

NEW AERATOR FOR FINE TURF
makes 1,600 holes per minute

The new Sisis Autocrat is the ideal aerator for all fine turf areas — golf greens, bowling greens, etc.

The Autocrat gives fast coverage because of its great manoeuvrability (turns in its own length), its 3ft. width and its speed of operation. Spiking can continue when turning at the end of a swath. *A 600 sq. yd. golf green can be tined in 30 minutes and an average bowling green in 1½ hours.*

All controls are accessible from the operating position behind the machine and a self-release control level is fitted for maximum safety. Depth adjustment up to 4 ins. is quick and simple without tools. There is a separate control for disengagement of the drive to the tines and quick transfer to the transport position without tools.

Standard Sisis Auto-Turfman tines can be fitted giving the choice of slit tining, solid tining or hollow coring.
