An Old Year, Old Friends - 1995 New Year, New Beginnings - 1996

1995 - The Year in Review

January 5, 1995: Russell Wolff, Manchester resident, received his WWII medals, 50 years after leaving the service, thanks to the efforts of his son Delruss and the intervention of Sen. Don Riegle.

A story begun so long ago was completed the last day of 1994...Seven Manchester men went to war. Six of them served in the Battle of the Bulge, and all returned safely. And 50 years later, one of those veterans received seven medals, including the distinguished Bronze Star for heroic and meritorious achievement.

January 19, 1995: New tanks, pumps and canopy bring the business back to Wackers in Sharon Township. Although the canopy is the most visible evidence of the month of work which preceded the opening, "the most important part is buried underground," according to George Wacker.

February 23, 1995: President's Day was a special day at Klager Elementary School this year! The entire 300+ Klager Kids gathered in the gym to be featured on Young Country Radio saying the Pledge of Allegiance.

The next day, Mrs. Janice Little's class was featured saying the Pledge. Ryan Beagle led the group, dressed in red, white and blue and wearing a George Washington wig!

March 19, 1995: The Manchester Mill Run returns after a long hiatus. Thanks to the efforts of councilman Chris Brooks, and run in memory of Elvin Johnson, Manchester once again hosted a competitive race. The chilly early-spring weather did not discourage

the hard-core runners from participating in the run, and many non-competitive runners and walkers also participated. Hopefully this will once again become an annual event in Manchester.

May 18, 1995: The Ride Safe program was kicked off at Klager School by Brian and Dana Zink, concerned parents and health care professionals. In an effort to make sure that all Klager Kids were protected by bicycle helmets, the Zinks applied for and received a grant which enabled the Kids to purchase helmets at a reasonable cost. Many Klager Kids took advantage of this offer and rode their bikes safer this summer, thanks to the Zinks.

May 25, 1995: New Foods at Walco Foods - oops, that's Walco Foods No More! The name of our local grocery store changed to Manchester Market this spring and more changes have been taking place ever since. Fresh coats of paint and wax, and a general scrub-down have resulted in a more pleasant shopping site in Manchester - A true gift to the community.

June 1, 1995: The First Annual 24-Hour Relay Challenge raised over \$2,500 to support D.A.R.E. and other prevention programs in the Manchester Community Schools. Plans are currently underway to make the 1996 Relay bigger and better! Over 200 community members participated in this special event last year, as members of a team or as one of the multitude of volunteers, and a drug-free community was formed for 22 hours.

June 28, 1995: Governor Engler visited Manchester to help dedicate the new Johnson Controls' Research and Development Center. "A few weeks early for the Chicken Broil," as he noted in his brief remarks at the opening ceremony, he still was impressed by our community and what a great place it is to live and work here. But we already knew that, didn't we?

July 11, 1995: Jennifer Brushaber, representing the class of 1996 is crowned the 1995 Manchester Community Fair Queen. The Fair, of course, is just one fraction of Manchester's Busiest Month, July. The Fireworks in Carr Park, the Chicken Broil, and the Summer Festival are all great additions to the summer line-up and certainly make that busy month live up to its reputation.

July 20, 1995: "Rained on but not rained out," was this year's Chicken Broil Theme. Although the clouds were out in force, the crowds were out as well, and neither

the chicken dinners nor the chicken diners suffered for the showers.

August 17, 1995: The summer ended on a disappointing note with the news that High School Principal Russ LeBlanc was leaving Manchester Community Schools. Good news followed, however, when John Korican was appointed interim Principal. Also following Korican's appointment, was the announcement of John Easley, from Pinckney, as Assistant Principal and Athletic Director. Easley and Korican have worked hard together over the past four months to strengthen the high school's programs.

September 4, 1995: Many Manchester residents made the trip to the Straits of Mackinac in order to make the bridge crossing on foot (or by motorized wheelchair, as the case may be). Ambrose Lentz was one of the latter, and Gerald Grossman one of the former. Grossman got up early for an opportunity to walk along with Gov. John Engler and his family.

October 12, 1995: A Bed and Breakfast is planned for Manchester Township. *The Sharon House of Manchester Bed and Breakfast* will be opening in the new year, out at the Heimerdinger farm house on Sharon Hollow Road.

