## School Board Receives Good News - Bad News

Monday, February 20th. - Manchester Community Schools Board of Education were presented with good news and bad news Monday evening.

The GOOD News - Ms. Marjorie Mastie, Supervisor of Assessment Service for the Washtenaw Intermediate School District, was on hand to congratulate Manchester Schools for their outstanding achievement of 1994 MEAP test results.

Our fourth graders were at the top or near the top of all 4th grade classes in Washtenaw County in Math, Reading and Science.

Seventh graders exceeded the State averages in all three classifications and near the best in Washtenaw County.

Tenth graders were the best in Math and Science in Washtenaw County. All 4th, 7th & 10th graders exceeded the State averages by a comfortable margin, reported Ms. Mastie. She said, "I enjoy coming to Manchester Schools. Even though you have the smallest district you have done an outstanding job of continued improvement. You can be very proud of that."

In other reports, Carrie Funk and Yvonne Henry reported on the success of the Accelerated Reader Program for first and third graders. [See story on page 11] The level of accomplishment and student interest is so intense that 4th graders are assisting by reading to the 1st graders during lunch time. It

appears with the success of the program that future test scoring and student attainment will be outstanding. Excellent report, Carrie.

Principal Russ LeBlanc reported on the Cultural & Aesthetic Awareness program by Mr. Leonard Hastings, K-12 Coordinator of Language Arts and Social Studies. Board Members asked for additional information so they could consider the program for Core Curriculum addition at the next Board Meeting. The D.A.R.E. Program was approved for the middle school and high school levels.

BAD News - During the public comments portion of the meeting, Mr. Joel Tobias brought to the Board's Atten-

tion that the Athletic Department is not following up on scheduling, and the fact the middle school wrestling team made two 'wild goose' trips to area schools for wrestling matches of which the opponents were unaware.

Mr. Tobias also said he had called the Transportation Department (Rusty LeFurge) about the bus problems and that he had not received a return call. Mr. Tobias said he was concerned about the condition of the school buses.

In addition, Tobias pointed out that there was property available between the High

## Ann Hinkley Finalist In Young People's Competition

The Adrian Symphony Orchestra and the Adrian State Bank held a young people's competition for young musicians to compete for cash prizes, and the chance to perform a solo with the Adrian Symphony Orchestra.

The winner, a 15-year-old pianist, Ivan Middleton from Adrian, gave an outstanding solo of Beethoven's First Concerto in C major, and won a \$1,000 cash prize. The concert was held Sunday, February 19th at Dawson Auditorium in Adrian. It was dubbed "Stars of the Future."

Seven other fine young mu-

sicians were honored and given cash prizes: Colleen Bowman, age 19, Tecumseh; Aaron Jackson, age 16, Sand Creek; Ann Hinkley, age 12, Manchester; Susan Keener, age 16, Adrian; Francesca Mills, age 14, Hillsdale; Timothy Norris age 13, Adrian; and Matt Voress, 16, of Adrian.

Ann gave her very best performance on the violin in the competition. As the youngest finalist, she received a great deal of encouragement from the judges.

Congratulations, Ann! We know you'll have more successes like this in your future.

## President's Day Special Event at Klager

Ms. Kathy Rose, Ryan Beagle as George Washington and Josh from Young Country 99.5 Radio prepare to record the Klager Kids saying The Pledge of Allegiance and singing, "You're A Grand Old Flag."

The Klager Kids are now officially Metro Detroit celebrities! At 7:40 AM on Wednesday, February 22nd (George Washington's 'Real' birthday), the 364 Klager Kids in grades 1-4 were featured reciting the Pledge of Allegiance and singing "You're A Grand Old Flag" to Mrs. Linda Klepaczyk's accompaniment. The kids all wore red, white and blue that day.

Young Country 99.5 FM radio in Detroit features a different class every morning as part of their regular programming.

As a follow-up, Mrs. Janice Little's second grade class will be featured on Thursday, February 23. Mrs. Little was the "instigator" of the event, as part of the Klager Self-Esteem Committee, who organizes monthly events for the students. The idea came from one of her

students, Dustin Guenther, whose parents, Daneil and Gordon, and big sister Kylee, are 99.5 Young Country listeners. After hearing the varied school groups on the radio, Dustin thought he'd like to try that at Klager. It translated into a great activity for the Self-Esteem Committee to sponsor for President's Day.

The George Washington wig came from one of Mrs. Jane Raus' former students, Matthew Sporzynski, who now works for Estee Lauder in New York. He often sends her promotional items he thinks she might be able to use in class.

All in all, everything came together for a very special President's Day celebration for the Klager Kids. If you're listening to the radio Thursday, tune into 99.5 FM and hear Mrs. Little's class!

## New Prices for The Manchester Enterprise

Due to increased postage rates and printing costs, the Manchester Enterprise has increased both the newsstand rate and the subscription rate for 1995. Subscriptions will be \$18 within Washtenaw County and \$20 outside the county, with newsstand prices increasing to 40¢. We apologize to those Washtenaw County residents who have Jackson or Lenawee county post office addresses; we must charge you the out-county rate. We sincerely appreciate both our subscribers and our newsstand customers and request your forbearance with these new rates.

## Second Front Page: Love those Paczkis!

# Have a Baker's Dozen of them

Teresa M. Benedict (with assistance from garlene)

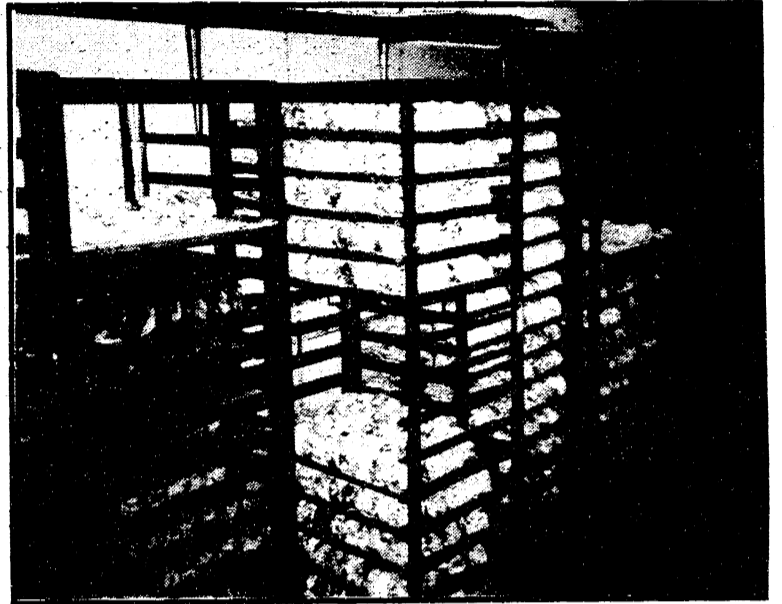

Chelsea.

