International Industry to Locate in Manchester

After months of setting the groundwork and behind-the-scenes activity, the Village of Manchester is ready to announce plans for SGF America (S ü d d e u t s c h e Gelenkscheibenfabrik), a German manufacturing firm, to locate in the Industrial Park at the corner of Parr and Hogan Roads. SGF will purchase 9.25 acres from the Village of Manchester at a cost of \$6500 per acre in order to build their plant.

"Initially, the plant will replace their warehouse in Westlake, Ohio, which is their only other American facility," explained Jeff Wallace, Village Manager. "Their initial phase, which will be completed within two years, will be approximately 24,000 square feet which will accommodate warehouse, office and testing facilities for the corporate home of SGF America." Plans at this time are for the building to be occupied by early fall, with a manager, secretary, warehouseman, quality control employees and workers. SGF's five year plan will encompass a complex of up to 65,000 square feet, as their business grows. This planned facility will be SGF's first venture into manufacturing in the United States. The Ohio warehouse has only provided storage for German-made parts.

"SGF has many opportunities to expand in the North

American Market. Manchester is a good location for SGF and SGF will be good for Manchester," says Dr. Ing. Rainer Andrä, General Manager of SGF in a letter to the Michigan Jobs Commission. Manchester was among dozens of sites under consideration for the SGF plant, which ranged from the Upper Peninsula all the way down to Florida.

What is SGF? They are a privately owned German company which has been in business in Germany for 45 years. Their Westlake, Ohio facility has been in operation for 15 years. They manufacture "controlled response rate couplings" for drive shaft and steering columns, used in cars and trucks. As a supplier to the automotive industry, their customers include GM, Ford, Daimler Benz, Volkswagen, BMW, Toyota, Nissan, Rolls Royce, Daewoo, Porsche, and others. Their European facility employs 550 people and SGF America hopes to employ up to 65 employees in its Manchester facility within five years, with the potential of creating engineering and sales positions over this time.

Production parts to be manufactured in Manchester are due to the customer in June 1999; so within three years we

can expect to see SGF's initial phase in full swing. The plant will create 17 jobs in the first twenty four months. A Managing Director has already been hired - Dan McAlinden of Bloomfield Hills. Employees will be hired locally; they do not plan on transferring any of their German employees.

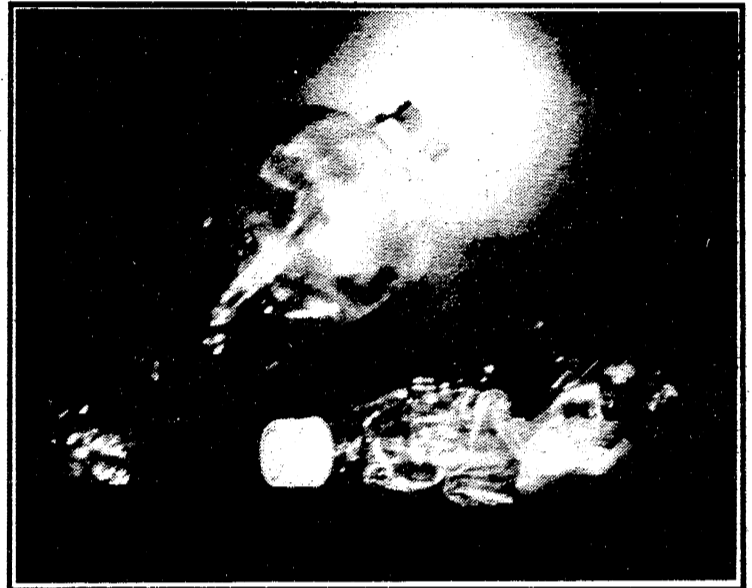

Water and sewer lines are being expanded with the assistance of a Community Development Block Grant provided by the Michigan Jobs Team under the direction of Doug Rothwell. "We were fortunate to have Doug's support in this venture," noted Wallace. He went on to explain that the CDB Grant will cover 90% of the cost of extending the water and sewer, including the engineering and SGF will pay the additional 10%.

"We are very happy that SGF has decided to locate here," says Wallace. "It is a level based industry; the jobs require skills and education. They are a stable and established firm, with 50 years of history."

Dr. Andrä will be in Manchester on Thursday, March 7, to sign papers for the SGF agreement and then ground-breaking plans will commence.

- Marsha Johnson Chartrand

This Time, They Were Lucky...

Last week three local young men were involved in a potentially fatal accident involving a chemical bomb.

"These kids don't realize that they could have easily been killed," remarked Deputy Kevin Deacons. Although the "bomb" was small in size, its potential was lethal.

On Wednesday morning, school was postponed for two hours due to foggy conditions. At 11:10 AM these three MHS students (two juveniles and one adult male) were still driving around although school had officially begun at 10:45 AM. First they threw a "bomb" out on Schwab Road. They were preparing a second one in the car and it exploded before they could get it out the window. Chemicals were all over the interior of the vehicle, all over the students, and their clothing as well as the seat covers of the car were melted. Holes were

burned in the roof and floorboards of the vehicle.

"If the window had not been opened, the explosion would have had no exit point and the damage could have been fatal," explained Deacons. The boys were driving on East Austin Rd. near M-52 and stopped to wash the most seriously injured youth's face in the river. They then rushed to a local medical office. There they were treated and police were notified.

Unfortunately, these bombs can be easily constructed from common household materials. They are also extremely volatile and the potential for damage and/or death is very real. These are not childish pranks - this is serious business.

Charges are being sought for Possession of a bomb with intent to use unlawfully, punishable by 2-5 year imprisonment.

Come and See the Science/Social Studies Fair THURSDAY

Rachel Jefferson takes one last look at her social studies project on the Holocaust before leaving it at the Legion Hall Monday morning. Come and view the excellent work our Middle School students are doing during public viewing on Thursday, February 29th. The hall will be open from 9 AM to 7:30 PM so that the community can see the projects and which ones were the winners! Judging takes place Tuesday and Wednesday, and winners will be announced Thursday AM.

Team Time

Captains Courageous

Last year when we spoke to the Team Room teachers, Laura Spensley and Karin Hanson, it was with a sense of anticipation of something great about to happen. Now that they've had a semester or so of Team Teaching behind them, how do they feel?

"I don't ever want to teach alone again!" says Laura. "At least, not if given the choice."

"It's the sense of support you get from having another adult in the room," says Karin. "Sharing with another teacher gives you the opportunity to be not quite so frazzled."

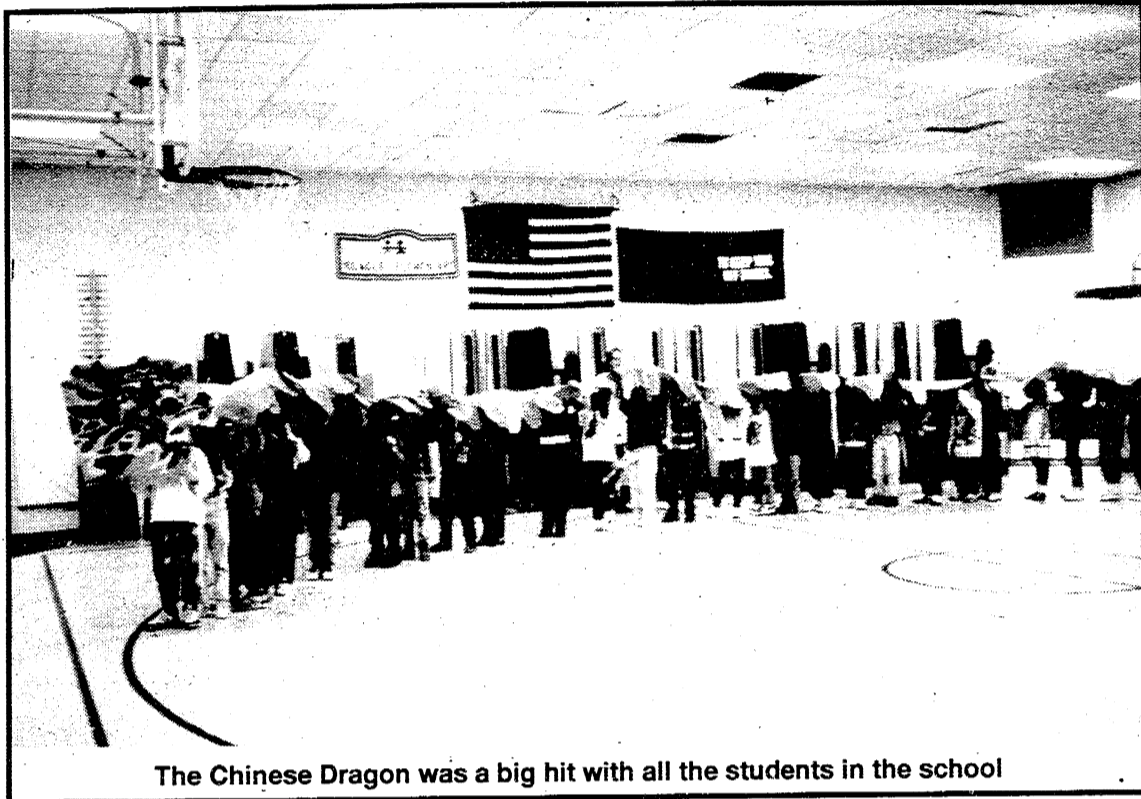

They are still finishing each others' sentences. They are still discovering new ways to teach the wide variety of subjects required of their first and second graders. And they're still enjoying it immensely.

Both believe that team teaching provides them support, perspective, and someone to bounce ideas with. And even though it's February, the time when teachers usually exclaim, "ALREADY! And there's so much left to do!", Karin and Laura feel that between the two of them, everything that needs to be done is getting done. They pick what's really important, recognize each other's strengths, and work to accomplish the mission at hand.

"We have a natural way of talking with each other," explains Laura. "We have similar styles of teaching and similar ways of relating to the kids. So this works well with us. It's new, and different - which doesn't mean that it's better than any other way of teaching. It just has come together for us and we are enjoying it."