October 26, 1995: The 1995 Manchester Flying Dutchmen Football Team is well on their way to a winning season with a shut out of the Grass Lake Warriors. After a surprise beginning when Clinton

came on strong and defeated the Dutch, the remainder of the regular season was victorious. The crossover games were a disappointment, but look out for next year's Dutchmen! We hear they are a force to be reckoned with.

November 21, 1995: The John Swainson Room was dedicated by the Historical Society and the arrival of another Michigan notable in Manchester was welcomed as Attorney General Frank Kelley came to deliver the keynote address at the dedication. Swainson's contributions to Michigan and to Manchester history were highlighted at this special event.

November 23, 1995: Hop-In and SUBWAY combine for a dynamic duo as fast food finally finds its way to Manchester. Grand Opening Week offered specials like 2-for-1 subs and the presence of the Hop-In Bunny and Sub-Man on a snowy afternoon brightened up a lot of faces around Main Street!

December, 1995: Well, here we are at the end of another year. The Enterprise staff wishes you all the best for 1996 and we'll see you each and every week to keep you posted on the big and small events of the year.

Out & About

As this year of 1995 becomes part of history there are many things we can be thankful for: Within our community the many hours of unselfish service given for our friends and neighbors. To all the local governmental bodies whose members on the boards and committees have given of their time and effort, Thank You! To our School Board members and parents grandparents and friends who have so unselfishly helped with educational programs and extra curricular activities, Thank You! To our Volunteer Fire Department, Thank You!

To the organizations within the greater community of Manchester: Men's Club, Chicken Broil, Athletic Boosters, CRC, Chamber of Commerce, Band Boosters, Summer Fest and Children's Activities, Fair Board, Optimist Club, Masons, Knights of Columbus and all the Church Groups whose organizations provide so much for our community, Thank You!

To all the business owners who so willingly donate time and money to community projects, Thank You!

For the coming year we have much to look forward to. May our school building program be successful and our ongoing ac-

activities be fruitful.
 Let us hope in the coming year that our State and Nations Leadership can be humble and lead us forward without bickering. May the Good Lord provide them with common sense and the ability to lead us forward to greater good within our country and throughout the world.
 Happy New Year.

It is my opinion that the Manchester School system and the community should favor the idea of Washtenaw Community College becoming a Technical College.

I favored this before the school was built because I recognized the need. In fact, I refused to sign a petition for building another college in Washtenaw County.

December 18, 1995

Dear Editor,

I am an easy going, flexible guy who very rarely gets shook up. I have never written a letter to a Congress person or for that matter to an editor. But right now I am not only shook up, I am down right angry. I am angry at the members of the United States Congress. They have shut the government down again. I was perturbed by the first shut down when Congress closed down portions of the government including the bus tour of the NASA Space Museum in Huntsville, Alabama, when Judy and I visited there on our vacation. We asked for a discount for the bus tour we could not get but we still had to pay the full admission price. We also met two young men from the Netherlands who were sight seeing in our country. We had to explain to them why they could not get into our national parks. It was rather embarrassing telling them what was really happening.

Both the Republicans and Democrats knew the shut down deadline well in advance. They finally funded the government until December 15, 1995, but no negotiations took place causing this second shut down. If my employer gave me a deadline to meet and I refused to take any action to meet it, I would be fired. Here we have grown men and women we elected to represent us and make decisions refusing to talk to others to keep the government operational. Their decision not to take any action has caused other government workers to have payless paydays and much consternation. This latter group consists of working people who deal with the every day public and who are generally on the lower level of pay and who need that income. Congress people don't have to worry - their salaries still keep coming in.

I am now of the belief that any time Congress - and to me that includes the President, Vice President, Senators, Representative, Secretaries of State, etc. and their staffs - shuts down the government which causes other government employees to have payless paydays, they should have all of their pay and staff operating monies stopped also until the government is back to normal operating activities.

I cannot stop Congress' pay and operational monies but as of now, I will not contribute one penny (or any other figure) to the Republican or Democratic party. I will not contribute to the campaign coffers of any incumbent senator or representative seeking re-election in 1996 nor will I vote for any of them in the coming election.

I am sending a copy of this letter to every Congress person representing my district. Hopefully there are others who feel and will do the same.

