How Safe Are Our Buses?

"Grounded" last Tuesday after five out of seven buses on a scheduled state inspection were red tagged, the entire bus fleet is once again on the road.

Manchester Community Schools' Transportation and Maintenance Supervisor, Rusty LeFurge noted that although the five buses were red-tagged by the state, none were cited for serious or safety-threatening violations.

"We will have to retire our oldest bus," he acknowledged. "We had repaired the floor in Bus #1 but the inspection indicated too much floor pan rust and the cost to repair it again will be prohibitive. The bus is a 1980 model and has 136,000 miles on it; it's probably time."

As he read off the list of violations on the buses in question, they included such safety factors as unmatched tire sizes, low air, coolant gasket leaks, fuel cap cracked, caliper mounts in brakes which needed to be secured, spot welding on

seat backs, 'pencil'-sized holes in mufflers, broken mounts on shocks, "rattling" problems, and a front headlight trim ring which needed to be spot welded.

"None of these problems in and of themselves would be considered serious or safety-threatening. It was probably a combination of several small violations which caused the state to red-tag the buses."

The district had to borrow three buses from Saline and Clinton to transport the students to and from school, but a list of the deficiencies noted was left and all were corrected by Thursday noon. "In 1-1/2 days, all five buses were back on the road."

The remainder of the bus fleet is scheduled for inspection on Tuesday, January 17. Does LeFurge expect all the buses to pass inspection this time? "Absolutely. We will do whatever it takes," he told the Enterprise on Monday. "The last two buses are in the garage currently. We will be working on them until they're done."

Were our students endangered by riding the faulty buses prior to the inspection? "Absolutely not. These violations are safety-related, to be sure, but it is not like you'd see on a cartoon, where a bus would go over a bump and the next frame would show the driver with a steering wheel in his hand."

"Is our fleet deteriorating? I wouldn't say so. We do have to remember, though, that our oldest buses now have well over 100,000 miles on them - and our newer buses have between 50-80,000 miles on them."

Two new buses were approved for order by the Board of Education at their December meeting, and the order has been placed earlier this month. "They may be here in September," said LeFurge. While the district is trying to keep on a two-per-year replacement schedule, other purchases may be indicated which prevent this timetable from materializing. -MJC

OPEN AT LAST!

George & Lois Wacker are smiling once again as the canopy and new pumps are finally completed after six weeks of construction. "The canopy is great, but the important stuff is all under ground," George commented. "Double walled-tanks, leak detectors and other safety factors made this necessary." Lois adds, "The store interior will get a facelift next - but first, we're going up North for a snowmobiling vacation." Well-deserved, we're sure!

Honor Scholarship Nominees Announced

Melanie Kapa

Mary Lobbstaël

Manchester High School National Honor Society recently chose Seniors Melanie Kapa and Mary Lobbstaël as the 1995 Scholarship Certificate of Merit winners. This scholarship program is based on the four principles of National Honor Society: character, leadership, service, and scholarship. As school winners, Mary and Melanie are eligible for scholarships at the national level.

Melanie Kapa, the daughter of Gary and Carolyn Kapa, is a returning member of National Honor Society. She recently chaired the Christmas Carolling committee and has now volunteered her time for the blood drive in February. Melanie is also active in Drama Club, Key Club, SADD President, and the Class of 1995 Secretary. In Melanie's spare time, she enjoys playing volleyball and taking stats for JV & Varsity Basketball. Melanie hopes to attend Central Michigan University or Grand Valley State

University this fall.

Mary Lobbstaël is currently the President of National Honor Society. The daughter of John and Lynda Lobbstaël, Mary is also the President of the Class of 1995, Key Club Treasurer, SADD and Drama Club member. She has earned seven leadership awards at Manchester High School. Mary also keeps busy with her jobs at the Baker's Dozen and here at the Manchester Enterprise. She is considering Western or Central Michigan University to study international business. You can also find Mary taking Varsity Basketball stats (with Melanie).

Now, Melanie and Mary will each complete a scholarship nomination form, to compete with members of National Honor Society through out the United States.

Congratulations on being chosen the 1995 School Winners in the National Honor Society Scholarship Program!

Second Front Page: The Boot Stompers

What's with all the cars, laughter, and country music at the American Legion every Tuesday night? If you pass by the parking lot on Adrian Street, you may notice a lot of activity there. And more and more cars are showing up every week.

From a small beginning of twelve or so couples, these gatherings of "the Boot Stompers" have attracted over 40 people in recent weeks. Many come in pairs, but several also come solo, knowing that they will find a partner once they arrive.

What is this? It's Country Dance - a pastime that is catching on all over the country has now arrived here in Manchester.

The group gathers each Tuesday night for practice and to learn new steps. Those who have learned something new will teach the others. It's a lot of social interaction, a lot of good exercise and just a lot of fun!

On the first Tuesday of each month, professional instructors Charlie & Pat Carr of The Stampede in Quincy (named as one of the "Best Country Dance Clubs" in Country America Magazine's February 1994 edition) come up to provide special instruction. The Stampede is a favorite destination for the group's "field trips" as well as

for those individuals who just can't get enough of country dance. Those are often the same couples who teach the new steps on a weekly basis at the Legion hall. Three of the couples have attended teaching workshops at the Stampede.

If you've ever watched Country dancing from the sidelines, you wonder how these people learn the precision needed to do all of this boot stomping successfully! One wrong move during a turn could mean you

knock off your partner's expensive Stetson hat. And by the time he can reach down to pick it up, it may have been stomped by the next boot-scootin' boogi-er.

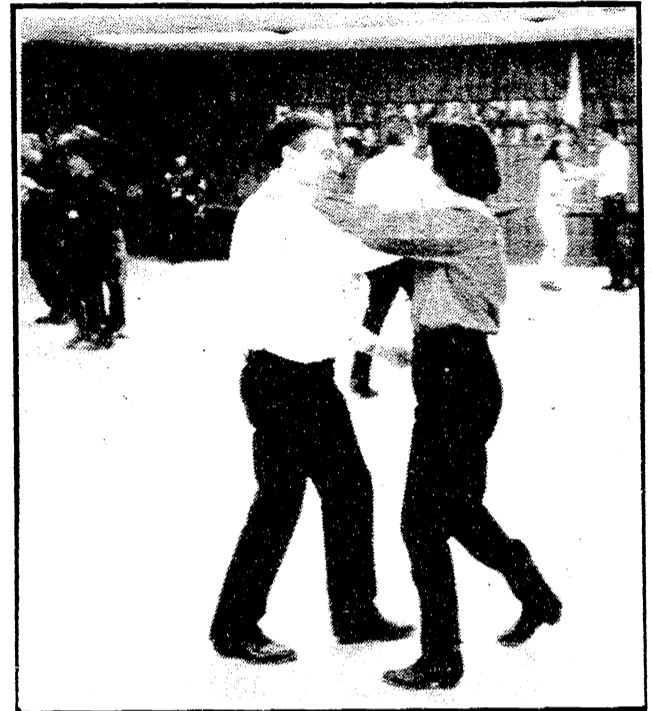

Bill Martin, one of the early members of the group, says the steps are easy, and usually just a variation on more familiar dances. "It's just a waltz, and just as pretty when it's country dance as when it's a traditional waltz. The two step is simply a fox trot. And the hand turn movements are just like polka."