Chuck will begin the Paczki-making process on Sunday morning by 6 AM and will stay around the clock until Tuesday at about 7 PM. That's 2-1/2 days straight to get us those wonderful filled pastries. Now that's dedication, folks! Chuck and Sandy have been making paczkis for over ten years.

This is not a one person job. Chuck, Sandy and Chuck's brother work side by side for the entire 2-1/2 days, assisted by many other able and familiar Manchester faces.

There are many different

**PACZKI - What is it? AND How do you say it?**

A Paczki is an over-filled jelly roll with a variety of flavors and coatings. And how you say it sounds a little bit like POONCH-key, from what we've heard. But to really know a Paczki, you'll have to taste one.

And where are you going to find those Paczkis, why right here at our very own Baker's Dozen.

Paczki Day is a tradition in the Polish heritage as a way to celebrate Fat Tuesday - the day before the beginning of Lent. Quite fitting, we might add! Some say there are "no calories" in Paczkis and that is why the Polish eat them on Fat Tuesday.

We took a few pictures last year of Chuck and Sandy

King (owners of the Baker's Dozen), slinging Paczkis in preparation for Fat Tuesday.

Last year Chuck made 28,000 Paczkis, and his goal this year is 31,000 (No, I did not make a mistake in my zeros!) No, we don't eat all of those 31,000 paczkis in Manchester, although I do know some of us who can eat several of them! Chuck and Sandy get orders from all around the area including Brooklyn, Jackson, Ann Arbor, Clinton and

flavors to choose from. Apple, Custard, Jelly, Prune, and Plain, and two new filings will be added this year - Lemon and Blueberry. Then there are all the coatings: Cinnamon Sugar, Powdered Sugar, and Glazed toppings. Now you need to find the combination you will thoroughly enjoy and indulge yourself. What the heck, it only comes around once a year!

Why are we in Manchester blessed with Paczkis? Maybe

it's because Chuck and Sandy know the bakery business inside and out. They have been here for well over 20 years. Or maybe it's because Sandy is Polish - we'd be willing to bet upon the latter.

Anyway, you need to sink your teeth into at least one of these yummy pastries on Tuesday, February 28 to really get the spirit of Fat Tuesday here in Manchester.

I think I'll try a new Blueberry one this year. Of course I'll have to have some of my old favorites as well - after all, it only happens once a year. And, of course, Sandy says there are "NO CALORIES" - we all know that truth prevails at the Bakery!

Order early - I've already beat you to the POONCH!

**Recycling in Washtenaw County**

*(Adapted from The 4 W's of Recycling in Washtenaw County)*

**Who is recycling in Washtenaw County?** Neighbors, Family, local businesses, and friend are all taking part to improve the quality of our living environment.

**What is being recycled in Washtenaw County?** Such diverse materials as newspapers, used motor oil, plastics, and yard wastes are currently being recycled in our communities.

**Where is recycling occurring in our county?** Virtually every jurisdiction within Washtenaw County is participating in recycling efforts to enhance the quality of our natural environment

**Why recycle?** One way to improve the quality of life depends on whether we dispose or

find a way to use our wastes as starting materials for new products. Recycling saves natural resources, reduces pollution, conserves energy and increases our landfill capacity.

**Where and what to recycle in our area:**

**Bridgewater Township:** Station Drop off - Austin & Boetner Road - accepts Newspapers, Tin, Glass, and #2 Plastics

**Freedom Township:** Station Drop off - Township Hall, Pleasant Lake & Lima Center Road - accepts Newspapers, tin, Clear glass only, #1 & 2 plastics aluminum, cardboard, office paper. Mr. Rubbish also has curbside pickup available.

**Manchester Township:** Station drop off, Walco Foods, 405 W. Main - accepts News-

paper, tin, glass, #2 Plastics, Cardboard

**Sharon Township:** Station drop-off at G. E. Wacker, M-52 & Pleasant Lake Road - Accepts Newspaper, Tin, Clear Glass, #1 & 2 Plastics, Aluminum, Cardboard and office paper.

**Complete the Circle: Buy Products made with recycled materials.**

*From the Consortium on Solid Waste Management (WCCSWM):* At the January 19, 1995 meeting, it was reported by Jerry Satherwaite of WWRA that the WWRA received and processed 3,000 tons of material in 1994. Satherwaite added that WWRA offers recycling to the Manchester and Chelsea School Districts, who eagerly participate. They are collecting primarily paper and cardboard, and smaller amounts of plastics and glass.

## Out and About

I would like to share some things from my recent trip through the south west. Cost of rooms and fuel expenses covered a wide gambit. In the small town of Van Horn, Texas a motel room cost was \$11.95 plus tax, Dallas Texas at the Embassy Suites a room was \$149.95 plus tax. Laughlin Nevada at the Colorado Belle Casino the room was \$16 including tax and at The MGM Grand a room was \$99.95. In California rooms varied according to location. Great Western in Barstow was \$29 and in San Francisco near the Wharf the cost was \$89. So roughly a room could vary from about \$15 to \$160 per night depending on location and time of day the room was procured.

Gasoline had a spread in cost almost the same. Lowest was \$89.9, highest was \$2.39.9. State and location determined the cost. States like Missouri and Texas had lower gas tax and lower price. Larger cities generally had better

prices particularly a little distance from the freeway. The mountain areas such as in northern Arizona where gas stations were few and far between commanded the highest prices.

If you travel and see the sights, browse at the tourist traps and look for local lore, good buys in accommodations, food and fuel can be found. I like to ask the locals where they eat whenever I can. Generally after asking two or three people one or two recommendations stand out. In Van Horn Texas I asked a local who was driving a pickup where the best food at reasonable prices could be found. His reply, which I liked, was; "Well, other than at home, go up the street to the Smoke House Restaurant. Their specials are the best in the area." He certainly was right.

I enjoyed the trip, particularly talking to locals about their areas and local lore.

## Editorial

Teresa Benedict, Marsha Johnson Chartrand, Emory Garlick

The Manchester Enterprise is not the Ladies Home Journal. The Enterprise, for the past 127 years, has been about local issues and points of view. We try to present features of interest to our readership. Issues that matter to our readers are of concern to us.

It is our responsibility to cover the local issues. We will leave "O.J." to the Tabloids, TV and the Big City Fish Wrappers. We try to present local issues as factually as possible. Recently Marsha wrote about the bus safety issue, which could have impacted our children.

