Speaking for the people of the Manchester Area

128th Year -- No. 7

# **Board of Education To** Go To Voters for \$3,844,677

Manchester Community Schools Board of Education unanimously directed Superin-Niedzweicki to proceed with necessary paper work for the State, for approval to present Plan "B" to the Voters on March

The Board meeting was well attended, approximately 30 plus interested citizens were present. Board President Paul Kluwe allowed everyone who was in attendance to present their views and ask questions of the Board and their planners; TMP Associates the Architects and Erickson & Associates Limited, Bond Counsel, Treasurer Wayne Winzenz and School Superintendent Niedzweicki.

Plan "B" will add to Klager some 22,500 Sq. Ft., plus remodeling and add to the Middle School 4,300 Sq. Ft.; At a total building and remodeling cost of \$3,844,677.

Klager will then house K - 1 -2-3-4 and Nellie Ackerson Middle School will house 5 - 6 - 7 - 8.

the cost analysis used for both Plan "A" and Plan "B". Plan "A" was referred to as the Pleasant Lake plan.

Limited provided the bonded indebtedness proposals that

Monday December 5th, length. They suggested a 20 year dren to remain at home for an term limit as the most useful that might allow for future school building proposals withtendent of Schools Ron out great financial harm. New Debt service for the \$3,844,677 will ultimately cost the tax payers \$7,004,230 including interest if the rate of interest comes in at their projected rate. The actual cost will not be determined until the bonds are sold.

Board Treasurer, Mr. Wayne Winzenz provided a very detailed "Building Operational Cost Analysis of the Pleasant Lake vs Klager Comparison. According to Winzenz the operational costs would be higher operating Pleasant Lake than to expand Klager. Mr. Winzenz provided graphs and charts that seemed to make the understanding of Income and Costs more understandable for those in attendance.

Several attendees voiced concerns about the bussing of students to Pleasant Lake, some had concerns if students would have the same educational advantages if they were shipped to Pleasant Lake for the 4th and TMP Associates presented 5th grades. One of the alternatives on bussing was to have the 4th and 5th graders start school one hour later than the rest of the students. 4th an 5th graders Erickson & Associates then would get home one hour later. Some parents felt that would be an inconvenience or a

Emory Garlick ranged from 15 to 30 years in potential problem for their chiladditional hour.

> The Voters will have a chance to express their opinion on March 20th, 1995.

# Village Hospitalized

Larry Becktel, Village Mayor, has been hospital ized for a severe infection which has spread throughout his system, as a result of routine surgery in late October.

Becktel will remain nospitalized until at least Saturday. If you wish to send your good wishes, his room number at St. Joseph Mercy Hospital is 6175.

Mr. Ron Ellison pointed out the fact that most school board meetings were not as well attended as this meeting. He commended the board for their investigation and detailed analysis for considering both plans. Mr. Ellison stated that it would be necessary to support the board in their decision and go to the voters for support.

For the fifth year, Interfaith Counseling Service is sponsoring its annual "Tree of Lights," inviting Manchester area residents to remember a loved one by adding a light in their honor or memory to shine throughout the holiday season.

For a \$2 minimum contribution, a special card will be sent to those you remember, or their families. The Sunday tree lighting ceremony will be held at the gazebo in Wurster Park and will begin at 6:00 PM with caroling. Names will be taken, lights added, and cards sent through January 7.

Registration forms are available from local churches, the three area banks, Manchester Pharmacy, Kleinschmidt's, and Bakers Dozen. Checks should be made payable to Manchester Interfaith Counseling Service and sent to PO Box 433,

ICS is a non-profit organization so gifts are tax deductible.

# MANCHESTER ENTERPRISE Second Front Page: Fox Tent and Awning Co.

# Celebrating their 75th Anniversary in 1995

A reputation for quality. honesty and integrity is part of what keeps a business going for 75 years. A commitment to family has kept Fox Tent & Awning in the Fox family for all of that time. Dave and Becky Fox are third-generation owners of the family business begun in 1920 by David's grandfather.

The business began in a garage in Ypsilanti, as Fox Textile Company. Their main business was manufacturing curtains for cars for the Ford Motor Company. Curtains For Cars? Yes many readers will remember that in the early days automobiles had perhaps a glass windshield, but the occupants needed some protection from the elements. Lap robes and curtains provided that protection. These curtains were made out of canvas prompting the firm's current motto of, "If it's made of canvas, we make it!"

