## A Storm Of Consequence

## DAVIS MAKES AN IMPACT AT THE ROSE BOWL

Village crews work in darkness and sub zero temperatures as the weekend culminates with a water main break Sunday evening.

On a beautiful New Year's Day 1999 in Pasadena California, the Wisconsin Badgers took on the UCLA Bruins in the Granddaddy of them all - the Rose Bowl. Of the 93,872 football fans in attendance, 2/3 of them were wearing red. The Wisconsin fans weren't disappointed as the underdog Badgers upset the Bruins 38 - 31.

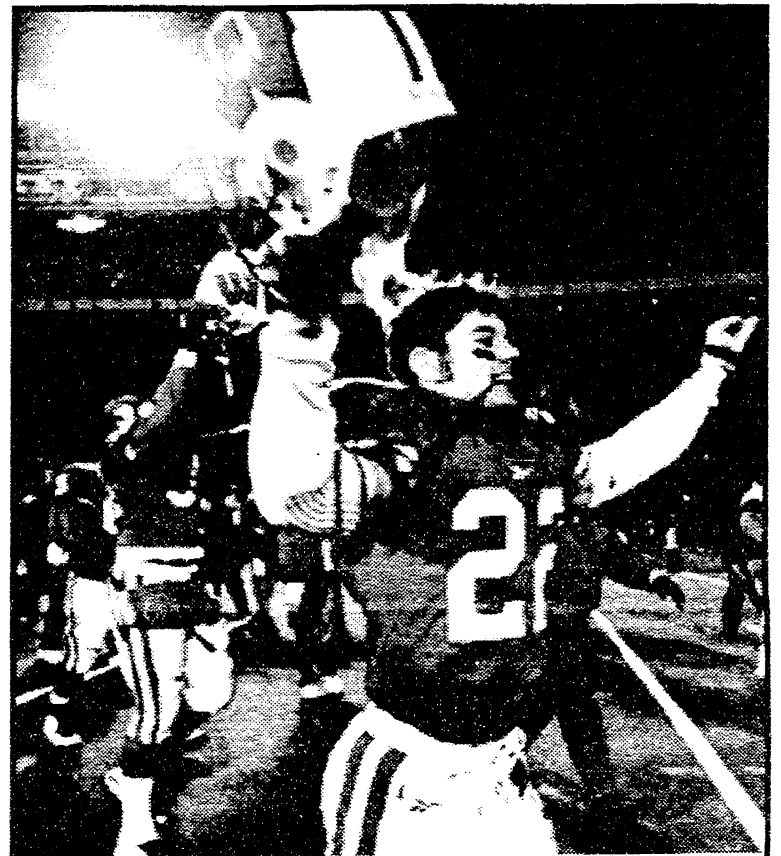

On this day the Badgers offensive line dominated the line of scrimmage with Ron Dayne gaining 246 yards rushing - 1 yard short of the Rose Bowl record. Of course Manchester fans were most interested in the leading receiver of the game - Nick Davis who had 3 receptions for 57 yards.

Nick's first reception of 9 yards came in the second quarter on a key 3rd and seven pass play, which gave Wisconsin a first down and eventually led to a Badger touchdown. Nick's second reception came at the start of the second half when Mike Samuels passed deep to Davis who completed the play for a 35 yard gain. Again, this series would end with the Badgers crossing the goal line for a TD.

Nick's third reception came late in the third quarter on a 3rd down and 9 to go. Samuels again connected with Davis for 14 yards and a first down. This series ended with the Badgers punting.

Nick also had a good kick return in the second quarter running the ball out to the 42 yard line and giving his team good field position.

This game was certainly the perfect ending to a great season by Wisconsin and Nick Davis. Nick's average kick return for the year was 22.6 yards. Nick ended the season with the third highest punt re-

A jubilant Davis celebrates when their Rose Bowl bid is confirmed after their victory over Penn State in November. AP Photo

turn average in the nation, 15.7 yards per return, and this only his freshman year.

The under-rated Big Ten conference went 5 - 0 in bowl game competition for the first time ever. Purdue's upset of Kansas State was perhaps the most surprising. Those naysayers who thought Wis-

consin didn't belong in the Rose Bowl might think twice when they win the Big Ten outright next season. With Ron Dayne returning and Nick with another year's experience under his belt, the Badgers will be a force to contend with.

- Bobby Hayden

The weekend of January 2-3, 1999 may well go down in the local history books as "The Great Storm of 1999." With over a foot of snow falling in 24 hours on Saturday, the community spent Sunday, Monday and even Tuesday digging its way out of the heavily drifted white stuff. Students who were planning to return to school after two weeks of vacation, were given an extra couple of days' reprieve as classes were cancelled on both Monday and Tuesday.

