

## TRADE NEWS

The Easthampsted and Wokingham Joint Golf Course Committee have recently placed a contract with the Golf Course Construction Division of VEB Limited for the construction of an 18-hole golf course at a figure understood to be in the region of £75,000. Work is due to start immediately and this municipal course, which is designed by the well-known golf course architect, Mr W. Hawtree, will provide a much needed golfing facility for those who live in the area.

★ ★ ★

The directors of VEB Limited wish to announce that as from the 1st April 1971, Fraser Middleton, the manager of their Golf Course Construction Division, has been appointed to the board as an executive director, with special responsibility for golf course construction.

The company, at present, is active in this field and has internationally eight courses under construction. They fore-

see increasing growth in this field and have organised the company's administration accordingly.

Sisis Equipment (Macclesfield) Ltd., with co-operation from Messrs. G. D. Mountfield Ltd., have developed a special attachment bracket to enable Sisis Aeromain implements to be used with Wheel Horse Tractors. This special bracket will cost £7.00.

By this means the standard Sisis manual linkage can be mounted at the rear of the tractor and all the well proven Sisis implements thus used, for aerating, scarifying, tilthing, brushing, rolling, luting, spreading, etc., on both turf and hard porous pitches.

(contd. from p. 19)

London and the Home Counties is a Contract Service Scheme, already successfully operated from Watford.

The scheme, announced by the Institutional Division of Flymo Limited of Watford, provides a servicing operation during the peak grass-cutting period from March to September with monthly visits.

The scheme enables Institutional users to get continuous performance with minimum maintenance costs from their Toro and other equipment available through Flymo Institutional Division.

It will also help prevent breakdowns and unnecessary expense of spares replacements by providing operators and maintenance staff with greater knowledge of their equipment and correct methods of operation.

The scheme is designed to include 1½ hours' work during each monthly visit. If a machine is properly operated, adjusted and maintained to make the

total work allocation unnecessary, allowance is made for time not taken up which can be credited towards renewal of the contract for the following season.

Full details of the scheme can be obtained from the Institutional Division at Watford.

A record number of 27 members attended the A.G.M. held at Saltford Golf Club on the 23rd March.

Last year's Minutes and Balance Sheet were read and approved. The committee appointed for the coming year was as follows: R. Gates, chairman; L. Millar, I. Scoones, W. Light, J. Torrance and S. Baber.

Our president, Mr J. Ireland, has very generously donated two silver tankards to be played for as a foursomes prize. A knock-out competition was first suggested but finally, on account of difficulty in travelling, it was agreed to make the competition an 18-hole greensome/foursome competition and the venue being Clevedon Golf Club on the 19th May.

The Annual Summer Tournament is being held at Worlebury Golf Club on the 8th July. Conditions for the tournament will be the same as those applied last year.

The meeting closed with a vote of thanks to our president and Saltford Golf Club.

Congratulations to R. Gates on becoming section chairman for the coming year.

It is good to see the new head greenkeepers from Warminster and Weston-Super-Mare golf clubs again members of the Section.
