Director of Finance Fired

School Board Votes Unanimously

- by Emory Garlick

Wednesday, July 11th, Manchester's Board of Education returned to open meeting at 9:27 PM, (begun in closed session at 7:42 PM), the following:

Motion by Winzenz, supported by Turk that the charges set forth in the letter dated June 27, 1995 from Superintendent of Schools have found to be accurate and that the employment of Ms. Jan Lillie be terminated as of July 11, 1995. Roll Call Vote: Yes - Kluwe, Turk, Winzenz, Hochstetler,

Abbott, Ochs, Sahakian. No - none.

Were requested, and received, a copy of all information that the Superintendent of Schools provided the Board. That follows:

"Dear Board Members: I am writing this letter to recommend that the board of Education terminate the employment of Ms. Janice Lillie. One basis for my recommendation involves an incident which occurred in June 1993 which was recently discovered. This incident involves items that the school

district paid for that were personal expenses of Ms. Lillie. In a written message dated July 24, 1992, a copy of which is attached, Ms. Lillie advised me that she realized that she had not reimbursed the school district for various personal expenses in the amount of \$166.80. The July 24, 1992 message advised me that Ms. Lillie would reimburse the school district by August 7, 1992. I spoke with Ms. Lillie about these personal expenses and was assured that the school district would be reimbursed by August 7, 1992. Recently Jeff

Knasiak made allegations (copy attached) which involved Ms. Lillie. Ms. Lillie prepared a memorandum dated May 29, 1995 to refute Mr. Knasiak's allegations. A copy of the May 29, 1995 memorandum is also attached. That memorandum contains the following statement related to the aforementioned personal expenses of Ms. Lillie which were paid for by the district:

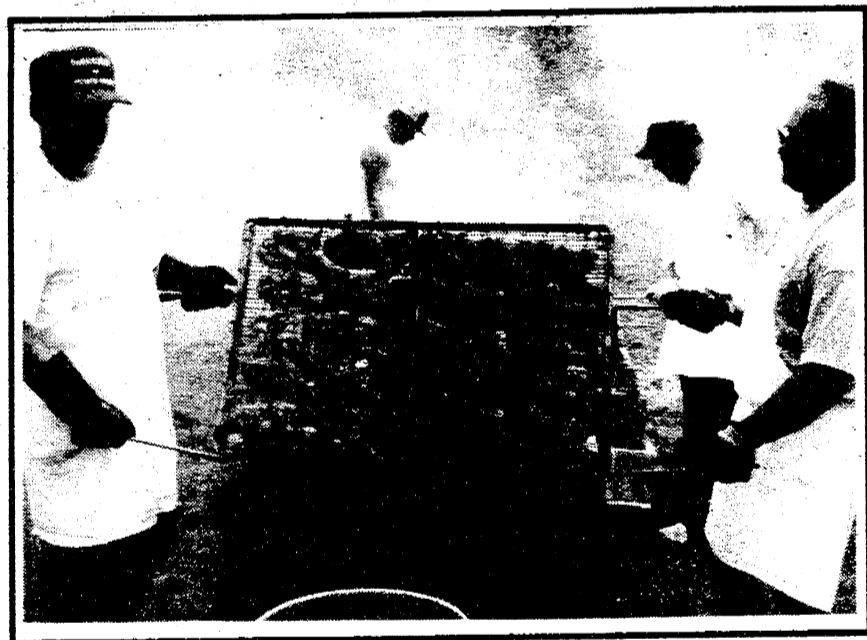

"Three years ago, while I was getting ready for the audit and looking through accounts, I found a couple of purchases for

tapes from Knightingale Conant that after listening to them I really felt they would benefit me more than the other staff, I had joined NAFF and I had planned to clear this through you, but decided not to because it was more for professional development than school related issues such as ASBO and MSBO. I sent you a memo planning to pay the District the \$166.80 in August. If you will remember that when I was diagnosed with MS and going to the doctor's taking

Manchester Chicken Broil, July 20th

Chicken Broil Brings "More than Money" to the Community

The recipes for success at the Chicken Broil are many. First, there is the success of the community spirit that is promoted by the joining of many persons to contribute to a worthwhile effort.

For the past 42 years, the Chicken Broil has given much to the community of Manchester. There are so many things the Broil has provided Manchester which have no assigned monetary value.

At the Chicken Broil, young boys learn - sometimes for the very first time in their lives - what it means to really work hard and complete a job. They learn that it doesn't matter whether it is hot and muggy or rainy and chilly, there is a job to complete. And they learn that they can take pride in the accomplishment of that task.

Manchester Summer Festival, July 21 & 22

Growing Again!

The Manchester Summer Festival will once again take over Main Street on Friday and Saturday, July 21 & 22. Local support for the Summer Festival is helping to make it even bigger! The Downtown Business Association has agreed to expand the festival to a two-day event immediately following the Chicken Broil. Now there's even more excitement and fun for the family.

The wares included in this year's Summer Festival will be more extensive than ever. Paintings, quilts, woodcrafts, hooked rugs, dried floral arrangements, fabric bunnies & santas, embellished t-shirts & hats, jewelry of all kinds, hand carved birds & canes, porcelain dolls, potpourri, handmade candles, resins & ceramic items. There is so much to choose from. Many of our regulars are back with a terrific variety of new vendors to fill Main Street.

Sidewalks will be full of great bargains from the local businesses. Grab bags, sale items & merchandise specially marked down just for the Summer Fest - be sure to check them all out. Many of the eateries will be having lunch and dinner specials and homemade

goodies too! You will be able dine outside in front of many of the establishments. Other food vendors will also be found throughout the downtown area for a quick snack or a cool drink.

For the young and young at heart, children's rides and games return for both Friday and Saturday with a moonwalk, pony rides and more. Regularly scheduled games and activities are planned with prizes for all.

Friday from 8:00 pm to Midnight will be the street dance FREE to everyone. The Band is Alibi with lots of good all around music. Be sure to join us Friday evening for food and fun on Main Street.