They credit the parent helpers who spend so much time in the classroom for providing even more extra support to the teachers. Many parents come in weekly for a three-hour slot in the morning. Others help out every other week or once a month, and some fit it into their job schedules to work regularly or occasionally. Still more parents do at-home jobs which make the days at school go by more smoothly. And still, "We're always busy!" The byword among helping parents is, don't let Miss Hanson see that you don't have anything to do - she'll find you a job.

"It's important to the kids to know that their parents are a part of what goes on in their classroom," Karin states. "They love to have their parents come into school, but even the ones whose parents do at-home jobs take a sense of pride in their helping parents."

The Chinese Dragon was a big hit with all the students in the school

Karin Hanson & Laura Spensley, "Team Captains"

Pride, respect and personal responsibility are recurring themes in the team classroom. Taking pride in your work and your achievements is important to all the students. "You're just where you're supposed to be," they're frequently told. Each student takes pride in his or her accomplishments and also respects and congratulates their classmates on the accomplishments they've made. Having a positive attitude about what others are doing is stressed in the classroom.

Mutual respect is fostered by the theme of multi-cultural activities that winds through everything the Team Room does this year. Each month focuses on a different country or culture. "Teaching them to respect the customs and values of other cultures has been a great way to

teach them about respecting other individuals," Laura and Karin believe. Of course it also broadens the kids' horizons and teaches them that there is a larger world out there besides their own.

Taking responsibility, for yourself, your work, and for your friends, is something that both teachers feel is really important. "And the best time to teach it is in first grade," Laura affirms. Otherwise, they start to believe that their tasks are someone else's responsibility. "We keep telling them, Mom didn't forget to pack you a snack - you forgot to pack yourself a snack." Moms everywhere are sending in their thank you notes.

The two classrooms are joined by a short stairway. The upper classroom originally had the students' desks - now re-

placed by work tables. The lower classroom contains several computers, "centers" for painting, writing and other activities, and a large table for teaching reading and math groups. It all fits well and only occasionally would an outsider even notice that there are actually 52 kids in one class.

In fact, even when you're with the Team Room it is hard to realize just how many kids there are. Each is focused on their own activity at a certain time and although there's a lot of moving about the classroom, they're well organized and surprisingly quiet. It is only when you have to sort 312 things into fifty-two different bags or bins that you realize that there are, indeed, a LOT of students. Or when you see them parading around the gym under a 100-foot long paper dragon for their Chinese New Year celebration. "Everyone hates to get behind

us in lunch line," Karin laughs.

Most of the second grade students in the Team Room were Mrs. Spensley's first graders last year. Now facing next year in third grade, they've asked, "Are you coming with us?"

"It will be hard for them, and for us, to say good-bye to these friends," Laura acknowledges. But the kids have had a good foundation and will do fine next year in a conventional classroom.

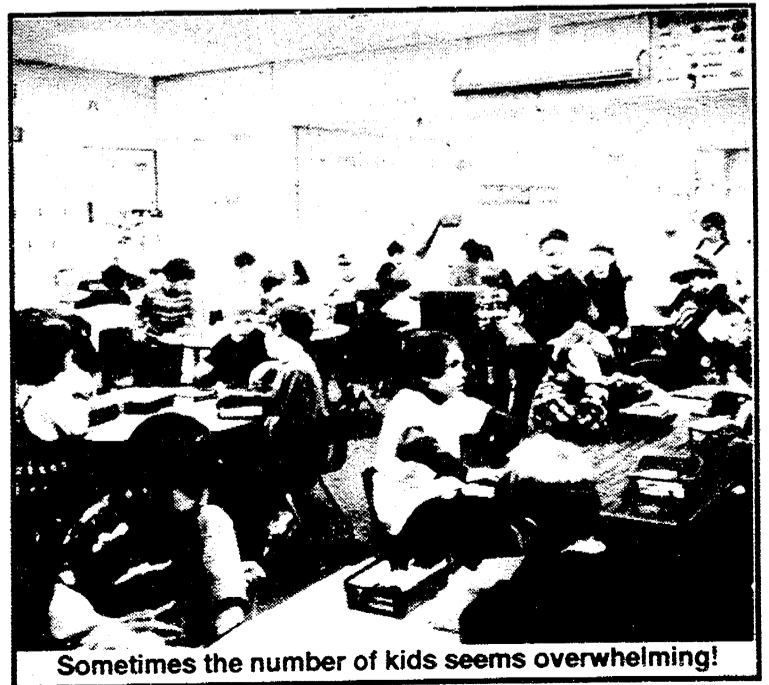

Next year Karin and Laura have plans to do some things differently, and many the same. They've already planned their theme for the year and will focus on science via the "Magic School Bus." They envision their classrooms turned into a rainforest, the human body, or outer space, depending upon what they are studying that month. It should be an exciting year for the team students.

Another hope the teachers have to do things a little differently is to make fewer distinctions between first and second graders. The emphasis is on the "TEAM" in Team Room. "The second grade students have helped the first grade friends so much this year. They have worked together as a team. This is one thing we've learned about in multi-age classroom conferences - the less distinction made between the ages, the better."

Parents and staff members alike are learning that either Karin or Laura can be responsible for any of the 52 students in the team room. They will be doing more interchanging of teaching the varied learning levels within the classrooms, in the coming weeks and years.

These innovative educators are breathing fresh air into the first and second grade curriculums. Your Team Room Friends give you both a rousing cheer!

- Marsha Johnson Chartrand

Sometimes the number of kids seems overwhelming!

Out & About

- by gar

The primary elections are now in full swing and the money being spent on advertising could make a substantial dent in the national debt. But then again maybe it's just redistributing the wealth in Steve Forbes' case.

Don't you just love the catchy phrases being bandied about? Like ABC, Alexander Beats Clinton and he does it so smoothly. Like I'm wondering where did all of his wealth come from. Seems like he's been a Governor most of his life and has developed many, many bucks, but from where? Makes a body wonder who paid him off for what favors and how much did it cost him?

That Big Buck (Pat) Buchanan. Saw him on TV yesterday fondling the guns and wearing a Stetson. Here is an L. B. J. clone if I've ever seen one. Slippery as an eel, changes position quick as he changes locations in which to campaign. Seems like he has had to fire a bunch of his campaign managers when they were identified as part of supremacy and special interest groups.

Dole is doleful, or maybe droll. At his age he certainly has the experience and has had to compromise for many years. Bob is not charismatic to say the least, his campaign seems to be running like he is afraid to lose, which he certainly will if he is unable to communicate better with the voters.

Phil Gramm saw the light, or was it his poor support in Iowa and astutely withdrew. Kinda liked him.

And the rest of the also ran's Bob Dorman, Allan Keyes, Richard Lugar, Morry Taylor and all the untold independents.

Of course when all the dust settles on the primaries it will be discovered that about 1 or 2 percent of the registered voters of this country participated in the primary elections. Now that just don't seem right does it?

Ronnie Reagan, the great communicator, where are you? Or better yet, where is someone who can be a viable, identifiable, believable, honest, caring candidate the people could trust to vote for.

While we are at it, where can we find two such candidates, one for each party?

AMENDMENT TO THE FREEDOM TOWNSHIP ZONING ORDINANCES ORDINANCE NO. 6L

An ordinance to amend and extend the provisions of the Township Zoning Ordinance of Freedom Township which was effective March 15, 1975, to establish and regulate a Bed and Breakfast operation.

SECTION 11.14 BED & BREAKFAST OPERATION

A bed and breakfast operation shall comply with the following regulations.

A. A bed and breakfast operation shall be permitted only in a single family detached dwelling unit that is the principal dwelling unit on the property. A dwelling unit containing a bed and breakfast operation shall be the principal residence of the operator and the operator shall live in the principal dwelling unit during the time the bed and breakfast operation is active.

B. A dwelling unit containing a bed and breakfast operation shall comply with State of Michigan regulations for bed and breakfast operations, and applicable fire safety regulations, and shall be regularly maintained so as to remain in compliance with all applicable codes and regulations. The applicant for a conditional use permit shall provide written evidence of inspection and compliance with applicable codes and regulations with an application for a conditional use permit.

C. Not more than six (6) rooms shall be provided for bed and breakfast operations in one single family detached dwelling.

If the applicant cannot comply with off-street parking, as required by Subsection N, and the other provisions of the Zoning Ordinance, the number of rooms for bed and breakfast operations shall be reduced to that number which is served by off-street parking. The Planning Commission may reduce the number of rooms under this Subsection if it determines that the use of the site for off-street parking to meet the requirements of the Section would adversely affect the residential character of the site within the particular zoning district.

D. Lavatories, toilets, and bathing facilities shall be available within the principal structure to all persons using the bed and breakfast operation in that structure. One (1) bathroom containing a lavatory, toilet, and bathtub or shower shall be provided for each two (2) sleeping rooms. Bathrooms required under this subsection for guests shall be in addition to the facilities utilized by the resident family. Sharing of bathrooms between guests and the resident family shall not be permitted.

E. No kitchen or other food preparation area or facilities shall be provided in or available to the rooms in a bed and breakfast operation. Cooking facilities in a dwelling containing a bed and breakfast operation shall be limited to the residential kitchen.

F. Full breakfasts and/or continental breakfasts may be served to registered bed and breakfast guests only. No other meals shall be provided to such guests.

G. Service of alcoholic beverages in a bed and breakfast operation shall be prohibited.

H. One sign, not more than Sixteen (16) square feet in area, shall be permitted for each bed and breakfast operation. The sign shall meet all applicable regulations of Article 13, "Sign Regulations", herein.

I. A single family detached dwelling unit containing a bed and breakfast operation shall have no outside appearance of the presence of the operation, except the sign permitted herein.

J. Bed and breakfast facilities shall not be used for commercial ventures other than private events for members of the residents immediate family.

The maximum length of stay for any occupant of a bed and breakfast operation shall be fourteen (14) days in any period of 90 consecutive days.

L. One (1) off-street parking space shall be provided for each room in a bed and breakfast operation. Parking spaces for bed and breakfast registrants shall be in addition to spaces required for the dwelling unit and shall comply with the regulations of Section 12.02 Off Street Parking, herein.

