Two Manchester High School Students Receive First Responder Certificates

Kelly Rains, daughter of Linda and Ron Rains, and Hillary Wiedmayer, daughter of Diane and Gary Wiedmayer, all of Manchester, recently received their First Responder Certificates after successfully completing an emergency first-aid course offered through the Huron Valley Ambulance Company. Both girls are juniors at Manchester High School and are members of an explorer post organized by HVA.

The year-long program in emergency medicine which the girls completed was instructed by HVA personnel and covered first aid treatments and trauma as well as teaching the skeletal, respiratory and circulatory systems of the human body. The program

was graded and the students had to maintain an 80% average to remain in the program.

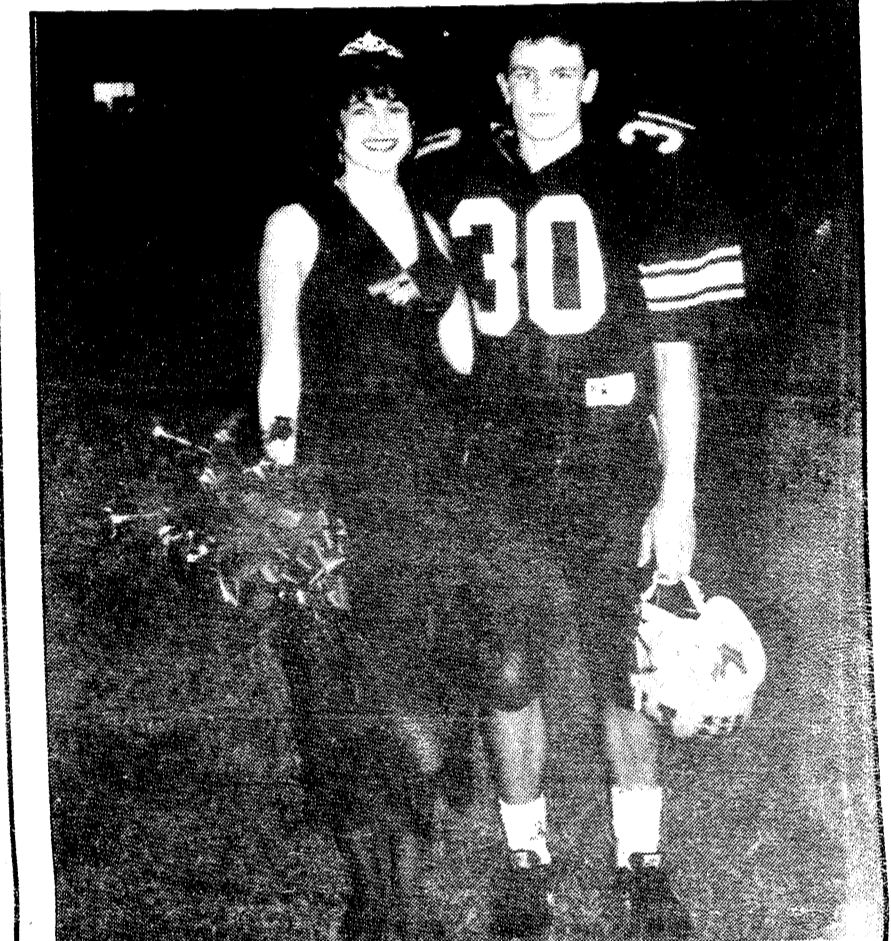

As part of their First Responder training, they also received their CPR certificates.

During August the girls attended an emergency medical muster held in Colorado at the U.S Air Force Academy as members of the HVA explorer post. Eight explorers and two HVA paramedics attended the seven day long seminar. The explorers were able to choose sessions which reflected their interests in areas such as drownings, burn treatment, splinting, cave rescue, etc.

While attending the muster, Kelly Rains encountered a real-life emergency rescue as she was one of several explorers who became trapped in a cave for seven hours!

The HVA explorer post provides emergency first aid services at various community events as assistants to the HVA personnel. Kelly and Hillary have worked in first aid at the Gus Macker tournament and at University of Michigan and Eastern Michigan home games. Both girls hope to continue their emergency medical training and go on to college to study nursing or medicine.

Homecoming '93

During halftime of the Homecoming game between Manchester and Vandercook Lake Friday night, Kathleen Baran was crowned Queen and Brent Woods was crowned King. See additional pictures of Homecoming page 3, and, on page 14, how Manchester skunked Vandercook Lake. Above photo by Ray Meyer

Optimist President Installed

Mary Kallewaard (pictured above left) was installed as president of the Manchester Optimists at the September 27th meeting. The induction was performed by Rebecca Peach, Lt. Governor of Optimists International in our region.

Mary assumes leadership from Terry Harris, who expressed heartfelt appreciation for the cooperation of the membership in club projects.

Terry remarked that being

club president was intimidating at first, but with the help of "Optimist Emiritus" Ted Tapping and past president John Korican, the responsibility became enjoyable and personally rewarding.

Mary plans to maintain club traditions, encourage new membership and add a few touches of her own. The Friends of Youth look forward to another season of service under capable leadership.

From The Ground Up

— by BG

The frost of the fall has nipped some tender plants and it is a signal to begin the serious cleaning of the garden.

Tidy the beds by cleaning up all of the debris ---the dead leaves and stalks, the plants that were killed by the frost, the annuals that are no longer blooming, anything brown or dead. It is better to cut the dead stalks instead of pulling up the whole plant. This will avoid disturbing bulbs or roots of neighboring plants.

I must confess that I don't completely clean up the flower bed in the late fall. The Chrysanthemums plants are left intact until early spring for two reasons: the skeleton of the dead plant protects the emerging green shoots from ice and too much snow. Also, it enables me to quickly find those green shoots when the time comes to take cuttings in early spring.

Annual plants that reseed themselves, such as Sweet Alyssum, Snapdragons, Pinks, will benefit from the winter protection of this year's plants. Look under the current flowering Sweet Alyssum and you will see dozens of tiny plants that won't

survive the winter. Some of these tiny plants could be potted for house plants this winter. The new plants for next spring will come from the seeds remaining on the ground.

The perennials still have a functioning root system even though the flowers have gone. Use a mulch to keep the ground from freezing prematurely. Make sure that those plants have enough moisture until the ground does freeze.

Mulching will also prevent the soil from alternately freezing and thawing. This action can force the plant, roots and all, from the ground. Coral Bells and Foxgloves can be victims of this unless the ground is mulched. Don't cover the plants- this can lead to the plants being smothered with wet material and eventually rotting.

The ideal mulch would be compost made from last year's garden remains. The year spent in a compost pile has reduced the stalks, leaves, etc. to a friable mixture, ready to lend a magic touch to the garden. Shredded leaves make a good substitute for mulching if compost isn't available.

Next week's column will discuss the various methods of making compost - the quick, the easy and the truly bizarre.

Planting wheat — the old-fashioned way

George Macomber of Whippoorwill Farm in Manchester Township was photographed last week planting wheat with his team of white draft mares. George is 85 years old, the particular piece of equipment he is using is an antique, and the horses are in their late teens.

— Photo by Ray Meyer

Attracting the Birds of Winter

Each year, summer comes and goes in the blink of an eye. Before we know it, the long, lazy days of the season are over and autumn is upon us, bringing shorter days and colder weather. Although the change in weather has little effect on most of us humans, the approaching fall and winter seasons can be rough on our backyard birds.

An often dramatic decrease in the supply of natural foods and fewer daylight hours make it difficult for birds to find sources of food. We need not worry though, for we can help our feathered friends and benefit at the same time by providing them with food and participating in the entertaining and relaxing hobby of bird watching.

Bird Feeders

Actually, fall is the best time to start feeding birds, because they have yet to settle down in their winter territories and have not fixed their habits of searching for food. If you set up a bird feeder in early autumn and keep it filled with food you can attract many wintering birds that will become accustomed to visiting before cold weather actually begins. Then, as the fall turns into winter, those birds will usually elect to remain where they know there's an ample supply of tasty, accessible food.

