

American Legion Auxiliary - Helping Veterans for 75 years

As the nation approaches the 75th anniversary of Armistice Day (now Veterans Day), we commemorate the courage and patriotism of all the men and women who have served in the United States Armed Services. Many of these veterans are now being treated at the VA Hospitals or are residing in the VA Nursing facilities throughout these United States.

Veterans Affairs and Rehabilitation top the calendar of interest and activities of the American Legion Auxiliary Emil Jacob Unit 117 of Manchester, as it does all of the Legion Auxiliaries across the nation. Last year the Legion Auxiliaries served 1,421,532 veterans and gave 3,951,928 volunteer hours to the VA & R programs.

"Service, not Self" is the motto of the national organization. This motto has been personified by several individuals in the community of Manchester as they have so unselfishly given their time to provide items of comfort to the veterans who reside in the VA Medical Center in Ann Arbor.

Members of Auxiliary Unit 117 wish to publicly thank Mrs. Josephine Maisano for her contribution of over 80 pairs of knitted slippers and Mrs. Alma Arnett for contributing 30 stoma bibs and 30 pairs of slippers to the local Auxiliary, for delivery to the VA Medical Center. These two ladies have logged over 400 hours of Home Service to these veterans projects.

Also contributing to the veterans programs is Mrs. Celeste Ingraham who donates on a regular basis to the Poppy Fund of the Unit. Poppy monies are used only for the veterans and their families.

The Manchester Senior Citizens are also thanked. They have in the past year supplied and delivered direct to the Ann Arbor facility, 12 lap robes, 9 knee pillows and 6 catheter bags.

The local Auxiliary Unit is most grateful to these ladies and to the Senior Citizens for their

Manchester Area Historical Society

The program for our November 15 meeting is "Story of a House" which will begin with Deb Havens and Rosemary Whelan talking about the history of their houses, one a village house and one a farmhouse.

We invite other people to be part of the program by sharing an anecdote, showing old photos or telling something about their houses or the former occupants.

Everyone is invited to attend on November 15 at 7:30 at the Blacksmith Shop, 324 E. Main Street, Manchester. Refreshments are served after the meeting.

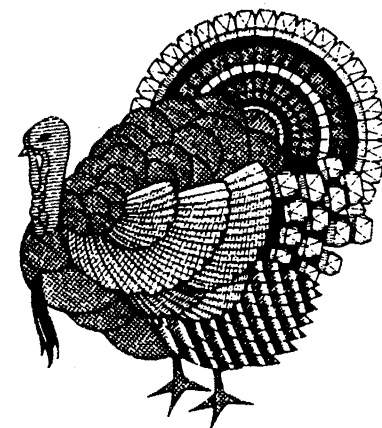

Organizations

Key Club has Environmental T-Shirts

The MHS Key Club is selling environment-related T-shirts. These shirts come with a variety of designs on them. For \$12 you can buy a white shirt (your choice of design); an organic shirt (your choice of design) sells for \$14.

Key Club will be selling these T-shirts until November 28. This allows us to fill the orders before Christmas. These T-shirts make wonderful gifts for all ages (kids sizes are available).

If you are interested in purchasing a shirt or would like more information, please contact a Key Club Member at the High School.

Portable Classroom Arrives

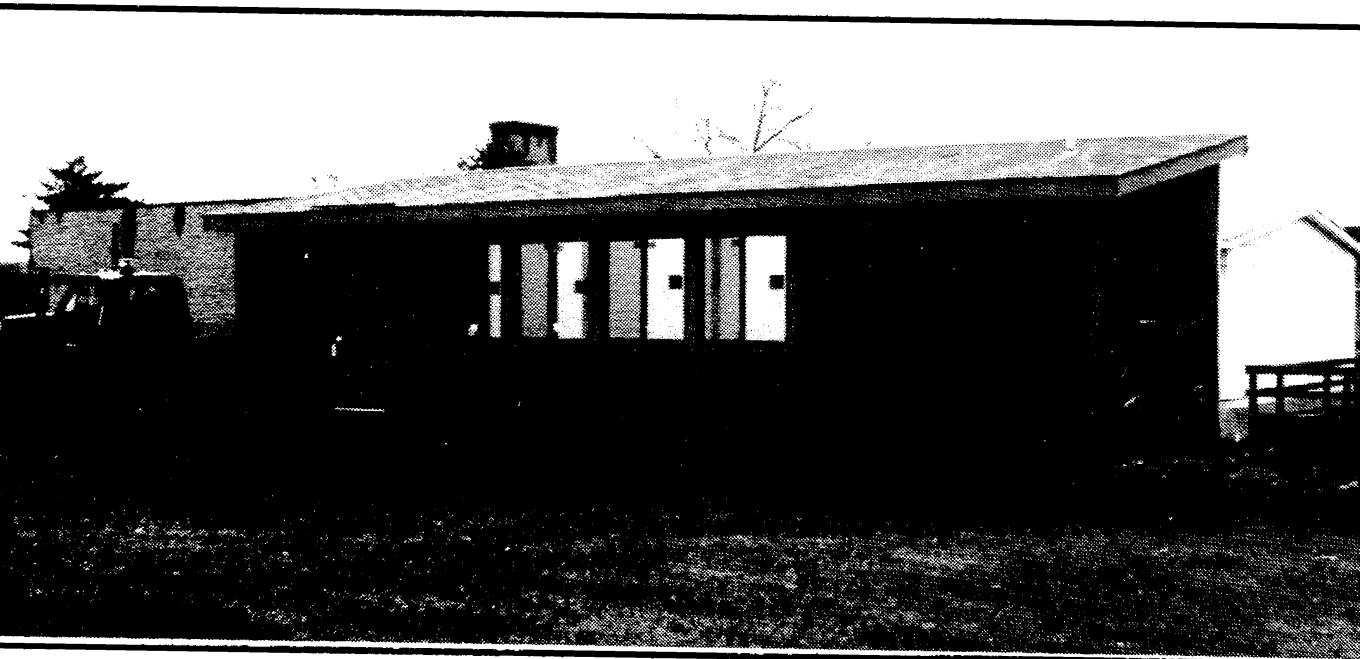

Emory Garlick

Last week the new portable class room arrived in two halves. Previously piers were dug and concrete poured in the holes to support the new room. Initially the room was to house the elementary band, however it was decided that Mrs. Kay Miller's third grade class would occupy the new room.

Manchester's Board of Education authorized the Superintendent of Schools, Mr. Ron Niedzwecki, on August 15th to acquire the portable as a temporary measure. The class size increases and the closing of Pleasant Lake building after the 80/81 school year has created a space need that has been filled by providing portables at Klager.

The August 15th School Board meeting was very spirited in how best to address the long term overcrowding problem. Past Board President Sahakian was adamant at that time the only proper solution was to have a February Bond Millage vote to increase the size of Klager School. Subsequently Superintendent Niedzwecki presented to the Board, a 3.4 Million Dollar addition to Klager.

Board President Paul Kluge with support from other Board Members directed the Superintendent to investigate "The Pleasant Lake School Cost Containment Plan", as presented to the Board by President

Kluge at their work session November 7th. The Summary of that plan is as follows;

1. Add five classrooms to Klager School taking advantage of slope for a partial "walk-out" basement.
2. Add four classrooms to the Pleasant Lake School. (Total would be 11 class rooms)
3. Move all Kindergarten sections to the Klager School.
4. Move all fourth grade students from Klager and fifth grade students from the Middle School to the remodeled Pleasant Lake School.
5. Move Central Administration to new administrative offices "downstairs" at Klager School. (Under the new addition)

Manchester Area follows Statewide Republican Trend

Excellent turnouts in each of the four districts which comprise the Manchester area contributed in part to the statewide Republican victory.

Freedom Township reported a total of 647 voters out of 1056 registered, for a turnout of over 60%. Gubernatorial votes for John Engler totaled 468; Howard Wolpe 162. US Senator showed a 2-1 victory for Republican candidate Spencer Abraham, with a total of 412, and 182 for Democrat Bob Carr. Alternative candidates garnered a total of 33 votes, mostly for Libertarian Jon Coon.

In Bridgewater Township, where "well over half" of the registered voters showed up at the polls, Engler showed a 359-150 victory over Wolpe. The Senate race totaled 321 for Abraham, 162 for Carr, and 26

votes for Coon, Roundtree and Weege, the alternative candidates.

In Sharon Township, about 60% of the registered voters cast their ballots. A showing of 376-168 put John Engler in front of the gubernatorial race. In the US Senate race, Spencer Abraham received 361 votes as compared to 182 for Carr, and 39 votes for alternative candidates.

Manchester Township clerk Kathy Hakes reported a total of 1290 voters, which was about 53% of the total - excellent for a mid-term election. In Manchester Township, Engler won easily on a 847-420 margin. Abraham carried a 718-442 lead over Carr, with 103 total votes for the alternative candidates.