M. A property survey, drawn to scale, with dimensions, and showing property lines and all structures and other improvements shall be submitted with the application for a conditional use permit. If the proposed use involves changes to the site outside the building, the Planning Commission may require that the applicant submit a final site plan, as required in Article 22, "Site Plan Review", herein, or portions of a final site plan that are applicable to the proposed changes and be reviewed and approved by the Planning Commission before the conditional use permit may be issued.

N. An approved conditional use permit for a bed and breakfast operation shall not become effective, and a bed and breakfast operation shall not be operated for business, until all licenses required therefor have been issued.

O. An approved conditional use permit, including all attached conditions by the Planning Commission, shall run with the parcel in the approval and shall remain unchanged except upon mutual consent of the Planning Commission and the landowner. Any violations of these conditions and/or required regulations by appropriate State agencies shall result in the conditional use permit being revoked.

Effective date: The within amendment shall be effective immediately upon Adoption and publication

Adoption date - February 13, 1996

Publication date - February 29, 1996

Bridgewater Township Planning Commission

February 12, 1996
Summary Minutes

Mr. Michael Malone, owner of Rustic Glen Golf Course, reported that the County Drain Commissioner has examined the Arnold drain and concluded it is possible that the drain is broken. The damage may be causing a significant amount of the water runoff onto Rustic Glen and to neighboring properties.

The Planning Commission concluded that further site plan information, regarding the water runoff from the property, is needed before approval of a Conditional Use Permit for expansion of the Golf Course can be considered.

A draft of the Definition and Use Districts for the proposed new Township zoning Ordinance will be reviewed at a public meeting on Monday, February 19, 1996 at 7:30 PM. Copies of the draft will be available for Township residents at the meeting on February 19.

The Washtenaw County Planning commission has approved 2 proposed Bridgewater Township Zoning Amendment. This amendment limits the amount of time an approved conditional use permit can be held by the applicant without signing the permit, accepting the conditions, and demonstrating that use of the permit has commenced. The Amendment will be presented to the Township Board for approval on February 21, 1996.

A draft copy of Planning Commission Bylaws was distributed to the Commissioners. The bylaws will be reviewed at the next meeting on March 11.

It was noted that Adrian Recycling and Resource Recovery has been closed. It is not known if any future recycling business is planned for the Adrian area.

The next regularly scheduled meeting is March 11, 1996 at 7:30 PM.

TO ASSESSMENT FOR TAXES IN THE
TOWNSHIP OF MANCHESTER
COUNTY OF WASHTENAW, STATE OF
MICHIGAN

THAT THE ASSESSMENT ROLL OF SAID
TOWNSHIP AS PREPARED BY THE
UNDERSIGNED WILL BE SUBJECT TO
INSPECTION AT

MANCHESTER TOWNSHIP HALL
275 S. MACOMB ST.
MANCHESTER, MI. 48158

in the said Township, on
Tuesday, March 5, 1996 at 9:00 AM.
Board of Review- organizational meeting

Appeals to the Board may be made by letter to the
Board by March 15, 1996 or in person on the following
days:

MONDAY, MARCH 11, 1996
9:00 AM-12:00 PM and 1:30 PM-4:30 PM

WEDNESDAY, MARCH 13, 1996
1:30 PM-4:30 PM and 6:00 PM-9:00 PM

THURSDAY, MARCH 14, 1996
9:00 AM-12:00 PM and 1:30 PM-4:30 PM

At which place, and on each of said days, said Board of
Review will be in session, and upon request of any
person who is assessed on said roll, or of his agent,
and upon sufficient cause being shown, said Board of
Review will correct the assessment as to such property
in such manner as will in their judgement make the
valuation thereof relatively just and equal.

The County Board of Commissioners of Washtenaw
County has proposed the following starting ratios for
Manchester Township for the year 1996:
Agriculture 47.37 Industrial 49.47
Commercial 48.82 Residential 49.01
Personal 50.00

RONALD E. MANN, SUPERVISOR

2/29/96, 3/7/96

VILLAGE OF MANCHESTER NOTICE

TO ALL INTERESTED AGENCIES, GROUPS AND PERSONS:

On or about March 18, 1996
the above named Village of
Manchester will request the State
of Michigan to release Federal
funds under Title 1 of the Housing
and Community Development Act
of 1974 (P.L. 93-383) for the fol-
lowing project:

Project Title: SGF Sewer & Water Extension

Extension of water and
sewer to proposed facility

Village of Manchester
Industrial Land, Washtenaw
County, Michigan

Estimated Cost of Project:
\$54,000

An environmental Review
Record respecting the aforemen-
tioned project has been made by
the above-named Village of
Manchester which documents the
environment review of the project.
This Environment Review/Record
is on file at the above address and
is available for public examination
and copying, upon request.

All interested agencies, groups
and persons disagreeing with this
decision are invited to submit
written comments for consider-
ation by the Village of Manchester
to the Village Manager, Jeff
Wallace on or before March 18,
1996. All such comments so re-
ceived will be considered and the
Village of Manchester will not
request the release of Federal funds
or take any administrative action
on the proposed project prior to the
date specified in the preceding
sentence.

The Village of Manchester
will undertake the project described
above with Community Develop-
ment Block Grant funds, under
Title 1 of the Housing and Com-
munity Development Act of 1974.
The Village of Manchester is cer-
tifying to the State of Michigan
that the Village of Manchester and
Jeffery L. Wallace, in his official
capacity as Village Manager,
consent to accept the jurisdiction
of the Federal Courts if an action is
brought to enforce responsibilities
in relation to environmental re-
views, decision-making and action;
and that these responsibilities have
been satisfied. The legal effect of
the certification is that upon its
approval, the Village of
Manchester may use the Block
Grant funds, and the State of
Michigan will have satisfied its
responsibilities under the National
Environmental Policy Act of 1969.

The State of Michigan will
accept an objection to its approval
of the release of funds and accep-
tance of the certification only if it
is on one of the following bases:
(a) that the certification was not in
fact executed by the chief execu-
tive officer or other officer of ap-
plicant approved by the State of
Michigan; or (b) that applicant's
environmental review record for the
project indicates omission or a
required decision, finding or step
applicable to the project in the
environmental review process.
Objections must be prepared and
submitted in accordance with the
required procedure (24 CFR Part
58), and may be addressed to the
State of Michigan, Department of
Commerce, Office of Federal

Grants, P.O. Box 30225, Lansing,
Michigan 48909.

Objections to the release of
funds on bases other than those
stated above will not be consid-
ered by the State of Michigan. No
objection received after April 2,

1996 will be considered by the
State of Michigan.

Jeffery L. Wallace
Village Manager
Village of Manchester
120 S. Clinton St.
Manchester, MI 48158

BRIDGEWATER TOWNSHIP

Article 8 Conditional Uses, Section 8.08 Condi-
tions of Approval is amended by the addition of the
following language:

Unless otherwise specified in the resolution ap-
proving a conditional use permit, all permits ap-
proved after 2/21/96 shall be void unless the follow-
ing occur within one year of the date of the approval
of a permit:

A. The applicant submits written acceptance of
conditions imposed by the Planning Commission,
and

B. The applicant submits evidence showing that
use of the conditional use permit has commenced.

Motion made by Peacock, supported by
Weidmayer, all board members approved.

Karen Weidmayer, Clerk

FREEDOM TOWNSHIP PROPOSED SYNOPSIS

February 13, 1996

The meeting was called to order with all Board members present. The minutes and Treasurer's report were approved with \$44,588 in all funds. Various communications and reports requiring no Board action were received, including the 4th quarter recycling report and a request from the Christmas in April program for submittal of possible projects.

The report from the Planning Commission was received. Secretary Miller reported approval of the rezoning request from A-1 to I-1 for property located on Fletcher Road abutting Greene Manufacturing. A public hearing will be held February 29 to hear the request for rezoning from C-1 to R for property directly behind the Fredonia Grocery on Pleasant Lake Road, and to hear a conditional use permit request for a gravel operation on Steinbach Road south of the Waterland operation. The Planning Commission is also updating the Land Use Plan.

New business included approval of a change to the Townhall rent schedule eliminating the categories of "meeting with and without refreshments," Board approval of the Fletcher Road rezoning, and a Bed and Breakfast amendment to the zoning ordinance. The annual meeting date was set as March 30 at 1:00 PM and replacement of recycling signs was authorized.

Salary resolutions were passed with the trustees per meeting rate going from \$50 to \$65 and all other elected position salaries remaining the same. Additional funds were authorized for the chair of the Zoning Board of Appeals. Other budget and appointed officials per diem will be discussed at the March meeting.

Bills #4402 through #4431 were approved for payment. The meeting was adjourned at 9:55 PM

Submitted by Julie Schaible Clerk, Approved by Robert Little Supervisor

Amendment to the Freedom Township Zoning Ordinance

Ordinance No. 6K

An ordinance to amend and extend the provision of the Township Zoning Ordinance of Freedom Township which was effective March 15, 1975.

THE TOWNSHIP OF FREEDOM ORDAINS:

Section 3.02 Official Zoning Map

A 6.8 acre parcel (450' x 660') of land located on the east side of Fletcher Road commencing approximately 300 feet north of the Fletcher and Ellsworth Road intersection in section 9 presently zoned A.1, General Agriculture, is changed to I-1, limited Industrial.

Effective date: The within amendment shall be effective immediately upon adoption and publication.

Adoption date - February 13, 1996

Publication date - February 29, 1996

OBITUARY

Mildred Gable Gazley

Mildred Gable Gazley, of Manchester (formerly of Detroit), was born June 13, 1910 in Newark, NJ. Mrs. Gazley, a graduate of Eastern High School, attended Detroit City College. A former employee of Detroit Edison and American Sugar Refining Company, a homemaker and mother, she was both a Brownie and Girl Scout Leader, former member of Daughters of King, St. Mathias Episcopal Church, Julia Anderson Guild and Mariner's Church of Detroit.