Once you've assembled or purchased a bird feeder, scout your yard for the best locations for hanging it. Keep in mind that a feeder should be hung in areas that are out of reach for squirrels, mice and cats. The feeder should also be placed in areas of abundant natural shelter, such as trees and hedges. This is especially important in the fall and winter months for the shrubby serves as protection against the cold winds and snowstorms of the seasons.

It is recommended to hang two or more feeders in order to attract an increased number of birds.

Bird Baths

After you have the feeder in place, you may want to consider setting up a bird bath in your yard. This will serve as an addi-

tional attraction for bird visitors, providing them with a place to stop for a quick drink or to clean their feathers. One thing to remember while maintaining a bird bath during the fall and winter months is that it must be kept thawed.

One way to do this is by adding hot water to the bath every so often. If you set up your bird bath on a window shelf, you won't need to venture out in unbearably cold weather.

Although this method will suffice, a more convenient, and relatively inexpensive way to keep the bath thawed is by investing in a waterproof electrical heater. This is a good choice because it keeps water at a certain, even temperature. These heaters can be purchased at aquarium supply stores for about 10 dollars.

Bird Haven

Now that you have turned your yard into a bird haven for the upcoming seasons, sit back, relax and watch for the many wintering birds that will visit your family's yard. The average garden attracts approximately fifteen species, but the number varies, depending on where you live. Common winter visitors include cardinals, jays, mockingbirds, chickadees, nuthatches and mourning doves.

Buying a bird watching guide will help you identify your new guests. Whatever you decide, you can now enjoy the entertaining, educational and rewarding pastime of bird watching, all the while knowing that you have done something to contribute to the preservation of our fine feathered friends.

I would like to thank you for your wonderful coverage of 4-H during National 4-H Week. I was really impressed with the effort you put into it. I know the 4-H members and leaders certainly gained a sense of pride at seeing their clubs in the lime-light. Community efforts to recognize the hardworking members is what helps to keep 4-H alive.

Out and About

—by gar

There was a conspicuous absence of some regular coffee shop patrons Sunday morning. Monday morning a few more mourners were present. I wonder if it had anything to do with some numbers. Numbers like 17, I think that left a few of the coffee shop regulars kind of numb.

The number 17 probably wouldn't be that upsetting normally, but when the number 7 followed the 17 it was probably a little bit choking.

Well more than a little bit choking for the proprietor of a shop on Main Street. That poor fellow buys season tickets to practically every sporting event that the number 7 is involved with. He has such an aversion to the holders of number 17 he even has referred to them as "slime green".

Now there is nothing intrinsically wrong with the numbers 17 to 7. Of course 17 is a number greater than 7 by the sum total of 10.

The coffee shop did have some patrons that don't often frequent the establishment on a Sunday morning in the fall. I think it was because of the number 17 and not the number 7. Perhaps it was because they had to endure the indignity of a lesser number in the past.

Perhaps the blue looks on sad faces were because potential mythical national champions don't lose. Something that green looks on smiling faces have had to endure.

Maybe the reality of 17 to 7 is that: There are times when you score 17 and there are times you score 7.

Of course Ron and Dave were smiling even if many others weren't. Me you ask? I miss Duffy and Bo. I made some money wagering against Bo in the year-end games, but rest assured during the season he could motivate the same as Duffy could.

17 to 7, enjoy it until this time next year then look out!

German Exchange Students Visit the Enterprise

Recently, German foreign exchange students staying with families in the area, were sent by the German teacher at Manchester High School on a mission: to scavenge hunt through our downtown area to gather information and collect objects such as red and green rubber bands, buttons, etc.

They were instructed to find out pertinent and important information about Manchester: the date of the annual Chicken Broil, when the newspaper was established, the name of the river running through town. The Enterprise provided them with an issue of the newspaper from April, 1992, which they needed

and hopefully supplied them with correct dates they needed. They were a fun group of enthusiastic students who commented that Manchester would probably be their favorite town of all they would be visiting during their stay in the United States.

"Eyes and Ears" Program in Washtenaw County

At a press conference recently, hosted by area law enforcement agencies and utility companies, the new "Eyes and Ears Program", soon to be implemented in Washtenaw County, was introduced.

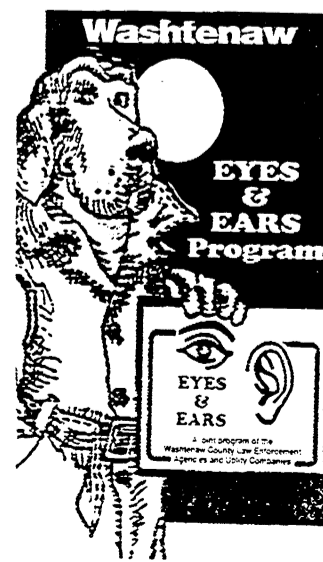

"Eyes and Ears", first established in the Detroit Metro area, is a program designed to help law enforcement agencies reduce crime by using two-way radio-equipped vehicles to report suspected criminal activities and other emergencies to the police dispatch center.

"We've had an enthusiastic and cooperative response from both law enforcement agencies and utility companies participating in this program," states Sheriff Ron Schebil. "We see this as a valuable link between

local law enforcement agencies and the community in reducing crime and providing assistance. A utility company vehicle displaying the "Eyes and Ears" logo is an emergency reporting station, and the employee operating the vehicle has been trained to summon help if you are in trouble or need assistance. It's a real teamwork effort."

"I must emphasize," continues Sheriff Schebil, "that the utility company employee will not be taking on the role of police officer and is advised never to take independent action. "Eyes and Ears" will focus specifically on reporting suspicious persons and situations that appear to be related to criminal activity.

It's our hope, too, that this program will be especially beneficial in ensuring the safety of young people enroute to and from school."

The Manchester Enterprise welcomes letters to the editor, guest editorials, your comments, suggestions and opinions.

FORUM ON EDUCATION

Column Editor, Martha Stoner

Forum on Education is a new column in the Enterprise intended as a place for all of us to speak our minds about the purposes of public education. Readers are invited to write about the changes they would like to see in public education.

(Martha Stoner has a Ph.D from The University of Michigan and has been teaching literature and writing at the college level since 1979.)

From the time we are young, most of us are trained not to speak our minds. This training is undertaken by parents, and grandparents, by teachers and by religious clergy.

This training is epitomized in the phrase, "a child should be seen and not heard." Few, today, would say they hold this view; yet, when we look at our actions, we see that in spite of our best intentions we tend to perpetuate this attitude.

This training continues into adulthood. Who has not learned "never to discuss politics or religion" unless with those one knows well.

All sorts of disagreeable consequences result from this training.

Individuals learn to keep their opinions to themselves. This generally means harboring negative and unpleasant feelings and attitudes. Unfortunately, these negative feelings and attitudes often are expressed in the form of "talking behind people's backs."

Initially, a person is attempting to be polite, to not say something that might offend someone else, but the cause of those feelings remains in the individual's experience, and resentment grows.

Ultimately, that resentment builds into anger and that anger finally bursts forth either directly at the source of the feelings or indirectly at others who are innocent bystanders.

In either case, anger is unproductive. When we are angry, we make mistakes.

However, the greatest danger when we silence ourselves is that we never examine our own thoughts fully.

It is through speaking our thoughts from the time we are children that we learn to make careful discriminations about our thinking processes.

It is scary to go to a parent and say, "I disagree with you and this is why." But once that step is taken, the child must fall back upon her or his ability to reason.

Logical thinking is innate in the human being, but in order for that innate ability to mature, it must be used. And it must be used often enough in real-life situations to become a skill that the child can carry into adulthood.

Most fruitful can be an open dialogue between persons who disagree. Because we are unpracticed at this sort of conversation, we tend to believe when we finally do engage in such a dialogue that we are in a battle. We behave defensively.

We hear our position being called into question, and rather than asking ourselves whether or not that position requires re-evaluation, we become angry, run to the barricades, and hold to our views.