As evidenced by a trip to their "new" location (from the Ypsilanti garage the company moved to their current South Main location in 1936), Fox Tent & Awning does make just about anything out of canvas - or vinylor nylon or...

One popular item is canvas bags. Specialty bags for businesses or organizations, usually silk-screened with a name or logo, can be ordered by the doz- local, they have had special orens or the hundreds.

They still manufacture tents and awnings on site, and during their busy summer season, when their work force expands by repair. about 50%, can rent as many as

looking through their warehouse, no one was too worried about Fox running out of tents any from businesses often incorpotime soon, although Don, their repair supervisor, said they might run out of a particular size on a Banners for schools, clubs, etc., very busy weekend.

"We rent tents all over the state," explained Becky. Although most of their business is ders from as far away as Texas, where they are making a vinyl scoreboard cover to protect the

interesting was the fact that they in 1968, they still occasionally construct the top without using get calls for camping gear. Currently, the front of the building is occupied by Deluxe Drapery. The businesses seem to complement each other as people coordinate more and more of their interior and exterior furnishings. Several awning customers have been referred by Deluxe.

> Dave and Becky have three daughters, two in high school and one in college. Although none of them have expressed an interest as yet in becoming the fourth generation of the Fox family to get involved in the business, Dave and Becky remain open to the possibility. "And we aren't going anywhere for a while yet," laughs Becky. The girls have all worked at the company during summer vacations, so they understand what's going on there.

Fox rents their largest tents for fairs, church socials, weddings and parties, as well as for business events. Huge tents can be set up for ground-breakings and other business occasions and all the work can be done by Fox's staff. For more personal appointments, they rent party canopies in more manageable sizes which can be put up by the

customer. Stop by and visit Fox Tent and Awning when you need "anything made of canvas" - or most anything else a little out of the ordinary. You'll likely find what you're looking for, and you'll also find a friendly and accommodating staff to help you out. Their reputation and their family name is on the line - David and Becky Fox will make sure everything is done right. -MJC

To The Editor:

Manchester Village is to be commended for the work done at Char Broil Park. The Men's Club Gazebo, the new play ground equipment and the parking lot fence are all in excellent taste and are used on a daily basis. The park was well used for the pumpkin Carving Contest. The back of the park is a nature area that includes a nature trail marked by the Manchester Boy Scouts and a spring fed pond left from a gravel mining operation. The nature trail is beautiful, especially in the fall. Imagine my surprise to find that the nature trail overlooks a dump. Apparently our Village Council approved the dumping of asphalt in a ravine next to the nature trail. In addition to the asphalt there is a broken window and other de-

Personally, I like ravines for their diversity of flora and fauna. Ravines are also natural drainage routes. Also, isn't the new Village well nearby? It seems to me that the asphalt is not that benign, especially after years of use on public roads. I have heard that the Village felt that this was OK because of a clay barrier. I thought this was an old gravel pit?

I guess my big question is, "WHY?" I would like to know what can be done to clean up the park and to control its future use as a dump.

Sincerely, Wendy Chapin

Dear Editor;

As the discussion on school use and school construction appears to be an Enterprise issue I'll use this "forum" for my comments. As a resident of Freedom Township I'm pleased that the Pleasant Lake School has been used and well maintained during the past several years. (There was a period of occupancy by Ann Arbor Schools when the building was subject to considerable neglect and lack of maintenance and repair.)

At this time the building is under-utilized and might be a temporary answer to the overcrowding at Klager Elementary School. If I still had school-aged children, I would be happy to have them attend the nearby school (as they once did). However, to have them bussed from home to Manchester, back to Pleasant Lake (proposed 4th & \*\* \* \* \* \* \* \* \* 5th grades), and at the end of the day bussed to Manchester and then home in a school district which comprises the largest geographical area in Washtenaw County (and therefore the longest bus rides) should only be considered as a temporary answer at best.

If this temporary "solution" is selected by the Manchester School Board, I would strongly suggest that it be on a temporary basis to see what administration, support staff, and services will be necessary and to see how bussing can be arranged. A year's experience should determine the wisdom of such a move. Then it might be time to talk about construction and additions to Pleasant Lake School.

Sincerely, Bob Miller

The Manchester Enterprise welcomes etters to the Editor, Guest Editorials, and your comments, suggestions and opinions.

We ask that all letters submitted for publication be signed.

Should there be extenuating circumstances for withholding your name, we will give that ful consideration.