As a member of Citizens for Michigan and a candidate for Constitutional Convention in 1963, she showed her life-long interest in politics. Her parents, Margaret Mae (Moore) and Franklin Gable, her sister, Edith Fisher and Margaret Bushnell preceded her in death, as did her husband of over 50 years, Frank F. Gazley.

She is survived by her daughter, Susan Gisting, her son-in-law, Mark Gisting, her very special granddaughter Maggie, and her nephews, Rev. Kurt Kremlick, Peter Kremlick, William Bushnell and Jon Bushnell. Cremation has taken place.

The family will receive visitors from 7-9 PM on Wednesday at the Jenter Braun Funeral Home, Manchester. Graveside services will be on Thursday, February 29, 1996 at 2 PM at the Grand Lawn Cemetery, Detroit; with Rev. Richard W. Ingalls officiating. Memorials may be made to Manchester Senior Citizens or Mariner's Church of Detroit.

MANCHESTER AREA SENIOR CITIZENS News

by T.V. Ludwick

Enjoyment comes in small things and people and I truly enjoy watching the four small folks go by the house each morning on their way up Ann Arbor Hill to school. They dawdle a little as most kids do and bring their arm up and down in 'semi fashion' for truck drivers to blow that horn. I've been amiss in not thanking all the Klager Kids for the valentines that we as senior citizens enjoyed on February 13. We have two from Jessica and Alanna and we at senior dinner each enjoyed our particular one. Thanks so much to students and teachers at Klager (sorry I can't list all your names).

Thursday, February 29: Last Leap Day 'til the year 2000! Come celebrate by exercising with seniors in Emanuel's gym at 11. We are having fun. Jan and loyal crew will serve up beef stew with (tender) batter crust and this is a favorite. We enjoy these delicious and reasonable meals so much, can't we entice you who are 55 or older to come and join us? What a bargain for such meals! We had barley pilaf with our broccoli fish the other day and just a few had eaten barley (except in soup) for years.

Very good; Jan tries to please us. Bingo is played at the Center at 12:30.

Heavens sakes, it's March! On March 1, Friday, senior bus will leave the Center at 8 AM for Snow's Sugarbush and breakfast in Mason. If you'd like to go along, call Erma Alber at 428-8707 for your spot.

Monday, March 4: A shopping trip is planned for Adrian and you may go along by calling Erma.

Tuesday, March 5: Senior Citizens Council meeting begins at 9:30. Come with your ideas. This will be held at the Center on N. Macomb St. Jan, Grandma Gillow and Minnie will be preparing chicken curry in the kitchen of Emanuel and am sure it will be more than I can eat (with fixin's). Call Sharman at 428-8359 ahead, or Jan at 428-7630 before 10:30 on meal days for your dinner (or takeout) reservations.

Wednesday, March 6: The first of Marion's special trips begin by going to Concord to visit Paddock Hubbard House Museum. Bus departs from the Center at 9 AM. Call Erma or you may sign up at senior meals.

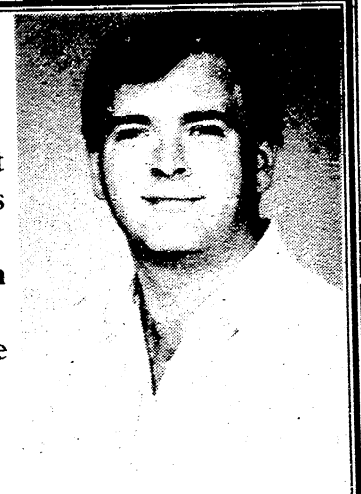

Thursday, March 7: Exercise begins at 11 for a half hour in the gym. Today, all seniors 55 or older will be honored because they were born in March at a special table with all trimmings. Round up friends who qualify and come on out after calling in reservations. We are having beef roast with bingo to follow at the Center.

Marion Ahrens reminds us of two more dates to remember in March. On March 20, the bus takes seniors to Matthaei Botanical Gardens, Ann Arbor to "Conservatory Glass House." Deadline to reserve is **MARCH 12** to Marion. Then, on March 31 at The Purple Rose Theater in Chelsea, "Comedy Festival" will be enjoyed. Deadline to reserve is **MARCH 15**, also to Marion Ahrens.

Other dates to remember are: **April 3** - Malloy Lithographing, Inc. Book Binding Co.; **April 17:** Lee Conklin Antique Organ Museum; **April 26** - Hands On Museum in Ann Arbor and **June 13** - Frankenmuth Bavarian Festival Matinee dinner Theater. You may call her for more information or reservations at 428-7865.

no longer. Every qualified elector present and in line
at the polls at the hour prescribed for the closing
thereof shall be allowed to vote.

**The polls of said election will be open at 7 o'clock
AM and will remain open until 8 o'clock PM of said
day of election.**

Karen Tucker
Village Clerk

Getting To Know....

Four years ago the **Manchester Enterprise** ran a front page "help wanted" ad. The ad was for village residents willing to invest some time on the Manchester Village Council. Two years ago council members had to be appointed. Again this year the **Enterprise's** Second Front Page tried to spur village residents on to running for Village Council.

Why would anyone want to serve on Village Council? The sense of personal satisfaction from working on the Village Council was the highest reason that people gave for beginning or continuing their terms.

Anyone can make a contribution to Village government. You don't have to have "experience" in a political office. Of course if you have special skills they can certainly be used on the Council.

This year three positions are coming up for election. Mr. Joe Marshall's term is up and he is seeking re-election. Jeff Schaffer and Jack Conaway are vacating their seats. Along with Marshall, two other Manchester residents have come forward to run. Let us introduce you to the three candidates for the Manchester Village Council.

Joe Marshall, pictured above in his role as Councilman last Mayor Exchange Day, is seeking re-election for Village Council. He and his wife have lived in the Manchester area for 20 years.

Mr. Marshall is also a business owner here on Main Street. He owns and operates Manchester Antique Mall.

He served on the Village Council in the past, took a short sabbatical and came back and is finishing his

fourth term. He looks forward to serving another term.

"I enjoy being on the Village Council. I am a team player and I feel that is important to the Council," stated Mr. Marshall.

Mr. Marshall's main interest is "in keeping Manchester's infrastructure at its present healthy level." He feels that there is nothing

major that is wrong in the Village of Manchester.

Mr. Marshall has also served on the Planning Commission.

Marsha Johnson Chartrand, who had filed a nominating petition, will not be pursuing a campaign for Village Council at this time due to family commitments. She will seek other ways to serve the community and hopes to run for a Council position in the future.

Upcoming Elections

...Your Village Council Candidates

Mary Ames is a candidate for Village Council. She and her husband Mark, along with their son Jonathan, have lived in their South Macomb Street home for just two years. But having come from a very strong neighborhood in downtown Detroit, she feels familiar with the sense of community she feels here in Manchester.

interest in bettering their community. Mary especially noted that although a Council member's term is only two years, she hopes to be forward-looking and future oriented during the next two years. "There are significant issues and changes that Manchester will face between now and the turn of the century," Mary said. "We need more than just a two year plan."

Other interests that Mary will bring to Village Council is preservation of the historic aspects of our town. She finds the downtown business district, as well as the beautiful homes on Main Street and the surrounding areas "charming," and believes the attractive storefronts and houses are a real attraction to those considering a move to Manchester.

"I don't feel I'm entirely up to date or aware of the strong issues facing the village right now," Mary admits. "But I'm going to try to learn more about it in the next few months." With her experience and enthusiasm, Mary will bring a new dimension to Village Council over the coming term.

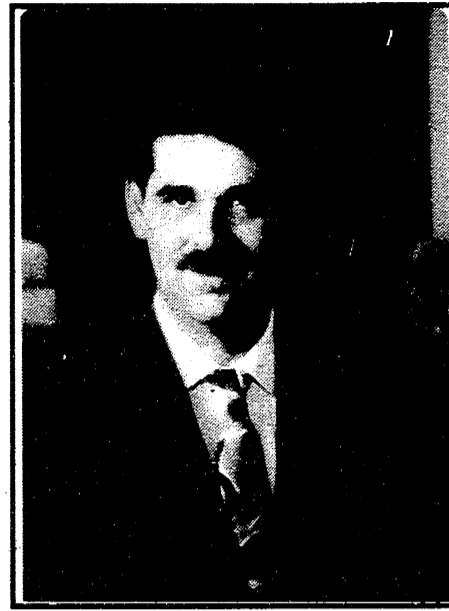

"Everyone is amazed when I tell them we moved here from downtown Detroit," smiles Mary. "But Woodbridge is in the neighborhood of Wayne State and it is a very close community. We just didn't want to raise our son there." Mark still works downtown as an actuary for an insurance company, and has taught mathematics at Wayne State.

Mary received her undergraduate degree from WSU in finance and is currently in her

second term at Eastern working on her MBA. In "before Jonathan" life, she worked as a personal financial planner in a small office.

"I hope my experience will be valuable to my role as a council member," Mary acknowledges. "It is strictly on a personal level, though. I have an interest in municipal finance - I have a lot to learn, but hope to have something to add."

Mark is on the Tree Board so both of the Ames' have an

here in Manchester with his family; wife Kim, sons, Herb (a sophomore at Manchester High), Andy (a 4th grader at Klager), and daughter Nicole (a kindergartner).

He has no particular agenda to bring to the council. He does feel he has a lot to offer the council. He has plenty of experience in municipal government. He

also has experience in budgeting and finance.

As with Mr. Marshall, Mr. Mahony doesn't feel that there is anything major that is wrong with the Village of Manchester.

Because Mr. Mahony works closely with the Milan government he may be able to bring a different viewpoint or different ideas to Manchester

Herb Mahony is a candidate for Village council. "I didn't like the idea that there isn't anyone willing to run, and I don't think it is good when people have to be appointed to the Council," said Mr. Mahony. Another reason Mr. Mahony gave was that he felt it was time for him to "give back" something to this community.

Mr. Mahony is the Chief of Police in Milan. He lives

Can Students Who Make A and B's Qualify for Special Assistance in Public Schools?