Statewide proposals in the

room each and still have two rooms in which to house additional needs. This plan would take the Middle School through and beyond the year 2000 with ease. Mr. Kluge said there would not be a need to approach the voters in two years for a Middle School expansion.

(5) By moving the Central Administrative Offices to "downstairs" at Klager, additional space would become available at the High School for support services.

(6) Keeping our buildings smaller is in keeping with our past traditional "small school" philosophy.

(7) Mr. Kluge said none of these ideas were his; "I just listened to those people who had some firm ideas and compiled the data. If we do not listen to the voters, and they spoke loudly at the last bond election, the large school concept and returning to the voters in two years with another addition faces near-certain defeat. Without using Pleasant Lake School, we waste existing facilities while expanding

the addition of 4 rooms will make it feasible to use.

(3) By moving fourth graders from Klager three additional class rooms would become available for Klagers needs. Five new rooms plus three rooms vacated by the fourth graders would make available eight rooms subtract two kindergarten rooms moved in net gain = 6 rooms.

(4) Moving fifth graders from the Middle School to Pleasant Lake would free up three rooms, moving the two kindergarten classes to Klager frees up two more rooms. Net gain at the Middle School, five classrooms. Enough to increase the remaining 6th, 7th & 8th classes by one

MANCHESTER ENTERPRISE Second Front Page: Seventh Graders attend Camp

A Magic Circle

Fifty five seventh grade students spent a very special weekend at the Storer YMCA camp near Napoleon on November 4-6. The entire seventh grade class was invited to attend, with scholarships available to those who had a financial problem which might have prevented them from coming along.

According to school social worker, Bill Kindt, the reason for sponsoring this weekend is to "increase communication, learn problem solving skills, help them to resist drugs and alcohol, and teach them how to work as a team." This is the third year of this program and each year it seems more successful. In fact, some of the first "alums" of Storer Camp weekend, currently ninth graders, were glad to attend as counselors, along with 10th-12th graders and college counselors.

On Friday night after their arrival, according to Kindt, they did a lot of "de-inhibiting" activities; mixing the kids up as much as possible allowed both students and teachers or counselors to communicate with others that they might not normally seek out. "No Graping" was one of the rules for the weekend - in other words, "Don't hang out in clumps with the people you already know."

Friday night's activities officially concluded about 11:30, according to Kindt, but of course the kids didn't settle down quite that early - according to one of the kids, "we did activities until 12:PM to 1:AM." Either they were having such a good time they didn't pay attention to the clock, or they had plenty of their own activities to attend to!

One of the other goals of the Storer Camp weekend was to "slow them down" in their decision making and problem solving processes, Kindt said. "Kids at this age are often so impulsive. They don't think about consequences, they don't have an alternate plan. We try to help them develop better problem solving skills which will

take them into the real world." Saturday morning was called "Mission: Impossible" and consisted of ten challenge activities. Starting out early for those night owls, at 7:00 was reveille, with breakfast at 8. Some of the ones the kids remembered most were the "Peanut Butter Swamp", "Enchanted Forest" and the "Lava Walk". Another that Kindt explained further was "Spiders Web", where ropes were strung in a web pattern between trees. The problem, which was inherent in all the challenge activities, was to find a way for the entire "team" to get through a certain pattern in the web - this time without duplicating anyone else's path. Again, developing a teamwork strategy was the main thrust of the activity.

Saturday afternoon was time for free choice activities. Some students chose horseback riding, others tie dyeing, still others played capture the flag in the woods surrounding the camp.

"Saturday night we got into groups we called family groups and they were really fun," re-

Editorial / Opinion

The Manchester Enterprise welcomes letters to the Editor, Guest Editorials, and your comments, suggestions and opinions.

We ask that all letters submitted for publication be signed.

Should there be extenuating circumstances for withholding your name, we will give that full consideration.

1988

Dear Editor:

On the morning of November 8, I awoke to the sound of chain saws and cracking wood. From the kitchen window I saw the destruction of over 200 trees. All of these trees are older than most of you reading this letter.

Behind our house is a swale. Lots of wild life and lots of memories lived there. My younger brother, David, and I used to play in those trees as children. We ice skated on the frozen water in winter and built rafts and floated in the water in summer, watching the wildlife play there also. Those trees are now gone.

In man's relentless pursuit of "better", "more efficient", and "progress", literally thousands of trees are being destroyed to make way for new Consumers Power lines. Those trees have withstood all that Mother Nature could throw at them. Many standing over 85 feet tall, in excess of 80 years old; these beautiful, strong trees, however could not withstand man's need to progress. It was a terrible sight to see the trees fall, one after another, then discarded as if they had never mattered.

I'm told that the trees stood in an "easement". I'm told that because of this "easement", Consumer's

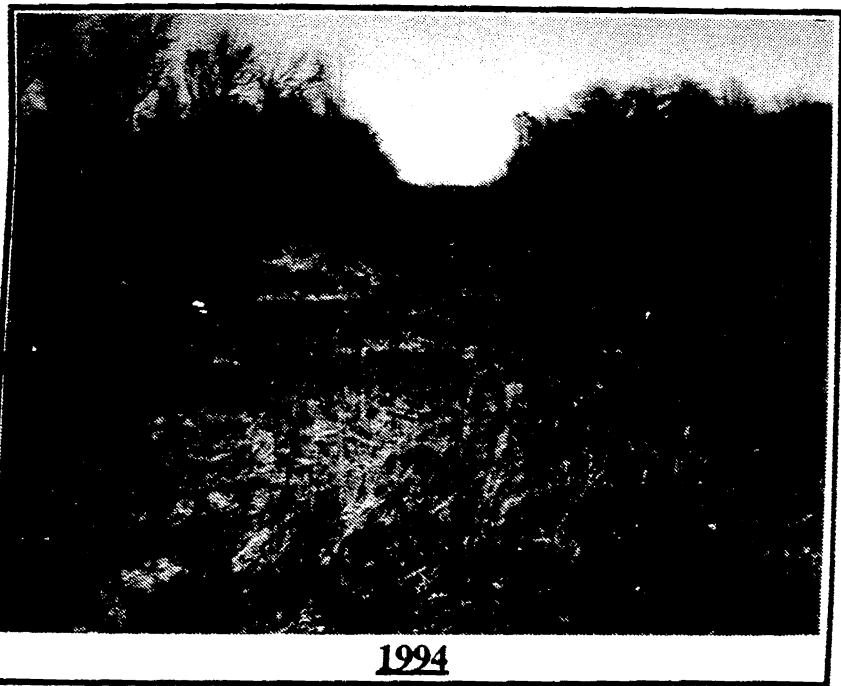

Power can, because they also have the proper permits, do as they please in putting up power lines. I'm told that, because of this "easement", wildlife does not matter, the beauty and majesty of these trees does not matter - only "progress" matters.

Those beautiful trees gave inexpressible joy. The feeling of loss caused by their destruction simply defies speech. Those trees gave shelter to countless species of birds and squirrels, shade and shelter to the ground dwelling wildlife and protection from harsh weather. Those trees stood with a quiet grace in their silent growth that has, until now, withstood the test of time. One simply cannot say the same of power line poles.

I'm certain that Consumers Power and the Planning Commission could have chosen a less destructive path. I am equally certain that the "beautification efforts" of Consumers Power will not equal what existed there naturally.

I grieve for those who value "progress" over nature's benefits. Consumers Power had options. The Planning Commission and permit granters had choices. The trees and the wild life, clearly, did not.

Sincerely,
Laura Gilmore

1994

I would like to tell you folks about a very dear friend of mine.

Born the second of twelve children, to a farm couple, this lad faced adversity at a very young and tender age. When but four years old he fell off from a grain separator that was being transported down a country road. The trailing water wagon, used to supply water for the steam engine pulling the separator, ran over both his legs. In leg casts during the heat of summer he learned of physical discomfort at an early age.

Growing up on a farm was not easy during his years when the primary mode of transportation was by horse and wagon or horse and buggy. During his school years one of his chores was to start the fire at school so the younger children were warm. Chores were always at hand - milking the cows, feeding the horses, plowing, cultivating and harvesting to name a few.

Another early adversity saw a younger brother fall while picking up eggs in the chicken coop. The brother fell on a board with a protruding nail that embedded in his foot. Unable to pull the board off it was necessary for him to stand on the board and lift his brother to free him. His brother developed lock jaw and died. The funeral was conducted from their farm home with the brothers classmates and family members in attendance. Other tasks were learned.

To the Editor:

On behalf of the Manchester Chamber of Commerce, I would like to thank Teresa Benedict for the creative energy and hard work that she showed in putting on the Pumpkin Carving Event for the children (young and old) of Manchester. We were there with our children and had a terrific time. The weather was perfect, as were all the activities. Good, clean (well, a little sticky, perhaps) fun for the whole family. The Manchester Cheerleaders were there and benefited from the sale of pizza by Sir Oliver's and had their big event with Alice the cow.