The Village of Manchester faced the snow emergency short one full time employee and with one truck in the shop. Village Manager Jeff Wallace

## Down Memory Lane

### ONE-ROOM SCHOOLS - IN THE NICHE OF TIME

- Howard Parr

*In this first of two parts, local historian Howard Parr shares a program he presented to the Manchester Area Historical Society about one-room school houses.*

My presentation should be different from other attempts to talk about the one-room school. Many efforts concentrate on the way such schools operated (classes, grade levels, family-type atmosphere, special teachers, nostalgia, etc.) All these aspects of the institution are important and those experiencing the one-room school justifiably look back with pride and fond memories on their days in the one-room school they knew—and well they should. Tonight I plan to concentrate on how the one-room school developed in the Northwest Territory—that is, the territory north and west of the Ohio River, which as we know includes Michigan.

The one-room school as we know it in this area didn't just happen. In part, it came about as a result of events forced upon us because we won the battles of the American Revolution, received territory from England at the Peace Treaty ending the war, and continued to use our new Continental Congress to deal with national issues for the first time on our own. Progress in the development of our new nation and its resources also affected what happened in this part of the country—most notably completion of the Erie Canal (1825) and the beginnings of steam powered ships on rivers, canals and lakes in the interior of the new nation.

Prior to control by the Continental Congress after the war, this territory had been managed by the State of Virginia. Though this task quickly proved to be more than one state could handle, the brief period allowed Virginia to claim ownership of this part of the country. Technically this was true, but only until Virginia ceded the territory to the central government and the Continental Congress undertook its development in the early 1780's.

The Continental Congress and the national organization it represented had lots of problems itself, most notably with fiscal management. But in the area of development of new territories it did a superb job. Two ordinances were passed which set the basic framework for development of new territories in the United States. Land was to be surveyed

prior to occupation by a large number of immigrants. Procedures were established for the development of the political structure of the area as it moved toward eventual statehood and equality with existing states.

The Ordinance of 1785 directed the survey of the new territory. This practice was to be continued with all other new territories which were added to our nation. For our part of the nation it set the basis for the first schools as we know them.

The Ordinance established "congressional" townships to be laid out regularly as follows: (some were not laid out that way, but most were)

1. Land to be surveyed into one mile squares known as sections. Each contained 640 acres.

2. The local unit for government (township) when population warranted was to contain 36 sections. Sections were to be numbered sequentially beginning in the northeast corner of each township in such a way as to make the township six miles square. The section numbers proceeded along the first row westerly to six, then dropped down for number 7 to be on the west limit of the Township and came back until section 12 was under section number one and continued in the same manner until all 36 sections were in place.

3. In each Township sections 8, 11, 26 & 29 were reserved for the United States and section 16 was reserved for the maintenance of public schools within the township. Reservation of 1/36th of the land to support public schools indicates the high concern of the founders for education.

The Ordinance of 1787 set up provisions to govern the property as a territory with steps toward units of local government and statehood conditioned on numbers of residents and freeholders (free, male landholders). It also reinforced the importance of education with the words included in its well-known Article III:

"Religion, morality and knowledge, being necessary to good government and the happiness of mankind, schools and the means of education shall forever be encouraged." These words are in the primer for educational history here and are cut into the sandstone above the pillars at the entrance of Angell Hall

A local one-room School house, circa 1910

on the University of Michigan campus in Ann Arbor. They are in many other places, too.

Such noble-sounding ideals for education in this Ordinance might be surprising if they weren't joined by others such as religious freedom, the right of habeas corpus, trial by jury, proportional representation in the legislature, common law judicial procedures, property rights, ob-

ligation of contracts and freedom from slavery, though the latter was limited by clauses assuring rights of slave holders to reclaim their property in the territory. This comprehensive list of basic rights restates beliefs and ideals fought for during our Revolution and stated so eloquently by Jefferson in the Declaration of Independence. The same basic rights come together again in our present constitution and its subsequent Bill of Rights (first 10 amendments).

The Ordinances of 1785 and 1787 applied to an area which eventually developed into the states of Michigan, Ohio, In-

diana, Illinois, Wisconsin and part Minnesota. However, here I want to single out Michigan and refer to what happened here, particularly as it affected our one-room schools.

Michigan developed considerably differently from the nearby states of Ohio, Indiana and Illinois. These three states bordered the Ohio River and areas south of there settled earlier. Settlement of these states occurred earlier and more gradually than it did in Michigan.

## Out & About

Some years ago, weather gurus postulated that low pressure barometric cells (the ones that usually cause storms) tend to follow lower elevations and/or major water courses. The most intense low pressure created storms, supposedly, are near lakes and rivers. If this dubious hypothesis is correct, that might explain why we here in Manchester seem to bear the brunt of the local area storms. At any rate the storm that struck our area over the week end appeared more intense than in Chelsea.

downs occur, and at the most inopportune time. Shortly into the snow removal operation, equipment break downs threatened to close all of our streets. Jeff Wallace, Village Manager, was able to acquire the assistance of Davis Excavating. Fortunately Jay Davis was available with equipment and manpower to help out with the snow removal operations. During the midst of the snow emergency a water main broke and that was repaired.