We receive story leads from many sources, some confidential, some open. Other stories may come from phone calls of concerned individuals, we welcome and appreciate all of them. Many times we know the story may raise the ire of some individuals. That's OK!

Some leads, after investigation, we will not publish. Case in point, we did not report the lead received of a school employee who was being falsely accused of inappropriate behavior toward a student. Thankfully the charge was untrue but the Board of Education was not apprised in a timely fashion, nor was the accused individual fully exonerated.

We are concerned with the education of our children. We are appalled when we hear stories of an athlete smoking or drinking yet being allowed to participate in an event when the administrator in charge may have been aware of the instance. The Athletic policy handbook, page 37 & 38 specifically prohibits these activities and specifies

procedures that will be followed if they occur. Are these stories true? We will follow up on the leads we have received.

We become irate when we hear the story that a problem teacher is placed in a position because it is the "Least Harmful", which reflects on all of our teachers. By and large we have a truly dedicated staff of teachers and professionals in our school system. Why does a problem teacher still remain part of this staff?

When we hear that our kids suffer from low self esteem, we question why? Does this reflect a general attitude in our community or is it just in the school?

We are also concerned with local businesses, Village and Township issues that affect our readership. We will address those in a future editorial. Unfortunately, we do not hear as many points of view as we would like.

If you have a *point of view* you wish to share with the community, drop us a letter or stop by - we will be glad to include your comments.

It takes courage to sign your name to a point of view and you may be concerned about personal retaliation or repercussion directed toward your kids if you openly criticize our school system. We know the feeling. We put our names on the line each and every week.

But the President of the Board of Education is in your corner, and wants your position known. Freedom of speech and of the press without retaliation is a guarantee in our country. We will back you 100%.

## Out of the Pen

- by garlene

Ever since the Enterprise first wrote about POGS three weeks ago, the questions have been coming in. Do people really play this game? What is it all about? What in the world does POGS mean, anyway? Some people seem to think that garlene is eminently qualified to write about this topic since PIG and POG are such closely-related words.

Yes, one must admit there are POG hogs. garlene has them in her own family. There are also POG-aholics. garlene has been known to be on the verge of such a condition herself. And a certain well known local lady has been calling herself the POG Mama. We won't mention her name, as TV does so each week on the Senior Citizen's page.

But back to our questions. To find the answers to these questions and more, we went to the source - Hawaii: The Art Collection - Apollo, a distributor of milk caps, kindly faxed us the low down on POGS.

It seems Blossom Galbiso, an elementary school counselor, was looking for ways to motivate her students and to teach them problem-solving skills. She had no idea when she asked her step-daughter to bring her a couple of packages of caps from Maui's Haleakala Dairy for use in her classroom, that she would be starting a national craze.

But it ended up overrunning her life. After school hours, people would line up outside her office to buy or trade milk caps. Nearly every day, people would stop by just to give her more milk caps. Blossom became even more embarrassed by her fame as her husband and friends proposed to make a "Blossom" milk cap in her honor. The Stanpac Co. of Canada, who at that time made most of the "Real" milk caps (with tab, staple and wax coating as used on beverage bottles) printed a special edition milk cap set for Blossom's school - the "Waiialua" caps. Only 2,000 of each exist.

Milk caps are becoming highly collectible. Of course the ones you can purchase locally will probably not be

"Blossom" or "Waiialua" caps. But collector series abound as the marketing mania continues, whether they be pro sports, DC comics, Power Rangers or other popular themes. There are Krome Kaps, prisms, Wampum, and World Pog Federation caps - and there will probably be a lot more before it's all over!

The inevitable question, "What does POG mean, anyway?" can be answered in three words: Passion - Orange - Guava. The same Haleakala Dairy bottled a

Passion/Orange/Guava drink using the milk caps and the acronym was given to them by Blossom's students.

Blossom always felt very proud that POGS took kids away from TV and Nintendo, and back into interacting with each other. She felt that it promoted bonding between families, and she saw it happen in her own family of 15 children and stepchildren, and in the families of her students.

garlene herself has noticed that POGS are useful motivational tools for the poglets - excuse me, piglets. As in, "I'll give you a POG if you unload the dishwasher." Of course, the more distasteful the job the more POGS are required in payment. The game not only fosters a little healthy competition, but also helps them to learn creative problem solving. As in, "He won my favorite POG - how can I get it back?"

Unfortunately, Blossom Galbiso recently died at the age of 45 from a heart condition related to her weight. But her contributions to the children whose lives she touched are very fondly remembered by her students - who were an extension of her family, as well as the staff at Waiialua Elementary School, and her family of husband Frank, 13 stepchildren and 2 of her own children.

Blossom is remembered as a "one of a kind person", who never said 'you can't do it.' She would always say, "there's a way to get this done."

Who knew when Blossom began that she would be starting a craze? Certainly not she. She simply wanted to revive an old-time school yard game played by plantation children whose families couldn't afford

much, and to find a new and intriguing reward for her students. A creative problem solver herself, Blossom did that and much more.

When you start seeking out POGS for yourself, be on the lookout for the "Blossom" ones - but don't get your hopes up. garlene has first dibs on any she finds.

Yes, people actually play this game. garlene has observed large crowds of kids and parents alike swarming around any outlet where POGS are sold - and not just here in Manchester. And don't let anyone tell you the game is non-violent. The competition can be fierce! But hopefully it's all good-natured fun.

Any other questions? garlene will be glad to answer them. She has become the resident expert on POGS and an amazing fount of trivial knowledge.

What did we do in the long winter evenings before television? We listened to radio while we women knitted and the fellows read. We put jigsaw puzzles together; although we can still do that, concentration on either is hard.

It also seems like we got together for cards or games more often then, now it is too easy to stay home so we'll not miss anything on the 'boob tube'. It was even easier to put the kids to bed with radio music. No "Momm! Can't I just stay up a little longer?" Hubby & I played a game of cribbage if we got bored and we had time to write more letters while listening. Have heard of some dedicated parents cutting off the tv for a whole week so kids would read or study (or for disciplinary measures) and stuck with it, whoopee.

Going to the movies was an important diversion, we almost worshipped some of those idols (Clark Gable was my ideal 'dream man', sister Bid loved John Wayne). We probably agree that life was simpler before television and we have memories of both worlds. We don't turn on radio much anymore except in the car and that is a shame.

**Thursday, February 23:** Come to exercise class at 10:30, fun! Chicken curry is on the lunch menu at the Fellowship Hall of Emanuel UCC and all who are 55 or older are cordially invited to attend. Just call your reservation in to either Linda (ahead) at 428-8359, or to Jan (before 10:30 on meal days) at 428-7630. Then, come to the Center for a rousing game of bingo following the meal.