This event was a great success because of several key reasons. 1. Teresa worked hard and made it happen. 2. Lots of local merchants donated goodies (pumpkins and other treats). 3. Families attended and participated. 4. The weather was perfect. 5. The event was held at Chi-Bro Park. Unfortunately there were some bad feelings and mis-

Out and About

by gar

Taking milk to the local creamery, picking up and delivering supplies from the small cross road general store. Occasionally a cousin and he would pick wild raspberries and his grandmother would bake a pie. That pie would be divided into four pieces and his grandparents, cousin and he would share and share alike.

Farming was not to his liking and he got a job on the railroad working with the track gang. Removing and replacing ties and tamping ballast was a hard job. A secondhand car was acquired and he was able to obtain work constructing a dam in a nearby city. Cleaning forms that were used for pouring concrete and general labor at the dam allowed him to take money home that rural families desperately needed. A secondhand Ford-Ferguson tractor was bought for the farm.

He was able to secure employment with the county on their farms. That led to an opening with the powerhouse and a year-round job. He met and fell in love with a beautiful woman while employed with the county. They were married and had a son.

A very devoted couple who spent time with all family members from both sides, they helped to keep the "wolf from the door", during the depression by providing a home and sustenance for many relatives. He was able to get several family members

jobs at the hospital.

Active in Boy Scouts, 4-H, and serving on both a small four room school board and then later on a consolidated area school board, he helped his son acquire skills that needed common sense and instilled in him the belief that all things are possible. He gave help and encouragement to both his family and all those with whom he came in contact. He spent 42 years of backbreaking toil with the county keeping the power plant in good repair. He and his wife were inseparable. They gardened together, canned, cooked and shared life for almost sixty five years of wedded life. There was not always enough money to go around but they were able to manage. They helped to raise four children of his wife's deceased sister. They together shared many wonderful hours with their grandchildren after they moved to Manchester.

In spite of losing the vision of one eye and learning to cope, never was there one word of remorse. Each day is to be faced with his abiding love of God, life and family. A saying of his during the most trying of times, "Let A Smile Be Your Umbrella", seems to carry him with the dignity and love of a KING. May God Bless You! That friend is my DAD. Friday the 18th is his 89th Birthday. Happy Birthday, Dad - and many, many more!

Sharon Township Proposed Synopsis Regular Board Meeting - November 3, 1994

The meeting was called to order by Supervisor Savage at 8:00 PM. All other Board members were present along with Planning Chairman Ward and Zoning Inspector Thomson. There were four residents present. Minutes of the 10/6/94 regular meeting were read and approved after minor correction.

The Treasurer's report was read by the Treasurer. Fire and rescue run collections discussed. Report approved by the Board.

A newly revised Fire and Rescue Ordinance was presented. Several more changes were requested by Board members in regard to time limitations. Therefore, action on this document was again tabled until rewritten.

Report by Trustee Feldkamp on joint area townships meeting in regard to gravel extraction. Waste materials meeting also reported.

Zoning inspector stated on his activities sheet there were five land use permits issued in October for a variety of buildings. He noted Sharon Township land is mostly fragile and therefore development should proceed carefully.

Planning Chairman Ward reported a public hearing will be held in November for a riding stable requested by Tracy McDonald at McCalla farm. Gembarski split has not been approved.

There has been no Zoning Board of Appeals activities in the past month.

New contract from Washtenaw County Department of Public Works and Recycling reports was read by the Supervisor. New contract was accepted by the board. Sharon will receive about \$9000 surcharge share from Arbor Hills Landfill in Salem Township. Savage and Feldkamp will be contact persons for the Department of Public Works.

Mr. Neal and the Sharon Hollow and Bethel Church Roads area was again addressed. If further action is pursued Mr. Neal will need to initiate the proceedings.

Other reports and discussions not requiring any Board Action.

Outstanding bills approved and all ordered paid by the board.

Motion made, supported and carried to adjourn.
Submitted by Duane R. Haselschwerdt, clerk
Approved by John A. Savage, supervisor

A community is like a ship; everyone ought to be prepared to take the helm.

Washtenaw County's #1 Mortgage Lender

Why Pay 30-Year Rates When You Only Need 7 Years Worth?

7/23 MORTGAGE

8.50%
RATE

9.461%
APR

For seven years, the rate on our 7/23 Mortgage will stay fixed at the very low rate you see above (which is lower than most 30-year rates). After the seventh year, the rate adjusts, but only one time (by then, you'll probably be in a new home anyway, right?).

The 7/23 Mortgage is not a balloon. APR (annual percentage rate) is calculated on a \$100,000 loan with an 80% loan-to-value ratio and one day of prepaid interest. 84 total monthly payments in first 7 years of \$750.77, based on 8.50% rate and 9.461% APR. Amount of the 276 monthly payments for the remaining 23 years will depend on the new interest rate. Interest rate and terms are subject to change at any time without notice. The APR may increase after closing.

Tower Automotive Receives Q1 Award From Ford

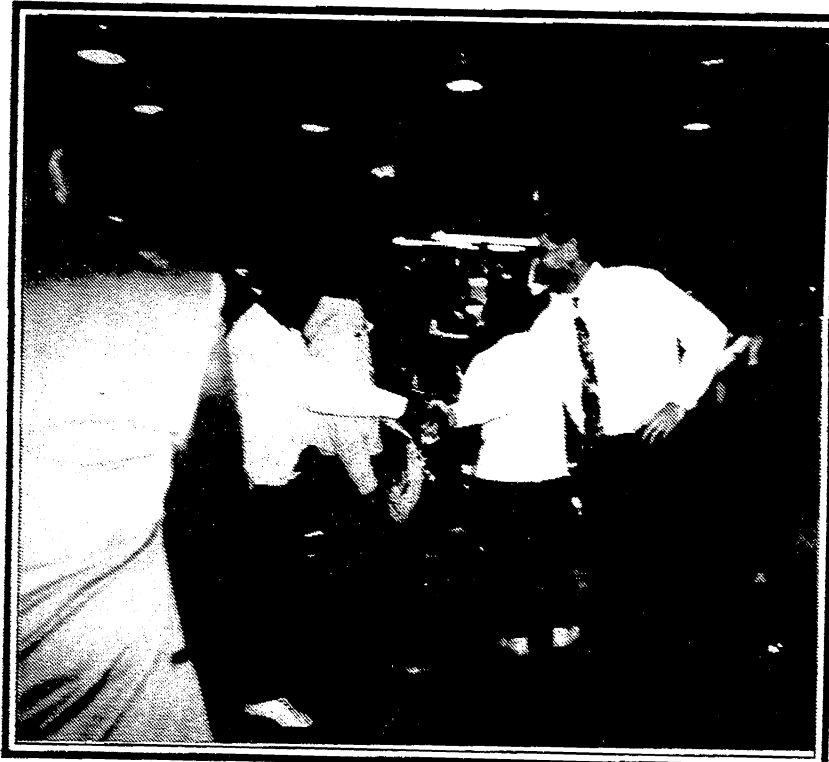

"This is a special day for the company," began General Manager Larry Byrne. "This is the first award ceremony here at our new facility." And hopefully, the first of many for the company.

Tower Automotive (formerly Ann Arbor Assembly) opened in Manchester about fifteen months ago, and in that time has shipped over 15 million deck and hood hinges to Ford, Chrysler and Mazda - although Ford is their #1 customer. Starting with 70% new employees in the Manchester plant, their success story is an impressive one.

Quality control is important to the colleagues at Tower Automotive, and they have so far achieved an average of 62 parts per million level of quality, heading for the "World Class" category of 50 ppm or less. "In many months our quality has been at zero ppm," Byrne said. "We are nudging at the world class level."

Tower Automotive has set a corporate goal of achieving Ford's TQE (Total Quality Excellence) award by 1996. "The TQE Award encompasses all the aspects of our business," explained Byrne. "Engineering, purchasing, and quality control are all important components of Total Quality Excellence."

A pizza lunch followed the awards ceremony, in appreciation for the teamwork displayed by these colleagues as they strive to continue to improve quality and work together.

Manchester Plastics "#1 SUPPLIER" for General Motors

Dan Avery, Quality Manager, and Bob Beeny, Controller, announce that Manchester Plastics is among an elite group of General Motors suppliers who have received the coveted "QSP" (Quality, Service & Price) Award from GM for the second consecutive year.

This particular award is given particularly as a plastics supplier, including Manchester Plastics as one of three or four top suppliers out

of the 13,000 that GM currently uses.

"We realize we're patting ourselves on the back a little here," commented Beeny, "but we wanted our community to know that our company has been recognized by a major corporation as a top supplier of quality parts." He mentioned that they have also used this method of recognition in their Gannon-Ockway plant located in Ontario.