The Fireside Heritage Crafters will once again join us and treat everyone to

The Second Front Page: *Manufactured Home or MESS?*

MANUFACTURED HOME'S DO YOU GET WHAT YOU THINK YOU HAVE ORDERED?

by Emory Garlick

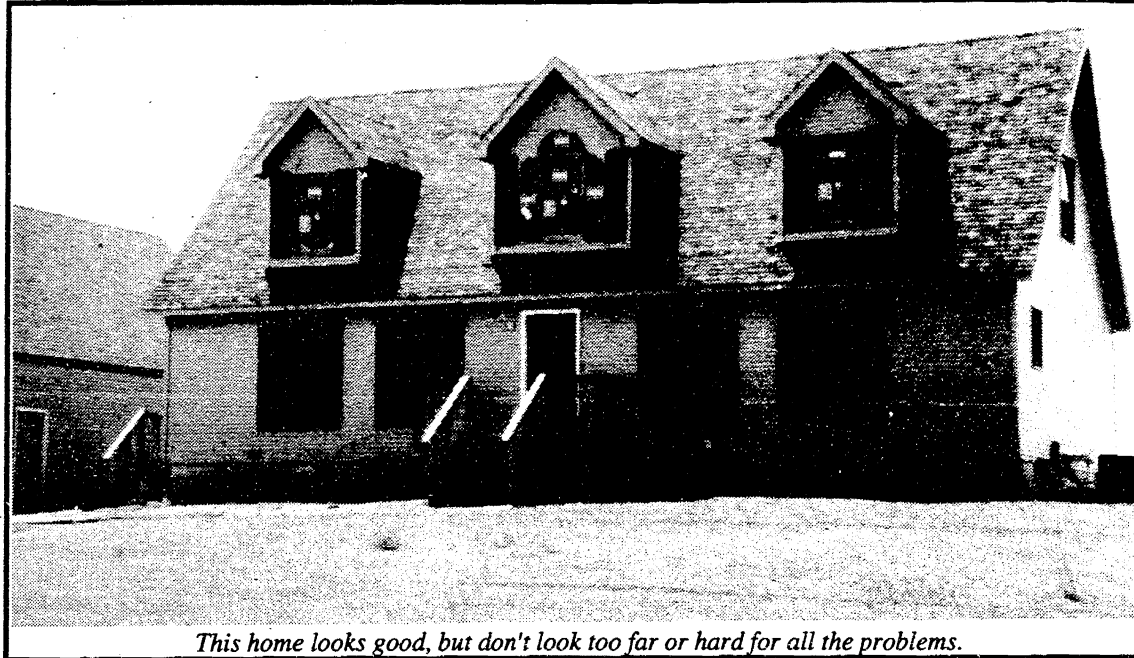

Recently there have been articles in the Metro area Newspapers about Manufactured Housing. Specifically noting some Manufacture's and some dealers are not delivering the product they are representing to their buyers.

We must caution our readers that not all Manufacturers should be painted with the brush of poor workmanship or installation. This writer's overall experience, as a building inspector, with several manufacturers has been mixed. Some are excellent; one example is a unit by Active Homes Corporation from Marlette, MI. They delivered and set a unit for Gene DeRossett on Wallace Road, about one mile north of the house used in this article.

BACKGROUND: Henry and Joan Gie, after Henry's retirement from Chrysler Corp. decided to sell their home in West Branch, MI and move to Southeastern Michigan to be closer to relatives. Their three grown daughters were scattered across the country and they felt that being near relatives would enhance their retirement years. As Henry states; "We put up our home for sale and the first buyer to look at the house bought it. We needed to get a new home quickly. A relative suggested the Bridgewater Township property and we talked to Select Homes of Bay City, Inc. as they were close to where we lived. Select assured us that we could be living in our new manufactured home within a month after delivery. We signed a sales agreement on February 18, 1995 with Pamela Watson of Select Homes for a Legacy Cape Cod, to be manufactured by Redman Homes of Topeka, Indiana for a price of \$82,823.00 with a cash down payment of \$16,000.00"

A copy of the Sales Agreement shows the above to be true. Under the "Remarks: CUSTOMER TO PAY \$66,823.00 CASH AS AGREED BEFORE DELIVERY OF HOME. CUSTOMER TO PAY FOR ALL PERMITS. SELECT IS NOT RESPONSIBLE FOR ANY

This beautiful looking home located in Bridgewater Township on Wilbur Road is beset with many problems!

This home looks good, but don't look too far or hard for all the problems.

CONCRETE CHARGES. CUSTOMER TO DO ALL ELECTRICAL, PLUMBING, SEWER HOOK UPS, LP CONVERSION PROVIDE FOUNDATION AND FURNISH ANY EQUIPMENT NECESSARY TO SET HOME ON FOUNDATION THIS IS ALL THE CUSTOMERS EXPENSE. THIS PURCHASE AGREEMENT SUPERSEDES ALL PREVIOUS PURCHASE AGREEMENTS VERBAL OR OTHERWISE."

March 28th Mr. Gie's plans were reviewed and passed by the building department. On April 6th Mr. Gie's footings were approved for pouring of concrete. The footings and the basement walls were completed in a week.

The unit was delivered April 26, 1995 and payment was demanded before unhooking the unit. Mr. Gie complied with a bank draft, a copy of which had to be faxed to Select before the units were dropped. The units were set on April 27th. (A manufactured home is delivered in sections, the width and height of the sections must comply with Michigan Department of Transportation restrictions) This home was delivered in two major halves with dormers, three in front, sent

separately.

A Mr. Tom Ruppel a representative of both Select Homes and Redman Homes, Manufacturer, conducted an on site inspection and listed 38 deficiencies.

Workers were on the job until May 10th, and then sporadically thereafter. On May 23rd, 27 days after delivery, a general building inspection was conducted at the behest of Mr. Gie. The building was not approved and the work was only partially completed.