Anyone interested in commenting on this request may attend the meeting, or provide written comments, to Karen Tucker, Village Clerk, 120 S. Clinton Street, Manchester, Michigan 48158, no later than 4:00 p.m. on December 13, 1994. 12/1, 12/8

## Proposed synopsis of a Regular **Meeting of the Manchester Township Board**

held Monday, November 14, 1994;

The meeting was called to order at 8:01 PM. with Board Members Turk, Mann, and Hakes present. Absent: Widmayer, Macomber. Also present: Fire Chief Mike Scully, Kathy Kueffner, David Hughes, Minutes of the board's last regular meeting were approved, and minutes from the WWRA were accepted.

Mr. Hughes of Vanston/ O'Brien was present to answer questions regarding Manchester Stamping's application for a site plan review for an addition of about 7800 sq ft. of warehouse and a 4650 tool room addition. While the zoning ordinance allows 25% lot coverage, this new addition will bring the lot coverage of the facility to 23.9%. The plan includes a landscape buffer of evergreen trees being planted along the eastern boundary line, which will be guaranteed by the building contractor. After studying the site plan, and based on the recommendation of the Planning Commission and the fulfillment of the conditions and questions the commission requested to be addressed, the Board approved

the site plan. Bills paid since last meeting were reviewed. Treasurer's report was accepted. Bills totaling Public Hearing at 120 S. Clinton \$9329.09 in the General Fund, St., Manchester, Michigan at \$872.64 in the Fire Equipment Fund, 7:4~ p.m. The purpose of the \$85.00 in the Constable Equipment public hearing is to hear com- Fund, and \$172.00 in the Special ments on the proposed re-zoning Housing Fund were approved for Chief Scully reported for the

## **NOTICE: SHARON TOWNSHIP** RESIDENTS

ORDINANCE No. 17 SHARON TOWNSHIP FIRE ORDINANCE **ADOPTED: 12/1/94 EFFECTIVE: IMMEDIATELY** 

An Ordinance to establish charges for fire department services under Michigan Public Act 33 of 1951, as amended (Compiled Law 41.801 etc.), and to provide methods for the collection of such charges and exemptions therefrom.

The Township of Sharon Washtenaw County, Michigan Ordains:

Township ordinances 10, 12, and 15 are superseded by this ordinance which shall read as follows. SECTION I. PURPOSE

The within Ordinance is adopted for the purpose of providing financial assistance to the Township in the provision of fire department services from those receiving direct benefits from the fire protection service. It is the~ further purpose of the within Ordinance to provide for full funding of the contracted for fire department services which remain, in part, an at-large governmental expense based upon the general benefits derived by all property owners within the Township from the existence of a Contract for Fire Department Services and said Fire Department's availability to extinguish fires within the Township and perform other emergency ser-

SECTION II. CHARGES The following charges shall hereafter be due and payable the Township from a recipient\* of any of the following enumerated services from the contracted Fire Department

- A. Grass or wood fire \$500.00 B. Rubbish fire \$500.00
- C. Auto fire \$200.00
- D. Truck fire \$300.00
- E. Aircraft fire \$300.00 F. House fire \$200.00

G. All farm buildings (each)

\$200.00 H. Livestock yards \$400.00 I. Petroleum storage \$400.00 J. All other commercial

K. Wheat field or any other

crop fire \$200.00 L. Farm machinery fire

> M. Emergency Rescue N. Resuscitation \$200.00

0. Hazardous material cleanup

P. All other services not specifically stated \$200.00 Fee to be multiplied by number of Fire Departments charging

\*Recipient is defined as the Owner of Land or other property. SECTION III. TIME FOR

**PAYMENT** All of the foregoing charges shall be due and payable within 90 days from the date the notification is mailed and if in default, payment shall be collectible through proceedings in district court or in any other court of competent jurisdic-

#### tion as a matured debt. SECTION IV. EXEMP-TIONS

The following properties and services shall be exempt from the foregoing charges: A. False alarms. B. Fires involving township buildings, grounds and/or property.

C. Hazardous materials cleanup where the owner of the property did not cause the contamination. However the party

causing the contamination or owning a vehicle from which hazardous materials have escaped shall be liable for the charges.

#### SECTION V. LIENRIGHTS Where land or other property

of value remains following a fire

call by the contracted Fire Department, the Township shall hereby have a lien upon the same to secure the payment of the foregoing rates and charges due to the Township resulting from such fire protection service. Such lien shall remain upon the property until the charges have been paid in full and may be foreclosed by the Township to secure such charges in the same manner as the foreclosure of mechanics' liens under the laws and statutes of the State of Michigan existing at the time of such foreclosure. The foregoing lien rights shall not preclude the Township from proceeding in district court by suit to collect any monies remaining unpaid. After notice to the property owners and approval of the Board of Trustees. The Township Treasurer may also collect unpaid charges by placing them on the tax roles of the benefiting properties.