Charitable Contributions: When Giving Also Means Receiving

(Prepared by the Michigan Association of Certified Public Accountants)

Charitable contributions are not only good for the soul, they also are good for the tax return. According to the Michigan Association of Certified Public Accountants, charitable giving is a smart year-end tax move for individuals who itemize on their tax returns. Generally, if you make a contribution to a charity by December 31, 1995, you may deduct the amount on your 1995 tax return and thereby reduce your taxable income.

Qualified Organizations

To claim a deduction for a charitable contribution, you must contribute to a qualified organization. These include: churches; nonprofit schools, hospitals, and volunteer fire companies; veteran groups; and medical research organizations, such as the American Heart Association and the American Cancer Society.

Political contributions are non-deductible. Generally, dues for a fraternal lodge, and contributions to lobbying groups (such as Clean Water Action and the Sierra Club) cannot be claimed as charitable deductions. For a complete listing of qualified charitable organizations, see Internal Revenue Service (IRS) Publication 78, *Cumulative List of Organizations*.

Types Of Contributions

You need not limit your charitable contributions to cash. The rules give you the option of making various types of contributions. These can include furniture, clothing, computer and other equipment, and even an old car. When you donate property, the amount of the deduction is generally equal to the current fair-market value of the donated property at the date of the contribution, not its original cost.

Limits On Contributions

Generally, you can deduct cash contributions equal to 50 percent of your adjusted gross income (AGI). Any excess can be carried forward for up to five years. Contributions of appreciated capital gain property, such as securities or works of art, are generally limited to 30 percent of AGI.

Record Keeping Is Critical

For any contribution of \$250 or more, you must have a receipt, letter, or other statement from the charitable organization listing the amount of the cash donation, or, for contributed property, a description — but not necessarily the value — of any property donated. In addition, the receipt must state whether or not the charity provided any goods or services in exchange for the cash or property. Where a charitable organization provides goods or services in exchange for contributions over \$75, the organization must provide the donor with a good-faith estimate of the value of the goods or services provided.

For non-cash contributions over \$500, you must complete Form 8283 and attach it to your return. If the non-cash contribution exceeds \$5,000 (\$10,000 for gifts of closely held stock), you also may have to obtain and attach a written appraisal. A summary of the appraisal should be attached to the tax return to substantiate the deduction. (Additional requirements apply to contributions of art, if you are claiming a deduction of \$20,000 or more.) There is no appraisal requirement for publicly traded securities for which a market quota is readily available on an established securities market.

Deferred Giving

If you typically make large charitable contributions each year, consider establishing a charitable lead trust or a charitable remainder trust. These enable you to reduce your current taxable income and also can help you to minimize estate taxes.

In a charitable lead trust,

property is donated to a trust, creating an income interest in the property to the charitable organization for a certain number of years, or for the life of the individual(s). At the end of the term, the remaining trust assets pass back to the creator of the trust (you), or other designated non-charitable beneficiaries (your heirs).

In a charitable remainder trust, property is transferred to a trust that provides for a specified distribution, at least annually, to one or more beneficiaries (you or your heirs). The distribution may be for life, or a term of years. At the end of the term, the remaining assets pass to a charity.

To learn more about charitable contributions, send a self-addressed, stamped envelope to the Michigan Association of Certified Public Accountants, P.O. Box 9054, Farmington Hills, MI 48333-9054 and request a copy of the brochure, *Good News for Good Samaritans*.

Best Wishes For A Happy New Year From All Of Us Here At The *Enterprise* !

A new beginning is certainly something to celebrate, but drinking and driving could spell the end of the festivities for a lifetime. That's why we urge everyone to follow these important guidelines for a safe and happy new year.

1. Host an alcohol-free party of your own, substituting exotic fruit drinks and fun activities for alcohol.
2. If you must drink, use common sense and eat plenty of food. Limit alcohol intake to one drink per hour.
3. Make driving arrangements beforehand. Appoint a designated driver, arrange for a taxi or make sleep-over plans.
4. Be a pal. Offer a lift to intoxicated party-goers or call a cab, but don't let them drive.
5. Watch out for the other guy. Report any suspicious driving at the nearest toll booth or police phone.

SEEDS FROM THE SOWER
Michael A. Guido
Metter, Georgia

Little Antonio loved music, but he couldn't play or sing. He expressed his disappointment to Amati, a violin maker.