The following are some of the deficiencies found on site:

The floor joist's, structural members that support the house, were not properly spaced. Should have been 16 inches, vary as much as 3 inches. These joists support the house.

The units were not properly aligned and holes were punched in the roof. Rafters had been repeatedly struck with a heavy hammer and were no longer attached or had been broken.

Stairs to the second floor were not square to the walls and were out of alignment as much as two inches.

Dormers added on site were not properly installed. Flashing attaching the dormers to the roof was incomplete and shingles were not properly attached to the roof.

Windows were not installed properly. They were not square to the openings and had gaps around the sash to the exterior.

Drywall was detached from the ceiling and hanging down as

Setting the first unit on April 27th, It isn't done yet.

much as 3 inches. Some ceiling joists were bowed and sagging into the rooms.

Plumbing vent piping protruded through the floor into the area of the 2nd floor bed room.

Vent stacks were not extended to the roof line.

Siding was detached from the side of the house and a starter strip was missing. Siding also was not lapped so that weather could pen-

trate the house. Corner molding sections were bent and damaged.

Roof shingles were not all attached and were not finished properly on the ends of the roof.

Drywall was cracked in every room at the ceiling line, corners and in the walls.

Floor coverings were scratched and damaged.

No stairway was delivered with the unit to the basement even though Mr. Gie had paid extra for the stairwell.

Mr. Gie was charged for many extra things in this house. Example: Gie was charged \$500 for a reverse set of plans. (A reverse set would mean the plan would be the same but it would be a mirror image.) Such items as a stairwell, without stairway? A dryer vent that is nothing more than an hole cut in the floor? And many, many more items.

Mr. Gie hired the Law Firm of Hooper, Hathaway, Price, Beuche and Wallace to represent him in this matter. They have had a hard time getting Select Homes to complete the unit.

The sad part of this unit is the fact that the State of Michigan is responsible for the in-plant inspection of the construction.

The State has recommended mediation of the dispute. Mr. Ron McEnroe, State Building Inspector, visited the site July 12th and found numerous violations. He informed Mr. Gie and myself that the unit inspection was not conducted by the State but was contracted to an outside inspection agency. It was obvious to Mr. McEnroe that agency did not do a good job to say the least.

As for Mr. and Mrs. Gie, what do they have?

1) They do not have a house that was to be completed by June 1st.

2) They have been renting a small efficiency in Adrian for the past month.

3) They are accumulating additional expenses for Legal representation.

4) The Gie's have been spending many dollars to accomplish work that was represented to be done by the Manufacturer, Redman Homes and the sales company and installer, Select Homes.

I would be very surprised if Mr. and Mrs. Gie would recommend a Manufactured home, after their experience. Would you?

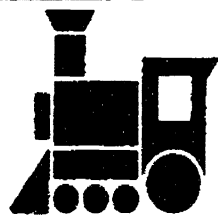

There are good units available. This is definitely not one of them.

Editorial / Opinion

Dear Mr. Garlick:

I am in receipt of your letter of June 8, 1995, in which you are most complimentary of several members of our agency, Sgt. Gerald Haensler, Deputy Kevin Deacons and Deputy Jon Scicluna, for their on-going efforts to enhance our relationship with you and the Manchester community.

It is always gratifying to receive correspondences such as yours, acknowledging the exceptional service our deputies are providing our citizens. I am pleased that you took the time to inform me of the services you have specifically received from these three fine officers. Each are very professional law enforcement officials and we are indeed fortunate to have them on our team. You can be assured that I will forward a letter of acknowledgment to each of them, on your behalf, for the great work they are doing.

Thank you for taking the time to write. If we can be of further assistance, do not hesitate to contact us.

Sincerely,
Ronald J. Schebil
Sheriff

Dear Mr. Garlick,

As Mr. Abbott observed, the Manchester School Board has a morale problem. It's no wonder - the issues that these people debate are issues important to our community, issues that generate strong opinions. The problems we ask our board to deliberate do not lend themselves to easy solutions. One fact is clear, though. The electorate has chosen this group of people to work together for a time for the benefit of our schools and, thus, our community. If these people cannot dialogue over these issues and problems then their time, energy and talents are wasted. A recent article I enjoyed suggested that dialogue is possible when you "respect your opponent as a humane and good willed person seeking the truth along with you." ("Rebuild My Church," *St. Anthony Messenger*, July 1995, p. 16.) As a parent and voter in this community, I challenge the members of the School Board to begin this type of dialogue. If there is someone with the skills to mediate disagreements and improve communication, please use him or her.

Mr. Garlick, I feel that you bear some responsibility for the current morale problem. You published reports and opinions continue to single out some members of the board for harsh, personal criticism while consistently praising others. This cannot in any way contribute to the development of a board that can respect one another and work together to solve problems. The mix of fact and your editorial opinions in the front page article from the July 12 issue undermines the very purpose of journalism - to convey accurate information that will enable the reader to form his/her own opinions. Perhaps you are, as you have claimed, trying to be responsible in the expression of your opinions. I would ask you to rethink that responsibility for the good of my children and all the children in our community.

Sincerely,
Virginia Johnson

Editorial

Emory Garlick

The *Ann Arbor News*, that younger publication in Ann Arbor, uncovered the Fred Mills mess in Chelsea. It appears from reading Liz Cobb's articles and the Editorial in Sunday's *Ann Arbor News* that a lot of irregularities have been uncovered.

Their quote, "Superintendent Edward Richardson wrote in his memo that the agreement 'sets the expectation that inappropriate behavior will not be tolerated...' How can that be since the decisions were made in private and communicated to no one until *The News* pressed for the information under the Freedom of Information Act?"

In Manchester we have had, prior to the past year, a somewhat similar situation. Information requested was like pulling hen's teeth. With the election of Paul Kluwe as President of the Manchester School Board the public was finally getting information.

Several bus drivers apprised me of the drinking problem that existed, for some years, with the Director of Transportation. The bus drivers and the *Enterprise*

made that drinking problem an issue! He resigned when finally confronted by the Superintendent.