All this brings me to the point that we are very fortunate to have some very caring individuals in our community. Manchester's DPW personnel were out on the roads clearing snow not long after it started. (Our Village President, Jeff Schaffer, was observed driving a truck). Inevitably break-

We complain, at times, of living in a small town with limited resources. However; we are blessed to have hard working Village employees, Village administrators and people like Jay Davis. Many others in the community have helped, both now and in the past. Thanks One and All.

## Out of the Pen

- by garlene

garlene must confess that she loves the snow. She enjoys putting on her little pig galoshes and her winter hat that makes the piglets laugh at her, and going outside to play.

Since the snowfall we experienced last Saturday hasn't been duplicated in recent memory, garlene and the piglets have been enjoying the so-called blizzard conditions.

When she was growing up, garlene's favorite book was *The Long Winter* by Laura Ingalls Wilder. Reading this book, garlene could always curl up in a big chair with a blanket and feel cozy and warm. She wondered what it would be like to be in a real blizzard such as they experienced in that "long winter" a century before. Laura's descriptions of following the clothesline to the

Reach garlene via e-mail at <garlene@juno.com>.

barn and opening the door to find a wall of snow were so vivid that it could be 95° outside and garlene could still feel like a blizzard was raging around her.

And so it was that garlene had to pull out that book this weekend past, and "experience" that blizzard feeling once again.

She could feel grateful to be in a warm and (mostly) draft-free home. She could feel grateful to have her family gathered around her on a snowy evening. Plenty of food to eat and nice warm clothes to wear were more of the blessings she could count as she thought about it.

She could also feel happy to live in a village where everyone chipped in and made it possible

to get around in pretty short order. It was pretty amazing on Saturday evening before the blizzard conditions even stopped, to see trucks and backhoes out, clearing off the main streets so that traffic could get through town.

Remembering the last big snow (she thinks it was in 1978) she recalls that the piles at the four-way stop at Main Street and M-52 were there for what seemed like weeks. People took to putting orange flags on their auto antennas so that they could be seen at an intersection. By Monday, when people had to drive around, there were no large piles left along the streets.

Yes, there are still many piles of snow around - and there are likely to be some for quite a while to come. And garlene may yet be seen sliding down some of those piles, laughing all the way.

*What fun it is to ride and sing a sleighing song tonight!*

## MANCHESTER BEAT

### Quote of the Week:

*Opportunity does not knock, it presents itself

— Kyle Chandler

I would like to take this opportunity to thank all those who were out in the blizzard this past week making the roads safe for travel. Some of Manchester's finest pitched in to help and I salute them. And thanks to the two gentlemen who pushed my patrol car out of the snow bank!

### Internet Safety for Parents

- *What are signs that your child might be at risk on-line?-*

❖ **Your child spends large amounts of time on-line, especially at night.** Most children who fall victim to computer sex offenders spend large amounts of time on line, particularly in chat rooms. Children on line are at the greatest risk during the evening hours.

❖ **You find pornography on you child's computer.** Pornography is often used in the sexual victimization of children. Parents should be conscious of the fact that a child may hide the pornographic files on diskettes from them.

❖ **Your child receives phone calls from men you don't know or is making calls, sometimes long distance, to numbers you don't recognize.** While a child may be hesitant to give out his/her home phone number, the offender will give out theirs.

❖ **Your child receives mail, gifts, or packages from someone you don't know.**

❖ **Your child turns the computer monitor off or quickly changes the screen on the monitor when you come into the room.**

❖ **Your child becomes withdrawn from the family.** Offenders will work very hard at driving a wedge between a child and their family or at exploiting their relationship. They will accentuate any minor problems at home that the child might have. Children may also become withdrawn after sexual victimization.

❖ **Your child is using an on-line account belonging to someone else.** Even if you don't subscribe to an on-line service or an Internet service, your child may meet an offender while on-line at a friend's house or the library.

December 14, 1998

A special Land Use Permit was approved for a temporary dwelling at 12646 Wallace Road for Vincent LaGosh. The permit was issued subject to meeting of all conditions.

A Public Hearing was held on a request by Adrian Sand & Stone, Inc. to expand mining operations to adjoining property. Several Township residents stated concerns regarding, dust, mud and noise from the Bartlett Road haul route, and lack of progress in converting the route to a hard surface road. Other concerns related to noise from mining operations, screening and berming around the gravel pit. Consideration of the permit request was laid over until the January meeting.

The next regular meeting is January 11, 1999 at 7:30 PM.

Wade Peacock  
Secretary.

# Snowed In! A Storm of Consequence

*continued from front page*

and Village President Jeff Schaffer conferred with Jay Davis of Davis Excavating about 8:00 PM on Saturday, when it was evident that the snow would continue falling for several hours. Jay indicated he could have men and trucks on the scene in 20 minutes - and he was as good as his word. By 8:30 PM there were three men and equipment on the scene, who worked until midnight. At 8:00 Sunday morning, eight men, four trucks and four backhoes were back on the streets, in addition to the available Village crews and volunteer workers including Mayor Schaffer, clearing snow from the main traffic routes in the village. The last few village streets were cleared about 3:30 PM on Sunday afternoon.

