Ransomes Auto Certes for a cut ABOVE the average

and this is why-

- ★Specially designed for cutting Golf Greens and similar fine turf.
- ★High speed 10-knife cylinder specially hardened for long life giving 106 cuts per yard.
- ★Separate land-roll and cylinder clutches which allow machine

- to continue cutting with land-roll drive disengaged. Drive to the cutting cylinder can be disengaged when the machine is being transported.
- ★Accurately machined front and land-roll to avoid damage to the finest turf.
- ★Powerful 4-stroke engine.
- ★Powered transporting wheels can be fitted instantly.
- ★Adjustable handles.
- ★Up to 2,000 sq. yards cut in 1 hour.