The following question and answer session appeared in the Parent Information Column of the LDA Newsbrief. As a support group we want to inform parents of their (children's rights to achieve their potential in the school environment. This passage discusses an issue that many parents may not be aware of.

QUESTION: My son, Jonathan, has a high IQ according to the school's evaluation. He makes A's and B's in school, but we spend many hours at home working with him. We also hired a tutor for him at the beginning of last school year. School and school work are consuming all his waking moments. The school says Jonathan doesn't qualify for special education because *his IQ is too high, and he makes such high grades that he doesn't need it.*

ANSWER: The U. S. Department of Education in a written response to a question from the Learning Disabilities Association of North Carolina, recently stated *that each child who is evaluated for a suspected learning disability must be measured against his or her own expected performance, and not against some arbitrary general standard.* As required by Part B regulation (34 CFR S9300.540-00.543), the multidisciplinary team is responsible for determining if a severe discrepancy exists between a student's ability and performance. Under Part B of IDEA and Part B regulations there are no *exclusions based on intelligence level in determining eligibility.* In order to qualify as having a specific learning disability, the student must have a severe discrepancy between achievement and intellectual ability in one or more of the following areas: *oral expression, listening comprehension, written expression, basic reading skills, reading comprehension, mathematics cal-*

culatation, or mathematics reasoning.

The Department of Education wrote further that it is *generally* appropriate for the multidisciplinary team to include in its written report information regarding *outside or extra* instructional help or support which *may indicate the child's current educational achievements reflects the service augmentation, not what the child's achievement would be without help.* Such information should be considered by the multidisciplinary team in deciding if the child has a *severe discrepancy between achievement and ability that is not correctable without special education and related services.* In other words, because your son, Jonathan receives so much assistance and tutoring, he could be declared eligible for services under Part B of IDEA. Once eligibility is determined, the school district must, within 30 days of the date of the eligibility determination, conduct a meeting to develop an individualized education program (IEP) for your son. (Source: Letter from Thomas Hehir, Director, Office of Special Education Programs, to Ms. Patricia M. Lillie and Rebecca Felton, Ph.D., Learning Disabilities Association of North Carolina, Inc., April 5, 1995.)

If you need more information about the laws regarding special education laws (IDEA) and Section 504 (includes at-risk and ADD children) issues, P.A.S.S. has many articles they would be happy to share with you. Call 428-0738 or come to a meeting Wednesdays at 7 PM at the Emanuel Church. Special Meeting on March 6th - Fun ways parents can help children learn "thinking skills". Hands-on activities for K-12 students and their parents. More details next week.

JCC Hosts Academic Games With 11 Area High Schools

Sat. March 23, 9AM -3:30 PM Jackson Community College will host the 1996 Cascades Conference Academic Games Sat., March 23 from 9 AM-3:30 PM. During the event, 11 area schools will compete against each other; the students range in age from high-school freshman to seniors. Each school has teams for the following topic areas: English, science, math, and social sciences (the business Academic Games are to be held Friday, March 22 from 9 AM to noon, in the Justin Whiting Hall lounge, second floor). The competition takes place in rounds and members of the first place teams in each discipline will receive scholarships to attend JCC; The competition takes place in McDivitt and Walker Halls; the awards ceremony takes place at 3 PM in the Snyder Theatre.

High-school students spend many hours studying for the competition; their high school teachers act as coaches to help prepare them for the competition. JCC faculty also volunteer many hours preparing questions for the event. Schools taking part in this year's academic games include Columbia Central, East Jackson, Grass Lake, Hanover-Horton, Jackson, Lumen Christi, Manchester, Napoleon, Northwest, Vandercook Lake and Western.

For more information, call JCC at (517) 787-0800, ext. 152.

High School News from Principal John Korican

Manchester juniors will join the rest of the juniors in the state of Michigan in taking the new competency test. The new test is referred to as the High School Proficiency Test (HSPT) and is a replacement for the MEAP test formerly taken in the tenth grade. This new test has eleven hours of testing and has to take place between the dates of March 4-22. The subject areas to be tested are: communication arts (reading and writing), mathematics, and science. Students will receive state diploma endorsements for the areas they pass. Retesting times for endorsements will be held in the fall and spring of their senior year and after graduation.

We are scheduling six days for testing here at Manchester, with the remaining days to be used for test make-ups. Each of the six test days will start with a morning two hour testing block of time (8:45-10:45), and an other non-testing classes will also be following the two hour block of time. Normal scheduling will be in place for the remainder of the day.

This test is a major change from the MEAP because all three testing areas will require written answers using reasoning and deductive skills. We, like all schools in the state, are very cautious and concerned about the test outcomes. As a school and community, we shouldn't get too excited over the good or bad results of the first year. It will take three or four years to get a truer picture of our state test results.

Terry Woods Memorial Established

Terry Woods, had lived in Manchester with his family for 19 years. He was not a native of the area but everyone thought of him that way.

Terry devoted much or most of his time to sports and to the kids of the community. He started his coaching days with Jim Fielder and together they coached six years of 7th grade basketball. He also assisted Bob Curley with 8th grade football. Terry then was asked to help with Varsity football, but turned down the offer, as he had four boys in many levels of sports at the time. However, Terry eventually helped the Varsity by becoming the statistician. Terry also helped Wes Gall with the Varsity baseball team. He eventually stopped coaching but did maintain the statistician role with football. Terry was an active member of the Middle School Boosters. He worked long and hard with the boosters. He was named President of the Middle School Booster due to his devotion to them. His major accomplishment was the record board, now on the wall in the gym of the Middle School. Terry then was persuaded to join the Manchester Men's Club. Terry was a member for three years.

Terry is survived by his wife Linda and four boys, Jason, Brandon, Brent and Nicholas.

In memory of Terry Woods, a memorial has been established through the Athletic Boosters for a trophy case. Contributions may be made to the Manchester Athletic Boosters and sent to:

Manchester High School
710 E. Main
Manchester, MI 48158

There has been some confusion about the endorsements from the MEAP tests that this class took last year. Those endorsements for the MEAP reading and math tests will be on each student's transcript and diploma, provided they passed the tests last year. The HSPT will provide a higher level endorsement for students who pass it. A student passing all parts of the MEAP and HSPT could end up with a total of six endorsements on their transcript or diploma.

Another question raised about the HSPT is, do all students have to take the test? The state has mandated that the class of 1997 shall take the test, but parents can exempt their student from the test by writing a letter to that effect.

Students not taking the test will not be able to receive an endorsement for their transcript and diploma.

We would hope that all parents would like to see their student take the test as this is a great opportunity to see and compare what your student does with the rest of the state.

Again, we would hope that the community, parents, and students will take this test in a serious manner. Parents can be very helpful by making sure their student is not absent during our testing schedule and encouraging their student to have a positive attitude toward the test.

Best of luck to parents, as well as the students.

SUMMARY BOARD OF EDUCATION FEBRUARY 19, 1996 Not Official minutes

The regular meeting of the Manchester Community Schools' Board of Education was called to order at 7:34 p.m. by President Kluwe with the Pledge of Allegiance.

Mr. Easley, Athletic Director, introduced Wes Gall, 8th Grade Basketball Coach, and recognized the team members present congratulating them on their perfect season.

Board Trustee John Ochs, on behalf of the Board, presented Bev Hammerstrom, State Representative, a plaque from the Board recognizing her strong and continued interest in education and diligent representation of the citizens of the 55th District. A short reception followed the recognitions.

Minutes of the regular meeting of January 15, 1996 were approved as presented.

The treasurer's report was approved with a cash balance as of January 31, 1996 in the amount of \$950,978.46; total bills payable of \$420,563.27.

Correspondence included letters from William Bondy, Edward Zielinski, Jeremy Phillips, and Jill Pfau; a memo from the Washtenaw Association of School Boards; Notification to Bargain from the MEA; an invitation to the DARE graduation, a pion and a bumper sticker; and a listing of sympathy cards sent on behalf of the Board this past month.

Visitor Input consisted of an inquiry from Peggy Townsend regarding a weather condition policy that gave guidelines about wind chills. Mr. Niedzwiecki responded that there are procedures in place but no set policy. In the past school has been called due to wind chill factors.

Dianne Schwab reported on the February meeting of the Manchester Coalition for Drug Free Youth and the excellent representation from the school district, community and law enforcement. As a result of the meeting the Coalition now has a mission statement; *Our goal is to promote a healthy environment within our community that embraces zero tolerance of use of alcohol, tobacco, and other drugs by underage youth.*

Marge Mastie, Supervisor of Assessment for the Washtenaw Intermediate School District, joined the board to discuss the results of the 1995 MEAP test. Manchester's scores were well above the state averages and we continue to show improvement. Mr. John Korican updated the board on the proficiency testing of our high school juniors which will take place for the first time in March.

Cheryl Call Presented the At-Risk Program. Compensatory Grant for 1995-96 of \$72,866. The report outlined the eight programs that have been or are in the process of being developed to meet the needs of at-risk students.

The Board heard an update from the Technology Committee presented by John McGuire and viewed a video from Lab-Volt on technology. The Board approved the technology report and authorized the appropriation of \$145,000 in the 1996-97 general fund budget towards the purchase of hardware and software.

Personnel issues included:

* Carrie Resh, a graduate of Spring Arbor College, was approved as a part-time teacher for the 1995-96 school year effective January 24, 1996.

* Coaching appointments: Wes Gall - varsity softball; Scott Stull - varsity baseball; Denny Steele - high school girls track; Gay Perry - middle school track; David Smith - middle school track assistant; Dan Roughton - 7th grade volleyball.

* The resignation of Angela Diuble as 7th grade volleyball coach was accepted effective January 25, 1996.

The Board of Education confirmed the letter of agreement between the Manchester Community Schools Board of Education and Manchester Educational Support Personnel Association as presented and effective January 29, 1996.

The resolution calling the annual school election to be held Monday, June 10, 1996 was adopted as presented. John Hochstetler, Secretary of the Board and Chief Election Officer delegated election duties to Ronald Niedzwiecki and gave the oath of office.