We were made aware of the violation of the Athletic Policy by one student and communicated that information to the Superintendent and the Board. The Athletic Director has resigned, effective July 31st.

We were made aware of potential irregularities within the Finance Director's office by Jeff Knaisak's letter to the Board, Superintendent of Schools and the *Enterprise*. To Superintendent Niedzwiecki's credit, he immediately started an investigation. When the charges were found to be true Ms. Jan Lillie was discharged by the Board of Education as recommended by Niedzwiecki.

We found, Friday last, some additional information that could indicate that the dismissal of Ms. Lillie was appropriate and justified. We have passed that information on to Winzenz, Treasurer; Kluwe, President; Hochstetler, Secretary and Niedzwiecki.

Our Board members represent all facets of our community and as a consequence will differ in their positions. I would be disappointed if they all agreed on all things. The past few months have seen a positive change in the administration and in the board; no more head in the sand and blindly following the administration. They are now listening to the community and to the community and taxpayer needs. I am sure this new trend will continue to solve problems.

Tax Deductions For Charitable Taxpayers

(Prepared by the Michigan Association of Certified Public Accountants)

While your financial resources and personal interests should play a large role in your charitable giving, don't overlook the tax deductions you may receive for your generosity. The Michigan Association of Certified Public Accountants points out that when you donate to a qualified charity, either through lifetime giving or through charitable bequests, estate taxes are avoided and you may qualify for an income tax deduction.

To claim the deduction, you must make the contribution to a tax-exempt charity. Gifts made to federal, state, and local government for public purposes, or to religious, charitable, scientific, literary, cultural, and educational organizations are nor-

mally deductible. Although the definition seems broad, it does not encompass every nonprofit organization. Check *Cumulative Lists of Organizations*, IRS Publication 78, for those that qualify.

Donating Appreciated Property

You may be able to save substantial tax dollars by arranging to bestow property that has increased in value rather than donating cash. When you contribute appreciated stocks, real estate, or other investments that you have held for more than a year, you can generally deduct the current market value of the property and avoid paying long-term capital gains taxes. From an estate planning viewpoint, your gift reduces the size of your taxable estate.

Here's how it works. If you write a check for \$10,000 to a charity, you get a \$10,000 de-

duction and the charity receives a \$10,000 gift. Suppose, instead, you donated some stocks that you bought two years ago at \$5,000 which are now worth \$15,000. By offering the appreciated stock, you avoid paying the capital gains tax that would be due on the \$10,000 if you sold the stock yourself. As a tax-exempt entity, the charity incurs no capital gains tax on the sale of the shares, so it receives the full benefit of your contribution. In addition, you get to deduct the investment's current market value of \$15,000. Keep in mind that there are some limitations on charitable deductions. In general, you are allowed charitable deductions of up to 50 percent of your adjusted gross income for gifts of cash. When contributing appreciated property, your deduction is limited to 20 percent to 30 percent. Also, some types of appreciated

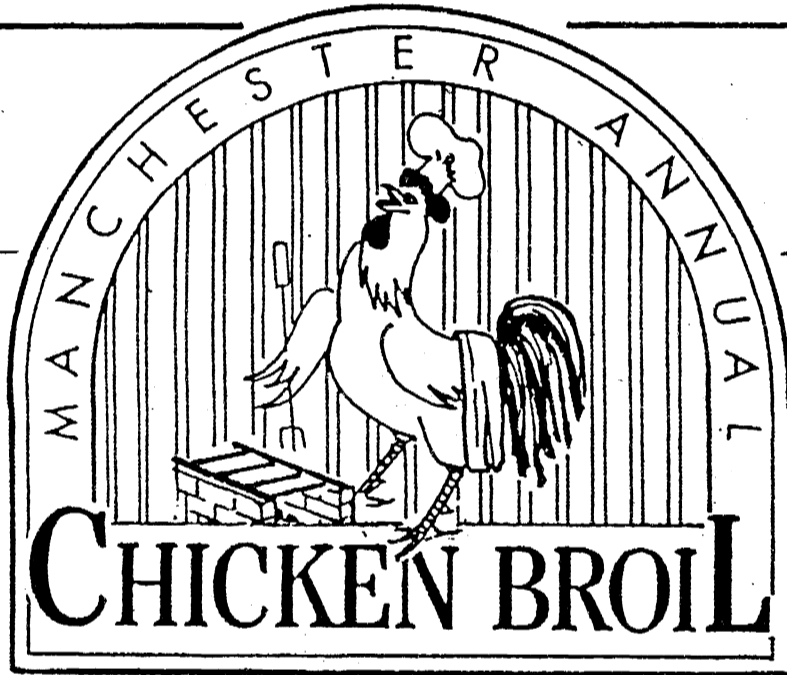

property may yield reduced deductions.

Using Charitable Trusts

A charitable remainder trust enables you to avoid capital gains taxes, increase income for you and your family and at the same time benefit your favorite charity. When you place assets that have substantially appreciated in value in a charitable remainder trust, you qualify for an immediate charitable income tax deduction (based on the present value of the interest in the assets given to charity). Once inside the trust, the assets may be sold without triggering capital gains tax because the charity receives the proceeds at your death. Meanwhile, the trust invests the cash from the sale in income producing assets that earn income for the trust. During your lifetime, you receive the income earned by the trust. When you die, the principal is distributed

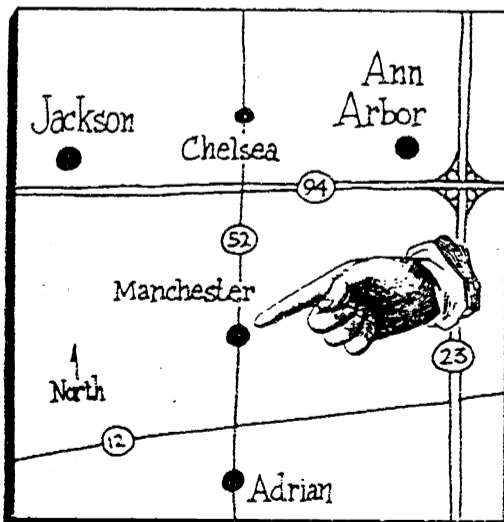

to the designated charity and is excluded from your assets for tax purposes.