(Easy for Bill to say!) "The names have changed, but they're still the same dances. This is not Square Dancing, either." This is classical dancing with a new touch.

The enthusiasm generated by these country dancers is infectious. "Stop in! Join us!" is

It doesn't matter if you come with or without a partner. If you need a partner, chances are you can find one. And sometimes, as in line dancing, you don't even need a partner.

All ages and stages of dancers come to the Tuesday night classes. Country dance lessons

their cry. Your protests that you can't dance will go unheeded. They are convinced that you'll love it, just as much as they do! And you probably will. Watching from the sidelines is practically impossible. The music is catchy. You start tapping your foot, swinging to the rhythm - and suddenly you realize you've been swept right into the circle.

The group does all sorts of dances - specializing in line dancing and east and west coast swing. "Once you know the basics, you can do any of them," we are assured. "Those of us who have been dancing just since we started in September are now doing the dances in the clubs and keeping up with the best of them."

There are, of course, variations on the dances and there is an "etiquette" on the dance floor for each type of dancer. In the center of the floor you'll find the line dances, and the east and west coast swing. On the Inside Slow Lane, will be the "Stop and Go" movement dancing, in a counterclockwise rotation. Also going counter-clockwise is the Outside Fast Lane, where there is continuous forward movement dancing. Sounds confusing, but once you're in there, you follow the crowd - and as the floor gets crowded, you're glad for that dance floor etiquette.

have gone on for a couple of years at the Legion. Initially they were begun by enrollment for couples, but this group has organized more loosely. No membership record is kept, and the fee is \$2 per person per week, which covers the cost of renting and heating the hall. The once-a-month professional instructors raise the ante to \$4.00 per person, but where else can you go for such a reasonable price, and have so much fun in the bargain?

"Each week we get a few more people," notes Bill Estep, one of the organizers of The Boot Stompers. "We usually have around 40 people now - last week we had 44 - and we can probably expand to accommodate 60 people before we start having to take down some more tables!" Estep and his wife, Joyce, were looking for a closer place than Quincy to dance on a regular basis, so they decided to make themselves a place. With just a few other couples to start, and a small budget to copy flyers, they have seen the group flourish.

The Boot Stompers will be co-hosting a dance with the American Legion at the Legion hall on Saturday, February 11th. So there are still a few more Tuesdays that you can "scoot" on over to the Legion and learn some steps.

Join the fun - see you there, pardner! -MJC

Out of the Pen

- by garlene

volleyball? Why, it's on Tuesday the 17th. Be sure to have your piglet's medical form ready. Call the vet's office. "We just happen to have an open appointment on Tuesday afternoon. It must be meant for you." Somehow, though, I'm not feeling this is good luck.

One of those days... After the holidays, it seems like life slows down for awhile. After a month or so of hurry-up, rush-rush, and must-do occasions, we let down our guard a bit and relax.

But only for a little while. All too soon the merry-go-round begins again.

Quite often it begins about the time school starts again. Those little piglets who kept us running to school programs, band concerts and a dozen other activities in December, always seem to have something else up their sleeve.

Piglet #2 informed garlene that she was going to play volleyball. "How lovely," sez garlene, pre-Thanksgiving. How naive, we are learning. Having a piglet in sports means, #1 a physical, #2 a parent meeting, #3 lots of practices, not to mention #4 traveling to lost planets for sporting events. Where is Addison, anyway? Isn't that where Tim & Jill got lost in a snowstorm?

Of course, in mid-November, all this sounded manageable. Even in the post-Christmas lull, it sounded like we might be able to swing it. In reality, it adds up to "one of those days".

You know, ole garlene is mostly on her own at the Enterprise this month (another idea that sounded manageable - even reasonable - when gar & Teresa proposed it.) My biggest concern was when I realized Friday the 13th fell in January. Well, we breezed (sort of) through the 13th.

Now a funny thing happens when Friday is on the 13th. It is followed, during the next week, by Tuesday the 17th. When garlene was first approached about Tuesday the 17th, it sounded innocuous enough (familiar story, right?) An evening community worship service would be held at our church. Could I be there? No problem!

By last Thursday evening, the days were closing in on me. That parent meeting for

The calendar for Tuesday, January 17 has long since overflowed. Even very small, precise writing cannot fit everything into that one little square. Tuesday the 17th is Recycling Day. It is a friend's birthday (sorry we'll miss the sombrero, Andy!) A special order will be ready at the bakery on Tuesday. Maybe we'll have time to eat it on Wednesday. And then, to top it off, contractors are coming on Tuesday to work on the never-ending remodeling project for us.

What garlene has failed to remember in all of this is that Tuesday is the day on which the Enterprise is printed, and it's always a day from you-know-where. A day upon which she invariably breathes a sigh of relief when it's over. And a day when all the responsibility for getting the paper produced, printed and mailed will fall solely on her little pink shoulders. A day at home which garlene could have probably handled in her house-swinely days becomes complicated by the needs of her "career" at the Enterprise. A career she would like to chuck somewhere, quickly.

But somehow, everything will happen. We may be late for appointments or meetings (hopefully not for church). We may eat supper standing up. We may be addressing the Enterprise at midnight.

But certainly, garlene will wake with a smile on Wednesday the 18th and say, "Hey! I survived!" The fact that you're reading this is evidence that old garlene made it through. Don't come looking for her, though. She's suffering post-traumatic syndrome and won't be up to snort for a few days.

Who needed Friday the 13th, anyway?

**SHARON TOWNSHIP
PROPOSED SYNOPSIS
REGULAR BOARD MEETING
JANUARY 5, 1995**

The meeting was called to order at 8:00 p.m. by Supervisor Savage. All other Board Members were present along with the Zoning Inspector, several residents, and Michigan Consolidated Gas representative.

Minutes of the 12/1/94 meeting were read and accepted.

The Treasurer's report was read and approved. The Treasurer discussed the many property transfers that have not been processed by the County Property Description Department, therefore owners do not receive their property tax bills. Address changes are another problem. Hopefully all this can be resolved before next year.