A dialogue between persons who disagree can only be fruitful when each person is open to new ideas.

When, in this column, I raise questions about an attitude or practice evident in the schools, I do not intend to criticize an individual even though that practice may be espoused by that individual. Rather, asking the public to consider whether or not that practice is in the best interests of children provides an opportunity for the educators who believe in the practice to explain more fully their reasons for teaching or administering in the way that they do. This benefits everyone.

The anger we feel when our views are questioned stems, in part, from the fact that we identify ourselves with our ideas. "I believe X" becomes "I am X." When we feel threatened, we are more likely to cling to our opinions and less willing to entertain the possibility of change.

Yet, in truth, each of us changes every day. We are like a constantly flowing river, accumulating new impressions, new experiences, and new thoughts with each moment that passes.

Biologists tell us that our bodies entirely regenerate all their cells over a seven year period. You are physically changing every second. Those who

believe they don't change or who criticize others for changing are blind to their own nature.

It is risky to enter into open dialogue with another. But it is a risk worth taking. Even if the other person's view of us remains unchanged, even if the other person's philosophy continues to exclude ours, we come to see ourselves better.

Self-expression brings forth the knowledge we carry within. If we hide that knowledge from others, we hide it from ourselves.

The Enterprise offers you the opportunity of speaking. As we read each other's thoughts, let's try to read beyond the "I" that believes "X." We all have wisdom to offer and much to learn.

Congenital Hypothyroidism

—a report by Justin Henderson, age 9,
4th Grade Klager Elementary School

On Saturday, October 9, 1993, I went to the Fourth Annual Conference for Parents of Children with Congenital Hypothyroidism. I went to the Holiday Inn - North Campus in Ann Arbor.

I was part of the Children's Panel with three other children, Rachel Karwick, Nakul Shankar, and Caroline Talsma. We were all born with thyroid problems. My thyroid did not grow like it should have before I was born. That caused me to have to take a pill every day but other than that I've grown normally.

Without a thyroid that works or no thyroid at all, I would not have developed right.

This conference was for parents of newborns with the same problem as me. They had many questions for me and my mother about me growing like a normal child. Besides taking a pill in the morning, I have a check-up and a blood test every year.

I think the parents felt better after seeing and talking to me. They know now that their own baby can grow up to be a happy kid like me.

CLUBS & ANNOUNCEMENTS

Manchester Chamber of Commerce hosts Ann Arbor Area Convention and Visitors Bureau Wednesday, October 20

The Manchester Area Chamber of Commerce announces a general membership meeting on Wednesday, October 20. The meeting will take place at Haarer's Meeting Place, 223 E. Main St. from 8 to 9:00 a.m. Coffee and juice will be provided.

The agenda for the meeting is as follows:

- Welcome and recognition of new members
Plans for Christmas Lighting downtown this year
Plans for possible Winter Festival in Manchester in February, 1994
Invitation to the Ann Arbor Area Business-to-Business Expo on October 26
Presentation by the Ann Arbor Area Convention and Visitors Bureau
Announcement of next meeting on November 16, 1993 at Manchester Plastics.

The featured speaker will be Mr. Jerry Preston, president of the Ann Arbor Area Convention and Visitors Bureau. The Convention and Visitors Bureau is heavily involved in bringing out of town visitors to the Ann Arbor area. Although Manchester is not likely to host a convention of 1,000 delegates, Manchester is very likely to be a featured attraction for delegates.

Whether you have ever been a Chamber member or not, join us at this meeting as we plan for the future of the Manchester area.

The Manchester Area Chamber of Commerce meetings are always open to the general public. For more information, contact Jim Achtenberg of Woodbrook 428-7011.

The Manchester High School Key Club is hosting a costume judging contest on Halloween, October 31, 1993 at 7:15 p.m. at the Gazebo.

Contestants must be elementary school age and under. The judging will be held promptly at 7:15. Categories will include prettiest, ugliest, most creative, etc.

Trick-or-Treating will be during the hours of 5-7:00 p.m. in the Village.

Come to the Gazebo and join the fun!

The past is but the beginning of a beginning. -H.G. Wells

Where to Recycle In Manchester

Recycling bins at Walco Foods:

- clear, green and brown glass (clean, lids removed)
tin cans, bottle caps, steel jar lids, aluminum cans and trays (clean, crushed labels removed)
newsprint
milk jugs (clean, crushed, no caps)

Dan's Westside Automotive:

- used car batteries
used motor oil (a 90¢ charge per gal.-what Westside is charged to have motor oil picked up)
used anti-freeze (same as above-90¢/gal.)

Pyramid Office Supply:

- polystyrene packing peanuts
household batteries

Woodbrook:

- styrofoam packing blocks
Dyer's Auto Parts: (two miles west of town on Austin Road. 8am-5pm Mon-Fri, 8am-1pm Sat.

any scrap metal, including used appliances except refrigerator

used car batteries (they pay \$1 each for them)

Masonic Lodge #148

Members of Manchester Masonic Lodge #148 F&AM dressed in ritual robes of yesterday. Many of the costumes are more than one hundred years old. These costumes were used for plays, initiation ceremonies and for purposes of instruction.

Johnson Controls Receives Award

The Washtenaw Development Council (WDC) held its 11th annual Open House and Developers Showcase and presented one of the 1993 "Building Washtenaw County's Future" awards to Johnson Controls, Inc.-Plastics Machinery Division of Manchester.

The awards recognized area organizations that have strengthened their competitive position and the county's economy by locating their operations here or making significant plant/equipment investments.

MANCHESTER AREA HISTORICAL SOCIETY

Jay Platt, owner of West Side Book Shop in Ann Arbor, will be the featured speaker at the Tuesday, October 19 meeting of the Manchester Area Historical Society held at the Blacksmith Shop, 324 East Main, beginning at 7:30 p.m.

"An Introduction to Book Collecting" will be the topic as Mr. Platt explains about first editions, what makes books collectable, and tools of the trade he uses in determining the quality and value of books.

Mr. Platt is a graduate of the University of Michigan and opened his book shop in 1975.

Everyone is welcome to attend this and every meeting of the Manchester Area Historical Society held at 7:30 p.m. on the third Tuesday of each month at the Blacksmith Shop.

- Mary Smolinski

Weekly Rehearsals: Ann Arbor Sweet Adelines

Every Tuesday all women are invited to drop in and listen or participate in weekly rehearsals of this award-winning local barbershop harmony chorus, from 7:30 to 10:00 p.m. at the Glacier Way United Methodist Church, 1001 Green Road, Ann Arbor.

Visitors are welcome. Monthly dues are \$18 for those who join. Phone 313-995-4110.

Senior Citizens News

-T.V. Ludwick

Celebrating October birthdays at the special Senior Citizens luncheon last Thursday were: left to right, standing: Earl Alber and Paul Schwab; seated, Marian Hanley, Florence Parr, and Mary Smith. Birthday celebrants were treated to cake with candles, and all enjoyed another delicious meal thanks to Jan and helpers.

We went to Mt. Pleasant over the weekend to attend a cousin's wedding and what fun to get together with relatives in the Alma area. How fortunate most of you are to have local cuzs you can pop in on. You say, "Well, they just live three miles away and haven't seen them for months." Doesn't seem quite possible to me who has none in this area, but, who knows? Anyway, did bring back a souvenir from up there - a large sugar beet and heard tales of the over-abundant supply of wild turkeys this fall (maybe 'til you hunt them).

Tuesday, October 19: No wild turkey (we think), but come to enjoy BBQ'd chicken as only Jan and crew can fix it. Activity at the Center follows and help is always needed to work on current projects, come and enjoy. At 5:30, bus pick up begins for the trip to Tecumseh and the travelogue. Call Erma to go along.

Looking ahead to October 27: Saine Hospital Program will be held today and bus leaves the Center at 10:00 a.m. Call Erma for bus reservation.