You may also choose to make a temporary gift of income through a charitable lead trust. Through this type of trust, you set aside assets for charitable use for a specific number of years or during your lifetime. At the end of that period, the assets in the trust are then returned to you or your heirs. Although these trusts provide a tax deduction for the donation, the trust must comply with governmental guidelines and the amount of the deduction can be different from the actual amount of the gift. If you have the desire and resources to make large charitable gifts, it's wise to explore all your options with a tax adviser, such as a CPA, who may help you find ways to make larger gifts at a lower cost, and generate benefits for you and your family.

Chelsea Players Present Summer Musical

The Chelsea Area Players are pleased to announce the presentation of their summer musical production of Brigadoon. Brigadoon is a lyrical romance of desperation, love, and dreams of a better world, which centers around the magical town of Brigadoon in a misty Scottish Highland glen. The 18th century town exists for only one day in each 100 years, and is depicted in the musical by gay costumes, wonderful choreography, and a memorable musical score. One highlight of the production is local bagpiper Tom Kennedy in his authentic Scottish tartan.

The book and lyrics of Brigadoon were written by Alan Jay Lerner and the music was composed by Frederick Loewe. The director for the musical is Dan LaBumbard of Jackson, and the producer is Mary Layher of Ann Arbor. Cast members hail from many area communities, including Ann Arbor, Chelsea, Dexter, Saline, and Dexter.

The production will be held at 8:00 PM on July 21, 22, 27, 28, and 29 at the Chelsea High School auditorium. Tickets are available at the Chelsea Pharmacy or by phone at (313) 475-0792 or 475-8011. Prices are \$5 for the July 27 Thursday show and \$8 for all other shows.

1995 Washtenaw County 4-H Youth Show

By Nancy Thelen, County Extension Director

The 4-H Youth Show is a special time in Washtenaw County for young and old alike. 4-H'ers, volunteers, leaders, and parents all combine to present the highlight of the summer. More than 800 area youth will be participating in this year's show.

There will be over 1,000 tremendous displays in the livestock and exhibit areas, plus activities every day. Join us for the 1995 Washtenaw County 4-H Youth Show at the barrier-free Farm Council Grounds, 5055 Saline-Ann Arbor Road, between Ann Arbor and Saline.

The Youth Show runs Monday, July 24 through Friday, July 28, 1995.

All animals will be on display by Tuesday at 1:00 PM. The gates open at 8:00 AM and close at 10:00 PM each day of the show. Admission is free to the grounds and all events.

Be sure to join us for a fun filled and family oriented event the week of July 24. For more information and a schedule of events, contact the Washtenaw County MSU Extension Office at the County Service Center, or call 971-0079. There's fun at the show for everyone!

Chicken Broil - Generations of Volunteers

Many stories about the experiences shared by workers involved in the 42 year history of the Manchester Chicken Broil could be told. In fact, in families where three generations of men have volunteered to serve on a Chicken Broil committee, the same stories now have become legendary tales, and are passed on from one generation to another.

Many of those volunteers have "advanced" over the years and are now taking on leadership responsibilities, and chairing the committees which make the organization work so smoothly. They have a meeting after the broil to identify problem areas and solve them for the coming year.

Reviewing the 1995 Manchester Chicken Broil "Notice to All Volunteers," you will see more than sixty family names that represent more than one generation. Within that group of names, about 15 represent three generations. And the volunteer list does not in-

clude names of the football team members who set up the pits or the butterboys in their first experience as a Chicken Broil volunteer. Maybe these boys are following in Dad's footsteps and will add a new family name to the ever-lengthening list.

As the list grows each year it brings together those 500+ men who are working together with a common mission to promote fun and fellowship as they serve their community.

How do new people become involved in this historical event? Walk into The Sutton Agency and place your name on Connie's volunteer list. Boys 14 years and under who work at least two hours are entitled to a free dinner after their shift. The older volunteers pay for their dinner, because it all goes for a good cause.

This is the week we've all been waiting for - The Third Thursday - July 20th - Manchester's 42nd Annual Chicken Broil!

We didn't stay long enough out at Bethel to watch them scurry around when the storm broke. Hopefully, there was no damage when the wind, lightning and rain arrived. Ice cream melted on the spot and ice cubes soon disappeared in the heat and humidity.

While eating, I think I heard the first voice of a locust in the tree near us. Course, we were near the 'fish pond' and wondered if fishing prizes included small toys that could have produced the sound. Haven't heard locusts near home in town yet on the 13th, but have had my ear tuned in—it's a sure sign of summertime.

Welcome home, David and Dona Meinhart from Harlingen, Texas. Dave told us at the social that it is not this hot at home and kiddingly stated he should go back. If he'll just wait 'til next week, it may cool off as it has been blowing hot and cold all summer.

Thursday, July 20: Manchester welcomes back all our old and new friends to our annual Chicken Broil today. It's fun to stand in line and listen. Those who have been here before tell the new folks who haven't been "Now watch this" and "You know, those fellows cut a ton and a half of cabbage on those slaw cutters." It makes us old-timers look at the whole thing through a different and new approach.

"How do the fellows stand all that heat from the charcoal pits (all 400 hundred feet of them)?" "They have got to be well organized to serve twelve thousand people in just 4 hours" "Look at the size of those radishes" and, at the tables, "This chicken is the best we've tasted". Some of us can't resist lipping in to brag about what our men are doing and have done over the years, but I try not to, more fun that way (let our experts explain when they are asked). It really is more fun for them that way. The old saying "If you can't stand the heat, stay out of the kitchen" does not apply to our local area menfolk—thanks from all of us!