The meeting was turned over to the Mich Con representative. He presented some highlights in regard to the company operations. Also they would like a franchise for natural gas for Sharon township. This will require study since Consumers Power already has a franchise for the Township. Mich Con agreed to do investigation.

The Zoning Inspector reported one new land use permit for a new house issued in December.

Planning commission reported Tom Lavender as the new Chairman and Sandra Thomson, Vice-Chair.

The Township Board re-appointed Charlotte Anderson, Teri Aiuto, and John Savage to Zoning Board of Appeals for 2 year terms ending on 1/1/97.

Having served on ZBA for many years, Don Young requested he not be re-appointed. Jim Davey was appointed to fill this vacancy. Planning Commission will appoint their representative during their January meeting.

The Supervisor stated that in order for local units to continue to receive public works funds to be used for recycling, there will be new requirements such as an educational program, etc.

Board of Review members have all accepted their appointments. There will be a training seminar in Ann Arbor to help them implement Proposal A requirements for Boards of Review.

Manchester Community Resource Center letter in regard to Drug and Alcohol Abuse in Manchester was read by the Supervisor. Monthly meetings to deal with the problem are planned.

Motion made, supported, and carried all bills as presented be paid.

Motion made, supported, and carried Campbell, Kusterer, and Co. be contracted for next scheduled audit.

There were other discussions not requiring Board action.

Being no further business the meeting was adjourned by the Supervisor.

SUBMITTED BY: DUANE R. HASELSCHWERDT, CLERK

APPROVED BY: JOHN A. SAVAGE, SUPERVISOR

Summary of
Planning
Commission
Meeting
January 10, 1995**

Meeting called to order at 7:35 p.m. Members present Roberts, Lowery, Little, Schiller, Hinkley, Tucker, Way, Mussio.

Motion by Tucker to approve the agenda, support by Schiller. Vote: ayes-all.

Motion by Roberts to accept minutes of our December meeting with one deletion, support by Little. Vote: ayes-all.

J. Wallace reported that letters have been sent to 5 property owners regarding non-conformance to approved site plans.

Tucker suggested that we send our checklist to Council when we review a zoning or variance request.

We discussed the C-2 and CBD sections of our Codebook and will continue our review at our next meeting.

Motion by Hinkley to adjourn at 9:05 p.m., support by Tucker. Vote: ayes-all.

Respectfully submitted by Linda Mussio, Secretary.

**PROPOSED SYNOPSIS of a
regular meeting of the
Manchester Township Board
held Monday, January 9, 1995:**

The meeting was called to order at 8:02 PM with all board members present. Fire Chief Scully was also present. Minutes of the Board's last regular meeting of 12/12/94 were approved as presented. Bills paid since last meeting were reviewed. The Treasurer's report was accepted. A cash flow report for the last quarter was examined, and a resolution was passed amending two line items in the General Fund budget. Bills totaling \$4898.03 in the General Fund were then approved for payment.

Chief Scully reported Fire Department activity for the month included 3 fires, 6 medical, 5 personal injury, and 2 miscellaneous for a total of 15 runs. Negotiations by Supervisor Mann with MIOSHA have resulted in a reduction of penalties to \$2012.50. All violations have been or are in the process of being corrected. Some calls have come to the Fire Department about carbon monoxide alarms. The department does not have a detector at this time and recommends that a homeowner leave their house if the alarm goes off and call their gas company or furnace serviceman.

Constable Moore continues on medical leave. In his absence, Ron Mann is performing zoning inspections.

Until further notice, the Planning Commission will hold special work meetings on the second Tuesday of the month. The regular meetings will continue on the fourth Monday.

A request for private road approval for Iron Lake Road was granted.

A draft copy of a mineral extraction ordinance, developed in cooperation with representatives from Manchester, Sharon, Freedom, Bridgewater and Lodi Townships, will be forwarded to the Planning Commission for a recommendation. A hazardous materials ordinance has been presented which may be addressed in the near future.

Various items of correspondence were presented, requiring no action from the Board. There being no further business to come before the Board, the meeting adjourned at 10:02 PM.

The next regular meeting of the Manchester Township Board will be Monday, February 13, 1995, at 8:00 PM.

Submitted by Kathleen M. Hakes, Clerk

Approved by Ronald E. Mann, Supervisor

Your House Of Worship Helps You, So Now It's Your Turn

You probably couldn't count the number of times your House of Worship has helped you through some crisis or state of anxiety. It may have resulted from talks with your clergyman or just attending the services, but in any case your outlook was brightened.

Your House of Worship has been a good friend to you over the years, so now it's your turn to reciprocate in any way you can, according to your abilities or the state of your health.

Women can bake cookies, arrange pot luck dinners, make phone calls, type the bulletin or decorate the place for special occasions. Men can make repairs on the building, paint the walls and the lines on the parking lot, pull the weeds or clean up the trash. These things are little enough to repay all the benefits you have received from your House of Worship throughout the years.

Sometimes give your services for nothing, calling to mind a previous benefaction.

—Hippocrates

"Every man shall give as he is able, according to...the Lord thy God."

—Deuteronomy 16:17

Girl Scout Cookies on Sale Now!

It's that time again! One of the most anticipated events in the country, the annual Girl Scout Cookie Sale continues through January 29.

For over 50 years, Girl Scouts have been selling cookies door-to-door and at booth sales. Customers who would like cookies, but have not had a Scout call on them, may call the Huron Valley Girl Scout Council at 313-971-8800 or 1-800-49-SCOUT to order cookies over the telephone. Your order will be referred to a local troop for fulfillment, so your purchase will help support Manchester troop activities.

Eight delicious varieties are available this year including a new Fat-Free cookie, the Cinnamon Oatmeal Raisin Bar. Old favorites include: Thin Mints, Caramel DeLites, Peanut Butter Patties, Shortbread, Lemon Pastry Cremes, Peanut Butter Sandwiches and Strawberry 'n Creme. Each box costs \$2.50.

The cookie sale is an activity of the Girl Scout Program and helps fund achievement recognitions for girls while helping troops with expenditures such as trips, community service projects and special projects. Cookie sale funds also help Huron Valley Girl Scout Council with expenses associated with volunteer recruitment, support training, program development and membership.

**MARIAN A. DAMMON
SCHOLARSHIP COMMITTEE**

by Howard E. Parr

Late last year, I received a letter announcing formation of a committee to establish a Marian A. Dammon scholarship at Michigan State University. I didn't recognize any names on the paperwork that came to me and wrote requesting more details. I now have information that can be shared with her many friends here and want to do that at a meeting scheduled for 7:30 p.m. Thursday, January 26th at the Blacksmith Shop.