#### SECTION VI. NON-EX-CLUSIVE CHARGE

The foregoing rates and charges shall not be exclusive of the charges that may be made by the Township for the costs and expenses of maintaining fire department services by contract, but shall only be supplemental thereto. Charges may addi tionally be collected by the Township through general taxation after a vote of the electorate approving the same or by special assessment established under the Michigan Statutes pertinent thereto. General fund appropriation may also be made to cover such additional costs and expenses.

#### SECTION VII. MULTIPLE PROPERTY PROTECTION

When a particular service rendered by the contracted Fire Department directly benefits more than one person or property, the owner of each property so benefited and each person so benefited where property protection is not involved shall be liable for the payment of the full charge for such service herein before outlined. The interpretation and application of the within section is hereby delegated to the Township Treasurer subject only to appeal, within the time limit for payment, to the Township Board and shall be administered so that charges shall only be collected from the recipients of the service.

#### SECTION VIII. APPEAL

Any person aggrieved by the charges imposed pursuant to this ordinance may appeal those charges to the Board of Trustees. The appeal must be initiated by filing a protest letter with the Township Clerk within 60 days of the notification of the charges. The Board of Trustees shall then conduct a due process hearing and make a decision within 60 days of the hearing.

#### SECTION IX. SEVER-**ABILITY**

Should any provision or part of the within Ordinance be declared by any court of competent jurisdiction to be invalid or unenforceable. the same shall not affect the validity or enforceability of the balance of this Ordinance which shall remain in full force and effect.

## From the Desk of Sgt. Haensler

A new law went into ef- your license, 45 days of fect on November 1 1994 and community service and a it has the acronym of ZIP \$250.00 dollar fine. Four ZERO ZILCH. The bill was points will also be added to signed into law by Governor your driver's license; plus Engler to curb underage you will have to pay a \$125.00 drinking. Governor Engler driver's license reinstatement has said he strongly supports fee. And just ask any insur-Michigan's new zero toler- ance agent how much your ance law. Young people are car insurance will go up. our most precious resource and tough laws combined with facts as to why Michigan education and information will make the difference.

a strong supporter of the new to one-quarter nationally. zero tolerance law. Sheriff Michigan drivers ages 15-20 Schebil has always taken a strong stance on drinking and driving and sees education and enforcement as important tools to curb drinking and driving.

The new law lowers the blood alcohol levels to .02 percent for persons under 21 years of age. Which means one beer before you drive is too many - and if you're caught by a Sheriff's Deputy it will mean a trip to jail. The penalties for your first offense are: 30-90 day suspension on

needed this new law. Nearly one-third of Michigan eighth Sheriff Ron Schebil is also graders use alcohol compared represent only 11.3 percent of the driving population, but they account for 14 percent of all crashes involving alcohol for the years 1990-91. Of the Michigan traffic crashes in which teenagers were killed in 1991, 42 percent involved alcohol. In Michigan, 10th graders use alcohol at twice the national average. With these staggering statistics we must establish a "zero tolerance" approach to teen

## **Designate a Driver This Holiday** Season!

Sheriff Ronald J. Schebil and the Washtenaw County Sheriff's Department would like to remind citizens to "DESIGNATE A DRIVER THIS HOLIDAY SEA-

**Police Beat** 

The end of November marks the beginning of the holiday season. For millions of adults, the holidays are festive times, filled with tradition. Unfortunately, too Here are some interesting often one of those traditions is getting drunk and driving an automobile. As you prepare for the festivities, Sheriff Schebil asks you to keep in mind that too much celebration can be fatal when alco-

hol and drugs are involved. Alcohol and drug-related traffic crashes are the tragic result of some of the merry-making that goes on during this time of the year. So, whether you are planning a holiday party at home or the office, or if you go out this New Year's Eve, Sheriff Schebil would like to offer these few SAFETY TIPS to help ensure that Washtenaw County citizens have a safe holiday season:

· Use common sense. No matter where your party plans take you, if those plans include drinking, remember to designate a driver who will stay sober and get you home in

 Always serve food if you serve alcohol. High protein and carbohydrate foods such as cheese and meats are especially good. They remain in the stomach longer, which slows the rate at which alcohol is absorbed into the system.