"There are many ways of making music," he said. "Some play, some sing, some paint, some till the soil. You can make music too."

Encouraged by these words, Antonio Stradivarius vowed, "I'll make violins, but no man shall make a better one." To this day they have never been equalled.

Make music, but do your best. The Bible says, "Work hard and with gladness all the time. The Lord will pay you for each good thing you do."

The New Year Can Change More Than Just Our Calendar

New Year's Eve should be thought of as more than just a celebration with family and friends, as we wait for the hands of the clock to scissor off the old year and usher in the new one, accompanied by all the bells, horns and confetti

It's also a time for reflection, about the things we did or did not accomplish this past year, and all those firm resolutions that did well to last at least 24 hours. Let's not be deterred by that thought, but make a new list and resolve to stick to it. Indeed, some of the items on it might well be demonstrated by the events at the New Year's Eve party itself.

Our determination to succeed in adhering to those resolutions can be greatly reinforced by attending our House of Worship. If we would resolve to do that, it might eliminate the need for most of the other items on the list.

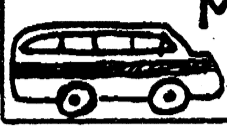

He has half the deed done, who has made a beginning.
— Horace

News

by TV Ludwick

As the old year fades and a bright new one is on the horizon, we get nostalgic (or this kid does). I am a great 'saver' and decided to go back 10 years on this job which Claire delegated to me in 1985. I typed the November-December Trumpeter of 1985, but am fairly sure that the weekly senior column for the **Enterprise** was first done by me on December 27, 1985 as a favor while Claire visited daughter Linda Head over the holidays. Some of you may ask "Who was Claire?" Claire used to say "I'm the only Reck in the phone book", and she has given all who knew her many of these humorous moments while we were working hard trying to keep up with her and the job at hand. She was truly her 'brother's keeper' and many can remember being "talked into" some project that they honestly did not want to do. But, she had decided this would be good for our character building, and didn't she have a way? We all loved and respected her with all our hearts!

Jan Nali served as Program Director for Senior Citizens from October '83 to October '85 and edited and typed the Trumpeter. When state funding expired, volunteers took over some of her previous jobs. In this late 1985 issue, Co-editors were Rose Albertson and Lenora Parr. Design (the two trumpets) was done by Hazel Walker; typing - TV Ludwick and Mailing by Ann Fowler. Officers of Manchester Area Senior Citizens Council, Inc. for 1986 were: Rubena Boelter, President; Helen Braun, Vice-President; Arlene Walter, Secretary and Jean Little, Treasurer.

Remember the monthly Social Club? Standing Committees for this group were: Entertainment - Deslyn Johnson; Food - Helen Knickerbocker; Good Cheer - Amanda Haeussler and Birdie Buss; and Trip - Helen Braun. Del & I can remember the trip to the Salt Mines, under one of Detroit suburbs. The miles of white roads and the no-rust trucks and other equipment that will remain down there was fascinating. We filled both senior buses on that trip. Christmas in Whiting was fun, too. I hope I didn't omit someone from this list of active senior workers, for there were many—sorry if that happened.

Back to **Tuesday, January 2, 1996!** Today, Jan Barbour's crew plan to serve baked fish in Jan's absence. Rubena & I tried to remember what she was going to serve and we can't remember if she told us. I'm sure they will give us a great meal on January 2nd, so get your reservation in before 10:30 on the 2nd at 428-7630 in the kitchen of Emanuel UCC.

Thursday, January 4: All who were born in January and are 55 or older are invited to the Senior Birthday Bash at noon. Jan will be back by then and won't we all love whatever she prepares? Please, birthday kids, come early to have your picture taken. We will be taking pictures of the **December birthday** folks again because, guess what? No film in the camera last time. (No remarks, please! WE also wondered why it didn't appear in the paper.) Then come to bingo at the Center at 12:30.

Have a most prosperous and above all, a healthy and safe New Year of 1996!

"We have more cause to be happy and thankful this year than for a long time past.. Scouting continues to go forward. More boys are having the benefits of Scout training and they show splendid progress in the quality of their Scouting.

"And so we can approach this holiday season with joyous hearts. Let us look forward to it as the happiest we have ever had. It is within the power of every boy to help make it so. I say this because happiness—real happiness—is based not on what others give you, but on what you do for other people.