Then the unthinkable happened. "We had about ten minutes of plowing left, down in the vicinity of Granger and Furnace Streets," commented Schaffer. "And then Gary (Wiedmayer) and I noticed a water main break on Furnace Street." Three DPW workers, Wallace and Schaffer immedi-

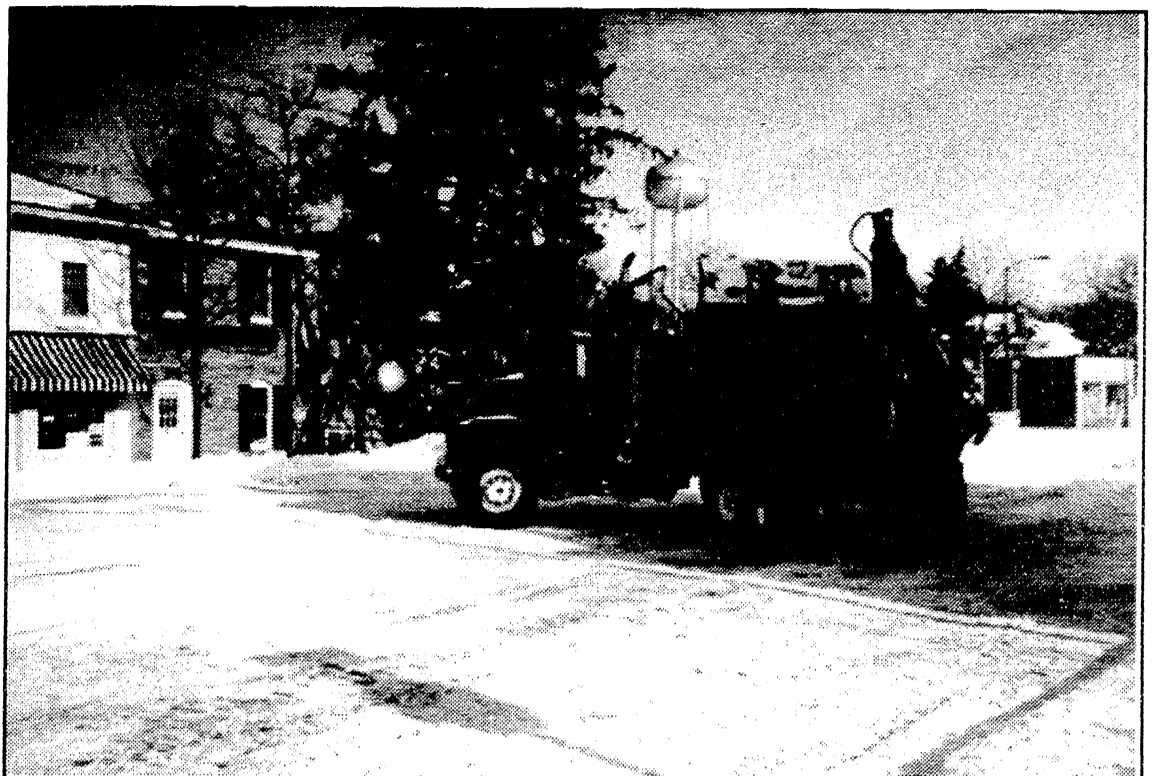

ately began to work on the break, and spent another eight hours in the frigid winter wind, making the needed repairs.

When all was said and done at 12:30 AM Monday, the crews went home for a few hours of well deserved rest before returning to work on Monday to continue the clean up efforts downtown.