**Tuesday, February 28:** Our local nurse, probably Jo Simmons, will begin taking blood pressures at 11 AM. Turkey will be served at senior lunch, what that kitchen crew serves with it is 'something else' and, if you let her, Jan will pile more food on your plate than small folks can eat.

At 12:30, Harvey Dethloff will speak to us about safety and you are invited to listen and learn.

Another quick month—**Thursday, March 2:** Exercise instructor, Pat Patrick will once again be present to put us through 'the paces'

beginning at 10:30 at the Center.

Today we will celebrate with area seniors who were born in March at the monthly bash. We will be treated to ham and birthday 'kids' will enjoy cake with candles, song and special served first status at a half-priced rate. We have a nice long list of March-born seniors and hope to see

you all there early for picture taking of the event.

To extend your fun, Teresa Benedict will be present and will challenge each to a "new game". We have no further information on this, but we are sure it will be fun!

Friends Who Care

# Home Health Care comes to Manchester

It could happen to any of us. An accident. A catastrophic illness. A premature infant who needs special care. An aging parent. Think about it. What would you do?

Ann Arbor based Friends Who Care, a fully certified Medicare and Medicaid Home Health Care Agency providing visiting nursing care and in-home private duty nursing care since 1978, has established their tenth office in Manchester to better serve the residents of Western Washtenaw County.

A local resident, Lorri McConnell, has been appointed as their Home Health Care Coordinator. She will serve as a community liaison, coordinating in-home health care for the area's frail homebound elderly, the catastrophically disabled, and technology-dependent children and adults. She will be working with hospitals, physicians, families and community

agencies, such as Area Agency on Aging, the Department of Social Services, and Children's Specialized Home Care Program (formerly Crippled Children).

Lorri and her family have lived in Manchester for nine years. She has two daughters who attend Klager elementary, where she has served as the PTO Vice president for the past three years. They attend St. Mary's in Chelsea where she teaches third grade catechism. Because of her administrative background, and her desire to work in the home care industry, she was recruited by her sister, Gayle Busselle, who is the Administrative Director of Friends Who Care.

Lorri has 20 years of background as an administrative and executive coordinator, and by her own admission is "neurotically organized - ask anyone who knows me!"

She will be coordinating a staff of nurses (both RN

and LPN), nurse aides, physical therapists, occupational therapists, speech pathologists, home health aides and homemakers companions, who will assist those who need home care.

Services may be "every day" such as cooking meals, housekeeping or bathing an elderly relative who has difficulty moving. Respite care, such as a family member needing a break to be able to get out shopping and take care of errands is an additional service of Friends Who Care.

"We are not Hospice," emphasizes Lorri. "But we do provide continuing care to those dependent on ventilators or who are terminally ill." These patients are often in need of more care to which Friends Who Care can provide a referral.

FWC services are covered by Medicare, Medicaid, HMO's, private pay and commercial insurance.

Friends Who Care has 24 hour staffing and Lorri

herself is on call 24 hours a day for making arrangements.

"FWC's goal is to provide comprehensive health care services to its patients. We recognize the patient's inherent dignity, as well as their right to have a voice in determining their care," says Lorri. Confidentiality is an important aspect of their work, "especially in a small town." She adds that in a rural area, services provided by Friends Who Care are especially important, as people are more isolated from many of the services they need.

When you need the services of a competent caregiver, it is nice to know that you can count on someone local, rather than consulting the yellow pages to find assistance. And knowing that they "never close" gives an additional measure of comfort to those who are in need of FWC's services.

To supplement the caring staff of professionals

currently working out of their existing Ann Arbor, Jackson, and Adrian offices, Lorri is actively recruiting Registered Nurses, Licensed Practical Nurses, and experienced Home Health Aides interested in serving the needs in the Western Washtenaw Communities of Manchester, Tecumseh, Saline, Grass Lake, Chelsea, Dexter and Pinckney areas. You can work when and where you want! How many other careers can offer you that flexibility?

Prospective employees or those wishing a free in-home consultation regarding care services, may call Lorri at (313) 428-1242.

# All Systems "GO" for Accelerated Reading Program at Klager School!

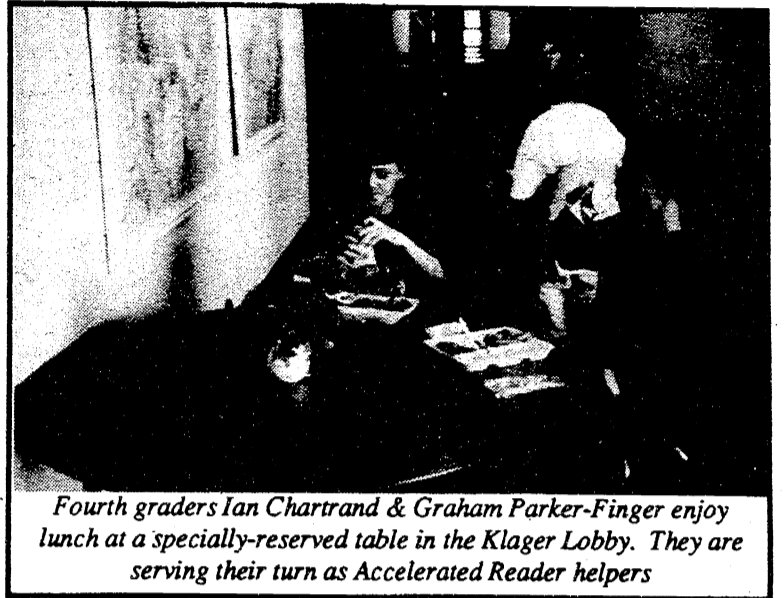

Fourth Grade helper Ashley Golka helps Dieter Weidmayer on his Accelerated Reader Test

then use to "purchase" items at the Accelerated Reader Store. Fridays are "Store Days" and are some of the Klager Kids' favorite days. At the Store, purchases range from .5 points which include erasers, pencils and other small items, to the 25-pointers which include Ollie's Main Street Pizza certificates.

These books can be read by the students themselves, or read to them by a parent or a teacher. The students have caught on, and are now asking their teachers to read them "Accelerated Reader" books during their story time. Some of the students have taken as many as twenty tests already.

The program was initially started for the first and third graders, but has been so successful already that its expansion to second and fourth grades for next year is already being planned. This

Fourth graders Ian Chartrand & Graham Parker-Finger enjoy lunch at a specially-reserved table in the Klager Lobby. They are serving their turn as Accelerated Reader helpers

After two years in the planning stages, the Accelerated Reader program began in mid-November at Klager School. Even more exciting (from a Klager Kid's point of view) was the opening of the Accelerated Reader store in early December.