Friday, July 21: Senior bus will begin pickup for the ride to Saline Senior Citizens Card Party at 6 PM. Go along by first calling Erma Alber at 428-8707. Before that, you are invited to attend the two day Summer Festival 'uptown

in beautiful Manchester'. Who asked me "What on earth do you find to do in a small town?"—if we had time, we'd all tell you!

One of the absolute highlights of the festival is the Rubber Duckie race, have you bought your winning numbered duckie yet? That is so much fun to stand on the Duncan Street bridge to urge those small yellow ducks on to victory (or to just make it to the finish). I went to Marti's for a haircut intending to buy my duck number and left my glasses there. I went back to get them and still forgot my number (probably because I've made a trip back before a few times). Is this my 'golden years'?

Thursday, July 27: Bus pickup begins at 3:30 to go to another great social at St. Mary's. Better hurry and go, there is only one more. Then, go, go to Pleasant Lake to Freedom Township Hall for the Senior Citizens sponsored monthly card party which begins at 7:30 PM. Bus pickup starts at 6 PM—call Erma for your ride. You can 'beat the heat' while beating those other euchre players at their favorite game. All ages are welcome, come.

Fingers are sticking to the keys and seater end to the chair on this Friday AM at 8 AM. Will it really be 100 degrees today? It is already 81!

Senior Citizens Can Delay Paying 1995 Property Taxes Until Next Year

Washtenaw County Senior Citizens, age 62 and over with a household income not exceeding \$25,000 can delay paying their summer and winter property taxes until 1996 by filing a deferment application with the treasurer of their city, village or township.

"The deferment helps take some of the burden of paying high property taxes off of low-

income seniors," said Michelle Dallos, property tax program coordinator of the Housing Bureau for Seniors, "it gives them time to budget and file for their Homestead Property Tax Credit Claim, which can be used to pay their 1995 property taxes."

Seniors can delay without penalty and interest, the due date of their summer and/or winter taxes on their home-

stead until April 30, 1996 with the deferment application.

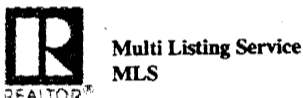

The summer portion of the deferment application is due September 15, 1995 or the due date of your summer taxes, whichever is later. To receive free assistance in completing a deferment application call the Housing Bureau for Seniors at (313) 763-0970.

the crafts of our ancestors. Stop by and check out their intricate crafts in front of the old Black Sheep.

The Manchester Historical Society will open the Blacksmith Shop to the public Thursday through Saturday. Historical Society members are ready and willing to answer questions on Manchester history. You'll also be able to view the renovations taking place for the John Swainson Room.

On the village green in front of the library, the Book Fair will once again yield its treasures for the readers among us, Thursday - Saturday 11:00 to dusk. Buy a bag full! Your support will be appreciated by our township library.

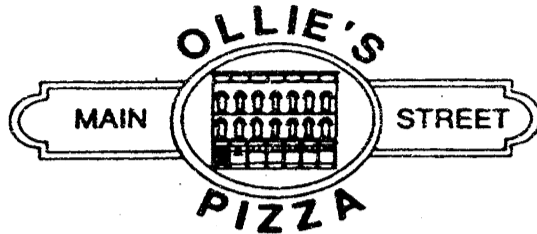

Returning Saturday will be the Midwest Ford/ Kool Cruisers Custom & Classic Car show who last year attracted over 100 vehicles on two blocks of downtown Main Street. This year, they expect to double your pleasure. We will line these wonderful cars down Main Street - another way we bring something for everyone in the family.

Entertainment has also been expanded thanks to Mark Palms - Manchester's own Raisin Picker. Mark has lined up music for all day Saturday.

The Manchester Summer Festival has grown again! This is our way of saying thanks to the community for supporting our town throughout the year.

Join the fun! See you Friday and Saturday on Main Street.

The men of Manchester learn what it is like to work with friends and neighbors - not only those friends they see frequently, but other neighbors whom they might not see at any other time of the year. And, they also learn about working hard to put a meal on the table - something the womenfolk of the town don't have to do on this one night of the year!

Women learn that sometimes men can be just as good (or even better) at cooking chicken than they are - and it tastes pretty good that way. It also feels pretty good to relax at the end of the day and just enjoy it.

The entire community has learned that things can be done better by everyone than by just a few doing a job. Together, we can accomplish bigger and better projects - things that could not be done if we hadn't tried to make it a team effort.

The results of the Chicken Broil have given us a pride in the

community that everyone can feel. Being part of that community spirit and being able to contribute to the effort involved, brings us all together as neighbors and friends working for one goal. The immediate goal may be serving up a bunch of dinners but the by-product of that cohesive effort is a proud, independent and closely-knit community.

Another recipe for success is that famous recipe for slow-broiling the chicken over charcoal pits. "New and improved" methods for accomplishing the tasks have been devised over the years, but Dr. Howard Zindel's original idea remains virtually the same.

Then, of course, the secret coleslaw recipe, which was originated by Manchester's dentist, Doc Jones, in 1954, adds another touch of great taste to a consummate meal.

May all your chickens be plump and juicy!

Meet the Fair Queen and her Court

Jennifer Brushaber, 1995 Fair Queen
(Right) - Colleen Brown, Second Runner Up & Miss Congeniality
(Left) - Erin Binder, First Runner Up

Senior **Jennifer Brushaber** was named the 1995 Manchester Community Fair Queen on Tuesday evening following the parade. Jennifer, who came to Manchester in her sophomore year from Dexter, has had an active High School career.

In Dexter during her freshman year, she was a member of "Youth to Youth", a peer drug prevention program. She was also a cheerleader for the basketball and football teams. In her sophomore year at Manchester, she played JV basketball and

softball and received the coach's award for softball.

In her junior year, she played varsity softball and was the statistician for the men's varsity basketball team. This year she will be a student council member and plans to play softball once again. Her plans for college include studying chemical engineering.