Mike Truax reported the preliminary results of the bid opening that took place on February 15, 1996. The board will hold a special meeting Monday, March 4, 1996 to review and award the bids.

A summary of the community focus session was presented to the board.

The meeting adjourned at 9:38 p.m.

Wrestling Wrap Up

With a great week of hard practices behind us, the Dutch traveled to Napoleon for Individual Regionals. All five of our kids were ready for battle as we won 3 out of our first 5 matches with wins going to Steve Spurr, Joe Tobias and Bryan Duvall. Ed Cruz and Dustin Williams lost two tough matches; even though Ed and Dustin were in the loser's bracket, they both continued to wrestle hard and both came away with a victory before bowing out. Their final records were 37 and 14 for Dustin and 27 and 19 for Ed both with a good year.

Steve Spurr ran into James Ruff from Addison to reach the Finals in a real close match. Steve came out on top with a 4-2 victory to reach the finals and face Ron Silveria, the kid who defeated him in the Districts last week. This day would be different though, as Steve came up with one of the most exciting comebacks in my coaching years. Down by three points with less than 30 seconds, he let Ron up and then proceeded to pin him, earning his first Regional championship as the gym went crazy.

Bryan Duvall pinned his first opponent in the first period then proceeded to dominate his second by the score of 9-3, to reach the finals against Jason Miller of Dundee; again the same kid he faced last weekend. Miller really pushed Bryan to the limit before Bryan got a late reversal in the third period to win by a score of 4-3. Bryan still remains undefeated with a 47-0 record.

Joe Tobias also reached the finals with two dominating wins. His second win brought Joe his 100th victory which puts him in an exclusive group of Manchester wrestlers (these guys will be listed after Joe's rundown.) In the Finals, Joe lost a heartbreaker to Josh Kimbrough from Morenci in the final seconds by the score of 6-4. Even though he didn't take first he's having a great year with a 45-3 record.

With a week off, the Dutch will be traveling around the area to face good competition to prepare for State which will be held at Western Michigan's new Fieldhouse on the 8th and 9th of March. If you have any questions regarding State finals, please contact the High School or Myself at 428-9076.

Following up on our 100 match winners is something that is not to be overlooked. The following kids have reached this plateau. Chris Weithoff, 1987-1991; Jason Woods 1987-1991, Darren Hock, 1987-1991; Brent Woods, 1991-1994; Jay Eiss, 1992-1995; Bryan Duvall, 1993-1996; and Joe Tobias 1993-1996.

In my closing notes, I would like to thank not only the Students and faculty for their great support on Saturday at Regionals but also the community with parents, friends and just people who wanted to support our kids. This is really appreciated by myself and the kids, to see you guys out there supporting our program. Hopefully, we'll see you up at Kalamazoo.

- Coach Steve Vlcek

Basketball

Let's Catch Up On Junior Varsity Basketball

Tuesday February 13th the JV Dutch traveled to Clinton. It was a great comeback that fell just short. The Dutch were down 31-20 at halftime and down by as many as 16 in the fourth quarter. The team never quit and outscored Clinton 24 to 11 in the fourth quarter to force overtime.

Nick Niehaus and Nick Davis both had 3 pointers that just missed to force double overtime. Levi Earhart led us with 19 points, Nick Davis had 15, Nick Niehaus had 12, Justin Turk 5, Chris Kemner 4, Jacob Klein 3, Mike Meranuck 2, Randy Burkhardt 2, Dennis Wickham 2. Nick Davis grabbed 7 rebounds and Ben Pietrowski had 5. In overtime Clinton finally pulled it out and the final score was Clinton 67 and Manchester 64.

The JV Dutch ran into first place Vandercook Lake Friday February 16th.

Dennis Wickham led us with 10 points and 3 assists. Mike Meranuck had 7, Tim Hough 6, Nick Niehaus 6, Justin Turk, Nick Davis, Levi Earhart, and Chris Kemner all added 5, Jacob Klein had 4 and Ben Pietrowski added 1 point. Tim Hough, Ben Pietrowski and Chris Kemner, all grabbed 4 rebounds. The final score was Vandercook Lake 77 and Manchester 54. (Stats provided by JV coach Brian Barnard).

On Tuesday February 20th Manchester hosted the East Jackson Trojans. By the way East Jackson played you would never know they were behind by at least 10 points most of the game. At the half the score was Manchester 37 and East Jackson 25.

Second half stats included: Ben Pietrowski with 8 points, Nick Davis had 7, Dennis Wickham and Nick Niehaus had 4 each and Chris Kemner had 2. Nick Davis, Chris Kemner and Ben Pietrowski each had 3 rebounds.

Final score was Manchester 65 and East Jackson 59.

Last Games for Varsity Basketball

Since Tuesday February 20th was the last home game for the Manchester Dutchmen it was Parent's Night. Between the JV and the Varsity game parents of cheerleaders and players were introduced. It was a proud moment for parents and a nice touch to the game.

Usually I do not say anything about the officiating, but Tuesday nights referees left a lot to be desired. It seemed that especially one referee tried to make Manchester an example. I thought he was extremely picky; from telling the kids to tuck in their shirts to calling a technical on a player for slapping the backboard.

This was a very physical game with a lot of pushing. Between the physical aspect and the officiating the frustration level just got to be too much for the Dutch. Both Aaron Garret and Trevor Schleicher received injuries that kept them out of most of the game. Also this is the first game I had seen where the Dutch were in foul trouble.

Mike Mann led the Dutch with 12 points, Zach Maghes had 9, Mark Harris, Aaron Garrett and Ryan Fielder each contributed 8 points, Nick Woods had 6, Chad LaRue 5 Jason Barnes 2 and Luke Hugel had 1.

The final score of the game would be East Jackson 81 and Manchester 60.

On Friday February 23rd the varsity Dutch traveled to Addison.

It was a very close game for the first half. Manchester led by one point at the first quarter and at the half. But Addison would come back and shut the door on the Dutch.

Mark Harris would lead the Dutch in scoring with 17 points, Mike Mann contributed 13 points and Zach Maghes hit on 11 points. Nick Woods brought in 6 points followed close behind by Chad Larue with 5 points. Aaron Garrett and Ryan Fielder each had 4 points and Jason Barnes and Luke Hugel had 2 points each.

All these points would not be enough as Addison outscored the Dutch in the third and fourth quarter. Addison would come away the winner with the final score Addison 77 and Manchester 64.

The last basketball game of the regular season will be March 1st and the Dutch will travel to Michigan Center.

KLAGER PTO MEETING Tuesday January 23, 1996

MINUTES (draft - subject to modification)

Meeting called to order at 6:42 pm by John Adams, PTO President

PTO Council members present: John Adams, Lisa Brinkman, Tina Way, Susan Callaway, Brian Zink, Laurie Carey, Tracy Zigila, Doris Taddonio, Cindy Lowell, Carolin Gregerson, Beverly Detloff, Karin Hanson, Laura Spensley, Bruce Thomson, Shirley Marston. Klager Principal/Teachers present: Yvonne Henry

1. Previous minutes from 11/28/95 meeting were reviewed and corrections were made: Kari Ball was added to the attendance list and the Franklin Speller ordering was clarified. Treasurer's Report: Tina Way reviewed the past month's finances. Ending balance \$40,477.523. President's Report: John Adams reviewed the agenda for the meeting. 4. Committee Reports: a.) Fund-raising - Lisa Brinkman reported that sales from the Frankenmuth fund-raiser will net over \$14,000. We need to start thinking about a new chair for the Fund-raising Comm. soon. b.) Assemblies - LeRon Williams, storyteller, will be here again in March. c.) Playground - Shirley Marston noted that the Playground Committee recommended a watchdog group to make sure that playground equipment and grounds are in good repair and safe. Broken equipment or unsafe grounds should be reported directly to the school office, and maintenance is responsible for fixing these problems. d.) T-shirt - Total sale was over \$2,000, with a profit of \$108. It was noted that the jackets run very small. e.) Financial - Bruce Thomson reviewed approved capital expenditures and those responsible for each project. f.) Winter Dance - Sue Callaway noted that the dance was a big success, except for the breakdown of our new popcorn machine. The machine will be repaired at Frankenmuth's expense. A suggestion was made that more organized activities and dances would be better

for next year. g.) Senior Dinner - Shirley Marston will coordinate the dinner next year. h.) Constitution and bylaws - No new report. i.) Teacher Appreciation - No new report. j.) Super Parent Volunteer rep. - No new report. k.) Arts Committee - No new report.

5. Principal's Report: Yvonne Henry noted the following: a.) This week a Marine assembly will be held which will feature 19 presentations of marine life b.) Accelerated Reader - 1st graders are starting in the program this week. c.) 4th grade will get MEAP scores with their report cards - 80 of 104 students will be getting certificates. d.) An Art teacher is being hired who will be at Klager Mon.-Thurs. afternoon for 2 hrs. and all day on Friday. e.) The 4th grade trip to see the Nutcracker was cancelled - instead the students will be going to Carmen at the Power Center and 2nd grade will be seeing Cinderella. f.) The Multicultural program is being planned for March. A number of activities with outside participants are being organized.

Old business: a.) Laurie Carey reported that Franklin Spellers have been ordered. We discussed how to maintain an adequate battery supply. A motion was made to buy battery chargers (2) and additional batteries (\$150 was already allocated for batteries) for a maximum of \$100. The motion was approved with 14 for and 1 against. b.) Laurie Carey noted the cooking cart (already approved) and kitchen cart are being developed.

c.) A member noted that a tree in the back of the school will need to be moved for new construction. We discussed moving this tree to the front of the school where another tree has died. JoAnna Van Raden was nominated to coordinate this. d.) Snow Day will be this Friday with sculptures and activities, and hot chocolate.

7. New business: no new business was presented.

Meeting adjourned at 7:45 pm
Next meeting Tuesday February 27th, 1996 at 6:30pm
Respectfully submitted, Brian Zink, Recording Secretary

Farmers Meet Legislators at Farm Bureau Seminar

Representing Washtenaw County at the MFB Lansing Legislative Seminar were: Front Row, L-R: Arlene DeForest, Mildred & Waldo Dieterle; Second Row: Luke Schaible, Diane Horning, Jay Hopkins, Wayne DeForest; Third Row: Carl Lesser, Harold Trinkle, George McCalla, Earl Horning.