Miss Dammon is a friend to many here. She taught English and Latin in Manchester High School from 1929 to 1939. During that time she grew into an institution and was respected and loved by her students and many others in Manchester. When World War II came, even though she was no longer here, she acted as a clearing house for news from the far-flung Manchester boys and girls and wrote them a regular newsletter. In more recent years she has often returned in June to help her "kids" celebrate special MHS Alumni reunions.

I find that the new scholarship committee may not have had many addresses for Manchester. Some of you received the same letter I did and may have already sent in a contribution. Others may be waiting for more information as I was. Still others may not know anything about it. Hence, the general meeting referred to above. Come to the meeting and get your questions answered to find out what is going on. If you can't come to the meeting, feel free to give me a call at 428-9233.

Manchester Family Services

HEARTS AGLOW THROUGH MANCHESTER FAMILY SERVICE

by Joanne Fredal

Feelings of warmth and joy linger even now, over a month since the Manchester Family Service Christmas Shop on December 14, 1994. Families that were helped with gifts of food, presents, and clothes as well as the people who provided these gifts mutually share a spirit of happiness.

Each year Sue Lavender of Great Lakes Bancorp starts the process soon after Thanksgiving by contacting me to ask for the gender and ages of children of Family Service families so that she can cut out the "gingerbread" figures for the bank lobby Christmas tree. Every year all of the figures are taken by people who agree with Dave Little and Sue that Christmas time is special for little children and the Great Lakes tree guarantees that each child will receive a gift. By that time MFS has set a date for their annual Christmas Shop so that Sue can post a dateline for gifts to be returned to the lobby before the Shop. This year 82 children were available and when all were taken some people brought in undesignated gifts which were given to children available later. What we have always observed and what parents of the children have told us is that the gifts brought in have been given loving attention as they are beautifully wrapped and been purchased with care for the desires of the ages of each child.

Another early project in preparing for Christmas is the Christmas Party sponsored by the Optimists Club. I was called by Bill Peterson for a list of ages and telephone numbers of families with

children between the ages of 8 and 11 who would like to participate in their party/shopping spree. The Optimists plan a day when a member takes a child shopping to buy a Christmas gift for each person in their family. As Bill describes: "The club members had a great time shopping with the kids. Many of them had things well planned out—what they wanted for each person, etc."

When they returned from shopping they tore into wrapping. Yvonne Henry got them to decorate cookies to fill in the times between "fast" wrappers and "slow" wrappers. Joanna vanRaden got them to make a tree decoration out of candy canes. Finally we had some carol singing by Rev. Thom Davenport and a Christmas story by Rev. Peggy Paige. This was followed by some wonderful pizza and red pop. Afterwards, Santa appeared and gave each youngster a present. The kids played with their presents and the adults relaxed and visited and then we all went home. This year the Optimists Christmas party was on Saturday, December 10th and held at the Manchester United Methodist Church.

From the beginning of December Manchester Family Service is contacted by businesses and families to adopt a family for Christmas. To prepare for these calls I ask the families if they wish to be adopted to write out a list of things they would like along with sizes if clothing is included. As the calls come in I assign a number to each family and then read out the gifts asked for. When a family is adopted, gifts are purchased for every member including, parent and many times the adopters also add groceries with their gifts.

Each year more of our families are being adopted. In many cases, it has meant that there would not have been any presents this year for some if MFS had not been able to connect those in need with the generosity of Manchester people.

Every year Manchester Plastics and Johnson Control Companies have been participants in adopting families and as in past years they have each adopted two families. Klager School Staff and the Manchester High School Superintendent's Office adopted families again. Also, Lambda Nu Sorority, Xi Epsilon Iota Sorority adopted families and with Preceptor Gamma Sorority purchased \$200 in toys for the MFS toy shop for the families not adopted. The 20th Century Club, and Eastern Star Chelsea-Manchester Chapter adopted families. St. Thomas Lutheran Church of Freedom Township adopted a family and Unity Church of Ann Arbor as well. (A parishioner of the Unity Church is a Manchester resident and spoke of our program.) Families who participated in adopting included Peter and Edna Ballantyne, Dan and Deb Birch, Ron and Carol Driessche, Ron and Deb Ellison, Jack and Patsy Evilsizer, Ben and Vicki Holland, Jim and DeeDee Sahakian, Roy and Karen Weidmeyer, and Marge Wykes.

New this year to participate in our adopted family program was Emanuel Church of Christ Youth Group and St. Mary's Youth Group. Bill and Sharman Pfaus of Emanuel contacted me to say that the Emanuel Youth Group of 7th to 12th grades planned projects to raise money and wanted to

adopt an MFS family for Christmas. They raised so much that they asked for more than one large family and were given another. We believe the young people of both churches are to be highly commended for having the interest and taking the time to bring a happier Christmas to others.

As the date of the Family Service Christmas Shop draws nearer the Cub Scouts and Manchester Schools hold their food drives for canned and dry goods which are donated to the Christmas Shop for the more than 75 families on our list. On our setup day of Tuesday, December 13th these products were brought to St. Mary's Parish Center (formerly the K of C Hall), by Wes Gall and members of the High School Leadership Class. After school on hand to help in sorting the foods were members of St. Mary's 5th and 6th grades Religious Education Classes and Cadet Girl Scout Troop 706 members.

The day before the "shop" is also our take in day for donations. Not only were many beautiful winter coats, boots, and sweaters brought in but also food donations from Midwest Ford, Kiwanis, and American Legion. Many individuals purchased additional items of toys, blankets, gloves, hats and groceries. DuRussel Potato Farms, Inc. donated 80

five pound bags of potatoes. And Manchester Men's Club made a large cash gift which provided a specialty gift box for each family as well as a package of ham for each family. Manchester Pharmacy supplied items for the boxes at cost, and Baker's Dozen donated boxes. Marti's Salon also donated clothing.

The day of the Christmas Shop families started to line up as early as 8:00 AM. As they came in each were given a gift certificate to either Meijer or Walco stores according to the size of each family and then had time to browse through the coats, etc. before they picked up their boxes of groceries and gifts from Great Lakes Bank which had been passed out according to the family number and children. Members of the Key Club were on hand to help carry things out. Also available on that day were three donated artificial Christmas trees and three live trees donated by the Men's Club. On December 22nd Johnson Controls made available 30 turkeys donated by their employees to Manchester Family Service so many families received a turkey for Christmas.

We have all learned through the years that it is just as much fun to give as to receive and that the Christmas Spirit lives long after.

Sharing the Gift of Sight

A program to provide free eye examinations to low-income working Americans and their families gets underway this month in Manchester and its surrounding areas. Sponsored here by The Michigan Optometric Association and the American Optometric Association, VISION USA is a national program to help people who need eye care but have no means to obtain it.

