

Submerged continued]

- Potamogeton crispus*
(Curled pondweed)
- Potamogeton pectinatus*
(Fennel-leaved pondweed)
- Zanichellia palustris*
(Horned pondweed)

MODERATELY SUSCEPTIBLE

SUBMERGED	EMERGENT	FLOATING
<i>Myriophyllum spicatum</i> (Spiked water-milfoil)	<i>Nasturtium officinale</i> (Water cress)	<i>Lemna gibba</i>
<i>Utricularia vulgaris</i> (Greater bladderwort)	<i>Oenathe spp</i> (Water dropworts)	<i>Potamogeton natans</i> (Broad-leaved pondweed)

Ministry approval currently covers those species in italic

MODERATELY RESISTANT

SUBMERGED	EMERGENT	FLOATING
<i>Potamogeton lucens</i> (Shining pondweed)	<i>Glyceria fluitans</i> (Flote grass)	<i>Nuphar lutes</i> (Yellow water-lily)
	<i>Iris pseudacorus</i>	<i>Nymphaea alba</i> (White water-lily)
	<i>Glyceria maxima</i> (Yellow flag)	<i>Polygonum amphibium</i> (Amphibious bistort)
	<i>Sparganium ramosum</i>	

RESISTANT

SUBMERGED	EMERGENT	FLOATING
	<i>Butomus umbellatus</i> (Flowering rush)	<i>Lanma minor</i> (Duckweed)
	<i>Carex spp</i> (Sedges)	
	<i>Juncus spp</i> (Rushes)	
	<i>Phalaris arundinacea</i> (Reed grass)	
	<i>Phragmites communis</i> (Reed)	
	<i>Typha spp</i> (Reedmace)	

Ministry approval currently covers those species in italic

TRADE NEWS

THE JACOBSEN TURF KING

King of the Professional Ride-On Mowers and the best of all for close work is the claim made by Rolfe's Mini-tractors Limited for the Jacobsen Turf King they are now importing from America.

The easy-riding, well-balanced Turf King is said to be the finest machine of its type available today. Its versatility and smooth cutting ability are the result of years of research and testing under a variety of grass-cutting conditions to allow the operator to do much of the close work and trimming usually done with a walking mower.

The three power-driven mower units are fully articulated to follow uneven ground contours and will put a fine, smooth finish on up to 20 acres per eight-hour day, with the facility to be

re-lapped that evening by a lapping device fitted as standard equipment.

The Turf King's cutting widths are 76 or 84 inches with height adjustments by micrometer screws. The machine can take rugged use and has variable forward speeds plus reverse, flexible side units will overhang traps and flower beds without scalping, and the Turf King can move between jobs at up to 5½ miles per hour. Its fuel tank has a two gallon capacity to feed its 12 h.p. engine with optional electric start.

The Jacobsen Turf King is just one of the range of professional turf care machines from Jacobsen, probably world leaders in this field, all of which are immediately available for demonstration anywhere in the country from Rolfe's Mini-tractors, Winchester Hill, Romsey, Hants.