Flu Shots, sponsored by the Public Health Division of the county, will be given on Thursday, November 4 from 9-11:00 a.m. at Emanuel UCC. Their letter states: "Medicare is covering the cost of flu shots this year for persons receiving other medical services. We are not currently a medicare provider and since we will be providing a single service only, we will not be able to bill medicare. Therefore, some persons may prefer to receive their flu shot at their regular physician visit." In case you decide to come to the clinic, the cost will be \$7 for your shot.

Wednesday, October 20: A tour of one of our local industries, Pilot Metal Products is planned. Seniors will leave the Center at 9:45 a.m. for the 10 o'clock tour. Call Erma to go along.

Thursday, October 21: Craft class at 9:30, ham loaf at noon senior lunch with bingo to follow. Get lunch reservations in to either Linda at 428-8359, ahead, or to Jan on meal days before 10:30 a.m. at 428-7630. All who are 55 or more in our area are invited to senior lunches to come and enjoy.

Thursday, October 14: Craft class begins at 9:30 and Salisbury steak will be on the table for senior lunch at noon. Then bingo will be enjoyed.

Friday, October 15: There will be a 6:00 p.m. pick up by senior bus to attend the Saline Seniors Card Party. Call Erma Alber at 428-8707 for your ride.

Library Book Discussions: They're fun, they're interesting, they're even delicious

What can children's books tell us about life and friendship, growing up and death?

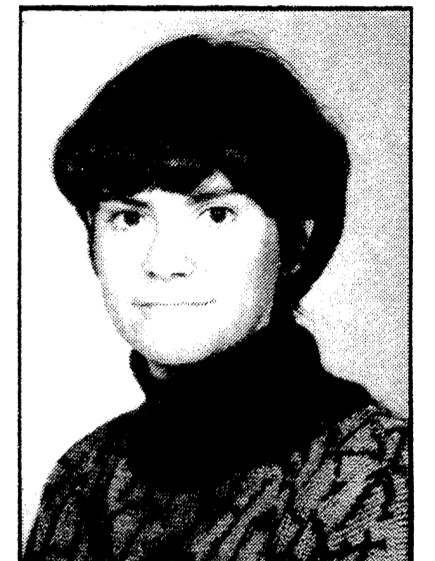

E.B. White's treasured Charlotte's Web, and Bridge to Terabithia by Newberry medalist Katherine Paterson, are the featured readings in this Thursday's meeting, October 14, of the Manchester Township Library book discussion series.

Children's author Valerie Scho Carey joins us for dessert at 7:00 p.m. at the Blacksmith Shop, then leads the discussion at 7:30 p.m.

E.B. White spent a year studying spiders before writing Charlotte's Web, a work over which children and adults cry as they reach the concluding chapter. The Bridge to Terabithia was written after the author's son had suffered through a similar experience.

Please join us to discuss these books and these issues. It is not required to read the books to attend.

For more information, call the Library at 428-8045.

Valerie Scho Carey, children's book author, leads this Thursday's discussion at the Blacksmith Shop.

Obituary

Edwin E. Cottrell Jackson, MI Age 73, died at Foote Hospital Tuesday, September 28, 1993. He is survived by two daughters, Carol Hanson of Rives Junction and Christine DesJardins and husband Robert of Manchester; one sister, Doris Horton and husband Ed of Concord; six grandchildren; one great-grandchild; several nieces and nephews. He was preceded in death by his wife, Gloria. Edwin was a truck driver and retired as a freight hauler from U.S. Truck Company. He was a member of Teamsters Union Local No. 164. At his request, cremation has taken place. Memorial services will be held at a later date. Arrangements by Nichols-Arthur Funeral Home of Michigan Center.

Don't Stay Away From Church

Because you are poor — admission is free
Because you are rich — we can remedy that
Because it rains — you go to work in the rain
Because it is hot — so is the golf course
Because it is cold — it is warm and friendly here
Because of hypocrites — you associate with them every day
Because of company — they will admire your loyalty, bring them along!
Because of your clothes — our church is not a fashion show
Because of church standards — take a look at Bible standards if you think ours are too high
Because the church always wants money — so does the grocer
Because of emotionalism in religion — how about the ball game?
Because you have time ahead later for church — are you sure?
—Zion Lutheran Church newsletter

Engagement Announced Stewart-Strahle

Rebecca L. Stewart and Bryan L. Strahle are engaged and planning a November wedding. Parents of the couple are Christina and Wilson Stewart of Manchester and Delores and Harold Strahle of Grass Lake. The future bride is a 1993 graduate of Columbia Central. Her fiancé is a 1989 graduate of Manchester High School. Bryan is employed at Horning Farms and is also in partnership of K-B Farm.

PEOPLE & OCCASIONS

Bloodmobile Reminder — October 18

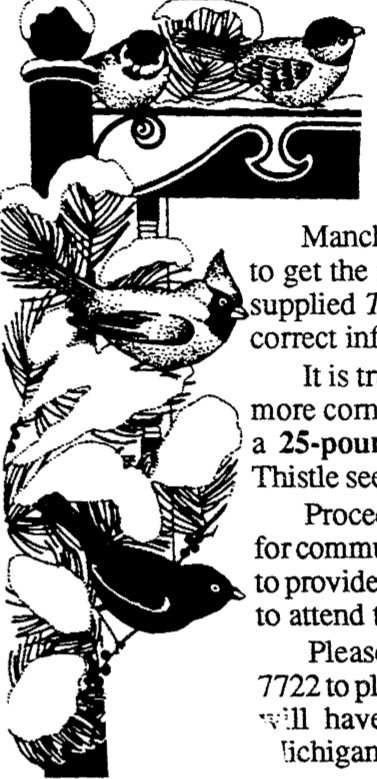

For all of you who read this paper, a reminder that the American Red Cross Bloodmobile will be here in Manchester at Emanuel United Church of Christ this Monday, October 18, from 1 to 7:00 p.m. The actual chairperson of the day is Marti Vassoff (my mistake last time).

We all know that there is an ever-present need for blood. But it seems that instead of the supply increasing, it appears to be getting less. Maybe with all our modern medicine and technology, there just has become an even greater need for blood.

If you have not signed up with a recruiter or at one of the Red Cross boxes yet, you can still be part of this wonderful opportunity to help others. We always welcome "walk-ins." We hope to see you at Emanuel Church this Monday. —Marja Warner

Kiwanis Bird Seed Sale

Manchester Kiwanis would like everyone to get the most for their money, however, we supplied The Manchester Enterprise with incorrect information last week. It is true that the mixed bird seed includes more corn this year, but also \$5 will purchase a 25-pound bag of seed not just 5 pounds! This seed is sold in gallon containers for \$5. Proceeds from the bird seed sale are used for community service. One of those projects is to provide scholarships for pre-school children to attend the Manchester Co-Op nursery. Please call 428-8667, 428-8976, or 428-7722 to place your bird seed order. Manchester will have the happiest, healthiest birds in Michigan!

The Manchester Area Senior Citizens Council requests a continuation of the annual \$5,000 allocation to assist with the Senior Meals Program. Income from meal sales in were \$11,225; expenses of cooks' salaries (\$6,350) and Food and supplies (\$9,900) total \$16,270.

Without the subsidy, meal prices would have to be raised 45% or the program would have to be reduced.

Five thousand meals were served 73 days from September through June. Emanuel Church furnishes the kitchen and dining facilities virtually without charge. Two volunteers from various churches come in to help serve and clean up. Others volunteer time each day to help in kitchen during preparation and serving time. The charge for meals for those who can afford it is \$2.50.

LOCAL GOVERNMENT

VILLAGE OF MANCHESTER FALL LEAF PICK UP

BAGGED LEAVES will be picked up beginning MONDAY, OCTOBER 25, 1993 and continuing through WEDNESDAY, NOVEMBER 17TH. Pickups may be on Mondays, Tuesdays, Thursdays or Fridays, depending on availability of Village truck and labor.

LOOSE LEAVES WITH NO TREE BRANCHES OR SHRUB CLIPPINGS, will be picked up during the month of November with the vac-all truck as scheduling allows. Leaves should be raked to the edge of the road.