Dr. Julie Manders, VISION USA

ceive instructions on how to schedule an appointment for an examination in March. Eyeglasses are provided to VISION USA patients in Michigan, if needed. Local laboratories are providing single vision lenses for \$19.00 and bifocal lenses for \$28.00; frames are provided by the participating doctors at no charge.

VISION USA began as the Kentucky Vision Project in 1985. It is now a nationwide

program supported by members of the American Optometric Association and other benefactors. In the first two years since VISION USA went nationwide, almost 8,000 AOA-member optometrists have provided free eye care to nearly 80,000 people in need. Administrative and promotional costs for VISION USA have been underwritten by a grant from Vistakon, a division of Johnson & Johnson Vision Products, Inc.

Low-income working families with no health insurance are at a great disadvantage for health care benefits," says Manchester optometrist, Julie Manders, O.D. "Because of their employed status, they often fall between the cracks of government and private medical assistance programs."

ment or private health insurance, eye exams must not have been received in the past year, and household income cannot exceed an established level based on household size.

Workers who believe they may be eligible for benefits are encouraged to call 1-800-766-4466 toll free during the month of January only. Those who qualify for care will be notified by mail if a volunteer optometrist is available in their area; they will also re-

Earned Income Credit Helps Low-income working families

What is the Earned Income Credit?

The Earned Income Credit is a tax credit or refund check eligible working families can get from the federal government. The credit reduces the amount of tax owed and is intended to offset some of the living expenses such as utility bills.

Who is eligible?

Anyone who worked in 1994, earned a family income of less than \$23,755 and had at least one child living with them for at least half the year, or

Anyone who worked in 1994, age 25 to 64, earned an income of less than \$9,000 and didn't have a qualifying child.

What are the benefits?

The basic credit for families with one child is over \$2,000 for 1994. The amount of credit depends on the number of children in the family and the amount of the family's income.

Working adults can claim a son, daughter, stepchild, grandchild, or adopted child if the child lived with them more than six months out of the year.

Working adults without a qualifying child could receive over \$300 in credit.

How do you apply?

File a federal income tax return. For help in applying, call the Internal Revenue Service at 1-800 829-1040.

MPSC Alerts Consumers to Home Heating Credit

The Good News: Home Heating Credit may pay income eligible consumers more than \$100 to help pay for heat this winter.

The Bad News: Many eligible low-income customers don't know about the credit.

The Home Heating Credit is a credit from the state government that helps low-income families who spend a large portion of their income to heat their homes.

Who is eligible?

Homeowners and renters who are low-income, receiving public assistance or unemployment are eligible for the Home Heating Credit if they meet the following income guidelines, or other guidelines based on household income, exemptions and heating costs.

Additional benefits may be available if the customer is deaf, blind, a person with a disability, or age 65 or older.

How do you apply?

Obtain a Home Heating Credit form (MI-1040 CR-7) from the Michigan Department of Treasury at 1-800-367-6263 or help in filling it out at 1-800-827-7000. Some utility companies have application forms and can help you fill it out or give names of agencies that can help. It's not too late to qualify for the Home Heating Credit for 1990, 1991, 1992, or 1993!

When Do I get it?

Once a Home Heating Credit form is submitted to the Michigan department of Treasury it takes an average of three weeks to receive your credit. So get your Home Heating Credit in as soon as possible.

Number of Exemptions	Maximum Income
1	\$8,789
2	\$11,831
3	\$13,600
4	\$16,314
5	\$19,057

LOCAL RESIDENT HONORED BY THE MILITARY ORDER OF THE PURPLE HEART SERVICE FOUNDATION

Manchester resident Harvey F. Dethloff Jr. was honored recently by the national headquarters of the Military Order of the Purple Heart Service Foundation and was added to the roster of Founding Members of the foundation's new Golden Hearts Club.

This special honor is reserved for those individuals who have displayed an outstanding dedication to helping America's veterans—especially those who have been wounded by enemy action and have received the prestigious Purple Heart medal.

The Military Order of the Purple Heart Service Foundation organized the Golden Hearts Club in 1994 to honor and provide special support for these veterans. The club motto is: Behind every Purple Heart is a Heart of Gold.

Founded in 1932, The Military Order of the Purple Heart is the only veterans organization that has been specifically chartered by Congress to meet the needs of America's combat-wounded veterans.

Western Michigan University Dean's List Announced

A total of 1,851 students are included on the dean's list for the fall semester of the 1994-95 academic year at Western Michigan University. To be eligible, students must have compiled at least a 3.5 grade point average on a scale of 4.0 being all A's in at least 14 hours of graded class work.

Among them is Julie Anne Hamilton, of Manchester, majoring in Occupational Therapy.

Congratulations, Julie!

Terry Steele, of Buss Road, brought in this 38-1/2" long, 13 pound Northern Pike last week which he had caught from his ice shanty just north of the bridge on the River Raisin. Terry said a lot of people had asked him if the ice was ready to fish on and his answer was, "YES, the ice is thick enough." Probably this week Terry would have a different answer for us - but just wait; we can only assume that it will be thick enough again, soon.

Good Thru 1/31/95

Senior Citizens

by T.V. Ludwick

A weatherman stated that we were in a deep freeze a year ago at this time and being curious, looked it up. Beginning with January 8, '94 when we had -5 through to the 19th & 20th which was recorded at -23 & -21, it was a very cold January. How soon you forget. Friday morning early, Rubena said friends told her they heard lightning and thunder. This year it has again gone from the ridiculous to the sublime.

Wouldn't we rather live in Michigan with its ups and downs than in California where those folks have a great deal to really complain about? Nice place to visit when there are no mud slides from heaps of rain. Have seen results of mud slides on a visit and homes slide down the hills onto the roads and in some cases, right on into the ocean. But, as they own the property, another dwelling is built back. I, for one, would get discouraged.

Thursday, January 19: Exercise class begins at 10:30. I hope to participate one of these Thursdays. Then, a treat comes our way when Chinese will be served at noon senior meal. Bingo at the Center follows at 12:30.

Friday, January 20: Saline Senior Citizens invite you to come and play cards with them. Bus pickup to go will begin at 6 PM and you may call Erma Alber at 428-8707 for your bus reservation.

Saturday, January 21: Seniors will leave the Center by bus at 12:30 for Adrian and a matinee at the Crosswell Theater. "The Cemetery Club" will be presented and makes you wonder at that title. Am sure those players will make it a most enjoyable afternoon. If you are interested,

give Erma a call to see if there is room on the bus.