 Serve non-alcoholic beverages. Always make sure your guests have the option not to drink alcohol. Local book stores may carry a "bartender's book" for non-alcoholic drinks. (NOTE: It is especially important for "designated drivers" to drink these type of bev-

· Don't allow people to mix their own drinks. If you tend the bar, you can control the amount of alcohol that goes into each drink. In this way, you can also monitor the consumption of alcohol by your

 Never serve alcoholic bev- party! erages to anyone under 21 years of age. Keep an eye on your children at your party and/or know what their plans include for celebrating the holidays.

Alcohol-related highway crashes are the leading cause of death for adolescents and young adults in the United States. Yet, simply making sure that young people are aware of the dangers of drinking and driving is not enough to solve the problem.

Parents must also realize that they are responsible for anything that may occur to a minor who has been served alcohol or drugs in their home; that parents can be sued for the malicious or destructive actions of their children no matter where they are; and too, that anyone knowingly giving or furnishing alcoholic beverages to a person under 21 can be prosecuted.

· Know when to call it quits. Watch your guests closely. If a friend has obviously had too much to drink, slow down their consumption by mixing their drinks with small amounts or no alcohol and by talking with them or otherwise distracting their attention. Also, close the bar and serve coffee and

snacks about two (2) hours before the party ends. Although this will allow a little time for alcohol to be somewhat absorbed into the system, remember, nothing can make you sober - except time - about an hour for every drink!

· Call a cab. If anyone attempts to drive while intoxicated. take their carkeys and offer to drive them home or call a cab. Don't just accept your friends' reassurances that they are "okay to drive". Remember, "Friends Don't Let Friends Drive Drunk" and you are liable for what happens at your

"It's no secret that alcohol relaxes inhibitions, slows reaction time, decreases coordination and impairs judgment and vision," states Sheriff Schebil. "National state and local campaigns such as the National Drunk and Drugged Driving (3D) Prevention Month and MADD's Red Ribbon campaign, (which both take place in December of each year), have spread the word against drunk and drugged driving, yet so many lives are still lost on our highways. Over fifty percent (50%) of all fatal traffic crashes involve a driver who is under the influence of alcohol. New Year's Eve is one of the most lethal nights in that respect. Football games and family get-togethers on January 1st may be a part of many a household's plans, but those plans can be ruined in one fatal instant!"

"You can help reduce the statistics instead of becoming one," Schebil continues. "Follow these simple suggestions and use a designated driver and promote the use of one with family and friends! Or better yet, volunteer to be the designated driver and save a life What better gift could you give your family and friends this holiday!"

# Mrs. Miller's Third Grade Finds a New Home

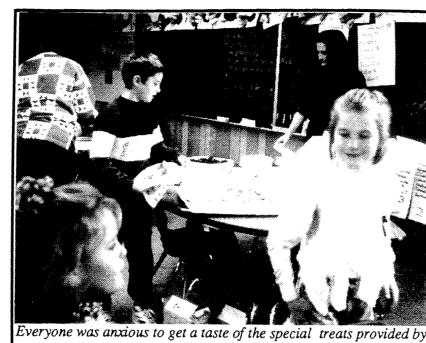

Mrs. Kay Miller looks very pleased to be settled in her new portable

On Wednesday, December 1, the third graders in Mrs. Kay Miller's class celebrated a very special day.

Their class was finally completely moved into their new portable classroom - the fourth portable at Klager Elementary School. They celebrated by having a pizza party at lunch time.

Room mothers brought in Pizza, pop and cookies, and served the students on special placemats they had made to cover their desks. Many choices were available so everyone could have just what they wanted.

## **Manchester Community Schools Severe Weather Closing Policy**

Manchester Community Schools closed. will implement procedures to respond to the conditions. Road conditions at selected areas throughout the district will be checked. The Superintendent and the Transportation Supervisor will be in communication with the county road commission, national weather service, police department and local school districts in an effort to gather accurate information.

If it is determined that road and/or weather conditions will affect bus travel, a decision regarding the closing of school or delay of school will be made by 6:30 AM and announced on radio.

If school is closed for Manchester students, all programs and activities are cancelled. Special education, vocational education, adult and community enrichment programs will be cancelled. If conditions are improving, high school athletic events and practice sessions may possibly continue. A decision will be made by 1:00 PM.