The Manchester Enterprise congratulates both of these local companies on their success!

Help The Poor At Holiday Time And All Other Times.

Although giving to the poor should be a year round occupation, it becomes increasing important at holiday time; and the holidays are just around the corner.

Remember that whatever your own situation is, there is always someone out there who is less fortunate than you. Many of your local organizations, including the service clubs and perhaps your own House of Worship, will be preparing food baskets and other forms of assistance to the poor.

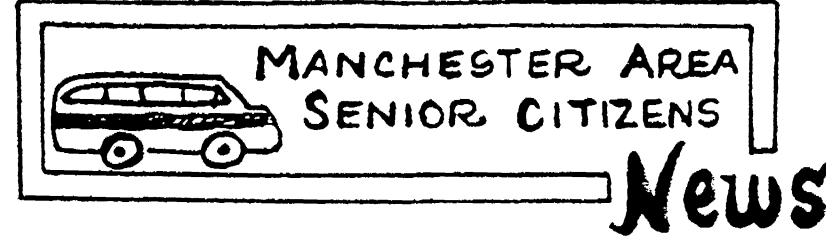

If you can make even a modest donation or contribute a few canned goods, an unwrapped toy, discarded but repairable furniture items, or some adult or children's clothing, you are fulfilling the teachings of your faith that you have heard throughout the year, and your own holidays will be a lot brighter as a result.

"It is more blessed to give than to receive." - Acts 20:35

UNITY CHURCH OF JACKSON

Each Wednesday: Basics of Meditation 5:00-6:30 - intended for relaxation, stress relief and spiritual growth.

Senior Citizens

by T.V. Ludwick

Do you wonder how the birds keep warm in the cold weather? Well, we read from the November-December issue of "The Jack-Pine Warbler", a publication of the Michigan Audubon Society, that they shiver! Entitled "Adapting to Winter from A(ctivity) to Z(zzz's)" and written by Julie Craves, it is fascinating.

Quote: "It was long thought that no bird species hibernated. Then in 1946 it was discovered that the Common Poorwill, as well as some swifts and hummingbirds, do enter a state of torpor. This is triggered by a lack of food rather than cold. Most northern birds must simply adapt to cold weather. Physical requirements of flight prohibit birds from adding too much insulation in the form of fat or feathers, although goldfinch and redpolls do add around 50% more feathers (that's about 1,000!). Juncos in Michigan have about 14% more fat than their southern cousins, but this fat is used for shivering. While feather fluffing adds from 30 to 50% additional insulation, all birds in cold climates must shiver

constantly to maintain body temperature. One would expect black-colored birds absorb more heat than white birds and therefore black would be the best color for winter birds. Studies suggest, however, that white feathers are more efficient insulators because the pigment cells are replaced by air pockets." Suppose that also applies to the shivering 'snowbirds' who come home too early from the south?

Thursday, November 17: Come join the exercise class at the Center beginning at 10:30. Then, at noon senior lunch, Jan and her adorable crew will serve her special brand of meat loaf (more than some of us can eat!). Bingo follows at the Center. There will be a 6 PM pickup for the senior sponsored card party at Freedom Township Hall which begins play at 7:30. This date is one week earlier because of Thanksgiving. Call Erma Alber at 428-8707 to reserve your ride on the senior bus.

Friday, November 18: Senior bus begins pickup at 6 to attend the Saline Senior Citizens' Card Party and you

may go along by calling Erma for your ride.

Saturday, November 19: "Christmas in the Village" takes place today in town and you won't want to miss the goodies and crafts, etc. that will be displayed. They are bringing shopping to you, come see.

Monday, November 21: A shopping trip to Meijer's is planned. Call Erma on this trip if you'd like to go.

Tuesday, November 22: Your blood pressure will be taken by one of our volunteer area nurses starting at 11. Thanksgiving dinner will be enjoyed at senior meal at noon and if you are 55 or older, come. Get your reservation in early to Linda at 428-8359, or to Jan at 428-7630 before 10:30 on meal days.

At 12:30, an informative presentation will be given entitled "time out" with special information of "Street Smart"—a timely road map for crime prevention. "Don't Be A Target" will be a humorous program teaching a serious subject!

Have a happy and healthy Thanksgiving—don't exceed the FEED LIMIT!

Programs for Seniors

AARP

The Washtenaw County Chapter of AARP will meet on Thursday, December 8. The topic of the meeting will be "Eating Healthy Without Giving Up Everything You Like". The speaker will be a nutritionist from the McAuley Health Center. December is a diet downfall month. Plan to attend and take home with you clues for coping with the temptations of the holiday meals.

The group meets at the Pittsfield Township Hall, corner of Ellsworth and State Roads at 1:30 PM. There is ample parking. The meeting is open to all interested seniors. For more information call 971-5645.

Turner Geriatric Services

The University of Michigan Medical Center's Turner Geriatric Services is sponsoring a free diabetes support group for people over 60. The group meets on the first Tuesday of every month from 1:30 to 3:00 PM. at the Kellogg Eye Center Auditorium, 990 Wall Street, Ann Arbor. The aim is to provide a supportive environment that is conducive to discussion, as well as being educational. The monthly meetings will cover a range of topics of interest to the group. Ann Twork, M.S., R.D. is a Renal Nutrition Specialist and will be presenting on Diet Therapy for Preventing and Managing Renal Complications on December 6, 1994. Parking is available and no registration is required. For more information please call Janet Fogler at 764-2556.

"THE ONLY FULL SERVICE GAS STATION IN TOWN"

A circle of friendship

Continued from Second Front Page

lated a camper. Family groups, as explained by Kindt, were pre-selected groups who were intentionally chosen, again to prevent "Graping". One of the first activities of the family groups was a "Strength Bombardment". Each student had every member of his/her family group tell something good about that individual. "It was

a real good thing for some of these kids to hear positive reinforcement," commented Kindt.

"Also that night, we had a group activity they called the Magic Circle. In the Magic Circle we would have the leader ask us a question and we would go around the circle giving her/him our answer," a camper told us. These circles were two 35-person groups, and the questions were open ended and geared to positive

responses. "People think I'm _____, but I'm really _____." (Students had to fill in the blanks with words describing themselves). Another question was "Manchester would be a really great place, if only _____," again filling in the blanks. Later, seven groups did some role playing of stressful situations. Interestingly, the situations were most frequently related to peer pressure to use drugs and alcohol.

On Sunday morning, the program continued with trust exercises - designed to prepare the kids for "THE WALL". "This is an activity where you had to get all of your group over a fourteen foot wall. It was my favorite activity," according to our inside informant. Kindt added, "The purpose of the Wall is to help the kids realize that a problem or obstacle which seems insurmountable can be achieved with help from your friends (teamwork) and planning. With this combination, they learn that they can overcome The Wall, which represents many of the challenges they'll face in the real world." Most of the kids attempted the wall, and all who tried were successful.

"The kids came back with a better attitude about school, their peers, and a real feeling of closeness with those they'd associated with at camp, whether in their family groups or other activities," Kindt concluded. This alone would constitute a successful weekend, but the best recommendation of all comes from the campers, who unanimously echo the sentiments of our camper, "It took a long time to say good-bye to everyone because we had so much fun and made so many new friends. But we finally got on the bus and left for home. I would like to go back."

Introducing our MHS Varsity Cheerleaders:

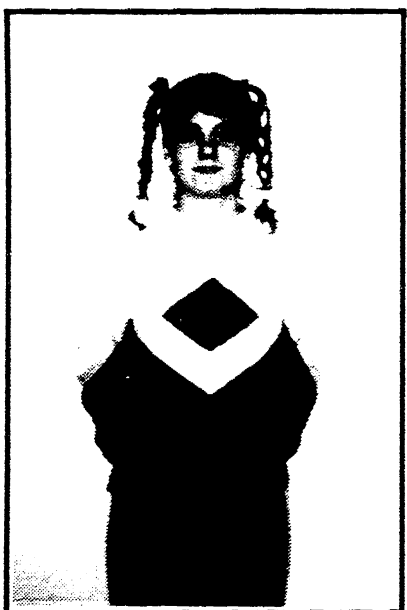

Karin Therese Messing
Nickname: Gumby
Age: 17
Grade: Senior
Other Sports: Basketball cheerleading

Other Activities: Drama Club, SADD, NHS, and German Club

Other Interests: Spending time with family and friends. Country line dancing.

Future Plans: Karin plans to attend college then attend U of M Medical School.

Quote: "You use less muscles when you smile!"

Michelle Annette Helfrich
Nickname: Bubble butt
Age: 17
Grade: Senior

Other Sports: Basketball cheerleading and track

Other Activities: Beach Volleyball, swimming

Other interests: Spending time with my friends and family.

Future plans: I plan to be in the child care field.

