

### HON. SECRETARY'S NOTES

Messrs. H. Pattison & Co., Limited have very kindly taken in their Annual Trophy for modernisation and have advised me that five winners names are missing from the Trophy.

I have been able to trace three of these but we are still looking for the winners in 1951 and 1955.

Can anybody help with this information? If so, please let me know as soon as possible.

C. H. DIX

## TOP FRENCH JOB FOR GREENKEEPER DAVID SINGLETON

David Singleton, greenkeeper at Orsett Golf Club for more than six years, leaves this month for his new job in France.

He is becoming head greenkeeper at the Villarceaux Country Club, Chaussy, Nr. Paris, where he will have a staff of sixteen working under him and three golf courses to maintain.

David was short listed for another job in Paris but was just beaten at the finish. He must have made a good impression on the French, however, for he was the first man they approached when the job at Villarceaux became vacant.

His wife, Valerie, their three children, and the dog, will be going with him.

## AN INTERESTING APPLICATION FOR ATCO 20" GARDEN SWEEPER

It is well known that the Garden Sweeper plays an ever important role in and around the garden the whole year through, but here is an application, perhaps not considered before, sweeping up the cores after hollow tining on a bowling green. This application was tried out with great success at the Lillington Bowling Club, sited near Leamington Spa, where they brought into use an Atco 20" Garden Sweeper which would normally be used for leaf

collection and tarmac sweeping around the Club House and car-park.

As can be seen from the photograph the collection is most effective and the great advantage of the Atco high tipping collection basket, suitably lined for this application, enabled the collected material to be tipped straight into a barrow or similar container without double handling.

This application could also be used on Golf Greens or indeed anywhere where a tining operation is being undertaken.

The recommended retail price is £13 5s. 0d.