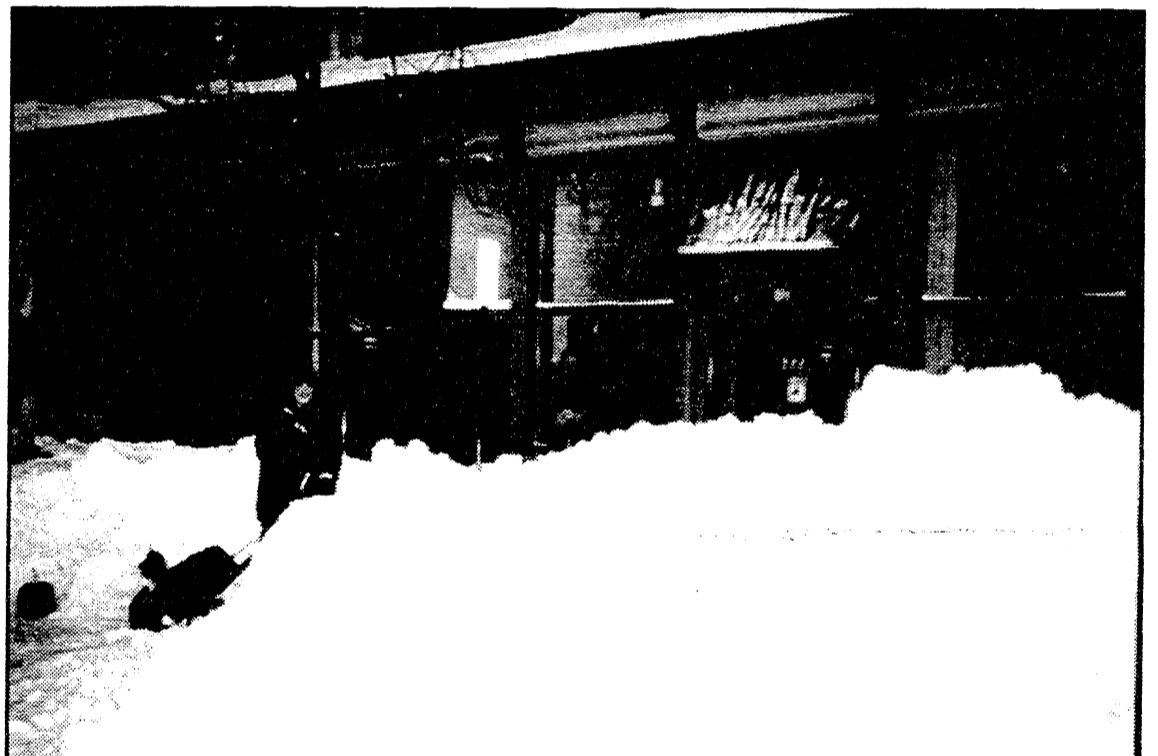

The downtown sidewalks were cleared by Davis Excavating and John Schaible, to avoid having snow pushed onto the curbs and to keep everything clear. The snow moved from downtown is in "miles of piles" down behind the Davis Excavating yard on Territorial Street.

"We are very grateful to Jay and his crews for their excellent help," commented Schaffer. "Without their equipment and manpower, there is no way we could have had even Main Street cleared by Monday morning, not to mention the rest of the village streets." It's great to have good neighbors to help out in a crisis.

-MJC

*The village was fortunate to be able to call in "reinforcements" in the form of Davis Excavating, who helped out with both man hours and equipment*

*Digging Out: Downtown landlord John Hinkley and daughter Annie were kept busy trying to find a place to put all that snow!*

# Snowed In!

If you didn't have to go anywhere this weekend, you could consider yourself fortunate. Many just stayed home and watched the snow accumulate while they looked out the windows. Winter's beauty and fierceness were never more evident than during Saturday's storm.

Bread, Milk & Eggs were among the first casualties at the Manchester Market, who had one of their busiest days ever on Saturday!

## American Legion Auxiliary Unit # 117

The American Legion Auxiliary met on December 9 for their annual Christmas potluck dinner and meeting. 38 members and guests attended.

The Auxiliary was honored to have Phyllis Duncan, District President, as one of our guests. Ms. Duncan talked about her special project - the homeless veteran.

Committee reports were given. It was noted that over 1000 pairs of slippers have been made and sent to the Ann Arbor Veteran's Hospital. Many thanks to our volunteers, both members and non-members, who have worked so diligently on this project.

The December committee, consisting of Vivian Middlemiss, Mary Smith, Della Widmayer, and Joyce Scott did a wonderful job planning this evening. Committee for January consists of Marilyn LaRock, Gerry Mulrenin, and Marlene Lentz. The meeting will be at the Legion House on January 13, 1999, at 7:30 PM. Please attend.

## Wedding Bells

James Brian Carey and DeAnna Lyn Whitaker were united in marriage in a November 7, 1998 ceremony held at Dexter Gospel Church with Pastor Tom O'Dell officiating.

Parents of the couple are Gary and Patricia Northrup of Ypsilanti and Lloyd and Jane Carey of Dexter.

Honor Attendants were Rory Kaiser of Livonia and Brenda Olinger of Tecumseh. Ushers were Mike Heller and Ted Clark of Dexter. Hunter Alan Spiess served as ring bearer and Chelsey and Alexis Northrup were flower girls.

Following a reception held at the Dexter Knights of Columbus hall, the couple honeymooned on a cruise in the southern Caribbean. They currently reside in Ypsilanti.

We received a copy of The Farmland News of October 27, 1998 which had a feature section on Stryker, Ohio. The article refers to Springfield Township as being ranked as one of the leading agricultural townships in the U.S. Congress's publication "Statistics of the United States of America". The village of Stryker was laid out in 1853 along the proposed route of the Michigan Southern and Northern Indiana RR, whose parent company was the Lake Shore & Michigan Southern RR.

Many men from Springfield Township and the village of Stryker volunteered for military service in the Union Army during the Civil War. And one of them...Private William Knight... was awarded the newly created Congressional Medal of Honor. His name will forever be linked with the Andrews Raid, one of the most heroic exploits of the Civil War. Kentuckian James Andrews was a secret agent for the Union Army. His plan was to infiltrate into the heart of the Confederacy, steal a train at Big Shanty, Georgia and run it north on the Western Atlantic RR to Chattanooga. What followed has been told and retold many times. With Andrews and another civilian... William Campbell... were 22 men from the 2nd, 21st and 33rd Ohio Volunteer Infantry companies. 20 boarded a northbound train pulling three boxcars followed by two coaches. The train, pulled by a locomotive called The General, stopped at Big Shanty at 6 AM on a rainy April 12th, 1862. A 20 minute breakfast stop was taken by both passengers and crew at the Lacy Hotel. Andrews and Knight walked to the front of the train to make certain the track was clear.