What in the world is an Accelerated Reader Program, anyway? That's the question I took with me to Klager School last week. I found out that it is a pilot program which is being implemented very successfully here at the elementary level. Some of the results of this program have been broader library circulation, benefits to students at lower reading levels, and an increased enthusiasm for reading and relating to school activities.

The Accelerated Reader program is a computer pro-

gram which encourages students to read and also comprehend books. Over 1,100 books are available for the children to read, many of which are available in the Klager Library. Mrs. Liz Beuerle, Klager Librarian and a member of the Accelerated Reader Committee, along with a team of volunteers, worked diligently to label the books in the library which are part of the Accelerated Reader program.

The first and third grade students read an Accelerated Reader book, then, on a weekly basis, proceed to the Klager Computer Lab. There they can take a test on the computer which measures their comprehension of the story. The test scores are given point values from .5 to 36 points, based on their difficulty, which the kids can

year's fourth graders have the opportunity to get involved in Accelerated Reading by helping the first graders take their tests. A group of 8-10 fourth graders has a chance to help the younger students during their lunch hours for two weeks at a time, and no one so far has minded taking

This pilot program for our district is available for all grade levels, K-12. Currently, the AR books available to the kids are almost all fiction. The next step will be to expand their non-fiction collection, according to Yvonne Henry. Memorials made in Mary Koebbe's name have purchased some books for the program, and "all the books we are buying right now are Accelerated Reader Books," Yvonne explains. The momentum for Accelerated Reader has been great, she says, and the staff is eager to keep it going strong.

The program provides a broad base of reading to appeal to all interests. The incentives are the result of generous donations by community members and businesses. Great Lakes Bancorp, Ollie's Main Street Pizza, UAW 182, Colorbok in Dexter, and many, many more donors - both corporate and individual - are greatly appreciated by staff and students alike! Further donations, either store items, cash for purchasing books or more computer programs, are always accepted and most certainly appreciated! Corporate sponsorships and grants are also being considered.

And the community is also invited to participate in the Accelerated Reader program as volunteers. If you would like to donate some of your time to help in the computer lab, the library, or at the Accelerated Reader Store, your help would be very valuable. Any member of the community, whether or not you have children at Klager, can assist with the many phases of Accelerated Reader.

The program is "a nice concept, and nicely executed," educators have noted. The overwhelming response to the pilot program guarantees it will continue.

First grader Megan Jackson chooses her award carefully

time off from recess or lunch. These students are made to feel special by having specially reserved tables in the Klager lobby where they eat their lunch (after proceeding to the head of the line) before going back to help their young friends.

The Accelerated Reader Committee has set goals for each grade level - both first and third graders. If the entire first grade reads a total of 300 books and the entire third grade has read 400 books, and each individual student in these grades has read three books, the groups can go to Ollie's Main Street and make their own pizzas, take a tour of the shop, and have a pizza party there. Both classes are already half way to their goal.

The Accelerated Reader program has been shown in many districts to increase MEAP and similar standardized test scores among students of all ages - not just elementary aged students.

### Valentines Bloodmobile at High School

This past Tuesday, Feb. 14, the American Red Cross, held a bloodmobile at Manchester High school. A total of 36 students and 3 adults came to give. Of this group, 30 were able to donate their blood, while 9 were deferred. The reasons for these deferrals ranged from having a temperature to not enough iron in the persons blood.

We want to say "Thank You" to all of the 39 people and tell you who they are: Joseph Sullivan, Sonja Schulz, Jason Barnes, Michelle Davis, Geoff Brooks, Tyra Salyer, Jenny Rentfro, Justin Ebersole, Courtney Bentschneider, Jason Rorabacher, Mike Woughter, Rebecca Spies, Melanie Kapa, Melissa Driessche, Amber Burkhardt, Jason Beckington, Amy Landini, Ron Marecle, Ryan Haskins, Hillary Wiedmayer, Craig Vitale, Karly Sweeton, Hillary Horodeczny, Heather Panches, Matt Dalton, Pat Steele, Doug Meeks, Brent Hoef, Mica Puscas, Diana Kruse, Robyn Yeutter, Kelley Rains, Harriet Amsler, Ben Okey, Sarah Feldkamp, Sheaann Janus, Carrie Petrino, Russell LeBlanc and Julie Luckhardt.

Out of the above named, 18 of them were FIRST time donors. For those of us who donate on a regular basis, we some times forget our 'first' time. But I remember mine. I was an adult and scared to death. I take my hat off to all of these young people for being willing to donate their blood. As we all know, at the present time there is NO substitute for human blood. Every time we donate, we are giving another person a chance for Life.

Also, thanks to Jennie Sahakian for being chair person of the day.

### Harry the Ferret

- by Jenna Novess

Once long ago in Greek times lived a ferret. His name was Harry. He was owned by Posienion, a Greek god.

Posienion loved Harry and decided to make him a ferret god. Posienion announced to his city that there was to be a crowning tonight when the red ball disappears.

The villagers gathered that night for the crowning of Harry. Harry was excited for what was going to happen that night. Posienion carried Harry on a silky pink pillow with fringe on all sides.

When Harry saw his crown on a sheath of purple cloth his eyes bulged and a tiny drop of

drool slipped out from his mouth. Harry was thrilled.

And a cape made of silk was just his size. Posienion gave a short speech that went like this...

"From this day forth Harry Ferret will be known as Harrison the Ferret God!"

Posienion placed the glittering, tiny, jeweled crown on Harry's little head and the long cape that attached around his slim neck that said, "Harrison the Ferret God."

"Til four years later Harry was sent to the world above us to rest in peace.

And that is the story about Harrison the Ferret God.

### Teacher Profile

**Melinda Trout**

This week's teacher profile is on Melinda Trout. She teaches various art classes at the Middle School and at the High School.

Mrs. Trout went to UofM for three years before taking a break to have a family. Later she spent three years wandering from place to place. She ended up at EMU. Mrs. Trout received a teaching degree, a degree in art education with a minor in Science, and a Master's Degree in Special Education.

The best parts about teaching for Mrs. Trout include such things as having a plan come together. She really likes it when kids come back to her and show how what they had learned in Mrs. Trout's class had helped them.

The absolute worst thing about teaching for Mrs. Trout is knowing that she has a kid that, no matter what she does, she will not be able to get through to.

Mrs. Trout originally became a teacher because she wanted to teach nursing and to be a nurse. Her mother was a teacher. Mrs. Trout has always enjoyed teaching.

Mrs. Trout has taught here at Manchester for 21 years. She has also taught for over a year as a substitute teacher. She has spent her entire career here at Manchester.