Quote: "I am cool!"

People

Manchester Man to Appear on TNN

During the next month, Tim Flint of Manchester will appear in three shows on The Nashville Network's Charlie Daniels Talent Roundup.

Tim began playing guitar and writing songs in a high-school rock-n-roll band at age 14. In the 18 years since, his musical taste has changed and his early folk and country musical influences have emerged.

Two and a half years ago, Tim joined the Nashville Songwriters Association International (NSAI) and started seriously writing music. Since then, he has been making trips to Nashville, every few months to contact music publishers and play at songwriter's nights in such clubs as Davis Kidd and the famous Bluebird Cafe.

Last year, he sent a cassette

tape to the "Be A Star" show on TNN. He was scheduled to be on the show, but it was canceled a month before taping. This past April, TNN called him to ask if he would like to be on new show called "Charlie Daniels Talent Roundup".

"I felt it would be a good opportunity to play my original songs, so I agreed," said Tim. I don't consider myself as much of an artist as I am a songwriter, but it was fun anyway.

On the first show, Tim took second place. The performer

who won the show was a stage actor under contract to do a show in New York the next day, which was also the day of taping for the semifinals of the talent show. "Since the first-show winner was unable to attend the taping, the producer asked if I would do the show in his

place," comments Tim. "I thought it was a perfect chance to give a better performance since I had been very nervous on the first show."

Tim won the semifinal show and went on to tie for second place in finals. "Overall, it was a pleasure to be on the show," said Tim. "Charlie Daniels is a great guy and gave me a lot of encouragement and good advice."

The shows air Saturday nights at 7:00 PM on The Nashville Network, November 19, December 10 and 24.

Klager 50's Day

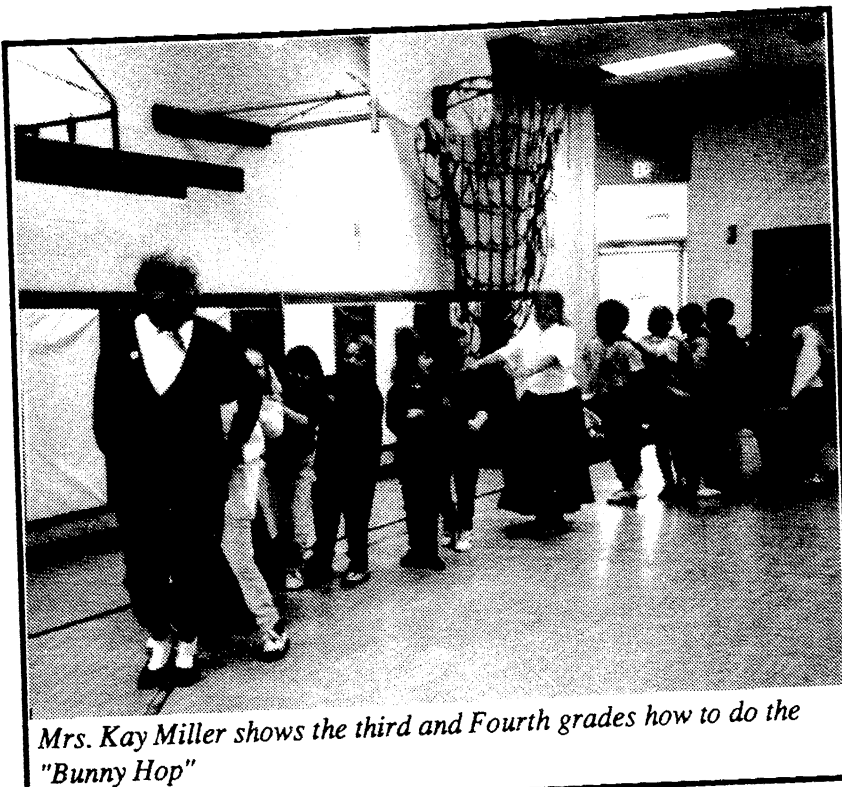

Lauren Aiuto shows off her Poodle Skirt

Bobby Sox, Saddle Shoes, Dungarees and Poodle Skirts were the order of the day on Tuesday, November 8th - the 50th day of school at Klager and officially named "50's day".

Third grade teacher Kay Miller led the bunny hop line and Second Grade teacher Kathy Rose called the tunes, at a Sock Hop held at the end of the day.

The entire school enjoyed the first annual "50's day". "Next year, we'll all know The Stroll, The Twist, and plenty of other dances," the kids told us.

Mrs. Kay Miller shows the third and Fourth grades how to do the "Bunny Hop"

Car-Deer Crashes can be costly

In the absence of high school sports, and with the onset of deer hunting season, it is an opportune time to remind drivers to watch out for deer. That wily white tail legend to hunters can be a motorist's nightmare. Their numbers are up from about 1.5 million in 1993 to 1.75 million this year.

While the number of car/deer crashes was down slightly last year from the all-time high recorded in 1991, they remain a big expense in the state with more than \$65 million paid out in property damage claims

industry-wide in 1993.

In 1993, there were 47,813 car/deer crashes in Michigan, claiming five lives and injuring 1,712 persons.

The average repair bill for a car involved in a car/deer crash was \$1,350 last year.

Of the 363,708 total car crashes in the state last year, 13% involved deer.

Most car/deer crashes happen during the fall and early winter months. Breeding and feeding practices find deer on the move

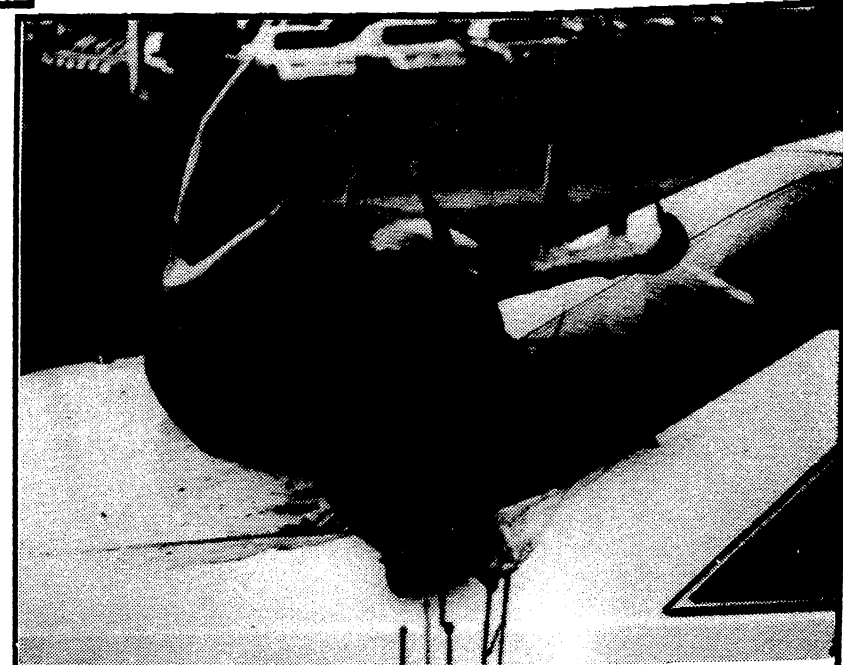

during these months. The addition of close to 800,000 firearm deer hunters in the woods between November 15-30, adds to normal traffic volumes.

Washtenaw and Jackson Counties rank among the top five counties in the number of car/deer crashes reported in 1993. There is no reasonable way to eliminate all car/deer crashes because of the unpredictability of the animal. Reasonable precautions such as safety belts and avoiding alcohol when driving are added to the following tips to avoid crashes:

Use extra caution when driving in the hours before dawn and just after dusk. Those are the most likely times to find deer moving from area to area.

If you see a deer, slow down, drive cautiously, and assume others are nearby.

Should you strike a deer, report it to local or county police and your insurance company. If you choose to keep the deer, you will need a permit from the police department or the DNR.

Not only cars are damaged by car/deer crashes. This unfortunate 200+ pound buck was found by Dr. Beaudoin in a marsh next to Manchester Vet Clinic, and was so badly injured (including the loss of a leg) that it needed to be put to sleep. See accompanying article for information on how you can avoid those costly crashes.

Clearly better clearing leaves.

As you discover the benefits of a chipper vacuum, you'll discover the added benefits of a Simplicity Chipper Vacuum. Like its wide 25" vacuum, its adjustable air flow, its ability to chip and bag branches up to 3", and its large zippered bag that holds up to four bushels of shredded leaves. So not only is Simplicity a better alternative than the average rake, it's also a better alternative than the average chipper vacuum.

Innovation brought down to earth.

Engagements Announced

Former Manchester Students Join Casablanca Modeling and Talent Agency

Marley Powers, age 12, and her brother Jamie Powers, 8, are with John Casablanca Modeling and Talent Agency in Atlanta, Georgia. Both attended Manchester schools until this year, moving to Georgia this past July.