Tuesday, January 24: Come early (11 AM) to have your blood pressure checked by our volunteer nurse, Jo Simmons, or another of our capable area nurses. Pork chops will be featured on the noon lunch menu and they do them justice! So tender, just like the cooks. We invite you to taste the tenderness put into our senior meals by Jan, Grandma Gillow and Matt Barbour. Call for your dinner reservations either to Linda (ahead) at 428-8359, or to Jan (before 10:30 on meal days) at 428-7630 and come to Emanuel's dining room for a great meal each Tuesday & Thursday at 12 noon. Some of us like to arrive at 11:30 just to visit. We will also enjoy a speaker today at 12:30 who specializes in dog training. He plans to "have dog on board" to acquaint us with training. Then, to finish off this busy day, pickup begins at 5:30 for the travelogue at Tecumseh entitled 'Ancient America'.

Thursday, January 26: Come to the Center at 10:30 to exercise (just geared for seniors) and on to Emanuel for Chef's Choice — always makes us wonder - at 12 noon. Bingo follows at the Center.

Sophia (Mrs. Pete) Johnson celebrated her 95th birthday on January 10. We who are younger marvel at her sharp mind and hearing and the pure enjoyment of living that inspires us. I would like to hear about other area 90 and over "youngsters" so we may mention their names in our column. Please call me at 428-7434 if you have someone who qualifies. Think about what they've lived through!

ELDERCARE PROGRAM

Ask an older adult if they would ever consider voluntarily moving into a nursing home and most would say no. Thousands of older adults in our community would have no choice in the matter if it were not for the support services they receive through the Area Agency on Aging 1-B (AAA 1-B) ELDERCARE PROGRAMS.

The Area Agency on Aging 1-B, a private, non-profit organization, is responsible for planning and supporting social and nutritional services to; and advocating for the rights and independence of persons age 60 and older in Livingston, Macomb, Monroe, Oakland, St. Clair and Washtenaw counties.

There is more demand for help from a growing senior population than there are funds at this time to meet those needs. While funding is in place for home delivered meals during the week, it does not allow for weekend, holiday meals or emergency meal kits for the homebound elderly.

Through the AAA 1-B ELDERCARE PROGRAMS fund raising efforts Holiday Meals on Wheels steps in to provide 7,000 lonely frail, older adults with hot, festive meals, and companionship on four holidays during the year. Meals are served on Thanksgiving, Christmas or Chanukah, and two other

holidays which could include New Year's Day, Easter, Passover, Memorial Day, July Fourth or Labor Day. Twenty-three thousand additional emergency food packages are made available for days when meal delivery is not possible due to poor road conditions.

Your contribution to the AAA 1-B ELDERCARE PROGRAMS can make the difference for many older adults who wish to remain in their homes.

ELDERCARE PROGRAMS also support these services:

Community Care Management allows the needs of extremely frail elders to be assessed by a social worker and nurse.

In-home care plans are implemented, needed services are arranged and later evaluated to ensure quality of care.

The information and Referral service helps older adults and/or their families to locate support services within their communities or through the national network of area agencies on aging.

The Medicare/Medicaid Assistance Program helps seniors to understand their benefits and to cut through the bureaucratic red tape of health care coverage.

Some of these services would be unavailable, and

other would be extremely limited to the older adults in our community without the generosity of those who support ELDERCARE PROGRAMS.

Your donation to the ELDERCARE PROGRAMS can make a difference in the quality of life for thousands of older adults within our community. Send your contribution to:

AARP

The Washtenaw County Chapter of AARP will meet on Thursday, February 9, 1995. Mr. Wally Patrick, librarian for the Church of the Latter Day Saints, will offer an introduction to the Genealogical Resources at the Latter Day Saints' library. The library is on line with the Mormon church in Salt Lake City. Come and share with us this genealogical experience.

The group meets at the Pittsfield Township Hall, corner of Ellsworth and State, at 1:30 PM. The meeting is open to all interested Seniors.

CHECK IT OUT!

Tax Tips You Can Use

The State Revenue Commissioner has issued a notice that explains an error on the Michigan Income Tax Form MI-1040EZ. This single-sheet form can be used by single income tax filers who claim no deductions against their income.

The error occurs on Line 6 of the form. The line asks the taxpayer to record their "adjusted gross income" (AGI) from their federal income tax form. This part of the instruction is correct. However, the line continues "from Federal-1040EZ line 4". Reference to "line 4" is incorrect. The correct reference is "line 3".

All instruction materials that accompany the MI-1040EZ Form use the correct reference. If a taxpayer uses their federal AGI on the Michigan form, they will be correct. If a taxpayer uses line 4 from the federal return, they will be inserting the wrong information necessary to complete the Michigan tax form.

The Bureau of Revenue has indicated that corrections to affected MI-1040EZ income tax returns will be made at the time the returns are processed, based on W-2 information accompanying the return. Taxpayers will be notified if their return is recalculated based on a corrected AGI.

Tax preparers and tax advisors are being notified of this correction and all forms distributed from the Bureau of Revenue through its offices and through the toll-free "FORM-2-ME" telephone line will note the correction on the front of the form.

For more information about these topics contact your tax accountant or call (800) 487-7000

Teacher Profile

This week's Teacher Profile is on High school teacher Wes Gall. Mr. Gall teaches Phys. Ed. and Leadership. He is also a coach for Varsity Football and 8th Grade Basketball.

Wes attended college at both Washtenaw and Albion. He became a teacher and a coach because the teachers and coaches in his life were a great influence to him.

Mr. Gall's favorite thing about teaching 18 getting to meet and work with young men and women. He enjoys getting to watch them mature over the years, seeing them taking that knowledge you gave them, and watching them expand.

The worst thing about teaching for Wes Gall is as he said, "Seeing young men and women not working to achieve their potential."

Mr. Gall is planning to still be teaching in 10 years, but sees himself retiring in 15 years while still remaining active and involved.

Fog & Ice

or, "Grandma, do I really have to go to school?"

Thursday morning, January 12th, like any other school day, many children patiently waited for their transportation system to arrive and swiftly take them to their appointed destination. Some to Klager, some to Middle, some to the High School. Today that was not to happen, for those kids who rode bus #24, Mrs. "V" would not arrive! The kids who did get picked up had a, "Real life experience."

At 8:15 a call came into my home; it was Diane Turner, transportation secretary. "Please bring your grandson, Rod, to the bus on Henzie Road to save time." Bus 24, was not able to get up the icy hill to reach us. That "thing" that is known to happen when the air is warmer than the ground and the snow begins to melt had occurred on the roads through out Manchester School District, ICE!

Marlene Vargo, able driver of route # 10, had attempted the drive up the hill not quite making it and after deciding that safety was foremost, called for help. Howard Poley, master mechanic for the Manchester Schools, arrived with the sand to try to rescue this bus. Carefully skating along, Mr. Poley and Mrs. V sanded the uphill side of Henzie Road in an attempt

to get those kids to school in one piece. While trying to maintain my balance, walking carefully up the slippery hill, it was easy to understand the dilemma, and how the bus had ended up in the snow covered ditch.