Then Knight uncoupled the two Coaches and Andrews' men scrambled aboard the rear boxcar. Andrews, Knight and two other men boarded the engine, with Knight serving as engineer. The great locomotive chase was on and ended 87 miles later, just south of the Tennessee line near Graysville,

Georgia. Rainy weather had foiled their attempt to burn the railroad bridges behind them. When they ran out of fuel, it was every man for himself as they tried to reach the safety of the Union lines on foot. The raiders were captured and eight, including Andrews, were hanged. William Knight and seven others escaped from prison on October 16th, 1862 and the rest were paroled on March, 17th, 1863. William Knight died at his home in Stryker on September 26th, 1916.

Now, on to our news...**NOT LISTED ON OUR CALENDAR!** On **Wednesday, January 13th**, we will be going to the Adrian Theatre to see "The Prince of Egypt", an animated musical/drama. This biblical story of Moses is told through this animated feature. Bus will start pickup at 3:30 PM. Cost for movie theatre is \$3.25. We will eat after the movie. They say this movie is "Two Thumbs Up", very good. If you'd like to go along, call Marion Ahrens at 428-7865.

**Thursday, January 7:** All ye January birthday seniors, please attend your party at 12 noon in Emanuel's Fellowship Hall. Get reservations in to either Sharman (ahead) at 428-8359, or to Sue between hours

of 9-11 AM on meal days at 428-7630. Meat Loaf is featured and that's just the beginning! Bingo is played at the Center at 12:30.

**Friday, January 8:** Saline Seniors invite you to their card party and you may go along by calling Marion first and then be picked up by senior bus beginning at 6 PM.

**Monday, January 11:** A new service is being offered Manchester seniors. Our senior bus will be used for you to go for groceries, do your banking or other errands that are necessary. You may call Marion Ahrens and tell her your wish for transportation in this program which is local in origin.

**Tuesday, January 12:** Corned beef and cabbage is on tap for today's senior meal and who doesn't love this dish in the bleak mid-winter (or whatever this is!). Then, play cards at the Center at 12:30.

**Thursday, January 14:** Council meeting begins at 9:30 AM at the Center...come. Work on the March & April Trumpeter calendar begins at 10:30, bring your ideas! A vegetable soup & sandwich dinner will be enjoyed at 12 noon and it sounds filling a la Sue, our cook. She does fill us up. Bingo at 12:30 will also be enjoyed today, come join in.

## Community Ed Makes Big Plans for Winter 1999

Many exciting and enriching classes are planned by Manchester Community Education for this season's offerings.

With the opening of the Manchester Area Fitness Facility, three special classes will be offered to provide a variety of training options. **Strength Training for Women** will be offered in two concurrent sessions on Wednesday evenings from 6:30-8:00 PM. The sessions begin on January 13 and February 24, and cost \$38 per session. **Cardi Sculpt** is a twice-weekly 60-minute workout combining low impact aerobics with steps, resistive tubing and hand weights. The seven-week session begins on Tuesday, January 12. Cost for the class is \$38 or \$4 per drop-in class. (A special savings is offered to those who take both Strength Training and Cardi-Sculpt, at a combined cost of \$53). **Weight Training Workshop** is for 13-year-olds who would like to learn about the benefits and importance of strength training. The one-day workshop, meeting on Saturday, January 16 from 12:00-1:30 PM, will cost \$10 and enable the student to use the fitness center without parental supervision.

**Chair massages** will be available on Thursdays, 10 AM -12 noon, on January 7 and 21, and February 4 and 18. Cost is \$1/minute and sessions can be scheduled by calling the fitness facility at 428-0184.

Classes for students include **Basketball Skills night** for 3rd and 4th grade girls, which meets Thursdays from January 7-February 25 from 5:00-6:00 PM at the Klager Gym. The cost for the 8 weeks of class is just \$20.00. **Cheer America/Pom-Pom Cheerleading** classes will take place on Thursdays from February 11-May 20 from 6:00-7:30 PM in the Klager Gym. The cost is only \$5 per class, and it is open to ages 4-14. **Little Dutch Volleyball** is a new program offered this year, to introduce young players to the exciting game of volleyball. The course will be offered on Saturdays, 6:00-7:30 PM, from January 9-February 27. **Awesome Afterschool Activities** will be held in the Klager Art Room from 3:15-4:30 PM on Mondays, Tuesdays and Wednesdays, starting January 4. For the price of \$20 per class, students can participate in **Jewelry Making** for boys & girls (Mondays); **Crafts: creative constructions** (Tuesdays) or **Simply Snacks** for boys & girls (Wednesdays). Students and parents alike can participate in **Sanchin-Ryu karate** for two concurrent sessions. A non-competitive form of karate, Sanchin-Ryu is offered for Kindergarten-8th graders from 7:00-8:00 PM on Mondays for only \$15 per nine-week session. Women's karate is also offered from 7-8 PM at a cost of \$15 per session. Family karate is two hours, from 7-9 PM and costs \$30 per nine week session.