Jamie was somewhat involved in modeling while living here. He flew to Chicago to interview with New York agents.

Jamie and Marley have done a fashion show in Atlanta and Jamie is booked to do an International Fashion Show which will take place in Atlanta next January.

Marley just auditioned for a Los Angeles talent agent who hires models for TV commercials such as 7-Up and Wrigley's gum. He showed great interest in Marley and has requested a one on one interview. He will set an appointment time and decide then exactly what commercials would suit her and for which he could hire her. If he feels he could use her, she will be flying to LA to shoot the commercials.

Atlanta is the commercial modeling hub of the country. Jobs such as Sears, L.L. Bean catalogs, and advertisements for major magazines are booked through the John Casablanca Agency in Atlanta.

Marley and Jamie's parents are Amy and Scott Powers.

Michelle Reinhart and Chad Everett, both of Bettendorf, Iowa are engaged and have selected December 31, 1994 as their wedding date.

Michelle's parents are Paul and Debbie Reinhart of Brooklyn and Philip and Christine Madden of Wilton, Iowa. Michelle is the granddaughter of Wendell and Shirley Reinhart of Manchester. Chad is the son of Douglas and Shirley Everett of Davenport, Iowa.

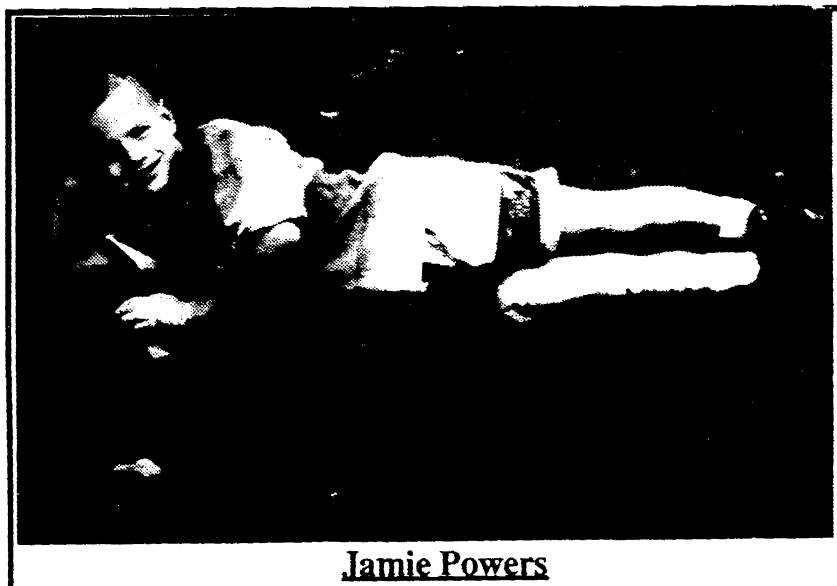

Michelle is a graduate of University of Iowa and is employed by Osco Drug in Rock Island, Illinois. Chad graduated from Loyola Marymount University in Los Angeles and is employed by Deloitte Touche in Davenport, Iowa.

The parents of Lisa K. Pickard and Garry S. Ostrander are pleased to announce the engagement and forthcoming marriage of their children. The couple will be married January 21, 1995 at First Baptist Church, Jefferson, Ohio.

Lisa is a 1987 graduate of Jefferson Area Local High School and a 1992 of Philadelphia College of Bible. Garry graduated in 1985 from Hillman Christian Academy, Hillman, MI, and in 1989 from Michigan State University. He is in partnership with his father as owner/operator of Agri-Enterprises in Manchester.

Parents of the bride-to-be are Edward and Jerie Pickard of Jefferson, Ohio, while Garry L. and Ruby Mae Ostrander of 9165 Neal Road, Manchester, are parents of the prospective groom.

Jamie Powers

Marley Powers

Randal Jacob Pratt

Amanda Pratt is proud to announce the arrival of her baby brother, Randal Jacob. Randal was born on October 21 at 5:45 AM, weighing 8 pounds, 2 ounces, and 21 inches long.

Parents, Paula and Randy, join paternal grandparents Roy & Connie Pratt of Manchester; maternal grandparents Iva Pilbeam of Milan and Danny and Sue Bales of Florida; and great-grandparents Robert and Marie Pratt of Manchester in welcoming Amanda's brother to the family.

Chad Michael Fusilier

Matthew, Brittany and Travis Fusilier announce the birth of their brother, Chad Michael on October 30, 1994.

Parents, Kathy and Michael Fusilier, maternal grandparents Daryle & Kay Haselschwerdt of Napoleon, and paternal grandparents Charles and Marilyn Fusilier of Manchester, join Matthew, Brittany and Travis in their excitement about the new addition to the Fusilier family.

STUDENT PARTICIPATES IN VISITATION DAY

Karen Messing, of Manchester High School, was one of 56 high school students to attend a special fall visitation day at Albion College on Sept. 24.

The visitation provided an opportunity for prospective students and their parents to tour the campus, meet faculty and students, and attend information sessions on academics, special programs, admissions, financial aid and scholarships. Current students and faculty were also on hand to answer questions about academics and campus social life.

If students were unable to attend this special visitation day, they are invited to either attend the spring visitation day on March 25, or visit the campus at any time during the year. The Admissions Office will arrange campus tours, appointments with faculty and other activities by request.

Albion College is a private, coeducational, liberal arts college located in the south central Michigan town of the same name.

Panther Time?

The Hunt for Sasquatch, Part 1

- by Kyle Harvey

I bet none of you, dear Faithful Readers, would believe it if some teenager came up to you on the street and said, "I saw Sasquatch last night." (In sasquatch, that is.) But that is what happened to me a few weeks ago.

In lieu of football games to call the shots on, I felt that this was the most noteworthy information I could pass on to you. And I bet you thought all I did was sports. I am hurt.

Two close friends, code named Pueblo and Guapo, were driving home on Herman Road in Pueblo's

Camaro on the Saturday night of October 8, returning from Brooklyn at approximately 12:30 AM. While passing right before Noggles Road, to their immediate left, Pueblo and Guapo saw a hairy creature on all fours, about seven feet long, with a bald, humanoid typish face. The creature, named Sasquatch by the witnesses, stared back at them. They noticed that its eyes glowed like a cat.

According to Guapo, Sasquatch was "hunched over...with long brown hair...[that was] mangy and matted." According to

Pueblo, upon seeing the creature, he looked over at Guapo and said, "You see that?" Guapo answered, "Yeah. D'you?" Then Pueblo replied, "Yeah." They stopped the car and turned around, only to find that "Sasquatch" had promptly left. After seeing the creature, Guapo felt "privileged...[but also] scared." Pueblo stated that he was "scared [out of his mind]."

I asked both guys whether or not what they had seen could have been a dog, grotesquely large cat, bear, deer, maybe even a

long lost Manchester Panther. Both are adamant on the fact of what they saw was something they've never seen before. Or maybe see again.

You might think that they might have been drinking, or on drugs. But trust me, my friends. I know these two guys well enough to say that they don't do anything like that whatsoever. I know the kids that do that kind of stuff and these two kids are not one of them. So don't believe it.

I heard from Pueblo's older sister, who graduated

in 1991, that when she and her friends had parties out on Mahrle Road, some old lady who lived up there would tell them about a monster that she saw out in the woods every so often. This old lady called it the "Mahrle Monster". I'll be tracking down this lady and getting the further scoop for you, faithful readers.

Also, I have yet to interview two teenagers who claim to have also seen the Mahrle Monster, or Sasquatch, or maybe even Mochichi, as he was called by Guapo.

Organizations

Shakespeare Reading Club

The Shakespeare Reading Club met at the home of Sallie Anderson, who gave the program "Beatrix Potter".

Beatrix Potter was born in London, England in 1866. She had a lonely, Victorian childhood, with tutors and governesses. She started writing and illustrating children's stories including the well known "Peter Rabbit" and several others.

She died in 1943 on her large farms in the Lake District of England.

The next meeting will be on November 22 at 1:00 PM at Emanuel Church parlor.

Twentieth Century Club

Now, as we are all urged to envision, support and pray for with our taxes, the "Information Super-highway", the Twentieth Century Club at their November 8th meeting paused to look backward. The members were given a quiz prepared by Mary Kallewaard and Josephine Simmons that tested their knowledge, memories and understandings of the events (historical, cultural and social) that "made the news" during the 1950's - the Eisenhower years.

Plagued as we are today with "information overload", I for one am happy enough to envision most of what I hear and see being crammed into fleets of "semi's" aimed at the entrance ramps to the highway where bits/bites can be retrieved by those who know what buttons to push. However, once prodded into a backward glance, the '50's seemed like "good old days" when an ear to the radio, an eye on newspaper, a library card, and an easy-chair-with-book come nightfall made one feel that understanding one's world was humanly possible (Everyone did not have TV then!).