COMPOSTING SITE will be on Hogan Rd. at the Village Industrial Land, at no charge. Loose leaves should be deposited along the windrows; bagged leaves must be emptied along the windrows and the bags taken away from the site.

Michigan Townships Association has highlighted some possible tax changes.

• 16 mill state property tax on non-homestead property. Exemption if you agree to a 4% transfer tax when the home is sold. Single Business tax increase by .5%. Cigarette tax increase by 50 cents per pack.

• Eliminate homestead property tax credit and city income tax credit. Increase the sales tax to 6%. Senior citizens with incomes less than 1 & 1/2 of the poverty level would get a \$450 low income tax credit.

• Public pensions would be taxed same as private pensions. Income tax exemptions for pensions increased to \$15,000 from \$10,000.

• Townships would be authorized to levy 3 mills, villages 2 mills, county 2 mills, above current levels to cover lost revenue.

• State tax Commission would be eliminated. County equalization becomes final equalization.

None of this is final yet, the legislature, governor and voters must act first.

— Emory Garlick

BOARD OF PUBLIC WORKS Regular Monthly Meeting

Pursuant to Act 267, Public Act of Michigan, notice is hereby given by the Washtenaw County Department of Public Works that a regular monthly meeting of the Board of Public Works

will be held on:

Wednesday, October 20 at 8:00 A.M. EIS Conference Room, Suite 200 110 North Fourth Avenue, Ann Arbor

EMU Family Weekend Includes University - Wide Open House

Eastern Michigan University's first campus-wide academic open house for community and campus families will be Saturday, October 23, from noon to 4:00 p.m. as part of EMU's Family Weekend.

In addition, community bus tours and the opportunity to visit inside the Ypsilanti water tower will be available. Children and teens participating in the open house will be given a 'passport' to guide them to several campus locations and finally, lead them to Rynearson Stadium where the annual Learning Fair, from 3:30 to 5:30 p.m., will precede the EMU vs. Western Michigan University football game at 6:00 p.m.

Each of EMU's five colleges, every University division and several community organizations are involved in planning and presenting the activities, which include demonstrations of computer mapping and electronic publishing, plastic bottle-making, robotics and adaptive technology.

Also planned are a chemistry magic show, theater and musical performances,

storytelling by Michael Garcia, a diving exhibition and free use of EMU's recreational facilities.

Also planned are a chemistry magic show, theater and musical performances,

football game free. Sunday, October 24, Family Weekend will continue with golf at the EMU Huron Golf Course and EMU's International Festival at noon in Bowen Field House. Coordinating the events is EMU Associate Vice President for University Marketing and Student Affairs Courtney McAnuff who said Family Weekend is an excellent opportunity to interest young people in higher education. "It's an opportunity to excite your kids about education and it's our first truly academic open house for younger children," he said. "Young people will get a chance to experience all kinds of things they otherwise might not consider and they'll be able to do it in a festive atmosphere with their families."

Forms available in offices of Keger and middle school and at the field on October 16.

Manchester Skunks Vandercook Lake, 40-0

— Karen Stroock

The Flying Dutchmen continue to dominate the league as they remain undefeated. They have not allowed a point to be scored against them in four of their six victories. The score: 212 for, 13 against. With two conference games remaining, neither team can be taken for granted.

Friday's game with Vandercook Lake was over in the first quarter, as Manchester scored quickly and repeatedly on big, big plays.

Manchester, kicking off to begin their sixth straight game, forced the Hawks to punt from their own 32. Brandon Woods received, then found some seams in the defense, and scored 6 on his 58 yard gallop. The PAT was wide right and we led 6-0 with 9:42 to go in the first quarter.

Again Vandercook Lake was forced to punt from their 28. When the Dutchmen nearly blocked the kick, the ball went out of bounds at the Hawks' 29. The first Dutch play was a TD pass from Tom Fielder to Brandon Woods. Jeremy Stroock's kick was good. Score: 13-0 at 7:11 remaining.

The third VL possession ended in a punt after a 2 yard loss in three downs. The punt was returned 15 yards to the VL 38, but Manchester lost that on a 15 yard penalty on the first play. Mica Puscas, on a beautiful handoff, found big holes in the defense (created, in part, by our offensive line) and scored on a 53 yard ramble to the endzone. The PAT was good and Manchester led 20-0 with 4:38 still to go in the first quarter.

Manchester's kick-off team fired up and the Hawks were forced to start the next series at their 15. They were stopped after gaining two and punted to the Dutch 49. Brandon Woods' return gave MHS the ball at the Hawk 39. The first play resulted in a fumble, recovered by VL at their 46.

The Hawks found their passing offense, completing two passes for 27 yards, and marching to the Dutch 25 yard line. On 4th and 11 they elected to go for the first down. The quarterback was sacked for 11 yards by Stroock and Manchester took over at the Dutch 36.

The Flying Dutchmen killed themselves on the next series as they gained good chunks of ground, but were penalized 30 yards. Shane Goodell gained 18 on three carries, Brent Woods had 13 on a pass, and Brandon Woods had 28 on a pass and 8 running. Momentum stopped and a 43-yard field goal attempt by Stroock was wide to the right.

With time running out in the first half, the Hawks went to the air. Some heads-up play, with plenty of pressure being exerted on the quarterback, resulted in a Chris Fillyaw interception at the 15-yard line. Fillyaw, not used to running with the ball, made a valiant attempt for Manchester's second TD by the defense. He's either too tall, or couldn't tell where his knees were, because after his lunge for the goal line, the ball was marked down at the

one yard line. Nice run Chris! Shane Goodell carried it in for the TD. The PAT was no good. Manchester led by 26 at 3:32 to go in the half.

Vandercook Lake, starting at their 21 got one first down, but, nose guard Brad Davis, sacked the QB for a 14 yard loss, forcing another punt. Fielder completed another pass to Brandon Woods, who had a super night, for another 27 yards to the 12-yard line. The half ended with an incomplete pass into the end zone.

The Homecoming crowd then sat back to enjoy the half-time festivities. Along with the band show were presentation of class posters and winners, and crowning of the Queen, Kathleen Baran, and King, Brent Woods.

MHS started the second half with a powerful offensive drive. Goeff Brooks gained 11, Davis ran for 18, and Brent Woods received for 6 before running the TD in from the 21. Stroock's PAT was good, and the score stood 33-0 with 8:48 left in the third quarter.

After an exchange of punts, the Hawks moved to the Manchester 42 with the help of an interference call. Fillyaw then created a fumble and Jason Gehringer covered it for the Dutch on the 44 of the Hawks.

Mike Barnard took over at QB, directing the final Dutch TD drive. Brooks gained 6; Brandon Woods caught a 17 yard

pass; and Davis was stopped on the one after a 20-yard run. Brooks carried the ball for the 6 pointer, the PAT was good, and Manchester led 40-0 with 8:33 to go in the game.

The final Dutch drive ended with a fumble in the end zone after driving from their own 44. Eric Anderson ran five times for 19 yards; Brooks for 14; Davis for 11; and Goodell for 7. And, yes, the final play of the game was a 7 yard sack by Mica Puscas.

Wes Gall's comments: "The game went like the coaches expected. We wanted to make sure that we came out to play. It did get a little tense at times, as the refs were calling penalties when they previously did not call it that tight. The defensive line played well - exerted a lot of pressure. The offensive line made some good holes. This was the second game where the line did not allow any quarterback sacks. We still must improve in all phases of the game" (if we're going to make it TO THE TOP!).

Awards for the game: Offensive Player - Brandon Woods, Defensive Player - Brad Davis, Scout Team - Jason Rorabacher, Special Teams - Shane Goodell.

This Friday's game is at East Jackson - 7:30 PM. See YOU there!!

A View From the Sidelines

— by Angie Carlson

Angie Carlson is a junior at Manchester High School. She writes a column for The Enterprise titled "The High School Connection" about events and special happenings.