"Here are some of the things I would suggest that you put on your list as gifts:

"To your teachers, honest effort, punctuality, courtesy.

"To your friends, generosity, fair play and loyalty.

"To your church, helpfulness, courage to stand up for what you know to be right, and reverence.

"To your parents, cheerfulness, obedience and eager helpfulness in home duties.

"To your community, respect, obedience and unselfish service.

"To those less fortunate, sympathy, understanding and a Scout Good Turn. And finally, to everyone that you meet during the December holiday season and every other day throughout the year ... a smile that comes from the heart.."

- from an editorial of December 1933, reprinted in the *Webelos Den#2 newsletter of Manchester, December 1995*

Financial Aid Meeting Set

For parents of seniors or college students it is once again time to begin thinking about filling out financial aid forms for college or vocational or technical school. This can be a very complex and time consuming process. To help parents with these forms a workshop will be held in the high school study auditorium at 7:30 PM on Wednesday January 10, 1996.

All aspects of the financial aid process will be explained including the few significant changes from last year. The financial aid forms will be given out as will other types of loans. This meeting is open to both parents and students.

Have a SAFE and FUN Holiday Break!!

EMU Honors Students at Commencement Exercises

Approximately 1,650 graduates were honored in commencement ceremonies at Eastern Michigan University on December 17 in EMU's Bowen Field House.

Among the 1,200 bachelor's degree recipients were six Manchester residents:

Julie Suwalkowski Daly, BS; Marc W. Daly, BS; Allan G. Lindemann, BS; Richard W. Moore, BS; Kelly Ann Sloan, BS; and Annette Michelle Wurster, BS.

Local Students Participate in Special Programs at Albion College

Albion College student **Melissa F. Driessche** participated in Emerging Leaders, a seminar sponsored by the Sleight Leadership Program, during the 1995 fall semester. Driessche, a freshman at Albion College, is the daughter of Ronald and Carol Driessche of Manchester and a graduate of Manchester High School.

Emerging Leaders is a seminar for first year-students, designed to provide an understanding of campus and local communities and develop leadership skills. Issues discussed in the seminar include: student activism, leadership styles and preferences, situational leadership, community service, and decision making.

The Sleight Leadership Program was developed to provide a comprehensive nationally recognized development program for the students of Albion College. Student participants are challenged to critically evaluate and strengthen their personal leadership skills in a manner that would benefit their lives, campus community, and the Greater Albion community.

The Sleight Leadership Program was founded by Albion

College alumni **Norman, Justin, and Marjorie Sleight, and Alethea Sleight.**

Albion College freshman **Justin L. Ebersole** has been accepted into the Honors Program at Albion College. Ebersole, a graduate of Manchester High School, is the son of Loring and Linda Ebersole of Manchester.

The Honors Program at Albion College is designed for students interested in challenges and opportunities which go beyond the traditional lecture and laboratory courses. Honors students are required to enroll in four seminars: Great Issues in Humanities, Science, Social Science, and Fine Arts.

In addition to the seminars, Honors students must graduate with a 3.50 cumulative grade point average and produce an Honors thesis. The Honors thesis itself presents a unique opportunity for the Honors students to develop their capacity for research of an independent and original nature.

Albion College is a private, coeducational, liberal arts college located in the south central Michigan town of the same name.

Organizations

When you help yourself to Girl Scout Cookies, you're helping Girl Scouts. That is the message Girl Scouts from Huron Valley Girl Scout Council want to get across during the 1996 Girl Scout Cookie Sale.

Order taking begins January 5 and continues through January 26. Girl Scouts will deliver cookies beginning February 19. Girl Scouts in Huron Valley Girl Scout Council will sell eight varieties of the popular treats: Thin Mints, Peanut Butter Patties, Lemon Pastry Cremes, Peanut Butter Sandwiches, Shortbread, Caramel DeLites, low-fat Strawberries N Creme and no-fat Cinnamon Oatmeal Raisin Bars.

Fourteen percent of the cost of a box of cookies is returned to the troop; and 32 percent helps Huron Valley Girl Scout Council provide camps, services to low-income girls, volunteer training, scholarships, camperships and staff support. The remainder covers the cost of cookies and troop bonuses for high sales.

