

WHERE GREENS ARE MOWN BEFORE 9-30 A.M.

For many years there has been a growing need for the early completion of greens mowing duties to enable golfers to enjoy uninterrupted hours of play throughout the day.

Mr. Bert Fordham, Head Greenkeeper at the beautiful Tandridge Golf Club course, Oxted, Surrey, has successfully overcome this problem with a fleet of six 20 in. "Specials" and in the picture he is depicted with one of them.

Not only are these 4/stroke models fitted with twelve bladed cutting cylinders, specially thin bottom blades and metal front rollers for precision close cutting but the use of the easily attached and detached power-operated disc-type, rubber tyred transport wheels provide a speedy means of travelling from green to green.

Price, complete with Transport wheels, £90 0s. 0d.

Sole manufacturers, Charles H. Pugh Ltd., Atco Works, Tilton Road, Birmingham, 9.

BAREFOOT BOY

When 13-year-old O. J. Price Jr. showed up at the first tee of the recent Tri-State Open in Pittsburgh barefooted and carrying his own clubs, other contestants stared in amazement. This didn't bother the young man, however, nor did he waver when Paul Erath, president of the Tri-State P.G.A. Section, told him, "you can't play without golf shoes".

"Show me something in the Rules that says I can't" young Price replied. Then he belted his first drive 250 yards up the middle.

O. J. didn't win the tournament, but he proved again that the best equipment next to a good pair of golf shoes is a strong pair of bare feet. Legal but tender.

"Golf Digest".