Ten years from now, Mrs. Trout would like to be retired. She says that she will have her own studio where she can work as long as she wants and then sleep in the morning. She wants to do her own thing. She also says that she is going to help her grand kids drive their parents insane.

Mrs. Trout gardens and reads in her spare time. She enjoys doing fun art things.

## Coming Home Activities COLD AS ICE

Just when you thought the temperatures outside were warming up and spring was just around the corner, the Leadership Class has been busy trying to put ice cubes in your hot cocoa.

### The Leadership Class Proudly Presents The Iceberg Awards

What are the Icebergs? The Iceberg Awards is a new contest this year. It replaces the Pretty Legs contest. This award honors one male and one female at MHS who has "nerves of steel" and can handle themselves in a cool manner when placed in difficult situations. This cool person is elected by the entire student body. Final results of this contest will be announced between the JV and Varsity Coming Home basketball game on February 24, 1995.

Come to Parents' Night 1995! Show your support for MHS Slammin' Dutchmen! Come see them win at their Coming Home game on February 24, 1995.

The Leadership class will also auction off an authentic University of Michigan football signed by four of the coaches. Tickets will be sold at the game. The football will be displayed in the athletic showcase at the high school.

The fun of Coming Home week doesn't stop while school is in session, however. We will have lunchtime activities and the Battle of the Sexes Pep Assembly 7th Hour Friday. Lunch time games include:

- Monday - the Donut Game
- Tuesday - Life Savers in a stirring straw
- Wednesday - Pin the Tail on the Donkey
- Thursday - Simon Says
- Friday - Twister

The Battle of the Sexes Pep Assembly will be like none other ever seen. Games will be wacky, wild and hilarious! Students will be seen walking through a gooey gunk, picking their brains, getting seen dizzy, and acting like Milli Vanilli in front of their classmates and friends! It will be a slammin' good time at Coming Home 1995!

## District Champs!!

District Champs: Front row, L-R: Mgr. Karl Kornow, Adam Corwin, Jay Eiss, Steve Spurr. Middle, L-R: Mike Bunn, Jeremy Jones, Dustin Williams, Bryan DuVall, Ryan Eiss. Back, L-R: Joe Tobias, Ed Cruz, Brian Ash, Coach Vlcek. Missing: Severin Ritter, Asst. Coach Mark Fenelon.  
CONGRATULATIONS, GUYS!

It was definitely great week for the Dutch as we not only won the team District Title, but we also qualified six out of our ten wrestlers for individual Regionals.

On Wednesday we traveled to Grass Lake to face the winner of the Grass Lake-Clinton match. We were hoping for a close match between them so we could see what their intensity level was like. With Clinton coming out on top, we knew we had our work cut out, since we had lost by 15 points earlier in the year to Clinton.

Steve Spurr got the ball rolling with an early second period pin after dropping down a weight class to try to pick up extra points. Ryan Eiss was our next point getter; after pinning his opponent the score read 21-12, Clinton. Knowing that we needed a lot of points in a hurry, Bryan Duvall and Joe Tobias both came up with big pins to narrow the margin to 27-24. Even though Dustin Williams lost his match, he had a job to do and he did it in fine fashion, only losing to Clinton's top gun by the score of 107, and only giving up three points, keeping Clinton within two points for victory.

Ed Cruz was the next Dutchman to step out onto the mat, facing Brian Welch who had twice previously beaten Ed this year. But not this time; Ed came out smoking and put the hammer down, getting an exciting first period pin. To seal up the victory, as Clinton didn't have a heavy weight, Brian Ash collected our last six

points to bring the score to 36-35. This brought the Dutch their third District Title in five years.

On Saturday we traveled to a well-known place, considering we wrestle there about three times a year. It probably came to our advantage to be in Napoleon, so the kids would be a little more relaxed. It seemed to work as we got six kids out in tough weight classes. Jay Eiss finally broke his Districts jinx and placed and impressive second. His only loss came to the returning State Champion from Hudson, Matt Warner, by the score of 12-3. This brings him one step closer of making to Sate in his senior year.

Steve Spurr had his hands full as everyone always shoots for the top seed, still he wrestled well enough to bring home the Championship at 126 while collecting his 34th win of the year and putting him in good position to also make his first trip to Battle Creek. Ryan Eiss had the best day of his career as he went in seeded in fifth place but came on strong, defeating the eighth, fourth and second seeded wrestlers while bringing home the third place medal. His only loss was just like his brothers; it was to Josh Yoder from Hudson who took fifth in the State last year.

Bryan Duvall won his second consecutive District title, dominating his weight class and cruising in the finals by the score of 8-3. His season record stands at 33-5. It also helps having him already gone to state so he can give

some of the kids who haven't been there yet a little advice on what it takes. This is also one of the reasons I think the kids picked him to be a Captain - for his leadership.

Joe Tobias was our next medalist as he finished fourth in a tough 160 pound class and Joe definitely knows he has his work cut out for him as he will face one of the State Meet favorites from Dundee in the first round. But as hard as Joe works, I think he can make it through.

Brian Ash was our last medalist; after a slow start he came back strong, pinning a tough Jeff McVay from Morenci, who had pinned Brian twice previously in the year. This raises Brian's season record to 25-6.

All of our kids who placed I think have a good shot at making it up to Battle Creek, as long as their minds are set on wrestling hard and like they want it, considering that our district was much tougher than the one who we'll be facing.

On Wednesday, we travel to Leslie to face them in the first round. If things go well, enough we will face the winner of Michigan Center vs. Byron; wrestling starts around 5:00. Then on Saturday we travel to Morenci for Individual Regionals; wrestling begins at 10:30.

If you happen to see the kids, please give them the congratulations that they deserve for a great week and all the hard work the whole team has put in all year

- Coach Vlcek

## DUTCH BASKETBALL FINALLY TRIUMPHS!

Manchester responded to my last article with four wins in a row, and what do I have to say about it? Not much, since my foot is in my mouth right now.

To start the winning streak off, they traveled to arch rival Napoleon's gym to avenge an earlier home loss. I lost the game stats, but it would be safe to say that the Pirates were rocked like never before by the Dutch.

On Friday the tenth, Manchester traveled to Grass Lake, which, according to the team's respective records, should have been a Warrior Blowout. But the final score was just the opposite. Well, maybe not a blowout - but any team in the Cascades Blue Conference would be happy to escape Grass Lake with an 82-78 win. Manchester raced out to a 23-12 first quarter lead and held the lead through the third quarter. Entering the fourth and final period, the Dutch were held to only one field goal. But we also collected 20 of 33 free throws in the quarter. Senior Troy Niehaus again kicked butt and took names, scoring a game high 30 points and collecting a team high 11 rebounds. Junior Joe Hollosy chipped in 16 points, putting in another solid performance. Shane Goodell and Zach Maghes added 12 points apiece.