Adult Classes through Community Ed offer a variety of artistic, athletic, and mind-expanding courses. **Flute Lessons** for all ages are offered at the Middle School Band Room by calling 428-7804. **Mosaic Bird House Class** and **Mosaic Stepping Stones** will be created in the High School Art room in March and April. **Introduction to Emergency Preparedness** will be offered on Tuesday, January 12, for only \$5. The class will be held at the High School room 101, from 7-9 PM. **Adult Co-Ed Volleyball** will meet from 7-10 PM on Tuesdays at the Nellie Ackerson Middle School Gym. Teams must be composed of 6 members and a \$70 per team fee will be charged. For information and start dates, call Dave Limbaugh at 428-8586. Ongoing **Aerobics "Plus"** classes will be held on Tuesdays and Thursdays from 6:30-8:00 PM at the Nellie Ackerson Middle School Cafeteria. The classes are sponsored by the Lenawee County YMCA and taught by local resident Kim Mahrl. For class registration, contact Kim at 517/456-6171. **Beginning Genealogy**, Searching for your Ancestors, will be taught by local resident Carol Schulte, on Tuesday, March 16, from 7-9 PM in the High School room 101, for a cost of \$20.00. This class is for the person who wants to learn more about his or her family tree but doesn't know where to start.

One of Community Ed's enduring and ongoing programs is the **Pre-Kindergarten Class** held at Klager three days per week from 9:00-11:30 AM. The cost is \$70 per month and the class is designed for kindergarten-age children who do not seem quite ready for regular kindergarten.

Registration information arrived in your mailboxes last week, in the Chelsea Community Education brochure. Manchester information is on pages 27-29, including a registration form. If you have questions or need further information, call the Community Ed Voice Mail line at 428-7804. Coordinator Vickie Bolan notes that, "Communication and cooperation will be the key to the success of the Community Education Department." If you would like to see a class offered or would like to instruct a class, please contact Vickie.

# Dutchmen Win Holiday Tournament

Buoyed by the return of Jason Flint and Ben Grenier from injuries, the Flying Dutchmen Boy's Hoop team won the Viking Holiday Classic held at Dundee High School. The tournament was held on Monday, December 28th and Tuesday, December 29. The schools participating were the host, Dundee Vikings, New Boston Huron Chiefs, Whitmore Lake Trojans, and the Dutchmen.

In the first game on Monday night, New Boston Huron beat Whitmore Lake to put them in the finals. The Dutchmen squared off against the Vikings, and it was a very close game until the end. Led by Jason Flint's 20 points and Derrick Hanewald's 17, the Dutchmen defeated Dundee 69-63, to advance to the final game. Jason Schaible added 12 points and 1- rebounds, along with 12 points from Jeff Punches.

On Tuesday, the Dutchmen defeated New Boston Hurons 69-60 in the championship game. Manchester took the lead early on and kept it the entire game. They tried to keep the pace slow and make it into a half court game against the run-happy Chiefs. Coach Matt Seidl's strategy worked.

A three-point basket by Derrick Hanewald at the 3rd quarter buzzer was the biggest play of the game, according to Coach Seidl. It pushed the Dutch lead up to five points going into the fourth quarter. With Jason Flint playing a great floor game, including six assists, the Dutchmen were able to pull through.

Four Dutch players scored in double figures, led by Hanewald with 14 points. Levi Earhardt, Jason Schaible, and Jeff Punches each added 12 points. Punches also added 11 rebounds. Ben Grenier played a great game coming off the bench. The victory brings the Dutchmen record to 4-1.