It's Friday night in the little town of Manchester. School has been out for a little over four hours, but students are still buzzing around having fun and chatting with friends. This is no study group. These kids and parents are getting ready for the big game, the homecoming game, and the last home game of the 1993 football season.

Just watching the game is not enough for me. That's why I choose to sit on the sidelines. I've tried to sit in the stands, but I soon realized that sitting on the field is like sitting in a different world. I can feel the tension and the excitement building in the air as I watch the Dutch stretch and practice some well thought out and organized plays. Watching them makes me think of my therapy, and how similar, if not the same, those stretches really are to mine. Being in a wheelchair, and having to deal with constant spasticity in my muscles, I know first hand how much they can improve one's flexibility, and make one's performance seem 100% better.

The other team now comes onto the field. I notice that they are not as comfortable here as they would be on their home turf. Their technique is a little different, too. While the Dutch are quiet, full of concentration and confidence, the opposition is running around trying to get rid of last minute jitters, and putting a little less emphasis on stretching while on the field and more on running with the ball.

I hear the distant (but approaching fast) drumbeats of the Manchester High School Band. It seems every time I hear them play, the music gets better and better.

The cheerleaders are also doing some last minute stretches and getting some pictures taken for the yearbook. They have bunches of balloons that will be released for this special occasion.

The game is about to start. The band is making its way toward the field. Seconds later, the loud speaker begins to crackle. "Will you please rise for the singing of our National Anthem." The oh-so-familiar tune begins to fill the stands. As the last note is pounded out, the band dismembers and joins the cheerleaders in welcoming our beloved Manchester Dutchmen.

The distant roar of the opposing fans can be heard from across the field as their team approaches. Each player is introduced by number and position. The Manchester side is quiet while this takes place.

All of the sudden, the press box speaker booms with excitement: "And now... for your Flying Dutchmen!!" People jump, people yell, and people watch intently as our own maroon and gold uniforms flash by.

Since this is our homecoming game and the last home game of the season, our senior players are announced first. In all the excitement, the coach is almost forgotten, but we all know you cannot have a good team without a good coach.

The game starts. I try to retest myself on who has what number. I'm getting better, but I still need some practice. I guess I'll have to start going to the rest of the away-games.

Manchester makes a quick touchdown, which is no surprise to me. I'm a little amazed at how much skill you really need in football. Who would ever think that a player would have to jump over another to reach the end zone? Not only do these players know how to run through human barricades, they also know a little about ballet.

The game proceeds with much excitement. There are several different aspects that make it interesting as well. One aspect is the yelling. People on both sides of the field are yelling encouragements, coaches are yelling about plays, and occasionally you hear players yelling out of frustration. In any case, sitting on the side gives more insight on exactly what is being said and how the plays proceed throughout the game.

Another aspect is analyzing the plays and the penalties that sometimes go along with them. It's always frustrating when your team ends up with a penalty, but it's even more frustrating trying to figure out why. That's where sitting on the sidelines can make it easier to understand the strategy and rules of the game. For a fan like me, it helps to see examples rather than have someone constantly explaining as the game is taking place.

And lastly, there is half time. This is the time where people can get up and stretch, get something to eat, or talk amongst themselves about the first half's highlights. This particular night people were glued to their seats

JV's Romp, 43-0 — John Williams

Despite some very questionable calls and in front of a hostile crowd, our JV football team showed a lot of courage. Led by Aaron Garrett, the Little Dutch picked apart a previously unbeaten Vandercook Lake team. Besides tallying three touchdowns, Garret "put the hurt on" the Jayhawks with some vicious licks all evening.

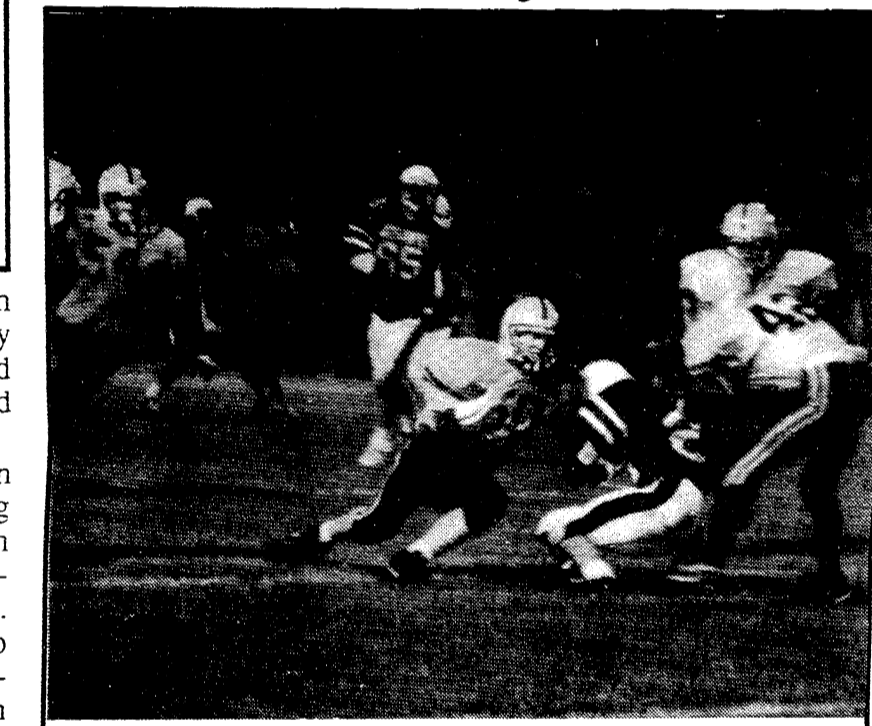

At 7:35 in the first quarter, Steve Riske capped a Garrett TD by converting a 2-point pass to Mark Harris. Zach Maghes then scored a touchdown behind the blocking of Bryan Duvall, Mike Mann and John Ross. Trevor Schleicher closed the period with a 2-point conversion. At the end of the first half, the Dutchmen were up 22 v 0.

Matt Herman got the crowd excited by intercepting a Vandy pass and racing 30 yards downfield with the ball. Manchester lost the ball on their own three yard line, however Jason Barnes came up with a huge play immediately afterwards by tackling a Jayhawk in the end zone for a safety. Maghes

followed with his second score of the evening and Schleicher kicked the PAT at the 3:20 mark.

For the remainder of the game, Manchester's defense was relentless. Joe Tobias led the charge by recovering a Vandy fumble to close out the third quarter. The Dutch marched down the field behind the play of Kevin Dettling, Andy Supers and Tom Pawlowski. With 10:26 left in the game, Garrett plowed in from the five-yard line. Big #66, Jason Porter, continued his fine defensive play. The rest of the game was all the freshmens': Steve Spurr and Micah Jefferson hugging the ball and Jefferson closing out the contest with a five-yard score.

The junior varsity's next two games are a home against East Jackson and then Michigan Center. The challenge for coaches Jim and Dick Fielder will be to keep these talented young men focused on their work ahead, both on the field and in the classroom, and to be sure their helmets don't become too snug.

JV action photo by Jon

The fear that he might conceal a joke in it was one reason that Benjamin Franklin was not entrusted by his peers with the assignment of writing the Declaration of Independence.

Middle School Girls' Basketball

7th grader Melissa Hoef shoots for two points. - Photo by Ray Meyer

7th Grade

The 7th grade girls basketball team has completed just over half their season. Their record stands at 5-2. They have a very talented bunch of girls and show the potential of having some league championships during their high school years. The team is made up of a solid group of forwards: Julie Porter, Cheryl Pfautz, Courtney Whitaker, Melissa Hoef, Megan Wilson, Angie Makielski and Michele Alber. The guards are led by Mary Barrett and Amy Gall with strong contributions from Laura Haeussler, Sarah Page and Laura Kanta.

They have five tough games to finish the year but if they play their best, they should finish 8-4 or 7-5. Come see them at the middle school.