Next was trying to drive the bus out of the snow bank it had slithered into. Mr. Poley carefully moved the bus forward, rocking it back and forth till it perched just on the edge, (you know that spot, where your mind and body just want to wish it over), my husband Lyall, a substitute bus driver, arrived to see if he could assist, if only with moral support. To no avail did any amount of rocking, sanding, or "holding your mouth right" get this bus moving. Looked like a tow truck would end up being the order of the day, "MONEY."

Meanwhile back at the barn, Diane has called in the "Marines." Within minutes, Truck 356, of the Washtenaw County Road Commission, commanded by John Jedele, arrives on the scene. Noting the icy conditions and not wanting to pull all that weight up the hill, Mr. Jedele backed his truck from Bowens Road to Burtless Road, having to take another stab at it himself on the uphill side, with his lights flashing and his beep-

ers beeping, sand going right where it should, (such finesse you should all have the privilege to see).

Still, it seemed, we would need the tow trucks; the rear wheels of the bus had gotten into the soft shoulder and sunk as we waited. Rising to the challenge, using chains Lyall had, the weight of the truck Mr. Jedele had, the kids sitting over the wheels, our fingers crossed and the proper invocation of the ICE GODS slowly but surely old #24 was rescued from its sorry plight, at which point Mrs. V and Kids proceeded on to Klager School, late but safe, and Bus 24 ready to serve again.

So, next time you bemoan the roads and invoke the wrath of the POTHOLE GOD, remember Mr. Jedele, and his fast response. Or lest you think that Bus Driver is being a little too strict, those kids cooperated like angels. Or how can they justify having that guy over in the garage, he keeps those buses safe for those kids!

Thank them for their time and patience, because each in his own way contributes to the safety, well being and education of our most precious resource, Our Kids!

Saving for College from Birth

Here's money expert Jane Bryant Quinn's advice on saving for college down the road if your student-to-be is just an infant:

1. From your child's birth until age 12, buy shares in stock-owning mutual funds. Invest regularly. Don't worry if the stock market drops. Eventually, it will come back.

2. When your child is 12, hold on to an past investments in mutual funds. Divert the fresh money you save each month into safer havens, such as Series EE Savings Bonds and Treasury Securities. The stock market is less reliable over the short term.

3. When your child is 14, move the freshman-year money out of stocks and into a guaranteed four-year investment. That close to college, you should take no risks. At age 15, move the sophomore-year money, and so forth. If stocks have just taken a big drop, wait an extra year or so.

Keep in mind: When college is many years away, invest for growth. When it's close, invest for safety.

-Manchester High School Press Release

SAVE THOSE LABELS!

The 1994 Campbell's Soup Label Collection period ends on March 1, 1995. We sincerely appreciate your cooperation.

Please save the labels from all Campbell's Soup, V-8 Juices, Swanson canned and frozen foods, Franco American Products, Recipe Dog food, Juice Works, Mrs. Paul's frozen foods, and Prego sauces.

You may send the labels to the Middle School in care of Chris Honer, or give them to any Middle School Student, or deposit them at the local Walco Store.

Thank you for your cooperation. By saving these labels we are able to purchase audio-visual equipment for our school.

Sports

Freestyle Wrestling

Manchester Freestyle Wrestling Club open meeting had a great turn out. We would like to thank all that showed up and asked questions and took time out of your night to join us.

For those of you who are still interested and couldn't make the meeting you can obtain registration papers from Shannon Fleck at Dan's Westside Automotive. Stop at 660 W. Main (428-9455) between 8 am and 6 pm; or you can call her at home to make other arrangements (428-7814.) The fee to wrestle this year is \$35.00 per child and \$30.00 per child if more than one in the family is wrestling.

Included in the fee are the USA Federation wrestling card, which allows your child to compete if he or she chooses. It also covers all the insurance requirements needed to run the club and a t-shirt. Practice starts on Monday the 30th at 6:30pm in the middle school cafeteria.

Student athletes can get free, customized mouth guards

The University of Michigan School of Dentistry will offer free, customized athletic mouth guards to elementary, junior high, high school and college students in Washtenaw County. Fittings will be 9 a.m.-noon Jan. 21 at the Mouth Guard Clinic, third floor, School of Dentistry Building.

The impression process takes about 10 minutes. The finished guards will be available for fitting and pickup about two hours after the impressions. No appointments are necessary. Students will be taken "first come, first served," while supplies last. The clinic will be able to make 125 mouth guards.

U-M faculty members, dental students and local dentists will make the protective mouth guards that are required

for most student athletes.

"A U-M School of Dentistry study shows that the customized mouth guards are considerably more comfortable than those bought in stores," said William C. Godwin, U-M professor of dentistry and specialist in sports dentistry. "When we surveyed the men's and women's lacrosse teams at Ann Arbor Pioneer High School, 34 of 36 players preferred the customized mouth guards made at the clinic to those available in stores. The more comfortable the guards are, the more likely students are to wear them."

The clinic is funded by a grant from Samuel Harris, a U-M dental graduate who practices in Detroit.

For more information, call (313) 764-1559.

7th Graders Rock The Warriors!

Our youngest Dutchmen showed off their athletic ability last Monday at home. The opponents were the Grass Lake Warriors.

The game started out shaky for the Dutchmen. The Warriors took an early 5 - 7 lead over Manchester. Then it came. "What," you say, "happened so special?" **DUTCHMEN POWER!** Manchester steamrolled right over Grass Lake. The Dutchmen left the Warriors out to dry with a 13 - 0 shutout in the second quarter.

Once the Flying Dutchmen got the ball rolling, they were unstoppable! Manchester flew ahead even further by out-scoring the Warriors in the third and fourth quarters. Final Score: Manchester 51 Grass Lake 29.

According to Coach Fielder, "This was our best game for balanced scoring. We had 9 scorers."

The scorers for Monday's game are Jason Flint with 16 points, Jason Schaible with 13 points, Donny Potter with 4 points, Derrick Hanewald with 4 points, Chris Benedict with 4 points, Mark Hollosy with 4 points, Peter Dettling with 2 points, Nicky Puscas with 2 points, with Joe Shurtliff with 2 points.

Overall Mr. Gall is really happy with his team. Wednesday's Game was canceled due to fog. -PC

Dutchmen Split a Pair

Manchester split two games between Stockbridge and Grass Lake during the past week, led by a 34.5 points per game weekly average from Troy Niehaus.

