Geographic Information Services at the MSU Map Library

libguides.lib.msu.edu/gis

Geographic Information Services at the MSU Map Library

Map Library staff provide:

- Assistance with GIS software and GIS Lite applications including QGIS, ArcGIS, CartoDB, and ArcOnline
- Classroom activity planning and instruction
- Finding geospatial data
- Research consultation
- Assistance in map design and map production
- Workshops

Contact us to discuss how the Map Library can support your research and teaching:

Amanda Tickner
GIS Librarian
atickner@msu.edu
517-884-9432

Kasey Wilson
GIS Assistant
wils1301@msu.edu
517-884-0850

Kathleen Weessies
Geosciences Librarian
Head, Map Library
weessie2@msu.edu
517-884-0849

MSU Libraries is not able to assist with large-scale production work. For professional consulting service and production services, please contact **MSU Remote Sensing & GIS** at <http://www.rsgis.msu.edu> or call 517-353-7195.

On the front: Maps made by Jeffrey Evans, 2015. Bathymetry (USGS), street layer (OSM), historic maps (John Farmer 1855 Map of Michigan), elevation (USGS) and more are available in the MSU Map Library.
