on a family that consumes a large amount of produce. For those who feel they can't be around all summer, sharing a membership with another family is encouraged.

One thing different about the Community Farm this year involves volunteer time. Families are expected to donate approximately 15 hours of their time, in any combination, to help out. The idea is to get members more directly involved in the operation of the farm. Karen Chalmers admits that not everyone may be willing nor have the time, so membership allows for a buy-out.

The farmers are up-front about the farm's budget and will share it with anyone who has questions. They also wish to let everyone know that much more of certain crops are planted so as to allow for U-pick enthusiasts to do canning and preserving. If someone plans to make relish, sauerkraut, pesto, or tomato sauce, they can pick as much as they want at no extra charge.

Altogether, 24 vegetables will be planted and harvested over the growing season, and 12 of these will belong in the U-pick category.
The Community Farm currently seeks additional members, and plans to hold an open house Saturday, May 22, for people to come and see what goes on at the farm. Those who can't make it, but would like further information, can call 994-9136 and leave a message.

D.A.R.E. Essay Award Winners

Back row, left to right: John Schneider, Derrick Smith, Jamie Kuntzman; front row: Kaylin Davis, Julena Westcott, Jennifer Lawson

WHAT D.A.R.E. MEANS TO ME

I choose not to do drugs because it can affect my brain and I could end up getting killed. Drugs can make you do things you don't have control of like getting in fights, stealing, accidents, and killing. These are things I don't ever want to do. I also choose not to do drugs because it is illegal.

WHY I CHOOSE NOT TO USE DRUGS

D.A.R.E. can teach you why and how not to do drugs. D.A.R.E. showed me what can happen if you take drugs. If you take drugs, you could end up in jail, or you might get sick or you could die.

D.A.R.E. taught me how to say "no" to drugs. D.A.R.E. taught me how to make a decision while still respecting others. If you have to, you can say "no" and just walk away.

— by John Schneider

What D.A.R.E Means...

The D.A.R.E. program means a lot to me because of what it taught me, and will teach not only my younger sister next year but hundreds of other children as well. They will learn the importance of knowing the dangers of drug use, self esteem, and being able to say no. It has meant to me that I can now be a part of the solution and not part of the problem. I am glad to be in the graduating D.A.R.E. class of 1993.

Why I Choose...

I choose not to use drugs because I want to keep my mind free to think clearly and to make good decisions. I want my body healthy and my smile to shine!

To be in control is a must, and to choose my own friends would be the best. I want to be in charge of making my own choices. I choose to just say no to drugs!

— by Kaylin Davis

"Th!nk...Don't Drive and Drink!" Dodge Simulator Vehicle scheduled for Manchester May 21

High school students are going to step outside for a lesson in the dangers of drinking and driving when Arbor Dodge, the Dodge Division of Chrysler Corp., and Mothers Against Drunk Driving (MADD) bring the Dodge Drunk Driving Simulator to Manchester Friday, May 21, 1993, 8:45 a.m.-3:15 p.m. The Dodge Drunk Driving Simulator is a unique vehicle that allows the students to experience the dangers of driving drunk without actually consuming alcohol.

The participants first drive one lap of the pylon-lined course with the car unaltered by the computer. Each driver will then have the opportunity to drive the car after a hypothetical number of drinks and the driver's body weight have been entered into the computer.

Interested community members, with valid drivers licenses' are invited to attend. People without drivers licenses are invited to participate as passengers.

The Dodge Drunk Driving Simulator is part of the "Th!nk...Don't Drive and Drink!" national campaign to promote greater awareness among young people about the dangers of drinking and driving.

The Simulator will visit more than 100 schools across the United States in 1993. The Simulator was built by Dodge in 1988 and has visited more than 60 major U.S. cities. It has also appeared on ABC's "Good Morning America", CBS's "48 Hours", NBC's "Today" show, the syndicated show "Geraldo",

The driver attempts to negotiate a pylon-lined obstacle course and finds it nearly impossible to avoid hitting the cones. This exercise allows the driver to experience the dangers of drunk driving firsthand while remaining completely sober.

CNN's "Science & Technology", and MTV's "Like We Care".

The Simulator is a 1992 Dodge Daytona ES equipped with an onboard computer that can be programmed to simulate the delayed reactions of alcohol-impaired drivers by delaying the car's braking and steering reaction times.

The tour is presented by MADD with the support of the US Department of Transportation and National Association of Broadcasters.

Manchester High School Volunteers Wanted

Would you like to tutor high school kids who need help in a particular subject?

Would you be willing to act as a mentor for a high school student interested in your line of work?

Would you be willing to help high school teachers and administrators as they work to educate our kids?

How do you think these programs could get off the ground and run smoothly?

If you have ideas and time to share during regular high school hours, please plan to visit the Manchester High School Library Conference Room on Wednesday, June 2, at 1:00 p.m. to meet principal Russell LeBlanc and other interested community members. Coffee and cookies will be served.

Questions? Call Mary at Manchester High School, 428-7333.

PROPOSAL A, LOCAL IMPACT

What: Proposal to limit property taxes.

How: Replace local funding with increased sales tax of 2%, raising base from 4 cents to 6 cents on the dollar spent on taxable items. Cap property assessment increases to the rate of inflation or 5%, whichever is less. Lower the millage rate to 22.5 mills (18 mills allowed plus 4.5 mills enrichment), from 40.13 mills operating (17.63 mills reduction). Additional 4.5 mills enrichment to expire in June 1994. Roll back of SEV increases to 1992 / 1993 level.

When: June 2, 1993 statewide vote.

Impact: Reduction of local property taxes. Increase sales tax cost. Overall net savings to local property owners.