On Tuesday, January 10, Stockbridge came into town with a win in their minds. But Manchester played their best game of the season and kicked their butt's all the way back to Stockbridge, with a 60-52 win. The Dutch were led by Niehaus, who finished with 32 points, 10 rebounds and 4 steals. Mark Harris was second in scoring with 10 points. Adding to the winning cause were 2 points and 6 assists from Zach Maghes.

Grass Lake walked into the Dutch gymnasium and walked out two hours later with an 83-73 win. The Dutch stayed in this game till the very end, but the Warriors just out-scored the Flying Dutchmen. As the great coach John Wooden said, "We didn't lose; we were just out-scored".

Last week was a definite improvement over all of Manchester's previous games. Let's hope they can build on these games and get some victories under their belts. Niehaus led the Dutch with 35 points. Other high scorers were Andy Winzenz with 12, Aaron Garrett with 11, and Trevor Schleicher with 7.

This week's games are: January 17th at Vandy, and the 20th, home versus EJ. -KH

THANK YOU'S

BROWNIE TROOP 729 would like to thank Chris Moyle and his wife for showing us a great time at Sir Oliver's.

THE FAMILIES OF PAUL AND LORRAINE HERRST would like to thank all the friends, family and neighbors who have helped in our time of mourning. Your prayers and gifts of money for the children are greatly appreciated. A special thank you to St. Mary's Church and Father Dupuis, Ford Motor UAW 892, ReCellular and the Chelsea Schools for their offers of help. All expressions of sympathy including visitation, cards, flowers and memorials are a comfort to the families. Sincerely,

The Carver, Coval, Herrst and Schwab families.

"Maybe we should put a target on the building," said a bystander when it came time to put another new window and brick work on the post office. An accidental curb-jumping incident last week left it a little bit darker in side the post office. The insurance companies love it. Richard Tucker, pictured, has completed the brick laying.

Organizations

American Legion Auxiliary

The American Legion Auxiliary met at the Legion Home on January 11 with 21 members present. The meeting was called to order by President Schiel. Roll Call was taken by the Secretary and the minutes of the December 14, 1994 meeting were read, corrected and approved.

Marilyn LaRock reported meeting dates listed in Post Newsletter are incorrect. Should read "Post - first Thursday of each month, and Auxiliary second Wednesday of each month. Correct list-

ings will be submitted in next quarterly newsletter.

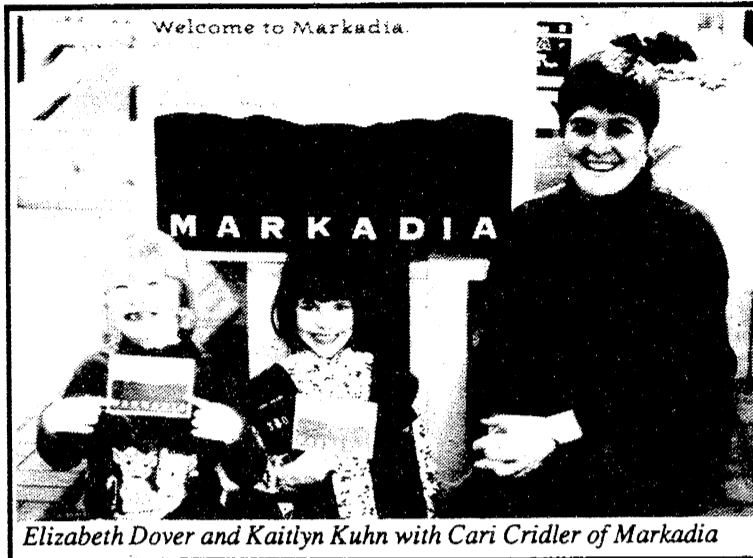

75th Auxiliary birthday committee announced plans for a dinner dance celebration on Friday, March 24th at the Hall. Watch Enterprise and next newsletter for details. Hopes are that membership attendance will be at an all-time-high.

Refreshment committee for February meeting will be Laura Deacons, Sandy King and June Jenter. The meeting was adjourned at 9:00 p.m. with a prayer by our Chaplain Elaine Hanson.

What did you do over Christmas Break?

GIRL SCOUTS

Elizabeth Dover and Kaitlyn Kuhn with Cari Cridler of Markadia

Brownie Troop #380 went on a field trip to Markadia in the KerryTown Shops in Ann Arbor.

To fulfill one of the requirements for the Careers Try-It, we went to Markadia - a Zingerman's Specialty Produce - where we sampled lots of different fruits and veggies from all over the world: grapes from Chile, and Star fruit from South America. We even saw lettuce grown in water, not dirt! Cari Cridler is the nice lady who owns Markadia. She took us on our tour. We tasted "blood oranges" and we even ate a marigold! It was really different.

Have you ever seen a purple potato? We have, she has some there. They were purple all the way through. If you ever have any questions about produce, Cari is the lady to talk to.

About ten percent of all the native flowering plants of the United States are so rare that they are considered to be endangered species.

King's Volunteers

The Manchester King's Volunteers will meet January 26 at 1:00 PM at the Church. Marie Pratt will be hostess and a short devotion will be read before our business meeting and work session.

Shakespeare Club

The Shakespeare Club met last week at the new home on Schaffer Ct. of President Lenora Parr. A letter from member Francis Nathan was read by the president.

Club historian Patty Swaney, drawing from the secretary's minutes of the winter of 1898 told of the group adopting a constitution and by-laws on January 10th of that year; of their alarm over the sinking of the warship *Maine* in Havana harbour by the Spanish; and their respect for Francis Willard whose death occurred that winter and who was eulogized as the "Joan of Arc of the Temperance movement". Later in that season the Prince of Wales, soon to become King Edward VII, planted a tree at Mt. Vernon honoring George Washington.

The club has photocopies of these old minutes - the originals were given to the Bentley Library in Ann Arbor several years ago.

The afternoon's program was given by botanist member Annette van der Schalie and dealt with the local trees and shrubs identified in the wooded areas of her own property on Buss Road. She spoke first of various types of woods characterized by specific species nurtured by the right combination of topography, soil type and geology; climate and weather and of course human management and/or mismanagement and pollution.

Then the group was given the experience of attempting to identify 37 local trees and shrubs from large prepared cards on which were mounted winter twigs with leaves, seeds, nuts, dried fruit and winter buds attached (or affixed separately). The correct answers were, of course, forthcoming, with tips on how identification could be made most readily even in mid-winter.

Mason of the Year

Past Master Roy Maggard has been named Mason of the Year from the Manchester Lodge #148.

A dinner will be held February 18 at Phoenix Lodge #13 in Ypsilanti to honor all the recipients from District No. 7 for their outstanding efforts and contributions to the Craft. From this district, one Mason will be selected to represent us at the State Level.

Congratulations to Brother Maggard on his achievements.