Nearly 400 farmers from across Michigan attended the Michigan Farm Bureau (MFB) Lansing Legislative Seminar, held today at the Lansing Center. The event was conducted by the state's largest farm organization to give county Farm Bureau leaders an opportunity to discuss key issues with their state representatives and state senators.

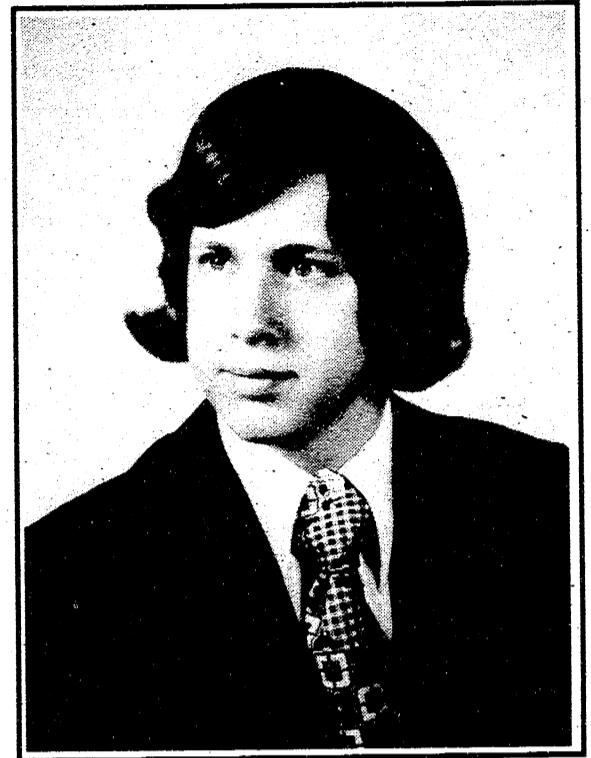

"This event is valuable for farmers because it lets them meet not only with the legislators from their own districts, but also with the lawmakers from urban and suburban areas who have an

influence over agricultural issues," said MFB Legislative Counsel Howard Kelly, coordinator of the seminar.

Key issues that farmers discussed with over 100 legislators at the seminar included farmland preservation, amendments to the Agricultural Commodity Insurance Act to make it easier for farmers to recover money from bankrupt agricultural handlers, protection of private property rights and support for plant industry research at Michigan State University.

Student from Manchester honored at Lipscomb

A student from Manchester has been honored at Lipscomb University for academic achievement during fall semester. **Jeff Keller** has been placed on the Honor Roll for earning a grade point average between 3.5 and 3.99 while taking 12 credit hours or more during the semester, said Dr. James T. Arnett, vice president for academic affairs. Keller, a history teaching major, is the son of Mr. James Dwight Keller, of 415 East Main, Manchester.

Keller is a graduate of David Lipscomb High School. Lipscomb is associated with the churches of Christ.

Leah Brianna Rodriguez
David and Rita (Talcott) Rodriguez of Ann Arbor proudly announce the birth of their second child, Leah Brianna, born February 12, 1996 at 12:15 PM. Leah was 6 pounds 14 ounces at birth and was 19-1/2 inches long. Leah has a brother, Alec, aged two.

Estimates Exceeded by \$204,000.00

Klager and Middle School Construction estimates over budget. Alternates and offered potential reductions could eliminate overages

O'Neil Construction's Mike Truax gave Manchester Community School Board the preliminary results of the bids at Monday night's school board meeting. Base bids of all trades tallied \$3,204,320; the estimated cost was \$3,000,627.

Twenty-one bid sections from demolition through excavation, masonry, carpentry, painting, equipment, plumbing, heating, ventilating, air conditioning and electrical work drew bids from 68 contractors. Thirteen of the work sections were under estimate and eight were over budget.

Two sections of the work were substantially over budget. Heating, ventilating and air conditioning bids exceeded the budget by \$297,645. Low bidder on this section was Monroe Plumbing at \$516,750. Their bid was \$24,680 less than the second bidder for section 15B.

Electrical bids were \$141,064 over the estimate. Tri-County Electric was the low bidder on this section their bid of \$456,900 was almost \$200,000 less than the only other bid received.

O'Neil, the construction managers for the project, are investigating potential savings and plan revisions to further reduce the costs. One item which appears to be costly is the Temperature Control System selected. No dollar figures were given to the Board of Education for this potential savings. O'Neil has asked the low bidders to make suggestions for further price modifications.

The Board of Education will be provided with the final numbers and contract documents at their scheduled special meeting on March 2, 1996. It appears that the projected cost structure can be met and the project can proceed.

DOWNTOWN BUSINESS OWNERS APPROVE SUMMER FESTIVAL

On February 7th, some downtown business leaders gathered to discuss holding the Manchester Summer Festival. Those present included Jim Achtenberg - Woodbrook and the Chamber of Commerce, Cheryl Hamilton - Manchester Pharmacy, Chris Moyle - Ollie's Main Street Pizza, Teresa Benedict - Calamity Jane's and The Manchester Enterprise, Karen Tucker - Village Clerk, Doreen Birnie - community member and Festival volunteer, Kathy Kueffner - Manchester Chronicle, Emory Garlick - The Manchester Enterprise.

Teresa Benedict presented results of a survey of forty-two crafters from last year's Festival. The 1995 Festival was held on Friday and Saturday. Surveyed crafters preferred a two day festival but would rather have the event held on Saturday and Sunday. The proposed dates would be July 20th and July 21st, pending approval of the Village Council. Those dates would allow visiting friends and relatives who are on hand for the Chicken Broil to also enjoy the Festival. Additionally scheduling the crafters at this time would not conflict with Ann Arbor, Chelsea or other neighboring craft events.

Teresa Benedict outlined for those present the ongoing time and cost commitments required in hours and dollars for phone calls, mailings and the like, in acquiring good crafters. The collating of information from the previous years' events and coordinating with local businesses, Village officials and

other related activities takes time away from a chairperson's own business.

Benedict requested someone else chair the Summer Festival for the coming year and all present declined. Benedict inquired of Achtenberg if the Chamber of Commerce might be willing to assume the Summer Festival. Achtenberg stated he didn't think a Chamber person would serve as chairperson; and therefore the Chamber could not accept this responsibility.

Benedict was queried if she would continue as the chairperson. Teresa said she would, if she could be compensated with one half of the arts and crafts fees after direct expenses, (i.e. mailings and flyers). The other half would go to the Downtown Business Association. Monies expended for advertising would have to come from donations and duck sales or others listed in the advertisements. Achtenberg reported that very few local business contributed the suggested \$25.00 fee for the event.

The Car Show, if they wished to be a part of the event as they had in the past, would have to petition the Village Council for inclusion.

All present unanimously agreed to proceed with the Summer Festival with Teresa Benedict chairing the event as proposed.

Kathy Kueffner volunteered to contact ALL of the local business owners, not present, for their approval or suggestions and to return that information to Teresa Benedict.

Around Town Craft Appliance in Full Swing with Grand Opening

Teresa M. Benedict

The doors are open and they're ready for business at Craft Appliance. Frealin Craft has brought his family operation "home" to Manchester after 37 years. Mary Ellen and Frealin, along with sons Frealin II, Randolph, brother Paul (who will be here in Manchester), sister Josephine, brother-in-law Harold Murphy, Bill Witowski, and Jamie Winters are all part of the family. Paul and Bill are the factory trained service technicians and Jamie and Randolph do deliveries and installations. These are the people you will see around town the most when you need a new appliance or a repair.

We have not had an appliance store in town since L.V. Kirk (also known as Chick to many of us) closed his doors in the seventies and sold the business to Doug Parr. It will certainly be great to be able to shop locally again for a major appliance and parts. The large parts department is already in full swing carrying Fast moving parts for all major brands.

Waiting to serve you: Frealin and Mary Ellen Craft

You'll be able to stop in and pick up a part to fix your washer or dryer yourself if you are handy. More likely if you're like me, you'll call and have the service tech come out to fix it for you. (I did work for Chick for a couple years while in high school and do know a little about appliances, but not a whole heck-of-a lot.) I find it less stressful to know someone else can fix my appliances in about 1/100th of the time I can.

At the Grand Opening - ALL Appliances will be priced \$100 over cost!! Not even ABC Warehouse can beat that. Frealin says; He is always very competitive in pricing

and usually can give you a better deal than the big guys. You get FREE delivery and installation, even on gas appliances and they will haul away your old appliance at "no charge." What a deal with the difficulties of recycling today.

Stop in Friday and Saturday. Register to win a Color TV and have refreshments too while you browse throughout Craft Appliance.

*All
appliances
will be priced
\$100 over
cost!*

CROP Walk Benefits Community

The ecumenical committee of CROP WALK MANCHESTER 1995 is pleased to announce that the COMMUNITY RESOURCE CENTER and MANCHESTER FAMILY SERVICE, INC. have both received checks in the amount of \$1,130.04 as their share of the proceeds of last October's CROP Walk. The balance of the \$9,040.25 collected is being distributed by Church World Service and its designated agencies to feed hungry people throughout the world. Pictured is Laura Sutton, presenting checks to Dianne Schwab, Director of the CRC, and Mary Frances Fielder, of Manchester Family Service. "What a spirit of community working together," commented Dianne. Tentative date for the second annual CROP Walk is Sunday, October 13th.

Organizations

Auxiliary Unit #117 News

The American Legion Auxiliary met at the Legion Home on February 14, 1996 with 20 members present. The meeting was called to order by President Walkowe. Roll Call was taken by Secretary Pro-tem Hughes and the minutes of the January 11, 1996 meeting were read, corrected and approved.

Since last April, 276 pairs of home-made slippers have been delivered to VA hospital. Jane Bowen, (VA Hosp. volunteer staff), boasts slipper project by this unit. She states they may pass out as many as 25 pair per day. Membership asked to bring 4-ply yarn in dark colors to next meeting to help continue this much-needed service. Bingo party will be held at VA March 9, 1996. Need volunteers to assist. Also requesting personal items for VA patients to March meeting.