The Pleasant Lake Technical Educational Center will close if any two of the three schools sending the most students (Manchester, Saline

In the event that severe weather and Chelsea) plus one of the other and/or road conditions exist, the two schools (Milan and Dexter) are

## 7th Grade Dutchmen are Unbelievable!

The 7th grade boys' basing can stop the Dutchmen!

The season's first game was against East Jackson. The Dutchmen were awesome the whole game through! The first quarter set the pace for the game with the Dutchmen taking a of the powerful Dutch defense. quick lead 12-4. The Dutchmen kept it coming in the second quarter, scoring 12 to the Troians' 4. At half-time the score ter. was an incredible 24-8.

Things were just heating up for the Dutchmen. In the thirdquarter the Dutchmen blasted completely out of any danger of losing by out scoring East Jackson 14-5. Going into the fourth quarter Manchester was up 38 - 13. Manchester went easy on the Trojans in the fourth quarter and finished the game up 46 - 21.

The scorers for Manchester were Jason Flint with 16, D. Hanewald with 8, Mark Hollosy with 7, Kyle Davis with 6, Ricky Walakonis with 4, P. Dettling with 2, J. Schaible with 2, and Chris Benedict with 1. Go Dutch!

The second game of the season was a nail-biter against Michigan Center. The game started out terrible for Manchester. Manchester was beat in every way including the score which now stood at 4-11.

The Dutchmen did not give up though. They made an incredible comeback in the second quarter, scoring 11 points to Michigan Center's 4, to tie the game up at 15-15.

The third quarter was an allout defensive effort on the part of both teams. Each team held the other team to only 4 points. Going into the final quarter, the Dutchmen were tied with the Cardinals 19 - 19.

The fourth quarter went right down to the final seconds of the game, as Manchester edged over the Cardinals 29 28. Well done Dutch!

The scorers for Manchester were Jason Flint with 19, D. Hanewald with 6, Chris Benedict with 2, Mark Hollosy with 2. Great game guys!

The third game was against the Grass Lake Warriors.

The first quarter belonged ketball team is on a roll! Noth- to the Dutchmen, who took an early lead over the Warriors 9 -4. The second quarter was an-

## Youth Basketball program underway

Who doesn't believe that 9-12 a t-shirt with their name on it, and do than watch TV on Saturday mornings? Or that they need a healthy outlet for all that excess energy they generate?

I didn't see any hands raised, so perhaps everyone agrees with coaches Steve McCalla and Ken Branch that the youth basketball program is a great idea for 4th-6th graders. Certainly many parents agree, since a total of almost 70 kids (44 boys and 25 girls) are enrolled in this program in its

This 12 week program is actually almost over. It runs through December 17. The first five weeks were devoted to learning the necessary skills, followed by a seven week "season" of 3 on 3 play. Although these past seven weeks have been scrimmages, the youth are improving their basic skills,

fledgling year.

Each student pays \$25 to join the program. For this they receive

learning about teamwork and the

discipline necessary to play bas-

year olds need something more to the remainder goes to a "Junior High Fund" at the Athletic Department. So not only are they honing their skills for future play in the 7th and 8th grades, but they are assuring the funds will be available for these programs when they reach that level. Coaches Steve McCalla and Ken Branch are both volunteers; Ken works with the girls and Steve is the program coordinator and works with the boys. They are donating all the time they spend - two to two and a half hours per week (girls 9:30-11:30 AM and boys 6:30-9:00 PM) plus their expenses to make this program work for the kids. Both have plenty of experience coaching young people and are very dedicated to their

Mr. Donald Burchett has been nominated and elected Worshipful Master of Manchester Lodge #148 F&AM for the year 1995. Brother Don will be installed December 12, at 7:30 PM at the Lodge. The public is welcome to attend the ceremony. Lodge opens at 5:30 with a dinner to follow.

Also to be installed are Matt Donnellon, Senior Warden; Hiram Church, Junior Warden; Ronald Schook, Secretary; Richard Densel, Treasurer, John Church, Senior Deacon; Keith Harper, Junior Deacon; Earl Alber, Chaplain; and Roy Maggard, Tiler.

**Organizations** 

## **American** Legion **Auxiliary**

The American Legion Auxiliary will meet at the Legion Hall on Wednesday, December 14, 1994 at 6:30 PM For a Christmas Potluck. Don't forget your donations of yarn, personal care items and paper/canned goods. Second District President Jane Bowen will be our guest.

## **Cub Scout** Pack #421 November **Pack** Meeting

Manchester Cub Scout Pack 421 held its November Pack Meeting at Emanuel Church. Den 7 presented a skit that asked the question, "If the pilgrims came to America on the Mayflower, what did doctors use?" The answer, of course, was "Blood Vessels"!