The Dutchmen's biggest rival came to town last Tuesday, but Manchester gave more than hugs and kisses to Clinton on Valentine's Day; they also gave Clinton a gigantic butt whuppin', winning 93-55. Niehaus continued his high level of play with 34 points and 10 rebounds. Andy Winzénz put in a solid night, with 7 points, six rebounds and seven assists. Aaron Garrett chipped in on the scoring end, adding 10 points. The Dutch avenged an earlier loss this season at Clinton. Go home, Redskins. Come back when you got game. Sheesh - where's the competition?

Manchester closed out the past week hosting the conference doormats, the Vandercook Lake Jayhawks. The Dutch didn't let their fans down, winning 56-38 in a defensive battle. Niehaus had the hot hand again, scoring a game high 24 points. Maghes added 16 for the inning cause.

Next week the Dutch travel to East Jackson and then head home for the "COMINGHOME" game against Michigan Center.

- Kyle Harvey

## JV Volleyball Action

For those of you who were spectators at last week's JV Volleyball game against Addison, have you fully recovered yet?!? For those of you that were not present, you really missed out on an intense, excitement-filled, up-and-down volleyball match!! Most importantly, the Flying Dutchmen defeated Addison, 13-15, 15-7, and ultimately 18-16. The 3rd game provided great exercise for those spectators who assumed the "stand-up, sit down, stand-up" positions throughout the game. As for myself, this was the most intense game I've seen at the JV level. Both teams provided extreme levels of competition, as both teams were undefeated. However, the outcome was once again a success only for the Flying Dutchmen, who added a 7th win to their overall 7 - 0 record.

Leading scorers in this action-packed match were: Pam Preston, 11 points - 1 ace; Stacy Mann, 9 points - 5 aces; Karen Goodell, 9 points - 4 aces; Jennifer Mann, 7 points; Sarah Gould, 4 points - 1 ace; Becky Butterfield, 3 points 2 aces; and Ceara Brown, 2 points - 2 aces.

Outstanding assists were provided by 2 setters: Pam Preston, 98% with 62 sets; and Carmen Kapa, 100% with 16 sets. Passing assists were contributed by: Michelle Schaible, 10; Sarah Gould, 7; Karen Goodell, 5; and Pam Preston, 3.

The major key to the excitement and intensity was "at net" play. Key players were: Michelle Schaible, 10 kills 5 hits - 1

block; Stacy Mann, 5 kills - 6 hits; Karen Goodell, 3 kills - 7 hits; Becky Butterfield, 6 hits; Sarah Gould, 1 kill - 1 hit; and Kelly Parr, 1 kill - 2 hits.

The team worked well together under pressure, each providing communication and the drive to win. Intensity-levels were definitely peaked for players, spectators, and myself!

However, on February 13th, the JV Flying Dutchmen returned home disappointed. They were defeated by Hanover Horton, 5-15 and 11-15; thus, being their first loss of the season (7-1).

To start, the Dutchmen were upset by the loss of teammate Ceara Brown during the 1st game, due to an ankle injury at the net. The Dutchmen then fell to repeated mistakes that enabled Hanover to take the win.

Continuous efforts at the net were made by: Michelle Schaible, 2 kills - 7 hits - 2 blocks; Becky Butterfield, 3 kills - 4 hits; Stacy Mann, 3 kills - 1 hit - 3 blocks; and Karen Goodell, 1 kill - 6 hits. Pam Preston made repeated efforts to set bad passes and was 92% with 36 sets. Leading scorers were Becky Butterfield, 6 points - 4 aces, and Jennifer Mann, 3 points - 1 ace.

The Flying Dutchmen have 3 games remaining for the season. Overall, they are playing excellent volleyball and keep improving daily, therefore, a successful season will result from their hard work.

- Coach May

**Big Buck Contest Winner**

Rick Shear of Clinton (formerly of Manchester) is Westside Automotive's 1994 Big Buck Contest Winner. Rick won free tires (upto \$300 value).

Rick's winning buck was an eight-point with a beautiful 17" spread. The "dressed out" deer weighed in at 160 pounds.

Rick bagged the buck in the Manchester area on opening morning of rifle season at about 8:15 AM. After taking his buck, he hiked back through the woods to get the necessary gear to drag

his buck out of the woods. Rick's Grandma, Norma Shear of Ann Arbor, volunteered her services, and helped her grandson retrieve his winning buck from the woods.

Rick's been hunting for eleven years; the successful hunter has taken fifteen deer in that time. Congratulations, Rick!

Hunters - don't forget - any tires purchased at Westside Automotive before October of 1995 automatically qualify you for the '95 Big Buck Contest!

# Winter Festival

## Familiar Faces Enhance Second Annual Winter Festival in the Victorian Village

Curtis Oglesby, of Eagle Michigan, returned to the Winter Festival this year. He's been doing shows for ten years.

Dan Hutsbarger of Manchester, was one of the ice sculptors and created a kayaker on white water as his contribution to Winter Festival '95

Local resident Breeda Miller exhibited her safety scarves. The good news in Breeda's family ids that a 20-month old son named Evan will soon join their family. Breeda has received national recognition for the Safety Scarf.

Carolling

In December, we had our Christmas party, then walked to Yvonne Lowell's house. After we enjoyed a spaghetti and salad dinner by candle light, we dressed in our warmest clothes and caroled up and down both sides of Ann Arbor Hill. We continued down around Riverbend and back up Ann Arbor Hill to the Lowell's house, where we enjoyed hot chocolate and cookies until our parents picked us up. We had a good response from 85% of the houses we stopped at. Only a few were not home to enjoy our voices. We think it would be worth doing again next year and the next!!!

**Announcements**

**CHRISTMAS-IN-APRIL \*WASHTENAW Manchester Unit**

Christmas-in-April \*Washtenaw, Manchester Unit held their first organizational meeting Wednesday, February 8. Many skilled and unskilled volunteers are needed to make the 1995 project a success. New volunteers are always welcome.

The date for the 1995 Christmas-in-April project is Saturday, April 29. Rain date will be May 6.

Who is eligible for Christmas-in-April \*Washtenaw? The elderly, low-income or disabled homeowner who is having a difficult time maintainin their home.

How are homes selected? Anyone, homeowners, neighbors or friends, can make a referral for a home that needs maintenance and repair. The home must be owned by the person in residence and permission for repair must be granted by owner. Referral forms can be obtained by calling the Community Resource Center, 428-7722. Please make referral by March 1. Once referrals are made a committee of skilled professionals will visit the home and make a determination of how and if the work can be done by Christmas-in-April volunteers.