The group lingered in their discussion of mid-century events as refreshments were served by hostesses Sandy Smith and Judy Walz - and then returned home to nationwide election returns and endless commentary thereon.

The quiz follows so Enterprise readers can experience a similar adventure into the "fabulous fifties".

In the News in the 50's

- 1. The Korean War ended with an armistice. When was it signed?
2. When was the first earth-orbiting satellite sent into space?
3. By whom was it sent?
4. What was the satellite called?
5. What car was introduced

during the '50's that thieves refused to steal?
6. What was the most widely-watched sitcom in the early 1950's (it's still playing in reruns today)?
7. What foreign leader, on a visit to the US in 1959, said, "We will bury you"?
8. Where was the first high school desegregated under enforcement of the 1957 Civil Rights Act?
9. What quiz show on television had a big scandal in 1958?
10. What baseball team won six World Series in the 1950's?
11. "The Tonight Show" started on television in 1953. Who was the first MC?
12. Who was the senator who led the "witch hunt" for communists?
13. What army general was fired by President Truman?
14. What fad activity on college campuses prompted LIFE magazine to write, "What is happening to the younger generation?"
15. What popular singer started during the 1950's, created a lot of controversy, and is still a subject for newspaper, magazine and TV today?
16. Who was the Democratic presidential candidate against Eisenhower in both 1952 and 1956?
17. Who was seen on TV as "The Lady From Westinghouse"?
18. What senator conducted televised hearings on organized crime?
19. What well-publicized studies of the sexual habits of American men and women were published in 1953?
20. What actor became suddenly famous in 1954 and was killed in a motorcycle accident after making only three movies?

Answers: NEXT WEEK!

American Legion Auxiliary

The American Legion Auxiliary met at the Legion Home on November 9, 1994 with 26 members present. The meeting was called to order by 1st Vice-President Geneva Walkowe. Roll Call was taken by the Secretary and the minutes of the October 12 meeting were read, corrected and approved.

Junior Activities Chairman, Heidi Huber gathered Jr. members who designed a banner for their group and marched in the Veterans' Day Parade. Our congratulations to Heidi and her "girls" for the resurrection of Unit 117 Junior members. Speaking of Junior members, this Unit can probably boast of the "youngest Junior" on board. We all welcome Kelsey Lynn Townsend, age two months. Kelsey joins our Unit under proud Grampa, Post member Lauren and Grandma, Unit member Rita Huber. Welcome aboard Kelsey.

Phyllis Baker reported new Senior member, Mitzi Knickerbocker, making our total paid membership 119.

Joyce Stein reported gifts have been purchased and will be taken to Ann Arbor VA Hospital when six members will travel to Ann Arbor for the annual VA Christmas Gift Shop.

Request was made by local Girl Scout Troop for one of our

Unit members to address that group to explain the function of the American Legion Auxiliary. Sgt.-at-Arms, Jeannine Uphouse will represent our Unit in this endeavor.

Auxiliary ladies were out in force to assist in making the Veteran's Day Parade a success. Many ladies furnished cakes, including a bakery decorated cake recognizing the 75th anniversary of this Post, some manned the hot dogs and chips, and many cleaned up. In spite of the cold, windy weather, it was as usual, a job "well done".

December meeting will be Christmas Potluck and "yam shower". This will be complete potluck so bring dish to pass and your own table service. Refreshment committee will be Joyce Stein, Marlene Lentz, and Gerry Mulrenin. We will meet in the Legion Hall at 6:30 PM. for potluck and follow with regular meeting. Several things to "furnish" at this meeting as follows: *Skein/s of 4-ply washable yarn (use to be revealed at meeting); Paper, canned, personal products for Family Service, and small "personal care" items for V.A. Hospital patients.

The meeting was adjourned at 9:00 PM. with a prayer by our Chaplain Elaine Hanson.

Fall Musical by Lenawee Christian School Players

The LCS Players proudly present The Wind in the Willows, which was nominated for the 1986 Tony Award, for best Book, Music and Lyrics. The musical is based upon Kenneth Grahame's novel, and revolves around the friendship of Rat, Mole and Toad. This is a classic tale of good versus evil, as Rat and Mole struggle to keep Toad in line, with wise Badger, who steps in to save the day.

Featuring Manchester's own Sgt. Jerry Haensler in the role of _____, this production of Wind in the Willows will take place November 17 and 18, at 7 PM and a Saturday matinee on November 19 at 3 PM, at the Christian Family Centre. Tickets are on sale at \$3.00 for students and \$5.00 for adults. Tickets will be reserved seating, and are available at the Lenawee Christian High School office (517) 265-7590.

NEW VOLUNTEERS NEEDED:

The Interfaith Volunteer Caregivers Program is a group of dedicated individuals who care for the frail elderly of Washtenaw County in a variety of ways. The most common kinds of help given include respite, transportation, shopping, light housekeeping, friendly visiting, personal care, and chore services. Volunteers are needed, especially in outlying areas. A training session is planned for Nov. 15 and 18 from 7:00 to 9:00 pm and Nov. 19 from 9:00 to noon at the Senior Health Building, 5361 McAuley Drive, Ann Arbor in Room 2117. For more information or to register, call Marti Johnston at 434-0111.

Interfaith Volunteer Caregivers (formerly Respite Volunteers of Washtenaw) are holding their next volunteer training session on November 15 and 18 from 7:00 to 9:00 pm and November 19 from 9:00 to noon at the Senior Health Building, 5361 McAuley Drive, Ann Arbor in Room 2117. For more information or to register, call Marti Johnston at 434-0111.

It's Time to Register for WCC Winter Courses

Registration begins soon for Washtenaw Community College off-campus winter classes at Chelsea, Dexter and Manchester areas. There are 40 classes offered at three different locations. The classes range from Accounting Principles and Basic Mathematics to Drawing and Painting and Writing Fundamentals. Anyone interested in continuing their education is invited to register.

Registration will be held on the following dates and times for all classes offered at the Western Region Office, 134 Middle Street, Chelsea on December 13, 14 & 15 from 4-8 PM; December 16 from 11AM-2 PM; and January 2 & 3 from 4-8 PM.

An advisor will be available for the Chelsea, Dexter and Manchester area students on December 13-15 from 3-8 PM to help individuals make appropriate course selections.

John Deere Owners: Use Guaranteed Amoco Premier Diesel Fuel.

Amoco Premier Diesel Fuel (APDF) - Lubricity and a Whole Lot More. APDF provides the fuel lubricity your diesel fuel system needs for normal, trouble-free operation. With APDF, you don't need to use expensive, aftermarket lubricity additives which some manufacturers recommend for low-lubricity, low sulfur fuels. APDF's exclusive D-Guard multi-purpose additive package not only helps increase fuel lubricity, it also helps protect your fuel system from corrosion, filter-plugging and build-up of gums and resins. And, APDF's high 50-cetane rating helps your engine start quickly and warm-up smoothly.

Manchester Family Services Annual Christmas Shop, December 14th

Manchester Family Services will hold the annual "Christmas Shop" on Wednesday, December 14 at the St. Mary's Parish Center (formerly Knights of Columbus Hall), 106 E. Madison St., in Manchester. The "Shop" brings Christmas to families in need in the Manchester community by the charitable contributions from people in the Manchester area. We invite you to participate in this annual Christmas event.

Federal Foods Distribution Friday, November 18 9 AM - 11 AM
Manchester United Methodist Church
501 Ann Arbor Hill

Tecumseh Civic Auditorium Presents "A Christmas Carol"

The 1994-95 Professional Season at the Tecumseh Civic Auditorium includes two major musicals. The first will be A Christmas Carol, sponsored by Tecumseh Corrugated Box, for a very special evening. The Nebraska Caravan Theatre Production has been "The Christmas Show" at many institutions for almost thirty years. A large cast and pit orchestra will tell the familiar story of Ebenezer Scrooge with extravagant costumes, scenery and make-up. It is a magical evening that will make the audience believe they have arrived in Charles Dickens' England. The November 22 show will be a great way to kick off the holiday season.

Manchester Family Services clothing, especially for teens and adults) can be brought to St. Mary's Parish Center on Tuesday, December 13 between the hours of 10:00 AM and 7:00 PM. New or "like new" coats, hats, mittens, gloves and boots for winter are also needed.

Food packages will also be provided to families. The Boy Scouts and Manchester Community Schools will be collecting canned and non-perishable food items. Sorting of food will be conducted on Tuesday afternoon, December 13. Volunteers are welcome to come help. Other food items are provided through food certificates supported by the Manchester Family Services funds. Optional miscellaneous gift certificates are also available.

In the past, the success of the Shop has been through the generous contributions and help by you the community of Manchester. It brings "Christmas" to families who would not otherwise be able to afford it. We anticipate another successful year in the true spirit of Christmas giving.