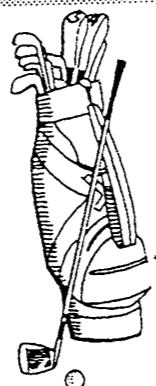

8th Grade

Manchester 8th grade girls basketball team split their games this week winning Monday against Hanover-Horton 44-13 and losing on Wednesday to an underrated Grass Lake squad 29-16. Jenette Branch led the team in scoring in Monday's game with 16 points. Lindsay Hosmer capped in with 7 points.

Good defense kept the game close Wednesday against Grass Lake. The score was tied 12-12 1:30 into the third quarter before the team tied.

Overall the team is 4 wins and 3 losses with other wins coming against Michigan Center 31-17; East Jackson 29-28 and Vandercook Lake 28-12.

Other team members contributing both offensively and defensively are: Leann Ellsworth, Lindsay Kloster, Tracy Staples, Kelly Parr, Sarah Gould, Stephanie Schultz, and Marie Haeussler.

MHS GOLF

— John Korican

The last Cascade Jamboree was held at Lake LeAnn on Tuesday, September 28 and saw the Dutch finish fourth without a tie-breaker. Ben Lowery-38, Jeff Steele-41, Jared Donnellon-45, and Matt Blossom-45, led the Dutch scoring. Manchester finished the Jamborees in fourth place with an 8-12 record.

The JV team also came in with a fourth place effort. Jon Way led with a 52, Mike Ridenour-53, Marcus McNamara-53, and Will Roberts-54.

On Thursday, we took on a good Jonesville team and bested the Comets 159-163. We posted our best score of the year as we had three golfers break 40: John Kallewaard-38, Jeff Steele-38, Ben Lowery-39 and Jared Donnellon-44.

Monday, October 4 saw the Dutch post a 160 and lose to arch rival Clinton, 151: Ben Lowery-36, Jeff Steele-41, Jared Donnellon-41, John Kallewaard-42.

The Dutchmen finished third in the conference meet Wednesday at Hickory Hills. The third place finish then allowed the Dutch to finish third overall in the league. Senior Ben Lowery-83, senior Jared Donnellon-87, junior Jeff Steele-89, and senior Matt Blossom-97. Ben made the all-league first team by posting the third best average of 39. Senior Jared Donnellon earned second team all-league spot.

On Friday, October 8, the Dutch made a fine showing at the regionals held at Woodlawn Golf Course in Adrian. Manchester shot a 349 team score. Ben Lowery with a 78, John Kallewaard-87, Jeff Steele-88, Matt Blossom-96. The 78 by Ben qualifies him for the state individual tournament to be held Friday and Saturday in Lansing.

Dutchmen Make the Pirates Walk the Plank!

7th Grade Football

by Minnie Fuerstnau

drawing by James Fuerstnau.
 7th grade middle school

The Manchester High School equestrian team captured the District VII Division B title Sunday, qualifying the team — for the third year in a row — to compete at the state level. They will compete against other Division B teams from across the state in the Michigan Interscholastic Horsemanship Association three-day event held at the State Fairgrounds in Detroit, October 22-24.

In this last of three meets, all of which were held at the fairgrounds in Milan, the total accumulated points determined the winner in each of three Divisions. Division A teams had ten or more team members; Chelsea competed against Ann Arbor Pioneer and the winner of that division was not determined until the last riders rode in the last event. Chelsea squeaked by with the most points.

Manchester competed against two other Division B teams, Lincoln and Grosse Ile. Both Manchester and Grosse Ile had six team members; Lincoln had nine. Good team participation, practicing and hard work on the part of Manchester overcame the number advantage of the Lincoln team.

Sunday, Kelly Allen accumulated 15 points, all in Fitting and Showing classes: a first in Western, a second in Saddle Seat and a third in Hunt Seat. Amber Burkhardt had seven points with a second in Western Bareback and two sixth places, in Hunt Seat Equitation and Western Fitting and Showing. Andrea Clark earned five points with a first in Trail and a sixth in Saddle Seat Fitting and Showing; Maggie Evilsizer, whose horse was only able to compete in one event because of a slight sprain, still placed fifth in the Trail class for two points. Mark Kuefner won both the Cloverleaf and Speed & Action, accumulating 12 points for the team.

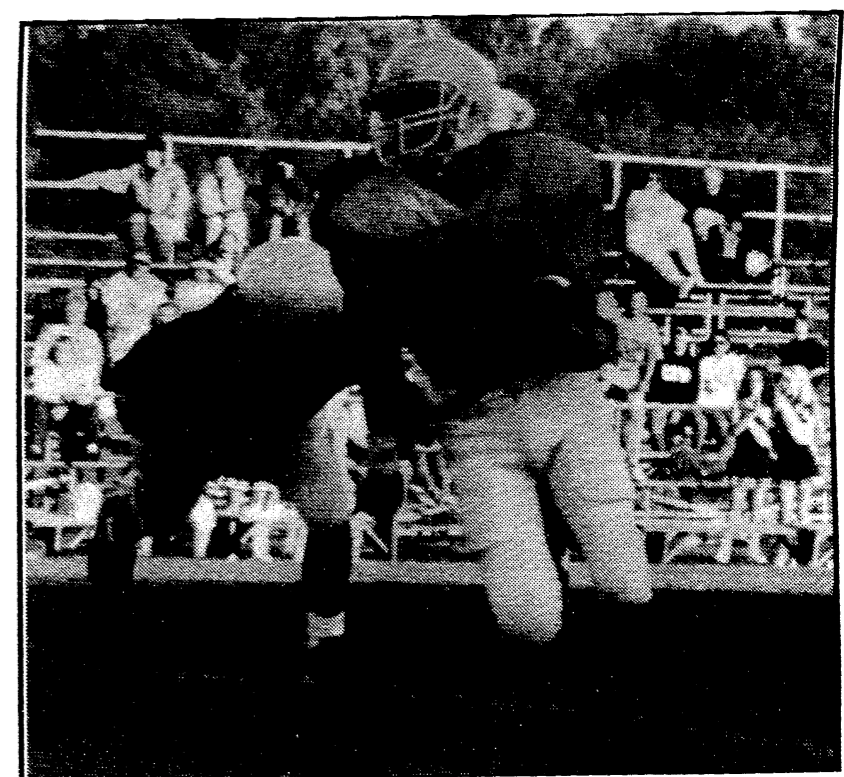

The number of students and schools participating in MIHA this year has greatly increased. In our district alone the number has almost doubled and the level of competition is exceptional. The classes are large and to place in the top seven in any class is commendable. Great job, Manchester team! The team is grateful to their parents for their help and support and appreciate all those people who asked: "How's the team doing this year?" Thank you to Wendell for the great team picture!

In this week's game at home against the Napoleon Pirates, our Dutchmen faced a big challenge — really big. The Pirates looked - really big. The Pirates looked and gave our guys their toughest game yet. But...the Dutch hung tough and won!

It was a glorious fall afternoon and there was lots of good football action. Boyce Jones tackled well, Pat Wilson recovered a Napoleon fumble on the 5-yard line. Bill Alber made good ball carries until he was sidelined with minor knee and ankle injuries. The Pirates were given a 15-yard penalty for unnecessary roughness and the first quarter ended 0-0.

The second quarter continued to be tough for the Dutch to get much rushing yardage. Levi Earhart and Andrew Hughes made some nice carries. Manchester incurred two illegal motion and one for delay of game, which put them at 4th down, 26 yards to go. Nick Rose attempted two nice passes but they were incomplete. Good tackling was done by Pat Schultz and Jeremiah Dennis.

Next game at home on October 13, 4:30 p.m., against East Jackson.

Middle School football: above 8th grader #34 Nick Davis, and below #40 Andrew Hughes. — Photos by Ray Meyer

CHOLESTEROL Screening Provides Total, HDL Numbers

Saline Community Hospital will offer cholesterol screening from 3:30-7 p.m. Thursday, October 21, in the Blue Room at Saline Community Hospital, 400 W. Russell, Saline.