Some of the past projects have included carpentry, plumbing, electrical repair, painting, fire alarms, appliance repair as well as trash removal, window washing and yard clean up. Repairs are done at no cost to the homeowner.

Put April 29 on your calendar. Volunteer forms will be available soon. Plan to spend a day with friends and neighbors as we participate in the spirit of giving to those who can no longer maintain their own home.

**Republicans in Western Washtenaw County Organize Local Committee**

Washtenaw County Commissioner Mike DuRussel has announced the formation of the Western Washtenaw Republicans, a group of local elected officials and party members working to advance the interests of the Republican Party in the western half of Washtenaw County.

"This area of the county has traditionally been a Republican stronghold. In order to maintain our strength, it is crucial we do a better job of organizing our fellow Republicans," DuRussel said. "Any Republican in the townships of Lyndon, Dexter, Webster, Lima, Sylvan, Sharon, Freedom, Manchester and Bridgewater as well as Republicans in the villages of Manchester, Chelsea and Dexter, are encouraged to attend our inaugural meeting."

The first meeting is scheduled for Saturday, March 11 at

9:00 AM. The meeting will take place at the Wolverine Food and Spirits, 20460 Old US 12 in Chelsea.

The formation of the Western Washtenaw Republicans brings to three the number of local organizations under the Washtenaw County Republican Committee. The Ann Arbor City Republican Committee has been meeting for several years. The Ypsilanti Republicans have been meeting weekly for the past three years and have been growing rapidly. By the end of the year, plans are in motion to form a group in Saline to help organize south-eastern portion of the county.

Anyone seeking more information on the Washtenaw County Republican Committee and its auxiliary groups can contact Tim Blaney at (313) 971-4622.

**Spring Bloodmobile**

On Monday, March 6, at Emanuel United Church of Christ, Manchester's Spring Bloodmobile will be held. The time is 1 PM to 7 PM.

As usually happens, our local churches and industries will have people doing recruiting for donors. Take the initiative and find your recruiter, and sign yourself up to donate.

If you can't find a recruiter, look for the Red Cross Boxes at Walco Food Store, Kleinschmidt's Hardware, The Baker's Dozen, First of America Bank, Comerica Bank and Great Lake Bancorp. There will be sign up cards for you to fill out, and leave in the box.

See you at Emanuel on March 6.

- Marja Warner

**NOTICE THE ANNUAL MEETING OF MANCHESTER FAMILY SERVICE**

**WILL BE HELD Thursday, March 2, 1995 7:30 PM**

Manchester Tool and Die 110 Division Street

The Public is invited to attend. Officers will be elected and the organization's activities will be reported.

Submitted by Dee Dee Sahakian, Secretary - Manchester Family Service

**SUBSTANCE ABUSE TASK FORCE**

The Substance Abuse Task Force invites parents of the community to its February meeting on Monday, February 27, 7:00 at the St. Marys Parish Center, 106 E. Madison St. The purpose of the organization is to raise community and personal awareness to a level high enough to mobilize the community to take action in the fight against substance by our youth.

This forum provides an opportunity for networking of all community impactors who CARE ABOUT OUR KIDS.

The agenda will include reports on High School and Middle School DARE Program, the SAFE HOME project and a FISHBOWL activity.

A HI-LITE for the evening will be a video presentation, Sons, Daughters, Drugs and Booze. The video addresses 1995 issues related to changes that affect family structure and the ability of parents to effectively guide their children in constructive use of energy, time and talents. The video provides an opportunity for parents to learn about student behavior changes and recognize symptoms of drug use.

**County Human Services Offers Programs to help Residents**

Are you having trouble making your money s-t-r-e-t-c-h to feed your children? Do you have questions about the healthiest ways to feed your family? WIC can be the support you need- for a short time- or a long time.

The Washtenaw County WIC, (Women Infants and Children), program provides coupons for free food, nutrition education, and referrals to health-care services that can improve the health of you and your children.

Pregnant women, infants, children up to age 5, women who have recently had a baby, and breastfeeding women up to baby's first birthday are all eligible. Call our Ann Arbor office at 971-1300, (Ypsilanti - 484-7200), to find out whether you meet the financial eligibility guidelines for WIC.

**HEART HEALTH SCREENING**

A Heart Health Screening will be conducted by the Washtenaw County Health Services Group on Tuesday, February 28, 1995 from 9:30 am to 12:30 pm. Participants will receive blood pressure and cholesterol testing, individual consultation about their results, and information on how to decrease their risk of heart disease.

The screening will be held at the Adult Health Clinic located in the Washtenaw County Human Services Bldg., 555 Towner, Ypsilanti, MI. For more information, call 484-7200.

# School Board: Good News and Bad News

**Continued from front page**

School and Klager which he felt the Board should consider purchasing before houses were built on it.

Several bus drivers were in attendance and voiced their concerns over the poor condition of some of the buses. Superintendent Niedzwiecki said that the bus replacement program was discontinued when the State of Michigan froze the SEV millage rate. The district fell behind in bus replacement at that time. Mechanic, Howard Poley, said that some of the buses were in such poor condition, body panels and floors are rusted out. One bus would have to have about \$2,000 worth of panel replacements. It was suggested that even if the panels could be found, there would be no assurance that

a rebuilt bus would pass inspections.

Superintendent Niedzwiecki said a committee of Howard, Jeff Knasiak, Rusty and himself were studying the problem. Board member Winzenz made a motion authorizing the Superintendent to procure a bus from existing stock. The Superintendent is to evaluate what is available and at what cost. The two buses currently on order may not arrive until near the end of the school year.

It was pointed out by one driver that the roads in the area are so bad that the buses cannot take the pounding and stay on the road for any period of time. Some of our units have in excess of a 130,000 miles on them. Five units have been taken out of service. Bus #24 was singled out as being a disaster and no one wants to drive it except as a last resort. The unit is a 1980

Ford Superior with over 100,000 miles. Its description is, "Good engine and drive train, body bad, rusted, cracked, welded, patched; always trouble of some kind, even when bus was new. Unit was retired to spare very early because it was so rough riding and hard to handle. Bus #24 is driven only as a last resort."

The question was asked, why we are not leasing buses. That is apparently under some consideration. #19, a 1990 Ford Club Wagon XL with about 35,000 miles, is not being used and has been apparently stripped. The question was asked, "Why is that unit not sold instead of stripped? What good is it just sitting there?"

Apparently the transportation department has some other problems which have been alluded to; we are attempting to follow those problems and will report on them at a future date.