School Proposals Considered

Continued from Front Page

other in a most difficult and expensive manner."

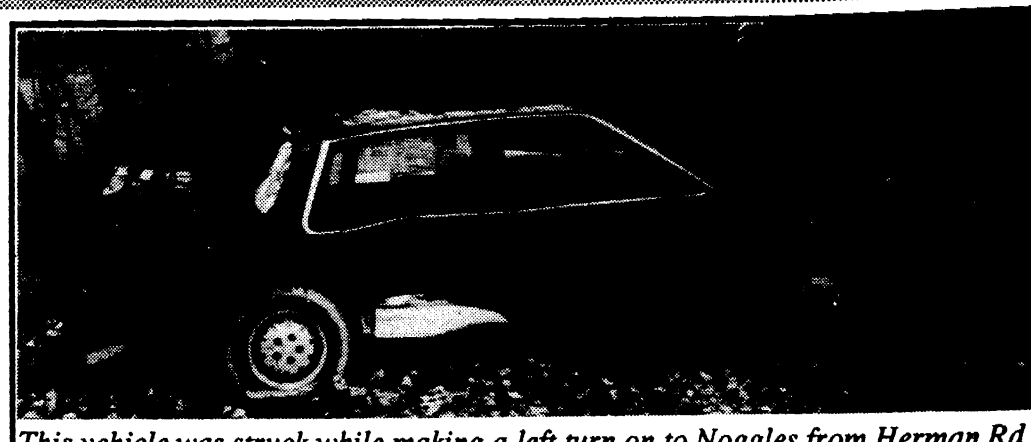

(8) If we expand Klager additional supervision will have to be considered, such as an Assistant Principal. That person could be used at Pleasant Lake.

(9) There are increases to be considered for transportation and student services. Those need to be identified and studied.

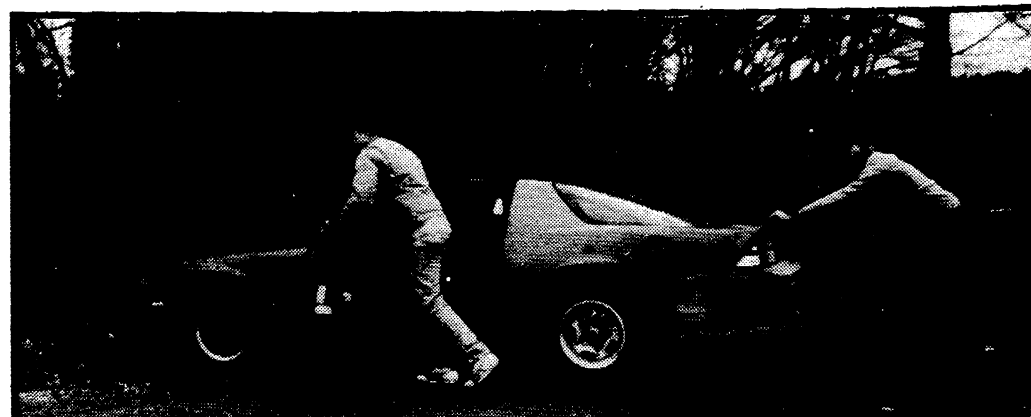

The Board unanimously directed the Superintendent to study this new concept and to make recommendations for the Boards consideration. A preliminary analysis is to be presented at the next regular meeting November 21st.

Locally elected Officials, Township Supervisors, Mr. Robert Little, Freedom Township; Mr. Ron Mann, Manchester Township; Mr. John Savage, Sharon Township; Mr. Larry Becktel, Village President; advised Board President Paul Kluge, Treasurer, Wayne Winzenz and Superintendent Niedzweicki that any ultimate solution should consider the use of the Pleasant Lake School building if at all possible.

Editors Note! That will be a difficult task for Niedzweicki who favors the addition to Klager and the future needs at the Middle School. However, being the professional that he is, the job can be accomplished.

This vehicle was struck while making a left turn on to Noggles from Herman Rd.

Driver came over the hill on Herman Rd. and struck the above vehicle in his lane.

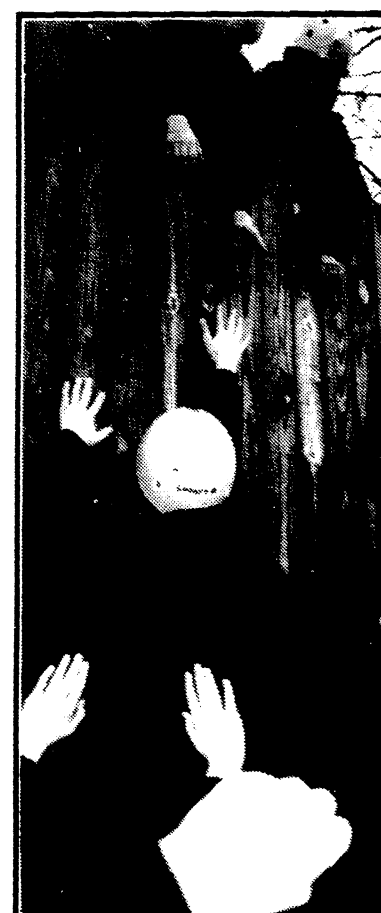

Accident at Noggles Road and Herman Road

Monday November 15th at about 4:00PM two vehicles tried to occupy the same space at the same time at the intersection of Noggles Road and Herman Road in Manchester Township.

A west bound vehicle on Herman Road was turning left onto Noggles Road and almost cleared the intersection when an east bound auto struck the first vehicle in the right rear. One occupant was injured. A woman passenger had a leg injury and was treated on the scene by Manchester Fire Department personnel. She was transported to the hospital.

Michigan State Police were on the scene and were not available to provide details of the crash, extent of injuries or to identify persons involved in the accident as we are going to press run.

It appeared, from skid marks, that the east bound vehicle was unable to alter its direction to avoid striking the other car.

Meeting the ultimate challenge with helping hands - climbing "The Wall" at Storer Camp. See Story, Second Front Page

Michelle Schaible Optimist Student of the Month

The Manchester Optimists are proud to announce that Michelle Schaible, a 10th grader at Manchester High School, has been selected as the November Outstanding Student of the Month.

In less than two years, Michelle has established herself as an outstanding student leader. She is an all A student in a difficult college prep program. This year, Michelle is a member of the quiz bowl team.

Michelle is also very active in athletics. She is a member of the J.V. basketball, volleyball and softball teams. She also finds time to share her talents in the community. Michelle is the secretary of her youth group at Salem Lutheran Church. She plans to attend college and major in business.

Happy Thanksgiving to you and yours
from
The Manchester Enterprise

FIRE DESTROYS FREEDOM TOWNSHIP RESIDENCE

Fire Fighters were summoned to 9131 Pleasant Lake Road this Monday morning at 7:15 AM. The residence of Mr. and Mrs. William Guenther was engulfed in flames when the Firemen arrived. Fire Departments from Chelsea, Dexter, Saline and Manchester fought the stubborn blaze.

Chelsea Fire Department provided one unit at the scene and furnished backup at Manchester's fire barn. Manchester had five units on the scene. Saline Fire Department responded with four units and Dexter supplied two. Chelsea provided backup at our station during the blaze.

Water was at a premium and the tank trucks refilled with water from the Burmeister gravel pit on Steinbach Road south of Pleasant Lake Road. Washtenaw County Sheriff's Department Deputies detoured east bound traffic north on Steinbach Road to Spies Road and then back to Parker Road. Saline Fire Department diverted west bound traffic south on Parker Road.

The Fire apparently started in a garage work shop area adjacent to the house. A car in the garage was totally destroyed. Fire spread along the breezeway and connecting garage to the house. A strong south-westerly wind fanned the flames and the fire penetrated the second floor of the house. Flames burst through the roof and fire fighters had to pull hoses up a ladder onto the roof in order to knock down the fire. It took almost three hours to bring the blaze under control.

It was estimated the house was about 80 percent destroyed. No injuries were reported.

During this time when we pause to give thanks, please remember the Guenthers.

State Police take a "Temporary Leave"

Rumors floated around the village that the State Police would be deserting Manchester as of December 1. Not quite so, according to 1LT Garry Kregelka, Post Commander at Ypsilanti.

"With transfers within the department, we are temporarily short of officers. We examined activity levels around the county and determined that it would be necessary to leave the Manchester station empty for about six weeks. During this transition, officers from the Chelsea Outpost will be covering Manchester."

Troopers David Koetsier and Brad Breedveld, both familiar from being "our" troopers, will be the ones covering the Manchester area.

Right now, probationary officers are in training and when their probationary period is completed, will be staffing the Manchester station once again.

"I'm glad to be able to clear up these rumors," commented Kregelka, "and WE'LL BE BACK by the first of next year - hopefully before."

- Marsha Johnson Chartrand