The process has been revised from a finger prick that gives you only total cholesterol to a vein puncture that provides total and HDL (the good number) numbers mailed to you within three working days. Fasting is not required.

Joyce Van Ryn, RN, of hospital's Education Department, said the process was revised because many people are watching their cholesterol numbers now and want the more detailed analysis.

High cholesterol is one of the three major risk factors for heart disease. Often, cholesterol can be controlled through diet and exercise. The fee is \$15. No appointment is necessary. For more information, call (313) 429-1636.

Saline Community Hospital is a unit of Catherine McAuley Health System, a not-for-profit health care provider based in Ann Arbor.

Senior Health Day Examines "Old Bones"

"Old Bones: Osteoporosis in Men and Women" will be the topic of the free Senior Health Day lecture Wednesday, October 27, at 11:00 a.m. in the Blue Room at Saline Community Hospital, 400 W. Russell, Saline.

Sarah Eldridge, MD, a family practitioner from Dundee, and Debra Dielman, a registered pharmacist at Saline Community Hospital, will discuss what happens to your bones as you age. They'll talk about osteoporosis, the loss of bone mass, and how it effects men and women. They'll also discuss what you can do to protect your bones.

Calcium-rich snacks will be served and there will be a door prize drawing. Before the program, blood pressure checks will be offered from 10:15 to 10:45 a.m.

Senior Health Day is sponsored by Saline Community Hospital for those 55 and older.

Question: What do measles, whooping cough and 7 other childhood diseases have in common?

Answer: They can all be prevented!

Washtenaw County Public Health is making it even easier for you to bring your children in for their shots: **You can now save time by making an appointment!**

Morning and afternoon hours are available at two convenient locations. Call Public Health at 484-7200 for more information about appointments for immunizations.

Life is not a problem to be solved but a reality to be experienced. —Sören Kierkegaard

EVERYONE WELCOME!!

Community Awareness Meeting FOR THE PREVENTION OF SEX ABUSE

MONDAY, OCTOBER 18, 1993 7:00 P.M.

Chelsea UAW-CIO Hall Local 1284 2795 Chelsea-Manchester Rd. Chelsea, MI 48118

This is your chance to speak out and also have questions answered about child molestation.

DID YOU KNOW??

- * 1 out of 3 girls will be molested.
- * The average pedophile has 67.6 victims.
- * By current practice the conviction rate of child molesters is only 3%.

Experts will be available at this meeting to address these issues and answer any and all of your questions.

Any questions please contact **S.A.V.E. (Sex Abuse Victims Everywhere)** P.O. Box 558, Manchester, MI 48158 or call Jayne 428-8165 or Jack 475-3617.

Community Awareness Meeting: The Prevention of Sex Abuse Chelsea UAW Hall 2795 M-52 Monday, October 18 7:00 p.m.

SAVE (Sex Abuse Victims Everywhere) will be holding a community awareness meeting in Chelsea.

If you missed the one in Manchester last March you won't want to miss this one. This is a great opportunity to ask questions and to listen to some great speakers.

The speakers for this meeting will be:

- Brian Mackie - Washtenaw County Prosecutor
- Joyce Dorado - Therapist with the University Center for the Child and Family
- Jim Douglas - Saline Chief of Police
- Linda Medbury - Mother of sex abuse survivor
- Joshua Medbury - 11 year old sex abuse survivor from Whitmore Lake

In addition to speakers we will have five other experts on the panel to answer all questions.

SAVE was started by local parents frustrated by the lack of available resources; they wanted to talk with someone else who was going through it or had been through it.

Of reports of child abuse, about 15 percent involve sexual abuse, most involving an adult who is related to or well known by the child. Sexual abuse occurs in all groups of the population, in urban and rural areas, and in all racial, economic and cultural groups.

All forms of abuse hurt children, but the effects vary depending on the nature of the act and the age of the child. It is important that children learn to say "No" to unwanted advances and, when abuse does occur, that they tell someone. Also, children should never be made to feel that they were responsible for the abuse.

We should not feel helpless to prevent child abuse and neglect. There are actions individuals can take to support agencies and organizations that are devoted to preventing abuse and neglect and providing help for troubled families. By becoming part of the national, nonpartisan Children's Campaign, you can make a difference for abused and neglected children.

It is a network of citizens from all around the country who do such things as write letters and make calls to legislators to support and work for public policies to benefit children and families. They speak out. They volunteer with local organizations in their communities that assist at-risk children and their families.

Free Brochure

For a free brochure about the Children's Campaign, write today: Children's Campaign, c/o CWLA, 440 First St., N.W., Suite 310, Washington, DC 20001. Or call 1-800-KIDS-80.

United Way Chairperson, Sharon Kleinschmidt

The Manchester United Way Board of Directors would like to introduce Sharon Kleinschmidt, to the village and township residents of our generous community as our 1993 campaign chairperson.

Sharon is a lifelong resident of Manchester, or as some locals say, "a home grown".

In 1972, Sharon helped form R.D. Kleinschmidt Inc., a construction company. Since that time, R.D. Kleinschmidt has become a well-known and trusted construction company.

Again in 1981 Sharon helped in establishing another successful business, Kleinschmidt Hardware, located on Sharon Valley Rd., next to the construction company.

Both businesses have been a tremendous asset to our community, providing jobs, the convenience of purchasing hardware items locally and the generosity of volunteered time given to our community by Sharon and her partner in the companies, Richard Kennedy.

Richard has been a member of the Manchester Optimists and for the last two years has headed the Steer Club committee.

When the United Way asked Sharon to be the 1993 Chairperson she was eager to jump in and help right away! Sharon said "The United Way helps everyone. I have been building this business for the past 20 years, now I want to donate some of my time to give back to my community."

Sharon had her daughter Shelley, who also works for R.D. Kleinschmidt, coordinate with Klager school a poster contest for the United Way. (See photo and article below.) Kleinschmidt Hardware donated three prizes: first prize was a bicycle, second prize a walkman and third prize a talking Barbie.

The students had a great time with this project; it allowed them to participate in the campaign and helped teach the importance of community support.

Sharon has three children, Rick, Shelly and Ron. Both Rick and Shelly have blessed Sharon with three beautiful grand children. Sharon said "the kids have become my hobby I spend as much time as I can with them."

The United Way Board feels extremely fortunate to have Sharon working with them on the 1993 campaign. As with other endeavors that Sharon has been involved with, this year's campaign should be a great success.

— Ann Pat Wolf

Halloween Trick-or-Treating in the Village, Sunday, October 31, 5-7:00 p.m. Costume judging 7:15 at the Gazebo by the Key Club

Winners' Prizes Donated to Klager

Michael Chapin, a second grader at Klager, won a drawing recently sponsored by Target stores and donated the prize to his school. The prize was an Earthmobile with books about the environment. Michael is the son of Wendy and Mark Chapin.

Another second grader, Katie McConnell, won dictionaries from the local Hop-In store. She kept one for herself and one for her sister, donated one to the Manchester Fire Department and gave all the rest to Klager. Katie is the daughter of Tim and Lori McConnell.

— Photo by Kathy Kueffner

United Way Poster Winners

The Manchester United Way held a poster drawing contest at Klager Elementary School for grades 1 through 4. The students incorporated this year's campaign slogan, "A Little From You Means So Much To Others" into their posters.

The judges were Ann Pat Wolf from First of America Bank, and the treasurer of the Manchester United Fund and local artist Bill Shurtliff.

The first prize of a new bicycle was won by Lindsay Ellison; second prize of a Walkman radio was won by Jordan Tallman; and the third prize of a Barbie Doll was won by Shantelle Neff. All prizes were donated by Kleinschmidt Tru-Value Hardware.

These posters can be seen in the window of *The Manchester Enterprise*.

Pictured above, left: first prize winner Lindsay Ellison; center: Shelley Kleinschmidt Miller; right: Shantelle Neff, third prize winner. Not available for photo, second prize winner Jordan Tallman. — kk