What did scouts use? Handicrafts. Several dens showed off their handicrafts. There were bird feeders, neckerchief slides and wood tic-tac-toe games.

Kevin Bancroft, Tate Curtis and Rodney Kidd were awarded their Bobcat patch. William Aldrich and Kevin Bancroft received special reading patches. Jeffrey Chapin received several sports and academic belt loops and pins, including a math pin. He also received the following activity pins: athelete, citizen, handyman. showman, and sportsman. William Cole, Christopher Loud, Chris Roberts and Jarod Seltenright also received their citizen pins. Alex Kormendi was awarded his athlete pin and Eric Mackres received his traveler pin.

Phil Loud took his second year Webelos, Den 7, for an overnight visit to the Hands on Museum in Ann Arbor where they worked on their geologist pin.

Scouting For Food is coming up. Keep a lookout for the flyers on your doorknob. (See also accompanying article at right - ED).

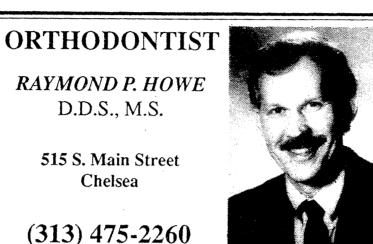

-Wendy Chapin

## **Cub Scout Pack #421** to "Scout for Food"

The Manchester Cub Scouts, Pack 431, will be "Scouting For Food" on Saturday, December 10, 1994. This event assists local charities in the collection of food for the needy in our community. The scouts delivered flyers to village residences this past weekend with instructions for individual contributions.

If you would like to help, simply put canned goods in a bag and place outside your door in plain sight for the scouts to see on Saturday, December 10 by 8:00 AM. Scouts will pick up between 8:00 AM to Noon. Scouts have been instructed not to ring doorbells or enterhomes. The scouts have also placed a drop box at the Walco Grocery in Manchester for contributions if that would be more convenient for you. Remember, canned goods only, please! Nothing perishable or in glass.

## AAA has winter home care tips

Cold winter weather can be just as hard on your house as it is on your car, especially if temperatures reach sub-zero levels like they did last winter. To help home-owners cope with the cold—and maybe save some lives—AAA Michigan has the following "winter home care" tips:

- If sub-zero temperatures are predicted and you have reason to believe your water pipes may freeze, ~; turn on your tap to a steady trickle. This will help prevent pipes from freezing.
- If you own a seasonal dwelling, drain the water completely.
- · If you wish to install "heat tape" on your pipes, hire a professional. Improperly installed heat tape can cause fires.
- Do not attempt to thaw pipes using an open flame; hairdryers have been known to do a great job.
- Use alternate heat sources, such as kerosene, propane or electric heaters, with care. Follow manufacturer's guidelines and never leave unattended. Keep heaters away from curtains, corners and walls. Always refuel kerosene heaters outdoors.
  - · Gas ovens should never be used as an alternate heat source.
- · Clean your chimney and have your furnace inspected annually. This service can range between \$50-\$65, but it could prevent your house from burning down.
  - Do not overload electrical outlets.
- If planning to purchase a wood-burning stove, have it installed by a professional, meeting all codes and manufacturer installation guidelines.
- Use ceiling fans to distribute warm air more efficiently throughout the
- Install and maintain smoke detectors on all living levels.

In their search for comfort, many home-owners unknowingly place themselves and their families at risk," said Jerry Basch, manager of Community Safety Services. "Improperly used heat sources, frozen plumbing, dirty chimneys—these are all factors that can leave you, quite literally, out in the cold." In 1992, the second leading cause of residential fires in Michigan was heating sources. This includes furnaces and other heat sources, such as freestanding kerosene or electric space heaters, as well as wood burning stoves, fireplaces, chimneys and flues. According to the Department of State Police, Fire Marshal Division, 55,622 fires were reported in Michigan in 1993. A total 233 people died as a result of these fires and 759 were injured. Property losses for the year totaled \$338 million.

