The British Golf

Greenkeeper

Ransomes 18' Auto Certes for a cut ABOVE the average

and this is why-

- ★ Specially designed for cutting Golf Greens and similar fine turf.
- ★ High speed 10-knife cylinder specially hardened for long life giving 106 cuts per yard.
- ★ Separate land-roll and cylinder clutches which allow machine

- to continue cutting with land-roll drive disengaged. Drive to the cutting cylinder can be disengaged when the machine is being transported.
- ★ Accurately machined front and land-roll to avoid damage to the finest turf.
- ★ Powerful 4-stroke engine.
- ★ Powered transporting wheels can be fitted instantly.
- ★ Adjustable handles.
- ★ Up to 2,000 sq. yards cut in 1 hour.
