Food for thought

Dan Maples has passed along the following information for your review:

1. President of the largest steel company.
2. President of the largest gas company.
3. President of the New York Stock Exchange.
4. Greatest Wheat Speculator.
5. Great Bear of Wall Street.
6. Head of the world's largest monopoly.
7. President of the Bank of International Settlement.

These certainly should be considered the world's most successful men. At least, they found the secret of making money. Now, some 50 years later, where are these men ?

1. The president of the largest steel company, Charles Schwab, died a pauper.
2. The president of the largest gas company, Howard Hopson, is now insane.
3. The president of the New York Stock Exchange, Richard Whitney, was released to die at home.
4. The greatest wheat speculator, Arthur Gooton, died abroad insolvent.
5. The greatest bear on Wall Street, Gesace Rivermore, died a suicide.
6. The head of the world's largest monopoly, Ivan Krueger, the Match King, died a suicide.
7. The president of the Bank of International Settlement shot himself.

The same year, 1923, the winner of the most important golf championships, Gene Sarazen, won the U.S. Open and the P.G.A. Tournament. Today, he is still playing an excellent game of golf and is solvent.

Conclusion: **Stop worrying about business and go play golf.**