Jennifer enjoys being in Manchester and says that she finds the friendly attitude and individual attention here an asset to students. "I'm happy to

be named Community Fair Queen, even though it has been pretty sticky this week," she said. Wearing jeans to Thursday night's livestock auction was not nearly as appealing as her favored activity of being at the lake with her family. The sacrifices a queen must make!

Congratulations, Jennifer, and to your court, **Erin Binder** and **Colleen Brown**, fellow members of the class of 1996. Our best wishes for your continued success in all life has to offer.

... And The Judges, too

Larry Antonelli, Jeannette Bartlett, Jim & Jackie Ellerthorpe, Craig Johnson & Jerry Dobbs dedicated their entire day to the difficult task of choosing the most queenly candidate. Thanks to all!

The Fair Parade

"The Dunny Family Reunion featuring Chicken Broil Queen and Her Court" was a new float entry in the parade this year. And a lovely group they were, too!

The Manchester CoOp Preeschool Brought Big Bird to "A Country Affair"

Parade Marshalls Lehman & Helen Wahl were honored by the Fair Board for their many contributions over the years.

Hock- Wendholt

Darren Lee Hock and Stacy Lynn Wendholt were married May 27 at Saline Baptist Church in Saline. Pastor Scott Engleman presided. Parents of the bride are Edward and Lorraine Wendholt of Jasper, Indiana. Parents of the groom are Dale and Darla Hock of Saline. Grandparents of the groom are Arthur and Norene Kidder of LaPorte, Indiana.

Honor attendants were Tammye Wendholt, sister-in-law of the bride of Jasper, IN, and Drew Hock, brother of the groom, of Manchester, MI. The bridesmaids were Dayna and Darci Hock, sisters of the groom, both of Manchester, and Marla Ward, sister of the bride, of Muncie, IN. The groomsmen were Kent Wendholt, brother of the bride, of Jasper; Barry Englert, cousin of the bride of Indianapolis, and Rob Ward, brother in law of the bride of Muncie. The ringbearer was Craig Wendholt, nephew of the bride, of Jasper. The flower girl was Chelsie Nicholas, cousin of the groom, of Saline.

The reception was held at the Freedom Township Hall in Manchester. A second reception was held in the bride's hometown at the St. Anthony Community Center on June 17. The couple now resides in West Lafayette, Indiana.

Summer Safety

Red Cross Offers Water Safety Tips

In an effort to save lives this summer, the Washtenaw County Chapter of the American Red Cross is urging the public to take precautions in and around water areas and to learn what to do in case of water emergencies. Drowning is the second leading cause of death for 1 to 24 year-olds and the seventh leading cause for adults over 24, according to the National Safety Council's 1994 Accident Facts report.

"Many of these deaths could be prevented if people used caution in and around the water and knew proper rescue techniques for drowning victims," said Susan Livingstone, Vice President of Health and

Safety Services for the American Red Cross. As the weather gets warmer, more people will be visiting pools, lakes, water parks, and beaches, which is cause for more drownings and water accidents.

The American Red Cross has highlighted some water safety tips to help the public avoid water accidents.

- Never swim alone. - Swim in supervised areas only. - Don't try to keep up with a strong swimmer or encourage others to keep up with you.

- Obey "No Diving" signs. Enter the water feet first if you are unsure of the depth. - Watch out for the dangerous "too's" — too tired, too cold, too far

from safety, too much sun, too much strenuous activity.

- Stay out of the water if you are overheated.

- Do not chew gum or eat while swimming to avoid choking.

- After eating a large meal, let your digestion get started before swimming.

- Use Coast-Guard approved life jackets when boating and fishing.

- Know local weather conditions and stop swimming or boating as soon as you see or hear a storm.

- Remember CHECK-CALL-CARE in an emergency: CHECK the scene to ensure it's safe and CHECK the victim, CALL 9-1-1 or your local emergency number, and CARE for the person until help arrives.

Parents should take extra precautions when their children are near water. Some water safety tips for children ages 6 months to 5 years include:

- Never leave your child unattended in or around water, no matter what skills your child has acquired or how shallow the water.

- Never leave toys in the water. Toys can lure children back to the water area when parents aren't looking.

- Don't rely on flotation devices and inflatable toys. Such devices could suddenly shift position, lose air, or slip out from underneath, leaving the child in a dangerous situation.

To learn more about water safety precautions and what to do in emergency situations, contact the Washtenaw County Chapter of the American Red Cross at (313) 971-5300.

Manchester Family Service Initiates Food Assistance Program

There has been a temporary suspension in the federal surplus food distribution for the summer months. **Because there is still a recognized need in the community for a monthly food distribution, the Manchester Family Service Board has authorized the purchase of some food staples to be distributed along with canned goods and other food stuff donated by area church congregations and other organizations.**

Those normally eligible for federal surplus food will be served in this manner. The family service subsidy will continue as long as a demonstrated need exists or until the federal surplus food program is reinstated.

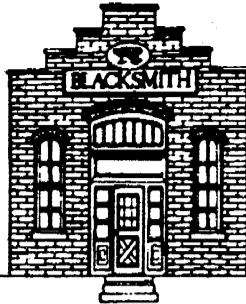

The scheduled dates for monthly distribution to be held at Manchester Methodist Church are **Fridays: July 21, August 18, September 22, and October 20, between 9 AM and 11 AM.** Any questions call a Manchester Family Service Board Member - Joann Fredal 428-8010 or Jean Little 428-8585.

Manchester Area Historical Society

Blacksmith Shop Open for Chicken Broil

The Manchester Area Historical Society Blacksmith Shop will be open on Thursday, July 18 from 2:00 PM to 8:00 PM, the only operating blacksmith shop on Main Street in Michigan. Black Smith Tim Armentrout will be running the forge. Visitors can watch Tim, master of a craft that has ancient roots, but is still useful today for beautifully fashioned items that are decorative and useful.

Visitors are also welcome to check the progress on remodeling the room formerly called the "1983 Room" into the John B. Swainson Room. This room will be used to house the many artifacts of John's life as a U.S. soldier, a Michigan legislator, justice, governor, and finally, friend to Manchester. The John B. Swainson Room will be formally dedicated in November, 1995.