Popples in for '96. "Poppy days" are May 23, 24, 25, 1996.

2nd District President is coming for April meeting. We will further discuss potluck arrangements at our March meeting. Refreshment committee for March meeting will be Shirley Roller, Joyce Sroufe (for Evie Seegert) and Helen Rigg. The meeting was adjourned at 8:45 PM with a prayer by Chaplain Mary Blossom.

Manchester Area Historical Society

The Manchester Area Historical Society held its monthly meeting on Tuesday, February 20, at the Blacksmith Shop. Tim Armentrout gave a blacksmithing demonstration. His interest in blacksmithing began when an article in a 1978 *Popular Mechanics* magazine "sparked" his interest. He read a lot of books and worked with local blacksmiths to learn the craft.

He started the presentation with explaining the difference between a farrier and a blacksmith. A farrier is a blacksmith who also knows the science, health, and mechanics of horses. Blacksmiths usually did not shoe horses except to augment their incomes. They made and repaired items such as wagons and buggies. Tim started the demonstration with a flat piece of iron stock one-half inch by one-quarter inch that he had cut down the center about one-third of the way. He heated the piece in the forge, bent one half of the

cut section down out of the way, and repeatedly heated and hammered the other section to draw it out to a slim taper. When that section was done, he worked on the other one. When the two pieces were about the same, he shaped them to form a heart. He made a hook on the other end. After using a wire brush to remove the oxidation that comes from heating, he coated it with beeswax.

The forge can be heated to 2200° F. The blacksmith can tell when to reheat a piece of metal from the feel of it when he hammers it. Different alloys have to be worked at different temperature ranges. High carbon steel, for example, is very stiff. Wrought iron is soft when heated.

Several of those in attendance remembered John Schneider coming to their farms to shoe horses when they were young.

The program in March will be on the Manchester Panther. The public is invited to attend.

- Betty Cummings

COMMUNITY RESOURCE CENTER HAS OPEN BOARD POSITIONS

An organization, be it profit or nonprofit, is dependent on a Board of Directors, which represents the community in decisions made to define, interpret, evaluate, review and monitor operations and finances of the organization.

The mission of the Community Resource Center (CRC) is to identify and meet the direct and indirect human service needs of the Manchester area and provide a forum for local community and other organizations.

The target population for the CRC is the Village of Manchester, Sharon, Manchester, Bridgewater and Freedom townships. Board members should represent all townships, since clients of the Community Resource Center represents the complete Manchester area.

What is the time commitment for a board member? Two hours once a month for board meeting and an occasional specific project commitment.

What qualifies you for board membership? (1) Belief in the CRC Mission; (2) Be a resident or employed in the Manchester School District; and (3) Willing to give it the time, interest and energy required.

Persons interested in more information about serving for any organization that directly benefits the community of Manchester can contact Dianne at the Community Resource Center 428-7722.

Chamber of Commerce to Host Postal Service Official

Reclassification of Bulk Mail and automated processing will be the main topic of the next General Meeting of the Manchester Area Chamber of Commerce at noon on Wednesday, March 6, at Haarer's Meeting Place.

A Postal Service representative will provide information and answer questions about the new mail categories and rates, which may be acted on as soon as March 5 and go into effect as early as July 1.

The reclassification plan eliminates the categories that have long been known as second, third and fourth class mail.

For more information, come to the next Chamber of Commerce meeting! All members and prospective members are welcome at 12:00 noon on Wednesday, March 6, at Haarer's lower level.

Registration Extension for Little League

The Manchester Little League Association will continue to accept registrations for the summer leagues by mail through March 6, 1996. Registration forms can be picked up at Keith's Barber Shop. A late registration fee will be charged.

Final chance to register for the 1996 summer leagues will be at the Little League Association meeting on Wednesday, March 6, 1996. Registration will be from 7:00 - 8:30 PM at the Manchester High School. After this meeting the only registrations accepted will be those postmarked March 6, 1996.

Don't leave your child or children out. Register now! Financial aid is available.

MRTF Announces Plans for CANOE RACE AND GAZEBO CONCERTS

The Manchester Recreation Task Force is gearing up for its spring and summer season events.

The Manchester Canoe Race is Sunday, May 19th. The first meeting for planning will be March 4, 7:30 at Bill Schwab's house, 116 Beaufort St. People with suggestions or questions about making the Canoe Race bigger, better and more fun are encouraged to attend the meeting or call 428-7722 daytime or Bill, 428-8976 in the evening.

Manchester is known for its summer concerts at the Gazebo. Planning for the concerts involves more details than are visible Thursday nights in the part. A very small group of volunteers have been involved in planning the concert series during its six year history. Bill Schwab again is willing to chair the event and get the ball rolling. All people interested in planning the summer concert series are invited to join Bill around the dining room table at 116 Beaufort St. Tuesday, March 5th at 7:30

At this time, **Pyramid Office Supply** will no longer be accepting styrofoam packing peanuts or household batteries for recycling.

Manchester's Bloodmobile

This coming Monday, March 4th, at St. Mary's Parish Center, Manchester will be hosting the Spring Bloodmobile.

The co-chairpersons for the day are Ella Landini and Marja Warner. Most of the additional volunteer staff will be from St. Mary's, with help of several ladies from the Methodist church.

As you can see, Manchester's bloodmobiles really are a community activity.

The time for this event will be from 1 PM until 7 PM. It is nice for you to be pre-scheduled, but we will be glad to have you just walk in and tell us YOU'D LIKE TO DONATE.

Looking forward to seeing all of you on Monday.

By participating, you will help us reach our goal of 100 pints of blood. Some one out there is depending on your generosity.

See you on Monday.

Submitted By -- Marja Warner

World Day of Prayer Commemoration

For over 100 years women around the world have been gathering together to pray for peace and for a better world on World Day of Prayer. The service has been written by women in a different country each year and this year the service was written by the women in Haiti, a country that is in the midst of strife.

The Manchester community celebration of the **109th World Day of Prayer** will be held Friday, March 1, at 1:30 p.m. at the Sharon United Methodist Church. Included in the program will be slides taken by work teams to Haiti. All women are invited to attend. If you cannot attend, pray for the people of the world who are in the midst of strife and especially for the people of Haiti.

Emanuel Youth Valentine's Dance a GREAT Success

As in the past two years the Senior Youth Group from Emanuel United Church of Christ held it's 3rd Annual Valentine's Dance on February 10. The event was well attended by 112 youth from the Manchester/Chelsea/Saline area.

This event gives the youth of Emanuel a way of reaching out to others their age in a positive and Christian way. At a time when Christianity takes a back seat to all the other activities that occupy so many of our youth today, this is their way of expressing what is most important to them.

It takes lots of hard work to do what the Sr. Youth Group does to sponsor something like this. First the D.J. needs to be scheduled, usually 3-4 months in advance with contracts to be signed and returned. Door prizes need to be chosen and bought as well as the decorations. Invitations need to be sent to area churches, not only in Manchester, but other towns as well. Flyers need to be designed and distributed to area businesses and advertising in the newspapers is done. Then there is the decision as to what refreshments will be served. This year was kept simple with popcorn and LOTS of pop for our thirsty dancers.

On Saturday afternoon the kids all got together and decorated, which is a job that usually takes about 3 hours. This year was an outstanding year as the kids blew up many balloons, made their own heart decorations and set up tables and chairs. All went well until their youth advisor, Bill Pfaus, fell from a ladder while hanging up decorations and made a footprint hole in one of the tables. When he was found out to be all right we all had a good laugh. (So did he!)

One of the most moving experiences of the evening is when all 112 youth, ages 12-18, join hands in a circle and recite The Lord's Prayer. This is a tradition carried on from Youth Group Meetings which are held at Emanuel. Following each meeting or activity the Group says the Lord's Prayer before everyone leaves.

After the dance, boy what a mess! The results of a fun time from all who attended. It's clean up time. But with 19 of Emanuel's youth and their parents help this doesn't take too long.

The Youth Group and their advisors, Bill & Sharman Pfaus wish to thank everyone who attended this great event. Also to the Manchester Community for their support in helping with our advertising and donation of door prizes. Many thanks to the numerous chaperones for being there to keep a lid on things, but more importantly in making sure the youth have a good time. SEE YOU NEXT YEAR!

Once a Catholic...?

Have you ever known a family where one of the members becomes distant from the rest of the family. Maybe something painful happened. Perhaps there was a misunderstanding. Or maybe no one can even remember just why. It's sad, and it's not right. And the more time passes, the harder it gets to find a way back.

In many ways our religion is like a family. In the Catholic Church we even speak of "father," "sister," and "brother." And sometimes something happens that causes someone to leave that family, the family of the Catholic Church.

To our Manchester brothers and sisters who have become distant from the Church, the people of St. Mary, Manchester (and indeed the whole Church universal) wish you to know how very much *you are missed!* If perhaps you have missed the Church, too, and if you have ever thought about possibly coming back, here is an opportunity to get reacquainted that might be comfortable.

St. Mary, Manchester, invites you to stop by for an evening of coffee and fellowship on Sunday, March 3, at 7:00 PM. at the Parish Center (the old K of C hall behind the Hop-In). Several folks who at one time were also away from the Church but who have since returned will be there, and also Fr. Murray.

The evening will offer a chance to talk and listen, to get some practical information, and to relax. But above all, it could be a step toward coming back to your family of faith, the Catholic Church, and experiencing the joy of an adult relationship with our Lord through the gift of His Church!

We hope to see you this Sunday evening—no strings attached! Above all, know that you are loved by an infinite God and his body, the Church!

Accident Takes Man's Life

Neil Boettner, a life long resident of Bridgewater passed away Sunday in an freak accident.

Neil had been living in a small trailer next to the family homestead which had been condemned several years ago. Neil went into the home and fell through the floor to the basement. His brother went to check on him Sunday afternoon and found Neil unconscious. He was pronounced dead at the scene.