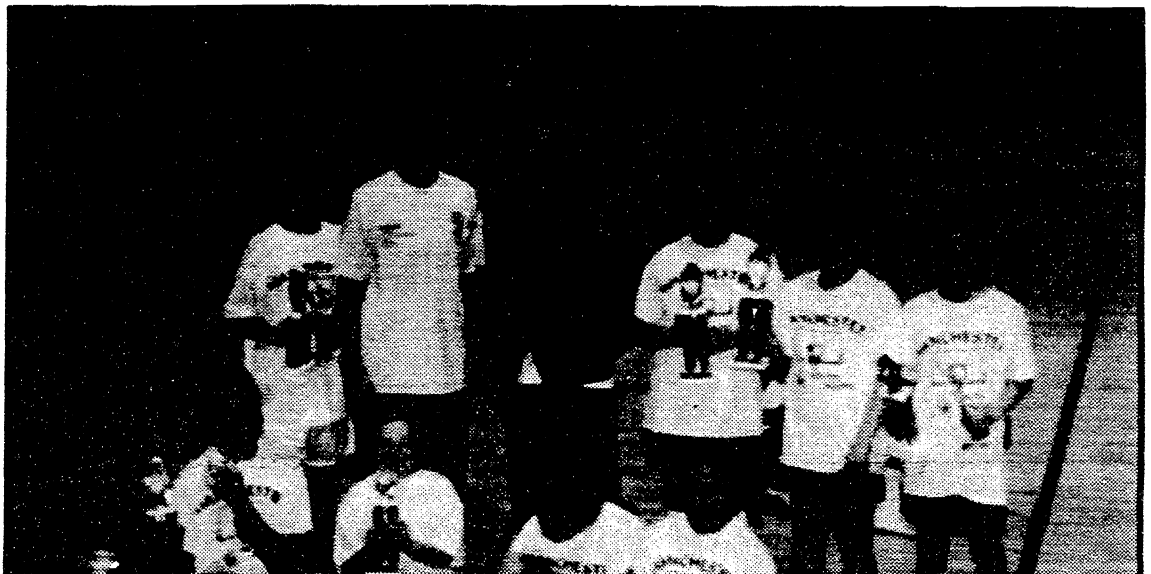

This week the Dutch play Litchfield at home on January 5 and travel to Addison on Friday, January 8th. Come and support your Dutchmen. They are fun and exciting to watch.

## Making New Years Resolutions You Can Keep

*Commitment is the Key to Success*

Like millions of Americans, you may be making New Year's resolutions this season...but will you keep them? You can, says the YMCA of Lenawee County. You can eat less, become more active or quit smoking if you're ready to, with a few tips from the YMCA.

A recent study revealed that only 10% of Americans keep their resolutions for a whole year. This year the YMCA of Lenawee County is offering three solid points to help ensure success:

- Select only three resolutions at most. Staying on track

is more likely when the number is manageable.

- Vary the resolutions, not focusing solely on the body. Remember the importance of nourishing your spirit and mind, as well as your body. For example, volunteer an hour per week, vow to read one book each month, write a letter per week to a friend or family member.

- Line up a support network. Accomplishing your goal can be easier with the support of family, friends, even co-workers. Be sure to tell them how they can help.

The key to success is confidence, says Tim Hilk, Executive Director of the YMCA. Goals are accomplished through a series of small steps. Often the hardest step to take is the first one. Perseverance and commitment to change are the key elements for turning resolutions into reality.

For more information on keeping your family healthy and involved, call the YMCA of Lenawee County at 263-2151. Or visit the YMCA of the USA website at [www.ymca.net](http://www.ymca.net).

## Next Manchester Reading Group Book Discussion

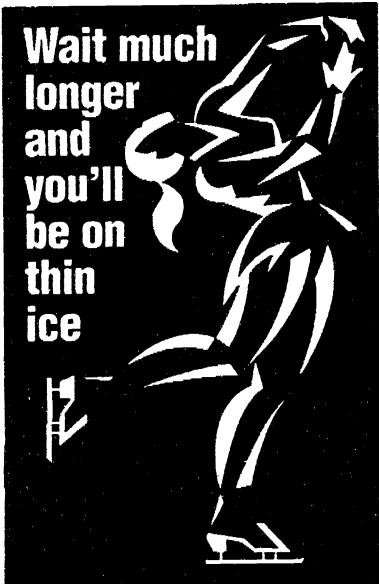

The Friends of the Manchester Township Library Reading Group that took place in December created a lively discussion of the popular best-seller *Divine Secrets of the Ya Ya Sisterhood* by Rebecca Wells. It was an easy read that captured everyone's interest because of the deep humor, heartbreaking anxiety and joy of forgiveness. Dysfunctional families seems to be a popular theme in current books, and although some of the readers didn't enjoy the underlying theme, they did appreciate the author's gift of language and methods of presenting it. An entertaining and deeply moving novel about complex

bonds between mothers and daughter and women in general. Everyone wanted to be part of the Ya Ya Sisterhood!

A need for change with the new year prompted a selection for the book group from the Science Fiction genre. The recommended favorite of several SCI-FI readers helped make the choice, *The Postman* by David Brin. (The mediocre movie that has the same name has no other resemblance to the engrossing novel.) *The Postman* is a powerful tale that portrays the strength of human beings in the face of adversity. A lie becomes powerful truth by rekindling the Spirit

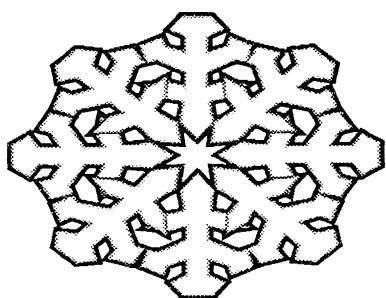

of a nation of the road to recovery. This is a great piece of literature that might change your mind about science fiction if it generally isn't your style.

The Manchester Library has many copies available to its patrons right now. The Friends of the Library, which has coordinated the book discussions, would like them to continue as long as there is interest. You are encouraged to join in the reading group, even if you haven't quite finished the book. The discussion for *The Postman* will be on Wednesday, January 27, at 7 PM. The new location is the Blacksmith Shop on East Main St.