There is no charge for visiting the Blacksmith Shop, which is kept open for community member meetings and special events through fund raising events. Our Fourth of July raffle was the latest, one of John's many great ideas, and one of his favorite ways to keep in touch with fellow history lovers. This year, the tradition continued. A total of \$550 in cash prizes was given away, and the forge continues to operate.

While it's expected that the weather will cool this week, Mr. Armentrout says he will be making smaller items that don't generate quite as much heat...just in case!

Bowling For Dollars!

The girls of Manchester Cadette Troop 274 earned money for their summer trip to Minneapolis. Over three hundred dollars was raised from pledges. In the last few years, these girls have traveled to Mackinac Island, Holland, Muskegon, Chicago, and yearly camping trips; all supported by their fund-raising efforts.

Last August the girls of Cadette Troop 274 organized, planned and supervised the activities for over 70 girl scouts at our Cluster Encampment. Scouting for Food, caroling in the village, writing letters to veterans, aiding younger troops at their winter camp-in, and assisting unit leaders at Manchester Day Camp this past June are some of their many service projects. These activities are excellent examples of the Girl Scouts' in-

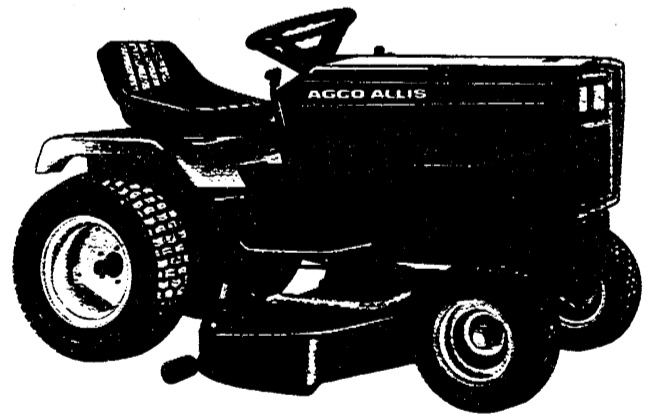

volvement in the community.

At the beginning of each scouting year the girls set goals and plan their activities for the year. With the expense of their year end trip, the girls limited their field trips and concentrated on the numerous funds which needed raised.

Their efforts centered on cookie sales, the bowl-a-thon, and Park Sales in June and July (see this week's **Enterprise** classified for date and time of the upcoming sale!). With the generous support of our sponsors, Kennedy & Sons Warehouse, Manchester Plastics and Midwest Ford, our goal is within reach.

These trips are not only a lot of fun for the girls - after all the work involved - but the life and learning experiences are what Girl Scouting is all about.

Board Unites to Terminate Finance Manager

Continued from page 1

December 1991. Ms. Lillie did not have permission or authority to retain her child to perform the services in question at the school district expense.

Ms. Lillie has also admitted to purchasing material for her personal use with school district money in April 1992. The material cost \$40.19.

The incidents in this letter involves serious misconduct. I believe Ms. Lillie's conduct constitutes the misappropriation of school district funds. Further, Ms. Lillie's actions related to the \$166.80 transaction are directly contrary to the representations and assurances she made to me when I was advised that the monies owed to the school district would be reimbursed by August 7, 1992. Moreover, Ms. Lillie has abused her position and exceeded her authority by retaining her children to perform services in question without first obtaining permission to do so. Unilaterally determining that the services performed by her children cancelled or satisfied her monetary debt to the school district also constituted abuse of her position and exceeded her authority. Deceptive and unauthorized transactions of this nature cannot be tolerated, especially when they are committed by an individual in the position held by Ms. Lillie. Consequently, I must

respectfully request the Board of Education to immediately terminate Ms. Lillie's employment with the school district.

Sincerely, Ronald Niedzwiecki, Superintendent."

The aggregate total of impropriety amounts to \$232.49 as admitted to by Ms. Lillie.

After the board session was completed I asked Ms. Lillie for her comments. "I never stole any money. It was harder to get work done and I paid back the \$166.80 by having my children do my work."

I asked Ms. Lillie's attorney, Mr. John Bredell for his

thoughts in what might be Ms. Lillie's options. "We have not made a decision on what direction we will take. We can appeal the decision to the Circuit Court for reversal. We will be deciding that at a future date."

Ms. Lillie was "placed on a non-disciplinary leave of absence with pay effective 4:00 p.m., June 6, 1995" while an audit was conducted and an investigation was made. That paid non-disciplinary leave was terminated with Ms. Lillie's dismissal.

Superintendent Niedzwiecki indicated "temporary services of

the Intermediate School district are being used to accomplish the job. Staff members and their personnel are being used to conduct the year end audit non ongoing. The school budget year ended June 30th. We are reviewing our procedures and weighing what options are appropriate for the district. Do we continue with a new Director of Finance or do we reorganize? That will be determined by the board in the next couple of months," he observed.

The board members I talked with said they were pleased with the superintendent's actions and recommendations.

test, new medication, etc. I forgot to pay the money. Later when I remembered, along about December, when I was paying my kids to help me with my work - A/P stamping paid, filing, alphabetizing, etc. for the second time that year, I decided - and did not tell you - to count this as even. I knew that I would use them at least once more that school year. I had been paying them to help me, out of my own pocket, for seven years, to the sum of over \$650, \$180 for the 1992-93 school year alone."

Until I received Ms. Lillie's May 29, 1995 memorandum I was not aware that Ms. Lillie had not reimbursed the school district for her personal expenses totaling \$166.80. While Ms. Lillie's memorandum indicates that she did not reimburse the school district because she instead had her children perform various services for the school district, Ms. Lillie did not have permission or authority to retain her children to perform the services in question. Nor did Ms. Lillie have permission or authority to cancel her \$166.80 debt to the school district in return for the services performed by her children.

Ms. Lillie has also admitted paying her child \$25.50 for work performed by her at home in