# Auto Club takes bite out of winter driving Dreading the onslaught of hazardous winter weather? Has the prospect

of driving with poor visibility or skidding on ice got you down? Take heart. AAA's "How To Go On Ice and Snow," a well illustrated and easy-to-read pamphlet, helps take the bite out of winter driving. Available free at AAA branch offices statewide, the booklet contains information on winter driving techniques—starting, tracking and following, steering and stopping - as well as hints and precautions helpful to front-, rear- and four-wheeldrive vehicle operators. "Armed with these tips, Michigan motorists can be better prepared for winter roads by completing a quick driving review and making sure their vehicle is ready," said AAA Michigan Community Safety Services Manager Jerry Basch. "How To Go On Ice and Snow" offers the following tips to help motorists steer clear of winter driving

- Improve visibility by clearing all snow and ice from the entire car hood, roof, trunk, turn signals, tail lights, headlights, windows, mirrors and fender walls. Driving with headlights on low-beam provides better road~ illumination in snow and fog than using high-beams.
- Remember that posted speed limits are set for ideal road and weather conditions. Slow down when visibility and road conditions are impaired by bad weather or traffic.
- · Avoid sudden starts, stops and turns. Accelerate carefully, so car wheels don't spin.
- Don't brake hard. The best technique for braking under icy or snowy conditions is to use "threshold" or "squeeze braking." This is done by applying the brakes firmly to a point just short of lock up, and then easing off the brake pedal slightly. Applying steady pressure is better than "pumping the brakes" and should be practiced on dry pavement prior to driving on snow. If your vehicle has anti-lock braking, continuous firm braking is usually recommended. Check the owner's manual for proper procedure.
- Anticipate potential danger such as ice on bridges, snow-covered lane markings, stalled cars and poor visibility. Adjust speed, increase distance between other cars or change lanes to avoid trouble. Watch out for other drivers who may be unprepared for changing road conditions.
- · In a skid, ease off the accelerator and don't lock up the brakes. Carefully steer in the direction you want the car to go and straighten the wheel as soon as the car begins to go in the desired direction.

# The Best Christmas Pageant Ever!

Speaking for the people of the Manchester Area

Manchester, Michigan

The MHS Drama Club production of "The Best Christmas Pageant Ever" had to be one of the "best plays ever" in this community. Though there may have been doubts that the subject matter was appropriate for a public school setting, it was obvious that the Manchester audience was supportive of both the message and the presentation of this drama. The school is to be applauded for its courage in standing by the students' right to perform the Nativity story to the community.

A refreshing portrayal of the popular short story was presented by the students of the Manchester Community Schools. The play included students from Klager and the Middle School as well as High School students. For the age of the cast, a truly incredible job was done. Even the high school cast was composed of a majority of freshmen and sophomores. Many of the actors had a variety of experience, but most had little or none.

The story begins when Mrs. Bradley, played by senior Andrea Clark, is forced by circumstance to direct the church Christmas pageant which has ALWAYS been handled by the competent Mrs. Armstrong (Keenan Shurtliff). Mrs. Armstrong still tries to manage things from afar - notably her and their Pom Po a line. She also wheelchair - but Mrs. Bradley the notorious Herdman family who bullies their way into all the leading parts in the heretofore quiet (and predictable) pageant. Look out, angel choir, look out Mary and Joseph. The

Herdmans are coming!

It is very difficult to single out individual cast members for a job well done. The cast worked so well together as an ensemble; it was obvious everyone was having a good time and enjoyed what they were doing. But a few must be mentioned here as they to this particular event. stood out for various reasons. Jennifer Aiken did a great job on Saturday was certainly the overcoming any nervousness she may have felt standing alone in the front of the stage, reciting a lot of memorized lines. Julena Westcott, also, seemed at ease despite her young age and a lot of lines to deliver. Certainly Jennie Sahakian and Rachel Jefferson, as the Herdman girls, Imogene and Gladys, enjoyed rectors, and to the entire cast and the parts they were playing and crew (excellent sets, especially did them very well (Gladys the stained glass windows) of Herdman was played on Sunday "The Best Christmas Pageant afternoon by Holly Sutton - we Ever." Your outstanding preattended the Saturday evening sentation will be long performance). Doug Meeks, doing a brief double duty as Joe

as well as his own part, did a remarkable job. Each cast member showed a lot of dedication to this production. Many hours of rehearsal time made it necessary to put other activities on hold, and all are to be commended for their loyalty

The highlight of the pageant stage debut of the youngest cast member. Jacob Lloyd Fielder. son of Curt and Barbara Fielder, played the part of the Baby Jesus. Jacob was born November 18th and gave a magical touch to a very magical evening.

Congratulations to Mrs. Weiland and Mr. Vitale, the diremembered by those who were fortunate enough to witness it. Tobias' last minute understudy - Marsha Johnson Chartrand