This year the Huron Valley Girl Scout Council has named three "Cookie Ambassadors" to represent the ways that Council income from the Cookie Sale returns to Girl Scouts themselves. Dianne Schwab, of Manchester, is one of the Cookie Ambassadors for this year. Before becoming director of the Community Resource Center, Dianne served scouting as a troop leader, troop services director, troy camp director, trainer and a member of the Council's Board of Directors.

The price of a box of Girl Scout Cookies has increased to \$3 this year. Money from the Cookie Sale will help maintain the new swimming pool at Camp Linden, the Council's resident camp.

When You Help Yourself to Girl Scout Cookies,

"Every Girl Scout training course I took helped me develop management skills. My experience and training in Girl Scouting helped me find my job."

In Girl Scouts, Dianne Schwab (with Jennifer, a second-year Brownie) learned skills she uses as director of the Manchester Community Center. Proceeds from the Cookie Sale provide training for adult volunteers.

You're Helping Girl Scouts!

Winter Fun for Everyone!

Washtenaw County Parks and Recreation Commission is pleased to announce the

WINTER OPENING

of Rolling Hills Country Park. The park will open at 10 am and close at 8:30 pm daily through January 8th.

Rolling Hills Country Park offers thrills and chills for every winter family fun enthusiast. There are two 150' long toboggan runs offering 50 m.p.h. rides, plus miles of groomed cross country ski trails with torch lit trails available most evenings. (The availability of night skiing is dependent on the weather so please call ahead.) You may bring your own cross country skis or rent ours for a two hour period (or more). We have ski boots sized from child's size 1 to adult size 13 with skis to accommodate boots. However, toboggans

must be rented and no other sleds or toboggans will be allowed in the park. There is a nominal charge for both toboggan and ski rental.

There is also a park entrance fee per vehicle. For fee information, up-to-the-minute park snow conditions and weather, please call our 24 hour Information Line at (313) 484-SNOW for a recorded message. It is always good to call ahead as conditions are often very divergent in this area.

Rolling Hills Country Park is located 3 miles south of Ypsilanti at 7660 Stony Creek Road between Bemis and Merritt Roads. Stony Creek parallels Carpenter Road and US 23. If using US 23, you'll want to use the Willis Road exit; if using I 94, you'll want to use the Huron Street exit and head south.

LAUGHTER IS GOOD MEDICINE

by Tracy R. MacDonald RN

It is the Holiday Season and Manchester Village is dressed beautifully for the occasion. I've enjoyed drives through the country to find amazing light shows everywhere. They are the open expression of the good feelings people have at this time of year and a gift to all that pass by. Thanks to all my neighbors for brightening the nights!

Medicine has given us all many presents in 1995. Researchers have introduced new treatments which promise to lower the incidence of Osteoporosis in women by significant numbers. A new medication for Obesity has shed new hope for millions of over weight persons and helped redefine the cause. Being fat has always been blamed on the person who is. Now we know they are probably not at fault, but victims of yet another genetic twist of fate. Transplants are saving

more lives than ever. Cancer is being controlled with early detection and for many cure is possible.

Add to this list the successful transplant of healthy insulin producing cells into diabetic mice without the use of immuno suppressing drugs. It may be a few years, but there is new hope for relief from this common condition which affects so many areas of the suffers life. We now can detect a persons probable heart attack enough years in advance to make lifestyle changes which can stop the attack from ever happening. Just this week a new test for Tuberculosis gives early detection within hours, not days or weeks. The list goes on and on and yet we sometimes forget that good medicine need not be quite so complicated.

This holiday and into the New Year add more hugs and some good humor to your life. Twenty years ago we all snickered at the thought of those California based Hug

Therapy Clinics. We were wrong. Hugs bring feelings of well being to the giver and receiver both. They cure depressions and change lives for people deprived of simple embrace. So everybody, put an arm or two around each other and break through the fear of being touched. If your not accustomed to hugging it gets easier everytime you do it! What better addiction could there be? Add a big helping of laughter to the recipe. Don't take yourself and life so seriously. Belly laughing lowers the blood pressure and blood sugar, reduces stress and tension, improves circulation and is just plain fun. Studies show people who laugh easily do not suffer from as many stress related diseases and indeed live longer. If you have doubts think of that famous merry old elf and all those Ho, Ho, Hos.

To everyone my wishes for a peaceful holiday filled with love and good cheer and a New Year of hope and good health.
